GRIDLEY, CA (MPG) - Residents from Gridley and people from as far away as Yuba City and Williams turned out this Independence Day weekend to stand in support of our local law enforcement agencies and others' nationwide.

The "Back the Blue" rally was the first of its kind held in Gridley. Organizer Holly Wood said that the inspiration for the rally was not hers alone. "The seed was planted by members of the community," she says and that she merely took the initiative to select a date and let the public know.

Appropriately, Sunday, June 5th was chosen. Woods says, "What a great time - fourth of July weekend - for people to come together for our country, for our town, for our badges - to stand up." With that, the rally came together simply and quickly.

"People wanted this." She says. "And there was no hesitation."

Veterans, community members, retired law enforcement and the families of law enforcement gathered at the Heritage Oak shopping center and lined Hwy 99 in Gridley. Young and old, they waved Old Glory, black & blue striped flags, hand-made signs and many wore patriotic garb. Passing traffic made their support known through loud horn blasts or screams from windows.

Of course, the group was also the target of some not-so-nice comments from passersby. At one point someone from a passing car yelled "Black lives Matter" to which, and not disagreeing with, one of the pro-blue retorted "So do the blue."

That was one aspect of the "Back

the Blue" rally that could be misconstrued, especially during our nation's current social climate and current cries to "de-fund" police departments across the country. Many participants at Sunday's rally felt that actively supporting law enforcement was crucial during these times and in the same turn, was not meant to downplay the importance of "Black Lives Matter" or other people of color's battle for equal and civil treatment. For this group, supporting one cause did not equate to

Taxpayers Should File by July 15

By David A. Tucker II, IRS

WASHINGTON, DC (MPG) - The Department of the Treasury and IRS announced the tax filing and payment deadline of July 15 will not be postponed. Individual taxpayers unable to meet the July 15 due date can request an automatic extension of time to file until Oct. 15.

The IRS reminds taxpayers filing Form 1040 series returns that they must file Form 4868 by July 15 to obtain the automatic extension to Oct. 15. The extension provides additional time to file the tax return - it is not an extension to pay any taxes due.

The IRS urges people who owe taxes, even if they have a filing extension, to carefully review their situation and pay what they can by July 15 to avoid penalties and interest. For people facing hardships, including those affected by COVID-19, who cannot pay in full, the IRS has several options available to help. To avoid interest and penalties, the IRS encourages them to pay what they can and consider a variety of payment options available for the remaining balance.

Individual taxpayers have several easy ways to file Form 4868, Application for Automatic Extension of Time to File U.S. Individual Income Tax Return, by the July 15 deadline. The IRS also reminds taxpayers to check their state filing and payment deadlines, which may differ from the federal July 15 deadline.

IRS Direct Pay allows payment directly from a checking or savings account. This service is free; Electronic Federal Tax Payment System, or EFTPS. Pay by phone or online. This service is free; Debit or credit card payment. This service is free, but the processing company may charge a fee. Fees vary by company; Check or money order made payable to the United States Treasury (or U.S. Treasury) through the mail.

Several payment options are available on IRS.gov/ payments to help taxpayers who can't pay in full and some can offer taxpayers smaller penalties. Though interest and late-payment penalties continue to accrue on any unpaid taxes after July 15, the failure to pay tax penalty rate is cut in half while an installment agreement is in effect. The usual penalty rate of 0.5% per month is reduced to 0.25% For the calendar quarter beginning July 1, 2020, the interest rate for underpayment is 3%. For more info see IRS.gov. ★

It's How You Get There to Film Here

Yuba Sutter Lodging Association will work closely with the cast and crew of History Channel Show

By Cynthia Paine, Tourism Coordinator

YUBA AND SUTTER COUNTIES, CA (MPG) - Visit Yuba Sutter, an entity funded by the Yuba Sutter Lodging Association (YSLA), has announced filming of the popular series, *It's How You Get There*, is taking place July 7-10, 2020. The show is set to air fall 2020, highlighting several of the most popular recreational spots in Yuba and Sutter Counties.

"The Yuba Sutter area is one of the most beautiful regions in Northern

California. From its many lakes and nature preserves to the culture and history, we knew this destination would be the perfect backdrop for *It's How You Get There*," said Amanda Kaschmitter, Partner Relationship Manager at MC2 Design, a marketing agency that works closely with the YSLA to promote tourism for the two counties.

The History Channel travel show follows three friends who journey across the United States in search of adventure, incredible vehicles and friendly

competition. While the filming itinerary for their visit to Yuba Sutter has not been completely finalized, the cast and crew of *It's How You Get There* have tentatively planned to explore Bullards Bar, The Sutter Buttes and Collins Lake. "The hosts of the show have several exciting adventures planned over the course of the week, possibly including traveling by motorcycle, jetski and even helicopter," said Kaschmitter.

The team with *It's How You Get There* first approached the YSLA in

January with filming originally set to begin this past April. Due to mandates surrounding Covid-19, however, the launch of the third season was postponed until California travel restrictions were lifted.

The mission of the Yuba Sutter Lodging Association is to increase tourism and overnight stays in the two counties. To get the latest updates during production of filming, be sure to follow the Visit Yuba Sutter social media pages on Facebook, Instagram and Twitter. ★

The New Pi-Line

**The new Pi-Line
Honoring Publisher
W.D. Burleson
By Josh F.W. Cook**

From the March 4th, 1998 Original Burleson Pi Line: The Post Office opens according to its own time, that big electric clock you see as you go into the counter area, the clock is sensitive to power fluctuations and power outages. The City is to blame for the doors opening three minutes late Tuesday. The chicken or the egg? Does the City try to get new lines and industry-first or build the sewer and drainage first? Believing that infrastructure and suitably zoned land will impact housing and industry, and with the state offering a matching grant, the Gridley City Council is going to go for the infrastructure. The main component of the plan is a sewer line extension in the north, along the highway. The first hurdle is going to

vote on an \$800,000 city bond, that's the City's match to the state's \$800,000. We have on our desk a clipping from the Herald of June 1914: "Monday evening at the regular monthly session of city trustees a contract was awarded to the Moore-Roos company to construct the first unit of the sewer system. The price to be paid for the work is \$5,850..." The times sure do inflate. It was so much simpler in 1914. The City expected the contractor to start work in 15 days and have the sewer line up and ready for use in sixty days. In order to get things going, the City has hired a specialist to prepare sphere of influence changes and general plans. The amount budgeted, \$46,925. These items are key to the sewer plan. The million \$ annex to city hall, or is it vice versa? The city and Fire Department part is in operation, and an open house will be held soon. The cost of remodeling of the 70-year-old city hall is awaiting an estimate from the contractor at the next council meeting. We'll take a wild guess... over \$700,000. Will it be too high? Or too low? The City may display what the council calls "the old jail cell" with bed and toilet in the Rotary museum. This

cell has walls, the truly "old jail cell" was a cage made out of flat iron straps. If it were to be put on display, it would have a tie ranging from the ceiling iron straps, a reminder of what happened years ago. The old, old iron strap jail cage was located somewhere near where the city administrator's office is today. Chief of Police Jack Storne gave us a quick tour of the new police facilities yesterday. It is roomy enough for growth. It is state of the art on computers, telephone, and radio communications. Everything else is state of the art. Gridley definitely has something to brag about in its law enforcement. Councilwoman Jerry Fitcher tells us that the spring cleanup will be held in April. The dates will be announced soon. This is your chance to get rid of that old junk for free. The remodeling of the 110-year-old Hazel Hotel is still on hold, but the much-delayed project is still hanging in there. It may make it yet. Miracles happen every day.

Paradise Irrigation District to Receive Promised Funding

**By Nguia Nguyen,
Office of Senator Jim Nielsen**

SACRAMENTO, CA (MPG) - After much advocacy from Senator Jim Nielsen (R-Tehama), Assemblyman James Gallagher (R-Yuba City), community and business leaders and Paradise residents, the Governor signed the \$202 billion budget Monday evening that continues the promised \$7.3 Million to Paradise Irrigation District. This funding is critical to bringing clean water to residents for rebuilding efforts.

The Governor took the money out of his May revise budget proposal, but the funding was affirmed by the final budget.

"Camp Fire survivors spoke up loud and clear. I thank the people of Paradise for their strength and courage to continue the fight to rebuild their Town," said Senator Jim Nielsen (R-Tehama). "I also want to thank my legislative colleagues for their continued support of Paradise."

Assemblyman Gallagher stated, "It's ridiculous that this was such a budget battle to begin with. The Town of Paradise has already suffered through so much; there was no reason for the Governor to threaten their ability to rebuild. That being said, I'm pleased with the outcome and will continue to protect and defend our ability to recover from this devastating fire."

In November 2018, PG&E's faulty electrical lines sparked a raging fire that decimated the Town of Paradise and killed 84 residents. Since this deadly fire, citizens have combed through rubbles of their destroyed homes and businesses for precious keepsakes, cleared their properties and began rebuilding their lives.

Without water, the rebuilding of the Town of Paradise would have come to a screeching halt.

Butte County Supervisor and Camp Fire Survivor Doug Teeter previously said, "No water = no town." ★

Krissie and Sylvan Vierra's sentiments reflected those of many in attendance. "I think this is really important to do. Our officers need to know they have support, our troops need to know they have support and not everyone wants to defund them," said Krissie. Sylvan added, "You know it's hard to be a police officer nowadays... and you can't judge all police by the actions of a few bad ones. I mean, without them, who you gonna call?"

Rally attendee, Gridley native, and retired police officer from Sutter County, Luis Ceja said, "Having been in law enforcement, I feel really sad and sometimes disgusted as to how law enforcement is being treated, how they try to diminish the effort - everything that goes into becoming a police officer." YUBA CITY, CA (MPG) - The Church of Jesus Christ of Latter-day Saints has recently announced that the ground breaking ceremony for its first temple in California north of Sacramento will be held July 18th, 2020.

Plans for the 8th LDS temple in California were announced in October of 2018 by church President, Russel M. Nelson, but the exact location was not made known until fall of 2019. The 38,000 square foot temple will be located at 1470 Butte House Road in Yuba City, the site of the former Stake Center.

Demolition of the Stake Center and the clearing of the 9.4 acre area has already begun. The parcel that housed the Stake Center, along with a neighboring parcel acquired from the City will be the home to the new temple, a new Stake Center/meeting house and also, a distribution

center. The temple itself will be quite large - nearly double the size Sacramento's 19,500 sq. ft total floor area.
Church members are ecstatic over the news of the coming Feather River California temple. Previously, members were required to travel to either Sacramento or Oakland to visit and work. Other LDS temples are located even further south: Fresno, Redlands, Los Angeles, San Diego, Newport Beach. With a strong LDS population in the North State and multiple stakes north of Sacramento area, it will no doubt be highly utilized. Sacramento currently serves 22 "stakes", composed of multiple congregations, in Northern California.

The groundbreaking will be by invitation only due to the current COVID19 crisis. Elder Scott D. Whiting of the North America West Presidency will preside. Further details about the groundbreaking will be announced as the date nears. ★

Chico Woman Sentenced to Prison in Vehicular Manslaughter

Amery Sweany

Butte County District Attorney

BUTTE COUNTY, CA (MPG) - The Chico woman recently convicted of vehicular manslaughter in a deadly 2019 crash on East Avenue in Chico, appeared in Butte County Superior Court to face the wife and daughter of the man she killed and was sentenced to the maximum term of six years eight months in state prison.

Amery May Sweany, 24, of Chico stood before Judge Michael Deems and apologized to the family of Virgil Santos, 64, of Chico for her actions leading to Mr. Santos' death. However Mr. Santos' wife and daughter told the judge how devastating the death of Mr. Santos has been on their lives and asked the maximum punishment be

handed down. Noting that the daughter will be married this fall without her father to walk with her, and that the wife had to move from the family home to a cheaper apartment because of Sweany's grossly reckless actions, the judge sentenced Sweany to the maximum.

In April 2019, Sweany careened down East Avenue at speeds over 70 mph. Multiple witnesses reported seeing Sweany swerving around other cars on the road and weaving in and out of traffic as she approached the intersection at Marigold Avenue. Sweany ignored the red light and ran her car into a vehicle driven by Virgil Santos, 64, of Chico. Virgil's wife, Shelly Santos, 52, was a passenger in the vehicle.

Mr. Santos succumbed to injuries sustained from the collision, and died at Enloe Hospital. Ms. Santos sustained major injuries and underwent multiple surgeries in the months following the collision.

While in custody at the Butte County Jail, Sweany assaulted two correctional officers, punching

one, and spitting on the other. Sweany had previously pled to one count of Resisting an Officer and one count of Battery upon an Officer, both misdemeanors.

District Attorney Mike Ramsey noted Sweany's case was delayed as her defense attorney sought to have her declared mentally incompetent to stand trial. A court-appointed psychologist finally opined she was competent to stand trial. Her attorney then attempted to place her into a mental health diversion program, but the Butte County Behavioral Health Department found she was unsuitable. Once she was finally set for jury trial, Sweany changed her plea to no contest.

Ramsey said Sweany's actions were particularly egregious because although not under the influence, she nevertheless had detectable amounts of controlled substances in her system; she drove at a high rate of speed down a main street in Chico; and she showed no concern for the safety of those around her, causing death and serious injury. ★

This Kid's A Planner!

Dear Dave,

What would be your advice for someone who is renting an apartment but has never rented before? I'm 16, and I'm trying to create a plan for when I get out on my own in a couple of years. I've never had any debt, and don't have a credit score. Is it going to be hard to find a place to live?

– Riley

Dear Riley

I get where you're coming from. A lot of people believe it's hard to get an apartment without a credit score, and that's just not the case. In most cases, if you've got money for a deposit and proof of employment, you can find a little apartment somewhere.

Anytime you're renting it should be because you're in a stage of your life where you're not going to be in the area long, you're saving

Dave Ramsey Says

money to buy a home, or you're working your way out from under a lot of debt. Think of it as "rent patience." Renting should be a temporary stop along the road, not a way of life. You're parked and you're on hold until you're ready for a house or you get your finances in order.

I don't hate apartments, and renting isn't evil. But renting for a decade or two is not a smart move. How much do you want to pay for patience? The least amount possible. You want something clean and safe, but nothing too fancy. You don't need a racquetball court, skylight or hot tub.

I love that you're a planner, Riley. Keep looking ahead and thinking toward the future!

– Dave

Don't fall for it!

Dear Dave,

Could you explain why buying a new car at 0% interest isn't a good idea?

– Raina

Dear Raina

The only way you have a chance of getting 0% interest on a new car is if you have perfect credit and pay full MSRP (manufacturer's suggested retail price). But, if you walk onto a car lot

with cash, and haggle with the salesperson a little bit, they'll knock a bunch off the sticker price. If you can buy the car for less than the 0% interest gimmick, how is that 0%? See what I'm saying? The cash buyer pays less.

Besides, you shouldn't even consider buying a brand new car, unless you're debt-free and have \$1 million or more in the bank. You lose a ton in value the second you drive a new car off the lot. How is that 0%? A new car also loses about 60% of its value in the first four years after you buy it. How is that 0%?

The whole 0% interest gimmick tricks a lot of unsuspecting folks into buying something they don't need and can't afford!

Gov. Newsom Claims Right to Withhold Federal Grants to Fund California Deficits

New California State Press Release

YUBA CITY, CA (MPG) - California Gov. Gavin Newsom responded to a New California State press release regarding illegal borrowing of federal grant monies to fund budget deficits by claiming the right to seize federal grant funds from counties not requiring face masks.

New California State press release issued early on June 24, 2020 highlighted the State of California intending to fund its \$85 billion budget shortfall through June 30, 2021 by accessing "Borrowable Resources" of over \$59.6 billion, including the over \$27 billion in federal health and financial stimulus dollars to address the COVID-19 pandemic.

Later the same day, Gov. Newsom told reporters, the State of California has the sovereign right to indefinitely hold billions of targeted federal grant monies from counties that are not in full compliance with the "new rules and regulations" in his recent COVID-19 Executive Order.

Newsom stated that after doing what he referred to as a "budget deal" with the California Legislature, "We're going to attach some considerations and consequences" for withholding federal funds from non-compliant counties.

New California believes that such action is a violation of law, and if implemented would set a dangerous U.S. Constitutional precedent that a state governor and

legislature can withhold spending federal funds during a crisis to fund its own budget deficit needs.

New California State calls on the United States government to immediately take actions to prevent and protect the public safety by assuring that the State of California is not improperly or illegally using federal funds designated for health and financial stimulus as a source of "Borrowing Resources" to fund California's \$85 billion budget deficits.

New California is a new state in development exercising its Constitutional Right to form from the State of California. The process to form New California is authorized and codified in Article IV Sections 3 & 4 of the United States Constitution. ★

While nothing can undo you or your loved one's pain of abuse, many states are giving victims a short time to recover compensation from their abusers and the institutions that enabled them.

Thoughts to Ponder

by Kathy Neal

The people call forth, “If God is for us, who is against us? He who did not withhold His own Son, but gave Him up for all of us, will He not with Him also give us everything else?” (Romans 8:31-33)

Jesus replied, “Those who are well have no need of a physician, but those who are sick. I have come to call not the righteous but sinners to repentance.” (Luke 5:31-32) “The time is fulfilled, and the kingdom of God has come near, repent and believe in the good news.” (Mark 1:15)

The people cry, “Have mercy on me, O God, according to your steadfast love, according to your abundant mercy blot out my transgressions. Was me thoroughly from my iniquity, and cleanse me from my sin.” (Psalms 51:1-2)

Jesus responded, “Is there anyone among you

who, if your child asks for bread, will give a stone? Or if the child asks for a fish, will you give a snake? If you then, who are evil, know how to give good gifts to your children, how much more will your Father in Heaven know how to give good things to those who ask Him.” (Matthew 7:9-11)

God commands, “I am the Lord your God, who brought you out of the land of Egypt, out of the house of slavery, you shall have no other gods before me.” (Exodus 20:2)

The Psalmist sings, “Into Your hands I commit my spirit, You have redeemed me, O Lord, faithful God.” (Psalm 31:5)

Jesus declared, “It is finished.” (John 19:30)

St. Paul reminded, “We were buried with Him by baptism into death so that as Christ was raised from the dead by the glory of the Father, we too might walk in newness of life.” (Romans 6:4)

The angel asked, “Why seek ye the living among the dead?” (Luke 24:5)

Jesus assured, “Let not your hearts be troubled; believe in God; I go to prepare a place for you, if it were not so I would have told you.” (John 14:1-2)

We say, “The Lord is my light and my salvation; whom shall I fear? The Lord is the strong-hold of my life; of whom shall I be afraid? Wait for the Lord; be strong and let your heart take courage, wait for the Lord.” (Psalm 27:1, 14)

Gridley Thumbs and Roots

By Barbara Ott

There was a tragedy in the backyard recently. As I was cleaning up some crabgrass around an old rose bush, I found a dead snake. It had been dead for a while. At first, I was thrilled thinking I had found a snake skin... I know my thrills really

are cheap. So, of course I reached out to pick it up. It tore apart which clued me into something irregular. My experience with shed snake skins is that they are not super delicate. Sure, enough there was a tiny snake skull. Of course, this meant that I had to inspect the death up close. I pulled on the skin some more and it tore some more. Then I realized the snake, a very small racer, had somehow become entangled in a tangle of rose bush stems. Who knew that this could happen? I think of snakes as clever and capable not so dumb they cannot get through a tangle of stems. My guess is that it became entangled by trying to go in and out

instead of through those stems. It could also be that it was hooked by a thorn. That was as far as I was willing to take the investigation, I had weeding to do. The experience stayed with me because it was so odd. I thought about saving the tiny skull but left it where it lay, I know where it is should I change my mind. I'm working at not collecting strange things... after all, I still have a giant corn flake I found when I was twelve.

Gardens really are full of death; we simply don't think of it that way because they are so full of life. But then as we all know it is the cycle of life. A world of duality...beauty in unexpected places. ★

“Ain't the same, is it?” asked Windy. He sipped some more coffee.

“Know what you mean,” said Doc. “Doesn't seem right, somehow.”

“Guess we got to, howsomever.”

“Afraid so.” Doc sipped some coffee too. “But you know, there isn't a Fourth of July parade that's worth your life.”

To be honest, the elder

There Isn't Much Social Going On If You're Distancing

folks in our community prolonged the Fourth of July plans until the last minute. I think it's a sign of our great trust in science, scientists, and our doctors that made us wait so long before shelving the parade this year.

But if you look at it from another angle, it actually brings some more depth to our celebration of our nation's birthday. At least, that's Doc's thinking on it.

This virus, he thought to himself, changed the way all of us live ... at least for now. We've had to add words and phrases to our vocabulary. Like “social distancing.” That phrase is

almost a joke, as there isn't much social going on if you're distancing.

“Whaddya think, Doc?” Windy said. “Will it still be the Fourth of July?”

“Sure thing. Windy,” Doc said. “After all, this stupid virus has put everyone in the country ... maybe even in the world ... in the same boat. It's like each of us has an oar and needs to help get us down the river. And before very long you and I won't have to have this conversation over the phone.”

Dear Dietitian

Low Sodium Diet

Commentary by Leanne McCrate

Dear Dietitian,

My husband was recently in the hospital and was diagnosed with congestive heart failure. He has been instructed to follow a 1500 mg sodium diet. He's trying to follow the diet, but it's tough. I'm afraid he will get frustrated and give up. Any words of wisdom?

Elsie

Dear Elsie,

A low sodium diet is a major adjustment for just about any person, and a 1,500 mg sodium diet is not easy to follow. To put that in perspective, Americans consume more than 3,400 mg of salt each day. For readers who are not familiar with congestive heart failure (CHF), it's a chronic condition where fluid builds up around the heart, causing it to pump inefficiently. Salt draws water, so it is restricted in the CHF patient's diet to decrease fluid retention.

Behavior change is a process that takes time; it is not an event. Following are the stages of change as described by Prochaska and DiClemente:

1. Precontemplation – The person does not have any plans to change in the near future. The positives of using salt outweigh any negatives associated with not using it.

2. Contemplation. – People in this stage may consider the cutting down on salt, but may be indecisive about taking the first step.

3. Preparation – The person sees the ‘cons’ of continuing behavior as outweighing the ‘pros’ and are more

willing to take the first step.

4. Action – People have changed their behavior and plan to move forward. There is still ambivalence about change, and relapse is possible.

5. Maintenance – The patient is able to avoid temptations to return to using salt. He may have slips, but doesn't see this as failure.

There are several things you can do to support your husband in his lifestyle change. First, you can educate yourself on a low salt diet. Most hospitals offer Cardiac Rehabilitation classes where diet and exercise are taught. You may have already attended these classes with your husband.

Although patients are educated on their diet while in the hospital, it is a lot of information to process when you are not well. I strongly recommend an outpatient appointment with a Registered Dietitian Nutritionist (RDN) and attend the session with your husband. The environment is much more relaxed than in the hospital, and at this time, the patient usually feels better, so it's easier to learn. Most insurances will cover the cost. Also, interview the dietitian over the phone to see if it's a good fit before making an appointment. Any dietitian will have the information to teach you, but styles and attitudes vary.

If you are the cook, prepare tasty meals that use herbs for seasoning instead of salt. There are numerous recipes on the internet.

Finally, compliance is a choice that the patient has to make. No one else can make it for them.

Don't expect to see significant changes for at least six weeks. Try to be patient; it's a virtue.

Until next time, be healthy!

NOTICE OF FINDING OF NO SIGNIFICANT IMPACT AND
NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS

July 10, 2020

Federal Programs Unit
Department of Housing and Community Development
Division of Financial Assistance
2020 West El Camino Avenue, Ste 200
Sacramento CA 95833
NEPAComments@hcd.ca.gov

These notices shall satisfy two separate but related procedural requirements for activities to be undertaken by the California Department of Housing and Community Development.

REQUEST FOR RELEASE OF FUNDS

On or about July 27, 2020, the California Department of Housing and Community Development (HCD) will submit a request to the U.S. Department of Housing and Urban Development (HUD) for the release of Home Investment Partnerships Program (HOME) funds, under Title II of the Cranston-Gonzalez National Affordable Housing Act of 1990 as amended, to undertake a project known as North Biggs Estates Phase 2, for the purpose of construction of an affordable 10-unit new construction single-family homeownership project. The project will be located on a vacant 1.71-acre parcel (APN# 001-220-057). The project is located on J Street between 2nd Street and 4th Street in the City of Biggs, Butte County, California. All ten lots will face J Street and utilize the existing public road. The lots will range from 7099 to 8027 square feet, with the average lot at 7265 square feet. The project will include ten (10) single-story single-family units, ranging from 3 to 5 bedrooms. Each home will have two bathrooms and an attached 2-car garage. The homes will range from 1,394 square feet for the 3-bedroom unit to 1,575 square feet for the 5-bedroom unit.

The residences will be available for purchase by low-income households via a Mutual Self-Help Housing Program. Homebuyers must be at or below 80% Area Median Income (AMI) for Butte County and be first-time homeowners. The Project will include utility tie-in with the existing buried facilities (lot trenching for water service, electrical, and telecommunications lines between the individual residential units and stubbed-out facilities), trenching and grading associated with foundation construction, general home construction activities and final front-yard landscaping. Construction will consist of "traditional" wood-framed residences with asphalt composition roofs and solar panels.

The total development cost of the project is estimated \$2,600,000, up to \$875,000 of which would be funded by the federal HOME Investment Partnerships Program administered by HCD. Additional funding source is UDA 502 Direct.

FINDING OF NO SIGNIFICANT IMPACT

HCD has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact Statement under the National Environmental Policy Act of 1969 (NEPA) is not required. Additional project information is contained in the Environmental Review Record (ERR) on file at HCD, 2020 West El Camino Avenue, Ste 200, Sacramento CA 95833 and may be examined or copied weekdays 9:00 A.M. to 5:00 P.M.

MITIGATION MEASURES

Mitigation Measure 1: Prior to approval of project improvement plans, the project applicant shall submit for the City Engineer's review and approval a soils report prepared by a qualified soils specialist or certified engineering geologist. The report shall evaluate any potential constraints on developing the project site, including, but not limited to expansive soils, and shall include recommendations for development in areas where potential constraints exist, including design and engineering changes. The project applicant shall incorporate all feasible recommendations into the final site plan.

PUBLIC COMMENTS

Any individual, group, or agency may submit written comments on the ERR to Janice L. Waddell at NEPAComments@hcd.ca.gov State Department of Housing and Community Development, HOME Program. All comments received by July 26, 2020, will be considered by HCD prior to authorizing submission of a request for release of funds. Comments should specify which Notice they are addressing.

ENVIRONMENTAL CERTIFICATION

HCD certifies to HUD that Janice L. Waddell, in her capacity as Federal Programs Branch Chief consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities and in relation to the environmental review process and that these responsibilities have been satisfied. HCD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities and allows HCD to use Program funds.

OBJECTIONS TO RELEASE OF FUNDS

Man Sentenced to Prison for Sex Trafficking
and Distribution of Methamphetamine to a Minor

Department of Justice and the
Office of the United States Attorney
– East District of California

SACRAMENTO, CA (MPG) - On Monday, July 6th 2020, Christopher Ramonaguilar Lawrence, 25, of Chico, was sentenced to 14 years in prison for sex trafficking of a minor and distribution of methamphetamine to a person under 21, U.S. Attorney McGregor W. Scott announced.

According to court documents and evidence presented at trial, July and August 2017, Lawrence recruited a then 17-year-old girl to engage in prostitution for his financial benefit. Lawrence used social media to communicate with the victim, and on two occasions, he lured the victim to Chico motel rooms where he gave the victim methamphetamine, explained the methods of his prostitution business, including how to detect and evade law-enforcement, and continued to recruit the victim to work for him as a prostitute. After a seven-day trial, a federal jury found Lawrence guilty on August 29, 2019.

"Sex trafficking can occur in any community, and it is an exploitive, abusive crime that treats human beings as mere commodities to be bought and sold," said Special Agent in Charge Sean Ragan of the FBI Sacramento Field Office. "Our agents work closely with our local, state, and federal partners to identify individuals

who are trafficking minors and adults for financial gain to disrupt this activity in the communities we serve. Today, as a result of our partnership with the Chico Police Department and Butte County Sheriff's Office, an exploiter who entrapped his victim in a cycle of abuse and addiction will pay the penalty for his crimes, and those he exploited can take another step towards healing."

This case was the product of an investigation by the Federal Bureau of Investigation, the Chico Police Department, and the Butte County Sheriff's Office. Assistant U.S. Attorneys Brian A. Fogerty and Quinn Hochhalter prosecuted the case.

This case was brought as part of Project Safe Childhood, a nationwide initiative launched in May 2006 by the Department of Justice to combat the growing epidemic of child sexual exploitation and abuse. Led by the United States Attorney's Offices and the Criminal Division's Child Exploitation and Obscenity Section, Project Safe Childhood marshals federal, state, and local resources to locate, apprehend, and prosecute those who sexually exploit children, and to identify and rescue victims. Food Insecurity Rising

Feeding America Study Projects Yuba-Sutter Community Shortfall

By Michelle Downing,
Yuba-Sutter Foodbank

YUBA CITY, CA (MPG) - The novel coronavirus (COVID-19) pandemic will have a devastating impact on people facing hunger across the country and Yuba & Sutter Counties according to a new study by Feeding America, the nation's largest hunger-relief organization. This study is the first of its kind to explore how food insecurity rates at the local level may increase in 2020 due to COVID-19.

The Impact of the Coronavirus on Local Food Insecurity analyzes food insecurity rates for the overall population and children by state, county and congressional district. Pre-pandemic, here in Sutter County, 13,250 people, including 5,230 children, did not have adequate access to nutritious food to live a healthy life. However, this new study demonstrates that this number is likely to grow by 5,370, including 2,520 children. That means approximately 18,620 people (1 in 186 people) may experience food insecurity in 2020, including 7,750 children (1 in 77 children).

In Yuba County, 10,870 people, including 4,450 children, did not have adequate access to nutritious food to live a healthy life. However, this new study demonstrates

Across the two counties, it is projected that 1 in 338 adults and 1 in 143 children will face food insecurity. MPG file photo

that this number is likely to grow by 4,320, including 2,140 children. That means approximately 15,190 people (1 in 151 people) may experience food insecurity in 2020, including 6,590 children (1 in 65 children).

Across the two counties, it is projected that 1 in 338 adults and 1 in 143 children will face food insecurity.

The Yuba-Sutter Food Bank remains committed to partnering with food pantries, local businesses, community groups, and volunteers, to respond to the increase in food insecurity in the Yuba-Sutter

community by doing what we do best; feeding those who are in need, said Michelle Downing, Food Bank Interim CEO. The coronavirus pandemic, and its resulting impacts on food insecurity, will require a continued, creative response to making sure people who are in need of food know the Yuba-Sutter Food Bank is a vital resource and is here to help them.

This new analysis was conducted by building upon the approach Feeding America used in two earlier briefs to predict changes to national food insecurity rates for

the overall population and children in response to changes to poverty and unemployment. The annual projected unemployment rate (11.5%) is within close range of expert estimates when annualized, including those from a monthly Wall Street Journal survey of more than 60 economists as of May (11.6%), the Congressional Budget Office (11.4%), and Goldman Sachs Global Investment Research (10.3%), and represents an increase of 7.6 percentage points. To account for local unemployment variation, this

new analysis adjusts the projected national unemployment increase for likely job loss due to COVID-19 based on an analysis of projected changes in the unemployment rate by industry and occupation by Goldman Sachs Investment Research. The projected local unemployment change for Sutter County is 0.083.

The underlying analysis for the food insecurity projections was conducted by Dr. Craig Gundersen using the model developed for Map the Meal Gap, Feeding America's annual study of

local food insecurity and food cost in the United States.

Key findings for Yuba-Sutter from this report regarding food insecurity include:

Yuba-Sutter had relatively high rates of food insecurity before COVID-19 and the study shows Yuba-Sutter will continue to see an increase in the rate of food insecurity; As closures caused by the coronavirus lead to a rise in unemployment and poverty, more people will experience food insecurity; Households with children are more likely to be food insecure. In 2018, across Yuba and Sutter county, 9,680 children (1 in 96), lived in a food-insecure household.

The Yuba-Sutter Food Bank has responded to COVID-19 with increasing food distribution by working with schools and agencies, such as local food pantries and soup kitchens, and implemented a Homebound Delivery program, which food is delivered twice a week to the doorsteps of individuals who are at highest risk for serious illness associated with COVID-19 – including seniors, and people with chronic illness.
