The Cleanup Begins

SPSG Partners mobilize to begin the massive cleanup of Camp Fire devastation in Butte County. Photo courtesy goodfellowbros.com

By Marcy Latta

PARADISE, CA (MPG) - SPSG Partners, a Joint Venture comprised of Sukut Construction, Pacific States Environmental Contractors and Goodfellow Bros. California, recently announced they are mobilizing crews and equipment to begin a year-long cleanup effort, removing several million tons of fire debris and provide recovery services in response to the devastating impact of the Butte County 2018 Camp Fire.

SPSG Partners is one of three firms to receive a contract issued by California's Department of Resources Recycling and Recovery (CalRecycle) to remove debris, contaminated soil, and hazardous material associated with the largest and most destructive fire in the state's history. To-date, it is estimated that approximately 17,000 structures were

destroyed or damaged by the wild-fire that impacted more than 150,000 acres of mountain terrain in Butte County and directly through the Town of Paradise.

Sukut Construction, the Joint Venture's managing partner, has more than 50 years of experience in heavy-civil and emergency response including previous work with CalRecycle. "It is a tremendous responsibility for our Joint Venture to have been selected by the State," said Eddie Juarez, Sukut's Vice President of Environmental Services. "Our combined firms are uniquely qualified to assist in critical times like these as we help an entire community that has been displaced by the fire."

"Pacific States Environmental Contractors will leverage our extensive expertise in fire cleanup and we understand that time is of the essence with projects such as this," said Bob

McCarrick, President of Pacific States Environmental. "We are very sensitive to the many families impacted by this natural disaster and our Joint Venture is committed to providing the necessary crews and equipment to perform the cleanup in the most expeditious manner possible."

Goodfellow Bros., a West Coast based civil contractor, has a nearly 100-year history assisting with natural disaster cleanup including floods, volcano, and fires. "Our efforts to help Butte County get back on its feet aligns with our organization's mission to support the communities in which we live and work," said Brian Gates, Division President of Goodfellow Bros. California. "Additionally, we hope to utilize the skills of local residents to help our cleanup efforts while providing some jobs for those

Live Oak Child Care Center: Over 40 Years of Service

By Seti Long

LIVE OAK, CA (MPG) - The opening of the Live Oak Child Care Center in the spring of 1977 was culmination of a lengthy 5-year project set about by the Church of The Brethren to build a new church facility specifically designed to provide much needed childcare to lower income residents in Live Oak. In the years since it opened its doors to the community, enrollment at the Live Oak Child Care Center has grown from 9 students to 85, with many on the waiting list.

The state funded center

Gridley City Council Hears City's Request for New Financial Software

By Seti Long

GRIDLEY, CA (MPG) -The first item of action on the City Councils agenda at Monday night's meeting was a proclamation by Mayor Johnson declaring the month of February National Teen Dating Violence Prevention and Awareness Month. The proclamation was accepted by Erik Garcia from Catalyst Domestic Violence Services, who presented the council statistics on teen dating violence and domestic abuse among young adults. Catalyst offers support services for victims of abuse and works to educate and raise awareness about domestic violence.

Following a brief open forum, Juan Solis spoke on behalf of The City of Gridley, presenting for the councils consideration, a power point on the need for new financial software. The city's current system MOM's, is almost 25 years old, cannot keep up with department requirements and lacks proper security protocols.

Over the last year, the City of Gridley financial, public works and electric department has been involved in researching financial software, narrowing down the options to the top two: Caselle and Tyler. Both Caselle and Tyler would take about a year to become operational but would allow the department to streamline their operations, reducing overtime labor hours, revenue loss and more.

Tyler, ranked the highest in functional value when evaluated by the City of Gridley's departments, and would cost \$174, 771 for set up with a yearly maintenance fee of \$44,471, with Caselle costing \$129,652 for implementation, with a yearly maintenance fee \$35, 952. Tyler's higher cost is due to full project management, which would guide and support city staff during the transition. The current systems maintenance cost is \$28, 073, and is believed to be steadily leaking revenue.

Council members took the information into consideration and will address approval for new financial software for the City of Gridley at the next Gridley City Council meeting. ★

The New Pi-Line The Cleanup Begins

The new Pi-Line Honoring Publisher W.D. Burleson
By Josh F.W. Cook

Rey Sasaki was born on June 9, 1942 in Sacramento and passed away peacefully on January 6, 2019 at the age of 76 in Yuba City. He was the son of the late Rev. and Mrs. Sensho Sasaki. Senrey is survived by his three children: Janelle Sasaki of Tokyo, Japan; Blake Sasaki of Campbell; Brent Sasaki of Sacramento, and 4 grandchildren. Rey was a fixture in our community for many many years. He was my barber in High School and was known all over the area as one of the most effective sports referees you could get for a High School basketball game. He just had a leadership presence and he was always in command of the venue, whatever sport.

Like many of the Japanese families in this area, Rey got shipped off to an internment camp as a kid, and this shaped his life very much. He was a Buddhist and a he came from a long line of Buddhists in Japan. He loved to fish and was a great ocean fisherman. He had a snarling Ling Cod mounted in

his downtown Barber shop that inspired me to go to Mendocino and try to match the monster fish like the one he had mounted above the Barber chair (mine was smaller and looked less vicious).

Growing up in Gridley it was always a learning moment to go to events honoring Veterans and see the Tanabes, Tanamotos, Hatamiyas and other Japanese families next to Pearl Harbor veterans, like Vere Gardner. That is an amazing thing about Gridley-Biggs and Live Oak, we had parts of the war here that other places only read about in books. We had families who lost children in the attack on Pearl Harbor like 17-year-old Warren McCutcheon of Biggs who was aboard the USS Maryland, one of the first killed in Hawaii.

We had Japanese families who went to Internment camps; and people stole their property while they were gone. We had Japanese families whose sons served in the U.S. Army and were decorated. I never really realized what a rich tradition we have here until I grew up and moved away. Then I could see that our area has an amazing history tied to the American story of blending people, cultures and religions.

Rey was such a blessing, such a happy kind and fun man. He was very much a part of the healing that had to occur in our community in the years after World War II. Good to remember his passing, good to remember his life.

Well now on to the Burleson Pi Line from March 5, 1995:

One positive note this week. Work is begun preparing the lot for construction of the Taco Bell restaurant on the south side of McDonald's. The Gridley District Chamber of Commerce luncheon meeting Wednesday in the Presbyterian Church Social Hall brought out some serious thoughts about the Chamber's role in the immediate future Gridley. The Chamber heard praises for the District Attorney's bad check program. More information on the subject will be distributed to members.

The Chamber has purchased a bulk mailing permit which may be used by Chamber members. There were about 30 present. The topic of the future of business in Gridley proved popular and those present want more meetings like it. Councilwoman Jerry Fichter was present and welcomed input she could take back to Council meetings.

We have heard a complaint about the recycling operation at the Gridley garbage transfer station on Ord Ranch Road. Two days are not enough to handle the recycling business that used to be accepted all week in the parking lot next to Safeway. According to our recycling friend, the line of trucks on Ord Ranch Road was backed up and moving far too slow in spite of a good crew working as fast as they could.## ★

The heavy equipment starts getting it done. Photo courtesy goodfellowbros.com

CLEAN UP FROM PAGE 1

in need. We see this as a win-win for both the Joint Venture and the community as a whole.”

The Joint Venture’s scope of work for the cleanup efforts will involve the sorting, loading, and hauling of metals, concrete, ash and contaminated soil to various disposal sites within 150 miles of the affected areas. In total, this will employ more than 1,000 operators, laborers, truckers and a variety of others that will be helping to safely execute on this highly visible contract. The project is targeted for completion in the first quarter of 2020.

Elections Office Urges Voters to Displaced by the Camp Fire to Update Their Registration

From Candace J. Grubbs, County Clerk-Recorder

OROVILLE, CA (MPG) - Butte County Clerk-Recorder/Registrar of Voters, Candace J. Grubbs, is urging residents displaced by the November 2018 Camp Fire to update their mailing address with the Registrar of Voters so that they will receive important election materials for upcoming elections.

“We want to help voters who may have been impacted by the Camp Fire understand how to update their voter registration. Depending on what the voter’s intent is will depend greatly

on their registration options,” said Candace J. Grubbs, Butte County Clerk-Recorder/Registrar of Voters.

Voters who intend to return to their properties may retain the impacted residence address in order to continue to vote in their original precinct, but will need to update their temporary mailing address on their registration. Voters who do not intend to return to their impacted property address should re-register at their new permanent residence address.

For more information or questions on how to update voter registration information, please email elections@buttecounty.net or call 530-538-7761 or toll free 800-894-7761. ★

Live Oak Child Care Center: Over 40 Years of Service

Director Shannon Granger at one of two stations at the Live Oak Child Care center designed to promote literacy within their students. Each station has grab-n-go backpacks that can be checked out and taken home by students. The backpacks contain a book, a notebook wherein children can practice their writing and a soft toy to encourage the fun.

CHILD CARE FROM PAGE 1

is a non-profit organization and works with partner agency, United Way, to bring child care and education to children whose parents meet income eligibility and are either working part-time, attending school or unemployed. It is open year round and provides a part-day pre-school program and 2 full-day classes for students in 1st-4th grade, rotating the three programs between the common area classroom and playground area. Children are provided breakfast, lunch and a snack lovingly prepared by cook Ms. Beverley, who has worked to remove processed food from menu while meeting USDA dietary regulations.

The center runs like a well-oiled machine, thanks to its dedicated staff of

14 teachers and Director, Shannon Granger. Granger has been with the center for 5 years and has upgraded staff professionalism, obtained grants and organized fundraisers to further enhance the care centers facility, play yard and curriculum. Innovative programs designed to increase literacy invite students to check out backpacks filled with books and writing exercises to encourage fun while learning and developing skills. The staff is well-loved by their students, as evidenced by the barrage of hugs "Ms. Shannon" received as she provided a tour of the facility. Kate Hartman, mother of 4 year old Weston Hartman, a preschooler at LOCCC, commented that "The teachers are very friendly and he (Weston) looks forward to going to school. We really

love Live Oak Child Care Center."

At the end of the day on Fridays, the central common area which serves as the main classroom is broken down and all evidence of a school-room setting is tucked away, restoring the building to its original function as a place of worship. While the Church of the Brethren Board oversees the school, absolutely no religion enters into the curriculum. It is in the tradition of service that the church has undertaken the mission to provide child care to those in need. The program has become wildly successful, with state and county officials commending the center. Enrollment for the August session begins in April, and while there is a waiting list, the school is always accepting applications. ★

Gridley Camp Fire Community Moving Forward

By Seti Long

GRIDLEY, CA (MPG) - The City of Gridley, FEMA and Cal OES continue to work in coordination as the largest Camp Fire Group site, the Gridley Camp Fire Community (GCFC), moves closer to realization. The contract leasing the Gridley Industrial Park to FEMA was signed on January 14th, and since then, survey crews and FEMA Consultant Engineer and Contractor, MLU have been gathering data to complete the sites design and engineering by February 14th. The site contractor, MLU, expected to begin construction at the park on February 15th, with modular housing units (MHU's) to begin arriving in late March.

The site will include 350 MHU's, ranging from 30-50 feet in length and 12-14 feet wide depending on room count, with two parking stalls available for each unit. Potential residents must meet FEMA eligibility, including proof

of at least \$14,000 worth in fire losses and must comply with park rules as part of their month to month tenancy. Residents are required to show monthly progress towards permanent housing solutions. Failure to comply with rules and expectations will result in a 15 day exit notice.

Total population of the park is not expected to exceed 1,100 and information provided to the City of Gridley states that FEMA has notified Gridley schools that they "anticipate few children as the typical age of the projected residents is much older and parents of children are working to keep their children in Paradise or Chico schools." That is still an area of debate. At a meeting held on January 25th with Cal OES, FEMA, City of Gridley, Gridley Superintendent of Schools Jordan Reeves and others, Superintendent Reeves asked FEMA representatives how many children would be coming to Gridley

via the GCFC. At that time, Superintendent Reeves said that FEMA had no answer to the number of potential students, no lists or information and that everything was being based off speculation. Federal funding for additional students remains an issue for the district.

An unexpected issue causing concern to the City of Gridley is the intended signal at Hwy 99 at roads W. Liberty and Hollis lane. Originally, CalTrans intended to realign W. Liberty and Hollis Lane and install a full-functioning traffic signal at the new intersection. CalTrans, which has been onsite, appears to be attempting to fore-go the realignment and install a temporary signal in place of what was promised. The City of Gridley is buckling down and doing its due-diligence by seeking support from Cal OES and State Legislators to cause CalTrans to follow through on the original plan. ★

Now Registering Children for Kindergarten

GRIDLEY, CA (MPG) - The Manzanita Elementary School District is now registering children who will be turning 5 years old on or before September 1, 2019 for its 2019-2020 Kindergarten class. We are also accepting names of students who will be turning 5 between September 2,

2019 and December 2, 2019 who qualify to participate in a possible Transitional Kindergarten program. If you live within the Manzanita Elementary School Boundaries, please call Mrs. Cahoon at 846-5594 to register your child. ★

NOTICE TO READERS

California law requires that contractors taking jobs that total \$500 or more (labor and/or materials) be licensed by the Contractors State License Board. State law also requires that contractors include their license numbers on all advertising. Check your contractor's status at www.cslb.ca.gov or 800-321-CSLB (2752). Unlicensed persons taking jobs that total less than \$500 must state in their advertisements that they are not licensed by the Contractors State License Board.

DISCLAIMER
Be wary of out of area companies. Check with the local Better Business Bureau before you send any money for fees or services. Read and understand any contracts before you sign. Shop around for rates.

BUTTE COUNTY ZONING ADMINISTRATOR NOTICE OF PUBLIC HEARING FOR CERTIFICATE OF CORRECTION COR18-0001

NOTICE IS HEREBY GIVEN that the Butte County Zoning Administrator will hold a public hearing to consider an application for a Certificate of Correction COR18-0001 for the Brownell Family Trust on February 20, 2019, at 10:00 a.m. or shortly thereafter, at the Butte County Development Services Department Training Room, located at 7 County Center Drive, Oroville, California.

Project Information:

Project: Certificate of Correction COR18-0001 APN: 022-190-044; 022-190-045
Location: 163 Chatfield Avenue, approximately ½ mile west from the intersection of Chatfield Avenue and State Highway 99, southeast of the city of Biggs.

Proposal: The applicant is requesting a Certificate of Correction to remove a recorded drainage easement as shown within Parcels 3 and 4 of Parcel Map Book 75, Page 26. The project site is located in the AG-20 (Agriculture, 20-acre minimum parcel size) zone.

Butte County is recommending this project to be found categorically exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15305 (Class 5 - Minor Alterations in Land Use Limitations) of the CEQA Guidelines. In compliance with the requirements of CEQA, this notice discloses that there are no listed toxic sites present on or near the project site.

The above mentioned application is on file and available for public viewing at the Butte County Department of Development Services, 7 County Center Drive, Oroville, CA 95965, or online by entering the project number (COR18-0001) at <https://dspermits.buttecounty.net/Search/project.aspx>. Comments regarding the application may be submitted in writing at any time prior to the hearing or orally at the scheduled hearing listed above or as may be continued to a later date. If you challenge the above application in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice or in written correspondence delivered to the Zoning Administrator at, or prior to the public hearing.

For information, please contact Senior Planner Rowland Hickel, Butte County Development Services Department, Planning Division at (530) 552-3684 or rhickel@buttecounty.net.

In compliance with the Americans with Disabilities Act, if you need special assistance to participate in the hearing, please contact us at (530) 552-3662. Notification at least 72 hours prior to the hearing will enable staff to make reasonable arrangements.

Cheers to The Passage

for tapping a new vein of vampire drama. In Fox's creepy adaptation of Justin Cronin's epic trilogy of books, bloodsuckers suffer from a virus that has gotten so out of hand, even Mark-Paul Gosselaar (as federal agent Brad Wolgast, pictured, with Saniyya Sidney) may not be able to stop it. But we love watching him try!

Jeers to CBS

for not living its best Life in Pieces. This unsung gem, starring Betsy Brandt, Thomas Sadoski and Colin Hanks as beleaguered suburban siblings, is easily the best broadcast sitcom

about a modern family, but we haven't seen a new episode since last May!

Cheers to Schooled

for being a lesson in spinning off with class. The Goldbergs' '90s-set spawn featuring Lainey (AJ Michalka, pictured) as a William Penn Academy teacher not only retains the heart and hilarity of its mother ship, but the ABC comedy has held its own in the ratings too. Surely that warrants a shrimp parm from Beverly?

Jeers to Not Believing

us about You. We called Lifetime's take on Caroline Kepnes's best-seller a juicy stalker soap months ago and nobody listened. The ratings sank

AJ Michalka as a William Penn Academy teacher not only retains the heart and hilarity of its mother ship.

lower than creepy Joe (Penn Badgley, pictured), the show moved to Netflix for the upcoming Season 2...and now Season 1 is a massive hit on the streaming service. Huh. ★

for even one more episode—see the recent *Timeless* finale—that it would be unfeasible to expect most canceled series to get that one last shot, even if there was a service devoted to such a thing. Miracles do happen, of course (again: see *Timeless*), and streamers have given series as diverse as *Longmire* and *The Mindy Project* a robust afterlife after the networks dropped them. But the reality is that TV on nearly every platform (even including streamers) is a high-risk business, and some shows just aren't going to make it.

ASK MATT

BY MATT ROUSH TV Guide Senior Critic

Is There a Good Place For Canceled Shows?

Question: Do you think a streaming network could be successful whose only mission was rescuing and continuing to broadcast (or bring proper closure to) canceled series (quality only)? — Maurice

Matt Roush: As pipe dreams go, this is a noble one, but with so many impractical pitfalls I don't even know where to start. What would you call it? The Endgame Channel? I was

especially intrigued by the "quality only" qualifier, because I can testify through my mailbag that almost every show, no matter how short-lived or critically derided, has some sort of fan base. (I'm expecting a complaint about CBS axing the mediocre *Happy Together* any day now.) The real issue, of course, is economic. All of the moving parts, from writers and producers to cast to crew, have to align to keep a show continuing

Bulldogs Rally, Best Wheatland in Clash of BVL Teams

Story and photo by David Vantress

GRIDLEY, CA (MPG) - You always want to be playing your best basketball as the season winds down. That's certainly the case for the Gridley High School girls basketball team as the 2018-19 season entered its home stretch this week.

The Bulldogs rallied for a 57-48 win over Wheatland in a battle of two of the better teams in the Butte View League last Friday night.

Gridley trailed most of the night in this one and found itself in a 10-point hole at 44-34 with eight minutes to play. But the Bulldogs – who suit up just eight girls for varsity competition – dug down inside and found another gear in the final stanza, as they outscored the Pirates, 23-4 down the stretch to thrill a big home crowd and keep their BVL title defense hopes alive.

It was senior Maddyson Tull scoring 17 of her 29 points in the fourth quarter to spark the Bulldog uprising.

Tull said the big win at home was a great springboard into the final week of the season. “We came together and played as a team,” Tull said. “Now we have a chance to take care of business and defend out title at home.”

Gridley coach Becca McCray said it was a matter of finding the right

combination of girls on the floor after things didn't go well early. “We weren't getting out shots to fall, so we had to do some different things,” McCray said.

The Bulldogs, defending BVL champions, were scheduled to host Orland on Tuesday and Sutter on Friday night to wrap up the 2018-19 regular season.

Sutter entered the final week of the regular season at 14-10 overall (7-1 BVL). The Bulldogs were 17-8 overall and 6-2 in the BVL. Sutter was set to host Wheatland (18-4, 4-4) Tuesday night as the Bulldogs entertained Orland (6-17, 0-8). So, Friday night's contest between the Huskies and

Bulldogs could be for the BVL title.

In other action last Friday night, it was the Gridley boys beating Wheatland, 66-46. The Bulldogs also beat Las Plumas, 65-48 earlier in the week.

Gridley is now 15-9 overall (8-0 BVL). The Bulldogs traveled to Orland on Tuesday of this week and are at Sutter Friday night.

At Biggs, meanwhile, it was the Wolverine girls going to 20-1 overall (7-0 Mountain Valley League) with a 54-17 win over Esparto. Grace Felkins led Biggs with 13 points. The Biggs boys fell to 7-13 (3-3 MVL) with an 88-66 loss at Quincy last week. ★

Biggs Crowns Winter Basketball Royalty

Story and photo by David Vantress

BIGGS, CA (MPG) - Homecoming is something typically associated with a fall night and high school football. But at Biggs High School, they do things a bit differently.

The school holds a Homecoming Week during the heart of basketball season, and last Friday night, the Wolverines crowned a new Homecoming king and queen in between games of a girls-boys basketball doubleheader.

Seniors Hunter Roles and Karsyn McLean each bested two other candidates to claim the basketball royalty honor. McLean, a four-year member of the ASB at Biggs, is serving as student body president this year. McLean is active in FFA and CSF, and has been on the cheerleading squad and basketball team

Biggs Winter Homecoming King Hunter Roles and Queen Karsyn McLean acknowledge the cheers of the crowd after being crowned last Friday night.

all four years. She's planning on attending a four-year university with the goal of becoming a dental hygienist.

McLean said that she's had a lot of great memories in high school – and earning the winter Homecoming Queen honor will just add to that list. “It feels pretty awesome,” McLean said.

Roles, meanwhile, has been on the Biggs football, basketball and baseball teams all four years of high school. He's hoping to play

college baseball, and especially wanted to thank his family for always being supportive through his busy high school years.

Biggs Superintendent/Principal Doug Kaelin said the extra homecoming week is a big hit with the staff and students. “It's not quite as big a deal as homecoming in the fall,” Kaelin said. “But we have a lot of fun with it. We have a rally, and the kids decorate the gym.” ★

Biggs Moves Forward with Stadium Renovation Plans

Story by David Vantress

BIGGS, CA (MPG) - It was more than two and a half years ago that the football stadium at Biggs High School was heavily damaged in a fire. The fire, just prior to the 2016 season, gutted the press box and home bleachers and also damaged a light standard.

Temporary bleachers were added and a makeshift press box put up. And the Wolverines were still able to play all their games on their home field. The community and the team rallied around each other, and the Wolverine football team won the 2016 CIF Northern Section Division 5 championship, advancing to the CIF state playoffs.

New lights went in last year, and now the school is moving forward with plans to fix the rest of the damaged facilities at Del Kalbach Stadium. ★

Biggs Superintendent/Principal Doug Kaelin said last week that the final bids have been received for the work needed, which will include new bleachers, a new press box and new restrooms/concession stand for the home side.

Kaelin said the low bid on the project came in at around \$2.5 million. Since the damage was covered by insurance, there's still some work to do with the insurance company to get its approval. The project could be on the agenda for the Biggs school board's consideration at its meeting later this month.

Once approved, the work would begin pretty quickly, Kaelin said, with a target completion date of mid-August. That would get the rebuilt stadium ready for the opening of the 2019 season. ★

SPARKY'S CORNER

Doing laundry is most likely part of your everyday routine. But did you know how important taking care of your clothes dryer is to the safety of your home? With a few simple safety tips you can help prevent a clothes dryer fire. Dryers should be properly grounded. Check the outdoor vent flap to make sure it is not covered by debris. Keep the area around your dryer clear of things that can burn, like boxes, cleaning supplies and clothing, etc. Clothes that have come in contact with flammable substances, like gasoline, paint thinner, or similar solvents should be laid outside to dry, then can be washed and dried as usual.

FACT

- The leading cause of home clothes dryer fires is failure to clean them.
- Have your dryer installed and serviced by a professional.
- Do not use the dryer without a lint filter.
- Make sure you clean the lint filter before or after each load of laundry. Remove lint that has collected around the drum.
- Rigid or flexible metal venting material

should be used to sustain proper air flow and drying time.

- Make sure the air exhaust vent pipe is not restricted and the outdoor vent flap will open when the dryer is operating. Once a year, or more often if you notice that it is taking longer than normal for your clothes to dry, clean lint out of the vent pipe or have a dryer lint removal service do it for you.
- Keep dryers in good working order. Gas dryers should be inspected by a qualified professional to make sure that the

gas line and connection are intact and free of leaks.

- Make sure the right plug and outlet are used and that the machine is connected properly.
- Follow the manufacturer's operating instructions and don't overload your dryer.
- Turn the dryer off if you leave home or when you go to bed.
