Activists Battle Poachers

Above: Jousting for mating dominance, bucks lure Parkway poachers. Right: Signs at the Effie Yeaw Nature Center alert visitors to poaching activity.

Story and photos by Susan Maxwell Skinner

SACRAMENTO REGION, CA (MPG) - In league with Fish and Wildlife Department officers, nature activists have launched a campaign against poaching American River Parkway deer. Although all wildlife is protected and weapons are forbidden in the 26-mile sanctuary, the winter deer breeding season is game-on for illegal hunters.

Deer thrive in concentration in preserves; males live longer and become trophy specimens. When breeding urges divert them, bucks with big racks are unwary targets. The rutting season is now in full swing and though it's hard to prove illegal hunting is increasing, nature-lovers are appalled that it happens at all. Note: The parkway's large homeless

population is not held to blame. Villains carry high-tech weapons and cruise quietly into deer territory by night.

"Poachers are opportunists," explains California Department Fish and Wildlife Department Lieutenant Alan Gregory. "Our Parkway provides opportunity. It's accessible from so many points by foot and vehicle. Some hunters kill for the antlers—that's an ego thing—some want meat. Either way, poaching is unacceptable."

The Game Warden assists an action group spearheaded by Sacramento nature lover Tim McGinn. A retired builder, McGinn has organized

volunteers to post signs, distribute fliers and alert trail users to watch for illegal activity. Hearing gunshots; seeing wounded animals—all should be reported, says McGinn. Daylight

Vaccine Ambassador Program Launched

Sacramento County Public Health Press Release

SACRAMENTO COUNTY, (MPG) - Sacramento County Public Health, in partnership with Sierra Health Foundation and Community Based Organization partners (also known as Sac Collab) has launched a community Vaccine Ambassador Program to help communities increase vaccine confidence and increase vaccination rates.

The Vaccine Ambassador Program seeks to address the conditions that affect the health, well-being, and quality of life of under-resourced communities for an equitable and healthier Sacramento. As trusted messengers in their communities, the Ambassadors provide culturally relevant COVID-19 vaccine outreach, communication, information, and community events to support these efforts. Ambassadors are people who live in the communities that they serve and who provide peer support and can share real-world experience and personal reasons for getting the vaccine to inform others.

First formed in June 2020 as a countywide initiative, the Sac Collab supports neighborhoods that data indicates are experiencing the most devastating consequences of COVID-19. The Sac Collab created an infrastructure designed to invest in localized capacity building by training and hiring community members through our partnerships with community-based organizations. Through Sac Collab, we have provided Community Case Investigators, Contract Tracers, Resource Coordinators, Business Navigators, and most recently, Vaccine Ambassadors to support Sacramento County residents. Each partnering organization has a unique historical and cultural knowledge of the community it serves, allowing them to meaningfully connect with and provide support to fellow residents impacted by COVID-19.

Community Based Organizations, Faith-Based Organizations and other agencies can request Vaccine Ambassadors for events and activities such as vaccine clinics, health fairs, family events, holiday events, food distribution, etc.

To request Ambassador support for an event visit Sac Collab Vaccine Ambassador Program Request Form Survey (surveymonkey.com) and fill out the support request survey. ★

DAR Press Release

SACRAMENTO, CA (MPG) - On December 21, 2021, the Sacramento Chapter Daughters of the American Revolution (DAR), presented 4Paws2Freedom with a donation to acquire shelter and rescue dogs to train as service dogs for Sacramento area veterans experiencing PTSD. This gift is the second of three to the Sacramento region, celebrating the Chapter's centennial anniversary. The first gift funded two Sacramento City College nursing scholarships.

Sacramento-area veterans disabled by PTSD are eligible to apply to participate in 4Paws2Freedom's program which, if accepted, includes free training with a matched dog.

"The Sacramento Chapter is delighted to help local veterans achieve greater independence and healing through being matched and trained with a service dog. Service to Veterans is a significant component of how DAR expresses Patriotism -- for us a non-political action word and one DAR's three, overarching pillars," said Janet Fulton, Sacramento Chapter DAR Regent. "Most of us have immediate family members who served and some of us are ourselves veterans."

If you are interested in learning more about DAR membership, visit <https://sacto.californiadar.org/> or contact corresponding@sacto.californiadar.org. If you would like more information about 4Paws2Freedom, visit

CHP Valley Division Cracks Down on Highway Violence

California Highway Patrol Press Release

SACRAMENTO, CA (MPG) - The California Highway Patrol's (CHP) Valley Division Investigative Services Unit (ISU) has made seven arrests related to eight incidents occurring from November 2, 2021, to December 5, 2021. These incidents have involved road rage, as well as other criminal activity within Sacramento and San Joaquin counties.

These incidents resulted in five gunshot victims, one of which was paralyzed, and another tragically lost their life. Investigators do not believe any of the shootings are related and have determined three of the shootings to be the result of road rage incidents and two incidents were related to criminal drug activity. The remaining shootings are currently under investigation.

The CHP is asking the public to refrain

from engaging in road rage type incidents, which includes verbal, visual, and/or physical confrontations. Never get involved or engage with an aggressive driver, and if you feel you are a victim of highway violence, or observe someone being actively aggressive on the road, immediately call 9-1-1 and provide as much information as possible.

Members of our communities often witness incidents of highway violence, and CHP investigators are asking witnesses to report any unsafe or unusual behaviors they observe. Investigators have determined that even in broad daylight on freeways, uninvolved civilians may witness a crime in progress and may be able to provide valuable information to help with the investigation.

Anyone with information regarding any of these incidents is asked to please contact the CHP Valley Division Investigative Services Unit at (916) 731-6400. ★

SacTax President W. Bruce Lee Wins a Third Term

Sacramento Taxpayers Association Press Release

SACRAMENTO, CA (MPG) - At their December meeting, the Board of Directors of the Sacramento Taxpayers Association (SacTax) unanimously voted to elect W. Bruce Lee as President for a third term. Last year Bruce valiantly led SacTax to defeat measures to increase taxes that would have contributed to the taxpayers' burden as California faces some of the highest taxes in the nation. Sacramento County's Measure A – a half cent, 40-year sales tax increase; the City of Citrus Height's Measure M – the one-cent sales tax increase with no sunset provision; state Proposition 15 – the split roll property tax; and Sacramento County's COVID-19 health ordinance which would have fined businesses up to \$10,000 per incident were all defeated or withdrawn, marking huge wins for SacTax.

Also, earlier this year, Bruce received the prestigious Howard Jarvis 2020 Tax Fighter of the Year award, which honors an individual or group that demonstrates a dedication to protecting California taxpayers. "Bruce is leading by example and helping taxpayers realize their voices and participation can make a difference and I'm so proud to be partnered with him," said SacTax Executive Director, Jack Frost.

During his career, Bruce has twice held elected office as Mayor of Loomis, California and has served as a fiscal advisor at the local, state, and federal levels of government. He currently authors bi-weekly articles titled "We the Government" which is locally syndicated by the Messenger Publishing Group. Bruce is an international speaker and educator on good government, and through his involvement with SacTax, Bruce continuously strives to promote fair and efficient governance. ★

Firefighting is Lifesaving

Sac Region's Fire Trove Harkens Back to 1850s

By Michele Townsend

SACRAMENTO REGION, CA (MPG) - The Sacramento Regional Fire Museum has been in West Sacramento for the last three years. Located at 3650 Industrial Blvd., the items in this museum hold firefighting history from the Sacramento Valley—from Fairfield, Dixon, Davis, Yuba City, Citrus Heights, Sacramento, Auburn and other parts of the valley. Pioneer Mutual Hook and Ladder Society was established in 1990 with the intent of building this museum in honor of the Mutual Hook and Ladder Company, which was the first organized Sacramento Fire Company and was formed in 1850.

Their Mission Statements reads, "The Pioneer Mutual Hook and Ladder Society/Sacramento Regional Fire Museum is dedicated to the preservation of fire service history in the Sacramento Region by collecting, restoring significant artifacts, documents, equipment and other pieces for preservation and display, and providing education to the public on fire safety and the fire service in general, by conducting educational programs of its own or partnering with other fire service organizations."

The fire museum contains a hand pulled hose reel and hose cart from the late 1800s. In addition, it holds a 1912 horse drawn ladder unit that was used for service in Sacramento. If you like old cars and trucks, you will love this museum. Not only do they have the vehicles, they have the history of that vehicle.

In 1909 Fairfield purchased a gasoline powered 350 gallon per minute pumper. The actual vehicle was horse drawn, but it had a very rare gasoline powered pump that pumped the water with a Waterous rotary gear pump. Waterous still manufactures fire pumps to this day. This was Fairfield's primary piece of fire equipment and its service area was Dixon.

Just a few of the vehicles go on to include a 1914 Tractor unit from Dixon, a 1915 vehicle from Winters, a 1921

pumper and a 1924 pumper that was Sacramento's former Chemical Engine #2. They have West Sacramento's original fire engine from 1946. The vehicles alone are an amazing collection. Further, it includes vehicles from the 1920s, 1930s, 1940s and 1950s. It holds Hook and Ladder Trucks, Pumps and Chemical Wagons. There is even a 1953 Ambulance. The only place I've seen an ambulance that looks like the one in the museum was cartoons, so I found it interesting.

I have only named a few of the vehicles that are included on the site and though the shiny red vehicles are what strikes you when you first walk into the museum, vehicles are not the only items. A wide range of equipment is also included in the museum, like identification, signaling lanterns. In the 1830's these lanterns were Kerosene powered. Each colored light had a different meaning.

Some other equipment includes trumpets that were used for the Fire Chief to

shout orders on the ground at the scene of a fire. There are leather buckets that were used to carry water by hand. There are old metal buckets that eventually replaced the leather ones. There is also the evolution of fire extinguishers.

Originally for fire extinguishers, there were Carbon Tetrachloride Grenades for putting out small fires. These were a small, colored, glass ball or bulb, about the size of a large orange, that were filled with a non-flammable Carbon Tet. They were generally resting in a wire hoop and attached to the wall, near the door. When a fire broke out, the grenade was thrown at the base of the fire, the glass would break, and the Carbon Tet would evaporate very quickly and extinguish the fire. These were eventually found to have toxic vapors and have been banned since the 1940's.

There are many types of extinguishers, hydrants, nozzles, hoses, lights, hooks, tools, cables, gas masks, horns, hats, badges, and bells. It's really quite

amazing... and impressive that they have been able to collect these items. They even have a "Life Net". A Life Net is that big round device that fire fighters would hold so that people could jump out of high-rise fires. It was invented by a civil war veteran, named Thomas F. Bowder. Originally he called it "Bowder Life Saving Machine". The life net became obsolete in the 1980s.

Within the museum there are areas that are set up to look like the typical firefighter's dorm as well as the command center. Do you remember when there used to be those red and white "Fire boxes" around town that would activate a fire alarm, dispatching the Fire Department? Well, this museum not only includes those fire boxes, but it includes Sacramento's emergency system... in working order.

This actual system was used until the 1990s. It is amazing, and not at all what I would expect. Though I don't know what I would have expected, I can promise you that it wasn't this! Each section has bells at the top and each section was from a specific area of town. When a handle was pulled in a fire box an alarm would go off in that section of the emergency system, which would send a message on a tickertape. They would take that information and go to a giant "Rolodex" where they would look up the address of the alarm location. The alarm system is the only one that they know of on the West Coast.

The museum costs \$10 for adults with discounts for Seniors and \$5 for kids 12 and under. You can also rent the museum to hold a party or other gathering. It was recently rented for a Memorial with about 300 people that attended. They have memberships of different levels and accept donations to support the cost of maintaining the museum. For more information on museum hours, booking special tours, or holding special events visit www.sacfiremuseum.org/ or call 916-859-4181. Leave a message, including a call back number. ★

New Research Shows Violence is Broadly Felt by Millions

UC Davis Health News

SACRAMENTO, CA (MPG) - Research led by UC Davis Professor Garen Wintemute shows that violence indirectly impacts most Californians.

Though relatively few may experience or witness a violent act, a large majority of surveyed Californians reported having an “experience of violence” (EV). These included hearing gunshots in their neighborhood, encountering a sidewalk memorial to a violent death or learning about a violent event through their social network.

The research was published in the journal *Injury Epidemiology*.

“If we ask broadly about the experience of violence, rather than focusing on acute events, we find that two-thirds of Californians have a direct personal stake,” said Wintemute, who directs the UC Davis Health Violence Prevention Research Program and is an emergency department physician. “Our main conclusion is that almost everybody is touched by this, and we’re a state with relatively low rates of firearm violence. I would expect the situation would be worse in many other states.”

While most violence research focuses on personal victimization, the UC Davis Health team took a broader view to better understand how these acts become embedded in communities. The survey indicates experiences of violence are perilously widespread:

An estimated 3.4 million Californians may have three or more EVs; 5 million personally know multiple people who have been intentionally shot; 3 million know people who may be at risk of committing violence against themselves or others.

“We had people who responded that they passed sidewalk memorials 25 times or more a week,” said Wintemute. “And I thought, at what point does living in your neighborhood resemble living in a cemetery? What does that do to your sense of a future for your community and yourself?”

In addition to hearing gunshots or seeing memorials, survey EVs included being aware of someone who had been

intentionally shot by someone else, intentionally shot themselves or might commit a violent act (against another person or themselves).

Of the 2,870 respondents, 64.6% reported one or more EVs; 11% reported three or more. Women and men had similar experiences. Perhaps most surprising, people who did not own a firearm, but lived with someone who did, had more EVs through their social networks, compared to those who owned firearms and those who did not. Secondhand gun ownership may be a public health risk, much like secondhand smoke.

The UC Davis team believes this survey will provide more information on how violence can permeate communities and hopes these findings might inform public policy and education.

“If people who live in homes with guns, but don’t own guns themselves, have these many experiences of people at risk of violence, they could be a whole new resource for intervention,” Wintemute said. “Maybe we can work with them to help at-risk people and reduce suicides and possibly other firearm violence.”

In California, a legal mechanism known as a Gun Violence Restraining Order can temporarily remove firearms and ammunition from people at risk of harming themselves or others.

The group is now working on a follow-up study to measure how these experiences may impact mental and physical health.

“If we show they are associated with ill effects, we may be able to intervene,” said Wintemute. “There are few people in California who can say this does not affect them, and since we’re all involved, let’s work together on solutions.”

Other authors included: Amanda J. Aubel, Rocco Pallin, Julia P. Schleimer and Nicole Kravitz-Wirtz of the Violence Prevention Research Program.

This work was funded by the California Firearm Violence Research Center, the California Wellness Foundation and the Heising-Simons Foundation. ★

Bera Seeks Re-election for New 6th Congressional District

From Bera for Congress Press

SACRAMENTO COUNTY, CA (MPG) - Doctor and Congressman Ami Bera (D-CA) announced he is running for re-election to Congress in the newly drawn 6th Congressional District of California, which lies entirely within Sacramento County and includes most of the district he currently represents.

Career Criminal Convicted of Attempted Murder, Assault w/Firearm Against Officer

Office of DA Anne Marie Schubert

SACRAMENTO COUNTY, CA (MPG) - Jimmy Young Vang was convicted by a jury of attempted premeditated murder of a peace officer, assault with a semi-automatic firearm against multiple peace officers, felony evading, assault with a deadly weapon (motor vehicle) against peace officers and attempted carjacking.

On June 8, 2017, Jimmy Vang was a passenger in a Lincoln that was pulled over by a sheriff’s deputy in south Sacramento. Two additional deputies responded to assist with the traffic stop. Vang got out of the Lincoln and

immediately began firing a semi-automatic firearm at the three deputies. Vang got back into the Lincoln and the vehicle sped away when one of the deputies returned fire. The driver of the Lincoln pulled over and Vang fled on foot. The Lincoln led police on a high-speed pursuit that ended in a crash in Yolo County. When Vang was later spotted on Florin Road, he led officers on a high-speed chase that reached 130 mph, causing numerous near collisions. During the pursuit, Vang tried to ram pursuing officers by driving into oncoming traffic. Vang lost control of his car, crashed and tried to flee on foot. During the foot pursuit,

Vang attempted to carjack a civilian before he was taken into custody. The firearm Vang used was never recovered.

After Vang committed the crimes in this case, he was convicted of murder and kidnapping charges in Placer County in 2019. Vang has a criminal history spanning more than 20 years and 16 convictions, including felony burglary, ID theft, credit/debit card theft and vehicle theft.

Vang faces a maximum sentence of 57 years and 2 months to life in prison. Sentencing is set for January 14, 2022, at 10:00 a.m. in Department 36 before the Honorable Stephen Acquisto. ★

Should State Provide Health Care to Everyone?

By Dan Walters
CALMatters

On paper, having one state agency as the exclusive purveyor of health care for 40 million Californians would seem to make sense, replacing dozens of federal, state and private systems and their often bewildering financial and managerial peculiarities.

Centralized health care seems to work fairly well in other developed countries, such as Canada and the United Kingdom, with per capita costs somewhat lower than those in the United States.

The notion has been kicking around in California political circles for years and at one point, the state Senate passed a single-payer bill, although it stalled in the Assembly for lack of a financing mechanism.

The idea resurfaced last week with the introduction of two measures. One to create the framework for such a system in California, the other to ask voters to levy tens of billions of dollars in new taxes, mostly on affluent taxpayers and businesses, to pay for it.

“There are countless studies that tell us a single-payer healthcare system is the fiscally sound thing to do, the smarter healthcare policy to

follow, and a moral imperative if we care about human life,” the proposal’s chief author, Assemblyman Ash Kalra, said.

“What we’re trying to do is get rid of these dozens of buckets of funding – whether it’s private insurance, whether it’s employer, whether it’s Medi-Cal – put it into one bucket,” the San Jose Democrat added.

Kalra has obtained support from a fairly large group of his legislative colleagues and apparently has conceptual backing from Gov. Gavin Newsom, who pledged to work for a single-payer system during his 2018 campaign.

“Doing nothing is not inaction,” Kalra said of promises not kept. “It is, in fact, the cruelest of actions while millions suffer under our watch.”

The constitutional amendment needing voter support would impose a new excise tax on businesses equal to 2.3% of any annual gross receipts in excess of \$2 million, plus a payroll tax of 1.25% of total annual wages on employers with 50 or more workers, another payroll tax on employers tied to workers earning more than \$49,900 a year, and graduated increases in personal income taxes on affluent taxpayers.

Estimates of revenues from the new taxes vary but would, it’s assumed, top \$150 billion a year. Sponsors say the taxes would be offset by eliminating what employers and individuals now pay out of pocket for health care.

Even with overwhelming Democratic majorities in both legislative houses,

it may be difficult to advance the two companion measures, since they will face very stiff opposition from private employer groups such as the California Chamber of Commerce and much, if not most, of the current health care industry.

There are, moreover, some serious practical hurdles. The federal government now pays about half of the state’s medical care tab, which approaches a half-trillion dollars a year, through Medicare, Medi-Cal, Obamacare and systems serving federal employees, and civil service and military retirees. The proposal assumes that the feds would, in effect, turn over all of that money, well over \$200 billion a year, to the state.

It also assumes that unions, including those of government workers, would also be willing to throw their health care money into the pot, meaning their often lavish benefits would be equalized with the rest of the state’s residents.

The biggest hurdle, however, may be convincing Californians that a state government riddled with managerial messes such as the Employment Development Department, the Department of Motor Vehicles, the bullet train project and countless failed technology initiatives should be trusted with something as important as medical care.

Got Sandbags?

Office of Supervisor Rich Desmond

SACRAMENTO COUNTY, CA (MPG) - Sacramento County is operating “Self-Serve” Sandbag Sites at various locations during this Winter Storm Season.

The Department of Water Resources supplies the sand and bags, but you need to remember to bring your own shovel. There are no staff on site to assist.

As of this column’s publication deadline, three locations are open that the public can access:

County Branch Center at 3847 Branch Center Road; Orangevale Community Center at 6826 Hazel Avenue; Westside

Park at 6555 West 2nd Street
Additional Sandbag Sites may open depending upon weather forecasts and the possibility of flooding to occur.

If your property has a history of flooding or recurring standing water each year (such as water building up at the garage or back patio for example), you are encouraged to get sandbags in advance of the rain and have them on hand throughout the winter. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this Notice of Sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call 916-939-0772 for information regarding the trustee's sale or visit this Internet Web site http://www.qualityloan.com, using the file number assigned to this foreclosure by the trustee: CA-21-893213-NJ. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. NOTICE TO TENANT: You may have a right to purchase this property after the trustee auction pursuant to Section 2924m of the California Civil Code. If you are an "eligible tenant buyer," you can purchase the property if you match the last and highest bid placed at the trustee auction. If you are an "eligible bidder," you may be able to purchase the property if you exceed the last and highest bid placed at the trustee auction. There are three steps to exercising this right of purchase. First, 48 hours after the date of the trustee sale, you can call 916-939-0772, or visit this internet website http://www.qualityloan.com, using the file number assigned to this foreclosure by the Trustee: CA-21-893213-NJ to find the date on which the trustee's sale was held, the amount of the last and highest bid, and the address of the trustee. Second, you must send a written notice of intent to place a bid so that the trustee receives it no more than 15 days after the trustee's sale. Third, you must submit a bid so that the trustee receives it no more than 45 days after the trustee's sale. If you think you may qualify as an "eligible tenant buyer" or "eligible bidder," you should consider contacting an attorney or appropriate real estate professional immediately for advice regarding this potential right to purchase. The undersigned trustee disclaims any liability for any incorrectness of the property address or other common designation, if any, shown herein. If no street address or other common designation is shown, directions to the location of the property may be obtained by sending a written request to the beneficiary within 10 days of the date of first publication of this Notice of Sale. If the trustee is unable to convey title for any reason, the successful bidder's sole and exclusive remedy shall be the return of monies paid to the trustee, and the successful bidder shall have no further recourse. If the sale is set aside for any reason, the Purchaser at the sale shall be entitled only to a return of the deposit paid. The Purchaser shall have no further recourse against the mortgagee, the mortgagee, or the mortgagee's attorney. If you have previously been discharged through bankruptcy, you may have been released of personal liability for this loan in which case this letter is intended to exercise the note holders rights against the real property only. As required by law, you are hereby notified that a negative credit report reflecting on your credit record may be submitted to a credit report agency if you fail to fulfill the terms of your credit obligations. 2022 AND YOU

With the New Year, it's always a kick to look ahead, so I invited two well-known friends to take a look...a Psychic and an Astrologer.

Mary T. Browne is an international psychic who works with politicians and celebrities around the world. She is lauded for her accuracy and honesty. Her books alter lives from "Life After Death" to "The 5 Rules of Thought." Here's what 2022 will bring psychically. Check out www.marytbrowne.com for more.

1. Inflation will continue to be a huge problem throughout 2022. This will cause many people to feel overwhelmed and unnerved. Many will feel that no matter how hard they work, they are not better off.
2. The covid and all its variants will be plaguing us the first part of the year, but will be controlled by late Spring into early summer. A more powerful vaccine that should be available by April will play an oversized role in stopping the spread of this horrible virus.
3. Republicans will retake Congress and the Senate. The political tone in the country will remain negative, but there will begin to be a change because people will begin to listen to each other a bit more. They will be forced to do this in order to understand why the elections turned out the way they did.
4. One good thing I see on the horizon is a return to a more Spiritual way of thinking. The covid pandemic gave many people a chance to spend more time thinking because they were not burdened with rushing off to a job or to pick up a child at the school bus stop. People started to focus on priorities

and took many steps to change things in their lives that caused disharmony. Many people had spent time meditating, contemplating and praying each day. These spiritual exercises have a very positive effect, resulting in greater balance in all aspects of life.

Constance Stellas is a renowned Astrologer and author. She has a new book coming out out December 2022...a series of Guided Journals for each Astrological sign. You can keep up with her at www.constancestellas.com. Let's see what's in the stars.

1. The stock market will be weak. No crash, but no great gains. Inflation and economic hardships (supply disruption) will remain due to covid disarray.
2. Donald Trump's chart is not strong for neither re-election nor running again. His legal past may catch up to him to his detriment.
3. No all out war. Russia will continue provoking conflict.
4. Urban crime will decline and more emphasis on social programs to help the homeless and mentally ill will gain strength.
5. Gains in vaccinations and other medical treatments for covid. We are not out of the woods, but getting closer.
6. Lastly, the polarization of different groups in this country will begin to reconcile as of February 22, 2022 when Pluto returns to its position in the "birth chart" of the U.S.

And I leave you with these words from Alfred Lord Tennyson ... **"HOPE SMILES FROM THE THRESHOLD OF THE YEAR TO COME WHISPERING...IT WILL BE BETTER!"** ★

Activists Battle Poachers

Continued from page 1

stalkers—especially off-trail—might not be nature fans. Some return after dark with night-vision goggles, guns or silent cross bows. “Don’t confront suspicious people,” McGinn warns. “Get license plates, get descriptions. Report what you see.”

Lieutenant Alan Gregory watches for slow-moving vehicles on park roads at night. Poachers sometimes shine flashlights into brush from cars. A stunned deer enables an easy kill.

Carcasses are usually hauled off to remove evidence. “I’ve come across sites with blood and signs of dragging,” says Tim McGinn. “I’ve also found crossbow bolts (arrows) on the ground.”

Fair Oaks-based rescuer Ben Nuckolls runs a volunteer operation saving injured wildlife. Recent rescues include a buck, a doe and a turkey—all found wounded by pistol crossbow darts. Rancho Cordova walker Diane Hill discovered the first casualty. “He was one of a deer family I know from my walks,” she says. “I’ve watched him grow up. I called my husband in tears. To me, people who hurt animals have a special place in hell.”

Notes Ben Nuckolls: “Pistol crossbows are small and easily concealed. A poacher was obviously at work.” He applauds efforts of Tim McGinn’s volunteers. “Public awareness is important,” he says. “Park rangers can’t be everywhere. Citizens can help protect wildlife.”

For people like McGinn, the loss of herd leaders is an ongoing tragedy. “Poachers are killing off a fantastic gene pool,” he predicts. “I notice bucks are getting smaller. That’s another reason I’m desperate to stop the hunting. I looked for a favorite male several years ago. He was a monster, with multiple antler points. I smelled his musky scent in a brushy area—so strong I knew something was wrong. Bucks emit their scent in distress. I found pools of blood, deer hair and boot tracks all around. My heart sunk; I knew I’d never see him again. I’ll never forget my lonely feeling.”

“That guy was aware of his power but, he was noble and gentle. He had no interest in hurting anyone. I get to know the big males and they know me. I realize when they’re gone. I notice fewer mature bucks this season. Yes, old guys can get edged out of herds; they also die naturally. But how come it’s always those with trophy class racks that disappear? When they come together in the rut, they’re sitting ducks.”

McGinn hopes his awareness campaign will result in arrests. “A poacher has a criminal mind,” he says. “On our Parkway, animals have no idea what hunting is. And they’re up against criminals who’ll go to any extent to kill them. It’s not a fair contest.”

The public is warned against confronting poachers. To report suspicious activity, call (888) 334-2258. ★

The Exciting New World of Snap On Dentures!

There are millions of people... in the US who struggle daily with dentures. A majority suffer from discomfort as a result of loose or ill-fitting dentures. Many prosthetic wearers simply withdraw from any type of social engagement as a result of having to wear their dentures.

Whether you are new to dentures or have worn them for years, a snap on denture is a great solution to uncomfortable chewing and slippery painful dentures. There are several types of snap on dentures available, including snap on partials. If you already wear a conventional denture or partial denture, we can sometimes use your denture to accommodate the snaps to fit on your new dental implants.

If you are interested in learning more about improving your quality of life with an implant retained snap on denture or partial, please contact us for a **FREE CONSULTATION** today!

Now there is a solution to these issues: Implants with “Snap On” Dentures!
