

DON'T WORRY, BE HAPPY

“Designer Laura Buckner creates Happy Woman Jewelry with her husband Tim. They use precious and semi-precious gemstones to create one-of-a-kind designs. The gemstones and pearls are handpicked from traders and friends who travel the globe.

Laura and Tim are pursuing their life's dream. Deep in the heart of Northern California, their solar powered home and jewelry studio is surrounded by fruit trees, gardens, oak woodlands and vineyards. They grow most of their own food, preserving their produce throughout the summer and fall months. Tim brings 30 years of experience as a Ranch and Vineyard Manager to the business and delights in creating jewelry with Laura, in his own distinct style. Both have a passion for the work they do.

Laura launched her Happy Woman Jewelry line in 1995. Some galleries have now carried her work for over 15 years. Happy Woman Jewelry is available throughout Northern California in galleries, museums and gift stores, including in Enjoy the Store.

We are proud to support our community by donating our jewelry to non-profit organizations and schools in the region. A few of the recipients include: The Cancer Resource Center- Pure Mendocino, Event of the Heart- MCAVN, National Women's Political Caucus- Women's History Gala, Willits Center for the Arts, Grace Hudson Elementary School.”

Enjoy the Store, Redding currently has a variety of Happy Woman's earrings for sale. Come check them out today!
