# **County Breastfeeding Program Receives USDA Award**

By Laurie Slothower, Sacramento County

SACRAMENTO COUNTY, CA (MPG) - The Sacramento County Women, Infants and Children (WIC) program has received a WIC Breastfeeding Gold Award of Excellence 2021 award from the U.S. Department of Agriculture. This award recognizes the WIC agencies that provide exceptional breastfeeding promotion and support activities. Awardees serve as a model for other WIC agencies who want to strengthen their breastfeeding promotion and support activities through their Breastfeeding Peer Counseling Program.

The Sacramento County WIC Program has a history of program excellence. The Breastfeeding Peer Counselor Program first received this award in 2016, which remained current for four years. In 2021, Sacramento County WIC was only one of four local WIC agencies to receive the award in the western region, which includes

Alaska, California, Hawaii, an opportunity to meet Idaho, Nevada, Oregon, Washington, Guam, Commonwealth of the Northern Mariana Islands and American Samoa.

The Sacramento County WIC Program was able to pivot quickly when the pandemic started in 2020, finding new ways to connect with families remotely by providing services by phone and video. One of the highlights of the BFPC Program is its virtual prenatal class, which gives participants their Peer Counselor and a Lactation Consultant who will be supporting them after delivery.

Counselors have done a wonderful job being responsive to the changing needs of the families we serve throughout this exemplary services while keeping families and kids safe and healthy," said Chevon Kothari, Director of the Sacramento County Department of Health and-Children-Home.aspx ★

Services. "Their passion and dedication to supporting our families is exemplary and is what made receiving this award possible."

Breastfeeding is a practice that is proven to benefit both mothers and babies. It helps mothers recover more quickly form childbirth, reduces the risk of breast and ovarian cancers and may assist in losing weight after childbirth. Infants who are breastfed have a lower risk of developing asthma, ear infections, respiratory infections, gastrointestinal infections and other ailments. The long-term benefits of breastfeeding may lower the child's risk of obesity, type 1 diabetes "Our Breastfeeding Peer and childhood leukemia. Breastmilk contains all the nutrients babies need to grow and protects the baby's immune system.

# **Building a** Better Bridge

By Chris Ching

RANCHO CORDOVA, CA (MPG) - At the September 7 Rancho Cordova City Council Meeting, Public Works Director Albert Strickler led a presentation showing various designs for a dedicated pedestrian/ bicycle only overcrossing/ undercrossing on Zinfandel Drive. The goal of the project is to make the physical separation between the south side and north side of Highway 50 less severe and safer doing away with-in the words of Mayor Garret Gatewood-the "danger pass."

One of the designs featured a Tied Arch Overcrossing and 2 undercrossings with dramatic lighting, landscaping and drainage garnered a reaction from the Council that was downright giddy. Council Member Linda Budge praised the designwhich has an estimated cost of \$24,217,000 (around one million more than competing design)-as bringing "so much to Rancho Cordova". All were in favor of the look and staff were directed to go forward with the final design process.

Director Strickler also presented an update and information on the creation of a Council Local Road Safety Plan. The Plan is a study that will identify measures to reduce serious traffic collisions. It will also allow the City to be eligible to apply for future Highway Safety Improvement Program (HSIP) grant funding.

With a third and final presentation from Strickler, Council was presented with information on implementing Senate Bill 743. The goal of the environmental bill is to reduce time and cost for projects that allow California residents to drive less. State law requires that certain new projects perform traffic analysis based on vehicle miles traveled. Adoption of these guidelines would assist developers to identify criteria including thresholds of significance, screening, etc. to comply with State law.

The other regular Calendar item of the night was a presentation on the Community Engagement Division's accomplishments for 2019/2020 and the future. The team led by Manager Lorianne Ulm reported on the beautification of the city through community service, the Good Neighbor Assistance Program which allows for qualified property owners to improve the look of their homes and Community Enhancement Fund Projects like Rebuilding Together Sacramento. # Packathon Packs Thousands of Care Boxes for Troops!

Story and photos from Move America Forward Special News Release

SACRAMENTO REGION, CA (MPG) - This past Saturday MAF held our 2021 annual Packathon event in observance of 9/11 where we set out with a goal to ship 2001 boxes for the troops as well as pack an additional 911. As 2021 is also the 20th anniversary of 9/11, this was an especially important task, and we made appeals to our supporters to watch our Troopathon on Newsmax TV and donate to send care packages so we could achieve this goal.

We began packing just before 10 am and didn't wrap up until 3 pm because we had an unprecedented group of enthusiastic and energetic volunteers who just wouldn't quit! They really wanted to do something special for our troops.

At the conclusion of our Packathon drive, we had shipped 3,000 packages for the troops and packed an additional 1,500 more!

There are thousands of troops who are still deployed in the Middle East, eagerly awaiting your words of support, and the many goodies and personal care items in these boxes. These are especially important during the brutally hot Summer months!

If you donate today, our volunteers will quickly pack up a box of goodies for the troops and add it to the stack of boxes waiting to be shipped! These packages REALLY make a difference! We receive letters and notes

back from the troops every day detailing just how important these care packages are to the troops who receive them. Many troops spend 6-12 months of deployment, away from their friends and family.

SACRAMENTO REGION, CA (MPG) - Young families, school children and veterans lined much of Greenback Lane from Sunrise to Fair Oaks Boulevard on Thursday, Sept. 16, many holding U.S. and Marine Corps flags, as they paused to honor and remember fallen Marine Sgt. Nicole L. Gee, 23, of Sacramento, who was brought home and laid to rest at the Mount Vernon Memorial Park and Mortuary in Fair Oaks.

The Citrus Heights Police Department had encouraged the public to gather at the south end of Greenback Lane at the Sunrise Mall parking lot to show support as the public procession passed. The exceptionally large public turnout for the procession soon slowed traffic along Greenback

an hour.

The procession, led by a motorcycle escort of the American Legion Patriot Guard, passed slowly under a large American flag which was arched over Greenback Lane by two Metro Fire ladder trucks, their crews saluting, before then turning into the memorial park.

Sgt. Gee along with 10 additional Marines, one Navy corpsman and one soldier were killed August 26, the result of an enemy attack while supporting evacuation operations outside the Hamid Karzai International Airport in Kabul, Afghanistan. At least 169 Afghans were also killed in the bombing, as they struggled to get into the airport and on flights out of the country.

The young Marine's death hit home in Placer County, where she grew up and

Lane for more than graduated from Oakmont High School before enlisting in 2017. Just days before her death, Sgt. Gee was one of several Marines seen cradling and comforting Afghan children prior to their evacuation from the country.

On August 21, Gee posted a photo of herself holding an Afghan child on Instagram. "I love my job," she wrote.

Gee, a maintenance technician with the 24th Marine Expeditionary Unit from Camp Lejeune, North Carolina, was sworn into the Marines less than a year ago and was promoted to sergeant three weeks before the Kabul attack, according to posts on her Instagram account.

A memorial service was later held Saturday, Sept. 18th at Bayside Church Adventure Campus on Stanford Ranch Road in Roseville.

Huggett, a 6-foot-7inch chief engineer at the California Department of General Services, describes what it's like to be vertically gifted and the camaraderie he's found since joining the STC.

"Well, advantages are, of course, being above the others, [but] you're always looked at a little bit differently when you're tall. Not every place is built for tall people. Not every airplane I get in has enough headroom and legroom and all that stuff," Huggett said.

Huggett said STC members are looking at new ways through MeetUp and social media to attract younger members to join the group as the base age of club members is

'We want to share the fun and fellowship we've Club members are once enjoyed through the years as club members as we welcome new people, and begin building new friendships," Huggett said.

The STC is a member of Tall Clubs International (TCI). Established in 1982, the STC lists some 80 active members in ting together and having the greater Sacramento region, and a few members from as far away as Reno and Stockton.

Huggett said he is especially proud that one of STC's own, Folsom resident Rusty Bloomquist was honored with the 2021 2" (measurements are Tall Clubs International (TCI) Frank Winker said if you are a spouse Lifetime Achievement Award this summer.

The STC awards scholarships to eligible graduating high school seniors.

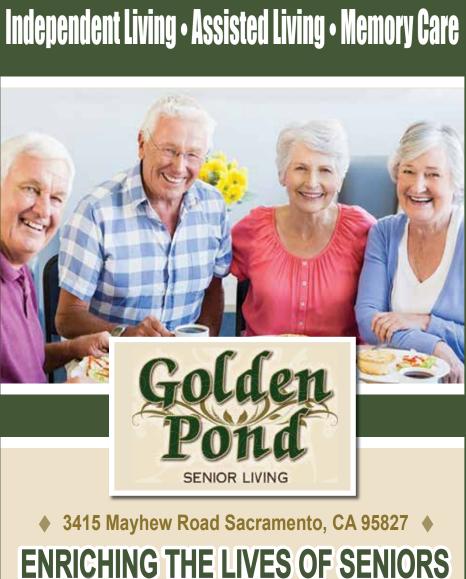

"They must meet our height requirements and write an essay on "What Being Tall Means to Me," Huggett said. Local scholarship winners can go on to compete for a second national scholarship award.

"We put on all kinds of events which satisfy the variety of tastes of our club members. We try to have get-togethers at fun places such as bar and grills, interesting restaurants, night clubs, and whatever else we can think of that's likely to be fun and enjoyable," Huggett said.

"Without the height, we're just normal people, and there's nothing really different about us. In the club, that's really the only common trait we have: We're all tall," Huggett said. "It costs nothing to attend one of our events and check us out."

The Rancho Cordova Luncheon (former Cordova Community Council Luncheon) on the third Friday of the month, was held on 9/17/2021. It was nice to see people slowly coming back into our monthly luncheon in person. The FCUSD Superintendent, Sarah Koligian, was the speaker, and she covered quite a bit of what has been done in our schools this school year as the kids actually went back to their classes. I am very glad that the majority of the students were able to get back to school. A few parents are still cautious and decided to keep their children learning at home.

She showed four main keys they are looking for; 1. Reconnecting, 2. Reinforcing, 3. Reengaging, and 4. To reimagine the learning of today. 1. Reconnecting; the sumlearning about the virtual path to go down; Especially when they find it difficult to learn in a regular class.

## Think of an **Emergency Fund** as Insurance

Dear Dave,

I have decided it's time to get control of my money. Your plan sounds workable, but I talked to some friends about it, and they think I would be better off using a credit card for emergencies. Can you explain why you advise saving a separate emergency fund?

-Leslee

Dear Leslee,

When bad, unexpected things happen, like a job layoff or a blown car engine, you shouldn't depend on credit cards. If you use debt to cover emergencies, you're digging a financial hole for yourself. My plan will walk you out of debt forever, and a strong house includes an emergency fund.

Putting together a fully funded emergency fund is Baby Step 3 of my plan for getting out of debt and gaining control of your money. Before you reach this point, however, steps one and two should be completed

# **Dave Ramsey Says**

first. Baby Step 1 is saving \$1,000 for a starter emergency fund. Baby Step 2 is where you pay off all debt, except for your home, using the debt snowball method.

A fully-funded emergency fund should cover three to six months of expenses. You start the emergency fund with \$1,000, but a full emergency fund can range from \$5,000 to \$25,000 or more. A family that can make it on \$3,000 per month might have a \$10,000 emergency fund as a minimum.

What is an emergency? An emergency is something you had no way of knowing was coming – an event that has a major, negative financial impact if you can't cover it. Emergencies include things like paying the deductible on medical, homeowners or car insurance after an accident, a job loss, a blown automobile transmission or your home's heating and air unit suddenly biting the dust.

Something on sale you "need" is not an emergency. Cancun? Not emergencies. This Morning, tuition are not emergencies, either.

of your emergency fund for something you should save for. On the other hand, don't make payments on medical

bills after an accident while your emergency fund sits there fully loaded. If you've gone to the trouble of creating an emergency fund, make sure you are crystal clear on what is and isn't an emergency.

Also, keep your emergency fund in something that is liquid. Liquid is a money term that basically means easy to access with no penalties. I use growthstock mutual funds for long-term investing, but I would never put my emergency fund there. I suggest a money market account with no penalties and full check writing privileges for your emergency fund.

Your emergency fund account is not for building wealth. It's an insurance policy against rainy days!

# This Is Not about Freedom or Personal Choice

Commentary by Jane M. Orient, M.D.

Today we have two contrasting quotations from world leaders. One said: "Mandatory vaccinations will never be allowed because [this] is a free country and its people are sovereign." The other said: "This is not about freedom or personal choice."

The first was by Vladimir Putin. Russia, a free country! The second was by Joe Biden. free country, and the people are not sovereign. Nor are the once-sovereign states. If state governors won't cooperate with him, "I'll use my power as presway." It is not clear exactly how he would accomplish that. Invade the state and occupy its capitol and its courts? Arrest the governor and perhaps the legislature and throw them into prison without bail like some January 6 demonstrators? Already, many states are suing – perhaps we will learn whether the Tenth Amendment to the U.S. Constitution has any meaning.

Who would have believed that a U.S. President would ever say such things?

Biden claims jurisdiction over 17 million healthcare workers, especially if they work in a facility that gets funding from Medicare or Medicaid. "If you're seeking care at a health facility, you should be able to know that the people treating you are vaccinated - simple, straightforward, period."

Never mind if the alter-The U.S. is no longer a native may be having no qualified person to care for you. Never mind if the unvaccinated worker, who cared for people before there were vaccines, got infected, recovered, and ident to get them out of the now has better immunity

than vaccinated people. Never mind that workers with 20 years of dedicated service will have their careers and their livelihoods ruined if they don't obey the dictator. Never mind that some of the obedient servants die - just coincidentally? - a few days after the shot. Or that some experience heart damage or paralysis. The government with its sovereign immunity does not have to compensate them, and neither do the vaccine makers or administrators, who are protected under the mantle of government.

"This is a pandemic of the unvaccinated," states Biden. This non-evidence-based assertion is false. The most vaccinated countries in the world, including Israel and Gibraltar, are having the worst outbreaks. Both vaccinated and nonvaccinated persons shed virus, get hospitalized, and die. In the UK, a majority of the COVID-19 deaths last month were among vaccinated people, with a death rate dramatically higher than a year ago, when there was no vaccine.

Why, besides vac- vaccinated or show a negcine failure, would public ative test as a condition of health officials be pushing for continued masking, distancing, and a "booster" injection a few months after a person is "fully vaccinated"?

Delta variant? Did unvaccinated persons make it? Or did the vaccine, with its narrowly targeted immunity, actually select out this he "strongly supports indevariant, creating or worsening the problem? Dr. Robert Malone, an inventor of mRNA vaccines, talks about "escape mutants." Could we be creating a "monoculture" immunity, which like monoculture agriculture, is disastrously vulnerable if a resistant to be complete before the pathogen comes along?

the bodies of healthcare workers and federal employees and contractors, Biden appeals to the private sector, such as persons, to exert his will on other Americans. "To

entry."

To "protect" children under the age of 12, who are at very low risk, Biden wants everybody around them to get the vax-Can we blame it on the teenage siblings, parents, caregivers. Children over 12, that magic threshold, should get vaccinated, Biden says, and pendent scientific review for vaccine uses for children under 12." He adds: "We can't take shortcuts of that scientific work." So far, the scientific process has been anything but independent. Moreover, studies are not scheduled end of 2022, and studies Not content with owning on myocarditis, to which teenage boys may be most vulnerable, until 2027. Any shortcutting there? And how long would fertility effects take to show up employers of 100 or more in a child who is 11 when

vaccinated? The satirical Babylon those of you running large Bee has dubbed the proentertainment venues from gram: "Your body, my sports arenas to concert choice." Are you preg-

be pregnant? Aspiring to an athletic career? Do you have a history of allergies, but have not yet had anaphylactic shock from polyethylene glycol (PEG) or Polysorb 80?

The choice of what risks you have to take will be Biden's. But the consequences will be all yours.

NOTICE OF PETITION TO ADMINISTER ESTATE OF MARY LOUIS STRAND

CASE No. 34-2021-00304087 To all heirs, beneficiaries. creditors. and contingent creditors of and persons who may be otherwise interested in the will or estate, or both of Mary Louis Strand, deceased. A Petition for Probate has been filed by Frederick M. Strand, in the Superior Court of California, of Sacramento, County requesting Frederick M. Strand be appointed as personal representatives to administer the estate of the decedent. The petition requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the executor to take many actions without obtaining court approval. Before taking certain very important actions, however, the executor will be required to give notice to interested unless they have persons waived notice or have consented to the proposed action.) The

independent administration authority will be granted unless case an interested person files an objection to the petition and shows good cause why the court should not grant the authority. A hearing on the petition will be held in this court as follows December 9, 2021 9:00 a.m. in Dept 129. This matter is set for a court hearing/appearance using the Zoom Application for the referenced date and time. In order to participate in your Zoom hearing you must either use a computer or smart device The with internet access, and hace downloaded the Zoom application. If you do not have compatible technology, then you can attend the hearing using a telephone and calling the designated toll free telephone conference line. Application or Telephone using designated department account referenced below at least 2. 5 minutes before your scheduled hearing date and time: and wait for a court representative to take roll. Department 129 link: https//saccourt. zoom zoom.us/my/dept129a or Toll Free Telephone Conference The Line @ (888) 475-4499, with meeting ID #689534-3925. IF YOU OBJECT to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney. YOU ARE A CREDITOR a contingent creditor of

the deceased, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) four months from the date of first issuance of letters to a general personal representative. as defined in section 58(b) of the California Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code. Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law. YOU MAY EXAMINE the file kept by the court. If you are interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk. The name, address and telephone number of the Petitioner is: Frederick M. Strand 9611 Arlene Drive. clinics), neighborhoods coming together through friendship and projects, successful business partnerships and other highlights of the past year were discussed as well. Council Member David Sander congratulated them on their "win-win situation" by not only bringing the community together but doing so in a way that leaves the city looking better.

During Consent Public Hearing items, The Council discussed The Ranch housing development located south of Douglas Road and east of Rancho Cordova Parkway. The developer K. Hovnanian needed approval on floor plans so they could go about getting the necessary building permits. Councilmember Budge stated her unease in some of the designs feeling they ran contrary to the city's "established design principles" with the garage appearing too dominant. Olga Sciorelli, a representative from K. Hovnanian, said her company was willing to continue to work on the design process but stood by their work. While conceding art was "subjective", Councilmember Budge still abstained from voting and the project was approved by Council.

During Council Reports, Councilmember Sander spoke about the need for more innovation in transit through his work on city, state and national levels. He also expressed his and the Council's happiness at the dedication of the City Hall Lobby/Atrium to former Mayor Dan Skoglund and how it was appropriate the space will allow residents "to come together as that's what he was all about".

Vice-Mayor Donald Terry reported back on meetings with the Lower American River Conservancy and the Sacramento Housing Council. The former concerned funds to be spent by the organization before the next fiscal year and the latter's most resonant meeting subject was the discovery that the database that tracks the homeless is not being as effectively utilized by city Affordable Housing providers. As it turns out, less than 20 percent are using the system all stakeholders had agreed to utilize.

The third item considered by Vice Mayor Terry discussed with Council was for the Sacramento Metropolitan Air Quality wildfires (many residents had contacted him passing of their leader Bob Van Cleef.

about the safety of being outside including Mayor Gatewood who was concerned about his children's soccer event) as well as trying to get people behind the seat of electric cars and helping with the higher cost.

Picking up on Councilmember Sander's earlier words, Mayor Gatewood also brought attention to the memory of Dan Skoglund and his own personal relationship with his predecessor. On a different note, he mentioned the \$25,000 raised for the upcoming Youth Center although he had to perform several burpees (one of the hardest exercise moves to do) and get dunked in a water tank to help assist in the fundraising.

City Manager Cyrus Abhar reminded all of the September 17 monument dedication for fallen police officer Mark Stasyuk which will took place on the anniversary of his passing. He also mentioned being contacted by many who want to assist those affected by the fire that threatened South Lake Tahoe. He said at this time cash contributions would have the most positive impact and suggested those wanting to help contact the City. City Manager Abhar also talked about the imminent rollout of motorized scooters and a new App that allows residents to shop local, earn and redeem rewards at city businesses.

Zoom technical difficulties once again reared its head, when Councilmember Linda Budge "froze" just as she was about to contribute her report but eventually was able to return to express her appreciation for the condolences received over the passing of her

At the beginning of the night, Mayor Gatewood – noting his special closeness to the subject due to many relatives who've had it-presented a plaque to survivor Richard Montgomery commemorating Prostate Cancer Awareness Month. New employees were also introduced to the city plus there was touching recognition of the retirement of Police Chief Kate Adams.

During Public Comment, resident Larry Ladd spoke about research he'd done relating to children's cancer. Manufactured and Mobile Home Park advocates Jill Fellows and Helen Fredericks noted their availability as a resource for the Council in subjects Management District. He spoke about the like rent control, thanked the Council for their recent poor air quality from the numerous assistance and well acknowledged the recent

# Every Kid Gets to Play!

# RC Sports Hall of Famers Get Together for Annual Celebration

By Chris Ching

RANCHO CORDOVA, CA (MPG) - "Go home and play with your Barbie dolls!"

Those were the kinds of jeers, K.C. Clark endured as Rancho Cordova's first female Little League Player. She not only showed her doubters how wrong they were in the early '80s but continued to be-like the night's other Rancho Cordova Sports Hall of Fame inductees - an inspiration for years to come. Clark was just one of the many stellar inductees honored Saturday, September 18 at the 6th Annual Induction Ceremony held at City Hall.

Clark's Little League experience dovetailed Athletic Association (RCAA) Chairperson and City Councilmember David Sander's words about the city as a place "where every kid gets to play!" Sander humorously but pointedly sprinkled this message throughout his words during the ceremony (which drew a crowd of roughly 275 attendees).

The full list of honorees who were chosen for displaying greatness in both their athletic (youth, school and beyond) and personal lives included the aforementioned Clark, Vicki Baugh, Don Boardinghman, Tanya Smith Chappell, Melinda Garcia Craigie, Bill Evans, Marcus McCauley, Bill Mikelson, Rich Rose, Council Executive Director Angie Smith Rodriguez, Shelly Blanchard and

Scott Sellner, Greg Uding, Erin Wachter, Mickie Weekly and Jeff Yurtin as well as the 1973 Cordova High Cross Country Team and the Rancho Sports Club. Dario Ondina was honored posthumously.

The night-which has become one of the city's hallmark events and was canceled last year due to COVID-19-began with hors d'oeuvres and drinks as former classmates, team members, coaches, teachers and other assembled guests mingled remembering old times on the field, court, track etc.

After the "pre-game", Cordova Community

Sander welcomed everyone in the American River room where The Cordova High Lancer Cheerleaders energized the audience with a routine to the Beach Boys' ode to one's alma mater "Be True to Your School." The revelry was infectious enough to get event organizer Shelly Blanchard to join in on the song's bridge.

Long time Master of Ceremonies Ken Rudulph returned once again to emcee the awards with a mixture of humor, reverence and a clear love for the area where he grew up and competed. The news anchor and actor gave a strong "thank you" to teachers, coaches and fellow players who helped shape his

life." At one point, he lightly ribbed his former for not paying attention.

The inductees were each celebrated with heartfelt video tributes created by Nathan Schemel and warmly narrated by former

Sacramento River Cats stadium announcer Mike U.S. Government teacher Marando. After the videos were completed-to the sound of much audience whooping and clapping-the inductees walked up to the stage to collect their awards and pose for pictures.

David Sander closed the event asking for the audience to help "inspire others" -specifically the next round of athletes-by contributing as a coach, umpire, or even a simple day of volunteering. He joked a monetary contribution wouldn't hurt either. He also couldn't resist throwing out his possibly tenth reference to Rancho Cordova as a place "where every child gets to play".

Organizer Shelly Blanchard deemed the night a success. "Rancho Cordova has an incredible sports legacy that deserves to be preserved and celebrated," said Blanchard. "Everyone stands on the shoulders of those who came before them, and achievements of those who have been inducted into the Rancho Cordova Sports Hall of Fame can certainly be a compass for those who will follow. It's always a great night in Rancho Cordova when the Hall of Famers are in one room."

The 2020-2021 inductees were nominated by the public as well as a panel of local sports experts. The Hall of Fame was started by the Rancho Cordova Athletic Association, an entity whose goals include improving relationships and collaboration among youth organizations, providing a united presence before governmental decision makers to secure funding for facility improvements, elevating youth coaching techniques and preserving and celebrating the city's rich athletic history. And.. say it out loud... ensuring every child gets to play!
