**GRIDLEY, CA (MPG)** - Manzanita School is racing to finish their campus in the event in-person instruction will be permitted in Butte County schools in the coming weeks.

Superintendent and Principal Gary Rogers said that timing has been of the essence, and due to the fact his campus has not been ready, or safe for students due to active construction, the district had delayed application for the waiver. That is changing.

"We're preparing for October 19th" said Superintendent/Principal Rogers. If school is cleared to open, Rogers says they plan to "do a hybrid AM/PM type situation, with small cohorts so we can meet the guidance."

Construction of Phase 1 will be complete by that point, with the rest of the construction finishing up.

The school has been the sight of a massive modernization and expansion project 8 years in the making. Initial planning began in 2013, but Manzanita, along with other area school districts such as Biggs Unified, benefited greatly from the 2016 passing of California Prop 51 which allocated \$9 billion in bonds to school facility improvements for grades K-12.

Superintendent/Principal Rogers, says that work in progress on the Manzanita campus nears the \$8 million dollar mark. Those dollars have allowed the school to retrofit old lighting, electric and AC units, make classrooms and bathrooms ADA compliant, and allowed for the expansion of restroom facilities to accommodate a larger student body. The portable classrooms have been removed, replaced by semi-permanent center comprised of three rows

## City Council Hears Update from Chief Harr

By Seti Long

**GRIDLEY, CA (MPG)** - Gridley City Council was privy to an update from Gridley Police Chief Rodney Harr regarding the department's operations and status.

Chief Harr started his presentation with the department's new mission statement that he had brought forth. It reads: "It is the mission of the Gridley Police Department to work in partnership with the community, to serve with Integrity, Honor, Professionalism, to protect lives and property, to preserve the peace and order, to create a working environment in which we recruit, train and develop an exceptional team, and above all, to protect the Constitutional Rights of each individual in the community we serve." In addition to the new mission statement, the department logo has been revised to reflect just the community of Gridley since the department no longer contracts with the City of Biggs for Law Enforcement services. It has been changed on all vehicles, uniforms and documents.

Additionally, the GPD has completed training and has rolled out its new taser program. GPD officers are awaiting individualized training on the new body-camera program but continue to wear their old body-cams until that has been completed. Further mandatory peace officer training is currently being integrated to an online platform, which the GPD expects will save the department greatly in travel and lodging costs.

Chief Harr then presented statistics to the council regarding crime in our area. He compared the crime rate data from 2019 to the year 2020 in the seven major categories reported to the California Department of Justice: criminal homicide, rape, robbery, assault, burglary, larceny-theft, motor vehicle theft. Overall, Chief Harr reports that crime in the area has decreased by at least 9%, with 6 out of the 7 categories seeing lower incident numbers than the previous year 2019. The exception is the category of motor vehicle theft. He states, "This data is brought forth through the algorithms that are mandated by the state that pull that information directly from our cache system." Chief Harr assuring the council the data is "reliable, concise, precise data."

Further items discussed was the work of the community service officer aiding the City with code

## ANDE Honors Sheriff Honea

By Seti Long

**BUTTE COUNTY, CA (MPG)** - ANDE, the global leader in rapid DNA testing, made a substantial donation to the Anthropology Department at California State University, Chico as part of National Forensic Science Week.

The sizable donation of technology and support from ANDE was made in honor of our own Sheriff Kory L. Honea. In a Facebook post from ANDE, it states "Sheriff Honea provided the leadership for the response to the 2018 Camp Fire and the more recent North Complex Fire. As part of his leadership, Sheriff Honea embraced the valuable contribution that Rapid DNA could make in helping the citizens

Kory L. Honea, Butte County Sheriff

of Butte County receive timely identification of victims of these devastating fires. Under Sheriff Honea's leadership, BCSO has also

harnessed Rapid DNA to reduce crime and bring closure to cases where the identification of human remains is required."

Dami Bullock of ANDE shares that Sheriff Honea "stood out for us", crediting his aptitude for utilizing technology to better assist him and his responsibility as Sheriff and Coroner. Bullock says, "He's really been a thought-leader about adopting Rapid DNA technology and because of our partnership with him, we wanted to do something meaningful for National Forensic Science Week."

ANDE partners with law enforcement, military and government agencies to provide Rapid DNA identification in as little as 90 minutes. Bullock states, "there's no lab in the United States that can run a traditional sample of DNA in 90 minutes." The unit is mobile and can be

# The New Pi-Line

**The new Pi-Line Honoring Publisher W.D. Burleson**  
By Josh F.W. Cook

With almost everyone having a camera (full color as they used to call it in the 1970s) in their pocket attached to a communication device (phone as they used to call it in the 1990s) it has come to my attention that we may need some photo-taking advice. So here is my first installment of Pi-Line free advice for photo takers: get people in your pictures. Far too many of us are taking pictures of things and 5 years from now we will wish we had more pictures of ourselves and other people doing memorable stuff together.

My son Frank (male heir to the Frank William Cook throne) has started working the walnut harvest and it is fast-paced, hot, dirty work - that he really enjoys. 33 years ago I worked dirty farm jobs for Omer Barrow. Frank is now having his Barrow Family farm-worker "character development employment experience" under the able tutelage of Justin Leishman, Omer's grandson. Live in a small town - things like this happen. Frank and I ate at Los Charros in Gridley. Frank's favorite place to eat - especially every Tuesday - when it is \$1 dollar "Taco Tuesday". "LC" is the Pi-Line restaurant of the week.

Just in time for the ballot

in your mailbox the Pi-Line guide to state measures for 2020. Prop 14 NO - Borrows \$5.5 billion to fund stem cell research. Prop 71 in 2004 created the CA Institute for Regenerative Medicine and let the state borrow \$3 billion to do so. Money is almost exhausted, asking for more.

\*\* Prop 15 NO Tax commercial property based on its market value, rather than the price at which it was originally purchased. This would raise property taxes on many large businesses, causing them to fire people and leave the state. Prop 13 passed in 1978, placing a cap on property taxes, this initiative would repeal tax protections only for commercial landlords with more than \$3 million in holdings.

\*\* Prop 16 NO Ends the ban on race-based preferences, would repeal Prop 209 passed in 1996. Universities and government agencies could use someone's race, gender, or ethnicity in decisions related to benefits.

\*\* Prop 17 NO Would allow Californians currently on parole to vote. In 1974, CA voters passed a measure giving those who've committed felonies the right to vote once they are off parole and ergo have completed their sentence.

\*\* Prop 18 NO Allow 17-year-old U.S. citizens to vote in a primary and special election as long as they will turn 18 by the subsequent general election. 23 states currently allow 17 year-olds to vote. Proponents have tried 6 times to get this on the ballot, this is the first time it has made it.

\*\* Prop 19 YES Allows homeowners over 55, disabled, or victims of natural disasters to take a portion of their property tax with them when they sell their home or buy a new one.

\*\* Prop 20 YES Allow prosecutors to charge repeat

or organized petty theft as a felony, require probation officers to seek tougher penalties for those who violate parole three times, and exclude those convicted of domestic violence and certain nonviolent crimes from early parole consideration. Basically undoing Prop 47 (2014) and Prop 57 (2016).

\*\* Prop 21 NO Allow cities to introduce new rent control laws or expand existing ones. Defeated in 2018. Only allow new ordinances to homes at least 15 years old, exempts single-family homes owned by a landlord with no more than two properties.

\*\* Prop 22 YES Turn app-based drivers back into independent contractors (Lyft and Uber).

\*\* Prop 23 NO Require dialysis clinics to have at least one physician on-site at all times and to report patient infection data to CA health officials.

\*\* Prop 24 YES Strengthen CA's consumer privacy laws and establish a CA Privacy Protection Agency. Would enhance financial penalties for violators and allow consumers to demand that personal info not be shared rather than simply not sold.

\*\* Prop 25 NO Asks voters to either approve or strike down a law that ends bail from the CA criminal justice system. In 2018, the state legislature passed a bill ending cash bail in CA. \*\* Seek other opinions and sources, if you like to hear other arguments. These opinions are mine, it won't hurt my feelings if you disagree with this analysis. I hope it adds to the conversation; more conversation is a good thing in a Democratic Republic.

# Gallagher Bill to Combat Homelessness in the North State Signed

By Curtis Grima,  
Office of Assemblyman  
James Gallagher

SACRAMENTO, CA (MPG) - Assemblyman James Gallagher's (R-Yuba City) Assembly Bill 2174 was signed by Governor Gavin Newsom. The new law authorizes Yuba and Sutter counties to establish a joint multidisciplinary personnel team (MDT) to combat homelessness.

"We must allow and encourage counties to work more effectively to address homelessness by permitting information sharing on their homeless populations. Homelessness does not occur in a one-county vacuum, and counties must be able to work together to provide essential services," said Assemblyman Gallagher. "It is my hope that the Yuba-Sutter partnership can become a model for other counties and the State."

MDTs are a proven tool that allow teams from a variety of disciplines to coordinate their efforts. MDTs have been used for the past thirty years to address child abuse, allowing county service providers to work together and share case information. More recently, MDTs have been used to address homelessness. Unfortunately, current law limits the utilization of homeless MDTs to providers within a single county. AB 2174 allows Yuba and Sutter counties to form the first bi-county homeless MDT in California.

"Yuba and Sutter Counties have made a concentrated effort to work together to

address homeless issues as our homeless population often moves freely between our counties. AB 2174 furthers these efforts by allowing us to share information on this population," said Yuba County Administrator Kevin Mallen. "AB 2174 allows us to create a bi-county homeless engagement team that will help prevent any delays in connecting homeless individuals to housing and supportive services," added Sutter County Administrator Steve Smith.

Homeless service providers are located in both Yuba and Sutter counties. Additionally, the counties already have a bi-county health department and a bi-county homeless consortium. AB 2174 furthers this coordination amongst the counties' agencies and service providers by authorizing the formation of a joint MDT to facilitate information sharing that will support the identification, assessment, and linkage of homeless individuals to housing and supportive services. This will create cost savings and improve government efficiency by preventing duplicative efforts through better coordination, while enhancing the continuity of care for homeless individuals and families.

# Farm Bureau Releases Voter Guide to November Ballot Measures

By Dave Kranz,  
California Farm Bureau Federation

SACRAMENTO, CA (MPG) - Reiterating its strong opposition to a ballot initiative that would establish a split-roll property tax, the California Farm Bureau Federation has announced positions on the other statewide measures to be decided this fall. The CFBF Board of Directors released a Voter Guide for the Nov. 3 general election.

Farm Bureau was among the first organizations to oppose Proposition 15, which would create a split-roll property tax to reassess and raise taxes on commercial and industrial property. Although its proponents claim agriculture would be exempt, the measure would allow reassessment of agricultural facilities and improvements such as barns, dairies, orchards, vineyards and processing plants.

"In the middle of a pandemic that

has severely disrupted our food-production system, Proposition 15 would impose a new tax burden on family farms and ranches," CFBF President Jamie Johansson said. "Ultimately, those higher costs to the food system would lead to higher food prices. Make no mistake: A tax on farms is a tax on everyone."

Among its other ballot positions, Farm Bureau emphasized public safety by supporting Proposition 20, which would increase penalties for certain theft-related crimes, and opposing Proposition 25, which would abolish the state's cash-bail system.

Theft, vandalism, trespassing and other crimes remain chronic and growing problems in rural California," Johansson said. "By passing Proposition 20 and rejecting Proposition 25, voters have an opportunity to reinforce protection for rural and urban communities alike."

## Here Is The Full List Of CFBF Ballot Recommendations:

of classrooms, and dedicated kindergarten buildings. Manzanita School has also secured a grant to offer full-day kindergarten to its students and families.

In addition to these upgrades, the middle school will move from its previous home in the main building that houses the cafeteria to 5 of 7 new classrooms positioned at the north of campus near the gym. The additional two buildings will function as a dedicated library for the school and a science wing for the middle-schoolers.

Although construction is behind schedule due to COVID 19 and related shortages, completion of Phase 1 (modernization and kindergarten area) is expected the week of October 19th. Superintendent/Principal Rogers says, "For us, distance learning is a blessing in disguise" as it has allowed for the project to finish up before students return. Other campus construction is expected to wrap up in early November. Manzanita is confident its beautiful new campus and facilities will be ready to welcome students back when the time comes. ★

# Thoughts to Ponder

by Kathy Neal

"Out of the ashes," is a quote used to describe a phoenix, a mythical bird who returns from the ashes to a new existence.

Poof! Gone by fire leaving ashes, something California and other states are experiencing now.

The Campfire left a whole town in ashes and many lives in complete ruin. I have talked to people from Paradise who looked like a deer in head lights – pure shock. Gone are their homes. Gone are their cars. Gone are the treasures from a lifetime's collection. Where is the phoenix, the out of ashes miracle?

Well it comes in the form of new homes, new places, new jobs, different locations, new furniture and new collectibles. But

the fear – the shock – the loss – the disbelief remains. Over time things ease and life goes on. Gone is the past on to the future, but the scars remain.

Where do people go to shake off the ash and smell of smoke that lingers? Where do people find the light at the end of the tunnel that shines hope after a disaster that leveled a town? Well it's to the hands open in faith and love. The Lord's house and His people.

Hugs from people of faith, who care and offer peace. But now we are hit with COVID-19 that eliminates touch, hugs, or togetherness. Words ring out from social media, articles in papers, songs over radio, or from television programs meant to offer help.

God's people find ways to show love by giving and by replacing items lost in the fire. They give out food and other things needed

by people who have lost jobs due to the closing of businesses. But the best thing a believer can offer is HOPE to come.

So many people are alone, without. So many people are closed off from human interaction and on comes depression and anxiety. God can offer peace, joy, and comfort through His Word, (reading the Bible), through song and expression, through phone calls, texts, and skype from those who care.

God's love, grace, mercy, and power are not burnt up with fire, closed off by COVID-19, or ended by lack of human interactions. God's love is forever – reach out – find it – use it – claim it.

Meet with the Gridley United Methodist Church at 10 am on Sunday to share the hope of God's people in these trying times. We are located on the corner of Haskell and Magnolia Streets. ★

# Three Measures Test Attitudes on Crime

By Dan Walters  
CALMatters

Gov. Gavin Newsom said earlier this year that as the state’s prison population continued to decline, he wanted to start closing down prisons.

He made good on that intention last week when the Department of Corrections and Rehabilitation announced plans to shutter Deuel Vocational Institution near Tracy, which had been constructed in the 1950s as a place where young felons could be transformed into solid citizens.

“Given the need to achieve savings and the decline in the prison population since 2007, the state budget called for the closure of a prison. (Deuel Vocational Institution) was chosen for closure based on cost to operate, impact of closure on the workforce, and population housing needs, and prioritization of public safety and rehabilitation,” Secretary Ralph Diaz said in a statement.

The announcement is the latest manifestation of the immense change in California’s approach to criminal justice, from the lock-’em-up policies of the 1980s and 1990s – which increased the prison inmate populations eight-fold – to the “reforms” of the past

decade that have reduced those populations by more than a third.

Some of that reduction stemmed from federal court orders to decrease the severe overcrowding that developed despite construction of dozens of new prisons. However, it mostly reflected a leftward shift in the state’s political atmosphere and former Gov. Jerry Brown’s desire, during his second governorship, to reverse the tough sentencing policies he had embraced during his first tour of duty four decades earlier.

Brown encouraged the Legislature’s dominant Democrats to modify the state’s tough sentencing laws, symbolized by the “three strikes and you’re out” doctrine approved by voters in the early 1990s, and personally sponsored one of several ballot measures to go easier on those convicted of crimes.

In effect, Brown and others in the criminal justice reform movement have sought a return to the penal philosophy that California had adopted during the post-World War II era – that counseling, education, drug treatment and vocational training could convert offenders into productive members of society. It was the philosophy that led to construction of Deuel Vocational Institution in the early 1950s.

The new reformist approach, however, is not without its critics who contend that crime will increase with fewer offenders behind bars, although there’s no statistical support for that, at least so far. The debate over

whether reform is working has also found its way, as do many contentious California issues, onto the ballot via three propositions. In numerical order:

– Proposition 17, placed on the ballot by a reform-minded Legislature, would allow felons who have completed their sentences, but are still on parole, to vote. It’s a mostly symbolic gesture but draws ire from criminal justice hardliners who say it would dishonor victims.

– Proposition 20 is the hardliners’ response to the recent spate of laws that lighten punishment, including Brown’s Proposition 57, a 2016 measure that made parole easier for “nonviolent” inmates. If passed, Proposition 20 would make fewer felons eligible for parole, particularly those convicted of sex crimes, by changing the definition of “nonviolent.”

– Proposition 25 is a referendum to repeal one of the Legislature’s landmark criminal justice changes, a 2018 law that eliminates cash bail for criminal defendants on the assertion that bail discriminates against the poor. The bail bond industry, facing extinction, sponsored the referendum and is seeking a “no” vote to repeal the law, arguing that it allows dangerous defendants to roam freely and commit new crimes.

Together, these three measures test whether California voters endorse the criminal justice reform movement or believe that it’s gone too far.

## BCSO Announces Arrest Related to Biggs Unified School District Burglary

Butte County Sheriff’s Office

**BIGGS, CA (MPG)** - In September of 2020, the Butte County Sheriff’s Office (BCSO) began investigating a burglary that occurred at the Biggs Unified School District. Detectives and deputies worked with the Biggs Unified School District and obtained video surveillance which captured portions of the burglary. Deputies and detectives were able to identify Adison Mortenson, age 31, as the individual who committed the burglary.

Based on evidence located during the investigation, detectives obtained an arrest warrant for Mortenson. Detectives

determined Mortenson had an additional arrest warrant which was issued in Spokane, Washington. On September 24, 2020, Mortenson was located and placed under arrest in Contra Costa County, California.

On September 29, detectives interviewed Mortenson at the Martinez Detention Facility. With the assistance of the Contra Costa County Sheriff’s Office, detectives were able to obtain additional evidence related to this ongoing burglary investigation.

## BCSO Announces Arrests Related to Robbery Investigation

Butte County Sheriff’s Office Press Release

**OROVILLE, CA (MPG)** - On September 29, 2020, the Butte County Sheriff’s Office (BCSO) began investigating a robbery that occurred at Gold Country Casino, Oroville. Deputies determined an elderly victim was gambling at the casino and won a significant amount of money. The victim placed the money in her wallet and sat down at a gaming machine. A male, later identified as Daniel Braziel of Marysville, age 30, approached the victim. Braziel pushed the victim and used physical force to take money and other property from the victim.

Deputies and detectives worked with Gold Country Casino staff and obtained video surveillance which captured portions of the robbery. After the robbery Braziel ran to the casino

parking lot and got into the passenger seat of a vehicle being driven by a female. Based on the video surveillance, deputies and detectives identified the female as Regina Brito of Marysville, age 49. Brito is Braziel’s mother. During the investigation detectives located evidence Brito assisted with the robbery.

On September 30, detectives obtained arrest warrants for Braziel and Brito. Detectives also obtained a search warrant for a residence located in Olivehurst. With the assistance of the Yuba County Sheriff’s Office, detectives served the search warrant. During the service of the search warrant detectives located the vehicle Brito was driving during the robbery.

After serving the search warrant detectives contacted and placed Brito under arrest at an

apartment in Linda. During the arrest of Brito detectives located property that was taken during the robbery. Later in the evening, detectives located Braziel driving a vehicle in the Linda area. Braziel was contacted and placed under arrest without incident. During the arrest and subsequent interview with Braziel, detectives located additional evidence related to the robbery.

On the evening of September 30, Braziel and Brito were booked into the Butte County Jail for felony counts of robbery and elder abuse. # New Bladder Control Pill Sales May Surpass Adult Diapers By 2021

**Drug-free discovery works, say doctors. Many adults ditching diapers and pads for clinical strength pill that triggers day and night bladder support. Guaranteed results or DOUBLE your money back.**

Over 150,000 doses have shipped to bladder sufferers so far, and sales continue to climb every day for the ‘diaper replacing’ new pill called BladderMax.

“We knew we had a great product, but it’s even exceeded our expectations,” said Keith Graham, Manager of Call Center Operations for BladderMax.

“People just keep placing orders, it’s pretty amazing,” he said.

But a closer look at this new bladder control sensation suggests that maybe the company shouldn’t have been caught off guard by its success.

There are very good reasons for BladderMax’s surging popularity.

To begin with, clinical studies show BladderMax not only reduces embarrassing bladder leakages quickly, but also works to strengthen and calm the bladder for lasting relief.

Plus, at just \$2 per daily dose, it’s very affordable.

This may be another reason why American diaper companies are starting to panic over its’ release.

“With daily use, BladderMax offers day and night bladder control relief without side effects,” says Diane Lewis, Chief Researcher for BladderMax.

“And seniors in clinical studies reported a higher quality of life in just days as a result of needing less diapers. That’s why so many doctors nationwide are now recommending it to patients,” added Lewis.

### WHAT SCIENTISTS DISCOVERED

BladderMax contains a proprietary compound with a known ability to reduce stress, urgency, and overflow leakages in seniors suffering from overactive bladder.

This compound is not a drug. It is the active ingredient in BladderMax.

Studies show it naturally strengthens the bladder’s muscle tone while relaxing the urination muscles resulting in a decrease in sudden urgency.

Many sufferers enjoy a reduction in bathroom trips both day and night. Others are able to get back to doing the things they love without worrying about embarrassing leakages.

“I couldn’t sit through a movie without having to go to the bathroom 3-4 times,” says Theresa Johnson of Duluth, GA. “but since using BladderMax I can not only sit through a movie, but I can drive on the freeway to another city without having to immediately go to the bathroom.”

With so much positive feedback, it’s easy to see why sales for this newly approved bladder pill continue to climb every day.

### SLASHES EMBARRASSING LEAKAGES BY 79%

The 6 week clinical study was carried out by scientists in Japan. The results were published in the *Journal of Medicine and Pharmaceutical Science* in 2001.

As new pill gains popularity, products like these will become unnecessary.

The study involved seniors who suffered from frequent and embarrassing bladder leakages. They were not instructed to change their daily routines. They were only told to take BladderMax’s active ingredient every day.

The results were incredible.

Taking BladderMax’s active ingredient significantly reduced both sudden urges to go and embarrassing urine leakages compared to the placebo.

In fact, many experienced a 79% reduction in embarrassing accidents when coughing, sneezing, laughing or physical activity at 6 weeks.

They also enjoyed a 39% decrease in daytime trips to the bathroom, and a 68% decrease in nighttime trips.

With these studies medical doctors and researchers have now proven BladderMax to be a clinically effective treatment for reducing embarrassing bladder leakages and incontinence.

The findings are impressive, no doubt, but results will vary.

But with results like these it’s easy to see why thousands of callers are jamming the phone lines trying to get their hands on BladderMax.

### HOW IT WORKS IS INCREDIBLE

Studies show that as many as one in six adults over age 40 suffers from an overactive bladder and embarrassing leakages.

“Losing control of when and how we go to the bathroom is just an indication of a weakening of the pelvic muscles caused by age-related hormonal changes,” says Lewis.

“It happens in both men and women, and it is actually quite common.”

The natural compound found in BladderMax contains the necessary ingredients needed to help strengthen bladder muscles to relieve urgency, while reducing frequency.

Plus, it helps relax bladder muscles allowing for complete emptying of the bladder.

This proprietary compound is known as ‘EFLA940’®.

And with over 17 years of medical use there have been no adverse side effects reported.

This is a bonus for incontinence sufferers who have

been taking prescription and over the counter medications that can cause dry mouth and constipation.

This seems to be another reason why BladderMax’s release has triggered such a frenzy of sales.

### RECOMMENDED BY U.S. MEDICAL DOCTORS

“Many of my patients used to complain that coughing, sneezing or even getting up quickly from a chair results in wetting themselves and they fear becoming a social outcast,” reports Dr. Clifford James M.D. “But BladderMax changes all that.”

“BladderMax effectively treats urinary disorders, specifically overactive bladder,” said Dr. Christie Wilkins, board certified doctor of natural medicine.

“I use BladderMax everyday for my overactive bladder. I also have my sister and mother taking it regularly as well,” said Dr. Jennifer Freeman, G.P. from NY.

### DOUBLE YOUR MONEY BACK GUARANTEE

Users of BladderMax report incredible results. That’s why it comes with an equally incredible guarantee.

“There’s only one reason why we can offer such a guarantee,” said Kyle Harris, Founder of BladderMax. “It works for those who use it. It’s as simple as that,” he added.

Here’s how it works: Take the pill exactly as directed. Then follow the simple instructions. You must be thrilled and amazed as your bladder control greatly improves.

Otherwise, return the product as directed and you’ll receive double your money back!

# PREPARING FOR A PUBLIC SAFETY POWER SHUTOFF

Public Safety Power Shutoff (PSPS) is a statewide effort to prevent wildfires by proactively turning off power to communities when severe winds and dry weather conditions are forecast. While turning off the power helps prevent wildfires, we also know it will disrupt lives and cause hardship for our customers. That's why PG&E does not make this decision lightly and will only call a PSPS to help keep customers and communities safe.

## HERE ARE 5 WAYS TO PREPARE FOR A PSPS:

Make sure PG&E can reach you before a PSPS by updating your contact information at [pge.com/mywildfirealerts](https://pge.com/mywildfirealerts).

# 1

# Gridley Thumbs and Roots

By Barbara Ott

Now it is officially fall and officially October. I love this time of the year. I'm ready for cool mornings and warmish days. I know the gardens are enjoying cooler mornings. Our green beans have taken off again in great abundance. The tomatoes are happy with daytime

heat and cooler nights. They are ripening steadily again. Lady bugs are still gulping down aphids as fast as they can. We have allowed the aphids to stay on the lower levels of the black-eyed peas, that seems to have worked. They are down there by the thousands along with many lady bugs but the upper levels of beans are aphid free. The zucchini was destroyed by bugs and rust, so my husband decided to prune it but leave a strand that was still healthy at the far end. This piece of plant has started producing squash again. In the aphid wars this summer, the bugs sucked out the juices of our leafed-out asparagus plants. The stems wrinkled and dry

broke from the weight of the ferny green tops. We were so sad, most of these were first year roots. So, they were cut down and we crossed our fingers. Up they grew, new asparagus spears. We were tempted to eat them but decided we would behave ourselves and let them wave in the wind. Hopefully that action means more asparagus next spring. It is a world full of grey, not black and white. These experimental decisions mean that we have produce for a while longer.

This looks like a great orange and mandarin year at our house. Both trees are loaded with healthy green globes. I'm hoping the mandarins ripen next month. This is one of the wonders of valley living. ★

## Dear Dietitian

### Brain Supplements

Commentary by Leanne McCrate

*Dear Readers:* One of my favorite pastimes is watching the game show "Jeopardy!". Now, I will never be a contestant on the show, but it boosts my ego when I answer five or more questions correctly. As a middle-aged Gen Xer, life has brought about education, so I have increased competence in the game. However, there are many times I know the answer, but I cannot think of it in time! You may have experienced the same. It's likely to happen to all of us at one time or another. It may get worse and likely won't get better. Sadly, it's part of the aging process, a memory that just isn't as sharp as it once was.

We can exercise, eat healthy, and have an annual physical every year, but is this enough to keep our minds sharp? Nowadays, there are a myriad of supplements on the market to help with memory. They're called nootropics, a term that comes from the Ancient Greek "noos," meaning mind, and "tropein," meaning to turn. Nootropics are substances that specifically affect the mind.

One such nootropic is apoeaquorin, which is made from a protein found in jellyfish. In a small study of 218 adults aged 40-91 years, apoeaquorin was found to improve cognitive function in elderly adults (1). However, the study was criticized for not using standardized methods of testing. The study was also sponsored by a company that produces the supplement, which runs the risk of bias in favor of the product.

The Federal Trade Commission charged a manufacturer of apoeaquorin with false advertising. The lawsuit claims the maker misled the public and made claims, such as "clinically proven" to improve cognitive function, without the science to back such claims.

Another memory supplement is phosphatidylserine. In small studies, this nootropic was shown to improve memory in elderly participants when compared to placebo. However,

improvements lasted only a few months and were seen in people with the least severe symptoms (2).

It was my hope to bring some good news in this week's column. It's easy to see how people get confused about dietary supplements. Marketing says one thing; science says another. How is one to know what to believe? One positive note is that the FDA has taken a stronger position on supplements. Until now, the FDA did not intervene unless a dietary supplement was harmful. As of 2019, the FDA's oversight of the supplement industry includes:

- Notifying the public promptly if a dietary supplement is illegal or dangerous and should not be consumed
- Ensuring flexible regulations to evaluate safety while encouraging the development of new products
- Creating a panel of leading scientific experts to improve safety evaluations of dietary supplements
- Taking strong actions against makers of illegal products, manufacturers who make false claims, and companies whose products contain impurities or ingredients not listed on the label (3)

The FDA's new stand on the oversight of the dietary supplement industry is good for consumers. Anything to protect the safety and well-being (including financial) of consumers is a step in the right direction. In the meantime, remember, if it sounds too good to be true, turn around and spend your money on something more likely to do good, like a gym membership.

*Until next time, be healthy!  
Dear Dietitian*

#### Summary:

**Amendments to the Second Units and Accessory Dwelling Units section of the Butte County Zoning Ordinance (Section 24-172) necessary to comply with State Law regarding the allowance of Accessory Dwelling Units.** This section establishes standards for the location and construction of accessory dwelling units and junior accessory dwelling units in conformance with Section 65852.2 and Section 65852.22 of the California Government Code. These standards are intended to allow for accessory dwelling units as an important form of affordable housing while preserving the character and integrity of residential areas within the county and maintaining public safety. They are also intended to eliminate the existing provisions for temporary mobile homes previously referred to as "Aunt Minnies" (Section 24-174 F). The updated draft ordinance provides sections regarding Location, Site Requirements, Accessory Dwelling Unit Types and Sizes, Maximum Number Permitted, Relationship to the Primary Dwelling, Development Standards, Sewage Disposal, Setbacks, Parking, Fire Hazard Reduction, Drainage, Rental Terms, and Deed Restrictions. All Zoning Use Tables and Definitions will be amended accordingly to include the new Accessory Dwelling Units and Junior Accessory Dwelling Units Ordinance. Related amendments are proposed under Section 24-172.1, Short-Term Rentals, Subsection J. 1, indicating that accessory dwelling units may not be used as short-term rentals, and Section 24-46, Watershed Protection Overlay Zone, Subsection D. 4, removing the requirement for a conditional use permit for an accessory dwelling unit. Additional amendments are being made throughout the Zoning Ordinance to replace the term "second unit" with "accessory dwelling unit".

Amendment to the Second Units and Accessory Dwelling Units Ordinance is Statutorily Exempt under CEQA Guidelines Section 15282. IF YOU NEED AN EXPLANATION OF THE NATURE OF THE PROCEEDING AGAINST YOU, YOU SHOULD CONTACT A LAWYER. NOTICE TO POTENTIAL BIDDERS:** If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of

outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. **NOTICE TO PROPERTY OWNER:** The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call the automated sales line at 916.939.0772 or check the website at <http://www.nationwideposting.com> for information regarding the trustee's sale, using the file number 6204270 assigned to this case. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information. The best way to verify postponement information is to attend the scheduled sale. The undersigned mortgagee, beneficiary or authorized agent for the mortgagee or beneficiary declares that the mortgagee or beneficiary has satisfied the requirements of California Civil Code 2923.5. **DATED: 09/10/2020 MID VALLEY TITLE AND ESCROW COMPANY** Address: 601 Main Street Chico, California 95928 Phone: (530) 893-5644 **BY:** Greg Wood, Foreclosure Officer NPP0371438 **To:** GRIDLEY HERALD - PLUMAS 09/25/2020, 10/02/2020, 10/09/2020 NPP0371438 10/9/20

Cortes de California (www.sucorte.ca.gov) en la biblioteca de leyes de su condado o en la corte que le quede mas cerca. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. # Butte County Sheriff Offers 360° Panoramas of Fire Zone

By Seti Long

**BUTTE COUNTY, CA (MPG)** - The Butte County Sheriff's Department has been an integral part of the information chain during recent wildfire events. Alert notifications, Evacuation status, Evacuation maps, and Sheriff's Escort Submission forms can be found online at [Buttecounty.net/sheriffcoroner/](http://Buttecounty.net/sheriffcoroner/) along with imagery from the fire zone.

Recently added are that of 360° panoramic aerial maps, comparison maps, major road maps and the Calfire assessment maps.

The 360° panoramic images of the North Complex Fire West Zone are the result of drone footage of the areas. The website states, "Aerial imagery was collected at the request of Butte County Sheriff's Office by an interagency task force of law enforcement drone teams. Teams include Contra Costa County Sheriff's Office, Stockton PD, San Leandro PD and were coordinated by the Alameda County Sheriff's Office. CSU Chico provided high speed internet, computers and support to the team." While the images are quite impressive, the BCSO says that they might not be a complete assessment of all the fire damage in the area.

Aerial views show a desolate concrete pad left from a burned down home and automobile. Photo: North Complex 360 Panoramas

Please visit the North Complex 360 Panoramas page via Buttecounty.Net or directly at <https://tinyurl.com/y5cf85bg>. As a reminder, flying private

drones in an active wildfire zone is illegal unless coordinated with the Federal Aviation Administration and CALFIRE agencies. ★
