BIGGS, CA (MPG) - At approximately 1:37 pm on Monday March 6th, an emergency call from Sun West Milling in Biggs requested immediate aid in rescuing one of their employees stuck inside one of their large silo's.

Captain Lane Costa of CALFIRE/Butte County Rescue Station 44 in south Chico said the employee of Sun West Milling was believed to be conducting routine maintenance within the silo when it appeared that equipment used to lift and lower crew members may have malfunctioned. The worker was left

Here you can see CALFIRE technical rescue team members setting up a rope system as they prepare to enter a small circular entrance to the silo located on the floor. danglantly 100 feet in the air in the empty shaft on his own harness.

Rescue Station 44 out of Chico received the call and immediately sent their Truck 44 to join Biggs Truck 73, which was first on scene, Truck 74 of Gridley and engine 72 out of Palermo. Captain Costa reports that a standard dispatch to an emergency of this type is going to include five technical rescuers with one team lead.

Captain Costa was also the brave sole the entered the 24-inch circular entrance into the silo to retrieve the patient suspended 15 feet down

Woman Pleads to Hit and Run Which Injured 5-Year-Old

**Butte County
District Attorney
Press Release**

OROVILLE, CA (MPG) - Banessa Santana, 34, of Oroville, appeared in Butte County Superior Court on March 7, 2023, and plead no contest to all charges relating to a series of incidents wherein Santana fled from law enforcement and ran her car into the back of another car, seriously injuring a five-year-old boy.

Butte County District Attorney Mike Ramsey said the case stemmed from March 12, 2022, when Santana was spotted driving in Oroville by an Oroville Police officer, who was aware of outstanding warrants for Santana's arrest on a previous probation violation and for cutting off her ankle monitor.

The officer turned on his red lights and siren, but instead of stopping, Santana took the officer on a high-speed chase through a residential area of Thermalito, running stop signs and traveling in excess of 50-60mph. The officer had started to slow down after three miles, as the chase had become too dangerous, and Santana had gone over a hill approximately a quarter mile away.

Ramsey said Santana then collided into the rear of another vehicle being driven by a father and his two children, ages eight and five. The father and children were taken to the hospital for treatment. The five-year-old child however suffered major injuries and spent several weeks in the hospital because of the collision. The child is slowly recovering but will have permanent injuries.

Ramsey said Santana fled from her damaged vehicle on foot and remained at large until April 21, 2022, when she was spotted as a passenger in a vehicle by Gridley Police Department. When the car was pulled over by Gridley police, Santana jumped out of the passenger seat of the vehicle and led officers on a foot chase but was quickly chased down and arrested.

Santana plead as charged to all of the criminal conduct alleged in all her cases after an attempt to gain mental health diversion was rejected by a local judge.

Santana will next appear in court on March 30, 2023, where she could potentially be sentenced to 11 years and 8 months in prison. Santana is currently in custody in the Butte County Jail. She has been denied bail.

Danger Near Cherry Street

By Seti Long

GRIDLEY, CA (MPG) - The crossing on Highway 99 and Cherry Str. in Gridley has been the location of many car versus pedestrian accidents. On the evening of March 2nd, another pedestrian was hit.

A 2000 model Toyota Camry was headed north-bound on Hwy 99 when the sedan hit the juvenile pedestrian. Gridley Police Department received the emergency call at 8:30 pm, responding along with CALFIRE/Butte Unit/ Gridley Fire Department and Butte County EMS personnel.

Images from the scene show the vehicle with a shattered window, caused by the full-impact of the woman's body rolling up the hood and into it. The night obscures whether the vehicle was silver or gold in color and was

allegedly driven by a hispanic male. The woman involved claims she was in the crosswalk, her body thrown up the highway. The vehicle came to rest further north on the roadway near the Huckleberry's Restaurant.

After Gridley Media Group posted pictures of the accident, the woman involved identified herself to the public, but since she is a juvenile, her name is being withheld in this publication. The self-proclaimed victim says that

she was crossing in the crosswalk with the safety lights flashing when the vehicle struck her.

The report says that she received moderate injuries and was transported to Enloe Hospital for treatment.

The New Pi-Line

By Josh F.W. Cook

This is the 233rd Pi-Line I have written. What does Pi-Line mean? Someone asks me why this column is called the Pi-Line about every other week. I once knew - because Mr. Bursleson himself told me after a Planning Commission meeting. The problem is - I forgot what he told me. I asked retired long-time Editor Scotty Williams when he last visited town, and he did not remember either. I have been asking around covertly, and no one seems to know. Then out of the blue, my favorite mother-in-law Judy brought me the Friday, October 29, 2010, issue of the Herald, which had a biographical sketch of Bill Bursleson. The half-page treatise describes how Bill got out of the Navy in 1946, went to Chico State, majored in English,

and got a teaching credential, fast-tracking himself toward being a High School teacher. Instead of entering academia, he came home to Gridley in 1950 and joined the family business, which was the Gridley Herald. The family did not start him out as Editor, however. He was tasked as the front desk guy, print operator, warehouseman, photographer, bill collector, and delivery guy. The most challenging job he had was as a hand typesetter. He did hot metal typesetting (mechanical typesetting, hot lead typesetting, and hot type). Bill would melt lead to create letters and then assemble lines of type one character at a time to make a metal sheet that went into the printer. Handsetting like this was tedious and time-consuming work. The invention of the Linotype machine made the process a little easier as it melted the letters and lined them up for you. The last edition of the New York Times printed with melted metal type was in 1978; since then, the type has been computer generated and computer printed. The word Pi is a verb. To "Pi" or "Pi up" is to drop a tray or sheet of perfectly lined up letters and cause

all of the letters to be jumbled up. "Pi" is defined as jumbling, mixing up, or randomizing. In 1957 he wrote the first ever Pi-Line. He wanted the column to be light-hearted, upbeat, and supportive of community endeavors. Most of all, he wanted it to be "mixed up" and open to whatever was on his mind - and he wanted it on the front page, which is where it was for more than 45 years.

This background also sheds some light on why the Gridley Herald was the first newspaper in America to go all Apple Macintosh computers for production. Macintosh was the first graphical interface that utilized scalable fonts in a usable way. Knowing what Bill went through setting type with hot lead, one can understand why he would be so enamored with the Mac. He switched from a typewriter to the Macintosh in 1984 and never stopped using a Macintosh until his death at age 78. This column is written on MacBook to keep the tradition alive.

GHS One Act Plays Present Night of Comedy

Will Yost and Hope Gallagher rehearse a scene in “Small World,” one of four short plays performing March 17-18 at Gridley High School. Photo by Marysa Taylor

By Cindy Scott

GRIDLEY, CA (MPG) - Talented young actors will bring a welcome Night of Comedy to our winter-weary community. Following a Covid break, the GHS One Act Plays return with four short plays for an evening of light-hearted fun.

“The Seussification of Romeo and Juliet” will bring rhyme, humor, and the nuances of Dr. Seuss to the characters and plot of Shakespeare’s classic “Romeo and Juliet.” Thing One and Thing Two narrate this whimsical reinvention, while the Capitulate and Monotone families act it out. If only Shakespeare and Dr. Seuss had collaborated, this may have been the result.

“Small World,” Marysa Taylor’s directorial debut, is about three couples on three separate, but simultaneous, blind dates with many unexpected interconnections emerging along the way.

The title of “Ten Ways to Survive the Zombie Apocalypse,” is self-explanatory. It’s the end of the world and hordes of rampaging zombies are about to kill you.

What do you do? Try your hand at kung fu against the undead? Attempt to reason with creatures that would rather eat brains than use them? Students of Ethan Jacobsen’s GHS Drama Class will perform this zombie survival guide. Hint: sacrifice the weak is step number one.

“13 Ways to Screw Up Your College Interview,” also directed by Connie Quist, is about two college recruiters at a prestigious university who need to fill one last spot, and 13 eccentric, dimwitted and slightly-insane high school seniors who are eager to win it. What seems like a simple task turns into a nightmare when the applicants turn out to be a reality TV star, a practicing vampire, and others who are much, much worse. Each applicant’s interview hilariously illustrates what NOT to do at a college interview.

The GHS One Act Plays perform Friday, March 17 at 7:00 pm and Saturday, March 18 at 2:00 and 7:00 pm at the Gridley Community Center (Guardian Building) on the GHS campus. Tickets will be available at the door only, \$5 for students, \$8 for adults. ★

from the tight entrance. He conveys that rescues in confined spaces are “something special.” Procedure dictates that before entering, CALFIRE rescuers monitor the air within the space, checking that is breathable and for any contaminants that could injure them or the patient. If it is not deemed safe, the area would require ventilation. In cases such as this, Captain Costa says their biggest hazard is dust and the organic gases coming off of any decaying materials.

Using a rope system, the patient was retrieved quickly. From the time of the call until the time the patient exited the hole, only 39 minutes had elapsed. Thankfully, no injuries were reported.

“Red 44” CALFIRE/Butte County's Technical Rescue Truck 44 responded quickly to the scene of an employee stuck dangling within a 115 foot silo. Photo provided by CALFIRE/Butte County

Captain Costa wanted to express that Sun West Milling did everything correctly to facilitate the successful and safe rescue of their employee. This included appropriate operating procedures before the incident took place, and safety measures during and after the rescue – specifically keeping the fans on to maintain fresh air flow and any large equipment turned off.

Station 44 is CALFIRE/Butte County’s home base for Technical Rescue. While Gridley’s Station 74 responds to many of the water calls as it is the hub of the Swift Water Rescue Team, Station 44 handles rope rescues, confined space rescues and urban search and rescue. “The general public just assumes we fight fire and that’s it. But as far as disciplines, we run EMS calls, technical rescue calls, flooding emergencies – we’re an all-risk fire department” says Captain Costa.

Incidentally, Station 44 is currently training this week with Captain Costa teaching a 40-hour rope rescue operation course. Our CALFIRE/Butte County units are constantly honing their skills in order to protect and serve our communities. ★

Local “Storm Chaser” Gets Arrested in Kentucky

KSP News Release

FREEMONT, KY (MPG) - Troopers with Kentucky State Police (KSP), Post 1 responded to the area of Freemont in McCracken County to assist local law enforcement, emergency management, and fire/rescue departments with reports of severe weather damage. KSP Post 1 and McCracken Central Dispatch had received numerous reports of damage to residences and downed trees and power lines blocking roadways.

A command post was established at the Dollar General near the intersection of KY-994 and KY-348. Law enforcement was alerted to a disturbance at the command post. Troopers made contact with Justin A. Stohlman, 41 years old of

Gridley, CA, who advised he went around two road closed barricades into the closed disaster area to film for his social media account. It was reported to troopers that Stohlman got into an argument with another person on scene and indicated that he had a firearm. Troopers located a handgun concealed on Stohlman’s person. Due to past convictions and federal law (18 U.S.C. 922(g)(9)), Stohlman is prohibited from carrying a concealed deadly weapon.

Stohlman was arrested and charged by KSP with Disorderly Conduct, 2nd degree; Criminal Trespassing, 3rd degree; Disregard Traffic Regulation, 1st offense; and Carrying a Concealed Deadly Weapon. He was transported to and lodged at the McCracken County Jail. The investigation is ongoing by Trooper Propes. ★

Thoughts to Ponder

Gridley Thumbs and Roots

by Kathy Neal

“If you do not stand firm in your faith you will not stand up for the Lord.” (Isaiah 9:7) God says, “ I AM ENOUGH!”

God carries through fears, trials, and destructions. He carried Abraham to a new land and promised him a dynasty. He carried Moses through 120 years of life, an exodus, and to freedom. He led David and all the judges through ups and downs and never broke one promise.

He carried Mary and Joseph through a miraculous birth and life with the Chosen One. He carried the disciples through years of strife, beating, and horrible deaths; so, His plans and promises could be spread throughout the world. God said, “I AM ENOUGH!”

Standing firm is hard. We are pushed and poked from all sides to do what we know is wrong. The apostle Paul admitted he did want he did not want to do in the flesh, but knew God and His Son understood his weakness and would bring him strength and forgiveness.

We humans are broken. We are mere children who do just what we shouldn't do. But we have a loving Heavenly

Creator for a Father, who love and cares and offers mercy and grace. God stands ready and says, “ I AM ENOUGH!”

If you believe in God's word and promises you are on our way to be made in His image as Jesus Christ showed us while on earth. If you believe Jesus was who He was sent to be our Messiah, then your faith is in great hands. Keeping your faith strong is only possible through the power and strength of the Lord Almighty.

We can't do it on our own merit and strength. We are humans just flesh and blood. Only the power breathed in us from our Lord can keep us on the straight path to glory.

Read of Jesus' journey while on earth and see how He told His followers to live so their faith would grow and spread. Do good! Spread love! Share! Walk with those burdened! Practice peace and love! Be a comforter! Offer a hand up not a hand out! Practice what Jesus preached!

Remember God told us, “ I AM ENOUGH!”

Join us is learning how to live and spread the faith, every Sunday at 10 am. We are at 285 Magnolia Street. ★

Once it stopped being freezing cold, I went outside and was surprised by sweet white blossoms tucked into unexpected places. I glanced at a pelargonium and saw a cluster of white flowers and wondered because that plant has magenta flowers. I wandered past a pot full of hardy cyclamen and saw another

cluster of white flowers, this plant has white flowers but these were the wrong type. I was not thinking at first, simply enjoying the surprise of delightful treasures. It was still cold and dreary. These bits of white were bright lights of the day. Then, I realized these clusters were all over the place. Instead of petal snow, the wind ripped off whole groups of flowers from the shade tree. It tossed them wherever they landed. It was chaos unleashed. It created wonder and beauty throughout the yard. I treasure these moments of wonder. Even when I get down to brass tacks and analyze things to pieces I still hold on to the wonder and beauty of it all throughout every day.

With a bit more warmth

in the air, I'm getting those ugly rotted leaves raked up. The bulbs under the ground didn't care they charged right through that mess. I have a lot of blooming miniature daffodils lasting for a long time due to the cold. They are short to the ground so they don't get bent by the wind. The paperwhites are holding their blooms due to the cold but they are flattened against other plants, still beautiful. The snow-bells cannot be damaged by much, they used to keep going in Berry Creek when it snowed on top of them. Here they simply wave in the wind with happiness. With the Spring Equinox on the horizon may we have a gradual warming, no jumping into summer. ★

by said Deed of Trust, with interest thereon, as provided in said note(s), advances, if any, under the terms of the Deed of Trust, estimated fees, charges and expenses of the Trustee and of the trusts created by said Deed of Trust, to-wit: \$130,161.63 (Estimated). Accrued interest and additional advances, if any, will increase this figure prior to sale. It is possible that at the time of sale the opening bid may be less than the total indebtedness due. NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call, (916) 939-0772 for information regarding the trustee's sale or visit this internet website, www.nationwideposting.com, for information regarding the sale of this property, using the file number assigned

to this case, T.S.# 22-03819CA. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the internet website. The best way to verify postponement information is to attend the scheduled sale. NOTICE TO TENANT: You may have a right to purchase this property after the trustee auction pursuant to Section 2924m of the California Civil Code. If you are an "eligible tenant buyer," you can purchase the property if you match the last and highest bid placed at the trustee auction. If you are an "eligible bidder," you may be able to purchase the property if you exceed the last and highest bid placed at the trustee auction. There are three steps to exercising this right of purchase. First, 48 hours after the date of the trustee sale, you can call (916) 939-0772, or visit this internet website www.nationwideposting.com, using the file number assigned to this case 22-03819CA to find the date on which the trustee's sale was held, the amount of the last and highest bid, and the address of the trustee. Second, you must send a written notice of intent to place a bid so that the trustee receives it no more than 15 days after the trustee's sale. Third, you must submit a bid so that the trustee receives it no more than 45 days after the trustee's sale. If you think you may qualify as an "eligible tenant buyer" or "eligible bidder," you should consider contacting an attorney or appropriate real estate professional immediately for advice regarding this potential right to purchase. Slim Randles' HOME COUNTRY

Slim Randles

Herb graciously spread his right arm around the table, indicating to Loretta that all his friends needed their coffee cups topped off. She would've done it anyway, of course, but this made him look ... generous.

"I've been reading up," said Herb Collins, who had retired from his pawn shop but not from reading up, "and I learned a thing or two."

We settled back, in what we considered a learned and curious pose. We probably weren't, though.

For the more forward-looking members of the World Dilemma Think Tank at the Mule Barn coffee shop, learning

And some folks just watch teevee...

from Herb's habit of reading up sometimes was entertaining, if not always educational.

"How many of you fellas ever heard of Babe Ruth?" We all raised our hands.

"Now how many of you fellas ever heard of Carl Ditters von Dittersdorff?"

There was a paucity of paws in the air.

"He was born way-back sometime in a suburb of Vienna, and started out life as Johann Carl Ditters. But through the years, and because his compositions needed publicity, and his friends didn't think his name was impressive enough, he coagulated his name into what it now says on the billboard at the opera house."

"And you read up on this by yourself?"

"Sure did, Doc. Now

ol' Carl made a bunch of friends who were musical and had weird names, too. Used to hang around with Christof Willibald Gluck. Name like that, you'd have to pardner up with someone who could handle himself in a dark alley. So there's my theory in a nutshell guys. If you were a German or a fake German living in a close by, but not yet German country, and your name was too common for people to remember, you either had to give them a name they couldn't forget ... or go start a war."

And some folks just watch teevee...

Free sheet music from the ol' Ditters himself! If you can play this, you're better than most mental patients. [https://imslp.org/wiki/Andante_cantabile_\(Dittersdorf%2C_Carl_Ditters_von\)](https://imslp.org/wiki/Andante_cantabile_(Dittersdorf%2C_Carl_Ditters_von)). ★

I Wouldn't Do It That Way

Dear Dave,

I have an uncle who wants to gift some property to one of his sons, myself and my sister. The property is about two-and-a-half acres, and it's probably worth around \$125,000. My wife and I are trying to pay off debt in Baby Step 2 of your plan, and we're not sure how we feel about the situation. What do you think?

— Dave

Dear Dave,

If your uncle asked me if he should do this, my

Dave Ramsey Says

answer would be no. The thing is, you've got three different sets of people with different lives and very different situations. Not only that, but these three potential co-owners probably have differing ideas about the land and what should or shouldn't be done with it. To me, the whole thing sounds like a big family fight just waiting to happen.

If I were in his shoes, I'd just sell the property and split the money equally between the three of you. It'd be a lot easier that way, and you'd avoid the chance of hard feelings between you and your relatives down the road. Don't get me wrong, your uncle sounds like a kind and generous man. He's trying to be a blessing to all three

of you, but it has a very real possibility of causing unintended problems he may not see coming.

That's the way I'd handle it, Dave. A couple of acres of dirt split between three people isn't worth all the squabbles and bad feelings it could cause.

— Dave

California Farm Bureau Reacts to Groundwater Decisions

California Farm Bureau Press Release

SACRAMENTO, CA (MPG) - California Farm Bureau President Jamie Johansson responded to the California Department of Water Resources announcement on sustainability plans for the state's groundwater basins.

The agency recommended approval of plans for six California groundwater subbasins. It declared six other plans to be "inadequate," which will result in a review by the State Water Resources Control Board.

"This action will trigger a process before the water board that will afford local agencies additional opportunities to address identified problems, regain control of their basins and, hopefully, avoid formal probationary status or the imposition of eventual state interim plans," Johansson said.

"Passage of the Sustainable Groundwater Management Act in the 2014 drought year was a seismic shift in California water," he said. "It was never going to be easy to transition

on a timeline of just 20 years to eliminate an estimated 2.5 million acre-feet of overdraft a year in our most impacted areas of the state. Historic droughts in recent years have also shown us that we can't simply continue as we have been, and that California must also invest in a more resilient, 21st-century water system."

Johansson added, "California Farm Bureau will work with state and local agencies, our county Farm Bureaus and our agricultural groundwater users on workable solutions to sustain healthy aquifers. Our groundwater supplies are critical for California farmers, including vegetable, fruit, nut, and dairy producers who account for much of America's food supply. It is important that California carefully consider solutions that protect both our aquifers and our food production."

The California Farm Bureau works to protect family farms and ranches on behalf of nearly 29,000 members statewide and as part of a nationwide network of 5.3 million Farm Bureau members. ★

NOTICE OF PETITION TO ADMINISTER ESTATE

NOTICE OF PETITION TO ADMINISTER ESTATE OF MARTHA LORRAINE GRAVES, AKA MARTHA L. GRAVES
CASE NO. 23PR00053
To all heirs, beneficiaries, creditors, and contingent creditors of and persons who may be otherwise interested in the will or estate of Martha Lorraine Graves, aka Martha L. Graves, deceased.

A Petition for Probate has been filed by Charity D. Berry, in the Superior Court of California, County of Butte, requesting Charity D. Berry be appointed as personal representative(s) to administer the estate of the decedent.

The petition requests the decedent's will and codicils, if any, be admitted to probate. The will and any codicils are available for examination in the file kept by the court.

The petition requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the executor to take many actions without obtaining court approval. Before taking certain very important actions, however, the executor will be required to give notice to interested persons unless they have waived notice or have consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

A hearing on the petition will be held in this court as follows: March 28, 2023, 9:00 a.m. in Dept TBA. Superior Court of California, County of Butte, 1775 Concord Avenue, Chico, CA 95928.

IF YOU OBJECT to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

IF YOU ARE A CREDITOR or a contingent creditor of the deceased, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) four months from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code. Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law.

YOU MAY EXAMINE the file kept by the court. If you are interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk. The name, address and telephone number of the Petitioner is: Charity D. Berry, 2558 S. Two Early Goals Ends Gridley’s Best Season

Story by Steven Bryla

OAKLAND, CA (MPG) - The Gridley Bulldogs boys’ soccer team’s best season in program history ended last Saturday in Oakland as they lost the 2023 CIF NorCal Division V Championship to Leadership of Hayward 2-0.

Gridley (14-7-2) head coach Jesse Barajas expressed to the Herald that Leadership came out with a quicker pace than what they saw on an earlier film of the season.

“They came out quicker than we thought, and... [there] was a lot more tactical passing strategy,” Barajas said.

Barajas added saying that they adjusted the best they could after noticing the differences in the first 10-15 minutes of the game but two early goals in the first 25 minutes had the Bulldogs in an early hole.

“You could tell a lot of them (Leadership) played club ball by the way

they were in sync with one another on the field,” Barajas told the Herald.

Gridley wasn’t able to make anything up, but Barajas recalled on a conversation he had with his assistants when they were his players during the structuring of the CIF soccer post-season tournament expanding after sections and they all agreed one day they’d get to the very last day of the season.

To get to the NorCal Division V final, the Bulldogs beat Venture Academy of Stockton in the first round on February 28 and got by Denair on March 2 when they won in penalty kicks.

“To be able to get to the last day of the season with this group was great,” Barajas said.

Barajas noted that this team held one another accountable, but no one ever pointed fingers at one another.

This was the farthest Gridley has been in its program history and the only team in the Northern Section to reach a final in NorCal play.

With the big roster Barajas carries year in and year out, the Bulldogs will be back in the groove of things next season and will be ready for another strong run next season! ★

Lady Lions Fall in NorCal Opener

Story by Steven Bryla

OAKLAND, CA (MPG) - For the second match in a row, the Live Oak girls’ soccer team got beat 4-0, but this time it was at the hands of the Oakland Tech Bulldogs in the first round of the CIF NorCal tournament on Tuesday, February 28.

Live Oak (16-6-2) had two of its best players back on the roster in sophomore striker Johanna Petrone and junior defender Maya Goodson after they missed the Northern Section title on February 25 due to an incident in the semifinals of the Northern Section playoffs.

Lady Lions head coach Jose Acosta told the Herald on the trip down to Oakland that there was an issue with the bus where they had to switch buses and it caused his team to arrive at the game 20 minutes before kickoff.

Acosta said they were given some additional time to warm up and get ready for the game. But Acosta said that Oakland Tech was plainly a better team than his girls on the day.

“You can tell those girls play all year-round because they moved the ball so well,”

Acosta said. He said Live Oak had a couple chances to score but they were very limited.

“They (Oakland Tech) were quicker, stronger and just overall a better team than us,” Acosta said.

This was the second year in a row Live Oak has had their season end in the Bay Area in the opening round of NorCal play.

This completes the fourth year Acosta has been atop the Lady Lions program and there is plenty coming back next season.

“Our entire leadership core comes back next season,” Acosta said.

He noted the leadership of Petrone, Goodson and junior midfielder Mckayla Holman coming back in for their third season together will be an easy transition.

“With them already being leaders for the past two seasons, the returning players will be able to show the new players how we run things,” Acosta said.

Acosta had continued the tradition of the Live Oak girls’ program continuously competing deep into the postseason since he took over in the 2019 season. ★

Bulldogs Lose in First Round of State Playoffs

Story by Steven Bryla

TOLLHOUSE, CA (MPG) - The Gridley Bulldogs boys’ basketball team lost the first round of the CIF Division IV NorCal tournament 71-46 on Tuesday, February 28, to the Sierra Chieftains of Tollhouse.

Sierra was able to build an early lead and didn’t give any light of day for Gridley to get back into the game.

Bulldogs (13-14) head coach Nathan Link expressed to the Herald that the Chieftains were a solid team.

“We got off to a slow start, they weren’t going to let us back in the game unless we shot the ball perfectly,” Link said.

He said that Gridley trailed primarily by 10-15 for most of three quarters during the game.

“We competed and the boys had a good time, and it was a good experience for the team to get back in the state playoffs for the first time in a while,” Link told the Herald.

This was the first time the Bulldogs have made it back to the state basketball tournament since the 2019-2020 season.

This was the first year of Link’s second stint as head coach of the boys’

basketball program.

Link said the kids worked really hard for him this season with the four returners on the team.

“We had a great second half of the league going 4-0 and getting some play-off wins,” Link said. He added they built a great foundation, and they’ll work in the off-season to build on it.

When the season ended for Gridley, it also ended the time the Bulldogs two senior guards Benson Tolman and Kendal Witt would be playing basketball competitively in the Navy and gold.

“Benson was a rock for us this year and was very dependable for the team all year long,” Link said.

“Kendal filled in when we needed him but he was always in the right position and made the correct play,” Link told the Herald.

The biggest returner for Link next season is going to be junior forward Aaron Kullar.

This dynamic forward that can shoot from anywhere on the floor and pass the ball flawlessly if needed, Link said, should be a little more vocal during games. ★

Rogan Named Drakes Skipper

Story by Steven Bryla

MARYSVILLE, CA (MPG) - The upstairs bar of Stassi's 4th Ward was packed as the Marysville Drakes and Pecos League Commissioner Adam Dunn introduced the inaugural manager Bill Rogan to the public at a meet-and-greet event on Thursday, February 23.

The Pecos League is in its 13th season as an independent baseball league that caters to players from the ages of 22 to 25. There are 16 teams total in the league with eight California teams represented and Marysville being the most northern location in the state.

Dunn expressed to those in attendance that with the addition of Marysville coming into the league, all California teams will play one another during the regular season instead of having to travel to Tucson, Arizona.

Dunn introduced the Mascot of the Drakes and his name is "Quack," which represents the name where the city of Marysville eventually came up with the Drakes as the designated name of the team.

Dunn joked with everyone in attendance about a Drake being a duck and one day they woke up in Ellis Lake. All jokes aside, he introduced Bill Rogan, the manager the future Drakes players will be playing under.

Rogan opened his statements with a couple of jokes like becoming the eventual next governor of California, but it was all fun and games and he laid out his plan of what he has planned for the Drakes this summer.

"These are my kids for the summer and I want them to succeed," Rogan said.

Rogan expressed to Messenger Publishing Group (MPG) that he's a New Yorker who loves baseball.

The biggest point he made in his opening statements during the meet-and-greet was he was not going to put up with dramatic and poor-mannered players.

"I would rather lose with a bunch of good people and guys who try hard, than to win with a bunch of knuckleheads and problematic people," Rogan exclaimed.

Rogan was amazed by how much support the community has already shown him on his first day in Marysville last Thursday. He added that when Dunn took him to Bryant

Field earlier in the day, there were plenty of people there to greet him and offer their help with whatever he needed.

"I've never seen the welcome mat rolled

out so nicely than it was today," Rogan said.

He mentioned multiple times in his address during the meet-and-greet and

talking to MPG that the Drakes are going to be the fan-friendliest team in the league.

Dunn and Rogan both said Spring Training for the Drakes will be May 15th or 16th and fans are welcome to attend.

Dunn expressed that season tickets are \$200 for the reserved seats during the 30 home games Marysville will host throughout the inaugural season.

Dunn added they are trying to apply some sort of reserved parking with the purchase of season tickets. The Drakes will host two exhibition games on May 21-22 against the San Rafael Pacifics and Santa Rosa Scuba Divers before their first official home game of the season on May 25 versus Santa Rosa.

The Drakes are owned by the Pecos League and Dunn told MPG he wants the Drakes to be a big part of the community.

Rogan mentioned that Dunn believed he would be a good fit because the people of Marysville loved baseball with a lot of history.

Rogan added he wants the players on his roster to battle everyday.

"I want to make the city proud," Rogan said. "When guys pull for one another, you're going to have a chance at team success."

Marysville held a local tryout in Sacramento in the middle of December. North Highlands resident Jalen Gordon, 23, tried out for the Drakes and made the squad.

Gordon said that he fit the criteria of the Pecos League by being overlooked throughout his career and still had the dream of playing the game he loves.

"It's big for me because I'm still in the range where my family can still come and watch me play and represent North Highlands," Gordon said.

Gordon added his best attribute in baseball is his speed. He said he is a utility player but prefers to play in the outfield.

Rogan and Gordon met for the first time at last week's meet-and-greet. Plenty of smiles between the two lit up the room as they got acquainted with one another.

Gordon is excited to get the season started and mentioned he has met some of his other teammates so far and they are building chemistry on and off the field.

"Baseball is about friendships. I hope to make long-life friendships with these guys," Gordon told MPG. ★

After a three year hiatus, the Auxiliary Gift Shop has reopened in their new location in the lobby of the Gridley Medical Specialty Center.

Open every Tuesday and Thursday from 10am-2pm.
(284 Spruce St.)

Auxiliary donates all proceeds to purchase items requested from Orchard Hospital staff, providers and administration.
