Kids

At every age and every stage, children need storage solutions designed to grow with them. California Closets offers a wide range of custom storage solutions that can help you get the most out of your children's rooms.

PRODUCT FEATURES

- Adjustable shelving and hanging areas can transform a child's closet into one for a teenager
- Integrated desks are perfect for art projects or homework time
- Pull-out baskets are great for toys. Pull them out when it's time to play and slide back in at clean-up time
- Doors help hide clutter and give kids their own space
- Our kids' systems are design to easily adapt with just a few simple adjustments
