STOP THE POOP FOUNDER DEMANDS STRICT SANCTIONS ON MEXICO FOR DUMPING SEWAGE ON THE UNITED STATES!

Imperial Beach, CA, June 22, 2017: STOP THE POOP FOUNDER DEMANDS IMPOSE STRICT SANCTIONS ON MEXICO FOR DUMPING SEWAGE ON THE UNITED STATES!

STOP THE POOP REACTS TO CONTINUOUS TRANSBOUNDARY SEWAGE SPILLS.

San Diego, CA, Aug 5th 2017:

Baron Partlow, organizer of the local activist group known as **Stop the Poop (STP)**, has continued to be the loudest voice demanding sanctions on Mexico for dumping sewage into the United States. The continuous dumping of Mexican Sewage is no less than an act of Environmental & Biological Terrorism.

Initial estimates of wastewater spilled into the Tijuana River into the U.S. was between 143 to 230 million gallons. According to CESPT approximately 28 Million Gallons was bypassed into the Tijuana River and Alamar River. Flow records from the SBIWTP, IBWC, and CESPT indicated wastewater, approximately 256 Million Gallons, was spilled during the months of January and February 2017. There have been thirteen subsequent spills since, ranging from 4,000 gallons upto 5.5 million gallons.

According to an interview aired on KUSI News "Mexican Federal Government has abandon their plan to spend money on the issue."
