## Hall of Fame Marathoner Helen Klein Honored on 100th Birthday

City of Rancho Cordova News

**RANCHO CORDOVA, CA (MPG)** - Hall of Fame Runner Helen Klein was honored by the Rancho Cordova City Council for her 100th birthday.

Longtime Rancho Cordova resident, world record holder and great-great grandmother Helen Klein was recognized by the City Council on November 21 in honor of her 100th birthday. Helen holds 75 national and world records for running and has run 90 marathons and 143 ultramarathons. The Rancho Cordova City Council presented Helen with a proclamation and a key to the city.

"When I was young, I ran all of those races by 'taking to the tortoise' and going slow up the mountains and by running fast downhill and on the flats. Now that I am nearing my 100th birthday, I am 'taking to the tortoise' and going slowly uphill, downhill and on the flats," Helen joked. "I am just so

impressed, thank you so much."

Helen's running career did not begin until she was 55 and until then, she had not run a single mile. When she was challenged to a 10-mile race, Helen began training.

At 66, she was one of the first to complete the Grand Slam of Ultrarunning, one of the oldest 100-mile races in the United States. At 72, she completed a 145-mile race in the Sahara Desert in Morocco, only weeks later

to complete the 370-mile Echo Challenge in Utah.

"Helen is an absolute inspiration, and my colleague and I wish her a very Happy Birthday," said Vice Mayor Linda Budge.

Happy birthday, Helen! ★

## Girl Scouts HCC News Release

**SACRAMENTO, CA (MPG)** - Girl Scouts Heart of Central California held their annual STEM Expo on November 6, 2022 at Camp Pollock in Sacramento with 142 participants in attendance.

The event featured a variety of hands-on activities designed to foster curiosity and confidence in participants with an eye toward the future in the fields of science, technology, engineering, and math.

Highlights from the array of experiences provided include:

Solar bracelet making: Provided by event

partner SMUD, this creative project centered on understanding energy. (The beads used could change depending on light.)

Ecology and botany learning: Highlighting the Girl Scouts and UC Davis Arboretum's Public Garden Program, living plants were used in captivating games designed to teach plant identification while having fun!

Robot programming and play: Provided by event partner Code Ninjas, this hands-on experience encouraged problem-solving and analysis skills essential to tomorrow's thinkers.

Paper rockets and DNA bracelet making: Provided by event partner

Americorps Fellows and the Girl Scouts Heart of Central California's Mobile STEM Center,

these tactile projects kept participants actively engaged while learning.

One highlight of the day

was feedback received from a newly established local Daisy Troop. Having formed just one week prior, the STEM Expo was the troop's first Girl Scouts event. They arrived early and were some of the last to leave! Their enthusiastic troop leader made connections for future activities inspired by both the event itself and by other leaders in attendance. The troop is especially interested in working more with Code Ninjas.

Over the last 30 years, employment in STEM occupations has grown 79% with the promise of continued growth in the fields. Women comprise only 34% of the STEM workforce and have lower

median salaries than their male counterparts.

The future for women in STEM is far brighter, however, thanks to events like this that inspire tomorrow's thinkers and leaders. STEM is a foundational part of the Girl Scout Leadership Experience, the four-pillar framework around which all our activities are built. Along with the other pillars (outdoors, life skills, and entrepreneurship) Girl Scouts is committed to providing opportunities for growth through STEM-focused learning.

### FLC News Release

**FOLSOM, CA (MPG)** - Dr. Art Pimentel has been appointed the fourth president of Folsom Lake College by the Los Rios Community College District Board of Trustees at their December 14, 2022 meeting. He will begin his tenure at Folsom Lake College on January 9, 2023.

With over 17 years of higher education experience, Pimentel's extensive background includes leadership of student and instructional services, fiscal management, marketing, community outreach, enrollment management, facilities management, government relations, and institutional and strategic planning. This also marks a return to Los Rios where he previously worked for five years within the district including serving as the Dean for Sacramento City College's West Sacramento Center and as the district's Interim Director of Educational Services and Student Success.

Pimentel most recently served as President of Woodland Community College. Under his leadership, Woodland Community College increased its student retention rates by over 5% since 2019, increased enrollment by 9% post-pandemic, began construction on the college's \$42 million performing arts and culinary services building, expanded behavioral health services through a partnership with Yolo County, and developed strong partnerships with all K-12 districts in the college's service area to expand dual enrollment and career exploration opportunities.

"We couldn't be happier to welcome Dr. Pimentel back to Los Rios and to Folsom Lake College," said Brian King, Chancellor of the Los Rios Community College District. "Dr. Pimentel brings a wealth of skill and expertise to the presidency, and a deep commitment to the students of our region. I can't wait to see the great things that FLC will accomplish under Art's leadership."

Pimentel earned his Bachelor of Arts in Social Sciences from California State University, Sacramento; his Master of Arts in Educational Leadership from California State University, Sacramento; and his Doctorate in Education (Ed.D.) from the University of California, Davis.

In addition to his career in higher education, Pimentel has been active within the community. He was elected to the Woodland City Council and served from 2004-2008, elected Mayor of Woodland in 2008 and served from 2008-2012, and served on the Woodland Joint Unified School District Board of Trustees in 2014. He also served as the Chairman for the Yolo County Transportation District, Yolo-Solano Air Quality District, and the Cleaner Air Partnership of Sacramento.

"I look forward to joining the Folsom Lake College family and working with college staff and faculty to continue the important work of increasing access to higher education by focusing on closing equity gaps and improving student achievement," shared Pimentel.

Pimentel will succeed Dr. Whitney Yamamura who departed Folsom Lake College in August 2022 to serve as Chancellor of the Coast Community College District in Costa Mesa, CA. Retired Folsom Lake College President Dr. Rachel Rosenthal has been serving as Interim President since Dr. Yamamura's departure while the college and district conducted the comprehensive nationwide search process. The community will have the opportunity to welcome Dr. Pimentel at events this spring. ★

# Letter from City Manager Cyrus Abhar to the Community

Cyrus Abhar, Rancho Cordova City Manager

Dear Rancho Cordova Community,

It has been my distinct honor and pleasure to serve the City of Rancho Cordova, its residents, businesses, and community partners for nearly 20 years – and the past seven of those years as City Manager. I was one of the first employees when the city incorporated in 2003 and also served as Chief Building Official and Public Works Director before becoming City Manager.

As I reflect upon the past 20 years, I am amazed at what we have been able to accomplish together. We've created

new communities and neighborhoods, built a City Hall and police station, renovated a historic cemetery, created a center for arts and culture, invested hundreds of millions of dollars in infrastructure, built a youth center, created an award-winning housing project for homeless and disabled veterans, and attracted hundreds of new businesses and thousands of jobs, including a recent announcement that Solidigm will bring 1,900 high-paying tech jobs to Rancho Cordova.

In addition to many successful projects, the city is financially healthy. We continue to acquire properties and plan significant community projects like Mills Crossing, a \$100 million public-private partnership that will create a civic amenity in the heart of the city. The City will also be building an iconic pedestrian/bicycle overcrossing on Highway 50 at Zinfandel Interchange. We have assisted businesses with economic recovery programs and created an

opportunity for residents to train for jobs through the city's workforce development program. We continue to build and nurture collaborative relationships with other agencies and nonprofit organizations to make the city even stronger.

As I prepare to move into the next chapter of my life, I have been deeply touched by the outpouring of support and encouragement from the City Council and community. I look forward to spending more time with my family, traveling, volunteering and learning new things. The past 20 years have been the best of my career. The city has a solid foundation with dedicated staff and strong leadership. It has been my absolute honor and privilege to serve the community I care for deeply. Together, we have accomplished so much, and the future will continue to be bright for Rancho Cordova.

Sincerely,  
Cyrus Abhar  
City Manager

outreach program, which is premised on the slogan that “every child deserves to have a present to open at Christmas.”

Merideth highlighted the importance of the event for PAL and the 350 families with young people in need who were served during the holidays.

“This is such a great community event and every dollar that we earn goes right back into our kids here in Rancho Cordova,” said the lieutenant.

He said, preliminary numbers show that approximately \$13,000 were brought in by the morning's run.

Lieutenant Merideth thanked the

community for participating in the occasion and “making generous donations to Christmas in Cordova!”

“Together, we made wishes come true for Rancho Cordova youth and families,” said Merideth. “We hope next year to attract even more runners and continue to grow this event as the years go by.”

According to RCPD, “Rancho Cordova PAL is a 501(c)(3) nonprofit organization that builds relationships between RCPD and youth through a variety of programs, at no cost to the kids. Each year, the program serves more than 4,500 youth in our community.” ★

## And Another Thing

*I hope everyone has a wonderful and safe New Year 2023*

Last week I commented that you would be reading my column two days before Christmas. Now my next column will be two days before New Years, and I am guessing that there will be quite a few parties in which many people will be celebrating and welcoming the year 2023. I am also speculating that whether you are going to that New Year party or not, most people will be glad that they have Monday off of work. Children will be glad they can stay home that day too, but many will be going back to school the next day.

Something I am worried about is the number of children who will not be going back to school because of COVID19, Flu, or RSV. Those diseases are going to continue affecting many children who were involved in large get togethers while they were off for Christmas. We will find out in a short time after the medical reports are in the news.

It is hard not to think about the fact that it has almost three years since COVID19 affected the world in March of 2020. That disease changed everything and everyone in the world. I hope that 2023 will be a good year for improving for our health, jobs, schools, and the cost of gasoline. Granted there have been improvements in some of those parts of our lives, but like everyone else, I really hope that the new year of 2023 will also help bring the rain and snow we need. Maybe that would end the drought which is hurting farmers, residents, animals, and forests.

I am looking forward to what will

happen this coming year with our new Rancho Cordova Planning Commission. Our city is one of the fastest growing cities in California, even though the news reports there are many people/businesses who are leaving California. The Planning Commission can help the City Council get through it's plans faster as the city grows. I am looking forward to what we (Planning Commissioners) can do. The City may look into changing our Sphere of Influence. That would be a great step forward for our city to grow in square miles and population. We will have to see what is done over the next two years.

I will be working very hard this coming year to help all Veterans in The City of Rancho Cordova. There are thousands of Vietnam Veterans who still need to be welcomed home. My Memorial Day and Veterans Day committee will be able to give the Vietnam Veterans Lapel pin which was passed by Congress and signed by the president in 2012. In 2013 my committee joined the 8,000 national organizations who honor Vietnam Veterans, but like everything else in our country we lost two years efforts because of COVID19.

Right now November 11, 2025 will be when that will end, and I still want it to extend at least two more years so we can give that lapel pin to those who deserve it. I will make every effort to make that extension happen.

I hope everyone has a wonderful and safe New Year of year 2023.

*From Bob McGarvey, God bless, and see you next time.* ★

## Federal Judge Blocks Newsom's Foolish Gun Law

By Dan Walters, CALMatters.org

Politicians, being egocentric by nature, sometimes do foolish, even childish, things in their insatiable hunger for attention.

California Gov. Gavin Newsom did a foolish thing last summer when he persuaded the Legislature to pass Senate Bill 1327, which would have subjected makers of guns prohibited by state law to civil lawsuits. It essentially stripped them of their right to defend themselves by making them liable for court fees.

It was patterned on a 2021 Texas law (Senate Bill 8) that made anyone who "who aids or abets" an abortion after six weeks of pregnancy subject to private lawsuits with similar restrictions on mounting a defense.

Newsom more or less admitted that SB 1327 was a stunt aimed at marshaling opposition to the Texas law. The bill even has language that repeals itself if and when the Texas law is overturned in court.

Litigation on the Texas law is underway. This month, the U.S. Supreme Court declared that a lawsuit challenging the law can proceed.

Meanwhile, however, California gun rights groups mounted a legal challenge

to SB 1327, and this week, U.S. District Court Judge Roger Benitez, who has issued other pro-gun rights decisions in recent years, blocked the law's enforcement. His order came with some sharp criticism for making it virtually impossible for targets of lawsuits to defend themselves.

"This court concludes that the purpose and effect of (SB 1327) is to trench on a citizen's right of access to the courts and to discourage the peaceful vindication of an enumerated constitutional right," he wrote. "Because the state fee-shifting statute undermines a citizen's constitutional rights, it is this court's role to declare its invalidity and enjoin its threat."

Newsom had once described Benitez as a "wholly-owned subsidiary of the gun lobby and the National Rifle Association" after one of the judge's previous gun control rulings, but after this week's decision, he effusively praised Benitez.

"I want to thank Judge Benitez," Newsom said in a statement. "We have been saying all along that Texas' anti-abortion law is outrageous. Judge Benitez just confirmed it is also unconstitutional. The provision in California's law that he struck down is a replica of what Texas did, and his explanation of why this part of SB 1327 unfairly blocks access to the courts applies equally to Texas' SB 8. There is no longer any doubt that Texas' cruel anti-abortion law should also be struck down."

It should be struck down for the same reasons – that it unconstitutionally limits the right to defend oneself against a lawsuit. But whether it will be is not certain.

There are a few differences in the two laws and one big difference in the underlying issues of abortion rights and gun rights. The Supreme Court, in overturning Roe v. Wade, explicitly declared that there is no constitutional right to abortion while the "right to bear arms" is specifically mentioned in the Bill of Rights.

Given that difference, and the Supreme Court's obvious distaste for severely restrictive gun laws, it's entirely possible that California's law will be permanently blocked while the Texas law survives, at least in some form.

Whatever the outcome, however, the SB 1327 saga is an exercise in political oneupsmanship that makes a mockery of the legislative process. Passing a law in California with the declared intent of shaming a law in Texas while putting Californians in legal jeopardy is political malpractice.

Newsom and the legislators who voted for SB 1327 should be ashamed of themselves. They should be spending their time on California's many serious problems, not trying to tell Texas what it should be doing.

## CHP South Sacramento Officer to be Released from Hospital

CHP News Release

**SACRAMENTO, CA (MPG)** - On October 15th, 2022, at approximately 11:26 PM, California Highway Patrol's (CHP) South Sacramento units were dispatched to a fatal hit-and-run traffic crash which occurred on northbound Stockton Boulevard, north of Requa Way.

Approximately one hour later (October 16th at 12:31 AM), as officers were on scene investigating the aforementioned fatal crash, a 2007 Ford Mustang traveling northbound on Stockton Boulevard at a high rate of speed entered the closure and collided with an officer on scene. The officer who was struck was standing outside of a patrol vehicle and sustained major injuries; the officer was transported to a local hospital for treatment. The CHP Multidisciplinary Accident Investigation Team responded to the crash scene to assist with the investigation. It is likely the driver of the Ford was under the influence of alcohol

and drugs during the time of the crash, and he was placed under arrest for suspicion of DUI.

Officer Aaron Weikert, a 12-year veteran of the CHP, is scheduled to be released tomorrow, December 21, 2022, at 11 AM from UC Davis Medical Center. Officer Weikert sustained major injuries throughout his entire body due to the traffic crash and has a long road of recovery ahead of him. He wishes to thank everyone for the support and prayers as he recovers from his injuries. Officer Weikert's three children all wanted one thing this Christmas, and that was to have their father home. Officer Weikert and his wife both requested that they give no media interviews tomorrow. If any media wishes to be on scene at the time of Officer Weikert's release, please contact CHP South Sacramento Public Information Officer Mark Leavitt.

The mission of the CHP is to provide the highest level of Safety, Service, and Security. ★

## Cordova Cross Country Team Finishes Season Strong

By Josh Gruver, coach

**RANCHO CORDOVA, CA (MPG)** - The Cordova cross country team competed in the CIF Sac-Joaquin Section Finals, the qualifying meet for the CIF State Cross Country Championships.

Freshman Carson Caditz started the day off on a good foot. He placed 30th out of 45 participants, with a massive personal record of 13:33. He dropped one minute and 20 seconds off his time. This was one of the best performances we have seen by an underclassman.

Sophomore Stephany Santana was set to defend her medal from the previous year. She placed 9th out of 50, with a massive personal record of 14:10. She dropped one minute and 24 seconds off her time. This performance earned her another medal. She now has back-to-back individual section medals.

"We are so happy for Stephany and the strides she has made," said coach Josh Gruver. "She had an incredible season and has big goals going into next season."

Junior Daniel Insko ran in one of the toughest races we have seen in recent years. With the goal of making it to the California State Championships, he needed to run hard from the gun. Daniel

placed 17th among 78, with a massive personal record of 17:08. He dropped one minute and four seconds off his time. This performance earned him a 6th place individual medal against some of the best teams in the state of California. He was four places off qualifying for the state championships and he ran an incredible race.

Insko went undefeated in the Greater Sacramento League Championships this season and went on to run three miles in 16:15 at the CIF SJS Sun-Sections. He's a two-time GSL champion.

"Daniel's performance was one of the gutsiest we have seen since 2009," Gruver said. "He put himself in the mix at the start of the race and ran with heart. He has worked extremely hard since the summer. Daniel will be back next year to make another push for [the] state meet."

The Cordova cross country team has big goals for next season, and we are excited for the future of this program. Cordova students are welcome to join one of the best programs on campus. If you are interested in running cross country next season, don't wait.

## Dave Ramsey Says

money a gift and reduce your portion of any later inheritance by that amount. By doing this, you could help reduce the possibility of your brother feeling slighted in any way.

I would never loan my kids money. And here's why: One hundred percent of the time, the Bible says the borrower is slave to the lender. That doesn't exempt parents and their kids. No matter how nice your masters are, you're still a slave in this kind of situation – and you'll feel it. Family dinners and get-togethers are different when you're sitting down to eat with your masters – your creditors – instead of just good ol' Mom and Dad.

Don't get me wrong, I'm not suggesting you should act ungrateful that they offered a loan instead of a gift. It's a generous thing either way. But if they don't want to go the gift route, that's fine. You have a good job, a nice home, and you'll be okay. The thing is, I just wouldn't want to take a chance on straining a great

relationship – or even ruining it – because of money.

Lacy, you're 32, a teacher and a homeowner. In my mind that says a lot about you, your maturity and your work ethic. That being the case, I get how this could be a weird thing for you to do. So, I'm going to give you an out: Blame me. Just tell them you talked to me, and I said don't do the loan idea. Tell them I gave you the make-it-a-gift-tied-to-the-inheritance idea.

If your mom or dad wants to talk to me about things, that's fine. I'll be kind to them. But I'll tell the truth like I always do.

– Dave

### I'll Be Nice, But I'll Tell the Truth

Dear Dave,

I'm 32 and a teacher. My house is my only debt, and there's \$55,000 left on my mortgage. My parents always taught my brother and I about saving and being smart with money. The other day, mom and dad offered to pay off the rest of my mortgage by loaning me the money with a very small interest rate. I know you don't like the idea of mixing money and family, but considering I have a great relationship with my parents, what do you think about this offer?

– Lucy

Dear Lucy,

I'm going to make a suggestion before saying don't do this. See what I did there?

But seriously, I'd recommend they just make the

# Demolition-by-Neglect: How the Legislature Plans to Destroy State History

Commentary by Save Our Capitol!

**SACRAMENTO, CA (MPG)** - Save Our Capitol! issued the following statement in response to the California Legislature's claim that the Capitol Annex, one of the state's most significant historic governmental buildings, is too damaged to rehabilitate:

"The Capitol Annex is in need of significant repairs to ensure the safety of legislative and executive staff; however, much of these repairs could – and should – have been done over the past 70 years. In 2005, the Department of General Services (DGS) prepared a plan to upgrade and modernize the building, but the Legislature decided not to move forward with it. Now, lawmakers say it's too damaged to rehabilitate. That's simply not true.

"After they neglected to properly maintain the building, and without conducting a rehabilitation feasibility study, DGS and the Joint Committee on Rules (JRC), lead on the project within the Legislature, decided demolition was the only option. They had no basis upon which to conclude that the building could not be rehabilitated to modern standards.

"In fact, the State knows exactly how to rehabilitate older buildings. The original Capitol, Library and Courts Building, and the Jesse M. Unruh Building have all been successfully rehabilitated. They are all older buildings than the Annex. And, claims that asbestos abatement is impossible for the Annex are misleading. The Unruh Building contains asbestos, as do many older buildings, and crews are able to properly remove it or rehabilitate around it, which is very common with historic buildings. The Environmental

Impact Report for the Unruh Building contains plans for how crews will properly remove and dispose of hazardous materials such as asbestos and lead-based paint, and even calls on "restoring the building to the Secretary of the Interior Standards and Guidelines for the Restoration of Historic Buildings." The same standards the State is refusing to comply with for the Capitol Annex Project.

"Clearly, the State is capable of preserving and rehabilitating—rather than demolishing—when it wants to, so why are lawmakers choosing to destroy Capitol Park, the West Steps, and the Annex to the tune of \$1.2 billion when rehabilitation is estimated to cost around \$500 million?

"The choice is between erasing or embracing a central part of California's history. It's clear to us which side the Legislature and DGS should be on, but without Governor Newsom's engagement, state history will be erased and every Californian will lose the ability to walk the halls of their Capitol Annex and gather or protest at the West Steps.

"With the support of California voters, taxpayers, small businesses, preservationists, and environmentalists, we will continue to fight to save the historic Annex, Capitol Park, the West Steps, and the entire west side of the original Capitol."

## Jordan demands FBI turn over all communications with Twitter as probe of censorship heats up

23 Dec 2022 | House Judiciary Committee Republicans led by incoming Chairman Jim Jordan demanded Friday that FBI Director Chris Wray turn over records of all communications and payments the law enforcement agency had with Twitter, signaling aggressive investigations of social media censorship next year. Jordan's office said the release of internal files by Twitter's new owner, Elon Musk, had unmasked an "ongoing surveillance operation" that exceeded FBI investigative authorities and that resulted in a "coordinated misinformation effort between the FBI and Twitter to suppress and censor free speech." "We are investigating politicization and abuses at the Federal Bureau of Investigation, as well as Big Tech's censorship of conservatives online," Jordan, R-Ohio, and Rep. Mike Johnson, R-La., wrote Wray in an oversight letter. "Newly released information shows the FBI has coordinated extensively with Twitter to censor or otherwise affect content on Twitter's platform."

## House GOP locates emails, texts showing Pelosi office directly involved in failed Jan. 6 security

21 Dec 2022 | House Republicans gathered a trove of text and email messages showing House Speaker Nancy Pelosi's office was directly involved in the creation and editing of the Capitol security plan that failed during the January 6, 2021, riot and that security officials later declared they had been "denied again and again" the resources needed to protect one of the nation's most important homes of democracy. The internal communications were made public Wednesday in a report compiled by Republican Reps. Rodney Davis, Jim Banks, Troy Nehls, Jim Jordan and Kelly Armstrong that encompasses the results of months of investigation they did of evidence that had been ignored by the Democratic-led Jan. 6 committee. The lawmakers were authorized by House Minority Leader Kevin McCarthy to do their own probe.

## Biden Regime Delays Paychecks to National Guard Members for Christmas After Announcing Another \$45 Billion Giveaway to Ukraine

23 Dec 2022 | Earlier this week, Senate Republicans, under the leadership of Mitch McConnell, came to an agreement with Democrats on a 1.7 trillion spending bill to avoid a government shutdown. The bill gives another 44.9 billion to Ukraine – where it disappears into the ether. According to Roll Call, "The package includes 858 billion in defense spending, a nearly 10 percent increase over the previous fiscal year, and 787 billion in non-defense spending, close to an 8 percent increase. It also would provide roughly 85 billion in supplemental funding for Ukraine and disaster relief." But despite the price tag, the bill does not secure the open US border with Mexico. And the bill does little to help working Americans or their families. National Guard members were informed this week that their check will not come in until after Christmas.

## FBI paid Twitter \$3.5M 'to do its bidding'

21 Dec 2022 | The FBI handed nearly 3.5 million of taxpayers m-ney to Twitter to pay its staff to handle requests from the bureau as it sought to ban accounts. A Twitter employee wrote in a February 2020 email that the company's Safety, Content & Law Enforcement (SCALE) had "collected 3,415,323" in less than two years from the FBI for "law-enforcement related projects." The email, which was revealed by journalist Michael Shellenberger, stated that SCALE had instituted a "reimbursement program" in exchange for devoting staff hours to "processing requests from the FBI." The emails were entitled "Run the business - We made m-ney!". The accounts the FBI asked Twitter to ban were largely linked to conservatives and "foreign influence operations."

## DOJ snooped on House Intelligence Committee investigators during Russia probe, subpoenas show

19 Dec 2022 | In an extraordinary intrusion on congressional oversight, the Justice Department used grand jury subpoenas to secretly obtain the personal email and phone data of at least two top House Intelligence Committee investigators back in November 2017 just as they and their boss, then-Chairman Devin Nunes, were assembling bombshell evidence of FBI abuses in the Russia collusion probe, Just the News has learned. The subpoenas, obtained by Just the News, show the DOJ demanded that Google turn over personal email and phone data from the two senior staffers on Nov. 20, 2017, and that responsive materials were to be returned to DOJ by Dec. 5, 2017. The subpoenas were delivered during a critical time frame in the committee's effort to expose the Donald Trump-Russia collusion investigation as having been driven by an uncorroborated political opposition dossier funded by Hillary Clinton. Nunes's committee was locked at the time in a bitter struggle to force the FBI and DOJ to turn over records to the committee.

## White House Can't Mandate COVID Jobs for Federal Contractors - Appeals Court

20 Dec 2022 | A federal appeals court on Monday struck down a White House rule requiring anyone employed by a federal contractor to be vaccinated against COVID-19 as a condition of government contracts. A three-panel judge of the Fifth Circuit Court of Appeals voted 2-1 to affirm a lower court judgment that barred Joe Biden's September 2021 executive order in three states after Louisiana, Indiana, and Mississippi sued to challenge the rule. These three states sued the Biden administration in the Western District of Louisiana in their capacities as federal contractors themselves, winning an injunction and stay by the district court. In upholding the lower court finding, Judge Kurt Engelhardt, an appointee of former President Donald Trump, said in his majority opinion (pdf) that a broad interpretation of the law could have given Biden "nearly unlimited authority to introduce requirements into federal contracts."

## Chip Roy blows up over \$1.7T spending bill in fiery floor speech: 'Destroying the United States'

23 Dec 2022 | Rep. Chip Roy on Friday blew up at the process that is forcing a quick vote on a 1.7 trillion bill that no one has read and said the Democratic rush job is destroying the country. "We're spending m-ney we don't have," the Texas Republican said Friday morning on the House floor. "Go home and sell your projects, go home and talk about all the pork you're bringing home. But you're destroying the United States of America, absolutely destroying this body." Roy offered several amendments to the mammoth spending bill, none of which were allowed as Democrat leaders pushed for a vote by midday Friday. "Everything the American people is watching right now is a complete sham," Roy added. "It's a fraud, a fraud being perpetrated on the American people right before their eyes, right as we head into Christmas." ...Roy also bristled at the idea that more than half of the House members voting Friday might already be home for Christmas. Most lawmakers requested proxy voting Friday, which lets them claim worries about COVID as a reason to vote remotely.

## McConnell's Ukraine comments show why Republican voters flocked to Trump

22 Dec 2022 | Senate Minority Leader Mitchell McConnell (R-KY) is a veteran of the Washington Swamp and a savvy politician who's been in office since 1985... But his most recent comments about Ukraine are indicative of why Republican voters have grown to loathe the "establishment." Even more so, it shows why many of them supported former President Donald Trump. McConnell believes the country should keep sending endless billions of taxpayer m-ney to Ukraine. It's a puzzling statement, given his political experience, and not representative of the sentiment of most Republican voters. "Providing assistance for Ukrainians to defeat the Russians is the No. 1 priority for the United States right now, according to most Republicans," McConnell said. ★

# 16 Graduate from RCPD Citizen's Academy

### RCPD News Release

**RANCHO CORDOVA, CA (MPG)** - Sixteen individuals graduated from the 2022 RCPD Citizen's Academy. The nine-week course provided residents with information about the police department and its proactive policing programs, as well as tools and resources residents can use to help prevent crime. Academy graduates learned about the divisions of RCPD,

laws of arrest, patrol procedures, investigations, and other topics. Plus, this year's academy featured a tour of the District Attorney's Crime Lab. One of the academy graduates is Ira Einhorn who recently moved to our community. Ira retired in April and had been looking for volunteer work when he heard about the Citizen's Academy. His first thought was it is a difficult time to be in law enforcement and maybe he could be of service to

the police department. Ira enjoyed getting to know the officers, learning about the complexities of policing, and having fun among his fellow classmates and now friends. His favorite parts of the program were learning about the K9 Unit and Explosive Ordnance Detail. Ira thought he might go into chemistry and biology in college, and he was fascinated learning how chemistry is involved in forensics through the Crime Lab.

"I really saw the human side of police officers," said Ira. "When the Internet Crimes Against Children officer said he sometimes cries when he's alone due to the nature of his role, I saw the vulnerability and how tough it is to be a police officer today." Now that Ira has graduated from the Citizen's Academy, he hopes to volunteer at RCPD's Service Center. He not only wants to give back to the police department but support citizens

seeking help and services. His favorite quote from Gandhi is, "The best way to find yourself is to lose yourself in the service to others." RCPD is planning to host another Citizen's Academy in 2023. If you have any questions about the Citizen's Academy, contact RCPD's Crime Prevention Specialist at 916.875.5852 or RCPDCrimePrevention@RanchoCordovaPD.com ★

## Sac State and Street Soccer USA to Host 18th Homeless World Cup

### Sac State News Release

**SACRAMENTO, CA (MPG)** - The Homeless World Cup (HWC) street soccer tournament, in its 20th anniversary year after a three-year pandemic interruption, will be played at Sacramento State July 8-15, 2023. The event will be in a U.S. city – and on a college campus – for the first time. Cardiff, Wales, was the host city the last time the tournament was held, in 2019. Previous tournaments have been in Europe, Australia, South America, and Africa. The event traditionally draws thousands of spectators. The tournament, first played in 2003 in Graz, Austria, is the landmark street soccer event presented by Homeless World Cup Foundation, an umbrella organization for a network of charities that conduct year-round street soccer programs for men, women and children experiencing homelessness. Sacramento State President Robert S. Nelsen said the University's role as tournament host is another example of its commitment to "building deep and meaningful connections in our community and beyond." "I am proud that we will host the Homeless World Cup in 2023, and I look forward to welcoming athletes

from around the world to the Sacramento State campus," Nelsen said. "This event will reimagine the conversations surrounding the global issue of homelessness while transforming the lives of the athletes as well as the spectators." Up to 64 HWC partners from around the world will participate, featuring hundreds of players who are experiencing homelessness. Matches will be played on three street soccer fields set up in Hornet Stadium. The playing areas are smaller than traditional soccer fields and enclosed, leading to fast-paced, continuous action. University residence halls will provide housing for players during the competition. Street Soccer USA, a national nonprofit working in more than a dozen US cities, is HWC's American partner and features a robust program in Sacramento led by Sac State alumnae Tiffany Fraser and Lisa Wrightsman. "These players are people deserving of respect," Wrightsman said. "They're not out there playing for money or cars. They are people who have very little in their lives, and they're working hard, and smiling, and lifting one another up. I hope that people

watching them are able to appreciate that." Lawrence Cann, co-founder and president, Street Soccer USA said hosting the Homeless World Cup for the first time in the United States is a signal of Street Soccer USA's ambition to drive social impact through soccer at scale and from the bottom up. "Be prepared to feel the true power of teamwork and community before, during, and after this one-of-a-kind event," Cann said. "The Homeless World Cup places those across the world who are most in need at the very center of our attention and showcases not their challenges, but their abilities and humanity. We are grateful to the leadership of Sacramento State and proud to partner with them to bring this event and its legacy to the California capital." Mel Young, Homeless World Cup president and co-founder, said the tournament shows how sport can change lives while illustrating HWC partners' commitment to the work of ending homelessness. "Everyone at the Homeless World Cup, our global Member Countries and our loyal supporters are delighted that Sacramento State and the city of Sacramento will be our host in 2023." ★

# Cameron Skattebo Transfers to Arizona State

TEMPE, AZ (MPG) - 2020 Rio Linda High School graduate Cameron Skattebo has made his decision on where he will be taking his talents to next.

Skattebo is headed to the desert to play in the Pac-12 Conference at Arizona State University. The 5-foot-10, 212 pound running back announced his decision with a tweet on Saturday afternoon, December 17.

"It's official!!! I found home!!! #ForksUp can't wait to get to work!!!! It just feels right," Skattebo said on Twitter along with a picture of him wearing his new Sun Devil threads.

Skattebo spent the last three years staying close to home and playing for Sacramento State. Following the departure of head coach Troy Taylor for Stanford University

after a historic 2022 season, Skattebo entered the NCAA transfer portal with two years of collegiate eligibility remaining.

"Sacramento State has enabled me to develop relationships that will last a lifetime," Skattebo wrote in a statement which was shared on his social media accounts. "Sacramento is and will always be my home, and being able to play in the community where I grew up, in front of my family and friends has meant the most to me."

Taylor announced his decision to move on from Sac State on December 10, the morning after the Hornets' 66-63 loss to Incarnate Word in the quarterfinals of the Football Championship Subdivision (FCS) Playoffs. Two days later, Skattebo publicized his intentions. In the five days that he was in the portal, the bruising running back also received offers from Texas State and San Jose State.

In three seasons on varsity at Rio Linda, Skattebo was a three-time first team all-league selection and finished his career with 6,192 rushing yards and 69 touchdowns. Skattebo also led his school to a section championship in 2018.

In two seasons on the field at Sac State, he was a third team all-Big Sky Conference selection in 2021 and first team all-Big Sky in 2022. He cemented himself in the Hornet history books by winning the 2022 Big Sky Offensive

Player of the Year, most importantly.

Skattebo became the third Sac State player of all-time to win the award. He did so by racking up 1,251 rushing yards, 281 receiving yards on 24 receptions and nine total touchdowns. Skattebo was also a 2022 Associated Press FCS All-America third team selection.

"I would also like to thank the Hornet fans for all the support and love over the past three years," Skattebo wrote in the statement released on December 12. "We have created memories that I'll always cherish."

On his way to Tempe, Arizona this past weekend to visit what eventually became his new home, Skattebo came across a young man who was a fan of his. The boy's father was so impressed by Skattebo that he tweeted about the interaction to share with the world.

"Son & I on a [plane emoji] to AZ. Son notices @camskattebo5 board our flight & is excited the whole trip," tweeted the proud dad, Maury Castaneda, who is the athletic director at Yuba City High School. "When we get off plane son asks Cam for autograph. Cam takes time to sign & take a pic. Made my sons day. Thank you!!"

Arizona State got themselves a great football player and an even better person. Best of luck to Cam in Arizona. The NFL is right around the corner. ★

# Sacramento Kings Guard Malik Monk Spreads Holiday Cheer

Sacramento Kings News Release

WEST SACRAMENTO, CA (MPG) - On Sunday, December 18, Sacramento Kings guard Malik Monk hosted several families associated with Saint John's Program for Real Change for a shopping spree at Target in West Sacramento.

"It's always important to give back," Monk said at the event. "The fans are always supporting us. We don't get a chance to come out here and support them. So, it's always good to do that and for them to see my face somewhere else."

As part of the Sacramento Kings 21st Annual Season of Doing Good presented by Raley's, Monk provided local mothers and their children with Target gift cards and joined the 916 Crew and Kings Dancers in the shopping experience.

"Today Malik Monk

really blessed a lot of families from Saint John's Program for Real Change," said Kings Vice President of Experiences and Social Responsibility, Maritza Davis. "We're shopping with some moms and their kids so that they can have a really amazing Christmas."

In addition, the families were provided gift cards to Chipotle and Crumbl Cookies for after shopping treats, memorabilia signed by Monk and tickets to the game on December 19 against the Charlotte Hornets.

"On behalf of Saint John's, I want to say a HUGE thank you to Malik and the Kings organization," said Saint John's Program for Real Change Community Engagement Manager, Karen Edwards. "You have all been supportive of Saint John's over the years. You've come and volunteered, you've supported us and we're grateful for the partnership that we have."

We're very grateful for this holiday surprise that these women and their children experienced tonight, so thank you."

Saint John's Square resident Terra Hennefer and her young son were one of the families who enjoyed a shopping spree.

"It was awesome, [I] totally feel blessed to have this experience," Hennefer said. "We did a lot of shopping, he got to pick out his own little toys, so it was amazing. We feel totally blessed to have this experience."

Kirby Elmore, a fellow square resident, has had her life dramatically changed by Saint John's in a positive way.

"Two years ago, I was living in a trailer on the side of the road," Elmore said. "Saint John's took me in and now I have a job, I have a house, I have a car, insurance, registration and my life is just totally turned around. This is the happiest time of my life." ★
