Soil Born Farms Promotes Healthy Living

SACRAMENTO REGION, CA (MPG) - There's more to ornithology than binoculars and obliging birds. Add a nature preserve resonant with avian song; throw in an expert docent; garnish with breakfast fit for a kingfisher. You then have the Effie Yeaw Nature Center's popular spring fundraiser.

"Bird and Breakfast;"

will this year be staged on Saturdays March 16 and March 23, at the center's Ancil Hoffman Park facility. Reservations are required; the two-event fundraiser sells out every year. Participants will likely see 40 or more species and no bird gets left behind; Sacramento Audubon guides get as excited about tiny finches as rock-star herons, snowy egrets and − yes, it's possible − a bald eagle fly-by.

Equally fascinating are home-building habits during the most industrious time of the avian year. Because Audubon scouts locate nests in advance, visitors will likely see wren, hawk, woodpecker and titmouse abodes. Higher and harder to spot, some hummingbirds will have nested by March. Nest-watching is enhanced by on-site viewing scopes.

A 28-year spring tradition, the \$45 (\$40 for American River Natural History Association or Audubon members) safari is followed on March 16 by gourmet breakfast. The

March 23 foray is for ages six and up. This family-friendly program invites adults for \$12 and children for \$7. Discounts apply for ARNHA or Audubon members. Groups are welcome. Carmichael

Kiwanis will serve a pancake

breakfast on this date. Silent auctions of birdrelated goodies accompany breakfast. Proceeds assist the Nature Center. Neither weekend excursion is recommended for very young children. Participants should wear stout shoes and bring binoculars. Bird and Breakfast begins at 8 a.m., both days. Learn more at www. Continued on page 3

Sacramento County Gives Boost to Bees

By Laurie Slothower, Sacramento County

SACRAMENTO COUNTY, CA (MPG) - If you like food, you gotta love honey bees. These busy little insects pollinate most of the world's fruit, nut and vegetable crops. Without bees, almonds – California's number-one cash crop would disappear.

In an effort to shore up this small but vital segment of local agriculture, Sacramento County has embarked on two programs to protect and strengthen local apiaries.

The Bee Safe program, approved by the Board of Supervisors on Jan. 29, will use funding from the California Dept. of Food and Agriculture to train two county agricultural inspectors on honeybee inspection, theft prevention and pest protection.

The Bee Where program aims to bring together beekeepers and pesticide applicators to track and safeguard hive locations so that bees are not harmed by pesticide exposure.

Here's how it works:

- Beekeepers are required by law to register their colonies and provide notification about the movement of bees. Not all do. New legislation, however, puts a sting in enforcing the regulations, in the form of possible fines.
- Agricultural pesticide applicators will be made aware of bee hive locations within a mile of their application site, through the Bee Where program, and will be able to notify beekeepers 48 hours before the pesticide application is made. The will give beekeepers the opportunity to move or protect their hives.

"We want to create a GISbased network of apiaries integrated with pesticide dispersal permits so that beekeepers can protect hives from damage, or the grower can use a different pesticide that is less harmful to bees," said Agricultural Commissioner Juli Jensen.

"Years ago, we would track hive locations with pins on a paper map. This is a much more efficient way to get beekeepers and growers on the same page."

The Bee Where program has been sponsored by a partnership between the California Agricultural Commissioners and Sealers Association, California Association of Pest Control Advisors, California State Beekeepers Association and the Almond Board of California.

For more information on Bee Safe and Bee Where, call Deputy Agricultural Commissioner Kevin Martyn at 916-875-6603 or visit the Bee Where website.

Secretary of State Sponsors Legislation to Modernize Filing **Process for Candidates for President of the United States**

SACRAMENTO, CA (MPG) -California Secretary of State Alex Padilla is sponsoring

legislation—authored by Senator Tom Umberg—to update the filing requirements for Presidential candidates seeking to compete in California's primary election.

'California voters deserve to have candidates for President — of all parties take California issues seriously," Secretary of State Alex Padilla said. "With our primary election now scheduled for March, the most populous state in the nation will play a major role in the presidential nominating process. The next step in strengthening the process is to update the filing requirements for candidates. The filing process for candidates for President should be clear. transparent, and demonstrate that candidates are serious about earning the support of California voters."

"2016 saw a record number of candidates running for President of the United States, and that looks to be repeated heading into the 2020 Presidential Election,"

From the Office of SOS said Senator Tom Umberg (D-Santa Ana). "California's influence on national politics is undeniable. I'm glad to be authoring the bill to ensure that our taxpayer resources are focused on the candidates who are serious about leading. Voting should be a simple and transparent process and SB 505 will ensure that occurs moving forward."

> Under current law, the Secretary of State places on the ballot the names of candidates for President if they are 'generally recognized' as running. Currently, candidates are not even required to submit documentation or file formal paperwork with the Secretary of State's office to appear on the California primary ballot.

> SB 505 would define criteria that candidates must meet in order to qualify as being 'generally recognized' for a presidential nomination. Candidates would have to submit specified documentation to the Secretary of State's office demonstrating they meet two of the following criteria:

- Qualified for funding under the Federal Election Campaign Act
- Qualified or been placed on

another state's presidential

- primary or caucus ballot Qualified for or has appeared in another state's caucuses
- Appeared in a national presidential debate
- Has all of the following: a campaign office in California, a campaign website, a statement of candidacy filed with the Federal Election Commission, and a written request to appear on the California ballot submitted on the candidate's behalf by a qualified political party.

Candidates would have to meet the criteria to be a 'generally recognized' candidate for president each election cycle. Qualifying as 'generally recognized' in 2020 would not guarantee that a candidate would make it on the ballot in 2024, for example. SB 505 is urgency legislation, so if passed it would take effect for the 2020 Presidential Primary.

Under SB 505 the Secretary of State must announce the candidates who met the 'generally recognized' criteria 88 days prior to the primary election date.

NOTICE OF PETITION TO ADMINISTER ESTATE OF RICHARD PERSINGER

CASE No. 34-2019-00250242 all heirs, beneficiaries, creditors contingent creditors of and persons who may be otherwise interested in the will or estate, or

A Petition for Probate has been filed by Patricia Persinger, in the Superior Court of California, County of Sacramento, requesting Patricia Persinger, be appointed as personal representative to administer the estate of the decedent. The petition requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the executor to take many actions without obtaining court approval. Before taking certain very important actions, however, the executor will be required to give notice to interested persons unless they have waived notice or have consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority. A hearing on the petition will be held in this court as follows May 7, 2019 9:00 a.m. in Dept 129 at Superior Court of California, County of Sacramento 3341 Power Inn Road Sacramento, CA 95826. IF YOU OBJECT to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney. IF YOU ARE A CREDITOR or a contingent creditor of the deceased, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) four months from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code. Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law. YOU MAY EXAMINE the file kept by the court. If you are interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk. The name, address and telephone number of the Attorney for Petitioner is: Esther Ralich 404 Natoma Street Folsom, CA 95630

producers purposefully choose to make fewer episodes per season, opting for quality over quantity, though when a show like Criminal *Minds* is limited to 15, that's almost certainly an economic decision. In the bigger picture, the networks talk about being in the year-round programming business, which means staggering premieres throughout the year to keep their lineups fresh even in off months. It makes for some confusion and frustration for those who yearn for the old days, but that system is fading fast as viewing habits continue to evolve.
