AGENDA CHANGES

Mayor Dedina announced the teleconference was not being held.

MAYOR/COUNCIL REIMBURSEMENT DISCLOSURE/COMMUNITY ANNOUNCEMENTS/REPORTS ON ASSIGNMENTS AND COMMITTEES

Councilmember Spriggs reported the League of California Cities Coastal Cities Issues Group has an opportunity to meet with California Coastal Commissions Executive Director Jack Ainsworth on the 14th of August and he will attend that meeting. He also announced the next International Boundary and Water Commission meeting will be September 7, 2017.

Councilmember Patton reported on the lifeguard competition at Silver Strand where IB lifeguards came in second and Mayor Dedina came in 2nd in the long distance swim. He commented on his attendance at the Kiwanis "Stuff the Bus" event, the Grand Opening of Baskin-Robbins, Surfdog competition, and announced the Kiwanis Fishing Derby on August 5.

Mayor ProTem Bragg reported on her attendance at the ribbon cutting ceremony for Baskin-Robbins and the Sept 20 MTS meeting. She brought an agenda packet which contained the Transportation Optimization Plan which will be available in the City Clerk's office for public review. There were no proposed changes to the 933 or the 934 routes which serve IB. She suggested to MTS that during portions of the day the 901 could be an express. She reported on her attendance at the SANDAG Transportation Committee meeting stating there have been some changes in the requirements for grants.

City of Imperial Beach City Council Regular Meeting Minutes - Draft August 2, 2017 Page 2 of 8

Mayor Dedina reported on his attendance at the State Lifeguard Championships, thanked Councilmember Patton and City staff for their participation. He reported on the Surfdog competition and Relay for Life. He stated one of the participants, who is battling breast cancer presently, shared a story saying she and her husband got through it by taking walks on the Pier. He reiterated the importance of having clean beaches and summarized the reason and purpose for the Press Conference. He noted City Council will continue to aggressively pursue this issue and read a statement he had posted on his Facebook page. He reported on issues regarding AB 805 stating that at the last SANDAG meeting there was a motion by the SANDAG Executive Committee to have another ballot measure to decide reforms of SANDAG, he stated the reason IB has abstained on this issue is because this issue is very divisive and IB was dealing with more priority issues at the time. However he has made it very clear that IB has been left out of projects and that is not fair. There is an Active Transportation Grant funding source that the City will be able to reapply for.

Mayor ProTem Bragg reiterated the Mayor's comments regarding AB 805 stating it has been a very divisive issue both at SANDAG and at MTS. Imperial Beach and other small cities feel left out. She suggested Council have a broader discussion on the issue in the future.

COMMUNICATIONS FROM CITY STAFF

City Manager Hall reported on the Chili Cookoff and introduced June Engel who provided the final results: there were only 30 points separating the bottom number and the top number. 1st place went to Councilmember Bobby Patton, 2nd Place went to Captain Stabenow, 3rd Place went to IB Fire Department represented by Paul Favor, 4th Place went to Sergeant Laura Spang of the San Diego Sheriff's Department.

PUBLIC COMMENT

Clinton Anderson voiced his concerns regarding short term rentals, specifically at 352 Bonito. There has been disruption to the neighborhood due to parties, poker games, and traffic coming to and from that address. He feels the Code Compliance department has not taken adequate measures and is requesting City Council look into the matter.

Mayor Dedina asked City Staff to follow up on that issue.

Valerie Acevez introduced herself as the new President of the Imperial Beach Chamber of Commerce and announced several upcoming events in the city including the ribbon cutting at the new Chipotle.

Dante Pamintuan thanked Council for all they do for IB. He read a statement he had posted on Facebook after attending the Press Conference voicing his disagreement with Council's decision to sue the Federal Government and the reasons why. The written statement is on file in the City Clerk's office.

Marcia Bachman stated more trash cans and doggie waste bags are needed on Seacoast Drive as people are not picking up after their dogs.

City Manager Hall stated Council has given direction to identify more places to install stations including along south Seacoast Drive.

Josie Hamada thanked Councilmember Bragg and MTS for the new bus stop shelters and benches she stated the residents are very happy to have those structures. She is concerned that at the island at 9th and Palm a lot of the rocks are moving into the street that could cause accidents.

City Manager Hall stated the turn lanes are being extended in that area and staff will look into the matter.

2.1 MINUTES.

City Council approved the Regular Meeting Minutes of June 21, 2017.

2.2 RATIFICATION OF WARRANT REGISTER. (0300-25)

City Council ratified the warrant register.

ORDINANCES/INTRODUCTION & FIRST READING (3.1)

3.1 ADOPTION OF RESOLUTION 2017-7840 ELECTING TO BECOME SUBJECT TO THE STATE OF CALIFORNIA'S UNIFORM PUBLIC CONSTRUCTION COST ACCOUNTING ACT PROCEDURES AND INTRODUCTION OF ORDINANCE NO. 2017-1164 AMENDING THE IMPERIAL BEACH MUNICIPAL CODE FOR THE PURPOSE OF ADOPTING THE UNIFORM PUBLIC CONSTRUCTION COST ACCOUNTING ACT.

Public Works Director Minicilli shared a PowerPoint presentation on the item giving the history of the bidding process and stating the Act allows cities to perform work up \$45,000 in house. The second part of the Act applies to the Alternative Bidding Process and projects below \$175,000. The City establishes a list of qualified contractors and works with them to expedite the process. If the City deems the formal process is in the City's best interest the City can use the formal process at any time. Schedules would be reduced 5-7 weeks, staff time is and contractor costs are reduced and the City can also act as it's own general contractor.

Councilmember Patton sometimes someone who the City has worked with before misses the bid by a few dollars. It makes sense for the City to have a list of people known to do a good job and to expedite the process.

Mayor ProTem Bragg stated this is a no brainer, to do these projects in house with cost savings and saving time. She stated she fully supported the item.

Councilmember Spriggs stated there should be a balance between interest, informality and integrity of the process. Too close relationships can result in shoddy work or money disappearing.

In response to Councilmember Sprigg's question, Public Works Director Minicilli stated this process is subject to audits and is guided by what's best for the City. If there is a \$40,000 or \$60,000 project and the formal bidding process is the best option, then that's what will be used.

Mayor Dedina stated this can help us save time and money while getting quality projects. The cities of Carlsbad, Coronado, Del Mar, Vista and La Mesa have also opted into these procedures. He expressed his full support.

Public Works Director Minicilli stated after doing some research it looks like Imperial Beach had

City of Imperial Beach City Council Regular Meeting Minutes - Draft August 2, 2017 Page 4 of 8

opted into this back in 1989 but never adopted the ordinance into the Municipal Code.

In response to Mayor Dedina's question, Deputy City Attorney Sjoblom stated the City is accountable to the State of California and the City is still required to choose the lowest responsible bidder of the ones contacted. He stated the threshold is projects over \$175,000. Projects under \$175,000, still have to be approved within the budget and then staff can move forward with this process. However if Council desires they can give direction to review the contract and go through the full bidding process.

In response to Mayor Dedina's question, Public Works Director Minicilli stated that with 15 years of experience working in the County of San Diego, the he knows who the good contractors are.

City Manager hall stated very copious notes have been taken on the performance of contractors on City projects and the City knows which ones have issues. He also stated that sometimes what hurts cities the most is the lowest responsible bidder. They might have the lowest bid but sometime the quality of the work is poor.

MOTION BY PATTON, SECOND BY BRAGG, TO ADOPT RESOLUTION NO. 2017-7840 AUTHORIZING THE CITY TO BECOME SUBJECT TO THE STATE OF CALIFORNIA'S UNIFORM PUBLIC CONSTRUCTION COST ACCOUNTING ACT PROCEDURES. MOTION CARRIED BY THE FOLLOWING VOTE:

PUBLIC HEARINGS (4.1)

4.1 MIKE HESS BREWING COMPANY (APPLICANT) & GERALD FARRELLY (OWNER); REGULAR COASTAL DEVELOPMENT PERMIT (CP 170031), CONDITIONAL USE PERMIT (CUP 170032), DESIGN REVIEW CASE (DRC 170033), SITE PLAN REVIEW (SPR 170034), AND CATEGORICAL EXEMPTION PURSUANT TO CEQA GUIDELINES 15303 (NEW CONSTRUCTION OR CONVERSION OF SMALL STRUCTURES) FOR A NEW EATING AND DRINKING ESTABLISHMENT AT 805 OCEAN LANE AND 23 DATE AVENUE (APN 625-330-18-00 & 625-330-19-00). MF 1247. (0600-20)

Mayor Dedina declared the Public Hearing open.

City Planner Foltz gave a PowerPoint presentation on the item, highlighting the project included the changes submitted by the Design Review Board.

Angela Frank and Tracey Rivera submitted speaker slips in support of the project but did not

wish to speak.

Gerry Farrelly, property owner, stated the developers are quality people. Mike Hess has 3 successful businesses in SD, Jerry Torres also had 3 successful businesses in San Diego including IB Street Tacos. He stated due to successful businesses in the City he and his wife rarely go out of town. He stated the architect for this project won the Orchid in San Diego for the historical restoration of Liberty Station and stated this will be a great asset on Seacoast Drive.

Candy Unger, spoke on behalf of I Heart IB. She thanked Mr. Hess for wanting to invest in Imperial Beach and OCR for their design. She appreciated the suggestions of the Design Review Board (DRB) and collected data which showed there was an overwhelming support for the project. She spoke to the Port of San Diego regarding the parking issue and suggested some type of reward system for people who rode their bikes around town.

Dante Pamintuan speaking as a resident and real estate agent stated the project was a great idea, he liked the innovation, he felt the project would set a trend and it expresses the IB vibe. He supports the project fully.

JoAnn Barrows stated she was in support of the project.

In response to Councilmember Patton's question, Assistant City Manager Dush stated the structures will be constructed to meet all the California building and life safety codes. He also stated City staff has had a recent meeting with the owner of the eastern lot regarding a potential development plan, but the City will ensure that each property can be operated independently.

Christopher Bittner, Architect, stated the timeline is 1 ½ years and the containers will be built on piers anchored to a footing.

Councilmember Spriggs voiced his concerns regarding the noise level inadvertently having a negative impact on tenants of the Pier South Resort. He questioned if there had been conversations with the hotel management regarding this issue.

Assistant City Manager Dush stated if the restrictions on the hours of operation, lights and noise need to be calibrated the City can do that. If the project is approved staff will meet with hotel management in the upcoming year to address those issues.

In response to Councilmember Spriggs questions, Architect Bittner stated it's a steel structure and will be properly treated to maintain it's appearance. The project owner is aware the maintenance that needs to be done because of the marine environment. There will be no service of drinks on the north side.

In response to Councilmember Spriggs question regarding vouchers for parking, Assistant City Manager Dush stated parking will always be an issue in the City. The City has reached out to the Port about leasing the lots to provide for parking, adding more green curbs to limit parking time, encourage the use of bikes and various other options to alleviate the issue.

City Planner Foltz stated the project owner has a transportation plan in place for those he can control – the employees. As far as the City providing monetary funds for people to park elsewhere it would be very difficult to track. Councilmember Spriggs clarified he was inquiring more about customer parking. He stated thought should be given in the future before approving a conditional use permit that has 2 parking spaces for a potential 108 customers.

Councilmember Bragg clarified to the public that this project is actually a restaurant that includes a satellite bar. She expressed concern regarding someone jumping over the satellite bar and taking things.

Mr. Bittner stated the design was trying to follow suggestions from the DRB, however they are considering some sort of screening or raising the opening to increase security.

Mayor ProTem Bragg stated the comments from the DRB were excellent, and if a shower was

City of Imperial Beach City Council Regular Meeting Minutes - Draft August 2, 2017 Page 6 of 8

installed it should be the responsibility of the City as it could be an attractive nuisance. She suggested painting the curb green to ensure parking turnover. She thanked the developers for including and ADA compliant lift, suggested various lighting options for the alley area and that the fire pit should dimmed prior to the close of business hours.

In response to Mayor ProTem Bragg's question, Mr. Bittner stated there is not a plan to include murals, as the goal of the project was for people to see people, but that can be revisited in the future.

Mayor ProTem Bragg stated she received a letter of support by Tom and Suzanne Lindley, and reiterated the idea of parking vouchers for the employees.

Mr. Bittner introduced Jerry Torres owner of IB Street Tacos who stated they plan on hiring locally from 8 to 12 employees for the Hess project both in the restaurant and the kitchen. He stated they hire locally so employees have the option to ride their bike or walk to work and that staff is required to be L.E.A.D. Certified in order to serve alcohol.

Councilmember Patton commented that parking vouchers for customers would be difficult to track, the fire pit at Sea 180 is open until 11, and it's not the restaurant's responsibility to install a shower. He also commented he was glad the owner planned to hire locally and expressed concern for maintaining a streamlined décor.

Councilmember Spriggs commended the project owners for hiring locally and investing in the community. He would like the owners to experiment with various hours on the fire pit as changes could be made during the 6 month review, and it might be in the projects best interest to provide a shower as a benefit for the community.

Mayor Dedina disagreed with having a shower at that location as there are already others close to the Pier. He stated the city needs to work with the Port regarding parking issues and do a better job at promoting biking as a means of transportation. He suggested installing more bike racks in the City. He stated he has seen shipping container projects in other areas and they look great. He agreed with Mayor ProTem Bragg regarding more security at the north end of the satellite bar.

Without dissention from City Council Mayor Dedina closed the Public Hearing.

MOTION BY SPRIGGS, SECOND BY PATTON, TO ADOPT RESOLUTION NO. 2017-7841 APPROVING REGULAR COASTAL DEVELOPMENT PERMIT (CP 170031), CONDITIONAL USE PERMIT (CUP 170032), DESIGN REVIEW CASE (DRC 170033), SITE PLAN REVIEW (SPR 170034), AND CATEGORICAL EXEMPTION PURSUANT TO CEQA GUIDELINES 15303 (NEW CONSTRUCTION OR CONVERSION OF SMALL STRUCTURES) FOR A NEW EATING AND DRINKING ESTABLISHMENT AT 805 OCEAN LANE AND 23 DATE AVENUE (APN 625-330-18-00 & 625-330-19-00). REPORTS (5.1)

5.1 FINAL REPORT ON PRIOR LITIGATION: CITY OF CORONADO V LAFCO AND THE CITY OF IMPERIAL BEACH. (0450-10)

City Manager Hall reported on the item. He stated the litigation that involved the City of Coronado, Imperial Beach, the Local Agency Formation Commission (LAFCO) and the U.S Navy has been resolved. The staff report is on file with the City Clerk's department for anyone who would like to see all the history and details.

The result of the litigation was that the City of Coronado will maintain the sewer system in

City of Imperial Beach City Council Regular Meeting Minutes - Draft August 2, 2017 Page 7 of 8

Coronado. When it hits the Imperial Beach city boundary, there will be a discharge agreement much like the one the City has with the City of San Diego, that the affluent will then be taken to the Point Loma treatment plant. Coronado will maintain ownership of the affluent until it reaches the City of Imperial Beach city limits and the City of Imperial Beach will work with the City of Coronado to make sure everything is implemented. The legal proceedings cost the city of Imperial Beach \$110,000 which came from the general fund. The City is happy to have reached an agreement, however it was frustrating that it cost the City money to honor an agreement that the City felt they had been in since 1967.

In response to Councilmember Spriggs' question, City Manager Hall stated there has been some discussion but there has been no agreement on negotiating reimbursement from the City of Coronado.

Mayor Dedina stated things were not going in Coronado's favor and City Manager Hall was the one who came up with a solution. The lawsuit should not have happened and City Council was very upset to see funds that should have gone to the community go to the lawyers. He commended City Manager Hall for coming up with the solution.

City Manager Hall stated the solution came from conversations he had with staff. He was thankful that not once did Council or staff ever suggest the City not honor the agreement with the Navy, and that was very honorable.

Mayor Dedina stated the Navy knew they had Imperial Beach's support and vice versa. He stated at one point Coronado wanted to run the sewer line under SR75 but he would not let that happen.

Natural Resources Director Helmer introduced Simon Andrews, Principal, from Graphic Solutions who gave a PowerPoint presentation on the item.

In response to Councilmember Spriggs' question, Mr. Andrews stated, in both options, the sign was internally illuminated and there will be up-lighting from the back.

In response to Mayor ProTem Bragg's question, Mr. Andrews stated the height does not impede views of the street or oncoming traffic. Public Works Director Minicilli stated the issue was brought up with the traffic engineer, he and his staff went to examine the site, and there will be no issues with visibility.

Councilmembers Spriggs, West, Patton and Mayor ProTem Bragg all expressed support for Option B.

City of Imperial Beach City Council Regular Meeting Minutes - Draft August 16, 2017 Page 4 of 7

MOTION BY SPRIGGS, SECOND BY PATTON, TO SELECT OPTION B AND TO ADOPT RESOLUTION NO. 2017-7849 AUTHORIZING THE REPLACEMENT OF THE IMPERIAL BEACH BOULEVARD MONUMENT SIGN AND APPROPRIATES \$30,000 FROM THE RISK MANAGEMENT FUND 502-1922-419-28 TOWARDS THE PROJECT. MOTION CARRIED UNANIMOUSLY.

5.2 RESOLUTION NO. 2017-7850 AUTHORIZING TRACK 1 COMPLIANCE PATHWAY WITH REGIONAL WATER QUALITY CONTROL BOARD TRASH ORDER R9-2017-0077. (0230-90)

Natural Resources Director Helmer reported on the item citing the benefits and differences between track one and track two of the storm water program.

Councilmember Spriggs left the Council Chambers at 6:47 p.m. and returned at 6:49 p.m.

Natural Resources Director Helmer stated the City is about ¼ of the way there with meeting compliance through the existing Capital Improvements Projects and storm water programs. He gave recommendations on integrating and updating the program.

In response to Councilmember Spriggs' question, Natural Resources Director Helmer stated the intent of the state order is for both tracts to cost exactly the same. He is recommending track 1 because track 2 has a lot of uncertainty due to the board having more power to micro-manage and regulate the work being done and that doesn't exist on track 1.

Councilmember Spriggs voiced his concerns regarding the compliance timeframe and the need to identify a funding source. He questioned what the capital cost of the 10 year program would be.

Natural Resources Director Helmer stated an analysis has not been done in IB yet. He went on to explain the need to put in systems that will last longer over time. He also commented that some products are cheaper to install but have a higher failure rate and ongoing maintenance. He stated the city would install these systems along with improvements to the storm drain system which the City has already been looking into due to sea level rise. It will not cost that much more, after improving the storm drain system, to add elements to bring the City into compliance with the trash order.

City Manager Hall stated the City just secured a grant of \$2,000,000 and will continue to look to outside sources for funding.

Councilmember West voiced his concerns on the manpower it will take to maintain the systems. Natural Resources Director Helmer stated the City only has 4 major storm drain lines. He stated they installed different systems to check which ones had more flooding. Because IB has dealt with the flooding issue for some many years, the City is ahead of the curb as far as knowing what works and what doesn't, so whatever system gets installed will improve the flooding situation.

Mayor Dedina stated he likes the idea of trying to reduce stormwater runoff with the capture basins. He commended Natural Resources Director Helmer for all his hard work.

MOTION BY BRAGG, SECOND BY SPRIGGS, TO ADOPT RESOLUTION NO. 2017-7850 AUTHORIZING TRACK 1 COMPLIANCE PATHWAY WITH REGIONAL WATER QUALITY CONTROL BOARD TRASH ORDER R9-2017-0077. MOTION CARRIED UNANIMOUSLY.

City of Imperial Beach City Council Regular Meeting Minutes - Draft August 16, 2017 Page 5 of 7

Human Resources Manager Cortez reported on the item stating there is a new state law that requires changes to salary and fringe benefits for local agency executives and department heads be made publicly. The MOU with SEIU was approved under consent and this item codifies the salary and benefits approved under that item. The item also includes the 4% COLA increase applied to the firefighters with the MOU. She commented that Imperial Beach is the first city in San Diego County who came to an agreement with the labor group to do cost sharing with Calpers. IB is now the leading agency on cost sharing.

Mayor Dedina made the following announcement:

ITEMS PULLED FROM THE CONSENT CALENDAR (2.4 AND 2.7)

2.4 RESOLUTION 2017-7845 OF THE CITY COUNCIL OF THE CITY OF IMPERIAL BEACH, CALIFORNIA, AUTHORIZING THE CITY MANAGER TO ENTER INTO AN AGREEMENT WITH TYLER TECHNOLOGIES, VIEWPOINT GOVERNMENT SOLUTIONS, GOVOFFICE WEB SOLUTIONS, AND GLADWELL GOVERNMENTAL SERVICES FOR THE UPGRADE OF THE ENTERPRISE RESOURCE PLANNING SYSTEM. (0180-20)

Administrative Services Director Bradley reported on the item, stating he is very excited about the new technology upgrade. He stated the one time cost includes training and data migration. Staff members from the various departments will contribute to the final decisions. Also, the website and any social media will be included in the upgrade. Tyler Technologies is the No. 1 recommended product and a lot of other government agencies use their system. As far as the land management system, the product was selected by the Community Development Department during the RFP process. Both systems include a document management system which is essential to the City for inside and outside data searches.

Mayor Dedina left the chambers at 7:14 p.m. and returned at 7:17 p.m.

Administrative Services Director Bradley stated there is \$300,000 in reserve in the technology fund. That fund is continually being replenished by the General Fund and the Sewer Fund via share participation.

In response to Councilmember Spriggs' question, Administrative Services Director Bradley stated there is a common theme in municipalities as far as the look of the website and there focus in getting the public what they need with a minimal amount of clicks. These technologies are now designed so that making changes and adding content is very user friendly, it can be disseminated to different staff so departments can be in charge of their general area. As far as the Tyler product, it's integrated into Microsoft so it's a tool that will allow the finance department to do what it needs. The goal of the public facing aspect is to make sure the information they need is readily available. The land management tools are all about engaging the community, everything is online and paperless.

City of Imperial Beach City Council Regular Meeting Minutes - Draft August 16, 2017 Page 6 of 7

In response to Councilmember Patton's question, Administrative Services Director Bradley stated having the information collected, stored and accessed properly comes down to your system and this will provide us the tools to do that. Secondly it will give the public the opportunity to pull a lot of information on their own such as building permits, saving staff a lot of time. The document management system will be a huge help for us as it will facilitate searching for the records.

Councilmember Patton commended staff for their efforts and stated it was great that the City already had the funds on hand.

Mayor ProTem Bragg stated this is a quantum leap for the City. The City is a lean organization and it's necessary to find ways to be more efficient. She commented on how much technology has changed and stated it was great that the public would be able to access the information they needed and free up staff's time.

MOTION BY BRAGG, SECOND BY WEST, TO ADOPT RESOLUTION NO. 2017-7845 AUTHORIZING THE CITY MANAGER TO ENTER INTO AN AGREEMENT WITH TYLER TECHNOLOGIES, VIEWPOINT GOVERNMENT SOLUTIONS, GOVOFFICE WEB SOLUTIONS, AND GLADWELL GOVERNMENTAL SERVICES FOR THE UPGRADE OF THE ENTERPRISE RESOURCE PLANNING SYSTEM. MOTION CARRIED UNANIMOUSLY.

(0210-11 & 0390-90)

Fire Chief French reported on the item stating the grant allows the training of members of the community to come out and support the firefighters in case of a disaster. He thanked SDG&E for this grant and their support.

Mayor Pro-Tem Bragg publicly thanked SDG&E for this grant which will help educate the community on the CERT program.

STAFF REPORT CITY OF IMPERIAL BEACH

TO:

HONORABLE MAYOR AND CITY COUNCIL

FROM:

ANDY HALL, CITY MANAGER

MEETING DATE:

SEPTEMBER 6, 2017

ORIGINATING DEPT.:

PUBLIC WORKS ()

SUBJECT:

RESOLUTION 2017-7853 CONTINUING THE PROCLAMATION OF A STATE OF LOCAL EMERGENCY RELATING TO

IMPACTS FROM CROSS-BORDER POLLUTION IN THE

TIJUANA RIVER

EXECUTIVE SUMMARY:

Resolution No. 2017-7853 continues the City's proclamation for a state of local emergency related to the cross-border pollution impacts from the Tijuana River including the persistent impacts of treated and untreated wastewater. The Imperial Beach shoreline from the south end of Seacoast Drive to the border was continuously closed for recreational water contact from November 21, 2016 through June 7, 2017 due to contaminated flows in the Tijuana River. Cross border flows in the Tijuana River continue, however, the dry seasonal conditions in the Tijuana River valley allow these flows to infiltrate into the ground before reaching the ocean.

It is necessary to have a local state of emergency in order for the City to respond to unpredictable conditions in the Tijuana River that impact the health, safety, and welfare of Imperial Beach residents, visitors, and environment. Proclamations that set in place a state of local emergency will expire in 30 days unless the City passes a continuing resolution to continue the local state of emergency.

FISCAL ANALYSIS:

None

RECOMMENDATION:

Adopt Resolution 2017-7853 to maintain a state of local emergency related to the cross-border pollution impacts from the Tijuana River and authorize the City Manager, Mayor, and Council members to work with local, State, Federal, and Mexican authorities to advance binational projects to improve conditions in the Tijuana River.

OPTIONS:

- Adopt Resolution and recommendation from staff;
- Reject Resolution; or
- Request additional information and an additional report

BACKGROUND/ANALYSIS:

The health and safety risks from cross border pollution levels in the Tijuana River and lack of action to implement known solutions by Federal and State agencies provides sufficient evidence to declare a state of local emergency within the City.

The City of Imperial Beach is severely impacted by the persistent flow of pollutants in the Tijuana River that impacts the health, safety, and welfare of citizens and wildlife. Pollution in the River is most acute following rain events or illegal discharge events when the watershed transforms into a severely impacted, polluted, and hazardous waterbody with bacterial concentrations so elevated it is often difficult to quantify effectively. The associated impact on the surrounding ecosystem is severe with poor water quality lasting several days to months after each discharge event. The recreational impact on the Imperial Beach shoreline is equally severe with beach closures impacting the beneficial ocean uses for residents and visitors in the City.

Although significant progress has been made during the last 20 years, there still remains significant work to control pollution in the Tijuana River. The Imperial Beach City Council and Mayor have an important role in the policy making process that influence the state, federal, and bi-national solutions to these issues. The City has a long history of binational collaboration to improve conditions in the Tijuana River from uncontrolled flows of sewage, trash, and sediment across the international border. Numerous agencies, government programs, and NGOs already collaborate on programs to address pollution in the Tijuana River. Some of the successful programs in the Tijuana River include:

- Tijuana River Recovery Team
- IBWC Treaty Minute 283
- IBWC Treaty Minute 320
- EPA Border 2020
- North American Development Bank Border Environment Cooperation Commission
- IBWC Citizen's Forum
- Tijuana River Action Month
- Surfrider No Border Sewage

The City Council has the authority to issue a local state of emergency that will expire in 30 days unless renewed by a continuing resolution.

STAFF REPORT CITY OF IMPERIAL BEACH

TO: HONORABLE MAYOR AND CITY COUNCIL

FROM: ANDY HALL, CITY MANAGER

MEETING DATE: SEPTEMBER 6, 2017

ORIGINATING DEPT.: CITY MANAGER'S OFFICE

SUBJECT: AN INTRODUCTION OF ORDINANCE NO. 2017-1165,

AMENDING CHAPTER 12.33 OF THE IMPERIAL BEACH MUNICIPAL CODE CONCERNING SPECIAL EVENT PERMITS

EXECUTIVE SUMMARY:

The City has six parks and maintains the beaches along the coast. With new development and growth in the region, City facilities have seen an increase in use of its facilities, and summer and weekend crowds at the City parks and beaches are substantial. The City currently has an ordinance which authorizes city staff to issue permits for special events. The proposed ordinance revises the special events chapter of the IBMC to bring more groups under the special event permit requirements so that the City staff can better manage the parks and beaches for the enjoyment of all members of the public and to make additional minor revisions to make the chapter of the IBMC consistent with the rest of the IBMC.

FISCAL ANALYSIS:

Special event permit fees assist with the cost to process permits and provide some funding for enforcement.

RECOMMENDATION:

That the City Council introduce Ordinance No. 2017-1165 Amending Chapter 12.33 of the Imperial Beach Municipal Code ("IBMC") Concerning Special Event Permits by title only and waive further reading of the ordinance.

OPTIONS:

- Introduce ordinance and set for adoption on September 20, 2017 and provide direction related to administrative policy on special events;
- Provide direction to the City Manager to revise the ordinance; and/or
- Request additional information and an additional report.

BACKGROUND:

Imperial Beach is known for its parks and easily accessible beaches. The City has six parks that offer a variety of facilities such as volleyball courts, horseshoe pits, picnic facilities, playgrounds and grassy play fields – some even with ocean views. In addition, the Imperial Beach Skate Park

City of Imperial Beach Staff Report Special Event Permit Ordinance September 6, 2017 Page 2 of 4

features a bowl, ramps, grind rails and benches for skaters of all ages to enjoy. Currently, use of City parks and beaches is on a first-come, first-serve basis. Groups holding public events anticipating 50 people or more, or any event requiring City services need to complete a special event permit application with the City and pay all required fees and deposits.

Special events are to be the exception for use of City property because they impact the use of City property by the public. The City's parks and beaches should generally be available for the public's use and enjoyment. However, special event permits are issued to allow for those occasions where individuals or organizations desire to hold events at City facilities for the public enjoyment or participation. The special event permit process evaluates the traffic, noise, health and safety type concerns and imposes conditions to mitigate those concerns. The City's special event regulations address time, place and manner restrictions. Generally the permits do not provide exclusive use of a City park to the special event permit holder.

These permits facilitate the City's administration of its property, and they benefit the permit holders. The reasons for the special event permit requirement are to protect the rights and interest granted to special event permit holders, to notify public safety or other City department staff of additional resources needed for the event, to prepare for the closing off of public property for the events on occasion, to prohibit illegal activities on City property, to minimize any adverse effects from the special events, and to ensure the efficient use of public property and City services. Unregulated events can have an adverse effect on the public health, safety and welfare due to noise, traffic, safety, abuse of alcohol, possible civil or anti-event demonstrations and/or protestors, and health hazard impacts.

City staff and public officials have received community input about events, primarily related to noise. Complaints have included excessive volume, the number of events, including sound-based events, and the necessity of sound at the variety of events that the City permits.

ADMINISTRATIVE POLICY CHANGES:

To address these issues, the City Manager has recently amended the Special Event and Amplified Sound Permit administrative policies.

The Sound Amplification Permit policy assists staff in executing the City's Noise Ordinance (IBMC Chapter 9.32). It provides standard procedures for the issuance of sound amplification permits by the City Manager or his/her designee, and it requires that all sound amplification permit applicants also obtain a special events permit. Requiring a sound amplification permit to be issued only in conjunction with a special event permit will assist the City in preserving the use of City parks for public use and minimizing noise impacts to those enjoying the parks and to the residents and businesses adjacent to the parks. Noise control is highlighted for sound amplification permit applicants:

- All applicants are responsible for controlling noise that is disturbing to other activities at the same park/facility or the surrounding neighborhood;
- The City's noise ordinance must be followed at all times:
- A Special Event Permit is required for any person or group requesting an exemption to the Noise Ordinance;
- City staff has the right to require groups to reduce sound/noise levels; and
- Non-Compliance may result in closure of the event and may forfeit future use of City facilities.

City of Imperial Beach Staff Report Special Event Permit Ordinance September 6, 2017 Page 3 of 4

The special event permit policy standardizes the permit application process pursuant to IBMC Chapter 12.33. The policy sets forth the factors that staff may consider in approving, denying or conditioning the special event permit. The policy limits the number of event permits that can be issued per same individual or group to four (4) per year as well as limiting the total number of special events at Dunes Park to two (2) per month. As per past direction, no special events are allowed at Reama Park or Teeple Park due to their small size and proximity to residences. Lastly, the policy provides the rules under which a special event may occur, addressing such topics as noise, decorations, use of fire, alcohol consumption, storage, insurance, etc.

These policy revisions have been implemented. Additional regulations can be incorporated into these policies upon direction from the City Council as discussed below.

PROPOSED REVISIONS TO THE CITY'S SPECIAL EVENTS ORDINANCE:

Staff further recommends, with this proposed Ordinance before the City Council, lowering the minimum threshold for groups required to obtain a special event permit from 50 to 25. While the City's parks are not large, they are extremely popular, especially on weekends and during the summer months. They can accommodate large groups to an extent. However, special events can prevent the City from accommodating all who would enjoy the parks. Staff anticipates that complaints will increase as the crowds at the beaches and parks continue to expand year after year. Additionally, recent development along Seacoast Drive and Palm Avenue have made the City more attractive to visitors. The City and the nearby neighborhoods in the City of San Diego have seen additional population growth and new residential development. Moreover, the San Diego region's population continues to expand. Lowering the threshold for special event permits will enable City staff to better allocate resources and mitigate against the anticipated rise in crowds at City parks and beaches. Upon review of neighboring coastal and South Bay cities, the Cities of Coronado, Chula Vista, Encinitas, and Solana Beach also require special event permits for groups of 25 or more.

Staff is also recommending a few additional revisions to IBMC Chapter 12.33 to clarify the definition of a special event, to recognize updates to the current waste removal company in the City, to reference the updated temporary sign regulations, and to clarify enforcement options.

ADDITIONAL ADMINISTRATIVE POLICY CHANGES

The City Manager can make additional administrative policy changes that further regulate the issuance of special event permits and use of the parks. Some examples are:

- (1) limiting the number of days per year/month that special event permits will be issued for certain parks (2 per month at Pier Plaza, etc);
- (2) eliminating the use of sound amplification at certain parks (except for City or Port sponsored events) and/or restricting the total number of amplification permits that can be issued at any venue on a per month or per year basis;
- (3) further restricting the number of special event permits that can be issued to the same group in one year; and/or
- (4) increase the cost of City services and/or require deposits so that the City is closer to full cost recovery for its services. If the City Council wishes to provide further direction, the City Manager can evaluate and revise the administrative policies further.

FROM: ANDY HALL, CITY MANAGER

MEETING DATE: SEPTEMBER 6, 2017

ORIGINATING DEPT.: COMMUNITY DEVELOPMENT

SUBJECT: RESOLUTION 2017-7852 CONSENTING TO USE WITHIN

THE PUBLIC RIGHT-OF-WAY AND PUBLIC SPACES TO FACILITATE A BIKE SHARING PROGRAM WITHIN THE

COMMUNITY.

EXECUTIVE SUMMARY:

Adoption of Resolution 2017-7852 authorizes the City Manager, or designee thereof, to execute all documents and take any actions necessary and appropriate to carry out the license agreement with LimeBike to conduct a 6 month trial to compile data and better understand the issues, if any, associated with a bike sharing program within the community. LimeBike offers a unique bike sharing service whereby a prospective user finds a bike nearby and downloads the app; scans the QR code to unlock the bike; rides the bike to the destination and parks the bike by a bike rack or designated area and locks the bike to finalize the trip. LimeBike covers all bike maintenance and operation costs.

FISCAL ANALYSIS:

There is no negative fiscal impact to the City's general fund incurred by authorizing the license agreement and encroachment permit.

RECOMMENDATION:

Adopt Resolution 2017-7852 authorizing the City Manager, or designee thereof, to execute all documents and take any actions necessary and appropriate to carry out the license agreement and encroachment permit for LimeBike.

OPTIONS:

In addition to receiving this report and adopting the resolution, the City Council can:

- Approve Resolution 2017-7852 with modifications requested by the City Council; or
- Disapprove the resolution, denying the license agreement and encroachment permit; or
- Continue the item to a specific future meeting to allow staff to provide additional information upon which a decision can be rendered.

BACKGROUND/ANALYSIS:

LimeBike approached the City of Imperial Beach as well as other nearby cities and provided a demonstration and overview of their bike sharing program as they are eager to deploy their service in Southern California. The following FAQ's provide an understanding of LimeBike:

Who Operates the system in the City? LimeBike deploys a trained operations team to support parking assessment, launch operations, bike deployment, system balancing, system marketing, reporting, and support.

Where does LimeBike operate? They are currently in Northern California, North Carolina, and Florida.

How do you find a LimeBike? Simply download the LimeBike app on your phone, find a bike on the map, and unlock the bike with the app.

How much does it Cost? Rides cost \$1 per 30-minute time block; monthly memberships are available too.

How can bikes be reserved? Bikes cannot be reserved. They are on a first come, first serve basis, so if you see a bike on the app map, its yours to ride.

How do you pay? You simply enter your credit card information into the app and purchase credits.

How do I end a ride? First, park the bike in a safe and appropriate location, ie bike racks or areas designated for bike parking, then push down the integrated rear wheel lock and your ride is over.

As mentioned in the executive summary, there is no cost to the city for this service and since the particulars of this type of service are not fully realized, a 6 month exclusive trial with LimeBike is sought so the City may understand what, if any, issues need to be addressed and how they should be addressed. The concept of this service is in keeping with our City's mission statement and our visitor serving economic sector.

Should the LimeBike fail to repair, replace or otherwise restore such real or personal property, LimeBike expressly agrees to pay City's costs in making such repairs, replacements or restorations. The obligations under this Section apply to all City facilities, infrastructure, or appurtenances located on City Property.

SUBJECT: RESOLUTION NO. 2017-7851 APPROVING THE FOURTH

AMENDMENT TO EMPLOYMENT AGREEMENT BETWEEN THE CITY AND CITY MANAGER, ANDY HALL AND

AMENDING THE CITY'S FY 2017-19 SALARY SCHEDULE

EXECUTIVE SUMMARY:

Resolution No. 2017-7851 authorizes an amendment to the employment agreement between City Manager Andy Hall and the City to allow for changes to base salary and deferred compensation based upon a recent performance evaluation. Pursuant to the California Public Employees' Retirement System (CalPERS) agency requirements, the Resolution also approves an amendment to the City's FY 2017-19 Salary Schedule to reflect these changes.

FISCAL IMPACT:

The total fiscal impact of the amendment would be an additional \$9,000.00 per year. The City Manager's budget will be adjusted accordingly to accommodate the changes. The increased costs are within the recently adopted budget.

BACKGROUND/DISCUSSION:

Andy Hall has served since August 19, 2014 as the City Manager in an exemplary manner. His recent performance evaluations done on August 2 and August 16, 2017 concluded that he serves the City well with fiscal prudence and leadership on many projects.

Upon review and consideration of a merit increase, it is recommended that his annual base salary be increased by \$3,000 and his deferred compensation annual contribution from the City be increased by \$6,000 effective September 7, 2017.

Pursuant to the California Public Employees' Retirement System (CalPERS) agency requirements, the City's FY 2017-19 Salary Schedule will be updated to reflect the new City Manager annual base salary.
