### **New Patron for Comfort Critters**

Octogenarian Nancy Fellers (right) recently passed the torch for her Comfort Critters mission to Donna Owens. The soft toys are repurposed to help Sheriff's Department outreach among children. Endorsing the benefactors' efforts is Deputy Robert Magee.

CARMICHAEL, CA (MPG) - Veteran toy-doctor Nancy Fellers (87) has bequeathed her mission aiding children and police officers to a successor. Fellow Carmichaelite Donna Owens is now rallying gently-used soft toys to continue the decades-old campaign.

For Sacramento Sheriff's officers, the ladies and their legions of fluffy teddies and puppies are important to win trust from traumatized kids. "Offering something cuddly softens our outreach," explains Sheriff's Toy Project Officer Robert Magee. "We can be at a domestic crime scene or at a fire, where a family might have lost everything. We see sad little faces light up when we bring out a toy. They're soothed by having something soft to cuddle."

With that in mind Nancy (whose homes. I didn't want my project to

daughter and son-in-law were law officers), began a Comfort Critter crusade 22 years ago. "Deputies used to pay for toys from their own pockets," says the former school teacher and travel agent. "I don't see why they should. Teddies can be part of necessary police equipment." Soft toys came her way via thrift shops and from Kiwanis Club member donations. Nancy laundered discarded duckies. She restuffed down-at-heel dinosaurs. Then she bagged each individually and took the menage to humanitarian allies. In crisis situthe Sheriff's Toy Project in Rancho their eyes," she says. "A pair of clear, ations, cops are often challenged Cordova. "The deputies were always shining eyes seems so friendly to a glad to see me," says Nancy. "I was child. I see these once-loved toys on delivering something that helped them with their work.'

When Nancy and her husband Bill relocated to Carmichael's Atria El Camino Gardens last year, she sought a successor for the project. "It was getting harder for me to go out and find toys," she explains. "Then COVID brought restrictions for senior

end; I was delighted to find a fellow Kiwanian who wanted to carry it on."

A grandma and great-grandma herself, Donna Owens took little persuading. "What Nancy had started was a perfect fit for me," says the Retired Cal Transit engineer/technician. "Making children happy and helping the police seemed like a great goal." Donna scours thrift stores and puts stuffed animals through a meticulous wash-and-drying process. "Before I bag them, I tie on a fresh bow and trim the fuzz from around store shelves and I want to take them all home - they can offer so much more love, and assist the police in their work. I feel good that with very little effort and expense, I can do something so worthwhile."

The Comfort Critters Project welcomes donations of gently-used soft toys. Contact Donna Owens at (530) 788 2085.

### **New Voter Challenge Brings** Fun to Mail-in & **Absentee Voting**

Erica Nataren, Votercade Challenge

LOS ANGELES, CA (MPG) - In a time of pandemic and national turmoil, many Americans feel anxiety over the upcoming general election. Will they be able to vote safely? If they are receiving a ballot by mail, can they depend on the USPS to return it in time?

In a new grass-roots effort, a small team came up with a new idea, and quickly brought it to life: the #VotercadeChallenge. Registered voters who are voting by mail can plan a Votercade – a trip to their county elections office or nearby dropoff location - with patriotic clothing and décor encouraged. As "Votercaders" submit their ballots, they can add a #DropoffDance or #BallotBump, then upload a picture or video to their favorite social media platform and tag 5 friends to a #VotercadeChallenge of their own.

"My friend Bob Globerman initially asked the question, how can we make it fun for voters to fill out their ballots at home and drop them off in person?" asked Stacy Stern, one of the project founders. "I shared this conversation with Erica Nataren, who was introduced to me by a mutual friend, and we landed on the #VotercadeChallenge idea. The three of us met and decided to launch the project, and Erica went to work creating the website."

The new site, https:// www.VotercadeChallenge. com, gives voters all the info they need to plan their

own #VotercadeChallenge. "A couple of things were really important to us," explains Nataren. "First, while we do have our own political opinions, we wanted this to be a 100% non-partisan effort so that everyone feels comfortable sharing and participating.

"We also wanted it to be something that individuals can do on their own or virtually. We want to encourage participation with neighbors, but sometimes a solo trip is just easier."

This year, when Americans are sharply divided, all three hope to offer something everyone can agree on: that voting can and should be something to look forward to doing – together.

## California Mailed "Massive" Number of Ballots in Error and Risks Voter Fraud

By Jordan Gurnett, Reform California

SAN DIEGO, CA (MPG) - Reform California releases a bombshell research study providing proof that Californians are being inundated with "bad election ballots" that have been sent by state election officials in error. This report includes results of a survey of voters revealing nearly one-out-of-ten California households have received some kind of "bad ballot" in the mail.

To provide concrete proof of the problems surfaced in the survey, Reform California also provides actual pictures of "bad ballots" and testimonials from voters who say they received duplicate or triplicate ballots for themselves or received ballots for dead people, illegal immigrants, or people who do not even live at their house.

"The evidence in this report is irrefutable proof that California's voter rolls are a complete mess and the risk of voter fraud in California's election has never been greater," said Carl DeMaio, Chairman of Reform California. "When almost one-out-of-ten households in an election in a state are receiving some form of bad ballots that is a massive problem that could impact races that are decided by fractions of a percent in vote totals," DeMaio warned.

The following are the results from a survey Reform California conducted between October 10-13 using online and text screens of 1251 registered voters (4.4% MOE) in California asking them if their household received any erroneous ballots in the mail:\*

HH Received Multiple Ballots for Same Person-9 at .7%; HH Received Ballots for Wrong Person-98 at 7.8%; HH Received Ballots for Dead Person-8 at .6%; Total Error Rate Per Household-115 at 9.2%\*\*

\*Note: 106 responses (8.5%) indicated no ballot had been received yet.
\*\*Numbers off due to rounding.

#### Duplicate Ballots Mailed to Individual Voters

Reform California compiled examples of multiple ballots individual voters received with the exact same name on the ballot but a different voter identification number. While California election officials check to see if a ballot is cast twice using the same voter identification number, systems are not in place to properly review for an individual to vote twice or three times using multiple voter identification numbers. As reflected in the attached examples of bad ballots, "Peggy Smith" in San Diego, CA received one ballot using her familiar name and also received a second ballot for her legal name of "Margaret Smith."

#### Receiving Ballots at Wrong Household

The most common problem identified by Reform California relates to the state mailing ballots to addresses that the individual does not live at. In some cases these erroneously mailed ballots were sent to an individual who no longer lives at the address in question - having moved away long ago. In other cases the ballots were mailed to homes where the current long-time residents had no idea who the individuals were. One individual in Jamul, CA reported and provided proof of receiving 11 extra ballots at their address for individuals who do not live there.

#### **Ballots for Dead People**

Reform California received several reports of deceased individuals receiving ballots – some having died long ago.

#### **Ballots for Illegal Immigrants**

Reform California even captured several examples of illegal immigrants receiving ballots. Detecting this problem is difficult as it requires someone to admit they are not a citizen and not eligible to vote, but several individuals courageously

reported these bad ballots to the study.

#### Reasons for California's Election Problems

Reform California outlines three main reasons why California's voting system is a mess:

- (1) Flawed Motor Voter Program: The State of California implemented a motor voter program in 2017 that automatically enrolled any individual who got a new driver's license as a voter. A separate bill passed the same session allowed illegal immigrants to receive new driver's licenses. California's motor voter program has been plagued by problems from the outset and state election officials have failed to properly review eligibility requirements for voters that are registered through this program;
- (2) Failure to Maintain Voter Rolls:
  County election officials do not conduct proper audits or reviews of their voter rolls. A analysis of the voter rolls in California's 50th Congressional District in December 2019 found an 11% variance between the voter rolls for that district and the National Change of Address (NCOA) database used by the postal service to track individuals who move away from their previous address;
- (3) Failure to Check for Duplicates: A simple way to check for duplicates would be to search every address on the voter rolls and examine any voters at that address who share an exact birth date. In some cases the voters may be twins or triplets, but in most cases this simple search would surface individuals who are registered more than once.

### **Proposition 16 Promotes Racial Discrimination**

Commentary by Bill Bird, Parents and Students for Racial Equality

Parents and Students for Racial Equality in California is opposing a measure that would result in legal racial discrimination in California. Proposition 16, an initiative on this November's ballot, threatens to introduce institutionalized and legal race-based admissions in our public universities, as well as contracting and hiring policies in all California government settings.

"Although recent polling shows that this measure is struggling to gain traction with California voters, organizations opposed to racial discrimination must remain vigilant," said organization spokesman and former California State Senate Minority Leader Bob Huff. "Proposition 16 represents a step backwards to the darkest days of this country, when racial discrimination was openly tolerated and encouraged. This is contrary to the fundamental principles upon which this nation was built and for which so many fought to secure. The Declaration of Independence tells us all men are created equal. Proposition 16 tells us that some are more equal and deserving than others."

Proposition 16 would allow supporters to impose across the board, racial guidelines for all California public school and public university admissions and settings. It would also allow schools, colleges and other government agencies to discriminate in employment, promotions and contracting. The measure seeks to overturn Proposition 209, which appeared on the November 1996 ballot and passed with a strong 54 percent majority in support. Proposition 209 amended the state constitution to prohibit state government institutions from considering race, sex, or ethnicity, specifically in the areas of public employment, public contracting or public

Recent polling conduction by the Public Policy Institute of California (PPIC) revealed that barely one-third of the state's voters appear to support the idea of racial discrimination. Nearly half are opposed to the proposal and some remain unopposed. A second poll conducted by the Berkeley Institute of Governmental Studies divulged nearly identical findings.

"No person in California should ever be told that they cannot be admitted to a university or not awarded a job or contract because they are the wrong color or sex," said Huff. "Discriminating on the basis of race, color, sex or religion represents the darkest part of California's history. Measures like Proposition 16 only serve to divide our state at a time when everyone is needed to work together to heal wounds and create a brighter future."

Parents and Students for Racial Equality is an organization that fights for the rights of all California citizens, regardless of race or color, and believes that government must judge all

### people equally, without discrimination. **Over 2 Million California Voters**

Signed Up to Track Their Ballot

By Alex Padilla, California Secretary of State

**SACRAMENTO, CA (MPG)** - More than 2 million registered California voters have now signed up for California's ballot tracking service "Where's My Ballot?" to receive automated notifications about their vote-by-mail ballots by email, text (SMS), or voice call.

"Signing up for 'Where's My Ballot?" is one of the most prudent steps Californians can take to protect their vote," Secretary of State Alex Padilla said. "Every active, registered voter was sent a vote-by-mail ballot for the General Election, and ballot tracking will play a critical role in strengthening transparency, accountability, and voter confidence during this unprecedented election. All California voters can quickly and easily sign up to track their ballot at WheresMyBallot.sos.ca.gov."

"Ballot tracking has only been available statewide for a few months, and tool statewide.

we are seeing an incredible adoption rate. Nearly 1 in 10 registered voters has already signed up for the "Where's My Ballot?" tool. If you've already signedup, encourage your friends and family to do the same," Padilla added.

Voters who sign up for "Where's My Ballot?" will receive automatic updates when the county elections office: mailed the voter's ballot, received the voter's ballot, counted the voter's ballot, and has any issues with the voter's ballot.

Voters who sign up for "Where's My Ballot?" will also receive communications from their county elections office about important election deadlines and critical updates such as polling place

AB 2218, signed 2018, required the Secretary of State's office to provide a ballot tracking service to county elections offices. In response to the COVID-19 pandemic, Governor Newsom signed legislation to expand the ballot tracking

Senator Cotton to Big Tech After Censorship of Biden-Burisma Report: 'Winter Is Coming' | 16 Oct 2020 | Sen. Tom Cotton (R-AR) on Thursday warned Big Tech "oligarchs" that they will soon face regulation, after Twitter and Facebook censored reports from the New York Post that were unflattering to former Vice President Joe Biden and his son Hunter Biden. After the first of the series of articles published, Facebook reduced the articles' distribution and Twitter slapped a warning label on the stories and locked accounts belonging to the *Post* and those associated with the Trump campaign, claiming the stories violated their policy on hacked material... Republican senators requested subpoenas for the heads of Facebook and Twitter to testify before the Senate. "You have big tech oligarchs declaring war on Donald Trump, on the Republican Party, on conservatives across America," Cotton said on a Trump campaign press call on Thursday. "Refusing to allow people to post the url of a story, and then they just issue a mealy-mouthed apology saying that they could have communicated better...that is not exactly the standard that big tech oligarchs apply to every story about Donald Trump for the last five years," he said. "And for all of those tech oligarchs who think they can get away with this, I will simply say that winter is coming."

Rep. Ken Buck demands DOJ investigate removal of big tech protections after censoring of NYPost Biden article | 14 Oct 2020 | Rep. Ken Buck, R-Colo., sent a letter to the Department of Justice on Wednesday, asking the attorney general to look into accusations of censorship by Twitter and Facebook, after the big tech giants took steps to limit the exposure of a New York Post article critical of Hunter Biden. "I write to express my concerns regarding Twitter and Facebook's recent actions to censor a prominent American news outlet," Buck began. "These actions violate the platform's immunity under Section 230 of the Communications Decency Act and threaten to chill free speech throughout our nation." The NY Post story, entitled "Smoking-gun email reveals how Hunter Biden introduced Ukrainian businessman to VP dad," touched upon reports that the former vice president's son had unscrupulous financial and business ties to a natural gas firm in Ukraine - Burisma Holdings - and that his father later stepped in to have a probing prosecutor fired for looking into the matter.

Twitter Locks Trump Campaign Account Over Hunter Biden Post -Spokesman | 15 Oct 2020 | Trump's reelection campaign said Thursday that Twitter suspended its official account, claiming that Team Trump's post about Democratic presidential nominee Joe Biden and his son, Hunter, is a violation of its policy. "Your account has been locked," the Twitter message said. "What happened? We have determined that this account violated the Twitter Rules. Specifically, for: Violating our rules against posting private information." The account was active and posting on Twitter again hours after campaign officials first said it had been locked. The original campaign post which Trump campaign spokesman Tim Murtaugh said triggered Twitter to take action was apparently taken down. The incident came less than three weeks from the Nov. 3 election.

### **Local Allstate Agencies Provide 10,000 Preparedness Kits; \$100K Donation** for Disaster Relief

By Terri Stackhouse, The Allstate Foundation

SACRAMENTO, CA (MPG) - The 2020 California wildfire season may go down as one of the most destructive in history and while nearly 70% of Americans say they are concerned about weather-related disasters, less than half have a disaster plan, and 44% say they're not sure how to prepare for wildfires.1

Preparing for wildfires is especially relevant for California residents as the state is listed as number one on the top 10 "Most Wildfire-Prone States" list, according to the Insurance Information Institute's, with over 2 million properties at risk.

"Although it might be the last thing on your mind, a disaster could occur in any community at any time in California," said Allstate community relations manager, Kyla O'Brien. "Allstate is here to help California communities prepare and be less vulnerable in the event of a sudden disaster. Creating an emergency kit for you and your family is step one."

From Oct. 5 - 9, 2020, Allstate agents throughout California provided 10,000 free disaster preparedness kits.

In recognition of their volunteerism The Allstate Foundation will donate a \$100,000 grant to the California Fire Foundation, on behalf of the participating agents. The grant will fund their wildfire disaster relief program, providing funding to smaller nonprofits to help with local community wildfire disaster relief efforts across the state. "We are extremely thankful for Allstate's generous donation to our Foundation," said

Rick Martinez, Executive Director of the California Fire Foundation. "As the need for the California Fire Foundation's programs continues to grow, especially given the recent unprecedented wildfires, their support and generosity make a tremendous difference to California firefighters, their families, and the communities they protect."

To help protect people from wildfire danger, Allstate is also sharing simple preparation tips you can put in place immediately.

#### **Allstate Wildfire Disaster Planning Tips:**

- (1) Build a Disaster Kit: It should contain basic supplies to last a few days without water or electricity. Essentials include water bottles, first-aid kits, flashlights, emergency blankets, hand sanitizer, and rain ponchos;
- (2) Take a Home Inventory: Make a detailed list of your assets in case you need to file an insurance claim. Using a mobile app can be an easy and effective way to keep the list and take photos. Allstate offers its Digital Locker for customers to take a home inventory and securely store their
- (3) Create a Household Emergency Evacuation Plan: It should include a family meeting place in your neighborhood that's safe during and after the pandemic;
- (4) Protect Your Home from a Wildfire: Keep flammable materials away from your home and create buffers using landscaping.

<sup>1</sup>This poll was conducted July 9-11, 2019, on behalf of Allstate by Morning Consult among a national sample of 2,200 adults. The interviews were conducted online, and the data were weighted to approximate a target sample of adults based on age, education, gender, race and region. Results from the full survey have a margin of error of  $\pm$ 2.

**Defendant Sentenced for Human** Trafficking, Pimping & Pandering

**DATE: October 19, 2020 CASE:** Kenneth Hawkins (Case #20FE004144)

PROSECUTOR: Deputy District Attorney Courtney Martin, Human Trafficking Unit

On October 16, 2020, the Honorable Steve White sentenced Kenneth Hawkins to 40 years in state prison. On September 17, 2020, a jury convicted Hawkins of human trafficking, pimping and pandering.

On March 1, 2020, the Sacramento Police Department received a report from a witness that Hawkins was forcing the victim to perform oral sex on another man in a parking lot on Franklin Boulevard. When officers located Hawkins and the victim, the victim disclosed that Hawkins had been forcing her to engage in prostitution. The victim also told officers that on that day, Hawkins was angry at her and humiliated her by forcing her to perform oral sex on another man in the parking lot as his friends stood by and taunted her. Friends of Hawkins filmed a portion of the crime and posted the video on social media. Officers located the video as well as other surveillance video that corroborated the reports of the witness and the victim.

#### **Defendant Sentenced for Violently** Attacking Two Elderly Women

·

**DATE: October 16, 2020 CASE:** Edward Thomas (Case #19FE021541)

PROSECUTOR: Deputy District Attorney Frederick Gotha, Elder Abuse Unit

The Honorable James Arguelles sentenced Edward Thomas to 11 years and 8 months in state prison. On September 16, 2020, a jury convicted Thomas of two counts of elder abuse with great bodily injury enhancements and two counts of battery causing serious bodily injury.

On November 30, 2019, Edward Thomas attacked his elderly 72-year-old sister and 94-year-old mother. The attack occurred when his sister asked him to keep marijuana smoke from wafting through the house. Both victims were taken to the UCD Medical Center and treated for significant injuries. One victim suffered a broken nose, fractured orbital bone, scalp hematoma, wounds to her head requiring 20 staples, fractured ribs, fractured fingers

on both hands, and multiple human bite marks to her face, arms, hands, and chest. The second victim suffered bleeding between her skull and her scalp, human bite marks to her face and arm, lacerations to her face requiring extensive suturing, and a fractured rib.

#### Elk Grove Man Sentenced for Sexually **Abusing Four Young Girls**

DATE: October 9, 2020 CASE: Alejandro Padilla (Case #19FE020867)

PROSECUTOR: Principal Criminal Attorney Hilary Bagley- Franzoia, Animal Cruelty Unit

The Honorable Patrick Marlette sentenced Alejandro Padilla to 10 years in state prison. On August 11, 2020, Padilla pled to 11 counts of intentional and malicious animal cruelty. In two of the counts, Padilla admitted to a use of weapon allegation, which qualify those convictions as separate and serious felonies under California's Three Strikes Law. By operation of law, and upon his release from prison, Padilla will not be allowed to own, possess, care for, maintain or reside with any animal for 10 years.

Between August and September 2018, Padilla lived with his girlfriend in college housing. In that one-month period, Padilla committed multiple acts of torture to his girlfriend's small dog. When the dog ultimately died from his acts, Padilla discarded the remains on the Sacramento City College campus. He later recovered and cleaned the dog before representing to his girlfriend that her dog had escaped their apartment and was hit by a car. The girlfriend greatly mourned her dog and believed Padilla. In December 2018, the girlfriend replaced her beloved pet with a new puppy. By early February 2019, Padilla had killed the puppy by asphyxiation. He later confessed to his girlfriend and law enforcement that he had committed repeated similar acts of torture to both dogs. The girlfriend reported Padilla to the City of Sacramento Front Street Shelter.

This case was investigated by the Sacramento Police Department and the Sacramento County Animal Cruelty Task

I know it is October, but I would like to get prepared and really cannot find the answer online or at the Medicare.gov website. Please inform me what are the 2021 Medicare Part D costs.

I look forward what you have to say. ~ Catherine from Nashville, TN

Catherine:

You are correct that the 2021 Medicare and You handbook did leave some information out regarding the 2021Medicare Part D deductibles or out of pocket maximums.

But guess what?? For the Toni Says® Medicare newspaper column readers, we have a big surprise! I know what the Medicare Part D cost, copays, and Donut Hole out of pocket will be beginning January 1, 2021.

2021 Medicare Part D costs and copays are explained below:

#### Part D changes for 2021 are:

- Initial Deductible: will be increased by

- Out-of-Pocket threshold cost: or (TrOOP true out of pocket) will increase from \$6,350 in 2020 to \$6,550 in
- Coverage Gap (Donut Hole): begins once you reach your Medicare Part D plan's initial coverage limit (\$4,130 in 2021) and ends when you spend a total of \$6,550 out-of-pocket in 2021.
- Does the Donut Hole really go away? In 2020, the Donut Hole began being called Donut Hole Discount.

### Misusing Taxpayers' **Money for Campaigns**

By Dan Walters **CALMatters** 

California voters are not only voting on presidential, congressional, legislative and local government offices and a dozen statewide ballot measures but deciding the fate of 234 local tax and bond measures

The California Taxpayers Association estimates that if passed, the local tax measures would raise about \$1.5 billion a year in new revenues. The proposed bond issues, mostly for schools, total nearly \$15 billion and their passage would automatically trigger increases in property taxes to repay lenders.

These are hefty financial stakes and the local officials that placed measures on the ballot have reason to worry about their passage. Voters rejected 62% of the 239 local measures on the March 3 primary ballot — and that was before the COVID-19 pandemic struck home, the state's economy plummeted and more than two million jobs were erased.

The recession that's still raging is a two-edged sword for local government and school officials. It has cut their tax revenues sharply and also tends to make voters even more leery about FPPC targeted the County paying higher taxes.

City council members, county supervisors and school trustees are tempted, in their zeal to persuade voters to vote for new taxes and bonds, to violate a state law prohibiting them from using taxpayer funds for campaign purposes.

Government Code Section 54964 forthrightly declares, "An officer, employee, or consultant of a local agency may not expend or authorize the expenditure of any of the funds of the local agency to support or oppose the approval or rejection of a ballot measure, or the election or defeat of a candidate, by the voters."

In fact, such violations have become commonplace in recent years. Under the guise of providing "information," local officials routinely hire campaign management firms to design advertisements, mailers and other material aimed at persuading voters to pass the proposed taxes and bonds.

They have done so because they know that state and local prosecutors just as routinely refuse to prosecute violations of Section 54964 by their fellow officeholders.

The only investigative agency to interest itself in such violations is the California Fair Political Practices Commission and while the FPPC lacks authority to enforce Section 54964, it can treat agencies that step over the line dividing information from advocacy as campaign contributors.

Recently, for example, the of Los Angeles, which in

lars for an ill-disguised, but successful, campaign to pass Measure H, a quartercent increase in the sales tax. The campaign included broadcast commercials in English and Spanish that used the slogan "Real Help. Lasting Change."

County officials, without admitting liability, agreed to pay the FPPC a \$1.35 million penalty for failing to report their spending as a campaign contribution. However, that pales in comparison to the estimated \$355 million a year that Measure H's passage will generate.

Last week, the FPPC invited the public to use its "AdWATCH" program to monitor the materials local officials are using to promote their tax and bond measures and upload questionable items to the agency for examination and perhaps investigation.

"The public can play a vital role in helping our enforcement division in making sure campaigns and public agencies are following the rules and ensuring a level playing field," FPPC Chair Richard C. Miadich said in a statement.

The FPPC's efforts are welcome, despite being an indirect and relatively weak way of discouraging improper use of taxpayer funds for campaigns, but it's likely to be the only way as long as prosecutors refuse to enforce the law.

### Have Safer Halloween Trick or Treating during COVID-19

Sacramento County **Public Information** Office

SACRAMENTO COUNTY, CA (MPG) - The usual spooky festivities for Halloween may feel extra scary due to the COVID-19 pandemic. However, Sacramento County Public Health has important guidance to help ensure safer trick-ortreating for everyone to reduce the risk of spreading COVID-19. Follow the guidance below to have a fun and safe Halloween!

#### **FACE COVERINGS**

Firstly, you will need to wear a face-covering – so why not make it fun! Have your child select their own face covering, and then decorate it together to match their costume.

#### SOCIAL DISTANCING

When you are out trickor-treating, travel only with your household members (don't forget – wear your face covering), be sure to maintain 6 feet of social distance from others, and make interactions brief with others outside your household.

#### **HYGIENE**

Keep from transferring the virus with your hands. When you touch objects or your face, the virus may be lurking, so wash your hands often and have hand sanitizer handy. Be sure to clean/disinfect hightouch surfaces. Also, have everyone wait to dig into the candy until hands are clean before unwrapping the candy, and then again before eating the candy. Do not share costume props or food. And, of course, if you feel sick or could be contagious, you must stay home and away from others.

#### BE READY FOR TRICK-OR-TREATERS

This year, you need to make it an outdoor festivity. In an outdoor area, such as a porch or driveway:

Set up a table to stand behind and hand out candy using candy-grabber or tongs; Make treat bags and hang them from streamers outside for kids to grab; or Place a bowl of candy and bottle of hand sanitizer at the end of the driveway/ walkway; and always wear a face-covering around others, don't touch your face, and practice good hand

hygiene when handling

#### **CELEBRATE A COVID-19 HALLOWEEN CREATIVELY**

These ideas will help you and others be extra safe while still celebrating Halloween:

Host a virtual Halloween "watch" party with online video/chat and have best costume or craft project contests; Have a Halloween movie night with household members either at home or drive-in; Do reverse trickor-treat by dropping off

small gift bags on your LET'S GO OVER THE neighbor's porch; Put on a trunk-or-treat on your street Don't have trick-or-treat-(Halloween decorated car ers walk up to your door to trunks) with socially distanced parked cars in your hands to deliver treats. driveways; Coordinate a If you are not feeling well contact-free neighborhood

Organize a neighborhood car parade or socially distanced costume parade for best decorations/costume and give treat bags or candy grabbers).

scavenger hunt;

Read about all the usual Halloween precautions you will need to have in place

"NO-NO'S" give candy and don't use or are exhibiting symptoms, do not go out in the public. To clarify, gatherings with individuals outside of your household are not allowed. The reason for this is because the virus is toss candy (preferably with widespread in Sacramento County and you or those at the gathering may not know if someone is COVID-19 positive and contagious.

Due to our high-risk level, Sacramento County has been placed in a restrictive Tier by the State. It is for your safety and of others that gatherings are prohibited. In early summer, the County had bent the COVID-19 case "curve," but gatherings caused a spike in new COVID-19 cases and the ripple effect is still with us. We know social distancing works and if we adhere to the protocol, our COVID-19 cases will continue to go down. If you do disregard the Order – at the very least, do it smarter – keep gatherings small, outdoors, wear face coverings and with only those in your "regular bubble."

#### AN IMPORTANT **MESSAGE ABOUT COVID-19 TESTING**

Have you spent time with people outside of your household and you weren't able to physically distance? You may have been exposed unknowingly to the COVID virus - you should get tested. The public is encouraged to get tested regularly. Sacramento County has 11 locations to get tested for COVID-19 for anyone living in the County (2 years old+). Testing is free, appointment times are easy to get, and results are provided in 1-3 days. Also, having the public get regular testing in our County gives the State more precise data so that the Case Rate isn't adjusted higher when Tier levels are determined.
