# Honoring 40 Years of Dedication

## City Council Business

By Seti Long

**GRIDLEY, CA (MPG)** - After a touching dedication to council member Frank Hall, Gridley City Council addressed auditing services and budgeting issues.

The City of Gridley has employed the auditing services of Mann, Urrutia and Nelson for the last six consecutive years. Current Finance Director Juan Solis said that it is a good idea for cities to switch auditing companies periodically, but recommended that the Council retain the company's services for the next two years as his last day holding the position is Friday, April 5th.

Council approved the resolution for a two-year extension with Mann, Urrutia and Nelson to ease the transition between Finance Directors and allow the future director time to acclimate to the system of operations.

Council then reviewed and adopted budget expenditure increases that would allocate funds for 2 community service officers and the city's affiliation with Butte Interagency Narcotics Task Force.

Recent weather has put strain on the city's pump stations - with pumps operating at 100% capacity and crews working 72 hours straight - rotating power in order to prevent overload and pump failure. Council authorized additional \$80,000 for the purchase of two back up pumps, and also dedicated \$20,000 more to tree removal services.

The current city budget is forecasted to come in nearly 2 million dollars under budget for the 2019 year, and the City expects these additional expenditures to have little effect on the overall department's finances.

Closing out the agenda items, Council Members discussed the appointment of a new council member to fill the vacancy left by Todd Farr. After review of the applicants, a motion to appoint Zach Torres as the city's newest council member was passed unanimously by the council. Torres, who has been actively involved with both the Gridley Chamber of Commerce and Gridley Planning Commission in past years, will be appointed at the next City Council Meeting. ★

**GRIDLEY, CA (MPG)** - After 40 years of dedicated service, the Gridley community is losing Dr. Nikon Udom to retirement.

Dr. Udom began his career in medicine after graduating from Chulalongkorn University, one of the most prestigious schools in his native Thailand. It was there he received his MD and graduated with honors, 6th in his class. In 1973, he moved to Chicago, IL, to do his residency

at Cook County Hospital and later did his fellowship in Endocrinology and Metabolic medicine at the University of Illinois in Chicago.

In the year 1979, he set off to sunny California in an attempt to get out of the bitter Chicago cold and found himself in Gridley. After trying the town on for size and realizing what it had to offer, Dr. Udom and his young family decided to stay. On January 1st 1980, he officially took over the practice of Dr.

Sears establishing his own clinic on Spruce Street and beginning what would be a 40 year career working with Biggs-Gridley Hospital - now Orchard Hospital.

# A Special Tribute

By Seti Long

**GRIDLEY, CA (MPG)** - For 44 years, the City of Gridley has benefited from the service of Frank Hall. From the 1970's to the early 90's, Hall dedicated 22 years to the Gridley Police Department, rising through the ranks to become Lieutenant. From there he branched into another venue of civil service, joining the ranks of the Gridley City Council, where he served as a council member for an additional 22 years. Within the last month, Hall has stepped down from the council to tackle health issues.

As a tribute and expression of gratitude for Hall's service, members of the City Council, City Administration and Public Works Department felt it only right to celebrate his career with a special dedication. During an unannounced proclamation at Monday's City Council Meeting, Paul Eckert, City Administrator and Daryle Dye, from the Gridley Public Works Department, presented a custom made street sign featuring the names of the two future streets in the FEMA Camp Fire Community to Council Members, officially declaring one "Hall Rd" in honor of Hall's service. All city officials present expressed their heartfelt thanks and well-wishes for Hall, with Mayor Bruce Johnson sharing how Hall had inspired his involvement in city government.

# The New Pi-Line

**The new Pi-Line  
Honoring Publisher  
W.D. Burleson  
By Josh F.W. Cook**

The other day my wife was at Jill Mardesich’s Children’s boutique (Kat’ Meow) and I had a flashback. Jill was in the middle of an up-sell from blankets and hats - to a toy and a blanket and girls jeans. I don’t think she realized it, but she was simply channeling her inner Amador for a moment. Jill’s Grandfather, Amador Garcia was a prominent member of our community for many many years, he volunteered at the hospital, he was a court translator, and always involved in community service. Amador came from a long line of Spanish merchants, able to travel anywhere in the world and set up a shop and sell stuff to people. The Garcias would not only sell you things - they would sell you things and you would always leave with a smile. The legend lives on with Jill - carrying on the tradition. As a member of the church with a very long name, people assume that I do not have a God Father because that is a tradition of the

Catholic faith. I actually do have a God Father that I have claimed throughout my life, Amador. He claimed me as his God son, believing that someday I would come to my senses and be Catholic. Amador was a Spaniard of Royal Spanish descent and just sort of discounted all the Protestant Faiths as sort of a new and odd thing that would surely be worked out by a future Pope in the next 1000 years of Christianity. I’m glad he treated me like this, because it prepared me for when I served my mission for two years in Italy. Many many Italians, when they found out that I was a missionary for a non-Catholic faith would simply take me home for dinner, offer me wine nine or ten times and then feed me an incredible three-course meal.

There was more to last week’s retro - Pi Line that was very interesting, so like those odd comics where you get three panels and you wait a week for three more panels here is more from the February 27, 1981 Gridley Herald Pi Line:

*Uncle Russ Christian writes from Martinez about diets and the like, and throws in some tidbits about the family history.*

*Ross says Grandpa Bill Burleson made his way west working as a tramp printer; one reason he could never turn away a tramp printer in Gridley in those early days of hand-set type. Grandpa George Clotfelter the riverboat Captain on*

*the Sacramento, was inclined to take a nip, which we can remember from early childhood. He didn't tell us though, about the time he was piloting a snag boat, took aboard too much from a barrel of whiskey, went off course, hit a snag, and sank the boat.*

*Grandpa George was a big man, a merry spirit, and a great storyteller. We remember riding up and down on his foot, playing cowboy, and, holding the reins (his hands), and pulling the trigger on the pistol (his finger). We were inspired to learn to read at a tender age to find out about those silent strangers, loan riders, dead man poker hands, broken spurs, blazing 45s, and the dirty crook in black with a hole in his chest writhing on the dusty street well Sheriff Dave blew the blue-gray smoke from the barrel of his pearl handled, silver engraved revolver.*

*Then we discovered the World War I paperbacks, the ones about the Red Baron, the Flying Aces the Spads, Camels, Zeppelins, Fokkers, Pfalzes. The pilot was always rubbing the oil from his goggles, and pulling down the ear flaps on the leather flying helmet. The Rhone Rotary roared, or sputtered in a staccato fit as a cylinder went bad. Television is a poor substitute for the thrill of reading those old adventure stories as a boy, your imagination running to much greater feelings than anything that can be created on the boob tube.* ★

# A Special Tribute

City of Gridley Vice Mayor Chris Williams, Chief of Police AL Byers, Mayor Bruce Johnson and council member Ray Borges, gather round a special tribute to Frank Hall, council member, who has stepped down from the council for health reasons. The City has named one of the new streets that will be built in the FEMA Camp Fire Community after council member Hall in honor of his life-long service to the Gridley community.

Hall with framed photos from the event. In the future, when the streets in the FEMA Camp Fire Community are completed, there will be a formal ceremony held at the site dedicating the street to Hall. ★

# Gridley Little Leaguers Hit the Fields to Play Ball

## Honoring 40 Years of Dedication

By Joshua Porcayo

**GRIDLEY, CA (MPG)** - Gridley Little League's opening day was scheduled for Saturday, March 23rd, but due to the wet spring ceremonies were canceled. A week later, on Saturday, March 30th, the rains subsided long enough to clearer skies and warmer temperatures to dry out the Little League fields at Manuel Vierra Park.

T-Ballers (5-7 year olds), Farm division players (7-9 year olds), and Minors baseball players (8-10 year olds) took to their respective fields at 9 am. to participate in a game of competition, teamwork, and sportsmanship. In the T-ball division the Rubber Ducks took on the Sea Dogs, the Fire Frogs took on the Rock Hounds in the Farm division, and the Rangers took on the Angels in the Minors baseball division.

The Minors baseball Rangers and Angels battled back and forth for five and a half innings. Angels third baseman Chance Brazzel led off the game with a double down the left field line off Rangers starting pitcher Chase Ehrke. Brazzel later scored when he stole home for the first run of the game.

The Rangers put together a few good innings and took a big lead off the bat of Trey

Rosser who went 2-for-2 with a single and double. Each team put together fantastic innings scoring five runs each, which is the maximum amount of runs a team can score at the Minors division. The Rangers won the game 11-9 in the top of the fifth inning when the two hour time limit was reached.

In the Minors softball division the Rangers took on the Dodgers at 10 am. Rangers pitcher Avery Mendenhall took to the circle and threw a great game. Manager Tiffany Andes wanted to highlight excellent play from her catcher Delanie Cloyd who received the game ball (a

during games), for going 2-for-2 with one double, one single and four RBIs. Cloyd also threw out a runner at third base who was trying to steal from second base. The Rangers won the game 20-6 in four innings.

In later action on the diamond, the Majors softball Huskies took on the visiting Palermo Phillies at 3 pm. Tatiana Rivero took to the circle for the Huskies who pitched two innings giving up only one hit. The Huskies kept the Phillies

Dr. Udom with his wife Suwanee, happy and ready to embark on their next adventure after retirement.

Honoring

FROM PAGE 1

He specialized in treating diabetes, hypertension and lipid abnormalities and quickly established quite a practice with his unhurried bedside manner. His daughter Lillian relates that "He (Dr. Udom) has a reputation for spending a lot of time with his patients," commonly scheduling an hour for each patient and sometimes going over time. "They don't seem to mind the wait, because they know he will be giving them the same attention and time as those he was seeing before them." Because of this, many of Dr. Udom's patients became his personal friends.

In 2011, Dr. Udom put his compassionate care and high standards of treatment to work as the Medical Director of Hovlid, the skilled nursing center associated with Orchard Hospital. In 2013, he made the decision to close the doors of his own practice to work with patients at Orchard Hospital and the Medical Specialty Center, all the while serving on the Patient Safety Committee. Towards the end of his career, he worked as the Medical Director for Yuba

Skilled Nursing Center, in Yuba City and routinely visited patients in Oroville, Gridley and Yuba-Sutter Skilled Nursing facilities.

On Dr. Udom's last day of practice, March 27th, Orchard Hospital and the Medical Specialty Center held a private luncheon for him. Multiple other celebrations would be in the Doctor's future as the medical community of Gridley, his friends and family honored his life-time work. Dr. Jenkins, who was an associate and practiced in the Gridley community during the same time as Dr. Udom, stated, "I thought a lot of him (Dr. Udom), his wife and family. They are lovely people and we enjoyed knowing them."

Over the weekend, his two daughters and their families returned to their childhood home of Gridley to honor their father's medical legacy and help him embark on retirement. Sadly, Dr. Udom will be leaving the Gridley area, relocating to the San Diego area to be closer to his children and grandchildren. Thank you, Dr. Udom, for your years of exemplary service to our community. You will be missed by many.

**THE GRIDLEY HERALD**

Preparing for the Real World

Dear Dave,  
I'm getting married this summer and about to become a stepfather, but my fiancé's daughter from a previous marriage seems very irresponsible. She's 20 and lives at home, has trouble holding a job, and she doesn't really want to work. When she doesn't have money to make her car payment, she seems to expect her mom to pay it for her. My fiancé and I both agree that she's been too lenient with her in the past, but she doesn't want to suddenly pull the rug out from under her. How do you think we should approach this situation?

– Kendall

Dear Kendall,  
Marriage counselors say you have a good chance of having a successful marriage if you're in agreement on four things—religion, money, children, and in-laws. So, first things first. I'd strongly suggest you and your fiancé go

Dave Ramsey Says

through pre-marital counseling to make sure you're on the same page when it comes to handling this and other issues.

If you and her mom really want to show her you love her, you'll make sure she starts learning some character and discipline. And it's very important that both of you are on the same page and in agreement every step of the way. You might also want to read a book together by Dr. Henry Cloud called "Boundaries." This is a great book, and it will give you both several ideas for creating a reasonable timeline aimed at teaching her more responsibility.

I would advise letting her mom present any changes to her initially. Neither of you wants to create a scenario where you're viewed as the bad guy. Let her mom start the process by explaining that she made a few mistakes in terms of teaching her more about personal responsibility and self-reliance when she was younger. Then, she can begin to lay out the first few rules and expectations.

In my mind, there's nothing wrong with requiring her to get a job within 30 days if she doesn't already have one. If she needs to go job hunting, make sure

she's out of bed and on the road no later than 8:00 a.m. every morning. During this first phase, looking for work every day should be her job. It wouldn't be a bad idea to start teaching her about budgeting, saving, and everything else that goes into handling money responsibly during this time, too.

Next, phase two might consist of requiring her to help around the house doing chores on her days off, or whenever mom needs a hand. Then, after a month or two of this, phase three might consist of her paying a small amount in rent.

Do you see what I'm doing? By stepping up the expectations gradually you're building a foundation so she'll have the tools and knowledge to where, in the sixth or seventh month, she's moving out and taking care of her own responsibilities.

Like an adult!

**The following are stories that appeared in the Gridley Herald 25, 50, 75, 100 and 125 years ago:**

**25 Years Ago (1994)**  
**“Prison Rejected”**  
Bowling to overwhelming opposition, the Gridley City Council voted unanimously to dump the idea of locating a state prison in this area. This action was endorsed by a standing ovation for most of the crowd of more than 100 persons who attended the council meeting which was held in Veterans Memorial Hall. The vote was made after a parade of speakers addressed the council to reiterate objections. Even the Gridley business community, which would stand to benefit the most from the prisons installation here, came down against the prison. Depending on the number of inmates housed in the prison, it would have generated 800 to 1200 jobs with a payroll ranging between \$30 - \$50 million. Ultimately, the residents and business's of Gridley were heard and the prison will not find a home here.

**50 Years Ago (1969)**  
**“New Farm Labor Office”**  
Joe Miguel, area manager for the California state farm labor service has announced the opening of the Gridley Farm Labor Office at a new location at 263 Highway 99. The new office will be manned by Ruth Herrera, of Gridley and Jim Crosby, of Biggs, with the hopes that the new location will better serve the entire Gridley area and remain open year-round. The new location will allow more emphasis will be placed on the youth employment, job training and other employment needs of the agricultural businesses in the area.

**75 Years Ago (1944)**  
**“9 Gridley Roads Named”**  
Nine roads between Gridley and the Sutter County line to the south were named by the supervisors late Friday on petition of residents in the area. The road half a mile west of Larkin Highway, running south from Evans-Reimer Road, was named Cowee Avenue. Another road, 3/4 of a mile south of Evans-Reimer Road and running west from Larkin highway, was given the name of Turner Avenue. A third route, running south from Evans-Reimer Road and 1 mile west of Larkin, became Myers Road, and the road a quarter-mile north of Chandon, running west from Larkin, was named Hopkins Avenue. Among the other roads named in that vicinity were Higgins Road, and three roads to the north in the Gridley Colony No. 8 area were named Kofford Avenue, Francis Avenue and Grace Avenue.

**100 Years Ago (1919)**  
**“Gridley High School Delegates”**  
Gridley High School was represented by a delegation of 7 students that attended the sessions of legislation at Sacramento to visit the senate chambers and hear a debate on labor. The occasion was one for the history classes of the valley schools to observe the processes by which laws are made.

**125 Years Ago (1894)**  
**“News from the Biggs Argus”**  
Dr. Birch, of Live Oak, was a visitor in Biggs several days this week. \* David Tatum, the Quaker Evangelist of Denver, Colorado, will lecture to the people of Biggs at the M.E. Church on Friday evening. \* County Superintendent of Schools, G.H. Stout, informs the Argus that it is time to take the school census.

## Easter Passover Presentation at Calvary Chapel Gridley

*By Cindy Scott*

Pastor Brad Roberts and the Calvary Chapel of Gridley congregation will be sharing a special Easter presentation, and they invite interested community members to join them. Jews for Jesus, a Jewish organization that shares the message that Jesus is the Messiah, will present “Christ in the Passover.” This presentation explores the link between Passover, the ancient festival of redemption, and Christ as the Lamb of God.

This sermonic demonstration is visual, so the congregation will actually see a table set with traditional Passover

items. Scriptures, as well as the visual items, are used to walk through a traditional Jewish Passover Seder, weaving the story of the Exodus together with the life, death and resurrection of Christ. The words Christ spoke in the Upper Room come alive as each Hebraic item is carefully explained. “Christ in the Passover” will deepen a participant’s understanding of the communion experience.

All are invited to attend this special presentation Easter Sunday, April 21, at 10:00 am at the Calvary Chapel of Gridley at 210 Park Street. For more information, please call (530) 846-5537.

for rebuilding its comedy brand. Between *Superstore*, *Brooklyn Nine-Nine*, *Will & Grace* (pictured), *The Good Place* and *A.P. Bio*, it's safe to say that Thursday nights are a Must-See buffet the Peacock Network can be proud of.

After being busted in the college - admissions scam (along with Felicity Huffman), TV-movie queen Lori Loughlin was fired from her Hallmark shows, including the *Garage Sale Mysteries* series, and the final season

of Netflix's *Fuller House*.

**Jeers to Shameless**  
for giving Fiona a bum's rush. Yes, Emmy Rossum's decision to exit the Showtime dramedy left the writers in the lurch, but surely they could have come up with more than a forced twist that saw Fi leaving Chicago to basically find herself.

**Cheers to Colton Underwood**  
for sticking to his guns. *The Bachelor* took ABC's long-running franchise into real virgin territory by foregoing the usual finale to preemptively end things with Tayshia and Hannah G. before winning back Cassie (pictured, with

**Question:** I haven't seen any talk about Nathan Fillion's talent for comedy. Anyway, I cringe to watch him as *The Rookie* when he was so perfect in the role of *Castle*.  
I know that actors don't want to be typecast, but I feel he's not showing his potential in this *Rookie* role. Your opinion? – Granny  
**Matt Roush:** I get where you're coming from, and

there's no question that the lighter touch required on *Castle* suited his considerable comedy chops better than this more earnest procedural. But I also feel that there's an innate likability and vulnerability to the way Nathan Fillion plays *Rookie*'s John Nolan, as he tries to start over at middle age with the cards stacked against him. Shows end and an actor's career goes on, and it's understandable that you'd prefer one role to another, especially

# Gridley Thumbs and Roots

By Barbara Ott

**GRIDLEY, CA (MPG)** - Observed something I have not noticed before in regard to the dreaded garden snail. I’ve found them, especially the small snails, at the tip of plants munching away. I’ve seen them crossing my lawn with great effort. I’ve seen them go to the end of a

stem, the stem bends into a container full of juicy snail treats known to you and me as flowers, I’ve seen snails out on my lily pads in my goldfish pond (used to be a turtle pond but sadly my turtle Beau died this winter) so only the six-inch long 10 for a dollar goldfish live there. Now, I’ve seen young snails up in my birdbath. They discovered the hard way that they can not swim. Yes, drowned snails in the bird bath...not one but five. I guess it was a Darwin moment for them, they were all little...no breeding and passing along their slimy genes to future generations. Hooray!! I wonder how many future snails those acts of drowning

eliminated. Sometimes when I’m being a snail serial-killer I wonder about whether or not my life is like the main character in Life, the Universe and Everything. This is a science fiction book in which (spoiler, if you are going to seek out this old sci-fi book and read it, do not read the rest of this thought) the main character, Arthur Dent at various times kills flies as they bother him. Then he has to face a huge angry fly that tells Dent that he has killed that same fly over and over in all of its incarnations. I really don’t want to face the responsibility of thousands of snail deaths. Next week I will share a new snail solution.★

It does. “Why, you have to have a license for your pickup, and for your dog, and I’ll bet if a guy got married, he’d need a license for that, too.” “You got that right,” said Dud. “Them HAM radio guys gotta have a license, too,” Steve said. “Once you buy a license, they give you all them numbers and letters, so your buddies in Thailand

# Gridley JV Baseball Sweeps Wheatland in Doubleheader

By Joshua Porcayo

**GRIDLEY, CA (MPG)** - Gridley JV baseball won two close games on Friday, March 29th, against the Wheatland Pirates. In the first matchup Brandon Francis took to the mound for the Bulldogs going five and 1/3 innings. Francis showed a strong outing striking out seven Pirate batters, walking one, and giving up two earned runs. Robbie King came in to relieve Francis in the sixth inning pitching one and 2/3 innings. King struck out three and walked one in his short outing.

Wheatland jumped on the Bulldogs in the first inning getting two runs across. Gridley answered in the bottom of the second inning taking the lead 4-2. It was a slight back and forth affair with Gridley up 6-3 going into the sixth inning. The Pirates put two more up on the board, but it wasn’t enough and the Bulldogs secured the win 6-5. Ethan

Santillan and Francis led the Bulldogs with a hit and two RBIs apiece, while Cameron Carr and Brandon Patane each drove in a run. In the Junior Varsity Bulldogs second game Aden Brothers started on the bump for the home team. Brothers pitched four and 2/3 innings striking out five, walking five,

and giving up five earned runs. Relief pitcher Roman Alcantar came in to save the game pitching one and 1/3 innings, allowing just two hits and one walk, with zero earned runs. Just like the first game the Bulldogs fell behind early to the Pirates into the top of the fourth inning down 5-0.

Life sprung back into the young Bulldogs when they got two across in the bottom of the fourth reclaiming the lead in the bottom of the fifth when they got four to touch home plate. Gridley added another in the bottom of the sixth to secure a 7-5 sweep of the Pirates on the day. Cash Mills and Brady Crabtree each went 1-for-3 with two RBIs while Jayden Punzo drove in one run with a base hit. Ezra Martinez contributed with a double in back to back games.

Weather permitting the JV Bulldogs are scheduled to play at Winters and Corning in their next games. ★

## FIRE EXTINGUISHERS

*A portable fire extinguisher can save lives and property by putting out a small fire or containing it until the fire department arrives; but portable extinguishers have limitations. Because fire grows and spreads so rapidly, the #1 priority for residents is to get out safely.*

Fire extinguishers are one element of a fire response plan, but the primary element is safe escape. Every household should have a home fire escape plan and working smoke alarms.

### SAFETY TIPS

- fined to a small area, such as a wastebasket, and is not growing; everyone has exited the building; the fire department has been called or is being called; and the room is not filled with smoke.
- To operate a fire extinguisher, remember the word **PASS**:
  - ▶ **P**ull the pin. Hold the extinguisher with the nozzle pointing away from you, and release the locking mechanism.
  - ▶ **A**im low. Point the extinguisher at the base of the fire.
  - ▶ **S**queeze the lever slowly and evenly.
  - ▶ **S**weep the nozzle from side-to-side.
- For the home, select a multi-purpose extinguisher (can be used on all types of home fires) that is large enough to put out a small fire, but not so heavy as to be difficult to handle.
- Choose a fire extinguisher that carries the label of an independent testing laboratory.
- Read the instructions that come with the fire extinguisher and become familiar with its parts and operation before a fire breaks out. Local fire departments or fire equipment distributors often offer hands-on fire extinguisher trainings.
- Install fire extinguishers close to an exit and keep your back to a clear exit when you use the device so you can make an easy escape if the fire cannot be controlled. If the room fills with smoke, leave immediately.
- Know when to go. Fire extinguishers are one element of a fire response plan, but the primary element is safe escape. Every household should have a home fire escape plan and working smoke alarms.

## Thoughts to Ponder

BY KATHY NEAL  
GRIDLEY UNITED  
METHODIST CHURCH

We as Christians, live toward a vision, the peace of God. The Hebrew word for peace is “Shalom”. It is a word rich in meaning. The Shalom of God is salvation, healing, reconciliation, and the restoration of all creation back to God.

The prophet Isaiah saw the vision of God’s Shalom in all creation. “The wolf shall dwell with lamb, and the leopard shall lie down with the kid, and calf and the lion and the fatling together, and a little child shall lead them.” (Isaiah 11:6) God’s Shalom is order restored where there is chaos. For sixteen days of Olympic competition the world watches as athletes from the far reaches of the earth compete “for the gold.” We

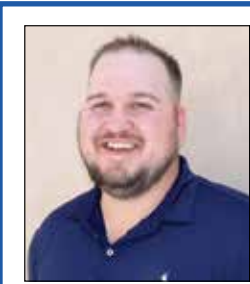

see coaches from on country help another. We gaze in awe as skiers and skater fell and were aided by fellow competitors. We heard the chorus of forty thousand people “Happy Birthday” to an unknown down-hiller. For two magical weeks, Shalom ruled, except for few minor events. As the Olympics ended, we are reminded of a previous time when in place called Bosnia an Olympics was held, then later it was destroyed by war. Or the

Olympics in Munich when Israel’s competitors were slaughtered by terrorists. So, the times of Shalom are wonderful span of time but man sets limits on his peace, God has none.

In the cross, we discover that grace is at the center of the universe. We discover God’s Shalom for us and the world. He is our peace. As we continue through this Lent and the Sundays that follow, may we replenish and revive our Shalom in the world. As we experience Passion Sunday, Palm Sunday, the entire week of passion that led to Jesus’ renewal, may we each find a way to say, “Shalom” to every man.

Join us in our search for God’s Shalom on Sunday at 10 am. The Gridley United Methodist Church is located on the corner of Haskell and Magnolia Streets. ★

# Chico Based Company Build.com Honored with Military Support Awards

By Joshua Porcayo

CHICO, CA (MPG) - When the Camp Fire broke out on November 8, 2018, the town of Paradise and surrounding communities were devastated by its destruction. People in the immediate area, from areas all across the north state, and even surrounding states banded together to provide support and comfort however possible.

One entity of support was the California Army National Guard which activated numerous units to help support missions pertaining to the fire. Bravo Company 1st of the 126th Aviation Regiment out of Stockton, California was one of those units activated. One of their missions was to help maintain air support out of Mather Army Aviation Support Facility.

Corporal Timothy Lynch and Specialist Tyler Schnell, active members of the United States Army National Guard and Chinook Helicopter Technicians, were activated with the 1/126th Aviation Regiment in support of the Camp Fire. Lynch and Schnell were given less than 24-hours' notice to pack and get to Stockton with their unit. One potential problem presented itself; they're both full time employees of Chico, California based company, Build.com.

Like any company there are policies and procedures that need to be adhered to in order to maintain employment status when a Guardsman or Reservist gets activated. Russ Wheeler, Build.com President, was at the Chico company location when the fire broke out, and he knew how important it was for Corporal Lynch and Specialist Schnell to be with their unit in support of the mission.

Wheeler gave them 'the okay' to do what they needed to do and assured Lynch and Schnell the company would take good care of them while they were away. And that they did. Corporal Lynch and Specialist Schnell were activated with the California ANG for about one week.

As a thank you for how well they were treated during the entire ordeal, Corporal Lynch put in a request with the Employer Support of the Guard and Reserve (ESGR) to honor Build.com for its support of their military commitment.

From left to right: LeRoy Adams (ESGR volunteer), Russ Wheeler (Build.com President), Corporal Timothy Lynch (Build.com associate and CA ANG service member), Michael LePeilbet (ESGR Representative), and Marko Grgurich (ESGR Area 1 Chairman) pose during a military support awards ceremony in Chico, CA on March 27, 2019. Established in 1972, the ESGR is an organization of the Department of Defense that promotes cooperation and understanding between reserve component service members and their civilian employers in order to assist in the resolution of conflicts that may arise from an employee's military commitment.

On March 27, 2019, in a small ceremony at Build.com Headquarters in Chico, Marko Grgurich with the ESGR presented Russ Wheeler of Build.com with the Patriot Award and Seven Seals Award in support of military members and their families. The Patriot Award reflects the efforts made to support citizen warriors through a wide-range of measures including flexible schedules, time off prior to and after deployment, caring for families, and granting leave of absence if needed.

The Seven Seals Award is the broadest and most inclusive award given by the ESGR and is presented at the discretion of the State Chair or by the ESGR senior leadership. The Seven Seals Award is presented in recognition of significant individual or organizational achievement, initiative, or support that promotes and supports the ESGR mission, to include the efforts of the more than 4,500 volunteers who carry out ESGR's mission across the Nation on a daily basis.

"Build.com is honored to employ and

support our military personnel. It is our duty to support those who serve. We will continue to look for opportunities to continue expanding our veteran workforce," said Russ Wheeler, President of Build.com. Build.com is the proud employer of over 25 veterans and active reserve members, and appreciates the cross-pollination of skills and training that these individuals bring to their business. Both the skills learned while active military members and their technical job training at Build.com are key components for the success of their business.

# DWR Uses Oroville Main Spillway

By Erin Mellon

SACRAMENTO, CA (MPG) - Due to forecasted storms and growing snowpack, the California Department of Water Resources (DWR) began to release flows Tuesday from the Oroville main spillway. By early afternoon, releases from the main spillway will be about 8,300 cubic feet per second (cfs). This will be the first time the spillway is used since it has been reconstructed and its use will provide room for flood storage within the reservoir.

"Protecting communities from flooding is a vital part of the Department's mission," said DWR Director Karla Nemeth. "Today we inaugurate the reconstructed spillway to serve that essential purpose and to prepare us for the future."

"The Oroville main spillway was rebuilt using modern engineering practices with the oversight of state and federal regulators on site and a team of experts assisting the Department," said Joel Ledesma, Deputy Director, of State Water Project for DWR. "With an average concrete thickness of seven and a half feet, 12.4 million pounds of reinforcing steel, and approximately 7,000 anchors, the main spillway is ready to handle flows."

The information below reflects reservoir level

estimates. Forecasts can change quickly and may affect the estimates provided.

Oroville Reservoir level prior to release: 854 feet elevation; Main Spillway Release: approximately 8,300 cfs begun early afternoon on April 2; Planned Total Releases to the Feather River: up to 20,000 cfs from Oroville facilities and other natural inflows.

DWR may increase flows to the Feather River again to between 40,000 and 60,000 cfs to prepare for forecasted inflows. DWR also anticipates potential further releases to manage snowmelt and lake elevations later this spring.

Oro Dam Boulevard East will be open to pedestrian and vehicle traffic unless flows exceed 30,000 cfs. If spillway flows exceed 30,000 cfs, the road will be closed to ensure public safety. Credentialed media will be provided access past the roadblocks located at Glen Drive and Canyon Drive and can use turnouts along Oro Dam Blvd. East.

DWR has followed its standard process of notifying regulatory agencies, local law enforcement and local elected officials regarding the anticipated use. The Department will continue to update the public, media and local partners through emails, news releases and social media.
