

WARRANT
ANNUAL TOWN MEETING
TOWN OF DRACUT
JUNE 5, 2017

TO: ANY CONSTABLE IN THE TOWN OF DRACUT

Greetings:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of said Town who are qualified to vote in elections and in Town affairs to meet at the Lester G. Richardson Center for the Performing Arts, Dracut High School, 1540 Lakeview Avenue, on Monday, June 5, 2017 at 7:30 P.M., then and there to act on the following articles:

ARTICLE #1:

To see if the Town will vote to waive the reading of the Town Meeting Articles as printed in the warrant; or act in any other way relative thereto.

Submitted by Kathleen M. Graham, Town Clerk

Recommendations:

ARTICLE #2:

To see if the Town will vote to hear the report of the Town Accountant, the Board of Selectmen, and any other committee having a direction from previous Town Meetings; or act in any other way relative thereto.

Submitted by Kathleen M. Graham, Town Clerk

Recommendations:

Article #24 Referred from November 1, 2016 Annual Town Meeting:

ARTICLE #24:

To see if the Town will vote to adopt Chapter 24, Yard Sales, within the Town of Dracut Bylaws as follows:

CHAPTER 24:

24.01: Yard Sales

24.02

Definition. A “yard sale” is defined as the offering for sale, trade or exchange new or used goods, articles, or wares at any residential location. For the purposes of this Bylaw, tag sales, garage sales and similar terminology shall be included in this definition for “yard sale”.

24.03

It shall be unlawful for any person to conduct a yard sale, within the Town of Dracut without first obtaining a license from the Town Clerk. The Town Clerk shall enforce the provisions of this Section and shall forward to the Police Department the names of approved licenses.

24.04

Not less than three (3) days prior to the date of proposed sale, in all zoning districts, an applicant for a license shall apply at the Town Clerk’s office for such license, setting forth the name and address of the applicant, the location, and date of the proposed yard sale. Upon validation by the Town Clerk, the application becomes a license. The license shall be issued to the applicant and shall be posted on the premises during the sale. Licenses shall be issued only at the Clerk’s office during usual business hours.

24.05

At the time of filing of the application each applicant shall pay a license fee of \$25.00 to the Town of Dracut. The time of the yard sale shall be limited: Monday through Saturday from 8:00 A.M. to 5:00 P.M. and Sunday from 10:00 A.M. to 5:00 P.M. A yard sale shall be conducted at the same residential location no more than two (2) days in any calendar year and may not be held on consecutive weekends.

WARRANT
ANNUAL TOWN MEETING
TOWN OF DRACUT
JUNE 5, 2017

ARTICLE #24 (Cont'd):

24.06

Yard sale signs shall not be put up more than 48 hours prior to the start of the sale. Signs, including staples, nails, etc. shall be removed by 7:00 p.m. on the date of the sale. Signs shall not be affixed to any public property nor placed in such a manner as to obstruct the view of pedestrian or vehicular traffic.

24.07

Violation of Chapter 2, Section 07 of the General By-Laws is subject to a fine of \$25.00 per offense. Each day or portion of a day that any violation is allowed to continue shall constitute a separate offense. The Town Clerk, working with the Police Department, shall enforce the provisions of this Bylaw.”; or act in any other way relative thereto.

Submitted by James A. Duggan, Town Manager

Recommendations:

ARTICLE #24: Referred from November 1, 2016 Annual Town Meeting:

Unanimously, the Town voted to refer Article #24 to a committee to be appointed by the Moderator to study and report at the next Town Meeting.

Submitted by Alison Hughes, Chair, Board of Selectmen

Board of Selectmen recommended referral

Committee on Government Rules & Regulations recommended referral

ARTICLE #3:

To see if the Town will vote to authorize the Town Treasurer to enter into compensating balance agreements during the fiscal year beginning July 1, 2017, as permitted by General laws, Chapter 44, Section 5F; or act in any other way relative thereto.

Submitted by Ann M. Vandal, Assistant Town Manager

Recommendations:

ARTICLE #4:

To see if the Town will vote to fix the salaries and compensation of all elective officers of the Town, as provided by General Laws, Chapter 41, Section 108, as amended, to be effective July 1, 2017, and to raise and appropriate such sums of money under the various departments shown below; or act in any other way relative thereto.

Moderator:	\$ 550.00
Board of Selectmen:	\$2,000.00
School Committee:	\$2,000.00

Submitted by James A. Duggan, Town Manager

Recommendations:

ARTICLE #5:

To see if the Town will vote to raise and appropriate, borrow and/or transfer from Special Revenue, Receipts Reserved, Trust, Agency, Stabilization and Enterprise Funds, such sums of money as may be necessary to defray Town charges and expenses for the fiscal year beginning July 1, 2017, and to make appropriations for the same; or act in any other way relative thereto.

Submitted by James A. Duggan, Town Manager

Recommendations:

ARTICLE #6:

To see if the Town will vote to appropriate from free cash a sum of money for the fiscal year beginning July 1, 2016; said sum of money to be used for the FY 2017 snow and ice deficit; or act in any other way relative thereto.

Submitted by James A. Duggan, Town Manager

Recommendations:

WARRANT
ANNUAL TOWN MEETING
TOWN OF DRACUT
JUNE 5, 2017

ARTICLE #7:

To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to operate the Sewer Department for the fiscal year beginning July 1, 2017; or act in any other way relative thereto.

Submitted by James A. Duggan, Town Manager
Recommendations:

ARTICLE #8:

To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to operate the Kenwood Water Department for the fiscal year beginning July 1, 2017; or act in any other way relative thereto.

Submitted by James A. Duggan, Town Manager
Recommendations:

ARTICLE #9:

To see if the Town will vote to raise and appropriate, borrow and/or transfer from available funds, a sum of money with said sum to be used for the Town's Chapter 90 Program, reconstruction and improvement of Town roads and/or sidewalks, said sum to be reimbursed on a 100% basis by the Commonwealth of Massachusetts; or act in any other way relative thereto.

Submitted by James A. Duggan, Town Manager
Recommendations:

ARTICLE #10:

To see if the Town will vote to accept the provisions of Chapter 44, Section 53F1/2 of Massachusetts General Laws establishing Storm Water Control as an Enterprise Fund effective Fiscal Year 2018; or act in any other way relative thereto.

Submitted by James A. Duggan, Town Manager
Recommendations:

ARTICLE #11:

To see if the Town will vote to appropriate from free cash a sum of money for the fiscal year beginning July 1, 2017; said sum of money to be used for the implementation of Storm Water Control Program; or act in any way relative thereto.

Submitted by James A. Duggan, Town Manager
Recommendations:

ARTICLE #12:

To see if the Town will vote to accept the provisions of Chapter 40, Section 58 of Massachusetts General Laws, so the Town of Dracut may impose a lien on real property for unpaid storm water fees; or act in any way relative thereto.

Submitted by James A. Duggan, Town Manager
Recommendations:

ARTICLE #13:

To see if the Town will vote to raise and appropriate, transfer from available funds, borrow, or otherwise a sum of money for the purpose of funding the conversion of existing streetlights to energy efficient and long lasting LED, same to be spent under the direction of the Town Manager, or act in any other manner in relation thereto.

Submitted by James A. Duggan, Town Manager
Recommendations:

WARRANT
ANNUAL TOWN MEETING
TOWN OF DRACUT
JUNE 5, 2017

ARTICLE #14:

To see if the Town will vote to raise and appropriate, borrow and/or transfer from available funds, a sum of money to be used for the repayment of medical bills that have been incurred pursuant to General Laws, Chapter 41, Section 100, and are outstanding from previous years; or act in any other way relative thereto.

Submitted by James A. Duggan, Town Manager
Recommendations:

ARTICLE #15:

To see if the Town will vote to appropriate or transfer a sum of money from available “offset receipts” for the fiscal year beginning July 1, 2017, to be used in accordance with the provisions of General Laws, Chapter 44, Section 53E; or act in any other way relative thereto.

Submitted by James A. Duggan, Town Manager
Recommendations:

ARTICLE #16:

To see if the Town will vote to authorize the payment of an unpaid bill for FY16 in the amount of \$140.00 (One-Hundred and Forty Dollars), to Vertical Communications, who provided the Dracut Police Department with telephone system and support; or act in any way relative thereto.

Submitted by James A. Duggan, Town Manager
Recommendations:

ARTICLE #17:

To see if the Town will vote to appropriate from the Equipment Stabilization Fund a sum of money to fund the FY2018 costs of purchasing equipment for the Fire Department and/or Public Works Department; or act in any way relative thereto.

Submitted by James A. Duggan, Town Manager
Recommendations:

ARTICLE #18:

To see if the Town will vote to appropriate a sum of money from the Technology Stabilization Fund to fund the FY2018 costs of purchasing and installing fiber optic, VOIP and peripherals for the School Department; or act in any way relative thereto.

Submitted by James A. Duggan, Town Manager
Recommendations:

ARTICLE #19:

To see if the Town will vote to act on the report of the Community Preservation Committee on the fiscal year 2018 Community Preservation Budget and to appropriate or reserve for later appropriation monies from Community Preservation Fund annual revenues or available funds for the administrative expenses of the Community Preservation Committee, the payment of debt service, the undertaking of community preservation projects and all other necessary and proper expenses for the year; or act in any other way relative thereto.

Submitted by Community Preservation Committee
Recommendations:

ARTICLE #20:

To see if the Town will vote to declare surplus to the Town’s needs a building and land, located at 11 Spring Park Avenue, and known as the “Dracut Centre School” or the “Town Hall Annex”. The building, a former elementary school, has been vacant for the past several years. If declared surplus, the Town will issue a Request for Proposals (RFP) to reuse the property for affordable residential units, with a preference for Dracut veterans.

WARRANT
ANNUAL TOWN MEETING
TOWN OF DRACUT
JUNE 5, 2017

ARTICLE #20 (Cont'd):

The property is further described in Book 294, Page 486 recorded in the Middlesex North Registry of Deeds and is also noted as GIS ID 50-0-122 in the Town's Geographic Information Systems database. The land acquired by the Inhabitants of the Town of Dracut in 1898 from Emma Jane Boardman, for the price of \$1.00, for the construction of a four-room schoolhouse. The schoolhouse was constructed in 1900.

The property contains 29,800 square feet, which is assessed for \$172,700; the building is assessed for \$191,900, for a total assessed value of \$364,600; or take any other action relative thereto.

Submitted by James A. Duggan, Town Manager
Recommendations:

ARTICLE #21:

To see if the Town will vote to approve up to \$200,000.00 (Two Hundred Thousand Dollars) for the preservation and rehabilitation of the exterior of the former Dracut Center School/Town Hall Annex, with all work to be completed to meet the *Secretary of the Interior's Standards for Rehabilitation*. A preservation restriction is also to be placed on the property in accordance with Massachusetts General Laws, Chapter 44B; or to take any other action relative thereto.

Submitted by Helen Dunlap, Chair, Community Preservation Committee
Recommendations:

ARTICLE #22:

To see if the Town will vote to approve \$50,000.00 (Fifty Thousand Dollars) of Community Preservation Act funds to be used to update Dracut's Master Plan; or to take any other action thereto.

Submitted by Helen Dunlap, Chair, Community Preservation Committee
Recommendations:

ARTICLE #23:

To see if the Town will vote to authorize the Board of Selectmen to acquire the following land parcels and/or rights in land parcels for the purpose of obtaining a secure and public right of way. This will allow for reconstruction and roadway safety improvements for Arlington Street, Dracut, MA.

	Total Parcels	Area (Square Feet)
Permanent Easement	1	<u>176+/-</u>

Further, that the Selectmen may acquire the parcel, or modify this parcel or other required parcel through all legal means. This included donations, purchase or eminent domain. The subject parcel is currently identified on a plan drafted by Aho Surveying dated.....entitled "Layout and Plan of Easement, 144 Arlington Street, Dracut, Massachusetts"; or act in any way other way relative thereto.

Submitted by James A. Duggan, Town Manager
Recommendations:

ARTICLE #24:

To see if the Town will vote to accept the layout, hereinafter described, of the northerly side of Arlington Street from the intersection of Broadway Road and Arlington Street to a point approximately 175' west of the intersection of Broadway Road and Arlington Street needed for intersection improvements, made by the Board of Selectmen under the provision of Massachusetts General Laws, Chapter 41 § 75, relating to street layouts, filed in the office of the

ARTICLE #24 (cont'd):

Town Clerk, and which plans therein mentioned are hereby referenced for more particular description, "Layout and Plan of Easement, 144 Arlington Street, Dracut Massachusetts, prepared for the Town of Dracut Mass., prepared by Aho Surveying 62 Cricket Lane, Dracut, MA 01826; or act in any other way relative thereto.

Submitted by James A. Duggan, Town Manager
Recommendations:

ARTICLE #25:

To see if the Town of Dracut will vote to include within the General Bylaw a new Chapter 24, which shall be entitled "Stormwater and Erosion Control By-Law" as follows:

"Stormwater and Erosion Control By-Law

Section I. Purpose

A. The purpose of this By-Law is to protect, maintain and enhance the public health, safety, environment and general welfare of the Town by establishing minimum requirements and procedures to control the adverse effects of soil erosion and sedimentation, construction site runoff, increased post-development stormwater runoff and nonpoint source pollution associated with new development and redevelopment. It has been determined that proper management of stormwater runoff will minimize damage to public and private property and infrastructure, safeguard the public health, safety, environment and general welfare of the public, protect water and aquatic resources, protect and enhance wildlife habitat, and promote groundwater recharge to protect surface and groundwater drinking supplies. This Bylaw seeks to meet that purpose through the following objectives:

1. Establish a mechanism by which the municipality can monitor and ensure compliance with requirements of its National Pollutant Discharge Elimination System (NPDES) General Permit for Stormwater Discharges from Small Municipal Separate Storm Sewer Systems (MS4) and other applicable State and Federal mandates.
2. Establish decision-making processes surrounding land development activities that protect the integrity of the watershed and preserve the health of water resources.
3. Require that new development, redevelopment and other land alteration activities maintain the after-development runoff characteristics as equal to or less than the pre-development runoff characteristics where appropriate in order to reduce flooding, stream bank erosion, siltation, nonpoint source pollution, property damage, and to maintain the integrity of stream channels and aquatic habitats.
4. Establish minimum post-development stormwater management standards and design criteria for the regulation and control of stormwater runoff quantity and quality; establish minimum design criteria for the protection of properties and aquatic resources downstream from land development and land conversion activities from damages due to alterations in volume, velocity, frequency, duration, and peak flow rate of storm water runoff; establish minimum design criteria for measures to eliminate or minimize to the extent feasible nonpoint source pollution from stormwater runoff which would otherwise degrade water quality.
5. Establish design and application criteria for the construction and use of structural stormwater control facilities that can be used to meet or exceed the minimum post-development stormwater management standards, as established by the Massachusetts Department of Environmental Protection (DEP) and by any site plan or subdivision requirements, bylaws or rules and regulations as adopted by the Dracut Planning Board, Board of Selectmen, Zoning Board of Appeals, Dracut Conservation Commission or any relevant land use board or committee..

WARRANT
ANNUAL TOWN MEETING
TOWN OF DRACUT
JUNE 5, 2017

ARTICLE #25 (cont'd):

6. Encourage the use of nonstructural stormwater management, better site design practices or “low-impact development practices”, such as reducing impervious cover, increasing site-wide infiltration, and preserving open space and other natural areas, to the maximum extent practicable.
 7. Promote water conservation through the re-use of stormwater for irrigation.
 8. Establish provisions that require practices that eliminate soil erosion and sedimentation and control the volume and rate of stormwater runoff resulting from land disturbance activities.
 9. Establish provisions to ensure that soil erosion and sedimentation control measures and stormwater runoff control practices are incorporated into the site planning and design process and are implemented and maintained.
 10. Establish provisions for the long-term responsibility for and maintenance of structural stormwater control facilities and nonstructural stormwater management practices to ensure that they continue to function as designed, are maintained, and pose no threat to public safety or the environment.
 11. Establish provisions to ensure there is an adequate funding mechanism, including surety, for the proper review, inspection and long-term maintenance of stormwater facilities implemented as part of this By-Law.
 12. Establish administrative procedures for the submission, review, approval or disapproval of stormwater management plans, erosion and sediment controls, and for the inspection of approved active projects, and long-term follow up; establish certain administrative procedures and fees for the submission, review, approval, or disapproval of stormwater plans, inspection of construction sites, and the inspection of approved projects.
-
13. Ensure that construction and waste materials, toxic materials, hazardous materials, and other pollutants are prevented from mixing with stormwater runoff, which would degrade water quality.
 14. Establish certain administrative procedures and fees for the submission, review, approval or disapproval of stormwater plans and the inspection of approved projects.
 15. Establish the Town of Dracut’s legal authority and capacity to ensure compliance with the provisions of this By-Law through funding, permitting, inspection, monitoring, and enforcement.

B. Compatibility with other permit and bylaw requirements.

This bylaw is not intended to interfere with, abrogate or annul any other bylaw, rule or regulation, statute or other provision of the law. The requirements of this bylaw shall be considered minimum requirements and where any provision of this bylaw imposes restrictions different from those imposed by any other bylaw, rule, regulation or other provision of law, whichever provisions are more restrictive or impose higher protective standards for human health, public safety or the environment shall be considered to take precedence.

Section II Definitions

The following definitions shall apply in the interpretation and implementation of this By-Law. Additional definitions may be adopted by separate regulation:

ALTER: Any activity that will measurably change the ability of a ground surface area to absorb water, will change existing surface drainage patterns, or will increase or decrease the rate or volume of flow from a site. Alter may be similarly represented as “alteration of drainage characteristics,” and “conducting land disturbance activities.”

WARRANT
ANNUAL TOWN MEETING
TOWN OF DRACUT
JUNE 5, 2017

ARTICLE #25 (cont'd):

APPLICANT: A property owner or duly designated agent who has filed an application for a stormwater management permit with the Town of Dracut.

BEST MANAGEMENT PRACTICE (BMP): Structural, non-structural and managerial techniques that are recognized to be the most effective and practical means to prevent and/or reduce increases in stormwater volumes and flows, reduce point source and nonpoint source pollution, and promote stormwater quality and protection of the environment. "Structural" BMPs are devices that are engineered and constructed to provide temporary storage and treatment of stormwater runoff. "Nonstructural" BMPs use natural measures to reduce pollution levels, do not require extensive construction efforts, and/or promote pollutant reduction by eliminating the pollutant source.

BETTER SITE DESIGN: Site design approaches and techniques, including low-impact development (LID) that can reduce a site's impact on the watershed through the use of nonstructural stormwater management practices. Better site design includes conserving and protecting natural areas and green space, reducing impervious cover, using natural features for stormwater management, and providing site-wide infiltration.

CONVEYANCE: Any structure or device, including pipes, drains, culverts, curb breaks, paved swales or man-made swales of all types designed or utilized to move or direct stormwater runoff or existing water flow.

DEVELOPMENT: Any construction that disturbs or alters a parcel of land.

DISTURBANCE OF LAND (Land Disturbance): Any action causing any removal of vegetation including tree and brush clearing; importation, removal or redistribution of soil, sand, rock, gravel or similar earth material.

EMERGENCY REPAIR: A condition that poses a threat to public health and/or safety. Such conditions include, but are not limited to, a utility gas leak, electric problem, collapsed or blocked drain, water leak, etc.

EXISTING LAWN: Grass area which has been maintained and mowed in the previous two years.

ILLICIT CONNECTION: Any drain or conveyance, whether on the surface or subsurface, which allows an illicit discharge to enter the municipal storm drain system, including, but not limited to, any conveyance which allows any non-stormwater discharge, such as sewage, processed wastewater and other wastewater products to enter the municipal storm drain system and any connections to the municipal storm drain system from indoor drains and sinks, regardless of whether said drain or connection has been previously allowed, permitted, or approved by an authorized enforcement agency.

ILLICIT DISCHARGE: Any direct or indirect non-stormwater discharge to the storm drain system or water body, except as exempted in the stormwater rules and regulations.

IMPERVIOUS/IMPERVIOUS COVER: Any material or structure on, above or below the ground that prevents water from infiltrating through the underlying soil. Impervious surface is defined to include, without limitation: paved surfaces (parking lots, sidewalks, and driveways), concrete, brick, stone, and roof tops.

INFILTRATION: The act of conveying surface water into the ground to permit groundwater recharge and the reduction of stormwater runoff from a project site.

LOW IMPACT DEVELOPMENT (LID): An ecosystem-based approach to land development and stormwater management that ensures that each development site is designed to protect, or restore, the natural hydrology of the site. This can be achieved by the incorporation of non-structural and natural approaches to new and redevelopment projects to reduce adverse effects on

WARRANT
ANNUAL TOWN MEETING
TOWN OF DRACUT
JUNE 5, 2017

ARTICLE #25 (cont'd):

water quality and the natural environment by conserving natural areas, reducing impervious cover and better integrating stormwater treatments.

MASSACHUSETTS STORMWATER MANAGEMENT STANDARDS: The latest version as may be amended from time to time of the Stormwater Management Standards and accompanying Stormwater Handbook issued by the Department of Environmental Protection pursuant to authority under the Wetlands Protection Act, M.G.L. c. 131, § 40, and the Massachusetts Clean Waters Act, M.G.L. c. 21, §§ 26-56. The Stormwater Management Standards are incorporated in the Wetlands Protection Act Regulations, 310 CMR 10.05(6)(k) and the Water Quality Certification Regulations, 314 CMR 9.06(6)(a) and address stormwater impacts through implementation of performance standards to reduce or prevent pollutants from reaching water bodies and control the quality of runoff from a site.

MUNICIPAL SEPARATE STORM SEWER SYSTEM (MS4) or MUNICIPAL STORM DRAIN SYSTEM: The system of conveyances designed or used for collecting or conveying stormwater, including any road with a drainage system, street, gutter, curb, inlet, piped storm drain, pumping facility, retention or detention basin, natural or man-made or altered drainage channel, reservoir, and other drainage structure that together comprise the storm drainage system owned or operated by the Town of Dracut.

NEW DEVELOPMENT: Any construction or land disturbance of a parcel of land, including all projects requiring municipal site plan review, that is currently in a natural vegetated state and does not currently contain alteration by man-made activities at the location of the proposed land disturbance.

NONPOINT SOURCE POLLUTION: Pollution from many diffuse sources caused by rainfall, snowmelt, or other method of pollutant transport moving over and through the ground. As the runoff moves, it picks up and carries away natural and human-made pollutants, finally depositing them into water resource areas.

NON-STORMWATER DISCHARGE: Discharge to the Town of Dracut municipal storm drain system not composed entirely of stormwater.

NORMAL MAINTENANCE: Activities that are regularly scheduled to maintain the health and condition of a landscaped area. Examples include removal of weeds or invasive species, pruning, mowing, raking, and other activities that are done at regular intervals within the course of a year.

PERSON: Includes any individual, group of individuals, association, partnership, corporation, company, business organization, trust, estate, the Commonwealth or political subdivision thereof to the extent subject to town bylaws, administrative agency, public or quasi-public corporation or body,

PRE-DEVELOPMENT: The conditions that exist prior to the proposed disturbance activity. Where phased development or plan approval occurs (preliminary grading, roads and utilities, etc.), the existing conditions at the time prior to the first plan submission shall establish pre-development conditions.

POST-DEVELOPMENT: The conditions that reasonably may be expected or anticipated to exist after completion of the land development activity in accordance with approved plans on a specific site or tract of land. Post-development refers to the phase of a new development or redevelopment project after completion, and does not refer to the construction phase of a project.

RECHARGE: The replenishment of underground water reserves.

RECONSTRUCTION: Any action causing complete removal and replacement of paved surfaces, such as driveways, parking areas and roads.

WARRANT
ANNUAL TOWN MEETING
TOWN OF DRACUT
JUNE 5, 2017

ARTICLE #25 (cont'd):

REDEVELOPMENT: Any construction, alteration, or improvement on a previously-developed site which contains impervious cover, including all projects requiring Town of Dracut reviews and provided that the activity does not involve an increase in the net amount of impervious cover.

RUNOFF: Rainfall or snowmelt water flowing over the ground surface or other source which may result in transport of pollutants.

SITE: The entire parcel of land being developed and/or where land-disturbing activities are, or will be performed.

STOCKPILING: The storage of unsecured material for future use, excluding the storage of materials 10 cubic yards or less when secured utilizing erosion controls to prevent erosion of material.

STORMWATER MANAGEMENT: The use of structural or non-structural practices that are designed to control or treat stormwater runoff pollutant loads, discharge volumes, and/or peak flow discharge rates. Stormwater Management includes the use of Low-Impact Development (LID) management practices.

STORMWATER PERMITTING AUTHORITY (SWPA): The entity who reviews and issues stormwater management permits in accordance with this bylaw and the related rules and regulations.

STORMWATER MANAGEMENT PERMIT (SMP): A permit issued by the Stormwater Permitting Authority (SWPA), after review of an application, plans, calculations, and other supporting documents, which is designed to protect the environment of the Town from the deleterious effects of uncontrolled and untreated stormwater runoff.

Section III. Authority

This By-Law is adopted under authority granted by the Home Rule Amendment of the Massachusetts Constitution and the Home Rule statutes, and pursuant to the regulations of the federal Clean Water Act found at 40 CFR 122.34., and as authorized by the residents of the Town of Dracut at Town Meeting dated June 5, 2017.

Section IV. Applicability

A. No person shall alter land above the thresholds established within the Town of Dracut without having obtained a stormwater management permit (SWP). The Stormwater Permitting Authority may seek input from town departments during the review of the storm water permit application. Town departments shall provide input to the Stormwater Permitting Authority, upon request.

Where a project is subject to Site Plan Approval, Definitive Subdivision or Special Permit Approval from the Planning Board, Board of Selectmen, the Zoning Board of Appeals and/or any application to the Conservation Commission, the Stormwater Regulations adopted by the Stormwater Permitting Authority shall apply and the stormwater review shall be completed as part of the Planning Board, Board of Selectmen and Zoning Board of Appeals process provided that the applicable Board also finds that the activity is in compliance with any additional performance standards contained in the Regulations promulgated to implement this By-Law.

B. For projects not subject to Site Plan Approval, Definitive Subdivision or Special Permit Approval from the Planning Board, Board of Selectmen, Zoning Board of Appeals or any application to the Conservation Commission, this By-Law shall be applicable to all new development and redevelopment, land disturbance and any other activity that may result in an increased amount of stormwater runoff or pollutants, or changes to drainage characteristics causing an increases in runoff, flowing from a parcel of land, unless exempt pursuant to Section V of this By-Law. This By-Law shall apply to land or parcels of land that are held in common ownership (including ownership by related or jointly-controlled persons or entities) as of the effective date of this By-Law, if the total land-disturbing activities on said land or parcels,

WARRANT

ARTICLE #25 (cont'd):

considered as a whole, would presently or ultimately exceed the minimum thresholds in Section IV.C and are not exempted by Section V. A development shall not be segmented or phased in a manner to avoid compliance with the By-Law.

C. Storm Water Management Permit Thresholds - A Storm Water Management Permit shall be required for any of the following, except for an activity exempt per Section V:

1. Construction of any new dwelling or new dwelling replacing an existing dwelling in conformance with 2.16.22- 2.16.25 inclusive of the Dracut Zoning Bylaws;
2. Any land disturbance exceeding an area of 20,000 square feet;
3. Creation of new impervious surface area equal to or greater than 2,500 square feet in total, cumulative over a period of five years or less;
4. The addition or on-site redistribution of more than 500 cubic yards of earth materials including, but not limited to, sand, gravel, stone, soil, loam, clay, sod, fill and mineral products;
5. Reconstruction of public or private way;
6. Reconstruction or replacement of existing non-residential parking lots, including associated driveways, greater than 2,500 square feet.

Section V. Exemptions

A. Exemptions from this By-Law apply to the following activities, provided that a project is solely comprised of any one of these activities:

1. Normal maintenance and improvement of land in agricultural use as defined by the Wetlands Protection Act Regulations at 310 CMR 10.04 (“Agricultural”) and the conversion of additional land to agricultural use, when undertaken in such a manner as to prevent erosion and siltation through the use of Best Management Practices recommended by the U.S. Department of Agriculture Natural Resources Conservation Service or the Massachusetts Department of Agricultural Resources.
2. Any work or projects for which all necessary approvals and permits were issued before the effective date of this By-Law.
3. Normal maintenance of existing landscaping, gardens or lawn areas
4. Construction of any fence that will not alter existing terrain or drainage patterns.
5. Construction of utilities (gas, water, sanitary sewer, electric, telephone, cable television, etc.) other than drainage which will not alter terrain, ground cover, or drainage patterns, so long as BMPs are used to prevent erosion, sedimentation and release of pollutants.
6. Emergency repairs to any existing utilities (gas, water, sanitary sewer, electric, telephone, cable television, etc.) and emergency repairs to any stormwater management facility that poses a threat to public health or safety, designated by the SWPA. Where such activity is subject to the jurisdiction of the Conservation Commission, the work shall not proceed without the issuance of an Emergency Certification by the Commission.
7. The maintenance or resurfacing (not including reconstruction) of any public or private way;
8. The maintenance or resurfacing (not including reconstruction) of any public or private driveways;

WARRANT
ANNUAL TOWN MEETING
TOWN OF DRACUT
JUNE 5, 2017

ARTICLE #25 (cont'd):

Section VI. Fees

A. Filing Fee.

At any time of an application, the applicant shall pay a filing fee pursuant to a fee schedule, which shall be determined by the Stormwater Permitting Authority and approved by the Board of Selectmen. Any subsequent changes to the fee schedule shall be submitted to the Board of Selectmen for approval.

Application fees shall be deposited into an Enterprise fund, which shall be established specifically for this purpose.

B. Consultant Fee.

Pursuant to the rules and regulations promulgated by the Stormwater Permitting Authority, reasonable fees may be imposed upon applicants for the purposes of securing outside consultants including, engineers or other experts, in order to aid in the review of proposed projects. The Stormwater Permitting Authority shall follow the provisions of the Massachusetts General Laws, Chapter 44, Section 53G in securing a consultant to review the project.

Additional consultant fees may be requested where the requisite review is more expensive than originally calculated or where new information requires additional consultant services.

Only costs relating to consultant work done in connection with a project for which a consultant fee has been collected shall be paid from this account and expenditures may be made at the sole discretion of the Stormwater Permitting Authority (SWPA). Any consultant hired under this provision shall be selected by and report exclusively to the Stormwater Permitting Authority (SWPA). The Stormwater Permitting Authority shall provide applicants with written notice of the selection of the consultant, identifying the consultant, the amount of the fee to be charged to the applicant and a request for payment of the fee. Notice shall be deemed to have been given on the date it is mailed or delivered. The applicant may withdraw the application or request within five (5) business days of the date of notice is given without incurring any costs or expenses.

Section VI. Administration

A. The Town Manager shall be the appointing authority for the Stormwater Permitting Authority. The Stormwater Permitting Authority is responsible for the administration, implementation, and enforcement of this By-Law. Meetings of the Stormwater Permitting Authority shall be subject to the Massachusetts Open Meeting Law, MGL Ch. 30A, §§ 18-25.

B. Stormwater Permitting Authority (SWPA). The SWPA shall consist of (7) seven members, five of whom shall permanently be the Town Engineer, Director of Public Works or his appointee, the Director of Community Development, the Conservation Agent, and the Public Health Director. Two (2) additional members shall be a residents of the Town of Dracut and each shall possess a degree in landscape architecture, environmental or civil engineering, environmental science or equivalent qualifications appointed by the Town Manager serving a (3) year term. The SWPA shall administer, implement and enforce this By-Law. Any powers granted to or duties imposed upon the SWPA may be delegated in writing by the SWPA to any Town employee, board or agent.

C. Stormwater & Erosion Control Regulations (“Regulations”). The SWPA may adopt, and periodically amend, rules and regulations relating to the terms, conditions, definitions, enforcement, fees (including application, inspection, and/or consultant fees), and delegation of authority, procedures and administration of this By-Law after conducting a public hearing to receive comments on the proposed rules and regulations or any proposed revisions. Such hearing dates shall be advertised in a newspaper of general local circulation at least seven (7) days prior to the hearing date. Failure of the SWPA to promulgate such rules and regulations or a legal declaration of their invalidity by a court shall not act to suspend or invalidate the effect of this By-Law

WARRANT

TOWN OF DRACUT
JUNE 5, 2017

ARTICLE #25 (cont'd):

D. Massachusetts Stormwater Handbook

The SWPA will utilize the policy, criteria and information including specifications and standards of the most recent edition of the Massachusetts Stormwater Handbook for execution of the provisions of this By-Law. Unless otherwise specified in the Regulations, stormwater management practices that are designed, constructed, and maintained in accordance with these design and sizing criteria will be presumed to be protective of Massachusetts water quality standards.

E. Stormwater Management Permit

The SWPA shall have the authority to issue a Stormwater Management Permit (SMP) for projects exceeding the thresholds defined in Section IV.C. of this By-Law and not otherwise exempted by Section V. Requirements of the SMP may be defined and included within the Regulations promulgated pursuant to Section VI.C of this By-Law.

F. SWPA Approval Process.

1. Action by SWPA

a. **Determination of Completeness:** The SWPA shall review the application submission and issue a determination stating whether the application is complete and whether it complies with the Design Standards established in the Stormwater Rules and Regulations, as may be waived in accordance with Section VI.2.H of this By-Law.

b. **Incomplete Applications:** If the SWPA determines the application is incomplete, including insufficient information to describe the site, the work, or the effect of the work on water quality and runoff volume, the SWPA may require the submission of additional information and/or disapprove the application and deny the Permit.

c. **Applications deemed to be complete and in compliance with Design Standards.** Each application for a Stormwater Management Permit that complies with the Regulations, and is determined to be a complete application by the SWPA shall be acted upon within thirty (30) days of the date of filing with the SWPA, unless such application has been withdrawn from consideration. The SWPA may:

i. Approve the Permit Application upon finding that the proposed plan will protect water resources and meets the objectives and requirements of this By-Law;

ii. Approve the Permit Application with conditions, modifications or restrictions that are required to ensure that the project will protect water resources and meets the objectives and requirements of this By-Law; or

iii Disapprove the Permit Application if the proposed plan will not protect water resources or fails to meet the objectives and requirements of this By-Law.

d. **Applications not in compliance with Design Standards.**

i. For applications where the SWPA has determined that the Design Standards are not met, the Applicant may appeal the determination and request a public hearing with the SWPA to consider the application or resubmit the application demonstrating compliance.

ii. For applications where the Design Standards cannot be met due to site conditions or the applicant wishes to propose an alternative design not consistent with the Design Standards, the applicant may immediately request a public hearing with the SWPA.

2. Public Hearing Process

a. A public hearing is required for all Stormwater Management Permits (SMP) where design standards cannot be met. Permits that meet design standards shall not require a public hearing. Public hearings shall be published in a newspaper of general circulation for two (2) consecutive weeks. The first publication date shall be published not less than fourteen (14) days before the

WARRANT

ARTICLE #25 (cont'd):

day of the hearing. A copy of the hearing notice shall be posted in the Office of the Town Clerk for a period of not less than fourteen (14) days before the date of the hearing. Copies of the notice shall be mailed, postage prepaid, to the applicant, property owner (if different) and to direct abutters and owners of land directly opposite on a public or private way as they appear on the most recent Assessor's list.

b. The SWPA may take any of the following actions following the close of the public hearing for an application for a Stormwater Management Permit

i. Approve the Permit Application upon finding that the proposed plan will protect water resources and meets the objectives and requirements of this By-Law;

ii. Approve the Permit Application with conditions, modifications or restrictions that are required to ensure that the project will protect water resources and meets the objectives and requirements of this By-Law; or

iii. Disapprove the Permit Application if the proposed plan will not protect water resources or fails to meet the objectives and requirements of this By-Law.

G. Appeals of Action by the SWPA. A decision of the SWPA shall be final. Further relief of a decision by the SWPA made under this By-Law shall be to a court of competent jurisdiction.

H. Waivers. The SWPA may waive strict compliance with any of the requirements of this By-Law or the rules and regulations promulgated hereunder, if it determines that some of the application requirements are unnecessary because of the size or character of the development project or because of the natural conditions at the site and where such action is:

1. Allowed by federal, state and local statutes and/or regulations,
2. In the public interest, and
3. Not inconsistent with the purpose and intent of this By-Law.

Any request from an Applicant for a waiver of these rules shall be submitted, in writing, to the SWPA at the time of submission of the application. Such requests shall clearly identify the provision/s of the rule from which relief is sought and be accompanied by a statement setting forth the reasons why, in the applicant's opinion, the granting of such a waiver would be in the public interest or the specific information required to show strict compliance is irrelevant to the project, and why a waiver would be consistent with the intent and purpose of this By-Law and the rules and regulations promulgated hereunder.

Section VII. Performance Standards

Criteria for Stormwater Management Standards shall be defined and included as part of any Rules and Regulations promulgated under Section VI.C of this By-Law.

Section VIII. Enforcement

A. The SWPA, or an authorized agent of the SWPA, shall enforce this By-Law, and any Regulations, permits orders, violation notices, and enforcement orders, and may pursue all civil and criminal remedies for violations.

B. If a person violates the provisions of this By-Law or its Regulations, or a permit, notice or order issued there under, the SWPA may seek injunctive relief in a court of competent jurisdiction to restrain the person from activities which would create further violations or to compel the person to perform abatement or remediation of the violation.

C. The SWPA, or an authorized agent of the SWPA, may issue a written order to enforce the provisions of this By-Law or the Regulations, which may include requirements to:

WARRANT
ANNUAL TOWN MEETING
TOWN OF DRACUT
JUNE 5, 2017

ARTICLE #25 (cont'd):

1. Cease and desist from land-disturbing activity until there is compliance with the By-Law or provisions of an approved Stormwater Management Permit;
2. Maintain, install or perform additional erosion and sediment control measures;
3. Perform monitoring, analyses, and reporting;
4. Remediate erosion and sedimentation resulting directly or indirectly from land-disturbing activity;
5. Comply with requirements in the Stormwater Management Permit for operation and maintenance of stormwater management systems; and,
6. Remediate adverse impacts resulting directly or indirectly from malfunction of the stormwater management systems.

If the SWPA or its authorized agent determines that abatement or remediation is required, the order shall set forth a deadline by which such abatement or remediation must be completed.

D. Criminal Penalties. Any person who violates any provisions of this By-Law, regulation, order or permit issued hereunder, shall be punished by a fine of not more than \$300. Each day a violation exists shall constitute a separate violation.

E. Non-Criminal Disposition. As an alternative to criminal prosecution or civil action, the Town may utilize the non-criminal disposition procedure set forth in M.G.L. Ch. 40, §21D and Chapter 19 of the Town of Dracut By-Laws, in which case any police officer of the Town of Dracut, the Town Engineer, and such other persons as are authorized by the SWPA shall be the enforcing person. If non-criminal disposition is used, any person who violates any provision of this By-Law, regulation, order or permit issued thereunder, shall be punished as follows:

1. First Violation: Warning
2. Second violation: \$100
3. Third violation: \$200
4. Fourth and subsequent violations: \$300
5. Each day a violation exists shall constitute a separate violation

F. Remedies Not Exclusive. The remedies listed in this By-Law are not exclusive of any other remedies available to the SWPA or the Town under any applicable federal, state or local law.

Section IX. Severability

The invalidity of any section, provision, paragraph, sentence, or clause of this By-Law shall not invalidate any section, provision, paragraph, sentence, or clause thereof, nor shall it invalidate any permit or determination that previously has been issued.

Section X. Effective Date

This By-Law, originally adopted on June 5, 2017, shall take effect on June 5, 2017, provided that all other requirements of G.L. c.40, §32 have been met; or act in any other way relative thereto.

ARTICLE #26:

To see if the Town of Dracut will vote to amend the Town of Dracut Zoning By-laws by:

1) Deleting paragraph four from Section 2.11.50, which presently reads as follows:

“A home occupation, other than retail sales, conducted entirely within the dwelling unit or an accessory building by a resident and employing no persons other than the residents.”

2) And replacing paragraph four within Section 2.11.50 with a new paragraph, which reads as follows:

“A home occupation, other than on-site retail sales, may be located in the dwelling or in an accessory detached building on the same lot, provided that:

- 1. It shall be operated by the person(s) occupying the dwelling as a primary residence and shall have no more than one other employee;*
- 2. The home occupation is clearly incidental and secondary to the residential use;*
- 3. There shall be no exterior indication that the dwelling is used for anything other than residential purposes. All outdoor storage is screened from view from public right-of-ways and abutting properties;*
- 4. No noise, vibration, smoke, dust, glare or other nuisance or unsightliness shall be generated from the property. Where an open air exercise yard or animal run is to be used, said area shall be enclosed by fencing and shall be located a minimum of fifty (50) feet from any property line. Adjacent properties shall be adequately protected from noise, odors and unsightly appearance;*
- 5. No more than two commercial vehicles may be regularly parked outdoors at the premises. These vehicles may be no larger than US DOT Class 5 (Gross Vehicle Weight up to 19,500 lbs). Any additional commercial vehicles shall be parked within a garage structure or out of public view.”*
- 6. The home occupation does not produce any customer, client or pupil trips to the property. Delivery traffic may not exceed that expected for a normal residential use.*
- 7. The home occupation is registered as a business with the Town Clerk;*
- 8. Any vehicle used and/or parked on a residentially-zoned property and considered for a home occupation that is over the vehicle weight classification 5, in accordance with the United States Department of Transportation (U.S. DOT) standards, shall be required to secure a special permit with the Dracut Planning Board for storage and use of the vehicle on the property. ; or act in any other way relative thereto.*
