Carmichael Elementary Plans 100 Year Anniversary Event

Carmichael Elementary Principal Brandei Smith (back right, above photo) and students join the school's cougar mascot. Cougar, alumni and current enrollees invite the community to celebrate the school's centenary on May 9. Eighth grade graduates pose on campus in 1925 (at right). Photo courtesy Susan Skinner Archive

**Story and photos
by Susan Maxwell Skinner**

CARMICHAEL, CA (MPG) - Carmichael's oldest school will host centenary celebrations on May 9. Established on Sutter Avenue in 1917, the school aimed not just to educate farm children but also to attract more families to developer Daniel Carmichael's new colony. Carmichael School, as it was then called, began in a wooden building that was uprooted from nearby Winding Way.

Because many pupils rode to school, the campus included a horse shed. Farm kids provided hay for their mounts. At recess, impromptu derbies tore up the playground.

Though the 100-year

milestone was reached last year, festivities are designed to fit into the 2018 spring semester. Principal Brandei Smith promises some things old and many things new. "We'll have a history museum, a then-and-now video and student performances," she says. "The choir will sing our famous "Cougar Song," which is

all about building character and reaching goals."

Administered by the San Juan Unified School District, Carmichael Elementary has 400 pupils from kindergarten to Fifth Grade. Students come from all over the world: in the school office, 'welcome' is

written in English, Spanish, Ukrainian, Arabic and many other languages. "Our diversity reflects what's happening all over America," notes Principal Smith. "We feel exposure to many nationalities enriches children's education."

Centenary festivities will

Trump: Gov. Brown Doing "Very Poor Job" Running State

By Rich Peters, MPG Editor

SACRAMENTO REGION, CA (MPG) - President Donald Trump visited the great state of California to inspect border types near San Diego on Tuesday. He took time out of his visit to express his feelings regarding Governor Jerry Brown's lack of control over the state.

"Governor Brown does a very poor job running California," Trump said. "They have the highest taxes in the United States. The place is totally out of control. You have sanctuary cities where you have criminals living."

Trump's long-awaited, highly anticipated visit to California did not come without a firestorm of adolescent tweets from state leaders in attempt to retaliate against the president's claims.

Brown responded by tweeting, "Thanks for the shout-out. @realDonaldTrump. But bridges are still better than walls. And California remains the 6th largest economy in the world and the most prosperous state in America. #Facts"

#Facts or not, Trump still claims that political leaders in California are actually in favor of walls, saying, "The state of California is begging us to build walls in certain areas, they don't tell you that."

Lieutenant Governor Gavin Newsom responded with a tweet of his own: "California is not "begging" you for this wall. Your wall is a waste of money and is literally impossible to complete. It will look more like a piece of swiss cheese than an insurmountable barrier. It's nothing more than a 6th century solution to a 21st century problem."

Despite all of the animosity, Trump's visit to California lasted just one day. After spending time inspecting wall prototypes built to his specs, he later spoke at the Marine Corps Air Station Miramar before traveling to a Beverly Hills fundraiser that was expected to raise \$5 million for the Republican National Committee. ★

Dog Day Fun Planned for New Park

Story and photo by Susan Maxwell Skinner

CARMICHAEL, CA (MPG) - Eastern Oaks Park's doggie corral was liberally baptized when dozens of pets enjoyed freedom to run and socialize last month. Re-opened and featuring many new family facilities, Eastern Oaks is the first of 17 Mission Oaks Recreation and Park District properties to offer a canine enclosure.

The area provides seating so pet owners may also socialize. Other perks include pooch drinking fountains and ready supplies of plastic baggies for waste-disposal. Carmichael Park added a fenced dog park to amenities in 2014; Eastern Oaks joins the handful of Sacramento reserves with off-leash provisions. "We're pleased at how much use the enclosure has already got," said Mission Oaks Recreation Superintendent Barry Ross. "We had earlier surveyed our residents to see what they wanted in a park. Dog parks were near the top of the list."

A dog day afternoon is planned on April 21 to celebrate the new amenity. The park district invites canines and owners to compete in categories that include prettiest; best costume; best kisser; best trick and human-dog lookalike. Festivities run from 11am to 2 pm Sign-ups are \$5; contestants may register on line at www.morpd.com

Anyone may visit Eastern Oak Park at 3127 Eastern Avenue, Sacramento. ★

Nhia and Marco Ramos (and pooches) were among the first Eastern Oaks Park patrons to take advantage of a new dog enclosure at the seven-acre reserve.

Annual Roseville Gem Show Rocks On for 2018

By MPG Staff

SACRAMENTO REGION, CA (MPG) - Roseville Rock Rollers 56th Annual Gem, Jewelry, Fossil, and Mineral Show will take place at the Placer County Fairgrounds in Roseville March 24-25. Hosted by the Roseville Rock Rollers, also known as the Roseville Gem and Mineral Society, this year's show features gemstones, jewelry, fossils and minerals and has something for the whole family.

The group was established in 1960 as a group of local "rockhounds," according to show chair James Hutchings. That group, deeply interested in the science and art of the earth's natural beauty in rocks and minerals, first met in homes and then as their numbers grew, expanded to the use of a local school room.

Beautiful, polished stones have been strung by hand in a variety of colors and sizes to create one of a kind necklaces for sale during the Gem Show (above). Photo courtesy Roseville Rock Rollers

This year's show has dozens of exhibits for attendees, such as jewelry, metal, wire and glass beading arts, fossils, crystals and minerals, but that's not all. So that attendees aren't rushed, the show also provides a cafeteria. "A very fine hot lunch is available at our own kitchen in Johnson Hall," states Hutchings. The group has put together a menu of very reasonably priced food and beverages will also be available at the show's cafeteria.

In addition to exhibits, classes and demonstrations, show goers can pan for gold, purchase equipment, buy raffle tickets, have rocks, gems and mineral identified by experts or make purchases at a silent auction.

Wishing to share the art and science of the mineral world, in the tradition of gem and mineral shows around the world, the Roseville Rock Rollers established their own gem and mineral

Ray Dodds of the Mother Lode Goldhounds gives gold panning lessons and tips at the Roseville Rock Roller's annual Gem and Mineral Show. MPG file photo

show around 1962. The society grew, the show grew, and the show and the Society moved to the Placer County Fairgrounds where it continues today.

"As the Roseville Gem and Mineral Society has expanded, the show expanded to support the costs associated with its programs, such as the Rookie Rock Rollers, juniors program, the Annual Scholarship program to Geology Students at Sacramento State Geology Department, and our year round Lapidary shop on the fairgrounds," said Hutchings. "The lapidary shop on the Fair Grounds is the heart

and soul of our Society, where we teach lapidary arts, jewelry fabrication, conduct mineral identification and mini tail gate rock sales."

Hutchings developed his love for "rockhounding" at an early age. "Personally, I as most young people, was fascinated with rocks minerals and crystals. My parents encouraged me with my first Golden Book of Rocks and Minerals, a book still in current print, and my first rock pick."

At the age of 38, he became seriously interested in rockhounding and gold mining, attending a mineral

Featured (above) a budding "rockhound" under supervision as she delicately sorts through a tray of semi-precious stones during the Gem Hunt event during the Gem Show. Photo courtesy Roseville Rock Rollers

identification course at Sierra College, next pursuing an in depth understanding the chemistry and physics that form "these miracles in the earth." He has put that knowledge to good use today providing what he refers to as a "mini lab" during the show to test rocks, minerals, and gems to provide guest an idea of materials they have in their possession.

While the Rock Rollers must generate funds to keep their programs operating, the primary purpose of any Gem and Mineral Show is to promote the Art and Science of the mineral world, according to Hutchings.

Like many of the group members, an early exposure to rockhounding and lapidary arts often provides a genesis of interest that often blossoms later in life, Hutchings said. "We really work hard, to attract the parents who want to expose their children to the natural world and foster that spark."

There are presentations and activities for youngsters on identifying and handling specimens of all kinds. Students and Scouts can reinforce their California Rock Cycle curriculum and merit badge information. Scouts can have their mineral finds evaluated for rock type or mineral and validated for their required collection.

Hutchings suggests visitors come early and plan on spending the day at the show. "We take over the entire fairgrounds with exhibits, demonstrators, and vendors."

Not to be missed are real treasures the group will have on display. "Folks tend to walk by the display cases," he said. "These simple, well lighted boxes contain the best of the best of personal collections of minerals in variety or by theme. The displays are, 'literally' miniature museums showcasing specimens in the possession of individuals who have spent a lifetime collecting the best of the best of their favorite species of rock or mineral," said Hutchings.

"We are looking for the general public who are looking for gem stones, set and unset, handmade, and fine art jewelry, and mineral specimens from every corner of the world! We find the single most striking comment from folks who, by accident, end up at our show is, "I had no idea such things existed in the world!"

For more information, tickets and coupons, visit the group's website at www.rockrollers.com

showcase a campus whose 10 original acres were a gift from Daniel Carmichael. Near neighbor since 1931, the Crossroads Church will provide hotdogs and treats for the children. A volunteer group from Del Campo High School will supervise a kids' zone with face-painting and crafts. Fitness professional and children's author Sami Kader will present a program that includes an exercise circuit. An event show-stopper, predicts the principal, will star

kindergarten pupils singing Louis Armstrong's "Wonderful Word," complete with sign language.
"We're opening our doors to show the community how we've evolved," says Smith. "People who attended here love to come back. They're nostalgic and enjoy sharing memories. We hope they'll join us on May 9. They'll be amazed to see how our classrooms have changed."
Centenary planners hope to borrow old photos and memorabilia associated with the school.

A 1972 time capsule will be unearthed before the celebrations. "We'll also bury a new capsule," says Principal Smith. "Sometime in the distant future, students will dig it up and see what we were like."
Anyone may attend the May 9 celebration at 6141 Sutter Avenue. The program begins at 5 pm. For information, and to contribute historical items, call (916) 971-5727 or E-mail the campus representative: stacy.boyd@sanjuan.edu ★

Ten Years Flies By

By Paul V. Scholl, Publisher

CARMICHAEL, CA (MPG) - This week's issue of the Carmichael Times marks the 10 year anniversary of the purchase of the newspaper from former publisher and founder Shirley Turner. The Times was the first newspaper purchased by MPG and was published alongside the American River Messenger, first as a tabloid, then converting to a broadsheet newspaper.

Paul V. Scholl, Publisher

It has been a fun ride, especially getting to know all the great people of the community of Carmichael. The year 2008 wasn't the best possible time to

businesses going out of business. Now the economy is finally looking up, and we are all the wiser.
I am grateful for all the people who worked honestly and diligently to keep the newspaper growing and becoming a bigger part of the community that it is today. All of us at MPG appreciate the investment our advertisers have made with the Carmichael Times these past ten years. We also appreciate the large following of our weekly readership and plan to provide you an improving community newspaper for many years to come. ★

Solar Installations for Low-Income Customers Surpass 100

By SMUD

SACRAMENTO REGION, CA (MPG) - Since late 2016, SMUD, in partnership with GRID Alternatives North Valley, has worked to help customers in underserved neighborhoods save energy and money by making their homes more energy efficient and providing them with free solar electric systems. The partnership recently completed its one-hundredth installation.

GRID Alternatives is a national nonprofit focused on making renewable energy technology and job training accessible to underserved communities. SMUD has worked closely with GRID Alternatives North Valley, which serves Sacramento and surrounding areas, to help them find candidates eligible to receive free solar electric systems in SMUD's service territory. SMUD reaches out directly to customers who are currently enrolled in SMUD's Energy Assistance Program Rate (EAPR). Interested customers contact GRID directly to continue the process and potentially receive a free solar electricity system.

The systems are funded by California Climate Investments, a statewide program that puts billions of cap-and-trade dollars to work reducing greenhouse gas emissions, strengthening the economy and improving public health and the environment—particularly in disadvantaged communities. Typical systems meet 75-90 percent of customers' electricity needs.

SMUD energy experts also work with the selected customers to perform complete energy audits of their homes and determine the most effective ways to improve each home's energy efficiency. Contractors then install multiple efficiency measures, which can include upgrades to insulation, lighting, weather-stripping and more. All of these upgrades are done at no cost to the customer.

"Completing our one-hundredth project is an exciting milestone for this partnership," said SMUD Chief Customer Officer Nicole Howard. "It underscores the efforts we're making to improve the lives of families in underserved communities, and we're proud to continue working with GRID Alternatives to help many more families this year."

"Solar is a triple win in our communities," said Bob Gragson, Executive Director of GRID Alternatives North Valley. "It provides energy cost savings that families can invest back in their homes and neighborhoods; puts people to work; and furthers our transition to clean energy. We look forward to continuing this important work with SMUD."

SMUD is also working to provide energy efficiency upgrades to low-income customers beyond the scope of the GRID Alternatives partnership. SMUD currently has three additional programs—Deep Home Energy Saver, Energy Saver Home Bundle and Energy Saver Apartment Bundle—that are designed to provide SMUD's EAPR customers with energy efficiency upgrades. SMUD's Board of Directors has approved the allocation of more than \$10 million to these programs over the next several years above and beyond the current program's budget.

To learn more about SMUD's programs for low-income customers, visit smud.org. To learn more about going solar with GRID, visit gridalternatives.org/smud. ★

Kiwanian Receives Dunlap Award

By Kiwanis Club of Carmichael

Len Ohlendorf and Wayne Lang. Photo courtesy Kiwanis Club of Carmichael

CARMICHAEL, CA (MPG) - Kiwanis Club of Carmichael member Len Ohlendorf received the prestigious William A. Dunlap Fellowship Award to recognize and celebrate his service to the community, the Kiwanis Club and to the positive elements of Kiwanis. Len continues to demonstrate dedication to community service and provides inspirational and innovative leadership of the club. Len has served as the club president, committee chairman, advisor to the Key Club and various other positions. As membership Chairman, Len implemented strategies leading to seventeen new members last year. Current Club President Wayne Lang says, "He is a dynamo of enthusiasm, fun, and commitment. Len is a sterling example of the positive force of Kiwanis in serving the children of our community." ★

Capitol Pops Concert Band Kicks off 22nd Season March 23 at the California Automobile Museum

By Linda Glover,
Capitol Pops

SACRAMENTO REGION, CA (MPG) - The Capitol Pops Concert Band will kick off its 22nd season with a free, open to the public concert at 7 p.m. Friday, March 23, 2018, at the California Automobile Museum, 2200 Front Street in Sacramento.

Under the baton of newly appointed Director Judith Steinle, CPCB will perform traditional pops favorites, including lively hits from years past and patriotic tunes. This will be the band's sixth annual performance at the downtown venue. The two-hour concert includes a 20-minute intermission.

The open house and concert are being sponsored by the ROSEVILLE AUTOMALL.

The California Automobile

Museum will open to the public at 6 p.m. at no charge on March 23. Visitors are welcome to tour the museum, get detailed information from museum docents and visit the gift shop before attending the free CPCB concert. Refreshments will be available for purchase on-site.

Started in 1997, the CPCB has performed a diverse portfolio of high-quality, well-prepared music heard by thousands of concert-goers throughout Northern California. Based in Citrus Heights, the self-supporting, nonprofit community band of about 50 musicians represents a wide cross-section of the Sacramento area. For more information on the Capitol Pops, find us on Facebook or go to www.capitolpops.org.

The California Automobile Museum displays hundreds of

motor vehicles from all eras as part of its mission to teach the story of the automobile and its influence on our lives. For more details, visit www.calautomuseum.org or the museum's Facebook page, or call (916) 442-6802.

With 17 dealers and 21 automotive brands, the Roseville Automall along Interstate 80 at the Eureka Road exit is one of the largest one-stop destinations for new and used motor vehicles in California. More information can be found on Facebook or www.rosevilleautomall.com. ★

Bright Shining Stars

DOVIA Annual Awards Shines a Light on Outstanding Volunteers

Story and photos by Jacqueline Fox

SACRAMENTO COUNTY, CA (MPG) - How do you inspire a team of volunteers not to roll their eyes when asked to do perhaps the most humble of tasks - scooping up dog waste?

With a lot of patience and a willingness to meet them where they are at, says Janice Wagaman, who was selected by the Directors of Volunteers in Agencies (DOVIA) March 8 as the agency's 2018 Outstanding Volunteer Coordinator of the Year.

DOVIA Sacramento is a non-profit organization providing support, workshops and trainings for professional volunteer managers at agencies across the county.

For the last five and a half years, Wagaman has served as the director of volunteers at the Front Street Animal Shelter in Sacramento. Wagaman is tasked with the job of overseeing roughly 2,400 volunteers at the shelter, which range from high school students to elderly adults with retirement time on their hands - all of whom come in with various levels of passion and commitment for service and, of course, an unwavering dedication to helping animals.

"It's a tough job, lots of passion there, and often it is very emotional," said Wagaman. "But I absolutely would not have any other job in the world," said Wagaman. "In my case, one of the

Third from left, front row, Janice Wagaman, Volunteer Director, Front Street Animal Shelter and 2018 Outstanding Volunteer Coordinator of the year joins members of the board of directors from DOVIA.

biggest challenges is inspiring new volunteers who are starting out at the first level to understand the importance of some of the more menial tasks we have to get done, which is go and pick up poop. And the other challenge is that, with so many people and so many different levels of compassion and passion for being of service at the shelter, I don't always have the time I would like

to have to get to know all of my volunteers on a personal level."

Under her directorship, Wagaman has created a new volunteer program called "SMART (Sacramento Missing Animal Response Team) Pet Alert, which has played an instrumental role in helping to boost the number of the shelter's lost animals who are returned to their owners from 23 percent to nearly 30 percent.

"My volunteers are really pushing this at an amazing level," said Wagaman, one of three volunteers nominated for the award. "They are using social media apps and programs, like Next Door and Facebook to help reconnect lost animals with their owners and it is having a huge impact. I'm super proud of them and this program."

In addition, the shelter's overall "Leave Live Rate" under Wagaman's direction is at 87 percent - that means 87 percent of the animals brought in to the shelter due to separation from their owners, abandonment or other reasons, are being rehomed each year.

"That's a good number," said

Wagaman. "Of course, we'd love to see 100 percent, but we are proud and always working toward the goal."

The annual awards also include recognition for Outstanding Youth Volunteers. Taking that award for 2018 was Janae Bonnell, 18, a senior at Oak Ridge High School in El Dorado Hills. Bonnell has worked as a volunteer at Shriners Hospital for Children in Sacramento since 2016. One of 14 young volunteers nominated for the 2018 award, she plans on a career in pre-med. She has clocked hundreds of hours as a volunteer working in, among other places, the hospital's pre-operation unit, post-anesthesia care unit, operating rooms and admissions department.

"Really, this is amazing, but I am very impressed with all of the other nominees who are volunteering out there like me," said Bonnell, as she posed for photos alongside her parents and sister. "I love working with people and of course being at Shriners gives me valuable experience that goes along with what I want to do, which is pre-med."

Bonnell took home a scholarship for \$500 as part of her award.

Included among the list of nominees for the Outstanding Youth Volunteers is Carmichael resident and El Camino High School senior, Konark Mangudkar, honored for his volunteer work at Eskaton Village Carmichael since 2016. He is interested in a career in neuroscience and technology and has an infinity for working with seniors and in the arena of memory care.

"I get a lot out of working with the elderly, especially those with memory loss issues," said Mangudkar. "I know they often don't know who I am, but sometimes they do. It's a very rewarding place to help out. I know I am getting more out of this than I expected at first."

The other nominees in the Outstanding Youth Volunteers category were Ivori White, with the Sacramento Public Library, North Natomas branch; Adrian McCauley, Sacramento Public Library; Rachel Neches, Reading Partners Sacramento; Cassandra Ng, City of Sacramento Volunteer Program; Cassidy Schreiner Girl Scouts, Friends of Meals on Wheels; Jihad "Gigi" Hamid, Sacramento Public Library, Arden Dimick; Cecilia Uribe-Smith, Sacramento Public Library-Arden Dimick; Celio Gonzalez, Sacramento Public Library, Galt; Isabel Nguyen, Kaiser South Sacramento; Hadley Nevin, Fairytale Town; Isabel Gatdula, Angelique Ashby's Youth Action Corps and Emily Chin-Ito, ACC Senior Services.

The two other nominees for Outstanding Volunteer Coordinators adult category are Jordan Powell, American River Parkway Foundation and Katie Curler, Alzheimer's Association.

Janae Bonnell, second from left, selected as the Outstanding Youth Volunteer award winner by DOVIA, joins her parents, Bridget and Bill and sister Sabrina.

Group photo of the 2018 Outstanding Youth Volunteers nominees who attended the annual DOVIA awards ceremony.

Sutter's Fort to Present "Hands on History: Learning Frontier Survival Skills"

The Sutter's Fort "Hands on History: Frontier Survival Skills" event takes place on Saturday, March 17, 2018. Among the event's highlights, Fort guests will view demonstrations of how fire is started with flint and steel. Photo courtesy California State Parks

By T-Rock Communications

SACRAMENTO REGION, CA (MPG) - California State Parks, Sutter's Fort State Historic Park (SHP) and Friends of Sutter's Fort are proud to present an interactive and fun "Hands on History: Frontier Survival Skills" event on Saturday, March 17, 2018. While the Fort is open 10 a.m. to 5 p.m. that day, hands-on activities are available for guests until 4 p.m. With interpretive themes that change monthly, the popular and interactive "Hands on History" events typically happen on the third Saturday all year long.

For this special hands-on event, Fort visitors will have the opportunity to step back in time to the 1840s to learn necessary skills to survive on the frontier. As background, many of the 19th century adventurers

who came west were farmers, clerks, smiths or bookkeepers and not prepared for life on the frontier. When they made the decision to leave behind their old lives and head into the largely unknown western lands of North America, they had to acquire new knowledge, new skills, and adapt their life to survival in the wilderness. Pioneers had to learn how to use and maintain weapons and firearms, how to hunt and gather food, cook without a stove or fireplace, care for wounds and sicknesses, find fuel, and light fires without the aid of matches. For many, this new life was a challenging transformation, while others discovered new talents.

As event highlights, Fort guests will view demonstrations of how fire is started with flint and steel (and see if they

can create a spark!), explore what plants could be used for food or medicine, and how to treat wounds when no physicians were available. Guests will also learn how foods can be prepared and preserved, unexpected places to find fuel, and see many different types of guns and how they were used for survival. And, of course, popular demonstrations of black powder weaponry in action will take place including the crowd-favorite firing of Sutter's cannon.

Admission to Sutter's Fort SHP costs during "Hands on History" days is \$7 per adult (18 and older), \$5 per youth (ages 6 to 17) and is free for children 5 and under (regular admission pricing is \$5 per adult, \$3 for youth). For more information, call 916-445-4422 or visit www.suttersfort.org. ★

Immigration Is a Federal Issue

Commentary by Doug Ose

Immigration is a federal issue. The laws governing immigration are determined by Congress. Allowing each of the 50 states to create their own immigration system is a recipe for disaster.

Only Congress can resolve the immigration issue. The last time Congress made any meaningful update to immigration law was in 1992, before email and Amazon and smart phones. It's time for a comprehensive update.

My suggestions include the following:

(1) Start by repairing our relationship with Canada and Mexico. These relationships must be cordial and respectful. We have many mutual interests. We also have differences. Those differences cannot be resolved by trading insults.

(2) Create a federal guest

worker program that allows qualified and properly vetted foreigners to work here for a specified period of time. Each worker must provide a significant financial bond in favor of USG to ensure compliance with the terms of the program, including departure at the end of the work term. Collect sufficient biometric data to ensure the worker can be identified. Withhold a significant percentage of their earnings during the work period. At the end of the work period, the worker must return to their own country to get their withheld money at the US embassy there. Use the biometrics to identify the worker. If the worker doesn't show up within 30 days of the end of the work term, then the earnings are forfeited.

(3) Create and fund the necessary eVerify system so that employers can instantaneously determine the status of an applicant, including a picture of the applicant.

(4) Create and fund a process for people who are here illegally, who's only crime is that they came here illegally, to apply for legal status to be earned after a given period of time, perhaps 15 years, as long as they remain productive and law-abiding members of our society. Applicants must post a bond in favor of USG that is forfeited in the

event they break the law.

(5) Fund an adjudicatory process including sufficient administrative law judges to review on a case by case base each DACA application. Get to an answer about each applicant's suitability. Clear the backlog.

(6) Build "the wall."

(7) Terminate the automatic extension of eligibility for immigration to "friends and family". Every applicant needs to be vetted for suitability.

(8) Terminate the program whereby foreign investors can purchase eligibility by making an investment in America. Every applicant needs to be vetted for suitability.

(9) Only grant student visas after posting of a significant bond in favor of the USG. Collect biometric data on student. Bond can only be released by having student appear at US embassy in their home country within 30 days of visa expiration date.

(10) With the exception of emergency medical care, individuals without legal status shall not receive government financial assistance until such time as they have attained legal status.

These are my suggestions. What are yours? ★

Sacramento County DA Reports

Defendant Convicted of Shooting, Robbery

DATE: March 5, 2018

CASE: Demetrius Marcus (Case #17FE010993)

PROSECUTOR: Deputy District Attorney Scott Schweibish, Career Criminal Prosecution Unit

Demetrius Marcus was convicted by a jury of two counts of robbery and assault with a deadly weapon. The jury found true a personal use of gun allegation on all three counts. Marcus was also convicted of being a felon in possession of a firearm.

On March 27, 2017, two suspects entered the victim's apartment, pistol whipped the victim's father and demanded money from the victim. The victim and his son were held at gunpoint while the two suspects ransacked their home, stealing their personal items. When the victim and his son chased the two suspects out of the apartment, one of the suspects shot the victim in the back before fleeing in a getaway car. The victim provided a description of the suspects, but they were not immediately caught. A few months later, the victim was able to identify Marcus as one of the robbers, but was not able to determine if he was the shooter. The other suspect has not yet been identified.

An allegation that Marcus suffered a prior 2009 strike conviction for residential burglary was found true. Marcus' criminal history dates back to 2007, including additional convictions for domestic violence and multiple vehicle thefts.

Marcus faces a maximum sentence of 38 years in prison. Sentencing is set for March 22, 2018, at 9:00 a.m. in Department 42 before the Honorable Allen Sumner.

Defendant Convicted for Attempted Murder, Armed Robbery of Brinks Guard

DATE: March 5, 2018

CASE: Gilbert Smith (Case #16FE013303)

PROSECUTOR: Deputy District Attorney James Wax, Career Criminal Prosecution Unit

Gilbert Smith was convicted by a jury of attempted murder, robbery and being a felon in possession of a firearm. The jury also found true the allegation that Smith personally and intentionally discharged a firearm causing great bodily injury.

On July 8, 2016, Smith robbed a Brinks guard as he transported a large sum of money from the Golden One credit union to his armored vehicle. Smith was dressed as a construction worker with a mask, sunglasses and

bandana covering his face. Once the Brinks guard exited the bank, Smith approached the guard with a .40 caliber handgun and shot him. He then grabbed the money and engaged in a shootout with the injured guard, who shot Smith several times. Both men were transported to the hospital and received emergency treatment. The guard suffered serious injuries, including an infected lung and fractured rib that required multiple surgeries.

Smith has a prior 1994 drug sales conviction and has a pending armed robbery case (#16FE005509).

Smith faces a maximum sentence of 32 years to life in prison. Sentencing is set for April 23, 2018, at 9:00 a.m. in Department 20 before the Honorable Michael Bowman.

Defendants Convicted of Child Abduction Charges

DATE: March 6, 2018

CASE: David Watson & Christina Bell

(Case #16FE019708)

PROSECUTOR: Deputy District Attorney Heidi Brennan, Child Abduction Unit

David Watson was convicted by a jury of kidnapping while personally using a knife and child abduction.

Watson and Bell were in a relationship and had a child together. The Shasta Interagency Narcotic Task Force conducted a probation search at the home where Watson and Bell had been residing. Bell, who was home at the time with the couple's 5-month-old baby, was arrested for child endangerment and drug related charges. Shasta County Child and Family Services (CPS) took the baby into protective custody. Bell's mother, who resides in Sacramento County, obtained legal temporary guardianship of the baby. On October 12, 2016, Watson and Bell went to the mother's house for a supervised visit with their child. During the visit, Watson pulled out a knife and left the residence with the baby. Bell and Watson fled back to Shasta County, but were arrested days later.

Allegations that Watson suffered a 1987 strike conviction for first-degree burglary and a 1992 strike conviction for assault with a firearm will be determined at sentencing.

Watson faces a maximum sentence of 38 years to life in prison. Sentencing is set for April 27, 2018, at 9:00 a.m. in Department 33 before the Honorable Michael Savage.

On January 30, 2017, Christina Bell pled no contest to child abduction and was sentenced to 364 days in jail. ★

PROMOTE YOUR EVENTS CALL 916-773-1111

Dave Says

Layoff insurance?
 Dear Dave,
 Some of the people I work with have been buying into a new kind of supplemental insurance that protects against layoffs. It costs about \$30 a month per person, and the full payout if you're laid off is \$9,000. It seems to me you would have to be paying in for a long time to see that kind of return, so I wanted to see how you feel about this kind of thing.
 -Steve

Dear Steve,
 Anytime insurance is there for something you could cover yourself, it's a good idea to stop and remember that every insurance company is still a business. They must cover all the costs of operation, plus make a profit. Believe me, that takes a lot of money.
 Statistically speaking, if lots

of people cashed in on a policy like this an insurance company would go out of business. We're talking about only \$30 a month to cover \$9,000. That alone tells you not many people cash in. It's gimmick insurance. On average, you're losing money when you buy insurance of any kind. Again, on average, over the scope of your lifetime you'd be better off simply saving money and self-insuring against things like this. The only things I recommend buying insurance for are things you can't afford to cover personally. But you can afford to cover a layoff by saving an emergency fund of three to six months of expenses.
 If I'm in your shoes, Steve, I'm not buying that stuff.
 —Dave

when I'm getting money back?
 - James

Dear James,
 The only reason you're getting a refund is because you had too much taken out of your paychecks in 2017.
 Let's say your refund is \$3,500. Basically, you loaned the government \$3,500 of your own money, interest-free. A refund isn't a gift or reward, James. It's your own cash that you get back because you paid in too much during the previous year. In your case, that adds up to almost \$300 a month!
 Instead of loaning the government money that you worked hard to earn, wouldn't it be a better idea to keep it in your own pocket?
 —Dave

Keep it in your own pocket!

Dear Dave,
 I just filed taxes, and it looks like I'll get a pretty big refund this year. A friend of mine told me I should adjust my withholding, so I don't get a refund. This seems pretty dumb to me. Why would I change my withholdings

Be a Leak Detective for Fix a Leak Week

Take part in Fix a Leak Week, March 19 - 25 and hunt down the leaks in your home.

The average home leaks more than 10,000 GALLONS of water per year – almost enough water to do a year’s worth of laundry.

FIX A LEAK WEEK CHECKLIST

- Check all your faucets and showerheads for drips
- Do the dye test. Add some dye tablets or food coloring to your toilet’s tank. If colored water appears in the bowl within 15 minutes, there’s a leak in the flap
- Set up a free SSWD Water-Wise House Call to get expert advice and help finding leaks. Call (916) 972-7171 or visit SSWD.org to schedule your house call today.

And remember to check and fix leaks throughout the year!

sswd.org

The Exciting New World of Snap On Dentures!

There are millions of people in the US who struggle daily with dentures. A majority suffer from discomfort as a result of loose or ill-fitting dentures. Many prosthetic wearers simply withdraw from any type of social engagement as a result of having to wear their dentures.

Now there is a solution to these issues: Implants with “Snap On” Dentures!

Whether you are new to dentures or have worn them for years, a snap on denture is a great solution to uncomfortable chewing and slippery painful dentures. There are several types of snap on dentures available, including snap on partials. If you already wear a conventional denture or partial denture, we can sometimes use your denture to accommodate the snaps to fit on your new dental implants.

Implants as low as \$99.00 per month

If you are interested in learning more about improving your quality of life with an implant retained snap on denture or partial, please contact us for a **FREE CONSULTATION** today!
