## Gala Boosts Carmichael "Gem"

Nature Center Hosts "Wild Things" Fundraiser

Gala VIPs included broadcaster Eileen Javora (left), Marcy Friedman, Paul Kaufmann, Supervisor Susan Peters, auctioneer Keith McLane, Susan Pallotta and Allan Davis.

**CARMICHAEL, CA (MPG)** - Carmichael wild life lovers last Saturday came out in support of the Effie Yeaw Nature Center. More than 300 guests enjoyed fine food, wine and art. Many also relished the sight of deer and wild turkey within

yards of the al-fresco feast. Fundraising was augmented by an art auction, raffles and raise-the-paddle opportunities. Celebrity artist contributors this year included Pat Mahony, David Peterson, Gregory Kondos, Maria Winkler and Paula Bellacera. Sacramento Fine Art Center members also provided paintings and

sculptures. Keith McLane of KLM Auctions wielded the auction gavel and KCRA's Eileen Javora was emcee. In addition to art, vacations, sports and entertainment packages fell under the hammer. Sharif Jewelers donated a diamond ring to boost fundraising.

Administered by the American River Natural

History Association, the Effie Yeaw facility and its park welcome more than 100,000 visitors per year. A portion of the funds raised last weekend will provide free nature enrichment programs for schools that could not otherwise afford them.

**Keep  
Cool This  
Weekend  
But Stay Off  
The River**

By Ken Casparis,  
Sacramento County

**SACRAMENTO COUNTY, CA (MPG)** - With temperatures on the rise, a trip down the American River may sound like a great way to beat the heat, but, with water releases from the Nimbus Dam expected to be at or above 15,000 cubic feet per second (cfs), Sacramento County Regional Parks is warning residents to find other ways to beat the heat.

"Most raft rental companies in the area stop renting rafts to the public when planned releases from Nimbus Dam are between 8,000 - 10,000 cfs," said Liz Bellas, Director of Regional Parks. "A typical Sacramento summer sees outflows to the American River at around 2,000 cfs or less. Releasing about 15,000 cfs during the last week, it's just not safe for people to be on the river."

While the river may not be the safest way to cool down this weekend, there are other options.

"Staying cool when the weather is hot is very important," said Dr. Olivia Kasirye, Sacramento County Public Health Officer. "To stay cool, remember to take drinks of cool water, wear lightweight loose-fitting clothing, and limit your exposure to the sun by staying indoors in an air-conditioned place. Remember to also check on your neighbors if they are sick or elderly." Young children, the elderly and people with chronic disease conditions are more susceptible to the effects of the heat.

For more information on summertime heat, check out the Sacramento Ready website.

**NOTE:** Releases from Nimbus Dam were originally planned for at or above 13,000 cfs, and were increased to 15,000 cfs on Friday, June 7. ★

# Road Construction Season Underway

By Matt Robinson,  
Sacramento County

**SACRAMENTO COUNTY, CA (MPG)** - It's that time of the year on Sacramento County roads. Construction season. The Sacramento County Department of Transportation (SacDOT) crews are busy with projects to improve area roads through new construction and maintenance efforts to beat back the wear and tear on the streets.

Some projects will be big efforts like the replacement of two bridges on Ione Road, and the construction of streetscape and completion of street improvements on Florin Road between Power Inn Road and Florin-Perkins Road (Old Florin Town). Others are designed to improve safety and mobility for all users including pedestrians, bicyclists and motorists, like the Garfield Avenue Improvement Project which will add bike lanes, sidewalk and street lights from Whitney Avenue to Gibbons Drive while modifying the traffic signal at Winding Way.

SacDOT has compiled a Project Master List (PML), which is posted on the department website. It highlights the planned projects the department is working to complete. In the list, you can see: Which projects are in your area; A description of the planned work; When the Board of Supervisors approved/ expects to approve the project; When construction is expected to start and end.

The PML also shows how much the project will cost, and how it is being funded. The PML includes all projects in the County

Image of a road repair crew filling in trenches on one of our roadways. Photo courtesy of Sacramento County.

that are currently under construction or will begin construction shortly. It also shows projects that are in earlier stages of development (environmental review, design, right-of-way acquisition) and are scheduled to be constructed in future years. This list is updated quarterly to include the latest project schedules and information.

Keeping the roadways safe means SacDOT crews will be out and about throughout the County in various ways taking care of

much-needed maintenance. Crews will be busy filling potholes every day.

There are 5,200 lane miles of paved roads in the unincorporated areas of the County. In 2018, crews fixed nearly 59,000 potholes, but the weather coupled with the amount of traffic on our roads means potholes will show up as fast as crews fix them. Repairing a pothole is labor intensive work; due to the small size of a pothole, it requires crews to fix them by hand by shoveling

asphalt into the holes. The patches offer a temporary solution, and eventually, roads with multiple patches will need a more expensive solution.

SacDOT is rolling out a \$22 million street improvement plan that includes Elkhorn Boulevard. Work like this, known as an AC (Asphalt Concrete) Overlay will repair the base of the road. An overlay project is more than pothole repair. This involves grinding and removing the surface materials and replacing with

rubberized asphalt concrete. These projects are time-consuming, traffic disrupting, and expensive. The Elkhorn project will cost around \$3.4 million.

Construction season isn't solely focused on roadways. The spring and summer season means trees are in full bloom, the grass is growing, and weeds need to be abated. That bloom can also mean excess growth that needs to be trimmed before they cause a driving hazard. SacDOT maintains the

right-of-ways in the unincorporated areas. Public safety and healthy landscapes are the focus of the department's Trees and Landscape section.

During the warm weather season, tree crews are out daily clearing the roads and sidewalks of hazards. Last year, crews trimmed 4,000 trees and removed another 257 diseased trees. This maintenance responsibility covers County owned roadway frontages, medians, pedestrian walkways, soundwalls, bike lanes, and overpasses. Along with the trees, you can find crews mowing more than 4,000 miles of roadside grass and performing nearly 2,000 miles of weed control.

SacDOT does its best to monitor the areas that need maintenance. A list is maintained with priority given to projects that have funding or pose immediate threats to public safety, but crews can't catch everything. To inform the department of areas that need maintenance, the public is encouraged to call 3-1-1 or report it online. Public input can also help stop problems before they grow, and that can help save money by stopping small issues before they become worse.

SacDOT appreciates the public's patience as County crews and contractors work to improve the roads, sidewalks, and landscape in the unincorporated areas. You can stay up-to-date with emails on road closures by subscribing to the SacDOT Road and Lanes Closure List. You can also follow SacDOT on Facebook and Twitter. ★

**CARMICHAEL, CA (MPG)** - A sizzling art fiesta filled Pavilions Shopping Center last weekend. Enduring mid-90s temperatures during its 61st annual show, the festival raised funds for Sacramento Suburban Kiwanis Club and paraded wares by more than 100 artists and crafters.

Revenue from the event will assist disadvantaged children and adults in the Sacramento region. Other beneficiaries

include Just for Kids (helping youth with a family member undergoing cancer treatment); Dyer Kelly Elementary School; Wellspring Women's Center; Sacramento Crisis Nursery; Stanford House; Easter Seals; Sierra-Arden Food Closet and the Kiwanis Family House. Sacramento Suburban Kiwanis also sponsor four high school Key Clubs and Troops 53 Boy Scouts and Cub Scouts. For information on the club, call (916) 972-7337. ★

# SMUD and CDFW Stock Thousands of Trout in Reservoirs

## SMUD Press Release

**EL DORADO COUNTY, CA (MPG)** - SMUD and the California Department of Fish and Wildlife (CDFW) are again stocking three Sierra reservoirs with rainbow trout. The fish planting will run into August with SMUD stocking 25,000 pounds of fish into Union Valley, Ice House and Loon Lake reservoirs in El Dorado County. This is the fifth consecutive summer SMUD and CDFW have combined efforts to stock the reservoirs.

The trout plants are intended to enhance angling opportunities for the public. Surveys say fishing tops the reasons folks visit the Crystal Basin Recreation Area. On average, the stocked trout weigh one to two pounds each, including some trophy fish. SMUD, along with the owners of the Ice House Resort, have installed the "Crystal Basin Bragging Board" where anglers can post pictures of their catch from Crystal Basin reservoirs. There is also a scale available if anglers wish to weigh their catch and claim biggest-fish bragging rights. Anglers are also encouraged to tag SMUD on social media and show off their catch.

SMUD proactively works to improve the quality of life in El Dorado County, where many SMUD employees call home and work, and where the electric utility owns and operates the Upper American

River Project (UARP), a system of hydro-electric generation facilities.

SMUD was awarded a new 50-year license by the Federal Energy Regulatory Commission (FERC) in 2014 to continue operating the UARP, which provides nearly 700 megawatts of low-cost, clean, non-carbon-emitting hydro power, enough to provide about 15 to 20 percent of SMUD's energy capacity during an average water year.

The fish-stocking effort helps SMUD meet conditions of operating its FERC license for the UARP.

SMUD will coordinate six separate trout plantings starting in early June and continuing into early August. Union Valley, the largest of the three reservoirs, will get 9,600 pounds; Loon Lake, 7,750 pounds; and Ice House, 7,650. The fish provided by SMUD will come from Mount Lassen Trout Farms of Payne's Creek. The company also stocks SMUD's Rancho Seco Lake, which annually hosts the very popular Trout Derby.

Fishing licenses are available for purchase from more than 1,400 license agents throughout the state and can also be obtained online at [wildlife.ca.gov/licensing](http://wildlife.ca.gov/licensing).

For more information about UARP and associated projects, as well as current reservoir and stream release conditions, please visit [smud.org](http://smud.org) and the Community and Recreational Areas Web pages. ★

# CHEERS & JEERS

By Damian Holbrook

## Jeers to The Bachelorette's

slim pickings. They may rock skinny jeans and Speedos, but we'd rather Hannah (picture) wind up alone than with instantly-in-love himbo Luke P. or that needy "Always Be Cam" creep on the ABC dating show.

## Cheers to ABC's Salute to King Lear.

The live event reviving *All in the Family* and *The Jeffersons* not only gave Woody Harrelson, Marisa Tomei and so many more the chance to play some of sitcoms' greatest characters, it also clued younger viewers in to the fact that the shows' cocreator, Norman Lear,

developed edgy, topical content way before cable or streaming.

## Jeers to Superstore

for getting a little too real. NBC's breeziest comedy waded into all-too-topical waters for its season finale by having ICE raid Cloud 9 and take undocumented Mateo (Nico Santos). The show always has something to say about the world; we're just not sold on such a sad turn.

## Cheers to Dead to Me

for being a lively look at grief and girl power. Linda Cardellini and Christina Applegate deftly balance dark humor and heartbreak in Netflix's grim comedy about a widow's unlikely bond with a pal hiding a killer secret. ★

Lisa (pictured) seemingly leaking the story has us ready to be put down.

## ASK MATT

BY MATT ROUSH TV Guide Senior Critic

### Will Netflix Pick Up The Kids Are Alright?

**Question:** Any chance Netflix will pick up *The Kids Are Alright*? – Lorraine

**Matt Roush:** I wish. This question arises frequently, after almost any series is canceled anymore since Netflix, Hulu and Prime Video have all stepped in to keep canceled shows alive in recent years. But it rarely happens with shows that only have a single season's inventory, so

*Kids* seems a long shot. Still, *Kids* has one of the more vocal fan bases currently with social media campaigns and petitions underway to rally support. So if miracles are possible, let one happen for *Kids*.

**Question:** Will there ever be a *Knots Landing* reboot? – Edward

**Matt Roush:** It's one thing to remake and further dumb down guilty pleasures like *Dynasty* or even *Melrose*

*Place* – for the record, *Dallas* exists on its own plane, and couldn't sustain its so-so reboot after the death of Larry Hagman. But for me, *Knots Landing* remains the gold standard of 1980s-era prime-time soaps, in terms of quality and writing and performance, elevating the form into a form of escapist nirvana. It never really achieved the iconic status of *Dallas* and *Dynasty*, and I was OK with that. I would hate for a new version to sully *Knots*' reputation the way the new *Dynasty* would if it weren't flying so below most people's radar.

# Thousands of Distracted Drivers 'Caught in the Act'

Citations are just one tool law enforcement has at its disposal for combating driver distraction. File photo MPG.

**By Jaime Coffee, California Highway Patrol**

**SACRAMENTO REGION, CA (MPG)** - Despite a state-wide public education campaign about the dangers of distracted driving, the California Highway Patrol (CHP) issued 19,850 citations during the month of April to drivers who violated California's hands-free cell phone laws. This total represents a 3.6 percent increase from April 2018. As part of the campaign, the CHP identified two statewide, zero-tolerance enforcement days, April 4 and 19. During that time, the CHP issued 2,459 citations to drivers for violating the handsfree law.

The CHP, the California Office of Traffic Safety (OTS), Impact Teen Drivers (ITD), local law enforcement, and other traffic safety partners worked together throughout Distracted Driving Awareness Month to educate drivers on the dangers of distracted driving. Only statistics from the CHP were available for release.

In addition to phones, other serious distractions include eating, grooming, applying makeup, reaching for fallen objects, using a vehicle's touchscreen, knobs, dials or buttons, changing clothes, or any other task that takes your eyes or mind off the road.

"Citations are just one tool law enforcement has at its disposal for combating driver distraction," said CHP Commissioner Warren Stanley. "Our ultimate goal is compliance with California's handsfree law so

that nothing diverts a driver's attention or interferes with their ability to safely operate a vehicle."

The OTS continued its "Go Safely, California" public awareness campaign for the month of April and early part of May with a focus on distracted driving. The education effort included TV and radio spots, social media posts, and outdoor billboards with messages encouraging Californians to put down the phone while driving.

"Drivers on their cell phone are a stubborn problem that will continue to require extensive education about the dangers and enforcement of laws against using cell phones behind the wheel," OTS Director Rhonda Craft said. "It is a bad habit that may be hard for some to break, but is something that far too often leads to tragic consequences," she added.

ITD, a Sacramento-based nonprofit that educates teens on the dangers of reckless and distracted driving, kicked off Distracted Driving Awareness Month with a Teen Safe Driving Roundtable at California State University, Sacramento. ITD hosted the event with the CHP and the National Transportation Safety Board to discuss ways to improve teen driver safety where driver distraction is the primary cause of crashes.

"Seventy-five percent of teen fatal car crashes do not involve drugs or alcohol but everyday behaviors become lethal when a new inexperienced driver chooses to engage in them behind the wheel," said ITD Executive

Director Dr. Kelly Browning.

The OTS hosted an event April 12 at Sacramento's Inderkum High School to educate students on the importance of driving free of distractions. Students even had the chance to experience first-hand how distractions impact your driving ability through simulator goggles.

The OTS is holding a statewide distracted driving video and billboard contest for high school students, with \$15,000 in total cash prizes. All California high school students ages 14 to 20 are eligible to participate. The OTS is still accepting entries through May 20. For details on rules and how to enter, visit [gofsafelyca.org](http://gofsafelyca.org).

Distracted driving remains a top concern for California drivers. According to a 2018 public opinion survey conducted by University of California, Berkeley, nearly half of all drivers surveyed listed distracted driving because of texting or talking on a cell phone as their biggest safety concern on roads.

"Many drivers understand the risks they take looking at or using their phone, but do it anyway," Director Craft said. "Drivers must use self-discipline and make it a habit to stay off the phone."

California has had distracted driving laws since 2008. The CHP, the OTS, and ITD remind drivers that under the handsfree cell phone law, drivers are not allowed to hold a wireless telephone or electronic communications device while operating a vehicle. Drivers under the age of 18 are not allowed to use a cell phone for any reason, including hands-free. ★

# Regional Parks Open Space Safety Tips

**By Ken Casparis, Sacramento County**

**SACRAMENTO COUNTY, CA (MPG)** - Sacramento County Regional Parks offers miles and miles of multi-use trails and over 15,000 acres of open spaces for residents and visitors to explore. Whether hiking, biking or horseback riding, we want to make sure our parkway users are safely enjoying our beautiful open spaces.

Here are some tips to help you do just that: Pay attention to your surroundings; Bikes are not allowed on unpaved trails outside of the off-paved cycling area; Horses are only allowed on the equestrian trails; Pedestrians should use the left shoulder of paved trails when available;

Make yourself known; Bikers – use your voice and/or bells to let others know you are approaching; Horseback Riders – call ahead and communicate to other trail users how to approach; Hikers/Walkers/Runners – make eye contact with other trail users. Don't be afraid to say "hello!"; Make sure you can hear other trail users. This may mean limiting the use of headphones/earbuds;

Know who has the right of way. Those traveling uphill and horses have the right

of way. If traveling downhill on a narrow path, step aside to allow uphill traffic to pass. When necessary, travel single files and do not block the trail.

Watch your speed. The MAXIMUM speed on Regional Parks multi-use trails is 15 mph. If you can't see well ahead of you, slow down!

All dogs must be on leashes. Leashes must be no more than 6 feet in length;

Yield to horses and don't crouch. Horses are naturally skittish animals; always ask for permission before approaching or touching a horse. Watch out for snakes. As the weather warms up, the snakes come out.

Obey all posted signs; Emergency call boxes can be found along the multi-use trail. If you require assistance and are not near an emergency call box, call 911. For non-emergencies, you can call 916-875-PARK (7275) or make a report through 311.

Other tips for enjoying your Regional Parks: Please do not litter. Take out what you bring in; Be kind to your surroundings; Be careful when touching plants and do not remove them from the ground.

For more information on safely enjoying your regional parks, visit the Regional Parks website at [www.regionallparks.saccounty.net/Parks](http://www.regionallparks.saccounty.net/Parks) ★

# Tips to Keep Teen Drivers Safe While Driving

**By Michael Blasky, AAA Foundation for Traffic Safety**

**WALNUT CREEK, CA (MPG)** - The 100 days between Memorial Day and Labor Day are considered the most dangerous for teen drivers. In the past five years, during that time, nearly 3,500 people across the country were killed in crashes involving teen drivers.

New data analyzed by the AAA Foundation for Traffic Safety reveals that the three most common behaviors that contribute to the spike in teen crashes during the summer months are speed, impaired driving, and distracted driving.

Following are some impressive facts on the issue: More than a quarter (28%) of teen crashes involve speeding; One in six (17%) teen drivers test positive for alcohol in fatal crashes; More than half (60%) of teen crashes involve distraction.

"As an advocate for safe roads, AAA wants parents and guardians to be concerned about scary, but true, teen driving statistics," said Michael Blasky, spokesperson for AAA Northern California. "Through education, training, and parental

involvement, we can help young drivers become better and safer drivers. This in turn, can help make the roads safer for everyone."

To keep roads safer this summer, AAA encourages parents and guardians to:

Lead by example and minimize your own risky behavior when driving; Talk with teens about the dangers of risky driving situations, such as speeding, impairment and distracted driving; Make a parent-teen driving agreement that sets family rules for teen drivers; Become familiar with resources like TeenDriving.AAA.com, which can help prepare families and teens

for the summer driving season.

"Not only do teen drivers pose a risk to themselves, they're also a risk for their passengers and others they share the road with," Blasky said. "We want parents and guardians to take this rite of passage seriously by setting and consistently enforcing rules for teen drivers this summer."

In addition to TeenDriving.AAA.com, the AAA StartSmart program can help parents and guardians become more effective in-car coaches as well as advice on how to manage their teen's overall driving privileges. ★

# NorCal Veterans Golf Tournament to Support Local Vet Program

**Submitted by  
Michael Ackley,  
Veterans' Golf Program**

**CARMICHAEL, CA (MPG)** - Two-person teams are being recruited for the inaugural Northern California Veterans Championship Golf Tournament, scheduled July 5 at Ancil Hoffman Golf Course in Carmichael. The \$125 per person entry fee will provide breakfast, range balls, cart and luncheon.

This event, for golfers with or without military service, will honor and benefit the Veterans' Golf Program (VGP), which currently assists more than 100 participants. VGP is open,

at no cost, to all disabled, injured or ill military veterans who have challenges ranging from orthopedic injuries to post-traumatic stress issues. It helps them develop relationships and enhance self-esteem through the game and culture of golf.

The July 5 fund-raising tournament will feature a two-person scramble format, and each team will designate a branch of the armed services to represent. Teams may enter in the veterans, non-veterans, women's or co-ed divisions. The Nor Cal Championship award will go to the top all-veteran men's and veteran women's

teams. A separate Nor Cal Cup award will go to the top two-person team that includes either a veteran and a non-veteran, two non-veterans, a co-ed or single-sex pair.

Tickets for prize drawings will be sold during the event and there will be a brief auction fundraiser during lunch.

# Jedediah Smith Trail Receives National Recognition

**Ken Casparis, Sacramento County**

**SACRAMENTO COUNTY, CA (MPG)** - At its May 21 meeting, the Sacramento County Board of Supervisors approved a resolution supporting the designation of the Jedediah Smith Memorial Trail as part of the U.S. Bicycle Route System (USBRS).

Cal-Trans and representatives from Adventure Cycling Association reached out to the Department of Regional Parks to request that the Jedediah Smith Memorial Trail be included in the pilot route for the California USBRS designation, as part of USBR 50.

"We are thrilled that our world-renowned trail is going to be included in the pilot route for the California USBRS designation," said Liz Bellas, Director of Regional Parks. "We're hopeful that this designation will increase awareness of our trail from both local residents and experienced, long-distance riders from across the country."

Currently, USBR 50 traverses the states of

Utah and Nevada, with the connection point to California starting at South Lake Tahoe. The proposed route heads west from Tahoe through Sacramento and ultimately connects to the North Bay Area.

The USBRS started in 1982 with two routes established, USBR 1 in Virginia and North Carolina and USBR76 in Virginia, Kentucky and Illinois. These routes were approved by the American Association of State Highway and Transportation Officials (AASHTO), a nonprofit and nonpartisan association representing transportation departments in all 50 states, the District of Columbia and Puerto Rico.

In an effort to establish an official national network of bicycle routes across the United States, AASHTO and Adventure Cycling Association have designated of 13,000 miles of trails as part of the USBRS.

### There Really Are No Trump Mysteries

The surprise about the big New York Times story on Donald Trump's tax returns is that there are no real surprises.

Trump's taxes have been an obsession of the left since he, in violation of a long-standing norm, reneged on his promise to release his returns during the 2016 campaign.

Democrats counted as one of the advantages of taking the House that they could demand Trump's returns. The dispute resulting from the administration's refusal to turn them over is now probably headed to the Supreme Court.

All the while, the expectation, or at least the suspicion, was that the returns contained some awful secret, perhaps evidence that he is a tool of the Russians.

And here, The New York Times has obtained Trump's tax information spanning a decade from the mid-1980s to mid-1990s, and the revelation is that

he wasn't doing as well as he said in public and lost a boatload of money in a period that nearly destroyed him. In other words, exactly what anyone paying any attention would have expected.

Yes, the amount of the reported loss, \$1.17 billion, is remarkable (although inflated for tax purposes) and some of the details memorable, but can anyone say that they are surprised?

Trump himself, the Washington Examiner notes, talked about his precarious financial state in this period on the first episode of "The Apprentice." In fact, he may have exaggerated, saying that he had been "billions of dollars." in debt.

As for Trump's use of tax loopholes, he said in a debate with Hillary Clinton that if he didn't owe any tax liability, that made him "smart."

There really are no Trump mysteries. His flaws aren't hidden away. He often attests to them himself, or demonstrates them publicly. For someone who cares so much about his image, and so assiduously crafts it, he's a relative open book.

No blockbuster report has more than a passing effect because each dispatch is, ultimately, another dot in a pointillist portrait of the president that was largely completed long ago.

This is also why the hope that we are one investigation, tax return or subpoena away from the revelation that will finally bring Trump down -- or even make a difference -- is almost certainly forlorn.

Obviously, it was news that he had paid off a porn star during the presidential campaign, and highly embarrassing. This is why Trump denied it for so long. But he'd already told us about his womanizing in his own words, often on "The Howard Stern Show."

Likewise, the most blameworthy conduct regarding Russia's election interference in 2016 was out in the open -- the Trump campaign was happy to derive any possible advantage from the WikiLeaks disclosures, and Trump tried to deny the obvious Russian involvement.

We didn't need a 400-page special counsel report to break this news.

None of this is to defend or excuse Trump's business practices, or his conduct in office. It is merely to say that he's an extravagantly known quantity, and will likely win or lose in 2020 based on what we already know rather than the fruits of further investigation and fact-finding.

### Defendant Convicted for Barbershop Murder

DATE: May 7, 2019

CASE: Dwayne Sullivan (Case #18FE000912)

PROSECUTOR: Deputy District Attorney Maria Wilson, Gangs & Hate Crimes Unit

Dwayne Sullivan was convicted by a jury of the first-degree murder of Terryon Bean and personally using a firearm in the course of that murder. Sullivan was also convicted of being a felon in possession of firearm and the jury found that Sullivan had been previously convicted of negligently discharging a firearm, which is a strike under California law.

On January 13, 2018, the victim went to the Upgrades Cuts & Styles barbershop for his weekly haircut. Dwayne Sullivan entered the barbershop, walked directly toward the victim and shot the victim multiple times at point blank range before fleeing. About 10-15 seconds later, Sullivan ran from the barbershop, jumped into the passenger side of a car and fled. Detectives sent out an Information Bulletin with still shots captured on the neighboring business's surveillance system. Sullivan's probation officer recognized him and notified detectives.

Sullivan faces a maximum sentence of 80 years to life in prison. Sentencing is set for May 31, 2019, at 9:00 a.m. in Department 29 before the Honorable Geoffrey Goodman. ★
