CRIME PREVENTION UNIT

**"CRIME AFFECTS EVERYONE"**

## **HOW TO START A NEIGHBORHOOD WATCH**

PREVENTION is the most effective way to fight crime, and one of the best prevention methods is *NEIGHBORHOOD WATCH (NW)*. In fact, NW has achieved dramatic reductions not only in home burglaries, but also other types of criminal activity. Its tremendous success is the result of neighbors working together with the Sheriff's Department in a program of mutual assistance.

You are cordially invited to attend a *Neighborhood Watch* meeting with Crime Prevention Specialist, Julio R. Garcia from the Imperial Beach Station, as well as your beat deputy.
