The Board of Equalization is the only elected tax board in the country. Its five members include four equalization district members, and the State Controller. Under its constitutional mandate, the BOE oversees the assessment practices of the state's 58 county assessors, who are charged with establishing values for approximately 12.8 million assessments each year. # with Butterfly Release

Story by Shaunna Boyd

SACRAMENTO REGION, CA (MPG) - Sunday, September 8 is national Grandparents Day, and two local non-profits are observing the day with a Grandparents Day Butterfly Release. Sacramento Children's Museum (SCM) and Snowline Hospice are hosting the Butterfly Release ceremony at 11:30 am at the museum, which is located at 2701 Prospect Park in Rancho Cordova.

SCM's mission is to inspire a love of life-long learning by providing a space for children to play, create, and explore. Snowline's mission is to help patients through end-of-life care and support their families through the grieving process. The Grandparents Day Butterfly Release is a way to support two great causes at the same time while also recognizing the vital role grandparents play in children's lives.

SCM's director of museum advancement Meghan Toland said, "We chose Grandparents Day because grandparents are so important to us at the museum – we see them bringing kids in every day. ... Celebrating grandparents is a great way to bring awareness to Snowline and the Sacramento Children's Museum."

Participants can dedicate a butterfly in name of a beloved grandparent. "You can reserve as many butterflies as you want," said Toland. The event will include Monarch and Swallowtail butterflies - both beautiful options to honor grandparents' significant impact on our lives.

The butterflies are locally and sustainably sourced, and they will be transported to the museum on ice – putting

Participants will release Monarch and Swallowtail butterflies in honor of grandparents' important role in their lives

them into a temporary hibernation until they are woken up at the event. Participants will wake the butterflies by warming them in their hands during the dedication, and then the butterflies will be ready for release after the ceremony.

Grandparents are an important part of all our lives, so Toland explained that the event is not just for children - all ages are encouraged to attend. She also emphasized that the dedications do not have to be in remembrance: "It's to remember those we don't have any more and also to celebrate those still in our lives every day."

Toland said they expect to release 400 butterflies, so they are anticipating a large turnout at the event. After the Butterfly Release, a celebration will feature games, activities, face painting, and food vendors.

Proceeds from the event will benefit SCM's educational programs and Snowline's Healing All Together (HAT) grief group, which helps children and their families deal with grief after losing a loved one. Because it can be difficult for kids to verbalize their emotions, HAT helps kids express their grief through art, motion, music, and play. SCM works in partnership with Snowline, which hosts the HAT program at the museum twice a month.

Butterflies for the event must be reserved in advance on the website, and people are already signing up. The deadline to reserve a butterfly is Friday, September 6 and the cost is \$10 per butterfly, or \$15 for a butterfly and admission to the museum. To reserve a butterfly - or to sign up as a vendor or sponsor visit www.sackids.org.

# Memorial Tree to Honor Band Leader Skinner — August 17

The John Skinner Band will present music for all ages during a Carmichael Park concert on Saturday, August 17. Photo courtesy John Skinner Band.

#### Staff Report

**CARMICHAEL, CA (MPG)** - The 44th Carmichael Park summer concert season continues. The John Skinner Band presents a Saturday, August 17 show. In memory of the band's late leader John Skinner, the Carmichael Chamber of Commerce and the Carmichael Park District will dedicate a new tree during the performance.

Larger-than-life community figure Skinner died two years ago. He played his final solo – one week before his death – in Carmichael Park. A new oak tree will grow near the spot. "John was an oak to the music business and to our community," said his widow, singer Susan Skinner. "This memorial will enhance the park and provide shade for many future concertgoers. John helped sponsor our summer music. He and our band also performed more than 50 concerts here over the years. He really cared about his audiences and loved to see them enjoying music and dancing. I know he'd be honored by this tribute."

To cater to fans of all ages, the Skinner Band will present an August 17 program that ranges from classic rock to swing and Latin numbers. Instrumentation will include trumpet, sax, trombone, bass, keyboard, guitar and drums. Susan Skinner is the featured vocalist. For information, call (916) 483-7826. ★

The California Office of Traffic Safety (OTS) is asking drivers to not leave children in hot cars and check the back seat before you get out of the car.

#### By Tim Weisberg, California Office of Traffic Safety

SACRAMENTO REGION, CA (MPG) - The summer heat is here and that means it is even hotter inside the car. The California Office of Traffic Safety (OTS) is asking drivers to not leave children in hot cars and check the back seat before you get out of the car.

Tragically, 52 children died last year after being left alone in a hot car, a 21% increase from 2017 and the highest number in more than 20 years. Since 1998, more than 800 children have died from vehicular heatstroke.

"Cars are well insulated and rise in temperature quickly," OTS Acting Director Randy Weissman said. "Too many senseless tragedies have taken place because parents or caregivers either forgot, thought it would be okay to leave a child in the car, or gave a child easy access to get inside."

The temperature inside of a car can rise nearly 20 degrees in only 10 minutes. Even when it is only 70 degrees outside, the car temperature can reach triple digits in half an hour. A children's body temperature can rise five times faster than an adult, leaving children prone to heatstroke quicker.

Common signs of heatstroke include red, hot and moist or dry skin, lack of sweat, dizziness, nausea, confusion, as well as being grouchy or acting strangely.

The OTS encourages parents and

caregivers to take extra precautions to make sure a child is not left or forgotten in the back seat:

Never leave a child alone in a car, even if you are running a quick errand, the child is sleeping or doesn't want to get out; Make it a habit to look in the back seat before you leave the car. Keep a stuffed animal, purse, phone or wallet next to the car seat as a reminder; Check in with a spouse, child care staff or caregiver when there is a change in schedules to verify the child was picked up or dropped off; Always lock your vehicle and keep the keys out of reach. Teach your child that a car is not a play area.

Heatstroke prevention also applies to pets, who face the same risks for heatstroke when left in a hot car. Keep your pets safe by leaving them at home unless you need them with you.

If you see a child or pet alone in a hot vehicle:

Make sure the child or pet is okay and responsive. If not, call 911; Try to find the parents or pet owner. Notify security or use a business or shopping center's PA system to alert the car owner.

The OTS administers funding for traffic safety programs statewide with the goal of reducing crashes that result in deaths, injuries, and economic losses. The OTS is a department under the California State Transportation Agency (CalSTA).
