Help Kids Become Star Readers

United Way, Barnes & Noble to hold Starry Night reading event in March.

SACRAMENTO REGION - Local residents can help kids reach for the stars by participating in United Way California Capital Region's STAR Readers Book Drive through March 23. The drive benefits the group's STAR Readers project that is helping children read at grade level by fourth grade, a key indicator of high school graduation rates "Through third grade, children are learning to read; in fourth grade, they're reading to learn," said Steve Heath, president and CEO, United Way California Capital Region. "Children reading at grade level entering fourth grade are far more likely to

graduate high school. This book drive will help 615 kids have access to books that will set them on a path for success."

The online book drive includes four books, three of which were written by local authors, for children in kindergarten through third grade. The goal is to collect 615 books, one for each child in the STAR Readers project. To purchase books, visit www.your-

Sunrise Boulevard. Three of the authors participating in the book drive will read from their books, which will be available to purchase that night for the book drive. The event will include refreshments, and children are encouraged to wear pajamas. For more information, visit www. yourlocalunitedway.org.

Traffic Signal System Improvements **Completion of** \$3.1 Million Stimulus **Funded Project** SACRAMENTO-Sacramento

County has completed a \$3.1 million American Recovery and Reinvestment (ARRA) funded Stimulus project to upgrade the County traffic signal operations system. These upgrades improve the monitoring and management of traffic congestion in major transportation corridors throughout the Sacramento County unincorporated area. Grant funded system improvements include: Replacement and upgrade of cameras, signal cabinets, and signal controllers for approximately 120 signalized intersections in seven major transportation corridors: Howe Corridor; Fulton Corridor; Arden Corridor; Watt Corridor; Calvine Corridor; Elk Grove-Florin Corridor; Fair Oaks Corridor; Implementation of a new advanced traffic management system for improved traffic signal timing and monitoring of real-time traffic conditions; Replacement of the Traffic Operations Center (TOC) video display wall, which is used to monitor intersection signal timing and congestion in each corridor.

According to Mike Penrose, Director of the Department of Transportation, "An important benefit of this Stimulus funded project is increased capability for TOC staff to monitor traffic conditions and adjust traffic signal timing on a real time basis. This new technology investment will help TOC staff better manage traffic demand on major corridors, especially river crossing arterials such as Sunrise Boulevard and Hazel Avenue, where traffic demand often exceeds roadway capacity. We are excited to have the latest technology for tools we can use to reduce congestion and improve safety and travel times for County residents." The heart of Sacramento County's traffic management system is the Traffic Operations Center (TOC) which is located at the County Bradshaw Complex. This state-of-the-art facility enables staff to monitor traffic with closed-circuit television cameras (CCTV) and make adjustments to traffic signals to improve the flow of traffic in transportation corridors and at 200 signalized intersections. Corridors are monitored with 86 cameras supported by a communications network consisting of 29 miles of fiber optic cable, hard wire and wireless systems. The signalized intersections are also connected to the same communication network. In addition to improving traffic flow and safety, staff can respond to accidents, hazardous spills and other emergencies by changing traffic signal timing and posting messages on one of the four changeable message signs located in the corridors.

Fair Oaks Boulevard: San Ramon Way to Eastern Avenue Traffic Safety Improvement Project Startup

SACRAMENTO - The Sacramento Department of County (SACDOT) has begun construction of a traffic safety improvement project on Fair Oaks Boulevard between San Ramon Way and Eastern Avenue. This project was approved by the Board of Supervisors in October, 2011. The current effort builds on an earlier project which installed guard rails and median landscaping on Fair Oaks Boulevard from Watt Avenue to San Ramon Drive, and was completed in August 2010. These two projects are part of an overall effort to improve safety on Fair Oaks

Boulevard from Watt Avenue to Eastern Avenue.

The current project will install steel-backed timber guard rails at various locations along the center median between San Ramon Way and Eastern Avenue. Project benefits include: enhanced safety for Fair Oaks Boulevard motorists, reduced incidents of run-off-the road collisions, and replacement of aging, diseased and damaged trees.

Current tree removal work began in late February, and must be completed prior to installation of steel backed guardrails and landscaping. This work

will require intermittent closures of one travel lane of Fair Oaks Boulevard. It is anticipated that traffic delays will be kept to a minimum with project work occurring during non-commute hours only. The tree removal effort will take approximately one week to complete.

Six elm trees will be removed as part of project work, because they have structural decay issues or are in conflict with the new guardrail installation locations. As part of the project, eight new London Plane trees will be planted to help offset the loss of the elm trees. New shrubs will

also be planted to help re-create a "naturalized" landscape that helps nourish the trees, keep weeds in check, and improves the appearance of the median.

It is anticipated that guard rail installation work will start in early April, and be completed in June 2012. Project construction costs are \$536,000, with funding provided by Measure A Sales Tax and the State Highway Safety Improvement Program.

DA Report: Investment Fraud Results in Prison Sentence

District Attorney Jan Scully announced March 1st that the Honorable John Winn sentenced 57-year-old Rodney Andrews of Elk Grove to four years in prison. Last month, Andrews pled no contest to two felony violations of embezzlement, two felony violations of theft by false pretenses, one felony violation of diversion of construction funds, and one felony violation of unlawful use of personal identifying information.

At the time he committed these offenses, Andrews operated a company known as Andrews Investment Group, which offered loan modification services. He

was also a pastor at the Comeback Christian Church, where he solicited parishioners and low income property owners to refinance their homes, lower their mortgages, or stall out their foreclosures. He collected up front fees in violation of a statute passed by the California Legislature to prevent individuals such as Andrews from preying on vulnerable home owners facing foreclosure or unaffordable mortgage payments. He also failed to provide proper notifications as required by law, did not provide the services he promised he would do, and did not use the funds he obtained for the represented purposes.

Additionally, Andrews obtained money from one home owner that was supposed to be used on a project to improve her home. Andrews represented to the victim that he had a business known as Low Cost Construction, which is in fact a real company owned by another contractor. He hired a subcontractor to remodel the property, but paid him with insufficient funds checks. The subcontractor stopped working before the project was completed. Andrews never finished the remodel and the victim's home was left in an uninhabitable condition. Andrews spent the money and did not use it on the project.

At the sentencing hearing, one of the victims stated that Andrews was an untrustworthy liar who took advantage of distressed homeowners seeking assistance in these tough times by making them fake promises and taking their hard earned money.

This matter was investigated and prosecuted by the Sacramento District County Attorney's Office Real Estate Fraud Unit..

"This new Board is comprised of community leaders and represents the culmination of over two years of active planning involving community leadership at both the County and City levels, with the vision of ensuring a unified voice for funding and coordination of services," said Ben Burton, Sacramento Steps Forward Executive Director.

Sacramento's homeless programs have a long history of providing quality services, which can be both fragmented and at-risk due to serious budget shortfalls at all levels of government.

In response to these challenges, local efforts are being implemented to redesign housing and services for the homeless in our communities.

SACRAMENTO REGION -Leaders, E-Waste Committee, Scouts and adults of troop 802 participated in an E-waste Drive at Country Club Plaza Shopping Center on Saturday, February 18th. They started setting up at 6:30 am. Bruce Somers, Committee Chair, held an orientation and safety meeting with the participants. The donators started arriving early at 7:30 AM and they were taken care of prior to the official starting time of 8 am. In the first bin were items with screens (TVs, monitors etc) and the other bin contained other E-waste items.

The Scouts directed the incoming traffic, checking with the donators to meet State regulations, and then directing them to the unloading area. Adults unloaded the E-waste into the large bins and everyone received a thank you as they departed. All of this took place at a comfortable pace going through the whole system.

The scouts and adults had lunch in shifts, so the E-Waste unloading could continue. A lot of hot dogs with the trimmings, assorted fruit, lemonade and water were consumed.

The cars and pickups streamed steadily through all day until after closing at 1pm. Three bins were filled and moved to CEAR© who will recycle the contents. All computer hard drives will be shredded to protect any information that was still left on them.

Approximately 25,000 pounds of E-Waste was recycled from this event meeting the Scouts goals of "Going Green with the Boy Scouts" and providing a much

needed service to the communities we live in. With the completion of this seventh E-Waste drive, the goal of 375,000 pounds total should be met in keeping that much recycled material from the landfills.

At the close of the drive and the last bin picked up, the parking lot where the drive was held left no sign of the day's activity in typical Boy Scout way.

Each of the six completed E-Waste drives were held in different parts of the district, to allow a new group of donors to be contacted by the Scouts placing approximately several thousand green envelopes under the edge of doormats announcing the event to home owners in the respective area. Local newspapers and TV-Stations electronic bulletin boards also announced the event. Other local businesses loaned traffic cones and other items to assist in guiding the incoming traffic around the temporary site with the guidance of the participating Boy Scouts. They surveyed incoming traffic, did exit surveys, passed out a thank you to the participating donators too.

The events have generated funds to help the Troop 802, and the Pony Express District "Friends of Scouting" drive too. The E-Waste drives also help the local communities by keeping the E-Waste out of the landfills and get the Boy Scouts before the public eye too.

Young Artists Win Big For Creeks!

From Jamie Cameron-Harley

SACRAMENTO REGION - Skycrest Elementary 5th grade student was one of three Sacramento area children who won honors today in the 2012 Creek Week T-Shirt Art Contest: "Why We Care For Creeks." As the first prize art winner the student-artist will see her art as this year's Creek Week t-shirt art, in addition she receives \$50 and will be interviewed on Radio Disney. The first prize classroom teacher also receives \$100 for educational materials. Second and third prize studentartists will receive \$25 and \$20 respectively.

The Sacramento Area Creeks Council (SACC) designed the contest in association with San Juan Unified School District Visual and Performing Arts program to educate, raise awareness, and encourage exploration and enjoyment of Sacramento area creeks and aquatic life.

SACC received from about 200 students (grades 4 -6) attending Grand Oaks, Arlington, Skycrest, Cambridge Heights, Lichen, Kingswood K-8, Citrus Heights and Woodside. After students learned more about creek systems and aquatic life they created their 8 x 8 pieces of art illustrating the importance of creeks and why we should care for them.

SACC's contest was "We are thrilled to see children being creative and learning about our local creeks and the environment," said Alta Tura, Creek Week Committee Chair and SACC Board President. "This partnership with the San Juan Unified School District staff gave us a unique opportunity to educate children about the environment

and how we can work together to preserve natural resources."

The Sacramento Area Creeks Council is a nonprofit organization dedicated to protecting and sharing the abundant natural treasures that make up the extensive creek systems of our region.

The 22nd Annual Creek Week splashes off this year from April 6 to 14. During Creek Week young and old will enjoy, explore, learn about and work to protect our local creeks and aquatic life.

For information on activities, clean up locations, volunteer opportunities and E-Waste collection, go to www.creekweek.net.

The top three entries can be seen on the Creek Week Facebook page. The top ten entries will be on display in late April at Kidz Art along with other art displayed by the SJUSD Visual and Performing Arts program.

A Film Review by Tim Riley

ACT OF VALOR (Rated R)

Hollywood is really good at fabricating heroes or bringing comic book versions to life on the big screen. Many get in the act, from Batman saving Gotham to Bruce Willis in the "Die Hard" franchise.

A more difficult task is to locate real heroes, those who put their lives on the line defending liberty and their country in circumstances most of us could not endure for one brief elusive moment.

Thanks to the swift and welcome elimination of Osama bin Laden last year, the U.S. Navy SEALs are not just heroes; they are legendary guardians of what we too easily take for granted.

While memories are still fresh in our collective short-attention span, "Act of Valor" comes along to remind us that heroes don't get the job done with nifty special effects while the director yells "cut."

Mike "Mouse" McCoy and Scott Waugh of the Bandito Brothers are the directors. Their backgrounds are perfect for the job, as both have been stuntmen and documentary filmmakers.

"Act of Valor," which blends reality and fiction, has the feel of a documentary, but one that takes extraordinary lengths to make a fictionalized account of Navy SEAL operations convincing and accurate.

The film opens in San Diego, the home base for the SEAL unit getting ready for another mission. We

Riley Reviews

REAL HEROES AND GREAT ACTION DELIVER "ACT OF VALOR"

meet leading military professionals like Chief Dave and Lt. Rorke, along with guys in their unit like Ajay, Mikey, Sonny and Weimy.

A barbeque at the beach is a brief introduction to the team. But the most telling point is that the military men are not actors, so mercifully the story shifts to action fairly quickly.

While a terrorist assault at an international school in the Philippines results in the death of the U.S. ambassador, the Navy SEAL team is dispatched to Costa Rica to extract a CIA agent abducted by a drug cartel.

As Agent Morales (Roselyn Sanchez) is held in the jungle and brutally tortured by the henchmen of drug kingpin Christo (Alex Veadov), Chief Dave and Lt. Rorke are forced by circumstances to stage a daring and explosive rescue operation.

One of the many exciting, action-packed and adrenalinepumping moments involve a pair of heavily armed American gunboats sweeping in behind the SEALs to blast the villains to smithereens.

Though the mission is successful, the SEALs unearth some intelligence that connects Christo to fierce Chechen terrorist Abu Shabal (Jason Cottle), who is hiding out in Somalia to formulate a plot to send suicide bombers across the Mexican border.

Oddly enough, Shabal has recruited a group of Filipinos to carry out a bombing plot on American cities involving the detonation of sophisticated explosives made of undetectable gels. But to get to the target cities, Shabal links with Mexican drug cartels to move his assassins through cross-border tunnels that are used primarily by drug mules carrying contraband into the United States.

An assault is launched in a dusty Mexican border town where the baddies hide out. The willing cooperation of the Mexican authorities might be the most inauthentic moment in the film, but it helps diplomatic relations.

Except for Senior Chief Van O, who efficiently interrogates the slippery Christo, the SEALs are too good at being a team, to the point that they do not come across as individuals.

We should keep in mind that the SEALs are not actors; they are very good at undertaking perilous missions, but acting in films is not their forte. Nevertheless, the authenticity of their dedication shines through.

"Act of Valor," fueled by edgeof-the-seat thrills in a dangerous world, offers a chilling sense of realism in the unpredictable battlefield of modern warfare. It's an action film well worth seeing.

DVD RELEASE UPDATE

This is another shameless plug for one of my favorite TV series, "Mission: Impossible," starring Peter Graves as IMF team leader Jim Phelps.

We have already burned through all of the original seasons, and now we focus on the revival of the series during the late 1980's, with Peter Graves the sole returning original cast member.

"Mission: Impossible: The '89 TV Season" continues on its merry path of the Impossible Mission Force solving dangerous and seemingly impossible tasks.

The DVD release of "The '89 TV Season" includes all 16 episodes of the series' final breathtaking season.

Unfortunately, special features are practically non-existent, with only episodic promos on select episodes available.

Free Web Conference Helps Family Caregivers Identify Depression in Aging Parents The nonprofit National Private anxiety and memory loss, under- Dr. Fox provides hands-on con-

Duty Association (NPDA), along with its chapters, has announced that it will host a consumer education web conference entitled Depression and Older Adults -What Every Caregiver Should Know on March 13, 2012, at 8 p.m. EST (7 p.m. CT). The live and interactive program will provide advice on how family caregivers can work with professionals to identify this condition and develop an effective plan of care for a loved one with depression. Caregivers will learn how to identify key issues and problems, locate needed experts and resources, and outline a plan to provide the best care for a parent. The event is free of charge to participants.

The web conference topics include diagnosis of depression, association between depression,

anxiety and memory loss, understanding which medications are safe and effective, along with resources and tools for monitoring treatment and improvement.

"One out of three older adults suffers from major depression," said Sheila McMackin, president of NPDA. "Our goal is to provide information to help family caregivers increase the quality of life and identify beneficial treatment and care options for their loved ones."

The event's expert presenter is Steven C. Fox, D.O., Medical Director, Wellspring Personal Care. For the past 30 years, the primary focus of Dr. Fox's clinical practice, teaching and research has been on the care and treatment for the elderly and disabled. He has been a trend-setter in the area or geriatric and Alzheimer's care since the mid 1970's. Dr. Fox provides hands-on consultation and oversight for families to assess a loved one's limitations and capabilities and create a plan of care that will enable the person to stay in his/her own home. Dr. Fox was the founder of Wellspring Gerontological Services in Chicago in 1985. He is an active member of several medical associations addressing aging and health issues.

Pre-registration for the event is required. Sign up today by visiting the registration link at www. privatedutyhomecare.org.

The NPDA is the first and only association in the country dedicated exclusively to private pay home care providers. The NPDA, a nonprofit organization, currently represents more than 1,300 home care agencies in forty-four states and Puerto Rico.

Obama's IRS Threatens Tea Party

Commentary by Jay Sekulow, ACLJ Chief Counsel

The Obama Administration's IRS is targeting Tea Party groups nationwide. As many as a hundred different Tea Party groups have received invasive, and to some, threatening letters from the IRS that violate their First Amendment rights to freedom of speech and assembly. We are fighting back, representing many of the largest Tea Party groups in America. I am personally heading up a legal team to aggressively respond to the IRS's political bullying tactics.

- to silence – these law-abiding citizens from exercising their fundamental First Amendment rights.

These letters from the IRS ask intrusive questions about who these Tea Party groups have associated with and who they may have "directly or indirectly" communicated with. The Supreme Court has been clear. These abusive tactics are not only wrong, but violate the protections found in the First Amendment guaranteeing Americans the freedom of association We are demanding Congress provide oversight of the IRS-an important check and balance that's needed to reign in another intrusive Obama Administration agency. Stand alongside the ACLJ and support the Tea Party. Take action now. Stop the IRS's bullying tactics. Sign the ACLJ's petition in support of the Tea Party at aclj.org.

The ACLJ is an organization dedicated to the defense of constitutional liberties secured by law.

American Center for Law and Justice is a d/b/a for Christian Advocates Serving Evangelism, Inc., a tax-exempt, not-for-profit, religious corporation as defined under Section 501(c)(3) of the Internal Revenue Code specifically dedicated to the ideal that religious freedom and freedom of speech are inalienable, God-given rights. The Center's purpose is to engage legal, legislative and cultural issues by implementing an effective strategy of advocacy, education and litigation to ensure that those rights are protected under the law. The organization has participated in numerous cases before the Supreme Court, Federal Court of Appeals, Federal District Courts, and various state courts regarding freedom of religion and freedom of speech.

all heirs, beneficiaries, creditors, and contingent creditors of and persons who may be otherwise interested in the will or estate, or both of RICHARD L. MARKEL: A Petition for Probate has been filed by David Aeschliman in the Superior Court of California, County of Sacramento, requesting that David Aeschliman be appointed as personal representative to administertheestateofthedecedent. Sac metro Fire: "Let Us Introduce Ourselves"

From Robert L. Webber, Sac Metro Fire

SACRAMENTO REGION-The Sacramento Metropolitan Fire District, also known as Metro Fire, is the seventh-largest fire district in California with 38 strategically located fire stations. The highly skilled firefighters and support personnel of Metro Fire serve nearly 640,000 citizens over a 417-square mile area, serving Sacramento and Placer counties including the City of Rancho Cordova. The men and women of Metro

Fire run approximately 65,000 emergency calls annually. These calls vary and include all types of emergency situations, from fires to auto crashes to flooding.

Historically, Metro Fire represents 16 former fire agencies, some of which were founded more than six decades ago. In the early 1900's many of our Sacramento communities had their own fire departments and over the years these departments have merged and become more efficient with their resources.

In 2000, American River Fire District and Sacramento County Fire Protection District merged to become Metro Fire. To find out more information about Metro Fire or other related

HEALTHY IN THE FAST LANE

He's was happy President Clinton got heart disease? That may sound a bit peculiar, but 28 year veteran healthcare professional Kirk Hamilton says it was a wake-up call our lackadaisical attitude toward health in our country. President Clinton was a major fast-food eater. After quadruple bypass surgery and two stents in his artery, he has changed his ways mainly eating beans, fruit, whole grains and vegetables. And, he says he feels better and is keeping off the pounds. Kirk is a vegan and strong proponent of a plantbased diet, and feels that the President's battle with heart disease and dietary changes can show us the real way to health care reform by using our diets to prevent and/or reverse killer

POPPOFF! with Mary Jane Popp

chronic diseases. Hamilton added that President Clinton was a prime example that by eating the standard American diet (SAD) and taking on a whole lot of stress will often lead to heart disease, the world's number one killer.

Kirk has been instrumental in guiding his patients and clients toward the path of optimal health since 1983, and now comes his book "Staying Healthy in the Fast Lane." In his book, he directs us to nine simple steps to optimal health. It's a Triad Wellness Program with three phases and three steps in each phase.

I TRIAD DIET PROGRAM: 1) Eat whole unprocessed foods (90% or more as plant food, if not all plant food).

2) Eat at least half your food intake as vegetables.

3) Eliminate All Dairy Products or eat from the Basic Elimination Diet (BED) for at least once month.

II TRIAD EXERCISE PROGRAM:

4) Do a half hour minimum of daily aerobic exercise.

5) Do Strength Training (circuit training) fifteen to thirty minutes, three to four days per week.

6) Do flexibility Training (tai chi, yoga, Pilates, stretching) ten to sixty minutes daily.

III TRIAD MIND-BODY

7) Be Thankful for five minutes, morning and evening.

8) Sit Quietly for fifteen to sixty minutes daily.

9) Imagine your ideal health and life daily for five to fifteen minutes. Think about what you want, not about what you don't want. Write it down. Picture it!

Kirk explains how it's imperative to the health and vitality of the nation that we implement a paradigm shift where eating and living well becomes the norm through science and common sense and not the reliance on insurance coverage for treatment for chronic diseases that are ultimately preventable. You can join Kirk's free health letter "Staying Healthy Today with Kirk Hamilton at www. Prescription 2000.com. He aims to make America healthy in "Staving Healthy in the Fast Lane." Time to take your life into your own hands!

Get your Priorities Straight

Is this a good idea? - Yvonne

Dear Will.

Dave Says

Three houses? Do you buy a new house every time you move? You guys need to stop doing that. The "other debt" isn't the problem. It's those houses that are killing you!

I would never recommend that someone borrow against their 401(k) just to pay bills. It might be a different story if you were facing foreclosure or about to file bankruptcy, but that doesn't sound like the case here. I think you've just made some really bad decisions, and these decisions are following you around and messing up everything else.

Most of the time in situations like this I have to say: "Sell the car!" In your case, it's: "Sell the houses!" I know the market isn't great in some areas, but these things are eating you guys alive. You've got to put some effort into getting rid of them. Then, start living on a really tight budget and clean up the other debt! - Dave

money management expert, popular national radio personality and the author of three New York Times bestsellers - The Total Money Makeover, Financial Peace Revisited and More Than Enough. In them, Ramsey exemplifies his life's work of teaching others how to be financially responsible, so they can acquire enough wealth to take care of loved ones, live prosperously into old age, and give generously to others.

Dear Pamela, You might want to get another opinion. Sure, a new kitchen would be nice, but is that the endall, be-all? Either way, there's no way I'd go into debt to make this happen. Your house isn't even on the market yet. There's no reason to fix up a house that's not for sale, especially when you only

have \$3,500 to your name! There is, for sure, a financial storm brewing on your horizon. Start right now living on rice and beans and saving up piles of cash to build a bigger umbrella.

Wait until he actually lands another job before you make any big decisions. What if something pops up where you are? If you end up moving, then you might take \$2,000 from savings to fix up the kitchen and get the house sold. Don't do it unless you're going to pay cash, though! You don't want a second mortgage hanging over your heads, making everything even more difficult. - Dave

Dear Dave,

My husband's company recently told everyone that massive layoffs are coming, and they should start looking for other jobs. Right now, all of his options are out-of-town. A real estate agent told us we'd have to remodel our kitchen in order to sell the house. We've got \$3,500, but remodeling would take about \$2,000. Should we get a second mortgage to get the work done?

Leave the 401(k) Alone! Dear Dave,

My husband has been transferred again in his job. Right now, we have three houses and about \$60,000 in other debts. He just found out that he can borrow against his 401(k) without hardship at the beginning of the year.

The original 1960 production of The Best Man ran for 15 months in New York.

The Best Man portrays the ugly fight between two political candidates for the presidential nomination of their unnamed party. Each man has a secret in his past, which if brought to light would end his political career.

The original 1960 production of The Best Man ran for 15 months in New York and was nominated for six Tony Awards. The Best Man is opening again in the spring of 2012,

and it is remarkable how little things have changed in the last 40 years. Mudslinging is still considered a valid tactic during a heated campaign, and one man's personal agenda can ultimately change the course of a nation.

"Soap Solution"

As if he didn't have enough trouble dealing with the misguided attention of the scantilly-clad Marsha (Stephanie Hobson, left) and the decision by Jeff (Chris Smith, left) to run around in his underwear, Larry (Phillip Pittman) is suddenly confronted by Gwen (Stephanie Smith) in provocative lingerie in the Arden Playhouse production of SOAP SOLUTION. SACRAMENTO REGION – Arden Playhouse is pleased to present *Soap Solution*, a comedy in two acts by Michael Messmer. Messmer has written over thirty plays and has seen many of them produced at Arden Playhouse. He is also the director of Soap Solution and has incorporated elements of melodrama, bedroom farce, and vaudeville to craft Soap Solution into a wildly hilarious and zany romp.

Larry King thinks he's washed up as a writer. His wife recently left him in an attempt to shake him out of his depression. Now he's gone to a mountain cabin

for a few weeks of peace and quiet and crossword puzzles. His wife, however, has other plans for him. She's hired some actors who've done bit parts on several soap operas. Her plan is for them to get him caught up in a crazy story they have concocted based on their experiences in the

soaps. Keeping him confused is their objective and they seem to succeed for a while with situations that range from a potential suicide to a potential sexual orgy. Just when his wife thinks they've succeeded in rattling his cage, he turns the tables on her and (with a little help from the actors) convinces his wife that her plan may have gone awry.

Arden Playhouse is thrilled to welcome veteran Patty Thiel and four new actors to its company for Soap Solution. Patty Thiel (Sarah), Phillip Pittman (Larry), Stephanie Hobson (Marsha), Stephanie Smith (Gwen), and Chris Smith (Jeff) are the talented cast bringing this entertaining comedy to life.

Soap Solution opens on Friday, March 9, 2012 with performances

SACRAMENTO REGION -Dressed in a pink dress and tiara, Sue Radoff enjoyed a fabulous Sweet Sixteen birthday party, with dancing and a disco ball. There were two pink-frosted cakes shaped in "1" and "6," large and mini-cupcakes, and a no host bar. Uh ... what?

Technically, Radoff is over 60 years old, but, as a leap year baby, she enjoyed this year's "leap" 16th birthday at RJ Grin's, where friends' hugs and toasts overflowed. "What a way to celebrate leap year; that's when we feel special. The others never seem to count."
