Fighting Cancer Together

Jesuit High seniors Alexander Maguire (left), Garrett Heisinger and Caleb Horel lead a "Marauders for Miracles" fundraising team to aid cancer research.

Story and photo by Susan Maxwell Skinner

CARMICHAEL, CA (MPG) - Local teenagers are well on their way to raising \$50,000 to aid cancer research. Inspired by one of their team's survival, three young activists are captaining a fundraising campaign with schoolmates.

Jesuit senior Garrett Heisinger was 10 years old when his acute lymphoblastic leukemia was diagnosed. Recovery was greatly assisted by the organization he and friends now support. "At ten, I had three and a half years of really tough treatment ahead of me," recalls Garrett (17). "It seemed like nearly half my life. I survived and it's cool I can now be a positive influence. I can help raise funds for research and show other kids that they'll get through it."

The Fair Oaks teenager met Jesuit buddies Caleb Horel (17) and Alexander Maguire (16) on the school's water polo team. Says Caleb: "Garret's outgoing, athletic and smart. It was amazing to learn

how sick he'd been and how he still progressed to be the great guy he is. We were inspired. We wanted to do something to help fight the disease he beat."

Under the aegis of a Leukemia and Lymphoma Society youth program, the friends rallied more chums. Calling themselves "Team Marauders for Miracles," the captains championed their cause among local professional groups. A presentation at Sierra Oaks Lyons Real Estate moved several agents to tears and resulted in a \$5000 donation. "They were mostly parents and grandparents," explains Caleb. "It was hard for them to imagine little kids going through treatments that are devastating even for adults."

The boys planned a seven-week campaign to reach their cash goal. More donations came from MRK Medical Consultants and a Rancho Cordova tech company called Big Hairy Dog. Then the COVID crisis shut down meetings. Undaunted, the Jesuit team continued a letter-writing appeal to everyone they knew. "The pandemic made it hard to reach

businesses," notes Alexander. "But we're grateful so many friends, neighbors and family still wanted to help."

The teenage humanitarians stayed committed to their goal through recent Advanced Placement examinations at school. All three captains maintain above 4.0 grade average; they are also in track and water polo teams and Caleb is a budding trumpeter. Giving back is another notch to their belts. "Through the fundraising process, we've become more confident," considers Caleb. "Working on how we come across to adults will help in our future careers. In the meantime, it's cool we can help the Leukemia and Lymphoma Society. We want to make Garrett's recovery a reality for more people."

Other Marauders for Miracles team members are: Sam Berry, Evan Bird, Michael Chambers, Alex Chen, Zach Coss, Shane Deary, James Econome, Jakob Marrone, Sam Mayo, Michael Roush, Peter Wisner and (Grandma) Mimi Scherber. To assist the team's fundraising, Email Calebhorel@gmail.com ★

Shaving, Facial Waxing, Threading and Facials Not Permitted at This Time

SACRAMENTO, CA (MPG) - The California Department of Public Health announced on May 25, 2020 that counties that have attested to meeting the criteria for accelerated re-opening may re-open hair salons and barbershops with modifications such as mandatory face coverings for both barbers or stylists and clients. State public health leaders noted that Californians staying at home and exercising caution when out helped flatten the COVID-19 curve. Public health leaders acknowledge that today's announcement is also possible based on statewide indicators such as PPE, testing capacity, hospital surge capacity

Newsom Administration Claims another '\$1.831 Billion Needed'

By Nghia Nguyen, Office of Sen. Jim Nielsen

SACRAMENTO, CA (MPG) - In a last-minute call last Thursday evening, Department of Finance officials notified the Legislature that Governor Newsom is transferring an eye-popping \$1.831 billion to the Disaster Response-Emergency Operations Account to spend through the current fiscal year with only limited details.

"The spending of billions of taxpayers' dollars must be reviewed and approved by representatives of the citizens of California. It is time for the Legislature to return to the standard separation and balance of power," said Vice Chair of the Senate Budget Committee Senator Jim Nielsen (R-Tehama). "There is too little transparency, oversight and accountability. The public deserves better."

Without sufficient evidence to support the need for this massive spending, the letter from the Department of Finance breaks down expenditures as follows:

\$1.3 billion to procure personal protective equipment; \$251.7 million to establish and support over 3,000 hospital beds; \$30 million for hotels for healthcare workers and support staff; \$159.4 million to cover costs for ongoing state response activities; \$98.4 million for statewide testing and contact tracing and tracking.

Californians have answered the call and slowed the spread of the virus. Hospitals are safe, and most have few, if any, COVID-19 patients. The U.S. Naval hospital ship Mercy has returned to the port in San Diego. The field hospital at Sacramento's Arco Arena will close at the end of the month after the state paid an outrageous \$1 million to house fewer than 10 patients.

Senator Nielsen said, "There is no surge in hospital demand in California."

As the Los Angeles Times editorial stated, "[T]he state is moving from the emergency response phase into one of recovery, the governor needs to start sharing power again with the Legislature, as the state's constitution intends. That means no more COVID-19 blank checks."

"Long standing processes and procedures to establish the balance of power in our government must be strictly followed. The Administration must demonstrate why it needs

CHP to 'Unleash' California's Newest Canine Graduate Teams

CHP K-9 graduates have received certification with the public and will begin deploying to communities throughout the state. Photo: CHP

By Jaime Coffee, California Highway Patrol

SACRAMENTO, CA (MPG) - The California Highway Patrol (CHP) is proud to announce the graduation and deployment of nine CHP canine teams, along with one canine team from the University of California, Davis Police Department. The certification of the new canine teams follows 400-600 hours of training.

Due to the current health crisis, the traditional graduation ceremony and skills demonstration was not held, but the Department does want to acknowledge the hard work and commitment of the teams, while sharing the news of their successful certification with the public as they begin deploying to communities throughout the state.

"The addition of these highly specialized teams to our existing canine units is a win for the people of California," CHP Commissioner Warren Stanley said. "Sending more handlers and their canine partners to patrol throughout the state, following their intensive training, will undoubtedly make a positive impact on public and officer safety."

This is the second of two graduations in 2020 for canines trained in handler protection and narcotics detection, handler protection and explosive detection, or explosive detection only. The canine teams complete between 10 and 15 weeks of intensive training at the CHP Academy, depending on their specialty. The CHP officers represent seven different geographical regions, statewide.

The mission of the CHP is to provide the highest level of Safety, Service, and Security. California Highway Patrol Canine Fact List:

Although a formal graduation ceremony

was not held due to the pandemic, eight Patrol and Narcotics Detection Canine (PNDC) teams and one Explosives Detection Canine; (EDC) team completed training and were certified by the California Highway Patrol; (CHP) on May 28, 2020. Additionally, one Patrol and Explosives Detection Canine; (PEDC) team from the University of California, Davis Police graduated with this class;

The PNDC teams go through 11 intensive weeks, or 440 hours, of criminal apprehension and narcotic detection training. The PEDC teams go through 15 weeks of intensive training, or 600 hours, of criminal apprehension and explosives detection training. The EDC teams go through 10 weeks of intensive training, or 400 hours, of explosives detection training. The canines are used to support the Department's mission of providing Safety, Service, and Security to the public;

Among the graduates were four Belgian Malinois (Mal-lin-wah), one Dutch Shepherd, four German Shepherd Dogs, and one German Shorthair Pointer;

All handlers are experienced officers with the CHP. The officers represent the following CHP Divisions: Northern, Valley, Golden Gate, Border, Coastal, Inland, and Protective Services;

The canines are trained to meet the Commission on Peace Officer Standards and Training canine team guidelines;

To maintain the canine's interest and skills at a high level for peak performance, and to expose the team to various situations likely to be encountered while working in the field, eight hours of weekly training is required throughout their career;

Following this graduation, the CHP will have 38 PNDC teams, six PEDC teams, and six EDC teams deployed throughout the state. ★

SMUD Stocking El Dorado County Reservoirs with Thousands of Trout

SMUD Press Release

SACRAMENTO REGION, CA (MPG) - SMUD is again stocking three Sierra reservoirs with rainbow trout. The fish planting starts in June and runs into August. SMUD will stock 25,000 pounds of fish at Union Valley, Loon Lake and Ice House reservoirs in El Dorado County.

Surveys say fishing tops the reasons folks visit the Crystal Basin Recreational Area and the trout plants enhance angling opportunities for the public. On average, the fish weigh almost two pounds, including some trophy fish.

SMUD has scheduled six separate trout plantings. The largest of the three reservoirs, Union Valley, will get 9,400 pounds; Loon Lake, 8,100 pounds; and Ice House, 7,500 pounds. Mount Lassen Trout

Farms of Payne's Creek will deliver the fish. The company also stocks SMUD's Rancho Seco Lake, which annually hosts a very popular trout derby.

SMUD proactively works to improve the quality of life in El Dorado County, where the electric utility owns and operates the Upper American River Project (UARP), a system of hydroelectric generation facilities. "Many SMUD employees work and live in El Dorado County and support the local businesses and the tax base," said SMUD Chief Energy Delivery Officer Frankie McDermott. "Though El Dorado County is outside our service territory, we consider it a very important part of the SMUD community."

In 2014 SMUD was awarded a new 50-year license by the Federal Energy

Regulatory Commission (FERC) to continue operating the UARP, which provides nearly 700 megawatts of low-cost, clean, non-carbon-emitting hydro power. The resource provides about 15 to 20 percent of SMUD's energy capacity during an average water year. The fish-stocking effort helps SMUD meet conditions of operating its FERC license for the UARP.

Fishing licenses issued by the California Department of Fish and Wildlife are available for purchase from more than 1,400 license agents throughout the state and can also be obtained online at wildlife.ca.gov/licensing.

For more information about UARP and associated projects, please visit SMUD.org and the Community and Recreational Areas web pages. ★

haircuts, hair coloring, blowouts, weaves and extensions, braiding, lock maintenance, wig maintenance and hair relaxing treatments.

Salon activities that cannot be done with face coverings on both the worker and client – or that require touching the client’s face – such as shaving, facial waxing, threading, eyelash services and facials – remain prohibited at this time in all counties. Likewise, nail salons remain closed.

“Together, Californians have limited infections in our state, and because of that work, many counties may make a decision to restart modified hair and barber services,” said Dr. Sonia Angell, State Public Health Officer and Director of the California Department of Public Health. “However, COVID-19 is still present in our communities and we are still at risk. As we venture outside our homes, it is critically important to keep physical distance, wear face coverings in public, and wash hands frequently to help protect yourself and those around you.”

Under the new guidance to reopen,

salons and barbers must: Implement measures to ensure physical distancing of at least six feet between and among workers and customers, except when providing haircutting and other close contact services; Provide temperature and/or symptom screenings for all workers at the beginning of their shift and any vendors, contractors, or other workers entering the establishment; Encourage workers and customers who are sick or exhibiting symptoms of COVID-19 to stay home; Screen customers upon arrival and be prepared to cancel or reschedule customers who indicate they have any signs of illness; Require workers and customers to use face coverings during the entire haircutting and other close contact hair services.

More information about the state’s COVID-19 guidance is on the California Department of Public Health’s Guidance web page. More information about reopening California and what individuals can do to prevent the spread of COVID-19 is available at covid19.ca.gov. Find out more at www.cdph.ca.gov ★

Census Bureau Opens for Operations in Select Northern California Counties

By **Marna Davis,**
U.S. Census Bureau

SACRAMENTO, CA (MPG) - The U.S. Census Bureau, in coordination with federal, state and local health officials, will begin to drop off 2020 Census questionnaire packets at front doors of nearly 150,000 households in Northern California that do not have regular mailing addresses, such as in rural areas or households that use post office boxes. That delivery is called the

“Update Leave” operation, and it began March 15 before all fieldwork was suspended March 18 due to the COVID-19 pandemic.

Field staff have been trained to observe all social distancing protocols and will wear official government-provided personal protective equipment for their safety and the safety of the public. This operation is contactless and follows the most current federal health and safety guidelines.

People are strongly encouraged to respond promptly to the 2020 Census using the ID number included in the questionnaire packet. Responding with a census ID or the paper questionnaire helps ensure the best count of their community. People can respond online, by phone or by using the paper form in the packet.

Ask Toni

Have an Emergency Survival Plan In Place Due To COVID-19?

Toni King

Toni:

We are new to the Houston area and Hurricane Harvey absolutely stressed my wife, Joy, to almost having a nervous breakdown. In February, she turned 65 and now is obsessed that if we get caught in a flood, she will pick up the Coronavirus (COVID-19). With an evacuation in tiny boats when areas are under water, she is extremely stressed.

Joy's 91-year-old mother is living in an assisted living facility and we live over 15 miles away from her. What can we do to be prepared for another an emergency regarding the elderly? Seeing what is happening in other areas regarding nursing homes with elderly and COVID-19 this is concerning us? *Thanks, ~ Chris from The Woodlands*

Chris:

Everyone should have a family disaster readiness plan for hurricanes, tornadoes, earthquakes, and/or all types of natural disasters. Now with COVID-19, this is especially important for seniors or those that are disabled. This is especially crucial for their survival because many are energy or technologically dependent for life support or ongoing medical treatment.

***Remember to have extra

masks and practice "social distancing" of at least 6ft.***

Here are a few questions, to help you prepare for nearly any disaster or hurricane no matter what area of America you live with or without coronavirus COVID-19.

- **Do I stay or go?** Know your evacuation route or have a plan in place. Advise your family of your escape route. This will depend on where you live either in the city or in the country. Leave early because during many storms or disasters there have been massive traffic jams to get out of that area.
- a) Make sure you have a sufficient supply of prescriptions and always bring your list of current prescriptions for yourself or any family member.
- b) Have a copy of medical records for those with critical medical conditions such as your mother-in-law's. Keep the medical records in a safe place that you can get to immediately when evacuating.
- c) Advise your family members where the information is located for those with health issues.
- How will you reconnect with family if separated? Create a plan to reconnect with loved ones if land or cell phones are down. Have a backup battery to charge cell phones.
- **Do I have access to clean water?** If you do not have access to clean water, then

any crisis becomes critical in a couple of days. Remember, you may not have access to a grocery store due to the type of disaster you are in or supplies may be depleted. Begin gathering water and food supplies due to the low amount that America now has due to COVID-19.

• **Do I have adequate food supply?** Most households have a few days of food available, but the best way to stock up on additional food and supplies is to add a little bit each week. Remember, during a crisis the power may be out, so cook your frozen & refrigerated food first. Be sure to have plenty of charcoal or gas tanks for a grill to last a week or 2.

• **Do I have enough cash on hand in case the ATMs are not working?** Remember to take your check book. Make sure you have your driver's license, passport, or ID to cash a check.

Hurricane season officially starts on Monday, June 1 and will not end until Monday, November 30. America does not take storms or any natural disasters for granted. Hurricane Harvey devastated Houston, tornadoes and forest fires have wiped out areas.

Now is time for America to join together and "Stay Safe"!

Yes, There's Good News on COVID-19

It's not March anymore. The coronavirus has taken a heartbreaking toll on Americans, but the course of the virus is not the same as it was a few months ago. We are on the other side of the curve. There are encouraging signs all over the country, and no early indications of a reopening debacle.

The question now is whether the media and political system can absorb good news on the virus, which is often ignored or buried under misleading storylines.

The press has a natural affinity for catastrophes, which make compelling viewing and good copy. The pandemic is indeed a once-in-a-generation story. So, the media is naturally loath to shift gears and acknowledge that the coronavirus has begun to loosen its grip.

Meanwhile, progressives and many journalists have developed a near-theological commitment to the lockdowns, such that any information that undermines them is considered unwelcome, even threatening. This accounts for the

widespread sense that no one should say things have gotten better ... or people are going to die.

Usually, when it is thought the public can't handle the truth, it is a truth about some threat that could spark panic. In this case, the truth is information that might make people think it's safe to go outside again.

Almost all of the discussion about reopening is framed by worries that we will reopen too soon, not that we might reopen too late. That is literally unthinkable, even as we have entered a new phase.

As data analyst Nate Silver pointed out last week, the seven-day rolling average for deaths is 1,362, down from 1,761 the week prior and a peak of 2,070 on April 21. That's still much too high, but the trend is favorable.

Testing capacity, such a concern for so long, has really begun to expand after hitting a plateau for weeks. Testing nationally on some days has been in the high 300,000s or over 400,000. The issue in some states now is not capacity, but actually finding enough people to test.

Scott Gottlieb of the American Enterprise Institute notes that the positivity rate, or percentage of people testing positive, has continued to fall throughout May.

The press has often, out of sloppiness or willfulness, tried to create negative news around the reopenings. CNN recently tweeted, "Texas is seeing the highest number of new coronavirus cases and deaths just two weeks after it officially reopened." As Sean Trende of RealClearPolitics pointed out, the seven-day rolling average of new cases had indeed been trending up, but the seven-day rolling average of the number of tests had gone up, too – which would naturally turn up more cases. The key indicator is the positivity rate, and it was down in Texas.

Headlines noted that Florida recorded 500 new cases in one day. It generated fewer headlines, and perhaps none, when Gov. Ron DeSantis explained that the state had received a dump of 75,000 test results, yielding the 500 new cases, for a minuscule positivity rate of 0.64%.

It's not as though we haven't had a cataract of unassailably legitimate bad news over the past few months. We've been experiencing a wrenching public health crisis and a steep recession on top of it. There shouldn't be a need to obscure favorable trends. We can handle the truth.

Social Security Matters

Are Social Security and Medicare Running Out of Money?

By Russell Gloor, AMAC Certified Social Security Advisor

Dear Rusty: I have been hearing reports that Social Security and Medicare will run out of money by 2035 and will only pay approximately 75% of benefits. First, is that true about Social Security? And second, will they reduce benefits to people who are already on it or just the new people signing up? **Signed: Worried about the Future**

Dear Worried: The financial difficulties facing both Social Security and Medicare are well known by those of us who work with these programs every day, and Congress is equally and acutely aware of the issues. But Social Security and Medicare are two entirely separate programs which require two entirely separate answers.

Let's discuss Social Security (SS) first. The SS Trust Fund now has about \$2.9 trillion dollars in assets. These are reserves accumulated from past revenues which exceeded the cost of providing past benefits to recipients of Social Security. That seems like a lot of money but starting this year (2020) Social Security will need to use some of those reserves to pay full benefits. That's because benefits paid out to recipients in 2020 will be more than the money coming in (this was expected even before the pandemic exacerbated the problem). And that trend will continue, and worsen, as we go forward in time. Without Congressional action, the

goes into an "HI Trust Fund" reserved for paying Medicare Part A expenses. According to latest reports the HI Trust Fund is projected to run dry in about 2026 at which point, theoretically, only hospital expenses equal to revenue could be paid.

Medicare Part B coverage (for doctors and other outpatient services) is paid for from two sources – one source is the monthly premiums which are paid by every Part B beneficiary, and the other source is the Government's General Treasury (which picks up the difference between what is collected in Part B premiums and what is needed to pay healthcare expenses). Similarly, it's expected that the Government will shore up Medicare Part A as needed when the time comes (which it has in the past). So, while Medicare is clearly under a lot of financial stress from the ever-increasing cost of healthcare, it's highly doubtful that the program is in any danger going away. More probably, Congress will look to cut the program's expense structure, which would affect medical service providers more than individuals.

There is no doubt that Social Security needs reform to be able to sustain full benefits for future generations and, hopefully, Congress will step forward soon to make those changes. Historically, any changes made to Social Security do not affect those who are already collecting benefits (it would be political suicide to do that), but rather will apply to future beneficiaries (much more palatable politically). Of course, that cannot be guaranteed but, if history is our guide, changes will eventually be made which shore up Social Security's finances, and those changes will affect only those who are not yet eligible to collect benefits.

As for Medicare, part of the FICA payroll taxes paid by every American worker includes an amount (1.45%) to pay for Medicare Part A (hospitalization) coverage for Medicare beneficiaries. Any excess collected

The initial Annual Percentage Rate (APR) is currently 4.25% for a new Home Equity Line of Credit (HELOC), and is fixed for the first 5 years of the loan which is called the draw period. After the initial 5 year period, the APR can change once based on the value of an Index and Margin. The Index is the weekly average yield on U.S. Treasury Securities adjusted to a constant maturity of 10 years and the margin is 3.50%. The current APR for the repayment period is 4.25%. The maximum APR that can apply any time during your HELOC is 10%. A qualifying transaction consists of the following conditions: (1) the initial APR assumes a maximum HELOC of \$100,000, and a total maximum Loan-to-Value (LTV) of 70% including the new HELOC and any existing 1st Deed of Trust loan on your residence; (2) your residence securing the HELOC must be a single-family home that you occupy as your primary residence; (3) if the 1st Deed of Trust loan is with a lender other than El Dorado Savings Bank, that loan may not exceed \$200,000 and may not be a revolving line of credit. Additional property restrictions and requirements apply. All loans are subject to a current appraisal. Property insurance is required and flood insurance may be required. Rates, APR, terms and conditions are subject to change without notice. Other conditions apply. A \$25 early closure fee will be assessed if the line of credit is closed within three years from the date of opening. An annual fee of \$75 will be assessed on the first anniversary of the HELOC and annually thereafter during the draw period. Ask for a copy of our "Fixed Rate Home Equity Line of Credit Disclosure Notice" for additional important information. Other HELOC loans are available under different terms.

California Fairs in Trouble Newsom Statement on Demonstrations

By Suzanne Wright, El Dorado County Fair and Event Center

PLACERVILLE, CA (MPG) - Every county in our state has one. Every county in our state needs one.

But by the end of 2020, not every county in our state will have one – a local fairgrounds.

Your local Fairgrounds are the go-to place during disasters in your community – such as wildfires, floods, pandemics and other disasters. They are the hub of the community. In El Dorado County, the Sheriff utilized the fairgrounds for a press conference when Jaycee Lee Dugard was found. Domestic animals displaced by fire are housed here. Every year, local non-profits host their fundraisers, raising millions of dollars to serve our community at our fairgrounds. Hundreds of local residents walk their dogs at our fairgrounds. Local law and fire departments test and train here. The Speedway hosts races throughout the summer months, bringing fans from all over for a little clay track action. And there is our annual County Fair where local youth learn lessons that will last them a lifetime by raising and showing their livestock. Couples meet and fall in love. Longtime residents listen to the bands of their youth. Thousands of tacos are consumed. All of this could change due to the consequences of COVID-19.

In 2011, then Governor Jerry Brown eliminated ALL funding for California Fairs. For El Dorado County Fairgrounds, that constituted about 25 percent of the

annual revenue. For some fairgrounds it was much more. Some fairgrounds have never recovered. El Dorado County Fairgrounds cut spending, created new methods of generating revenue, streamlined interim rentals, run a bar during the Fair and 4th of July, and created other events, such as the popular Crab and Chowder Gala. With the shut-down THESE ALL CEASED. As of this writing, the Fair Association has lost more than \$200,000 in interim rental revenue, and that will likely rise. If the Fair Association is not able to host the annual County Fair, it will be difficult to keep the gates open.

Here are some facts about California Fairs. Statewide, more than \$35 million is generated by non-profits for their community on fairgrounds. Fairgrounds generate more than \$3.5 billion in annual economic impact while contributing over \$200 million in tax revenue to local and state government.

There is a movement within the California Fair Network to request emergency funding.

This is where you come in. The fair industry needs the public to show their support by urging their local politicians to support emergency fair funding. El Dorado County Fair has a sample letter on their website, eldoradocountyfair.org/contact.html or simply write your own, supporting emergency funding for fairgrounds throughout the state.

Please share this with your family and friends throughout the State and urge them to write letters as well.

It is important for ALL fairgrounds in ALL California communities!

Please act today to save your fairgrounds. Thank you. ★

Office of Governor Gavin Newsom

SACRAMENTO, CA (MPG) - Governor Gavin Newsom issued the following statement on the demonstrations across California:

“Over the last few days, we have seen millions of people lift their voices in anger, rightfully outraged at how systemic racism is allowed to persist. Every single day, people of color are disadvantaged and discriminated against. Black and Latino men in particular face mortal danger all across this country simply because of their race. Every person who has raised their voice should be heard.

“I want to thank all those

who helped protect human life last night and today – from community members who exercised their right to protest peacefully and encouraged others to do the same, to the law enforcement officers who faced what were, at times, challenging conditions.

“In California and across the country, there are indications that violent actors may be attempting to use these protests for their own agendas. We are closely monitoring organizing by violent extremist organizations... To those who seek to exploit Californians’ pain to sow chaos and destruction, you are not welcome. Our state and nation must build from

this moment united and more resolved than ever to address racism and its root causes.”

The Governor also issued a statement on the passing of a federal officer in Oakland:

“This is a moment of pain for our state and nation. We are also mourning the tragic loss of a federal security officer and wounding of another in Oakland. Jennifer and I send our sincere condolences to their families, friends and colleagues. No one should rush to conflate this heinous act with the protests last night. A federal investigation is underway, and we should let that process play out.” ★

FBI Seeks Information on Individuals Inciting Violence

FBI National Press Office

WASHINGTON, D.C. (MPG) - The FBI respects the rights of individuals to peacefully exercise their First Amendment rights. Our mission of protecting the American people and upholding the Constitution is dual and simultaneous, not contradictory.

Accordingly, we are committed to apprehending and charging violent instigators who are exploiting legitimate, peaceful protests and engaging in violations of federal law. The continued violence, potential threat to life, and destruction of property across the United States interferes with the rights and safety of First Amendment-protected peaceful

demonstrators, as well as all other citizens.

To help us identify actors who are actively instigating violence in the wake of Mr. George Floyd’s death, the FBI is accepting tips and digital media depicting violent encounters surrounding the civil unrest that is happening throughout the country.

If you witness or have witnessed unlawful violent actions, we urge you to submit any information, photos, or videos that could be relevant to the case at fbi.gov/violence.

You may also call 1-800-CALL-FBI (800-225-5324) to verbally report tips and/or information related to this investigation. ★

Statement on Collapse of BYD Deal

By Joshua Hoover, Office of Assemblymember Kevin Kiley

SACRAMENTO, CA (MPG) - Assemblymembers Kevin Kiley (R-Rocklin) and James Gallagher (R-Yuba City) issued the following statement in response to the failure of BYD’s N-95 masks to receive federal safety certification:

“The predictable collapse of Gov. Newsom’s secretly awarded \$1 billion BYD contract shows exactly why he must stop

acting unilaterally and start respecting our constitutional checks and balances.

“On April 7, the Governor announced the BYD deal on national television before informing the Legislature. In the ensuing weeks, he refused bipartisan requests to see the contract. We repeatedly asked the Governor for assurances about quality control, which he ignored.

“This episode bears out the risks of concentrated power: unvetted decisions where obvious problems are missed; tunnel vision where

viable alternatives are neglected; undue influence of insiders with political ties to the decision-maker; extraneous motives, such as making national news, that color decision-making; a refusal to change course if it means admitting error.”

“Despite bipartisan alarm about executive overreach, Gov. Newsom still refuses to entertain any limits on his extraordinary powers. It is time for the Legislature to move forward with ACR 196, the one tool at its disposal for reining in the Governor.” ★

Cheers to The CW

for letting its ladies call the shots. *Supergirl* star Melissa Benoist, who plays Kara, and *Riverdale*'s Mädchen Amick (Alice) both handily directed early-May episodes of their shows, expanding the net's roster of actresses turned auteurs, which already includes *The Flash*'s Danielle Panabaker (Caitlin), *Arrow*'s Katie Cassidy (Laurel) and Caitly Lotz (Sara) from DC's *Legends of Tomorrow*.

Jeers to Daytime's Lost Gems

ABC's *Story of Soaps* retrospective has us in a

lather over the fact that there is no place to stream classic episodes of formerly iconic serials like *All My Children*, *Another World* and *Guiding Light*. Especially now when so many of us are home during the day!

Jeers to MTV

for self-isolating in the lamest way. Instead of giving its captive audience binge-a-thons of late greats — hello, *The Real World* and *Teen Wolf!* — the ex-music channel kicked off the month with more than 85 hours of Rob Dyrdek's (pictured) viral video roundup, *Ridiculousness*. That is just...ridiculousness.

In a lather over the fact that there is no place to stream classic episodes of formerly iconic serials.

Cheers to American Idol

for hitting a new high. By allowing this season's finalists to perform from home, ABC's vibrant-again singing competition has a cool, stripped-down vibe that lets raw talent shine free from the show's usually garish production values. ★

SACRAMENTO, CA (MPG) -

Sacramento Life Center, WellSpace Health and Bishop Gallegos Maternity Home have created a partnership to provide a continuum of care for women and teens from the Arden area who are low-income and pregnant, resulting in a recent \$75,000 grant from Dignity Health. The collaborative will help approximately 450 pregnant women and teens in the Arden area have the care they need to transition to parenthood, including a healthy pregnancy, safe home and parenting support. As needed, women will receive pregnancy tests and ultrasounds, assistance signing up for Medi-Cal presumptive eligibility, prenatal and postnatal medical care, pediatric care, housing, parenting education, diapers, clothing, formula and more. Sacramento Life Center and WellSpace Health will receive \$30,000 each, and Bishop Gallegos Maternity Home will receive \$15,000.

"This partnership has found an innovative way to quickly help pregnant women and teens in need receive an array of services," said Marie Leatherby, executive director, Sacramento Life Center. "Through this collaborative, we will significantly increase the number of pregnant women in the Arden area who have access to prenatal care and other wraparound

services that will ensure each woman has a healthy pregnancy, safe delivery and support system in place once the baby is born."

The Sacramento Life Center's mission is to offer compassion, support, resources and free medical care to women and couples facing an unplanned or unsupported pregnancy. The Sacramento Life Center's licensed Sac Valley Pregnancy Clinic includes a primary clinic and mobile clinic that provide all services for free, including pregnancy tests, STD tests, ultrasounds, patient advocacy for men and women, education and resource referrals. The nonprofit also offers a school-based teen education program, 24-hour hotline and program for women who have experienced pregnancy loss. ASK MATT

BY MATT ROUSH TV Guide Senior Critic

Is Voting For American Idol Fair To Half The Country?

Question: Why did the producers of *American Idol* choose to exclude the Western half of the country from selecting the winner? Last year they ran the show in real time, as well as repeating in prime time, but this year by the time the show aired in the Pacific and Mountain Time Zones, the live telecast was over. This was unfair to the finalists and to the

viewers — hardly the way to run a final vote. — Nancy

Matt Roush: So much about this final season of *Idol* was unorthodox and, by necessity, anticlimactic. Even the winner, Just Sam (who smartly performed "Stronger (What Doesn't Kill You)," the hit from *Idol*'s season one champ Kelly Clarkson), barely got to react before it was over. And it's hard to imagine what ABC had going on in the afternoon hours (West Coast

and Mountain times) on Sunday that would preclude them from airing the finale live to all time zones. Turns out, though, that *Idol* did have a mechanism for fans to weigh in on performances through the show's YouTube channel, where the songs were apparently posted after they aired, and voters in all time zones could participate in the vote even if they weren't seeing it live on their TV. (Would have been nice if the show had publicized this more; I didn't know about it until I did a little research after the fact.) The last thing a show like this needs is a charge of voter suppression.

Proceeds from Quick Quack's New Community Guide to Benefit Food Banks

By Courtney Hardy-Wagner, Quick Quack Car Wash

SACRAMENTO REGION, CA (MPG) - Quick Quack Car Wash has developed a Community Guide to spur the local economy and raise funds for local non-profits. The limited number of Community Guides will start selling on Friday, May 29, 2020, at all Quick Quack Car Wash locations across Greater Sacramento.

"We realize many businesses were affected by the shelter-in-place order due to the Coronavirus pandemic," said Travis Kimball, Chief Marketing Officer and Partner of Quick Quack Car Wash. "Our vision is to 'Change Lives for the Better,' which includes showing support to our local businesses, with this guide we hope to increase business for our business partners, and also raise capital for the Sacramento Food Bank and Placer Food Bank. 100% of the proceeds from the guides will be donated to these organizations to continue feeding families during this time of need." While the state is slowly reopening, Quick Quack wanted to do its part to help businesses affected by COVID-19. Although Quick Quack has also suffered a loss, they have continued to operate safely and serve their regular customers. In contrast, many business owners have not been as fortunate.

The community guide includes coupons from businesses like Bonney Plumbing, Electrical, Heating and Air, Pizza Guys, Jiffy Lube, Incredible Pets, Buckhorn Grill, Chando's and other local favorites.

Quick Quack hopes to drive their customers to these community partners to support the businesses and provide some discounts for the public. Businesses like 4 Guys Print & Mail also stepped up to join the effort by donating the cost of printing the guides.

"Bonney is proud to partner with Quick Quack Car Wash and other local businesses to support our community members' needs," said Jeremy Macdonald, Chief Executive Officer of Bonney Plumbing, Electrical, Heating and Air. "During this time, it's especially critical for us to join together to shop locally and support the great work that the Sacramento Food Bank and Placer Food Bank provide to families in need."

The Community Guides will be available at all 26 Quick Quack Car Wash locations. Customers can stop by anytime between 7

AM and 9 PM to purchase a Community Guide for \$5 with all proceeds going to the Sacramento Food Bank and the Placer Food Bank.

"We appreciate Quick Quack stepping up to help Placer Food Bank address the unprecedented increase of food insecurity needs in our community due to a loss of jobs and income," said Lisa Heinrich, Director of Development at Placer Food Bank. "Every dollar donated helps us and our hunger-relief partners ensure that food is on the table for children, families, and seniors in the communities that we serve throughout El Dorado, Nevada, and Placer Counties."

Join us by purchasing a guide with coupons that will help local businesses and nonprofits right in our community.

iHeartmedia Sacramento's Sam Shane Wins Murrow Award For Best Podcast

By John Nelson, iHeartMedia Sacramento

SACRAMENTO, CA (MPG) - News 93.1 KFBK, Sacramento's News, Weather and Traffic Station, is excited to announce that top on-air personality Sam Shane's podcast, "The New Angle: Jim Jones and The People's Temple," has received a Large Market Radio Television Digital News Association (RTNDA) Murrow Award for "Best Podcast." The Murrow Awards recognize local and national news stories that uphold the RTDNA Code of Ethics, demonstrate technical expertise and exemplify the importance and impact of journalism as a service to the community.

Hosted by Shane and produced by Zac Foster, "The New Angle: Jim Jones and The People's Temple" tells the story of how San Francisco detective David Reuben uncovered the disturbing allegations against Jim Jones, a man who led a cult in a South American jungle and convinced his followers to take their own lives in November 1978. As detailed in the podcast, Reuben tried to warn top city officials

with allegations against Jones including theft, sexual misconduct and even murder, and he still wonders to this day if the Jonestown massacre could have been avoided.

"A good podcast doesn't just inform, it takes you along an emotional ride," said Curtiss Johnson, Vice President of Programming for iHeartMedia Sacramento. "It makes you feel and think many times, long after you've finished listening. Sam Shane certainly did that with his provocative 'The New Angle: Jim Jones and the People's Temple.'"

"The story of Jim Jones and The People's Temple has been told many times, but never how David Reuben told it to me," said Shane. "He described in riveting detail how top political leaders in San Francisco and California ignored warnings about Jim Jones. This podcast wouldn't have been possible had it not been for Reuben's courage and honesty in telling this sad yet remarkable tale. Editor Zac Foster and I are honored and thankful to win this award."

Shane joined co-host Cristina Mendonsa on "The KFBK Morning News" in March of 2019 and delivers the latest local, national, and breaking news and analysis. In addition to reporting on-air, Shane is featured on the station's website, KFBK.com, social media channels and "The New Angle: Jim Jones and The People's Temple." A University of Minnesota alum, Shane has more than 30 years of experience in broadcast journalism and investigative reporting. His career includes stints at KCRA-TV, CBS 13 Sacramento, KGO-TV San Francisco, FOX-TV Seattle and as a national anchor at MSNBC.

The award-winning podcast can be heard on the station's website and the full list of Murrow Award winners can be viewed at iHeartMedia.com. ★

ESKATON
Transforming the Aging Experience

“Without a doubt I believe my mom, who is in memory care, is receiving amazing care. The staff is genuinely concerned about her ... Many of the staff that were there when she arrived had worked there since it opened its doors, and they are still there today. That says a lot to me about how much they enjoy what they do. My mom gave so much to others as a nurse for over 30 years that it’s nice to see her now on the receiving end as she is now getting the same kind of care she once gave.”
