The Old Crow Aced It

Colonel Bud Anderson's famous P-51 Mustang was recreated in miniature by Jerry Severson. The Auburn resident (left) meets WWII legend Anderson at the opening of Old Crow Café in the California Aerospace Museum. Young friends are Lindsey and Logan Jacobsen.

Story and photo by Susan Maxwell Skinner

MCCLELLAN, CA (MPG) - California Aerospace Museum's Old Crow Café does not serve crow of any vintage. Closest item on the menu is chicken Caesar salad. But museum management last week had plenty to crow about when famed WW II veteran C.E. (Bud) Anderson declared the café open. Adding ribbon-cutting to his many triumphs, the greatest generation hero laughed at a restaurant being named for the P-51 Mustang he flew over Germany.

"I used to say we named Old Crow in honor of one of the most intelligent birds in the sky," said the 99-year-old. "But – for all my former drinking buddies – I can say it was named for good old sour mash Kentucky

Bourbon. It wasn't a top-shelf brand, but in those days, it was all we pilots could afford."

The "ace" honorific is generally ascribed to wartime pilots who down five enemy aircraft. Anderson is one of the few aviators to achieve triple-ace legend. In the final year of the war, he and his Mustang vanquished 16 and a quarter enemy planes (the quarter-kill came from the defeat – shared with four fellow fighters – of a low-flying Luftwaffe bomber).

A model of Anderson's famous Mustang graced the café opening at McClelland. Retired Cal Trans planner Jerry Severson fashioned the one-third size replica from wood and aluminum. "I worked 1300 hours on it, as a tribute to Bud Anderson," explained Severson, who trots the mini-Mustang out for patriotic

parades and civic events. "I'd read about his exploits and I loved his never-say-die pilot spirit. I'd never dreamed I'd meet him. But it turned out he lived less than a mile from me in Auburn. First time I saw Bud was when a statue was being dedicated to him at Auburn airport. He saw my airplane, came right over and asked where I wanted him to sign it. He'll talk to a 90-year-old veteran or a six-year-old kid and show them the same respect. Despite what he's done, he's the nicest, most humble man you ever know."

Few so humble can garner groupies. In recent years, Aerospace Museum supporter Kelly Kreeger recruited dozens of kids to form the Bud Anderson Super-Fan Club. These aviation buffs regularly show up to

41 Elected DA's Challenge Early Release of 76,000 State Prison Inmates

By Shelly Orio, Sacramento County District Attorney's Office

SACRAMENTO, CA (MPG) - Sacramento District Attorney Anne Marie Schubert announced today that she and 40 elected District Attorneys across California, have filed a petition with the Secretary of the Department of Corrections and Rehabilitation (CDCR) requesting the repeal of temporary emergency regulations awarding additional credits to more than 76,000 state prison inmates.

The regulations were passed under a claim of an emergency and first made public on Friday April 30, 2021, at 3:00 p.m. These regulations would result in the early release of some of California's most violent criminals.

In adopting these regulations, and claiming an emergency, the CDCR Secretary stated these regulations were necessary to comply with "the direction outlined in the Governor's Budget Summary" presented a year ago on May 14, 2020. By invoking an emergency, the traditional regulatory scheme and transparent public comment period was bypassed.

The administrative law petition is often the first step in seeking a formal court order declaring the regulations unlawful. If the emergency regulations are nullified by a court, CDCR would be forced to pass the regulations in the traditional manner, requiring the State's Office of Administrative Law to provide greater transparency and public input.

District Attorney Schubert stated, "Allowing the early release of the most dangerous criminals, shortening sentences as much as 50%, impacts crime victims and creates a serious public safety risk. This petition asks CDCR to repeal these regulations, begin the process anew, and allow for transparency and public input. Victims, their families, and all Californians deserve a fair and honest debate about the wisdom of such drastic regulations." ★

Effie Yeaw Spring Gala Springs Back to Life

Story and photo by Susan Maxwell Skinner

CARMICHAEL, CA (MPG) - Easing COVID restrictions have enabled the return of a beloved annual Carmichael tradition. After resorting to a virtual gala last year, the Effie Yeaw Nature Center will stage a modified in-person fundraiser on Sunday, June 13.

The facility will again partner with Sacramento Art Center to include the sale of nature-themed paintings, sculptures and photographs. Celebrity art donations come from Pat Mahony, Maria Winkler, Obi Kaufman, David Peterson and Deladier Almeida. Experiences and vacations will also be up for bids. These include Mexico and Sea Ranch vacations, tickets to the "Hamilton" musical, a chef-designed dinner for four, wine packages and a guided kayak safari on the American River. The ticket cost of \$150 per person includes beer and wine and a meal catered by Bella Bru of Carmichael.

Effie Yeaw Nature Center will invite supporters to an in-person fundraiser on June 13.

Affectionately dubbed the "Wild Things" celebration, Effie Yeaw's spring art gala is its most important fundraiser. The center is administered by the American River Natural History Association, with educational programs – and the care of a 100-acre preserve – funded solely

through public generosity. A county-wide destination for nature lovers, its endurance was last year challenged by COVID-cancellations of income-producing programs.

"We're thrilled to be able to do our gala again," says EYNC staffer Kathy Fleming. "We know this

magical evening will raise so much needed funds so we can resume programs this summer and fall. Our 200-person limit includes volunteers and event staff, so we know we will sell out."

To purchase tickets or learn more about the event, go to www.sacnaturecenter.net. ★

Tips for 2021 Graduates to Prepare for a Fiercely Competitive Job Market

Commentary
by Krista Wignall

Colleges may return to normalcy in a few months as the rollout of COVID-19 vaccines continues. Meanwhile, in sharp contrast to that positive news, millions of college students will graduate this spring facing bleak employment prospects.

The COVID-19 pandemic caused unemployment to soar in 2020 and is expected to affect the job market for graduates again this year. Some labor analysts see the pandemic perhaps having this ripple effect on graduates for years to come. These sobering trends are why students should expand their preparation for the job market and know what action steps they need to take, says Vince Thompson (www.meltatl.com), founder and CEO of the marketing agency MELT and author of Building Brand You: How To Use Your College Experience To Find And Win Your First Job.

“Thanks to COVID-19, if you’re in college right now or recently graduated, you’re facing the toughest job market in our lifetime,” Thompson says. “With so many people unemployed and displaced, people will be willing to take a lesser job for a lesser salary just to get back in the market.”

“To use a fishing analogy, it’s going to take a lot of casts to get a few bites for interviews and ultimately land the job. But don’t let that discourage you. Instead, let it inspire you to grow and learn what you need to know to set yourself apart from other candidates. It’s all about positioning yourself

by building your resume, brand, and your network. And being enthusiastic about the process.”

Thompson suggests the following tips for soon-to-be graduates as they prepare for a fiercely competitive job market:

Build your brand. The job market is so competitive that companies are looking for far more than candidates with a high GPA. “Hiring managers often seek well-rounded young people who can communicate, collaborate and create,” Thompson says. “They’re looking for people who have been active outside the classroom as well – in clubs, the community, volunteer work, etc. All of these aspects are part of your

brand. Also, the new litmus test in the job market will be, ‘What did you do to improve yourself and others during COVID? Or did you do nothing and feel sorry for yourself?’ Employers are going to be looking for those intangibles.” Organize your marketing playbook. “Utilizing a complete marketing playbook means leveraging your abilities and interests on social media platforms,” Thompson says. “This is where you display your public brand. Your profile, posts, photos, and videos reflect what you’re about. It’s key that your presentation and message are consistent on each platform that you use.”

Expand your networking. “Today, about 75

percent of new hires happen through networking,” Thompson says. “Build a target list of people to contact at companies that are hiring. Join discussion groups on LinkedIn that can expand your contacts and your knowledge. Connect with thought leaders and ask them questions to gain insight.”

Upskill. “Companies want young people who are versatile and able to learn new skills quickly,” Thompson says. “Research skills required in fields that you’re pursuing and get credentialed through online training programs. If opportunities are far fewer in your chosen field, research where your best skills apply in other industries.”

Prepare for virtual interviewing. “When you interview in person, your body language, enthusiasm, handshake and small talk help build a connection with the interviewer,” Thompson says. “Being interviewed on a screen demands that you be fully engaged, establish a rapport, have continual eye contact and express yourself clearly.”

“How you stand out from the crowd has always been the differentiator in hiring,” Thompson says. “It’s much a bigger crowd now for fewer jobs, so the importance of preparation in all facets has never been more important.”

Vince Thompson (www.meltatl.com) is the founder, chairman and CEO of

MELT, one of America’s most successful sports marketing and branding agencies, and author of Build Brand You. An award-winning brand builder and sports marketer, Thompson has worked on brand strategies for some of the most famous brands in the world, including The Coca-Cola Company and Aflac. Thompson has been named one of Atlanta Business Chronicle’s “Most Admired CEOs,” among the “500 Most Influential Atlantans” by Atlanta Magazine, the American Diabetes Association’s “Father of the Year,” one of Sports Business Journal’s “Power Players,” and was listed by BizBash as one of the top 1,000 people in the event industry. ★

The Best of Carmichael is Yet to Come!

Paul Scholl, MPG

CARMICHAEL, CA (MPG) - The Best of Carmichael concluded its voting last week and this week we get to announce all the Winners for 2021.

The annual fundraising event for the Carmichael Chamber of Commerce, (except for the Covid year), brings a bit of fun and excitement to the business community as the buzz gets around town about people voting for their favorite stores, shops and local businesses.

This past voting for the Best of Carmichael revitalized the business community and helped bring more energy back to the Chamber organization after a tough business year for all.

The competition for voters was very competitive in most of the categories. There were 243 businesses that received votes. There were 4,135 total votes cast. There were 11 categories that the eventual winner won by fewer than 20 votes from the next closest vote getter.

To receive votes a business had to either be located in Carmichael or be a member of the Chamber of Commerce.

This year's Top Vote Getter was River City Brewing Company, coming out on top for both the Best Restaurant and the Best Bar/Brew Pub.

The Best of Carmichael is the creation of Carmichael Times and the Messenger Publishing Group. The technology and monitoring of the voting is managed by Ryan Griffith at Averik, LLC.

The Chamber of Commerce is the primary sponsor and uses proceeds to fund the chamber efforts throughout the year. We all work together to make this a winning event for the business community.

Go to BestofCarmichael.com to view more about the competition and to find out more about all of the winners.

Be sure to buy local and to patronize your community businesses. It is with local support from their friends and neighbors that will get business going strong again and keep local people employed locally.

Thank you to all those who participated and watch for the announcement for next year! ★

\$25 Million Grant Program Included for Veterans

By Thora Chaves, California Department of Veterans Affairs

SACRAMENTO, CA (MPG) - Along with historic investments in small businesses, housing, education, infrastructure and climate change, Governor Newsom's California Comeback Plan includes the establishment of the *Veterans Support for Self Reliance* grant program. Administered by CalVet, this funding will support California's most vulnerable veteran population, including aging veterans and veterans with disabilities who have experienced chronic homelessness.

The Governor's plan, if approved, will provide a higher level of on-site supportive services, such as

in-home support to help with habitability; peer specialists to encourage veterans to engage in mental health care; and geriatric social workers to identify behavioral issues related to early onset dementia or similar cognitive issues.

"We are grateful for Governor Newsom's leadership regarding support for our most vulnerable veterans. This program closes a crucial gap in care for veterans who are in need of supportive services for daily living, yet do not meet the level of skilled nursing or assisted living," said CalVet Secretary, Dr. Vito Imbasciani.

Steve Peck, President of the California Association of Veterans Service Agencies said that supportive services have always

played a vital role in effectively serving veterans and ensuring housing stability. "The California Association of Veterans Service Agencies applauds Governor Newsom for his investment in supportive services for veterans' housing," added Peck. "This is an unprecedented opportunity to provide much-needed additional support."

The program is proposed as a three-year competitive grant that CalVet will administer to qualified grantees who serve veterans through permanent supportive housing. The program will primarily target those projects supported by U.S. Department of Housing and Urban Development—VA Supportive Housing, also known as HUD-VASH. ★

The Weight of Memorial Day

For countless families across the nation, Memorial Day is a stark – and often painful – reminder of those loved ones who were never afforded the opportunity to be honored as veterans. Image by Matt Sawyers from Pixabay

Commentary by Robert Graves

For the second year in a row, Memorial Day may look a little different than in years past. However, the spirit of the day, along with our memories and emotions, remains the same. For countless families across the nation, Memorial Day is a stark – and often painful – reminder of those loved ones who were never afforded the opportunity to be honored as veterans.

Their sacrifice is a true expression of selfless service – something no one would pick for themselves. Whether they volunteered to fight in a war, served at a time of peace or never expected to wear our nation's uniform until their draft number came up, they represent the best America has to offer.

We feel their losses, from the sacred and silent hills of Arlington National Cemetery to the many other final resting places worldwide. Far too many mothers, fathers, siblings and children feel the immense weight of seeing an empty chair at the table year-round.

This fall marks the 20th year we've been at war, longer than any American conflict that came before. About 2.7 million Americans have served in Iraq and Afghanistan, over half of whom deployed more than once. Those returning veterans are now our fellow community members, neighbors and friends, who can speak of the bravery and sacrifices known only to those who witnessed it firsthand.

There are also incredible accounts of courageous heroes who cannot speak for themselves. For example, Sgt. 1st Class Alwyn Cashe will become the first black service member to receive the Medal of Honor for actions in Iraq or Afghanistan.

At 35 years old, and on his second deployment to the war-torn country following the 2003 invasion, Cashe didn't hesitate to sacrifice himself to save his fellow soldiers. His Bradley Fighting Vehicle had struck a

roadside bomb and was soon engulfed in flames. Drenched in fuel and under enemy fire, Cashe entered the blaze not once but three times to pull others out of the vehicle.

Cashe sustained second- and third-degree burns to more than 70% of his body, but despite his severe injuries, he insisted on being the last soldier on a medical evacuation helicopter.

Four of those soldiers perished, and Cashe succumbed to his injuries 22 days later, joining the ranks of those taken away far too soon.

While it is impossible ever to know what was going through his mind in those chaotic yet critical moments following the attack, we may catch a glimpse of what it could have been by listening to Medal of Honor recipient Army Capt. Florent "Flo" Groberg. With another soldier's help, Groberg put himself between a suicide bomber and a dismounted patrol in Afghanistan in 2012. Although Groberg thankfully survived, four soldiers were killed.

Groberg has said, "In combat, there might be a moment where you have to make a decision that will more than likely dictate whether or not you live or die. When you are willing to put yourself in front of that bullet, in front of that suicide bomber, in front of that mortar, in front of anything that is going to kill you for your men – that's love."

We know Cashe loved his soldiers – he made the ultimate sacrifice for them. The harsh reality of war, and military service in general, is that, sadly, not everyone will make it home.

As we gather together – whether safely in person or online – let us honor the memory of those heroes no longer with us, and let us strive to live up to the example set by such selfless patriots today and every day.

Women's Empowerment Receives \$45k in Grants from Kaiser & State Farm

By Kristin Thebaud, Thebaud Communications

SACRAMENTO, CA (MPG) - Women's Empowerment in Sacramento recently received a \$25,000 grant from Kaiser Permanente Northern California Community Benefit Programs and a \$20,000 grant from State Farm to fund employment readiness and paid job training for Sacramento women experiencing homelessness. The grant from Kaiser also will support Women's Empowerment's recovery and domestic violence learning and support groups. The grant from State Farm also will fund financial literacy curriculum. Women's Empowerment is celebrating 20 years of helping women experiencing homelessness find homes

and jobs. The group celebrated its 1,700th graduate in March.

"This is a milestone year for Women's Empowerment, and we would not be here without the generous funding of local companies and foundations that are committed to ending homelessness for women and children in Sacramento," said Lisa Culp, founding executive director, Women's Empowerment. "We are grateful to Kaiser and State Farm for recognizing the important work we do and for understanding that new barriers continue to arise for women experiencing homelessness. Our partners are ensuring Sacramento women and their children can still rise from homelessness amidst a pandemic, high unemployment and housing crisis." ★

Two Officer Safety Bills Stall in the Senate

By Will Hixson,
California Association
of Code Enforcement
Officers

SACRAMENTO, CA (MPG) - As acts of violence and threats towards code enforcement officers rise, two California Senate bills aimed at increasing safety measures have stalled after being placed on the Senate Appropriations Committee's suspense file. At a time when violent acts against code enforcement officers are on the rise, stalling these two bills on the suspense file is particularly alarming.

Code enforcement officers risk their lives to uphold the public health, safety and general welfare standards that protect people, property values, and the environment. In many jurisdictions, code enforcement officers are now tasked with enforcement of various violations traditionally addressed by sworn police/sheriff personnel. These violations include, but are not limited to, illegal cannabis operations, illicit massage operations and homeless encampment abatement. Code enforcement officers are also the first-line enforcers of COVID-19 regulations, and do considerable enforcement against slumlords who operate in underserved communities.

Since 2015, the California Association of Code Enforcement Officers (CACEO) has received 86 reports of safety incidents including, but not limited to: nine death threats,

11 physical assaults, 10 occurrences of weapon brandishing, 17 physical threats, and six stalking incidents. Tragically, 20 code enforcement officers have given their lives over the years. Because there is no requirement to report safety incidents to CACEO, the true numbers are likely higher than the aforementioned figures indicate.

Code enforcement officers are now, more than ever, living with the fear of threats to their lives. In January, a Sacramento County inspector was stabbed outside of a strip mall. The week prior, a Tracy resident was accused of attempted homicide after he intentionally hit a code enforcement officer with his vehicle. Sadly, these are just two recent examples of the many incidents of homicide or attempted homicide on a code enforcement officer in recent years.

Earlier this year, CACEO introduced Senate Bills 101 and 296 which are aimed at increasing code enforcement officer safety. Senate Bill 101, sponsored by Senator Jim Nielsen, would close the loophole in existing law by prohibiting the disclosure of the home addresses of code enforcement officers by the Department of Motor Vehicles (DMV). This bill will add an important layer of safety that will help ensure that all code enforcement officers will have their DMV information protected.

Senate Bill 296, sponsored by Senator Monique Limón, would require cities and

counties to establish safety protocols specific to the duties and risks faced by code enforcement officers in their particular jurisdictions. Currently, many jurisdictions do not have programs to properly train and help protect code enforcement officers from threats, assaults, batteries, or worse.

Both senate bills have been placed on the Senate Appropriations Committee's suspense file. The suspense file is where the committee pigeon holes all bills that are purported to have cost issues. This despite the fact that SB 101 includes language which provides that all costs associated with its adoption will be covered through a fee paid by the applicant for the service provided by the DMV. SB 296 also does not require new spending or costs. As written, jurisdictions will retain the control to design and implement training and safety protocols within their existing budgets based on the dynamics of their community.

CACEO is urging the Senate Appropriations Committee to remove both bills from the suspense file to allow them to proceed with the legislative process. With the rise in violence and threats towards code enforcement officers, the stakes have never been higher. It's time for state representatives to demonstrate that code enforcement officer safety matters and that a dollar value cannot be placed on the life of a public servant. ★

Inflated Job Numbers Prop Up Bullet Train

By Dan Walters
CALMatters

Whenever politicians spend large sums of taxpayer money on pet projects, they invariably overstate their supposed economic benefits, particularly creating oodles of "good-paying jobs."

They all do it, using a deceptive assumption that if one worker works one day on the project, it's counted as a "job."

Ralph Vartabedian, a reporter for the Los Angeles Times who – thank goodness – specializes in telling us what's really happening, or not, in the state's woe-begone high-speed rail project, punctures its job creation myth in a recent article.

Vartabedian cites a banner on a bullet train viaduct in Fresno claiming "5,000 jobs and counting" but reveals that while consuming many billions of dollars, the project has employed only about 1,000 construction workers at any one time.

"The boast of 5,000 jobs refers to the number of workers dispatched from union halls," he wrote. "Each time a worker is sent to a job site, whether for one day or hundreds of days, it counts as a job for the purpose of the banners."

"Rail authority Chief Executive Brian Kelly

defended the worker count as a valid measure of progress, saying the authority has been doing it for years."

In other words, since inflated job numbers have been used for years, Kelly would have us believe it's a valid practice.

In fact as Vartabedian discovered from analyzing bullet train data, "hourly workers have received about \$265 million of the \$6.1 billion that has been spent on construction, representing just 4%. Of the total \$8.1 billion spent on the project, the labor portion is even smaller, 3%. The \$265 million is less than what the rail authority spends every three months."

The much-inflated job creation claims are important because construction union support has been one of the most important factors in keeping the project alive despite lacking a rational justification.

The original vision, backed by voters, was for a statewide north-south system of high-speed travel, but no one ever came up with a plan for financing such a system, which would cost upwards of \$100 billion.

The Fresno structures, dubbed "Stonehenge" by local critics, are part of a very limited stretch in the San Joaquin Valley, financed by some state bonds, a federal grant and a share of proceeds from the state's auctions of greenhouse gas emission permits. At the moment, it would run from a few miles north of Fresno to a few miles north of Bakersfield.

Gov. Gavin Newsom came close to killing the project after taking office in 2019, only to back-track under pressure from construction unions.

Newsom then declared that he wants to expand the current project northward a few miles to Merced and southward a few miles to Bakersfield, assuming that someday it could be connected to the Bay Area and Los Angeles. But that also added billions of dollars to the projected costs.

Newsom's latest budget proposal would appropriate \$4.2 billion from remaining voter-approved bonds to advance his version of the project and mentions "potential federal funds" to fill the remaining financial hole – a reference to President Joe Biden's ambitious infrastructure program.

However, Newsom's plan doesn't sit well with some legislative leaders who would prefer improving commuter transit. Some bullet train money has already been shifted to electrifying the Caltrain commuter service on the San Francisco peninsula, and Southern California lawmakers, led by Assembly Speaker Anthony Rendon, want similar diversions for their region.

The commuter projects would probably use inflated job creation claims as well, but at least they would be serving real needs, rather than a unrealistic pipedream.

CITRUS HEIGHTS WATER DISTRICT
NOTICE OF HEARING FOR 2020 URBAN WATER MANAGEMENT PLAN, WATER SHORTAGE CONTINGENCY PLAN, AND WATER CONSERVATION PROGRAM
A Public Hearing will be held on June 16, 2021 at 6:30 p.m. at the office of the Citrus Heights Water District (CHWD), located at 6230 Sylvan Rd., Citrus Heights, CA, 95610, and accessible via Zoom at Phone Call In: (253) 215-8782, Phone Meeting ID: 936 0581 6651, Computer Audio/Live Meeting Presentations: <https://zoom.us/j/93605816651>, to consider adoption of CHWD's 2020 Urban Water Management Plan (UWMP), Water Shortage Contingency Plan (WSCP), and amended Water Conservation Program (Program). Copies of the draft documents may be reviewed at the aforementioned address or at CHWD's website, www.chwd.org.
The purpose of this Public Hearing is to present the draft documents to the CHWD Board of Directors and accept and respond to any public questions or comments. California State law requires CHWD to update its UWMP every five years and submit it to the Department of Water Resources (DWR). The 2020 UWMP must be submitted to DWR by July 1, 2021. The 2020 UWMP documents CHWD's plans to ensure adequate water supplies to meet existing and future demands under a range of water supply conditions, including water shortages. The WSCP documents CHWD's plans to manage and mitigate an actual water shortage condition, should one occur because of drought or other impacts on water supplies. The Program would replace CHWD's current Water Conservation Program and is a comprehensive water conservation program. The Program establishes permanent water use regulations to prohibit water waste, sets six drought stages with required customer and CHWD actions, and sets procedures for enforcement, penalties, and variances.
Spoken or written comments on the draft documents may be presented at the Public Hearing, and written comments may be submitted in advance of the Hearing at the aforementioned address by June 11, 2021. Questions or comments about the draft documents may be directed to Water Resources Supervisor Brian Hensley at (916) 725-6873.

RESOLUTION NO 2021-04
A RESOLUTION DECLARING THE INTENTION TO LEVY ASSESSMENTS FOR FISCAL YEAR 2021-22, PRELIMINARILY APPROVING THE ENGINEER'S REPORT, AND PROVIDING NOTICE OF PUBLIC HEARING OF THE MISSION OAKS RECREATION AND PARK DISTRICT PARKS AND RECREATION MAINTENANCE AND IMPROVEMENT DISTRICT
WHEREAS, the Mission Oaks Recreation and Park District, Parks and Recreation Maintenance and Improvement District was authorized by an assessment ballot proceeding conducted in 2006 and approved by 68.78% of the weighted ballots returned by property owners, and such assessments were levied by the Advisory Board of Directors by Resolution No. 2006-04 passed on May 2, 2006; and
WHEREAS, on April 13, 2021 by Resolution No. 2021-02, the Board ordered the preparation of an Engineer's Report for the Parks and Recreation Maintenance and Improvement District (the "District") for fiscal year 2021-22; and
WHEREAS, pursuant to said Resolution, the Engineer's Report was prepared by Francisco and Associates, Inc., Engineer of Work, in accordance with 22565, et. seq., of the Streets and Highways Code (the "Report") and Article XIID of the California Constitution; and
WHEREAS, said Engineer's Report was filed with the Secretary of the Board of Directors and the Board of Directors has reviewed the Report and wishes to take certain actions relative to said Report.
NOW, THEREFORE, BE IT RESOLVED, by the Advisory Board of Directors of the Mission Oaks Recreation and Park District ("Board") that:
SECTION 1. The Report for the "Parks and Recreation Maintenance and Improvement District", on file with the Secretary of the Board, has been duly considered by the Board of Directors and is hereby deemed sufficient and approved. The Report shall stand as the Engineer's Report for all subsequent proceedings under, and pursuant to, the foregoing resolution.
SECTION 2. It is the intention of this Board to continue to levy and collect assessments within the District for fiscal year 2021-22. Within the District, the existing and proposed improvements ("Improvements") are generally described as the installation, maintenance and servicing of public facilities, including but not limited to, landscaping, sprinkler systems, park grounds, park facilities, landscape corridors, ground cover, shrubs and trees, street frontages, playground equipment and hardcourt areas, senior and community centers, drainage systems, lighting, fencing, entry monuments, basketball courts, tennis courts, running tracks, swimming pools, other recreational facilities, security guards, graffiti removal and repainting, and labor, materials, supplies, utilities and equipment, as applicable, for property owned and maintained by the Mission Oaks Recreation and Park District. Installation means the construction of recreational improvements, including, but not limited to, land preparation, such as grading, leveling, cutting and filling, sod, landscaping, irrigation systems, sidewalks and drainage, lights, playground equipment, play courts, recreational facilities, and public restrooms. Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of said improvements, including repair, removal, or replacement of all or part of any improvement; providing for the life, growth, health and beauty of landscaping; and cleaning, sandblasting and painting of walls and other improvements to remove or cover graffiti. Servicing means the furnishing of electric current or energy for the operation or lighting of any improvements, and water for irrigation of any landscaping or the maintenance of any other improvements.
SECTION 3. The District consists of the lots and parcels shown on the assessment diagram of the District on file with the Secretary of the Board, and reference is hereby made to such map for further particulars.
SECTION 4. Reference is hereby made to the Report for a full and detailed description of the Improvements, the boundaries of the District and the proposed assessments upon assessable lots and parcels of land within the District. The Engineer's Report identifies all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed.
SECTION 5. The maximum assessment is subject to an annual adjustment tied to the Consumer Price Index-U for the San Francisco Bay Area as of December of each succeeding year (the "CPI"), with a maximum annual adjustment not to exceed 3%. Any change in the CPI in excess of 3% shall be cumulatively reserved as the "Unused CPI" and shall be used to increase the maximum authorized assessment rate in years in which the CPI is less than 3%. The maximum authorized assessment rate is equal to the maximum assessment rate in the first fiscal year the assessment was levied adjusted annually by the minimum of 1) 3% or 2) the change in the CPI plus any Unused CPI as described above.
The change in the CPI from December 2019 to December 2020 was 2.00% and the Unused CPI balance is 1.61%. Therefore, the maximum authorized assessment rate for fiscal year 2021-22 is increased by 3.00% which equates to \$57.78 per single-family equivalent benefit unit. The estimate of cost and budget in the Engineer's Report proposes assessments for fiscal year 2021-22 at \$52.07 which is less than the maximum authorized assessment rate.
SECTION 6. The public hearing shall be held, before this Board at Mission Oaks Community Center, located at 4701 Gibbons Drive, Carmichael, California 95608 as follows: on Tuesday, June 8, 2021 at the hour of 6:00 p.m. for the purpose of this Board's determination whether the public interest, convenience and necessity require the improvements and this Board's final action upon the Report and the assessments therein. As of the date of this notice, social distancing measures are in effect due to the COVID-19 pandemic. Parties interested in participating in the June 8, 2021, public hearing should visit the District's website at <https://www.morpd.com/advisory-board-meetings> for current information on how to provide public comment. The Secretary of the Board is hereby authorized and directed to cause a notice of the hearing to be given by publishing a notice once, at least ten (10) days prior to the date of the hearing above specified, in a newspaper circulated in the District.
SECTION 7. To get additional information about the assessments or the Assessment District contact: Daniel Barton, District Administrator, Mission Oaks Recreation and Park District; 3344 Mission Avenue, Carmichael, California 95608.
PASSED AND ADOPTED this 11th day of May, 2021 by the following vote, to wit:
AYES: 5 Rothberg, Nguyen, Evans, Todd and Alcalay

Dave Ramsey Says

a landlord, go for it. If the shine has worn off, get rid of the place. If the latter is the case, you'll get the responsibility of being a landlord off your back and become debt-free all at the same time!

— Dave

Dear Dave,

I've been following your advice for about a year. I'm almost out of debt, and I live on a budget, but looking toward the future it seems like it will be very difficult to save up for a down payment on a home. I live in Chicago, and property prices are very expensive. I have a friend in Georgia who suggested I buy a less expensive property there, then fix it up and flip it to make the money I would need for a down payment. What do you think of this idea?

— Erik

Dear Erik

When you take on the kind of work you're talking about, you need to oversee what's happening every step of the way. You're working out details, keeping an eye on the crew, and having to handle a dozen other issues tied to the project. Plus, you can't just walk up to a house or see it online, buy it, and expect to

come out ahead in the deal. People who flip houses for a living professionally eyeball dozens, sometimes hundreds, of properties to buy just one. It's not an easy way to make money, and it's definitely not something I'd recommend doing from a distance. In short, I wouldn't do it, Erik. Fixing and flipping properties is a hands-on business, and trying to do it from 700 miles away would be a nightmare.

Just keep on working the budget and save as much as you can. I'd consider getting a part-time job for a while to add to the down payment fund before I'd try to fix and flip a house that far away.

Dahle is Studying the Effects of Forest Fires on Wildlife Habitats

By David Orosco,
Office of Senator Brian Dahle

SACRAMENTO, CA (MPG) - Senator Brian Dahle (R-Bieber) appealed to the California State Senate Committee on Appropriations to pass legislation Monday, May 10, that would require the Department of Fish and Wildlife to use their time and resources to study the effects of wildfire damage to local wildlife and their habitats.

Wildfires are an unfortunate and devastating reality for California residents. Last year alone we saw over 4 million acres burned and destroyed. One thing that many of us forget is that the devastation and cost is not exclusive to humans. Many animals and vegetation are also subject to the devastating losses of their natural habitats.

Senate Bill 592 proposes that the Department of Fish and Wildlife, in coordination with Cal Fire and the appropriate local representatives, put a portion of their resources towards studying the impact that these catastrophic fires have had on California wildlife and their habitats.

“The genuine goal of this bill is to

establish a baseline of information to understand the true impacts of wildfire to our habitat and wildlife,” said Senator Brian Dahle. “Only then can we know the real cost of wildfires, and begin to address a solution that encompasses all affected.”

The hope is that we can use the findings of these studies to better protect and conserve our wildlife and forests going forward.

It is important to understand how these events impact ecosystems, biodiversity, and protected species in the state. Knowing where we went wrong and how we can correct our mistakes in the future may save the lives of many helpless creatures.

The Senate Appropriations Committee voted to send SB 592 to suspense for a hearing at a later date.

SB 550 (Dahle), which would subject the Legislature to the same laws and regulations imposed on California businesses, was also heard and placed on suspense.

Senator Brian Dahle represents California's 1st Senate District, which contains all or portions of 11 counties, including Alpine, El Dorado, Lassen, Modoc, Nevada, Placer, Plumas, Sacramento, Shasta, Sierra, and Siskiyou. ★

Power Shower Songs: Water Wisdom from Sierra View Elementary

SSWD Staff

CARMICHAEL, CA (MPG) - What's the best way to save water at home? That's the question posed this spring to Mrs. Kent's Fourth and Fifth Grade Class at Sierra View Elementary in North Highlands during a talk by Sacramento Suburban Water District Water Conservation (SSWD) Supervisor Greg Bundesen.

Their answer: Take shorter showers to make every drop count. And, to make the task easy and fun, they suggested playing a favorite five-minute song. When the song ends, it's time to turn off the water. Fourth Grader Barin said that, “I found different kinds of songs to help time showers; some relaxing and some that are more active.”

If you're looking for inspiration for your own shower song, check out their recommendations below or search “Songs to Sing in the Shower” on Spotify. Just remember their advice...and keep it to five minutes, please!

Here are a few favorite shower songs recommended by Mrs. Kent's fourth graders: “Baby Shark Original” (extended version) “5 Minute Water Saving Song” “Tabata Workout Song” (five-minute version)

“Deep Sleep Music” (five-minute version) “The Water Cycle Rap Song”

If you are a teacher or parent interested in having SSWD share information about water efficiency and related topics at your school, please contact Greg Bundesen, Water Conservation Supervisor, at 916.972.7171. ★

Bera Votes to Send COVID-19 Hate Crimes Act to President's Desk

By Travis Horne,
Office of Rep. Ami Bera

WASHINGTON, DC (MPG) - Representative Ami Bera, M.D. (D-CA) voted for the COVID-19 Hate Crimes Act to address the rising number of hate crimes directed towards the Asian American and Pacific Islander (AAPI) community. The legislation, which passed the House of Representatives with strong bipartisan support, now heads to President Biden's desk for his signature into law.

“Since the beginning of the pandemic, many Asian Americans have lived in fear of their safety because of the skyrocketing number of hate crimes that have been fueled by racist,

xenophobic, and COVID related anti-Asian rhetoric,” said Representative Bera. “As businesses across the country are struggling to survive due to the COVID-19 pandemic, many Asian American businesses and business owners are dually combating the pandemic and racism, threatening their livelihoods, security, and sense of belonging. Asian Americans are also serving on the frontlines of this pandemic as health care professionals and service industry workers to help save lives every day, yet many are experiencing verbal harassment and even physical violence. The passage of the COVID-19 Hate Crimes Act will bring our nation one step closer to achieving justice and

equality for the AAPI community, who has endured much over the past year. The vote also reaffirms a simple truth: hate has no place in our country.”

The COVID-19 Hate Crimes Act would, among other things, create a position at the Department of Justice to facilitate expedited review of COVID-19 hate crimes, authorize grants to states to establish and run hate crime hotlines, and train officers on how to identify hate crimes and engage in community relations to address hate crimes. The bill also includes the text of the Jabara-Heyer NO HATE Act which would provide grants to state and local governments to improve hate crime reporting resources. ★

DA Anne Marie Schubert Announces Open Registration for Virtual Crime Lab Youth Shadow Days

It's important we continue to engage our youth and inspire them to pursue careers in the criminal justice system. Photo: Sac DA

By Shelly Orio,
Sacramento County
District Attorney's Office

SACRAMENTO, CA (MPG) - Attorney Anne Marie Schubert announces open registration for the 4th Annual Crime Lab Youth Shadow Days. This is the second year this program is being offered virtually.

The Crime Lab Youth Shadow Day was launched in 2018, and quickly exceeded capacity. A second day was added to meet the high demand, resulting in a total of 220 student participants from approximately 50 high schools across the county. In 2020, over 100 students participated in the program virtually.

Participating students will visit the District Attorney's Crime Lab virtually and meet criminalists who are experts in the various fields of forensic science and crime scene investigations (CSI). They are provided a virtual learning experience in several areas including blood spatter analysis, bullet trajectory, trace evidence, firearms and tool comparison, and drug analysis.

There will be two virtual Crime Lab Youth Shadow Days this year: WHEN: Friday, July 16, 2021 OR Friday, July 23, 2021 ~ 10:00 a.m. to 11:30 a.m. WHERE: Virtually – broadcasted live via Zoom from the District Attorney's Crime Lab

The program is open to current Sacramento County high school students. Priority will be given to senior high school students. Students will need to submit completed registration forms and a signed permission slip, which can

applaud their hero at the many civic events he graces. Kelly Kreeger also assembled a massive collection of items relating to the pilot's stellar career. After she died in an aircraft accident last year, her estate bequeathed this trove to the museum she loved. Much Kreeger Bud-abilia decorates the new café.

"Kelly strongly believed in science, technology, engineering and mathematics (STEM) education," said museum director Tom Jones. "She was one of the museum's greatest volunteers and supporters. It's wonderful we've got her artifacts together

in the café. It's a priceless opportunity to honor Kelly's legacy and Bud's legacy at same time."

Some honors will be edible. "We're gonna name sandwiches for both of them," predicted Tom Jones. "And we're planning a special Bud Anderson plate."

Admission to the California Aerospace Museum is not required to sample Old Crow cuisine. Located at 3200 Freedom Park Drive, McClelland, the café is open Thursday through Sunday, from 9 am to 3 pm. Indoor and outdoor seating is available, and the facility caters to group events. For information, call (916) 643-3192. ★
