GRIDLEY, CA (MPG) - A penchant for quietly showing appreciation for Law Enforcement Officers (LEO's) has grown into a passion for local woman, Tiffany Tanabe.

Hesitant for the spotlight to fall on her, wife and mother of two, Tanabe says she has always taken advantage of opportunities to show her and her family's support for LEO's through little acts of kindness - paying for a coffee when she notices an officer behind her in line, dropping "thank you" cards made by her children, nieces and nephews to local offices, etc. Recently, Tanabe has taken it to a new level with the organization of "Giving Back to the Badge - Yuba Sutter."

With cries to "defund the police" and law enforcement agencies under scrutiny nationwide, Tanabe felt that support for departments was needed now more than ever. She says, "Right now, there's not much appreciation being shown and unfortunately too many are staying silent and not overpowering the... the hate that is being given to them (law enforcement officers)."

Inspired by a deep love for her family, and her nephew, whose father is in law enforcement, Tanabe says

"knowing... hearing and feeling the things they (family) go through," has pushed her to raise more awareness and support for the ones in blue.

Since Tanabe started "Giving Back to the Badge - Sutter County" on

Licenses for Drivers 70 and Older are Extended

California Department of Motor Vehicles

SACRAMENTO, CA (MPG) - The California Department of Motor Vehicles is providing an automatic one-year extension to Californians age 70 and older with a noncommercial driver license with an expiration date between March 1 and December 31, 2020. This action delays the requirement to visit a DMV office during the COVID-19 pandemic.

The DMV previously provided 120-day extensions to senior drivers with noncommercial licenses expiring in March through July. While the new extensions are automatic, drivers will not receive a new card or paper extension in the mail. As an option, drivers can request a free temporary paper extension online beginning July 15 through DMV's Virtual Field Office to document the extension, though it is not needed to drive. Californians with a suspended license are not eligible.

California law requires drivers age 70 and older to visit a DMV field office to renew their license but gives the DMV authority to issue extensions. The DMV has alerted California law enforcement of the extensions. The TSA accepts driver licenses for a year after the expiration date.

Commercial licenses, including those for drivers 70 and older, expiring between March and September are extended through September 30, 2020, to align with federal guidelines.

The one-year extension for senior drivers is the latest action to help Californians avoid or delay a DMV office visit during the COVID-19 pandemic. The DMV has issued extensions for expiring driver licenses and permits, expanded eligibility to renew a driver license or identification card online or by mail, and created new digital options for transactions that previously required an in-person office visit. The DMV continues to streamline its processes to limit the time customers spend at an office. Customers are encouraged to fill out the online application and upload their documents before they come to the office. The DMV is also contemplating other ways to safely serve seniors.

Summary of California Driver License extensions:

Age 70 & older (noncommercial) expiring between March-December of 2020 - Extended one year from original expiration date; Age 69 & younger (noncommercial) expiring

Anastasia's Lemon-Art Stand

By Seti Long

BIGGS, CA (MPG) - Seven-year-old Anastasia Gutierrez is staying true to the adage "when life gives you lemons, make lemonade."

After surviving the Camp Fire, the Gutierrez family settled in Biggs. To help Anastasia work through her emotions and fears, she began seeing a therapist. When COVID19 hit "play therapy" with children her own age became virtual zoom art therapy sessions. As a result, Anastasia's art career flourished.

Mom, Chondra, says that after drawings covered the walls of their home, they knew they had to do something. The idea for the art stand was Anastasia's. The spunky artist says, "I just think... I can make really cool pictures. Maybe I can just make my own stand and do it." And she did!

Dad and Mom, Neithen and Chondra Gutierrez, proudly support their little artist, Anastasia and her blossoming art business. Photo by Seti Long

Mom and Dad, Neithen, are immensely proud of their little entrepreneur and thankful for the community support. So far, Anastasia has sold four customer pieces and is upping production. Mom says, "I can't even tell you how

many reams of paper I have had to buy! It's a really good outlet for her."

Anastasia says that she wants her pictures to make people happy. Subjects include lots of hearts, butterflies, houses, flowers, and "scribbles" as she

calls them, in pen, pencil and crayon. Each custom piece goes for \$2 each and Anastasia is saving her earnings. Her art stand is located on the corner of 4th and Bannock Streets in Biggs, and usually open on Sundays. ★

There are some human rights that are simply fundamental to a life of meaning and joy. Concepts so crucial that women and men, some of the best women and men in history, have fought and died to maintain these principles or values. They are referred to as human rights or human dignities; like freedom from forced labor (or having the wealth you have earned taken from you by force), the freedom to own property, speak your thoughts, go where you want to go, and in my opinion the first freedom, doing the things you want to - because of your personal religious feelings and identity. These ideas are all found written into The Constitution. Yet increasingly, we see an open hostility toward these traditional and fundamental human rights. This animosity toward individual rights has, in recent months, been very much on display as we have observed the United States Supreme Court issued several rulings which redefine how we will be allowed to be “who we are” and live as we believe. Indeed Dr. Douglas Laycock of the University of Virginia

School of Law wrote the following: *“For the first time in nearly 300 years, important forces in American society are questioning the free exercise of religion in principle – suggesting that free exercise of religion may be a bad idea, or at least, a right to be minimized,”* which brings us to the recent action of the US Supreme Court in the case of the congregants of the Christian Calvary Chapel of Dayton Valley Nevada vs. their Governor. The State has issued rules by which human gathering, or doing business, will be “allowed” during an Emergency, and in which order public activities are permitted. These Dayton Valley Religionists are finding themselves at the back of the line, so they went to the Supreme Court for relief - and were rejected on a 5 to 4 vote. I paste below some of the arguments made by the Justices who were correct - but outvoted. *“That Nevada would discriminate in favor of the powerful gaming industry, and its employees may not come as a surprise, but this Court’s willingness to allow such discrimination is disappointing ... We have a duty to defend the Constitution, and even a public health emergency does not absolve us of that responsibility... The Constitution guarantees the free exercise of religion. It says nothing about the freedom to play craps or blackjack, to feed tokens into a slot machine, or to engage in any other game of chance.”* Alitos’s reference to the now superior

“right” - to gamble - which Nevada has allowed while threatening to send the Calvary Chapel people to jail for doing something in the Constitution expressly allows - freedom to be religious. Justice Neil Gorsuch wrote, *“today’s world with a pandemic upon us, poses unusual challenges. But there is no world in which the Constitution permits Nevada to favor Caesars Palace over Calvary Chapel.”* Pause for a moment and mentally process this - Casinos can open, Churches cannot. Will, any of us be surprised when the same value set held by the Governor allows the “sex workers” in the State sanctioned brothels to open while the Dayton Valley Jesus lovers are still locked out, unable to sing, or worship - even with masks on standing six feet apart? Those of you philosophical or religious type Pi Line readers - who care about human rights, human dignity, and freedom - can have a very clear apprehension of which way these rights are now ordered. Likewise, a clearer perception that the order of importance can change on any given day during an “Emergency.” Unwittingly, the Governor of Nevada has misapplied the New Testament teaching of Jesus and has decided to “render unto Caesars” more civil rights of the Dayton Valley Christians. ***

Extreme Number of BC Inmates Infected with COVID

Butte County Sheriff’s Office Press Release

OROVILLE, CA (MPG) - Within the past two weeks there has been a rapid increase in the number of lab confirmed COVID-19 cases within the Butte County Jail. This increase coincides with an increase in the number of confirmed cases throughout Butte County and in many parts of California. The Butte County Sheriff’s Office (BCSO) is working cooperatively with the Butte County Public Health Department and Wellpath, the jail’s medical services provider, to mitigate the spread of COVID-19 within the jail and provide appropriate care for those inmates currently infected with the illness.

To date approximately 500 COVID-19 tests have been administered to both inmates and staff members. None of the BCSO staff members tested to date were positive for COVID-19. Currently, among the inmate population, there are 71 lab confirmed COVID-19 cases within the jail. An additional 18 tests are pending lab results.

The overwhelming majority of cases involve asymptomatic individuals or individuals with mild symptoms. One individual was admitted to an area hospital for observation over the weekend. That individual is in stable condition and is likely to be returned to the jail in the coming days. (When there is a need for an enhanced

level of care, inmates are transported to local hospitals, but kept under observation by jail staff.) The jail’s medical staff is currently able to provide the necessary medical care within the facility for the rest of the inmates who tested positive. Inmates with confirmed cases of COVID-19 are being isolated from the remainder of the population. There is currently sufficient capacity within the jail to accommodate these individuals. Inmates who have tested positive are isolated for ten to fourteen days, in accordance with best practices as defined by the U.S. Centers for Disease Control and Prevention (CDC), the Butte County Public Health Department and Wellpath.

The jail staff closely monitors the jail’s population on a daily basis and utilizes statutory and court ordered authority to maintain sufficient capacity within the jail to manage this regularly changing situation. Inmate, staff and public safety interests are continually being balanced during this process. As a general rule, inmates with confirmed cases of COVID-19, who have not yet recovered, will not be released unless it is required by law or is medically necessary. In those cases, the jail will coordinate the release with Public Health to ensure proper post-incarceration housing, monitoring and care.

The jail continues to utilize previously adopted

screening and detection protocols in an effort to mitigate the spread.

Those protocols include: Screening of all intakes for symptomatic individuals; Weekly temperature and symptom checks of all inmates; Use of Personal Protective Equipment, i.e. masks and gloves, by inmates and staff; Increased access to hand sanitizer and cleaning supplies for inmates and staff; Aggressive testing and monitoring in cooperation with the Butte County Public Health Department to detect asymptomatic individuals.

In addition to the protocols noted above, the jail has suspended public visiting and is actively working with the Butte County Superior Court, the Butte County Public Defenders and the Butte County District Attorney’s Office to limit in-person court appearances for inmates during the next 14 days.

Finally, the Sheriff’s Office website has a recently added a COVID-19 information page, which will be updated Monday-Friday. The page contains information about the status of COVID-19 in the jail and can be accessed through this link: <https://www.butte-county.net/sheriffcoroner/Covid-19>

COVID-19 is a serious health issue in our community. The Sheriff’s Office continues to encourage everyone to do what they can to reduce the spread of COVID throughout the community. ★

What is California Thinking by Adding to its Small-Business Owners’ Woes?

Commentary by Anthony Malandra

On the day California hit motorists with its annual increase in the gas tax and on the eve its state Senate is looking to pass a greatly expanded family leave law socking small-business owners with new costs, NFIB’s month Jobs Report showed, to little surprise, a worsening economy.

“You have to ask if California’s policymakers think the whole COVID-19 crisis is just a minor, ephemeral distraction that shouldn’t stop their regulatory agenda from proceeding at its breakneck pace,” said John Kabateck, California state director for NFIB, the nation’s leading small-business association. “As our Jobs Report cries out, every effort should be made to make re-opening small businesses and fostering their ability to stay open Priority No. 1, but instead we get things like Senate Bill 1383, which expands leave time for employees who may never get it if they don’t have jobs to return to. State leaders talk a good game about the need to help small business, but then pass bills like SB 1383, which is opposed by more than 100 business organizations. Just

because you can force new mandates on small employers doesn’t make it right.”

Today’s Jobs Report showed the small business labor market has further weakened in June. Firms reduced employment by 0.28 workers per firm over the past month, weaker than the decrease of 0.17 workers per firm in May. Unchanged from last month, 6% reported increasing employment an average of 2.6 workers per firm and 22% (up one point) reported reducing employment an average of 4.6 workers per firm (seasonally adjusted).

Commented NFIB Chief Economist Bill Dunkelberg, “As states change reopening rules and dates, sometimes easing restrictions, small businesses are feeling various levels of uncertainty as to what comes next. With recent COVID-19 spikes in some cases, many state governments are reversing prior decisions and reducing the potential for small business to earn needed revenue.”

Gridley Thumbs and Roots

By Barbara Ott

Well here we are, Butte County maybe shutting down...maybe already shut down by the time this comes out. People in horticulture/agriculture wear masks all of the time for a variety of reasons. They wear them outside in the heat. They protect themselves from dirt, chemicals and other things that could damage

their breathing. Protect yourselves and others, wear a mask. Lions of Gridley are making masks for the community for free!! Contact me at beeceott@gmail.com and give me your phone number, I will call and you can order a mask.

Last time I mentioned the first world problem locally, of fewer to no planting pots. Turns out there is a general shortage at major box stores or there was this week. I asked the women stocking the shelves about the pots and they said not as many were coming in...this of course makes me start wondering why there would be a shortage. It could be that many come from VietNam and production has decreased from covid...this is conjecture not fact. Maybe shipping companies

are still struggling with delivery...my hope is that so many people are taking up growing flowers that they are buying many more pots than usual. I can’t image people hording planting pots but then who would have ever thought of hording toilet paper. I wonder if when I keep pots that plants outgrow, if that is hording... hhhmmmm...if so, I have a problem. Maybe the pots are now a valuable resource that can help increase my income. I think I like that idea better...not really, I know others need the freedom to get pots when they need them. I wish this was our only problem at this time. Afterall, we could repurpose many items for growing plants. Old buckets with holes in them are a great planting alternative. ★

Caltrans to Begin Construction on State Route 99 Live Oak Project

Roadwork involves streetscape, pavement and safety improvements in Live Oak and will take place in various stages from south of Pennington Road to north of Ramsdell Drive. Photo: Caltrans

By Gilbert Mohtes-Chan, Caltrans

SUTTER COUNTY, CA (MPG)

- Construction crews are scheduled to start work Monday, July 27, on a major pavement and streetscape project on State Route 99 in Live Oak.

Roadwork will take place in various stages from south of Pennington Road to north of Ramsdell Drive. Caltrans reminds residents that local businesses will be open during construction.

The \$36 million project is funded in part by a \$10 million federal Transportation Investment Generating Economic Recovery (TIGER) grant and \$2.3 million from Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017.

"This is a very exciting project that benefits residents, visitors and regional commuters. The federal funding will go toward improving the streetscape to create a 'main

street' environment," said Caltrans Director Toks Omishakin.

"Without funding from SB 1, the pavement would continue to deteriorate, which would have a direct impact on travelers and result in costly maintenance repairs in the future," Omishakin said. "This project allows crews to make long-term repairs, providing a smoother, safer ride for motorists and the region's commercial operators."

DeSilva Gates Construction is the contractor for this project, which calls for:

Upgrading the drainage systems; Rehabilitating the roadway to achieve a 40-year design life; Flattening the roadway cross slopes; Constructing new continuous sidewalks; Making traffic signal improvements at three intersections of Highway 99 at Pennington Road, Elm Street and Kola Street; Creating a pedestrian-focused downtown environment by enhancing

parking and building access, wayfinding and signage, landscaping and facilities for bicyclists and pedestrians.

Motorists should expect travel-interfering work and pedestrian detours during construction. Completion is expected in fall 2021. For the latest updates and more information about this project, please visit www.LiveOak99.com

The construction schedule is subject to change due to traffic incidents, weather, availability of equipment and/or materials, and/or construction-related issues. More information and updates on projects can be found at Caltrans District 3, on Twitter via @CaltransDist3 or on Facebook at CaltransDistrict3. For real-time traffic, click on Caltrans' QuickMap quickmap.dot.ca.gov/ or download the QuickMap app from the App Store or Google Play.

SB 1 provides an additional \$5 billion each year in state and local funding to maintain and optimize California's transportation system. SB 1 funds will enable Caltrans to fix more than 17,000 lane miles of pavement, 500 bridges and 55,000 culverts statewide by 2027.

Caltrans is committed to conducting its business in a fully transparent manner and detailing its progress to the public. For complete details on SB 1, visit www.rebuildingca.ca.gov. ★

Little helpers showcase some of the giftcards donated to "Giving Back to the Badge: Yuba Sutter" from area businesses. Pictured left to right: Braelynn Tanabe, Maddy Mariscal, Caleb Oakley, Mason Oakley, and Natalie Mariscal. Photo provided by Tiffany Tanabe

Continued from page 1

June 13th, she has received overwhelming community support with private donors and businesses wanting to be a part of her mission. She has set up an Amazon Wishlist for "Giving Back to the Badge- Sutter County" asking for items like tennis balls for K-9 officers and assorted snack items, has reached out to local businesses like Starbucks, Roundtable, Bang energy drinks and Sport Clips Haircuts for gift cards or actual meal/drink donations, and has started a Venmo account to help create goodie bags and buy lunches for the departments.

Although COVID19

has put a damper on some of her campaigning, Sutter County Sheriff's Office and the Yuba City Police Department have both reaped the benefits of Tanabe's hard work. She simply takes it upon herself to contact local businesses via phone or email and ask if they'd like to help in anyway, helping with transportation and delivery of goods if necessary. Why just Sutter County when Tanabe is from Gridley and lives in the area now? She also considers Yuba City home (she grew up there too) and has had better luck with those local businesses (not having a nonprofit status has been a hurdle in

Butte County). Tanabe also points out that "Giving Back to the Badge - Butte County LEO's," which she modeled her organization efforts after, does amazing work and has Butte County covered.

Of course, there has been negative comments but Tanabe coolly says, "It's time for those that are silent...to let them (LEO's) know that there are people who will stand behind them and show their appreciation, no matter what others are saying."

To help, please visit her Facebook page, Amazon Wishlist or Venmo account all under "Giving Back to the Badge - Sutter County." ★

David Gonzales of Oroville, 41

Butte County Sheriff's Office Press Release

OROVILLE, CA (MPG) - On July 17, 2020, Butte County Sheriff's Office (BCSO) deputies responded to a local hospital and contacted the victim of an assault. The victim told deputies David Gonzales of Oroville, 41, was at his residence in Palermo earlier in the day. The victim explained Gonzales became upset with the victim and proceeded to strike the victim multiple times with a baseball bat. The victim

sustained serious injuries as a result of being struck with the baseball bat. Deputies determined Gonzales was on active California State Parole for assault with a deadly weapon.

Deputies and detectives responded to the victim's residence and collected evidence. Evidence was located which indicated Gonzales left the victim's residence and went to a residence located in the 2800 block of Craig Avenue, Palermo. On the evening of July 17, deputies and detectives located Gonzales. Gonzales was placed under arrest for a felony count of assault with a deadly weapon, and for violation of the terms and conditions of his California State Parole.

On July 20, detectives from the BCSO Felony Investigations Unit and BCSO Special Enforcement Unit served a search warrant at the residence located in the 2800 block of Craig Avenue. During

the service of the search warrant detectives located the baseball bat that was used in the assault, a firearm, and approximately 182 marijuana plants. Three children were also located at the residence. Detectives determined two of the children were present when Gonzales hit the victim with the baseball bat. Detectives determined the residence and property was not safe for children. All three children were detained and turned over to Butte County Children's Services.

Gonzales is scheduled to be arraigned at the Butte County Superior Court on Tuesday, July 21, at 3 PM. Based on the fact Gonzales violated the terms and conditions of his parole, Gonzales is not eligible for bail until he attends future court proceedings. The Sheriff's Office is asking anyone with additional information about Gonzales to contact Detective Tristan Harper at 530-538-7671. ★

2020-2025 Dietary Guidelines for Americans

**Commentary
by Leanne McCrate**

Dear Dietitian,

The Scientific Report of the 2020 Dietary Guidelines Advisory Committee has been

released. The report is based on scientific evidence in nutrition and is issued by a team of experts, including Registered Dietitians, Medical Doctors, and Doctorates of Nutrition. The information will be used by the Departments of Agriculture and Health and Human Services to develop the 2020-2025 Dietary Guidelines for Americans. These recommendations are made every five years as a road map to help people make healthier food choices and prevent diet-related diseases, such as heart disease and diabetes.

Some dietary instructions

will likely remain the same as those released in 2015. Choose a variety of foods from every food group. Select more plant foods. Replace saturated fats (found in animal products) with unsaturated fats (found in plant oils). Choose whole grains instead of refined grains.

For the first time, the guidelines will address the nutrition of children from birth to 2 years of age. The Advisory Committee has recommended breastfeeding infants for at least six months,

as this has been shown to decrease the risk of diseases and allergies. It is also

recommended to introduce high allergen foods, such as peanuts and eggs, at four to six months of age to help prevent food allergies. Consult your pediatrician before making any dietary changes for your child.

As obesity rates continue to rise in America, the consumption of added sugars is sure to be addressed in the new directives. The 2015-2020 Dietary Guidelines recommended limiting the consumption of added sugars to less than 10% of total calories. On a 2,000-calorie diet, that equates to 50 grams of added sugars per day. This number may be reduced in the new guidelines. Of note, the American Heart Association recommends women consume no more than 25 grams of added sugars per day and advises men to have less than 38 grams a day.

Another possible change in recommendations is the number of alcoholic beverages

consumed. Earlier guidelines recommended one drink a day for women and two drinks a day for men. Alcohol consumption has increased in America over the last twenty years, and nearly half of those who drink report binge drinking in the previous month. Binge drinking is defined as five or more drinks during an occasion for men and four or more drinks for women.

There is research that shows that all-cause death increases as average alcohol consumption increases. There is some evidence that more than one drink a day increases death from all causes. The recommendation may be reduced to one alcoholic beverage per day for men and women.

The official Dietary Guidelines for Americans are expected to be released by December 2020. For more information on the 2020 Dietary Guidelines Scientific Report, go to <https://www.dietaryguidelines.gov/2020-advisory-committee-report>.

Until next time, be healthy!

NOTICE OF PETITION TO ADMINISTER ESTATE

ESTATE OF THEODORA PARKER ALSO KNOWN AS THEA PARKER, THEADORA PARKER

CASE No. 20PR00203

To all heirs, beneficiaries, creditors, and contingent creditors of and persons who may be otherwise interested in the will or estate, or both of Theodora Parker, also known as Thea Parker, Theodora Parker, deceased. A Petition for Probate has been filed by Betty J. Reynolds, in the Superior Court of California, County of Butte, requesting Betty J. Reynolds, be appointed as personal representative to administer the estate of the decedent.

The petition requests that the decedent's will and codicils, if any, be admitted to probate. The will and any codicils are available for examination in the file kept by the court.

The petition requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the executor to take many actions without obtaining court approval. Before taking certain very important actions, however, the executor will be required to give notice to interested persons unless they have waived notice or have consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority. Thoughts to Ponder

by Kathy Neal

Here are a few thoughts to ponder. Hmm, where have I heard that before?

Christian’s net worth – when all is said and done, what counts are things like faithfulness, integrity, courage and honesty, the ability to believe in something and to have made some contribution to the world and to our own family. This kind of net worth is much more difficult to measure but so much more important than financial worth.

Overcoming Hate – “tit for tat: “eye for an eye”, “do it before it’s done to you.”

That’s how the law of retribution works, between countries and between people. The ‘tit for tat’ approach escalates violence, as violence begets violence. It leads to war. A beginning for overcoming this cycle can be made when people see themselves as they really are rather how they imagine themselves to be, measuring themselves by God’s yardstick not their own.

Home – Robert Frost states “Home is the place where, when you have to go there, they have to let you in.” There is no promise of greater importance in life than that which tells people there is a place where they are awaited, a place at the table for them, no matter what they have done. At that place is waiting a Father whose heart aches for every son or daughter gone astray. He puts a candle in the window saying, “welcome home.”

Faith – a living faith must be more than just beliefs about something it must lead people to trust. God can be trusted. His promises are always kept.

Love – the root of love is not the commandment to love, love must be present to make that commandment bearable and understandable. The grace to believe in that love is the source of all truly self-giving acts. The root of all self-giving love is found in the prior belief that one is loved.

Tests – many times, God tests people’s faith just so that they might know its strength and it can grow.

God knows it all the time, but the test comes so that people might know.

Prayer – the results of prayer are to enable people to discover what they really need, hope for, what they really want. Prayer is fellowship with God. People don’t need to tell God what they need. He already knows that!

Works – not everything people do in life is of equal value, some results are unseen. Do not depend on the hope of results in all that is done. There are some things that are worthwhile just in the doing. Results come about because people allow God to work through them. The real hope lies in their trust that God will accomplish something through them.

Hope – hope comes to those who never give up and is reserved for those who are poor in spirit. Just because people want hope doesn’t mean they can experience it whenever they choose. They must wait. That is why patience and hope always go together. Patience is good preparation for some new way through which God is planning to help us grow.★

Oroville Hospital Ranked One of the “Best Hospitals for America”

By Shanna Roelofson, Oroville Hospital

OROVILLE, CA (MPG) - Oroville Hospital has received recognition from Washington Monthly and the Lown Institute as one of the Top 20 Best Hospitals for America. Oroville Hospital is one of only two hospitals in California that were selected to receive this distinguished ranking.

The achievement stems from data drawn from Lown Institute Hospitals Index, a non-partisan health care resource that measures a hospital’s ability to provide quality care to patients, while also contributing to the greater good of the surrounding community. In total, 3,200 hospitals were evaluated nationally.

The rankings utilized three main criteria to grade America’s hospitals. The first being patient outcomes, which signifies mortality, safety and satisfaction records. The next aspect evaluated was civic leadership. According to *Washington Monthly*, civic leadership is the degree to which a hospital treats its patients, and how much it contributes to community benefits. The third and final criteria they evaluated was the value of care being delivered to patients. For a hospital to be included on the ranking’s “honor-roll” of top 20 hospitals, they had to score strikingly better than the average (in the top 45%) in *all three categories*.

“We are very pleased that our dedicated team at Oroville Hospital has received this national recognition,” said Robert J. Wentz, President and CEO of Oroville

Hospital. “This national ranking system is based on a new approach of analyzing hospital data. This analytic approach credits hospitals for superior outcomes, safety, quality, efficiency, and meeting the needs of the community it serves. These factors have been our focus at Oroville Hospital for many years. This high national ranking is the greatest recognition any hospital could ever receive and I am honored. Our excellent staff has always been dedicated to giving every patient that comes through our doors the benefit of their high skill and best effort, ensuring they receive nothing but the highest quality of care, no matter the circumstances.”

Washington Monthly notes that underserved populations can be more susceptible to receiving inequitable health care, especially during a crisis. But applauds their Top 20 for “simultaneously treating a diverse patient population representative of their communities, healing those patients, and not overtreating them.” They believe that other ranking systems “incentivize much of what is wrong with the current health care system”. *Washington Monthly* states that the new rankings they have developed with Lown Institute set a better standard for what patients should expect from their health care system.

Parent's Safety Tips Young Fire Setters

Children playing with fire cause hundreds of deaths and injuries each year. Preschoolers and kindergartners are most likely to start these fires, typically by playing with matches and lighters, and are most likely to die in them.

Young children and fire are a deadly combination. Some children play with fire out of curiosity, not realizing its danger. Troubled children may set a fire as a way of acting out their anger, disappointment or frustration.

Important! If you suspect your child is intentionally setting fires or unusually fascinated with fire, get help. Your local fire department, school, or community counseling agency can put you in touch with trained experts who know how to teach children about fire in an appropriate way.

- Children experience fire interest. They may ask questions such as how hot is fire or show an interest in fire through playing with fire trucks or cooking on a play stove. This is healthy, and it is time to begin educating about fire.
- Fire starting happens when children begin to experiment with fire using matches and lighters. Many fires happen when young children are left alone, even for a short period of time, and have access to matches and lighters. Parents must have clear rules and consequences about fire misuse.
- Grown-ups can help keep fire out of the hands of children.
- Store matches and lighters out of children's reach and sight, up high, preferably in a locked cabinet or container.
- Never leave matches or lighters in a bedroom or any place where children may go without supervision.
- Teach young children and school-age children to tell a grown-up if they see matches or lighters. Children need to understand that fire is difficult to control; it is fast and can hurt as soon as it touches you.
- A child with an interest in fire can lead to fire starting and result in repeated fire setting behavior.
- It is important for grown-ups to discourage unsupervised fire starts.
- Never use lighters or matches as a source of amusement for children; they may imitate you.
- Never assign a young child any tasks that involve the use of a lighter or matches (lighting candles, bringing a lighter to an adult to light a cigarette or the fireplace, etc.)
- If your child expresses curiosity about fire or has been playing with fire, calmly but firmly explain that matches and lighters are tools for adults only.
- Use only lighters designed with child-resistant features. Remember, child-resistant does not mean child-proof.

Thank You, and Be Safe!!

DEMAND JUSTICE

Victims of sexual abuse by Catholic clergy have rights.

While nothing can undo you or your loved one's pain of abuse, many states are giving victims a short time to recover compensation from their abusers and the institutions that enabled them.

If you or someone you love were sexually assaulted by a priest or clergy member, you no longer need to suffer in silence.

TOGETHER WE CAN HOLD THEM ACCOUNTABLE.

SACRAMENTO, CA (MPG) - Human trafficking victims in California can now qualify for up to \$20,000 in income loss paid through the California Victim Compensation Board.

Signed by Governor Gavin Newsom, Assembly Bill 629 (Smith and Gonzalez) went into effect on January 1, 2020, making human trafficking victims eligible for up to \$10,000 of income loss per year, for up to two years. The bill required the Board, on or before July 1, 2020, to adopt regulations that allow it to rely on evidence other than official employment documentation in considering and approving applications for compensation. The Board adopted the regulations in May. The Office of Administrative Law approved the final regulations, ahead of the July 1 deadline.

"It's clear the trauma of human trafficking extends far beyond the time having been trafficked—survivors often have faced homelessness, addiction and mental health issues stemming from

their exploitation," Assemblywoman Christy Smith said. "My bill with Assemblywoman Gonzalez removes a loophole in the victim compensation system that required survivors to obtain a note from their employer—often times this was their trafficker. The regulations adopted remove these barriers to justice and provide critical support for victims rebuilding their lives."

"Survivors of human trafficking face unimaginable obstacles when they work to put their lives back on track. They are typically on their own and have to figure out how they will pay for housing and food, apply for work, and get treatment for medical and mental health," Assemblywoman Lorena Gonzalez said. "Most human trafficking survivors don't have the formal documentation CalVCB had previously required to collect lost income, such as a W-2 form. CalVCB's new rules, now in effect thanks to our legislation AB 629, are a just and fair way to help survivors get back on their feet and get the help they need."

"CalVCB recognizes the challenges human trafficking victims face as they work to rebuild their lives," said Executive Officer Lynda Gledhill. "By providing financial support, along with options for medical and mental health treatment and other compensation, CalVCB is able to play a small part in victims' recovery."

As with all claims, victims will need to provide CalVCB with evidence of a crime, including, but not limited to, a statement under penalty of perjury from the applicant, a caseworker, a licensed attorney or a witness, or a law enforcement report. Victims brought from other countries and trafficked in California may also qualify. Before AB 629 became law, victims could only prove income loss with formal employment documentation or voluntary cooperation from their traffickers, meaning most could not qualify.

AB 629 became law on January 1, 2020, allowing victims to submit income loss applications, even as CalVCB drafted the required regulations. In the months

Yuba-Sutter-Colusa United Way Press Release

YUBA-SUTTER-COLUSA COUNTIES, CA (MPG) - We are faced with a tremendous loss in revenue due to the loss of or drastic downscaling of the four fundraisers we conduct each year and the one-year postponement of the debut of our new "Born Learning Academy" program in local schools.

This means potentially a 50% loss in income from now through March of 2021. Yuba-Sutter-Colusa United Way, in its 53-year history, has been a leader in supporting the efforts of more than 100 worthy local causes and has brightened the lives of many thousands of residents through our programs and the programs of other organizations which we financially support.

We have greatly down scaled our cost of operations, including payroll cuts, program funding cuts and office costs. We have also qualified for a modest federal

EIDL loan and Paycheck Protection Program funding.

With all the potential known income and minimized expenses, we remain at a forecast deficit of \$65,000 over the next nine months after which we deeply hope there is an effective vaccine to nearly eradicate this potent virus to allow us to again begin normal operations.

Will you please stand with us and our 27 non-profit Partner Agencies as we face the most challenging time in our history by providing us with a tax-deductible emergency donation today?

Your Yuba-Sutter-Colusa United Way, over the past six years, has provided \$1.2 million to feed and shelter people in our community through our hands-on management of the federal Emergency Food and Shelter Program grants and through our local Summer Cash for Food Drives and November Turkey Drives. We have provided nearly \$400,000 in community impact grants to

worthy local non-profit programs. We have handled more than 3,000 calls for assistance from our residents looking for food, shelter, help with utility bills, help with rent and many other issues.

Most recently, your Yuba-Sutter-Colusa United Way has been a lead organization in the "Yuba-Sutter COVID-19 Relief Task Force" which raised over \$100,000 and over 100,000 pounds of food for the Yuba-Sutter Food Bank and 25 local food pantries in just ten weeks.

Simply put, your gift today will help sustain an organization which has been a leader in working to provide vital day-to-day necessities to neighbors in need and support to programs to assist raising them out of poverty.

Although we continue to face many unknowns, we're confident that with your help, we will come out stronger and even more committed to ensuring a bright future in helping thousands of our neighbors in need. ★

If you are a victim of human trafficking, or you suspect someone you know is being trafficked, there are a number of local, national and international organizations that offer and provide help and services, including temporary shelter, legal

assistance and medical and mental health treatment.

The California Victim Compensation Board (CalVCB) provides reimbursement for crime-related expenses to victims who suffer physical injury or the threat of physical injury as a result of violent crime.
