GRIDLEY, CA (MPG) - The solemn ringing of a bell and a moment of silence began an intimate gathering of veterans, area officials, community members and the family of Pearl Harbor survivors as they honored the fallen during the attack, December 7th, 1941.

In respect for those who were lost, the Pearl Harbor Remembrance Ceremony was held at the Veterans Court of Honor at the Gridley-Biggs Cemetery, 81 years after the

deadly attack on the Naval Base at Honolulu, Hawaii.

Presided over by members of the Gridley VFW Post 5731, the program was brief, yet moving. Included in it was the Pearl Harbor Prayer. An excerpt reads: "Heavenly Father, we are gathered here to commemorate those among your servants who gave their lives at Pearl Harbor on December 7th, 1941. Because of their dedication to duty, we still enjoy the freedoms we inherited from our forefathers. Because they served well, we

By Seti Long

GRIDLEY, CA (MPG) - Despite the heavy rain and cold temperatures, B Street in Downtown Biggs radiated light and the warmth of the season as it prepared for its annual tree lighting.

The event started at 4 pm on Sunday, December 4th, opening with a street fair and market. Thankfully, the weather cleared long enough for the multitude of vendors to set up – an increase from years past, selling holiday gifts, hot cocoa and more. Guests browsed as they awaited the lighting of the tree at 7pm and enjoyed the many lights and decorations put up by volunteers to make the event spectacular.

Meanwhile, the Ugly Sweater Contest delighted the crowd. As faux snow fell from the upper balcony of the Hotel Colonia, eight contestants who'd donned their favorite over-the-top holiday sweater gathered in front of the historic building to compete for the title of the most awful holiday sweater. Winners were judged by the crowds' cheers. First place went to

GRIDLEY, CA (MPG) - Santa is back on tour and will be coming through our area this weekend!

For the last few years, jolly Ole' Saint Nick has been teaming up with Gridley Fire Department/CALFIRE Butte County and Gridley Police Department to make sure every boy and girl in town, regardless of age, gets a chance to wave hello to the holiday icon before the 'Big Night'.

Santa has left his reindeer in the North Pole to rest up, and thanks to Station 74, will be riding atop our local engines with a special escort from Gridley Police Department. Please be aware that during the 2-hour tour, lights, sirens and chirps will alert residents that Santa's on his way.

# The New Pi-Line

By Josh F.W. Cook

The gold rush is noted as a significant influence in the history of Butte County. Less widely known is that there were at least two bands of Indians who came here to mine. A band of Cherokee Indians came here in company with a “Yankee” school teacher who was teaching in the Indian Territory, which gave the name to Cherokee to a small town behind table mountain next to another town named Yankee Hill. Wyandotte was established by Wyandotte Indians, who, in 1850, found gold there. There are over 7000 members of the Wyandotte Indian Nation in Oklahoma. I wonder if they know there’s still a town, several streets, and at least one Grange organization that bears their name?

There are several principles found in Christian theology which are very helpful to maintaining a sane and civil society. Charlie Munger is vice chairman of the very

successful investment firm Berkshire Hathaway and is still actively involved while over 90 years old. He has a working theory that envy is much worse than greed. Being 90 years old, he says that he can remember a time when life was much more difficult and much harder, yet people today, while living in never seen before historical abundance, have higher and higher levels of unhappiness and mental illness. America is confronting, across-the-board, unprecedented levels of mental health issues among young people. There is a growing corollary, from a public administration point of view, to social media usage and mental health degradation. Envy clearly drives Instagram and TikTok, as well other social media platforms. Mr. Munger opines that life can be nine times better than it was, but if you succumb to envy because it was ten times better for one other person, you envy yourself miserable. He also opined insightfully that unlike most of the other sins in Christian philosophy, envy is the one sin you indulge in that doesn’t actually make you feel some sort of pleasure; it just makes you unhappy with what you have.

As one cruises the streets of the tri-city area, it is apparent that more housing is being built. I am still wondering if we will build

enough houses to still have a hospital in our community ten years from now?

Civic-minded retiree Chris McIntyre is up to something - some sort of do-gooder cause with the G.I.B.T. Committee.

It has come to the attention of this amateur penman, that Jason Soares, heir to the Continental Athletic Corporate Empire does not read the paper every week. It may be good for his family members to consider buying him a subscription to the Herald as his only Christmas present.

Now it’s time for the annual reminder message from Robbie Miller and the local Catholic Knights of Columbus - do not say Xmas, do not write Xmas. Make sure to say Christmas. Also, don’t envy, be happy.

Lastly, some advice for you super commuters if you use the Starbucks app to order your food and hot chocolate ahead of time, you can go to the gas station across the street from Starbucks and fill up your car, and while it’s filling up - run across the street and pick up your order, saves time and gets down the road a little faster. Gridley Starbucks also has clean bathrooms.

are proud to call them our own.”

The program continued, recognizing any Pearl Harbor veterans or family of present in the audience. The following local veterans killed in action on that day included Warren H. McCutcheon, who was one of the first to fall at Pearl Harbor, Clair R. Brier, James B. Ginn, Howard D. Crow, and Carro F. Lutz. Those local men who fought and survived the attack were: Vere Gardner, Homer Rod Lane, Clarence Joe Adams, Art Wells, Fred Lawrence, Gordon R. Ditty, Leon Smith, Joseph Langdell, R.E. O’Hara Jr., and D.R. Orr.

The symbolism behind the Two Bell Ceremony was shared. At the event, a small round table with a white tablecloth-held vase with a single red rose signifying “the blood of the fallen shipmates,” a “crystal glass of water to quench their (fallen) thirst for

freedom. Salt to remind us of the pain they felt lest we forget them. The china is bone white as the purity of their hearts and sacrifices. This, on a white linen tablecloth that could be used as a clean bandage for their wounds.” The reading of the Two Bell Ceremony, done by Lynne Spencer, continued saying, “The place we set for them this day is a special place. As is the place we hold for them in our hearts, our minds,

and our Navy.”  
Guests were asked to come forward and take one of many beautiful wreaths to lay down in remembrance of the patriots that lost their lives that day, followed by a rifle tribute and the playing of Taps. The ceremony concluded with a prayer, those in attendance gathering quietly after to express their gratitude to veterans in attendance and those that fought and died for our country.

# Lady Bulldogs Control Late Push from Hornets

Story and photos  
by Steven Bryla

GRIDLEY, CA (MPG) - The Gridley girls basketball team stayed perfect on Friday night as they beat the Edison Hornets 46-38 in their third game of the 2022 Lady Bulldog Holiday Classic at home.

Gridley's original schedule of the classic changed due to teams not being able to make it, Lady Bulldogs head coach Becca McCray and the school's administrators did a great job filling in the blanks.

With the new schedule, Gridley competed and won a game early on Friday afternoon against Franklin of Stockton 60-39 and competed an hour and a half later against Enterprise.

McCray told the Herald that their match against Franklin was physical so the main goal for her team to do in between games was to rest and hydrate.

The Lady Bulldogs came out strong against the Hornets by crashing the offensive glass that led to multiple second chance opportunities to put points on the board.

Gridley (4-0) had a 16-6 lead at the end of the first where team captain and senior forward Ella Sannar contributed four points in the opening quarter.

The second quarter consisted of low scoring, but it was due to outstanding defense by both teams.

Lady Bulldogs sophomore center Brook Marr was a blocking machine throughout the night.

Enterprise tried multiple times to get the ball inside the paint and get easy lay-ups, but Marr was there to deny the points.

Marr ended the game with a team-high 17 points and was part of the all-tournament team after it concluded.

Sannar was also a part of the all-tournament team as she contributed 10 points throughout the game against the Hornets.

Gridley took a 22-10 lead at the half.

Enterprise made adjustments

at the half and made the Lady Bulldogs struggle offensively in the second half.

"They pressed us a lot more in the second half," Marr exclaimed to the Herald.

Sannar added that the adjustments that Gridley made in the second half consisted of not dribbling to the corner and getting stuck with the ball to where they would have been trapped with the ball.

With tournament season full force as like many teams, the Lady Bulldogs will play in a tournament every weekend until Butte View League play begins in the second week of January 2023 with the exclusion of Christmas weekend.

"The tournament schedule will get us in shape for league and it will help build the chemistry stronger," Sannar explained to the Herald.

Gridley led the Hornets 33-22 at the end of the third.

In the fourth quarter, Enterprise closed the deficit four with 3:45 to go in the game.

When the lead dwindled down to four points, the Lady Bulldogs went to their bread and butter where they were able to drive the ball to the inside with Marr and senior forward Kennison Cota.

Cota had 10 points in the game and was a huge help in the rebounding department with Marr.

McCray mentioned to the Herald her team was tired in the game against Enterprise as it was their second game that was completed within a four and a half hour time period.

"We are clicking well as a team overall," McCray told the Herald.

Gridley will compete in the Oroville tournament that begins on December 7 and will conclude Saturday, December 10.

The Lady Bulldogs went 3-1 in the tournament overall as they suffered their first loss of the season to Central Valley of Shasta Lake on Saturday evening.

Gridley will travel and play at Live Oak in a non-league contest on December 13.

Gridley sophomore center Brook Marr (2) attempts a shot in the Lady Bulldogs 46-38 victory over Enterprise on Friday, December 2 in the Lady Bulldog Holiday Classic at Gridley.

Gridley senior forward Ella Sannar (22) attempts a shot in the paint in the Lady Bulldogs 46-38 win over Enterprise on Friday, December 2 in the Lady Bulldog Holiday Classic at Gridley.

## MEMORIAL

### MATTHEW CHRISTOPHER MORRIS

10/14/1984 – 11/29/2022

Matthew Christopher Morris, lovingly known as Matt or Cooter, passed away unexpectedly on November 29, 2022, at the age of 38. Matt was born on October 14, 1984, in Oroville, CA, to Larry and Joyce Morris. He grew up in Gridley, CA, with his two older siblings, Holly and Rob. Matt’s love for trucks started at a young age; growing up you would always find him working on them and hanging out with his Uncle Max and Pepa.

After graduation, Matt decided to chase his dream and became a truck driver. Little did he know that chasing his dream would lead him to find the love of his life and soul mate, Jessie. They were inseparable from day one and were married on May 16, 2009.

They immediately began to grow their family and welcomed their first-born, Baylee, followed by Izzy three short years later, to complete their family. Matt was the most loving and devoted father and husband; doing absolutely anything for “his girls.” He loved riding quads with Baylee; and having Izzy as his co-pilot in the truck every chance he got, passing

on that love of trucking to her. Matt cherished his girls and everything he did was for them.

Matt is survived by his wife, Jessie, and daughters Baylee and Izzy of Willows; his parents, Joyce and Larry Morris of Gridley; brother, Rob Morris of Missouri; sister, Holly Morris of Kansas; his in-laws, Tom and Lanora Phelps of Willows; numerous nieces and nephews and, of course, Uncle Max Walters of Biggs.

There will be a celebration of life to honor Matt on December 10, 2022, at 4:30 p.m. at the Elks Lodge in Willows, CA. The Celebration will be catered by one of Matt’s favorite Mexican restaurants, but if you would like to bring something, a dessert is more than welcome.

By Seti Long

**GRIDLEY, CA (MPG)** - Gridley's American Legion Post 210 honored one of its own at their meeting Wednesday, November 30th.

Commander Owen Stiles was awarded Legionnaire of the Year 2022, in recognition of his exemplary leadership and service to the American Legion, devotion to the community, state and nation.

Stiles, U.S. Navy veteran of 20 years, has been a member of the Gridley American Legion Post since 2006. He is currently serving his 10th consecutive

year as the group's commander.

Commander Stiles tells the Herald: "I am humbled by it (honor). I never thought that the guys would get together and honor me with that award." He continues, speaking on his role in the leadership of the group, "Being the commander of the post, I'm into rewarding the other members of the group and not myself - it's not about me. It's about the post. I never expected this."

His fellow post members agreed that their commander was highly deserving of the recognition. ★

Torres called his retirement from the council "bittersweet because there were so many other things that I wanted to see get finished." He continued, "I have faith in the new council and the fantastic City staff we have." He expressed his thanks to area and state officials, including Congressman Doug LaMalfa, Senator Brian Dahle, Butte County Supervisor Tod Kimmelshue, and Assemblyman James

At the same meeting, James Roberts, councilman elect, was sworn into office along with Bruce Johnson for another four-year term. Johnson has previously served the City of Gridley as Mayor. After

taking the Oath of Office, Johnson and Roberts joined the other civic leaders on the dais to begin the process of restructuring the council.

Councilman Mike Farr will now serve the City of Gridley as mayor, with Bruce Johnson serving as vice-mayor for the next two years. ★

# DUI Driver Sentenced to 10 Years in Prison for Vehicular Manslaughter

Butte County DA News Release

**BUTTE COUNTY, CA (MPG)** - On December 2, 2022, a Chico man was sentenced to 10 years in state prison in Butte County Superior Court for hitting and killing a moped driver in March of this year.

In an emotional sentencing hearing this morning, Judge Jesus Rodriguez sentenced Chase Jacobsen, 25, of Chico, to the maximum possible term of 10 years in state prison following Jacobsen's earlier guilty plea to gross vehicular manslaughter while under the influence.

Butte County District Attorney Mike Ramsey said the courtroom was filled with family and friends of the 22-year-old victim, Terry Nilsen, Jr., whom family and friends called "T.J."

Ramsey said T. J.'s mother, father, grandfather, and his grandparents' caregiver all made powerful statements to the judge about how the actions of Jacobsen have impacted their family. T.J.'s grandfather, fighting back tears, told the court how every morning he has to tell his wife, who is suffering the physical and mental effects of a stroke, that their beloved grandson will not be able to come to visit her.

T.J.'s father told the judge that no parent should ever have to say goodbye to their son as he lay dying in a hospital - as he had to. T.J.'s mother expressed her grief of knowing she will never see her son experience having his own family to love. She also shared how she has dedicated her life now to working with Mothers Against Drunk Drivers to try to prevent other families from having to

go through what she has.

After hearing the victim-impact statements as well as arguments from Jacobsen's attorney and the district attorney's office, Judge Rodriguez imposed an upper-term sentence in state prison, highlighting the callous actions of the defendant when he chose to drink and drive despite being warned that night by several people not to, as well as fleeing the scene of the crime after he had hit and gravely injured Nilsen.

Ramsey said the charges arose from a March 6, 2022 incident where Jacobsen had been drinking alcohol at a party and chose to drive home even though he admitted he knew he was impaired and should not have been driving. As Jacobsen drove down the Esplanade in the area of the Mud Creek Bridge, Ramsey said he crashed into a moped driven by Nilsen.

Both vehicles were heading in the same direction, and Jacobsen's Ford F-150 truck was speeding some 15 miles per hour over the speed limit. When Jacobsen's truck hit Nilsen's moped, Jacobsen did not stop or call 911. He later said he saw Nilsen's body come up on the hood of his truck. Nilsen's body was found by the side of the road approximately two hundred feet from the initial impact point.

Ramsey said as Jacobsen fled the scene, the moped was still wedged under his vehicle, on fire and throwing sparks on the road for almost 1.7 miles. Investigators also said that Jacobsen stopped at least three times to try to remove the moped from underneath his truck. ★

# Rainbow Fentanyl Child Overdose Charges filed against Parents

Butte County DA News Release

**BUTTE COUNTY, CA (MPG)** - The parents of a two-year-old boy, who is believed to have overdosed on his mother's illicit and colorful fentanyl, were in Butte County Superior Court to face felony child endangerment charges.

Justin Bryce Zedaker, II, 22, and Allie May Stuber, 23, both of Concow, were arraigned on the charges and had their case continued for a plea on October 26, 2022.

Butte County District Attorney Mike Ramsey said the charges stem from the afternoon of October 17, 2022, when the Butte County Sheriff's Office responded to a call regarding a two-year-old child who was having a medical emergency.

Zedaker and Stuber had taken the child to the Concow Cal Fire station to seek medical attention. Due to the severity of the child's condition, a medical helicopter was called and flew the child to Enloe Hospital in Chico. The emergency responders recognized the child's symptoms as a possible opioid overdose and the flight team administered Naloxone (commonly referred to as "Narcan"). The child responded well to the treatment and is expected to be okay.

The couple initially reported the child may have gotten into some unknown substance while at a babysitter's house. However, Butte County Narcotics Task Force (BINTF) agents were called to investigate the case and soon discovered the child was never at a babysitter's house. Instead, agents developed

evidence that the mother of the child, Stuber, had left her multi-colored fentanyl powder on a shelf near where she and the child's father, Zedaker, were asleep that afternoon in their fifth-wheel trailer. Zedaker also had a personal amount of methamphetamine on the bed.

Ramsey said the fentanyl looked like Lucky Charms marshmallows, an appearance that would prompt most children to put the extremely deadly drug in their mouths. When Stuber and Zedaker awoke, they discovered their child was shaking and having a medical emergency. The fentanyl container, a toy skull, was wet from the child's saliva.

Further investigation by BINTF revealed that Stuber and Zedaker had their own Narcan, but did not administer it to the child, as they were unsure of its effects on a child. Instead, Stuber packed up her remaining fentanyl and paraphernalia, and then took the child to the nearby Cal Fire station to try to get help.

Ramsey said his office has charged Stuber with a felony count of child endangerment and a misdemeanor count of possession of fentanyl; and has charged Zedaker with a felony count of child endangerment and a misdemeanor count of possession of methamphetamine.

The two face a maximum sentence of six years in prison if convicted. Both parents remain in custody on \$150,000 bail.

The child is in the custody of Butte County child protective services. ★

# Convicted Child Molester Sentenced to State Hospital for Indeterminate Period

Butte County DA News Release

**BUTTE COUNTY, CA (MPG)** - An Oroville man, serving time in state prison for a child pornography criminal conviction, was in court yesterday where a judge declared him to be a Sexually Violent Predator and civilly committed him to a state hospital to serve an indeterminate, possibly life, term.

Butte County District Attorney Mike Ramsey said Jeffery Kuehl, age 51, of Oroville, was convicted in Butte County Superior Court of a lewd act with a child under the age of 14 in December 1995. He was sentenced to eight years of probation at the time. As part of his probation, Kuehl received mandated sex offender treatment and was required to abide by a lifetime sex offender registration.

Ramsey said in February 2017, Kuehl was convicted of possession of child pornography and was ultimately sentenced to state prison for 3 years. Kuehl was scheduled to be released from prison and put on parole in 2020. However, because of his molest conviction from 1995, California law required Kuehl to be evaluated by two psychologists from the California Department of State Hospitals to determine if he had a mental disorder and was therefore a danger to children.

Ramsey said his office received copies of the doctors' reports and filed a petition in March 2020 with the local court to have the defendant declared a Sexually Violent Predator (SVP) and committed to the Department of State Hospitals for an indeterminate period of time.

Ramsey said Kuehl was entitled to a jury trial and a determination of proof

beyond a reasonable doubt as to a determination of his status as an SVP who would be a danger to the public. Kuehl decided to waive a jury trial and instead proceeded with a court trial, where a judge would make the determination of the defendant's status.

During the four-day court trial, Butte County Deputy District Attorney Judith Stark-Modlin put on the state hospital psychologists, who said Kuehl admitted to them he had not only molested the one victim in 1995, but he had actually molested 18 other previously unknown victims.

Kuehl testified on his behalf at the trial and admitted to molesting 19 girls, ages 4-10, with his most recent victim molestation when he was 38 years old.

Superior Court Judge Jesus Rodriguez found Kuehl qualified as an SVP and committed him to the Department of State Hospitals for an indeterminate period.

Ramsey said, "Kuehl did not name his previous victims and therefore prosecution of those crimes may not be possible. However, Kuehl will be held in the state hospital indeterminately, allowing those unnamed victims some modicum of justice."

Ramsey said that Kuehl would not be subject to release until doctors from the state hospital determine that he is safe to release and a judge agrees.

Ramsey also noted any persons who believe they were victims of Kuehl may have the right to access victim assistance counseling funds. Ramsey encouraged those victims to call the District Attorney Victim Witness Bureau at (530) 538-7340. ★

# Murder Suspect Arrested after Escape Vehicle Rams Police Units

BCSO News Release

**BUTTE COUNTY, CA (MPG)** - On November 22, 2022, Oroville Police (OPD) Officer's located a victim in the roadway near the intersection of Oro Dam Blvd. and Olive Highway. Officers and medical personnel moved the victim to a safe location and immediately began providing medical treatment. Officers determined the victim had been stabbed. The victim was immediately transported to Oroville Hospital. Despite the life-savings efforts provided, the victim died shortly after arriving at the hospital.

OPD Detective Jess Darnell immediately began conducting an investigation. During the investigation, detectives located evidence that gave them cause to believe Daniel Shamblin, age 39, of Oroville murdered the victim. Detective Darnell obtained an arrest warrant for Shamblin on November 23, 2022. On November 28, 2022, the Butte County Sheriff's Office (BCSO) began assisting OPD with the murder investigation.

On December 1, 2022, BCSO detectives attempted to conduct a traffic enforcement stop on a vehicle that was being driven by Shamblin's girlfriend, who detectives identified as Kayla Spoon, age 27, of Oroville.

During the attempted traffic stop, detectives realized Shamblin was also in the vehicle. Spoon immediately accelerated her vehicle, rammed an unmarked police vehicle, and almost hit a detective with her vehicle.

Detectives began pursuing Spoon through the Oroville area. During the pursuit Spoon intentionally rammed a second unmarked police vehicle. The pursuit continued for several miles. Spoon eventually lost control of her vehicle and crashed into a ditch on Mt. Ida Road, Oroville.

After Spoon crashed the vehicle, Shamblin began to exit the vehicle. When detectives attempted to detain Shamblin, Shamblin attempted to draw a firearm that was concealed on his person. Shamblin then fought with detectives for several minutes. During the fight Shamblin attempted to draw a second firearm and a knife that were concealed on his person. After several minutes detectives were able to place Shamblin and Spoon under arrest.

This is an ongoing investigation. BCSO is asking anyone with additional information about this investigation to contact detectives at 530-538-7671. BCSO is asking anyone with information about the homicide to contact OPD Detective Darnell at 530-538-2448. ★

# Thoughts to Ponder

by Kathy Neal

God has a GPS! He has planted in each of us a desire to go home to Him. The first example of this is the Wisemen's journey to find the Child born hundreds of miles away, that was foretold by a star. God used a star to call home men of wisdom to find His blessing.

Many think the Wisemen were trained and shown God's plans by Daniel while in exile in Babylon. Down through the ages Daniel's prophecies were transferred to the men who studied the old papers.

When they came across the prophecy about a King born in Bethlehem in ancient papers they began to search. For two years after spotting "the star" they studied, planned, and traveled to find the treasure spoken of centuries before.

God's GPS was put into service. A study of the alignment of the heavens revealed a stunning find. A star never seen before was guiding them to a place where a Prince of Peace was born.

The three of them set out on the long journey to find what was spoken of in the scrolls of old, a child, a King of Jews, a

Savior of the world. Now where was He? God provided the coordinates.

It took them two years to finally find the place. They never gave up. They rode their camels, crossing mountains and deserts, to make to the small Judean town of Bethlehem. Daniel's town.

They asked people where the child was. They even appeared before King Herod, the ruler, to ask for the final directions. Who gave them the final directions? God! For the star stood over the house where Mary and Joseph and now the Child lives. They had found Him. Now they could bow, worship, and offer gifts to a King.

Do you have and use God's GPS? He has placed in within all of our hearts to use when we need to follow and find Him. This Christmas to truly come into His presence.

*Come help us find and follow Him the Christmas season at the Gridley United Methodist Church. We meet every Sunday at 10 am. We are located at 285 Magnolia Street. We will also have a Christmas Eve service starting at 6 pm.* ★

# How Did Confidential Gun Permit Data Get Leaked?

By Dan Walters, CALMatters.org

California Attorney General Rob Bonta and the state's gun owners were already warring over the state's very tight gun control laws when, on June 23, the U.S. Supreme Court issued a landmark decision that could threaten the constitutionality of at least some of the restrictions.

Gun owner organizations had sued to overturn some of the state's laws, such as a 10-round limit on magazines, and had some success in federal court. The 6-3 June 23 ruling, overturning a New York law restricting concealed carry permits, signaled that other restrictive laws in other states, including California, were in jeopardy.

Bonta quickly said that he wanted the Legislature to keep as many California guns laws on the books as possible. "In the wake of mass shootings in Buffalo and Uvalde, and with gun deaths at an all-time high, ensuring that dangerous individuals are not allowed to carry concealed firearms is more important than ever," he said in a statement.

Four days later, Bonta's Department of Justice unveiled a new website aimed at giving the public access to data about criminal justice, including how many Californians had

concealed weapons permits. Very quickly, however, website users, including some in the media, discovered that if they hit the right button, they could access supposedly confidential personal information about gun permit applicants and holders. As the data breach unfolded, many gun owners saw it as deliberate retaliation by Bonta to spoil their celebration of the Supreme Court decision, even though he shut down the leaky website, issued public apologies, promised an independent investigation of how it happened and even sent letters to permit holders to "offer my sincerest apology..."

While gun owners' reaction was understandable, given the years of political and legal wrangling not only involving Bonta but his predecessors, such as Vice President Kamala Harris, and Gov. Gavin Newsom, the juxtaposition of the Supreme Court decision and the gun permit data leak was probably coincidental. Last week, Bonta released the 61-page report on the data breach investigation by a prominent law firm, Morrison & Foerster, which concluded that it was caused by the errors of the ill-trained technician who operated the website, compounded by managerial failure to double-check its integrity.

The law firm said, "improper exposure of confidential personal data by DOJ, while unacceptable, was unintentional and not connected to any nefarious purpose. The investigation found that the data exposure was due to a lack of DOJ personnel training, requisite technical expertise, and

professional rigor; insufficiently documented and implemented DOJ policies and procedures; and inadequate oversight by certain supervisors."

The detail of what Morrison & Foerster's team discovered is mindboggling. Repeatedly, the technician, identified only as "Data Analyst-1," insisted that the site did not allow users to access the personal data, but after it was initially shut down and then reopened, access continued to data of 190,000-plus Californians.

The report said "confidential personal data was downloaded approximately 2,734 times, in full or in part, across 507 unique IP addresses," adding, "The investigation could not accurately determine the number of public visitors who may have only viewed, but did not download, the underlying dataset."

What occurred on June 27 plays like a broken record. Repeatedly – even chronically – California's state government has attempted to use information technology with poor results.

Systems fail to deliver promised results and/or experience years of delay and immense cost overruns. Just last week, a legislative committee delved into how the secretary of state's office spent tens of millions of dollars to upgrade its site for accessing campaign finance reports and it still has a cranky and unreliable system.

That's the real scandal. Dan Walters has been a journalist for nearly 60 years, spending all but a few of those years working for California newspapers. ★

## Are Debit Cards Safe for Online Purchases?

Dear Dave,

I use a debit card for all my regular, day-to-day purchases. However, I use a credit card for plane tickets, big ticket items, or when I shop online because someone told me it's easier to dispute purchases when they're made with a credit card. Are you putting your checking account at risk by using a debit card for these

types of purchases?

– Wendy

Dear Wendy,

I don't know who this "someone" is, but they're a lousy financial advisor. The firm of Someone, They Said, and I Heard? That's a financial planning company you don't want to work with.

A debit card has the exact same protections for fraud that a credit card has. It does come out of your checking account, but the bank has to put it back once you dispute the charge and prove your dispute. It may take a day or two, but they'll get it done.

I've used a debit card for decades, and I haven't owned a credit card since way back in my dumb-with-money

days. I've never had any problems using a debit card, and I'm not going to make the mistake of playing around with debt ever again.

I hope you won't either!

"Windy," Doc said, kindly. "I'm thinking this is a sorta personal problem? I deal with personal problems all the time, so why not just tell me about it?"

Lovely rain soaking into the earth. May it continue in a steady way throughout the rest of the fall and into and out of winter. Water is a blessing that we sometimes forget to be grateful for when it comes out of faucets so easily. There is controversy over whether or not our processed water is good for us. Many people buy water by the many bottles because

they think our public water systems are not healthy. Interestingly enough some of that bottled water is taken out of public systems somewhere else and sold. Other companies have taken over small communities and those communities no longer have access to their local water. I question whether these are conscientious social decisions. As I have learned over time and via hard lessons, I am not the boss of the world.

To press the point though I find it interesting that the plastic bottles are now a hazard in the ocean and filling up landfills. All so people can think they are drinking water that is better than is served out of their taps. People all over the world would be thankful

to have any type of clean water. When I lived in the mountains we had to put filters on our water system because silt and iron rust would make the water semi-potable. I'm happy to have the water we have in this town, chemicals and all.

I'm only hoping our next generations can access the same quality of water we currently have without restrictions. I remember when visiting family in Napa when I was a child taking baths in brown water after winter flooding happened. I'm guessing today's parents would not see brown water as a bathing alternative. I know I would not have thought that was a good idea when my kids were young. ★

# California Farm Bureau Reacts to Initial 5% Water Allocation

## California Farm Bureau News Release

**SACRAMENTO, CA (MPG)** - The California Department of Water Resources on Thursday, December 1, announced an initial allocation of just 5% of requested 2023 water supplies from the State Water Project.

This comes after this year and 2021 both yielded final water allocations of 5%.

“Here we go again,” said California Farm Bureau President Jamie Johansson. “This means that 23 million people and 750,000 acres of farmland are facing another year of uncertainty

and economic hardships. California has failed to act on critical projects to provide additional water storage, stormwater capture and groundwater recharge that are needed to protect our farms and cities from water shortages in dry years.

“California’s dismal

leadership in safeguarding our water resources harms our food production as consumers face rising prices at the grocery store. It also undercuts healthy crop production, which helps reduce carbon emissions that contribute to climate change. California must have a more coherent

water plan. Our drought strategy cannot solely be a policy of managing scarcity.”

The California Farm Bureau works to protect family farms and ranches on behalf of nearly 29,000 members statewide and as part of a nationwide network of 5.3 million Farm Bureau members. ★

# Chico Man Sentenced in 2017 Robbery - Homicide

**Butte County DA  
News Release**

**BUTTE COUNTY, CA (MPG)** - A final resolution in a five-year-old murder case was had on November 23, 2022, with the sentencing of a Chico man in Butte County Superior Court.

Jason Jackson, 26, Chico, was sentenced for the murder he committed in 2017 of a developmentally disabled man in Chico over a cell phone.

Butte County District Attorney Mike Ramsey said the charges stem from the October 1, 2017

shooting in the 900 block of West Fourth Avenue, near North Cedar Street in Chico.

Ramsey said at approximately 9:30 p.m. that day, victim Travis Robertson, had been sitting on the curb looking at his phone, when Jackson and his female companion Michaela Norman, 24, approached Mr. Robertson. Jackson demanded Mr. Robertson hand over his phone, but Mr. Robertson did not respond. Jackson then shot the victim multiple times in his head and torso. Evidence showed the victim was also shot in the back at least once, indicating he had tried

to flee but was unsuccessful. Mr. Robertson was pronounced dead at the scene. There was never any evidence that the two men know each other.

Mr. Robertson was 32 years old and left behind a wife and three children.

Ramsey stated that after the murder, Jackson and Norman ran back to the SUV they had been riding in. Norman got in the driver's seat and Jackson in the front passenger seat before driving away. Shortly after the shooting, Chico Police Department received numerous 911 calls.

A Chico police officer spotted the SUV and ultimately stopped it in the area of Cohasset Road and Manzanita Avenue. Police detained Norman, Jackson, and a third passenger, who had been in the backseat of the SUV.

Officers located Mr. Robertson's cell phone in the center console. Officers also located a revolver in the front passenger seat floorboard area, where Jackson had been seated. The .22 caliber revolver contained nine cartridges, eight of which had been fired.

Ramsey said this defendant

had switched defense attorneys and undergone two proceedings to evaluate his mental competency, which along with COVID delays, caused multiple delays in the criminal court proceedings. Ultimately, doctors said that Jackson was malingering, and criminal proceedings were reinstated.

On October 26, Jackson pled to the second-degree murder of Travis Robertson. On November 23, 2022, the judge sentenced Jackson to life in state prison, with a minimum eligibility for parole of 15 years. ★

Notice to Potential Bidders If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a Trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a Trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same Lender may hold more than one mortgage or Deed of Trust on the property. Notice to Property Owner The sale date shown on this Notice of Sale may be postponed one or more times by the Mortgagee, Beneficiary, Trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about Trustee Sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property,

you may call Nationwide Posting & Publication at 916.939.0772 for information regarding the Trustee's Sale or visit the Internet Website [www.nationwideposting.com](http://www.nationwideposting.com) for information regarding the sale of this property, using the file number assigned to this case, CA07000974-22-1. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Website. The best way to verify postponement information is to attend the scheduled sale. Notice to Tenant NOTICE TO TENANT FOR FORECLOSURES AFTER JANUARY 1, 2021 You may have a right to purchase this property after the trustee auction pursuant to Section 2924m of the California Civil Code. If you are an "eligible tenant buyer," you can purchase the property if you match the last and highest bid placed at the trustee auction. If you are an "eligible bidder," you may be able to purchase the property if you exceed the last and highest bid placed at the trustee auction. There are three steps to exercising this right of purchase. First, 48 hours after the date of the trustee sale, you can call 916.939.0772, or visit this internet website [www.nationwideposting.com](http://www.nationwideposting.com), using the file number assigned to this case CA07000974-22-1 to find the date on which the trustee's sale was held, the amount of the last and highest bid, and the address of the trustee. Second, you must send a written notice of intent to place a bid so that the trustee receives it no more than 15 days after the trustee's sale. Third, you must submit a bid so that the trustee receives it no more than 45 days after the trustee's sale. If you think you may qualify as an "eligible tenant buyer" or "eligible bidder," you should consider contacting an attorney or appropriate real estate professional immediately for advice regarding this potential right to purchase. **LIVE OAK, CA (MPG)** - The Marysville girls' basketball team controlled the ball from the opening tip in their matchup and didn't let up against the Yuba City Lady Honkers in a 63-28 victory on November 30.

The victory was the first in the 25th Annual Lois Langford Invitational hosted at Live Oak High School. The Lady Indians took an early lead in the game against Yuba City and never relinquished it.

Marysville (3-0) started the game with a full-court press on the defensive end that made the Lady Honkers struggle to get the ball up court, the Lady Indians had a 13-0 run to open the game.

Marysville head coach Ike Prince told the Dispatch that the defensive pressure his team started the game with helped push the pace on the offensive end.

"The first quarter, we put pressure on teams to hopefully get steals," Prince said to the Dispatch.

Although Yuba City (0-3) struggled to get the ball up court early on, they eventually broke their struggles and were able to put full possessions together.

Lady Honkers senior guard Karine Dhaliwal was the main source of offense for Yuba City as she connected on two three-point

The Marysville girls basketball team won the 25th Annual Lois Langford Invitational at Live Oak High School that was from November 30- December 2. The Lady Indians beat Yuba City, Bear River and Live Oak to win the 1st-place trophy.

buckets in the first quarter.

Dhaliwal mentioned to the Dispatch that although the Lady Honkers fell to 0-3 on the season, as a senior leader, she is going to motivate her team with positive actions that include cheering one another on consistently.

Dhaliwal ended the game with 11 points and six rebounds, which was a team high in both categories and was elected to the all-tournament team.

In her first year at the helm of the Yuba City program, head coach Michelle Brazil expressed

to the Dispatch anytime there is change, it's a growing phase.

"Our main focus right now is gelling as a team through communication and the basics of basketball," Brazil exclaimed.

Brazil added that after a game concludes, her and her team will focus on one deficiency from the previous game and work on it until the next game.

The Lady Honkers did win their final two games in the tournament against North Tahoe and cross-town rival River Valley to win the consolation bracket.

Marysville had a sizable 38-16 lead at the end of the first half.

One of the benefits the Lady Indians possess is their distinct size advantage over other teams that led to a huge rebounding advantage for Marysville, who out rebounded Yuba City 32-13.

"It causes mismatches for other teams," Prince said to the Dispatch.

The size of the Lady Indians begins with the play of the Briggs sisters.

Senior Karisma and sophomore Krystal are enforcers as the

forwards of Marysville, where they combined for 33 points and 19 rebounds against the Lady Honkers.

Karisma told the Dispatch that her and Krystal work well on the court with one another.

"She (Krystal) has my back on rebounds and I have hers," Karisma told the Dispatch.

Prince mentioned to the Dispatch that he wants his team to be dynamic and all-rounded to be able to play all five positions on the floor, so he credited their conditioning program in the offseason to allow his team to be interchangeable.

The Lady Indians won the championship of the tournament after they followed the win over Yuba City with a 52-31 victory over Bear River and a 53-13 win over Live Oak in the championship.

Marysville senior guard Sophia Rogers and Krystal received all tournament honors along with Karisma winning the most valuable player in the tournament.

The Lady Indians will next go on the road to play at Pioneer of Woodland on Monday, December 12.

The Lady Honkers will host Lincoln on Tuesday, December 13.

These two squads will meet up again on January 3 for the last non-league game of the year for both teams. ★

You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of

outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call (844) 477-7869 or visit this Internet Web site www.stoxposting.com, using the file number assigned to this case 2022-100577. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. NOTICE TO TENANT: You may have a right to purchase this property after the trustee auction pursuant to Section 2924m of the California Civil Code. If you are an "eligible tenant buyer," you can purchase the property if you match the last and highest bid placed at the trustee auction. There are three steps to exercising this right of purchase. First, 48 hours after the date of the trustee sale, you may call (714) 929-1034, or visit this internet website: www.stoxposting.com, using the file number assigned to this case 2022-100577 to find the date on which the trustee's sale was held, the amount of the last and highest bid, and the address of the trustee. Second, you must send a written notice of intent to place a bid, so that the trustee receives it no more than 15 days after the trustee's sale. Third, you must submit a bid, by remitting the funds and affidavit described in Section 2924m(c) of the Civil Code, so that the trustee receives it no more than 45 days after the trustee's sale. If you think you may qualify as an "eligible tenant buyer" or "eligible bidder," you should consider contacting an attorney or appropriate real estate professional immediately for advice regarding this potential right to purchase.
