## Bold New Look, Same Critical Mission

By Shelly Blanchard,  
Cordova Community Council

**RANCHO CORDOVA, CA (MPG)** - The revered Cordova Community Food Locker, which has been feeding hungry Rancho Cordovans for 33 years, is unveiling a new name, new logo, new website and new attitude – but the critical mission hasn't changed.

Now known as the Rancho Cordova Food Locker, the longtime volunteer-driven emergency food pantry has incorporated into an IRS-sanctioned non-profit organization, which means donations made to the

food locker are tax-deductible.

While remaining true to its roots, the updated organization came out swinging Nov. 2 as it officially unveils its new look with food and donation drives to address need in the community throughout the holiday season.

"We have a new look, but our heart is still dedicated to the mission begun way back in 1987 – to provide a safety net for people in our community who are hungry," said Walter Little, who is a founder of the food locker and serves as chairman of a newly-created board of directors.

"Our new slogan – 'Fighting Hunger. Feeding Hope' – pretty much says it all."

The Rancho Cordova Food Locker was founded in 1987 when 13 churches came together to create and provide volunteer support for a community-based food pantry. Early supporters included St. John Vianney Church, which offered a 60-foot trailer and walk-in refrigeration unit, and to this day provides a home for the food locker. The change moves the Rancho Cordova Food Locker from a parish-based operation

## No Turkey for You!

By Mat Staver,  
Founder and Chairman  
Liberty Council

It wasn't enough for CA Gov. Gavin Newsom to ban ALL WORSHIP in churches and private homes for much of California. Now he's dictating how people will be allowed to celebrate Thanksgiving – the one day each year we set aside to give special thanks to God for our freedom, family and nation.

Now Gov. Newsom wants Californians to keep a "list" of all Thanksgiving celebration attendees' names, addresses and contact information, to be surrendered to the government upon demand.

It is becoming increasingly clear that Gov. Newsom wants to eradicate both faith and freedom. Newsom's unconstitutional lock downs have nothing to do with COVID and everything to do with CONTROL.

**CA's Outrageous Thanksgiving Restrictions**

In addition to Gov. Newsom's unconstitutional orders that discriminate against churches and places of worship, he has now released onerous government restrictions on Thanksgiving gatherings.

The mandatory restrictions for Thanksgiving gatherings include:

- No more than three households, including hosts and guests.
- The names and contact information of guests must be recorded so they can be "contact traced."
- Must be held outside.
- No more than two hours.
- Guests may use restrooms only if they are sanitized between use.
- Six-foot distancing in all directions.
- Everyone should frequently wash their hands with soap and water or use hand sanitizer which must, of course, be done outside.
- Food and drink must be in single-serve disposable containers.
- No food or drink on the table other than your plate and cup.
- Masks must be worn and removed only briefly to eat or drink.
- Masks can also be removed for urgent medical needs (an asthma inhaler, medication or light-headedness).

## Walking in Our Grandmother's Footsteps, We Can Vote!

By Margaret Snider

**RANCHO CORDOVA, CA (MPG)** - The latest exhibit at the MACC celebrates the 100th anniversary of the 19th amendment to the United States Constitution granting women the right to vote. The exhibit includes banners from the Rochester, New York, public library; posters from the Smithsonian; and 18 works of art by 16 artists.

Marsha Mason of Rancho Cordova was awarded Best in Show for her work "Walking in Our Grandmother's footsteps." Using 100 plus year-old leather boot tops from her husband's family, Mason crafted a pair of boots to commemorate the suffragettes. The boots are filled with colorful fabric roses, in recognition of Inez Milholland, a lawyer and activist born in 1886. "When Inez Milholland did her 12,000 mile campaign to get ratification," Mason said, "everywhere she went her fans would bring her a

bouquet of flowers."

Emily Goldhahn, who lives in West Sacramento, received first prize for her sculpture titled, "Jeanette... and she painted the town

red!" The title refers to Jeanette Rankin. "She was the first woman elected to U.S. Federal office, in 1916," Goldhahn said. "She voted no on World War I and yes on suffrage, of course. She was reelected to the House of Representatives and voted no on World War II, so she was the only member of Congress, I guess, to vote no on both World Wars."

Monica Lee took second place with "We Can Vote!" and in third place is Trish Morris-Plise with "Same S\*\*\* Different Year." Other artists with work in the Century of Suffrage exhibit are: Ella Fodor, Cheryl Gleason, Ron Hall, Deborah Kelly, Brynn Kelly, Mars Kindsvater, Melissa Lee, Ginny Lee, David Peterson, Lynn Tubbe, Ondra Ward, and Alice Washington.

The Century of Suffrage exhibit will be open at the MACC Thursday through Saturday for three weekends, November 5-7,

# We Can Vote!

*Continued from page 1*  
Nov. 12-14, and Nov. 19-21. Hours are 3-8 p.m. Thursdays and Fridays, and 11 a.m.-4 p.m. on Saturdays. There will be two online Zoom lectures as well. Mona Siegel held hers from 6-7:30 p.m., on Wednesday, Nov. 4, and Amanda DeWilde will speak 6-7:30 p.m., Tuesday, Nov. 10.

The first place in the world to allow women the right to vote was Wyoming in 1869, while it was still a territory. Cheryl Gleason, the MACC event coordinator and curator, points out that men outnumbered women 6 to 1 in Wyoming at that time, and the population of the territory was decreasing, partly due to waning yield of gold from the mines. So while many men may have wanted the vote for women because it was the right thing to do, there were also a number that wanted to attract more women to the area.

In California, Proposition 4 of 1911 amended the state's Constitution to grant women the right to vote; however, not all women were included. There was a literacy requirement that barred some women from voting and Native American women were excepted as well.

Other states passed laws at various times concerning women's suffrage, ending in 1920 when the 19th amendment to the United States Constitution was ratified and became the law of the land. It read, "The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any State on account of sex."

**RANCHO CORDOVA, CA (MPG)** - Rancho Cordova Mayor David Sander put a spotlight on the city in a virtual 2020 "State of the City Address" streamed on Thursday, Nov. 5, through the city's website.

Registration for the 6 o'clock Zoom call was provided at the Events page of the Rancho Cordova Chamber of Commerce at [ranchocordova.org](http://ranchocordova.org) with a Zoom link the day of the State of the City address to join the call.

The Mayor's "State of the City" address also live streamed on Facebook Thursday, Nov. 5 at the same time. To access the live cast, visit the City of Rancho Cordova's Facebook page.

If you miss it, the 2020 State of the City address, don't worry. The City of Rancho Cordova is to publish the video on the city's YouTube channel on Friday, Nov. 6.

The 2020 State of the City film was produced in partnership with the California Capital Film Office in Rancho Cordova, Cordova Community Council, Rancho Cordova Chamber of Commerce and Rancho Cordova Travel and Tourism.

Shelly Blanchard, executive Director of the Cordova Community Council, which normally hosts the physical event in partnership with Rancho Cordova Chamber of Commerce said this year's virtual address will be "memorable, and a bit fun," as cameras follow Mayor Sander throughout the city talking to local business owners and residents.

"We're expecting that since most residents will be able to watch the 2020 State

of the City address from the safety and comfort of their home, more will watch and participate," Blanchard said.

The popular mayor has served terms in 2007, 2012, and 2016 and as vice mayor in 2006, 2011 and 2019. Professionally, the mayor is also a virologist, and the principal and founder of Sander and Associates, a scientific consulting/development firm that specializes in medical and scientific projects.

Sander received a Ph.D. in Molecular and Cellular Biology from Tulane University and did undergraduate work in physics, math, biology and chemistry at Saint Louis University in St. Louis, MO. After his doctoral work and before moving to Rancho Cordova, he was appointed and served two years as a Congressional Science Fellow, working for a senior member of the House of Representatives in Washington D.C. on matters involving health and science policy.

"The State of the City film follows the mayor as he visits local businesses, public works projects, community settings to demonstrate that while 2020 was impacted by the corona virus pandemic, work still occurred, citizens adapted, business struggled and endured, and residents found silver linings when forced to take a pause and hunker down," Blanchard said.

"The 2020 State of the City address is unlike any that have come before it," Sanders said.

"I enjoyed participating in the filming as I visited businesses and talked to our residents," he said. "I spent a considerable amount of time listening to their concerns, to see how they are

coping during the crisis and determining how the city of Rancho Cordova can best respond to their needs."

The video presentation captures high points and light moments while acknowledging difficult challenges faced across the city during a year which was dominated by COVID concerns.

Mayor Sander said he was especially pleased with what city staff has done on behalf of its citizens to improve its communication tools and reach out in new ways through its website during the COVID outbreak.

A special section on the city's website at [www.cityofranchocordova.org/what-s-new/covid-19-coronavirus-information](http://www.cityofranchocordova.org/what-s-new/covid-19-coronavirus-information) provides comprehensive resources for residents and businesses, he said.

A separate tab for state and federal resources at [www.cityofranchocordova.org/what-s-new/covid-19-coronavirus-information/federal-state-and-county-information](http://www.cityofranchocordova.org/what-s-new/covid-19-coronavirus-information/federal-state-and-county-information) provides a go-to guide concerning current alerts and re-opening guidelines.

The mayor also wanted to recognize the many residents, businesses, schools and community organizations who have stepped up to help during the crisis, he said. The city encourages the public to share their personal stories on social media using the hashtag #RanchoCordovaInspires.

"We wanted to make sure to provide the most accurate and up-to-date resources and information concerning the virus to our citizens," he said. "We're adjusting to the new normal, and we're hopeful to see a vaccine in 2021," he said. ★

# And Another Thing

## *I don't have any Idea What the Result Is*

The end result of almost all of the elected officials, propositions, bonds, etc. will have been done when you read this, but since I am writing this before the election, I don't have any idea what the result is. With all the uncertainty this election, maybe the end results coming in a few days after the election will give some of the people a chance to settle a bit. I know in 2016, we had to wait for the final count to come in before it was official.

And another thing that will be different this year is Veterans Day will be limited to flags on Folsom Boulevard to salute our veterans, instead of the usual in-person ceremony that we have in Rancho Cordova, because of the coronavirus. We had to do the same thing for Memorial Day because of the virus. Now, whether it is the people who work on preparing the usual ceremony or our guests who come to celebrate and honor our veterans,

everyone is looking forward to and hoping that our lives will be getting back to our normal. I am as ready as everyone else to do that.

Something I haven't talked about for a while are the tremendous changes that have affected everyone in California. Now, I am not talking about climate changes, wildfires, or floods, etc. I am talking about our city and the four other "new" cities that incorporated after us.

Rancho Cordova became the 478th city in California when it incorporated on July 1, 2003. It was the newest city in the state for five years until July 1, 2008 when the community Wildomar incorporated and became a municipality. Later on October 1, 2008, Menifee incorporated. Eastvale incorporated on October 1, 2010. And Jurupa Valley incorporated on July 1, 2011. All four of those "new cities" are located in Riverside County. (As a side note, Jurupa Valley is the 482nd city in California, and it is the 28th city in Riverside County.)

When we celebrate the

New Year of 2021, the City of Jurupa Valley will still be the newest city in California. That means there haven't been any new cities for 10 years. I think it would be beneficial for the citizens of many communities who wish to incorporate to become cities and decide on their futures. But to do that, there will need to be new laws to give those communities the same opportunities that the first 470 cities had. That will have to be looked at in the future though because there are too many difficulties today that have to be taken care of. Like coronavirus and helping businesses and jobs and movies, etc. I know it is "old news," but revenue neutrality taxes will have to be looked at again!

Like many people today, I am looking outside the window of my office, and I'm expecting the color of the leaves to change and for them to fall. But the temperatures are just now feeling like fall, and the rain hasn't come yet. I guess we'll have to wait.

*From Councilman Bob McGarvey, God bless, and we'll see you next time. ★*

# Hidden Habits of Geniuses

Would you like to be a genius? Believe it or not, you don't have to be born one. That from **Professor Craig Wright**, the creator of Yale University's popular genius course where he shares stories of history's achievers and explores the fourteen key traits of genius in "The Hidden Traits of Genius" unlocking the secrets of genius. Here's a sample.

1. **WORK ETHIC.** Why IQ scores and Ivy League educations are greatly overrated, and hard work is underrated. Natural talent versus hard work is not a binary opposition. Genius is both the product of both nature and nurture.
2. **RESILIENCE.** Women and minority geniuses have historically needed an extra dose of resilience for their achievements to be recognized. Wright unpacks why hidden cultural biases against women in particular are so difficult to discard, and how we can openly challenge these biases to defeat them.
3. **ORIGINLAIITY.** No matter how "gifted" your children are, you do them no favors by treating them like prodigies, who tend not to fulfill expectations.
4. **CHILDLIKE IMAGINATION.** If we value creativity and openness to unexpected solutions, as geniuses do, the least helpful thing we can say to our children, or to ourselves, is "Grow up!"
5. **INSATIABLE CURIOSITY.** Beyond the obvious acts of reading and taking a class to stoke your lust for learning, try something less apparent like getting lost while wandering in a new city, or asking questions frequently and then actually listening to the answer.
6. **PASSION.** Passion is essential to happiness and human progress. You'll have a happier and probably longer life.

7. **CREATIVE MALADJUSTMENT.** There is a correlation between genius and mental disorder. Rather than stigmatizing or medicating neurological differences, let's learn to embrace them and leverage them to our advantage.
8. **REBELLIOUSNESS.** Without rebellion against the status quo, there is no genius. Want to raise a bold, original thinker? Permit your children to explore alone, take risks, and experience failure.
9. **CROSS-BORDER THINKING.** Geniuses teach us not to specialize too soon or too strictly, in school or on the job. Steve Jobs said, "It's technology married with liberal arts, married with humanities, that yields the results that make our hearts sing."
10. **CONTRARION ACTION.** The more a person can exploit the contradictions of life, the greater his or her potential for genius.
11. **PREPARATION.** Talent is important, but just as important are favorable circumstances, or luck. And luck favors the prepared. Legendary golfer Gary Player said, "The harder I practice, the luckier I get."
12. **OBSSESSION.** Geniuses are obsessed with their personal quest to change the world, often to the detriment of others and many great minds turn out to be not-so-great human beings.
13. **RELAXATION.** The great way to have a brilliant insight is to engage in creative relaxation...go for a walk, take a shower, or get a good night's sleep with pen and paper by the bed.
14. **CONCENTRATION.** To be more productive, adopt a daily ritual for work. All geniuses do.

# How PG&E is improving Public Safety Power Shutoffs in 2020.

## Smaller, shorter, smarter.

**PUBLIC SAFETY POWER SHUTOFF (PSPS)** is a statewide effort to prevent wildfires by proactively turning off power to communities when severe weather is forecast. As California battles historic wildfires, a Public Safety Power Shutoff is just one of many tools that PG&E uses to help keep customers and communities safe.

PG&E is working to make PSPS events **smaller, shorter and smarter, by:**

Installing over 600 devices that redirect power to limit the size of outages

1

Using more than 765 advanced weather stations to pinpoint where severe weather is most likely to occur

2

Adding backup generation in some high fire-threat communities to keep the lights on

3

Nearly doubling our helicopter fleet from 35 to 65 and adding more field crews to cut restoration time in half compared to 2019

4

Upgrading our Community Resource Centers (while following COVID-19 health guidelines such as the use of masks and social distancing) by providing water, snacks, and other resources

5

U.S. Loses \$19 Billion in Afghanistan Reconstruction Funds to Fraud, Waste, Abuse | 29 Oct 2020 | A staggering \$19 billion spent by the U.S. government to reconstruct Afghanistan has been lost to fraud, waste, and abuse in the last decade and that only includes a portion of the money allocated by Congress for the cause. In 90% of the cases examined in a new federal audit, the money was blown “carelessly, extravagantly, or to no purpose.” This month the Special Inspector General for Afghanistan Reconstruction (SIGAR) published a troubling report that analyzes less than half of the U.S. budget for the initiative, \$63 billion in projects. As of December 2019, Congress has appropriated \$134 billion for Afghanistan reconstruction, which began roughly a year after the U.S. invaded the Islamic nation to destroy Al-Qaeda [al-CIA-duh] and eradicate the Taliban. **Afghanistan reconstruction has been a huge and well-chronicled debacle that continues fleeing American taxpayers nearly two decades after its inception.**

**FBI conducting criminal investigation into Hunter Biden and associates days ahead of 2020 election - report | 29 Oct 2020 |** The FBI reportedly has an active criminal investigation into Hunter Biden, the son of Democratic presidential nominee Joe Biden, and his associates. James Rosen, a reporter with the Sinclair Broadcast Group, tweeted on Thursday, less than a week until Election Day, that the bureau opened the inquiry into allegations of money laundering in 2019. “EXCLUSIVE: A @TheJusticeDept official confirms that in 2019, the @FBI opened up a criminal investigation into ‘Hunter Biden and his associates,’ focused on allegations of money-laundering, and that it remains open and active today,” he said. Rosen followed up by posting a short TV report to his Twitter account.

**‘They literally stole my vote’: Investigation underway after voters claim they received ballots that were filled out in Fayette County | 30 Oct 2020 |** (Fayette County, PA) Fayette County prosecutors are investigating reports of at least four incidents of voter fraud, according to Fayette County District Attorney Rich Bower. Bower said two voters received mail-in ballots that were already filled out and two ballots were found at the election bureau already opened. “The secrecy envelope was missing and the ballot was missing out of those envelopes,” said Bower. Bower said the ballots that were already filled out and arrived at homes 40 miles apart, which he says means **they are not isolated incidents**. “They literally stole my vote,” said Delmas Fike. **Fike said when his mail-in ballot arrived, each Democrat was already selected.**

**Judicial Watch finds 1.8 million ‘ghost voters’ in 29 states, warns of ‘dirty elections’ | 20 Oct 2020 |** Judicial Watch has released a comparison study of Census Bureau population statistics and state voter registration data to reveal a notable disparity. The watch dog group is now warning of potential voter fraud and “dirty” voter rolls. The study found that 352 U.S. counties in 29 states managed to have 1.8 million more registered voters than eligible voting-age citizens. “In other words, the registration rates of those counties exceeded 100% of eligible voters. The study found eight states showing state-wide registration rates exceeding 100%: Alaska, Colorado, Maine, Maryland, Michigan, New Jersey, Rhode Island, and Vermont,” reported Tom Fitton, president of the watchdog group. Some of that excess ran as high as 187% in Texas, 177% in New Mexico and 171% in South Dakota.

**Wisconsin GOP says hackers stole \$2.3M from Trump reelection fund –**The party noticed the suspicious activity on Oct. 22. | 29 Oct 2020 | Hackers stole \$2.3 million from the Wisconsin Republican Party’s account that was being used to help reelect President Donald Trump in the key battleground state, the party’s chairman told The Associated Press on Thursday. The party noticed the suspicious activity on Oct. 22 and contacted the FBI on Friday, said Republican Party Chairman Andrew Hitt. Hitt said the FBI is investigating. Hitt said the hackers were able to manipulate invoices from four vendors who were being paid to send out direct mail for Trump’s reelection efforts and to provide pro-Trump material such as hats that could be handed out to supporters. ★

ASK THE DMV

What you need to know about accessing DMV services online

In response to the COVID-19 pandemic, the DMV is prioritizing customer and employee safety and increasing the number of transactions that can be completed without a visit to a DMV field office. The DMV has several channels to better serve customers, including self-service options online or at DMV kiosks, the ability to complete transactions online or over the phone with help from a DMV representative, or via a DMV business partner so that customers can “visit” the DMV by other means. The following questions address the most convenient ways to access DMV services and complete essential transactions without stepping foot in a field office.

Q: MY DRIVER’S LICENSE IS EXPIRING SOON. CAN I RENEW MY LICENSE ONLINE?

A: Yes, you can renew your license online. Governor Gavin Newsom signed executive orders waiving in-person renewals for eligible driver’s license and identification cardholders who had reached their maximum out-of-office renewals. With that wavier in effect for the length of California’s State of Emergency, or until modified, nearly all California drivers younger than age 70 are eligible to renew their license online or by mail. The DMV is providing an automatic one-year extension to drivers age 70 and older with a non-commercial driver’s license with an expiration date between March 1 and December 31, 2020. The California Department of Motor Vehicles is encouraging eligible Californians to renew their driver’s licenses online and avoid visiting DMV field offices at this time, even if their mailed renewal notice states an office visit is required. You can start the process by visiting [dmv.ca.gov](http://dmv.ca.gov) and clicking on “Driver License & ID Cards.”

However, Californians applying for a REAL ID for the first time must visit a field office to complete their transaction. The DMV strongly encourages REAL ID applicants to fill out the online application, upload the required documents and bring their confirmation code with them before their office visit. To get started, please visit: [realid.dmv.ca.gov](http://realid.dmv.ca.gov).

Learn more about online license renewals at [www.dmv.ca.gov](http://www.dmv.ca.gov).

Q: I AM A SENIOR OVER THE AGE OF 70 WITH A DRIVER’S LICENSE THAT IS ABOUT TO EXPIRE. DOES THE DMV REQUIRE IN-PERSON VISITS FOR CUSTOMERS OVER AGE 70, OR CAN I RENEW MY LICENSE ONLINE LIKE EVERYONE ELSE?

A: The California Department of Motor Vehicles is working hard to help Californians stay safe during the COVID-19 pandemic, and senior drivers are no exception.

The DMV is providing an automatic one-year extension to drivers age 70 and older with a non-commercial driver’s license with an expiration date between March 1 and December 31, 2020. This action delays the requirement for many seniors to visit a DMV office during the COVID-19 pandemic. While the new extensions are automatic, drivers will not receive a new card or paper extension in the mail. As an option, drivers can request a free temporary paper extension online beginning July 15 through DMV’s website, though it is not needed to drive. Californians with a suspended license are not eligible.

Drivers over the age of 70 can find information on DMV services, safety guidelines, and other resources by visiting [www.dmv.ca.gov/seniors](http://www.dmv.ca.gov/seniors).

## AMERICAN PICKERS to Film in California

Mike & Frank of American Pickers to film in California! Photos: By Cineflix

By Kourtney Myers, Cineflix

Mike Wolfe, Frank Fritz, and their team are excited to return to Texas! They plan to film episodes of the hit series American Pickers throughout your area in December.

We understand that with the proliferation of COVID-19, we are all facing very uncertain times. We at American Pickers are taking the pandemic very seriously and will be following all guidelines and protocols for safe filming as outlined by the state and CDC. While we plan to be in California this December, we will continue to re-schedule if conditions change for the worse. Regardless, we are excited to continue to reach the many collectors in the

area to discuss their years of picking!

AMERICAN PICKERS is a documentary series that explores the fascinating world of antique “picking” on History. The hit show follows Mike and Frank, two of the most skilled pickers in the business, as they hunt for America’s most valuable antiques. They are always excited to find sizeable, unique collections and learn the interesting stories behind them.

As they hit the back roads from coast to coast, Mike and Frank are on a mission to recycle and rescue forgotten relics. Along the way, the Pickers want to meet characters with remarkable and exceptional items. The pair hopes to give historically significant objects a new lease on life, while learning a thing or

two about America’s past along the way.

Mike and Frank have seen a lot of rusty gold over the years and are always looking to discover something they’ve never seen before. They are ready to find extraordinary items and hear fascinating tales about them. AMERICAN PICKERS is looking for leads and would love to explore your hidden treasure. If you or someone you know has a large, private collection or accumulation of antiques that the Pickers can spend the better part of the day looking through, send us your name, phone number, location and description of the collection with photos to: americanpickers@cineflix.com or call 855-OLD-RUST. facebook: @GotAPick ★

## Golden State Water’s Denise Kruger Recognized with George Warren Fuller Award

By Mike Gazda, Golden State Water

**SAN DIMAS, CA. (MPG)** - Golden State Water Company (Golden State Water) Senior Vice President of Regulated Water Utilities Denise Kruger has been recognized as this year’s recipient of the George Warren Fuller Award, presented by the California-Nevada Section of the American Water Works Association (AWWA) for distinguished service and leadership to the water supply field. The announcement was made on Tuesday as part of the CA-NV AWWA’s Annual Fall Conference.

“I am truly humbled to receive this recognition and have my name forever linked to George Warren Fuller and the past recipients who have been pioneers and leaders in the industry,” said Kruger. “This really is a team recognition, one that I share with those who mentored me in the industry and the talented professionals we have at Golden State Water. I’ve been fortunate to work with some of the brightest minds in the industry, and I’m proud of our dedicated team at Golden State Water that shares the focus of serving our customers and

protecting our region’s precious water resources.”

Kruger has nearly 30 years of experience in the water industry and has been an instrumental figure in helping to ensure Californians have access to quality drinking water through reliable water service. In her role as Senior Vice President of Regulated Water Utilities, she oversees all functions of the company’s operations, asset management, water resources, environmental quality, water-use efficiency, customer service, community engagement and regulated

new business.

Kruger has an active voice in the water industry. She is on the Board of Directors for the California Foundation on the Environment and the Economy (CFEE), and has served as Chair of the Board of Trustees for the Water Research Foundation and American Groundwater Trust. She earned her Bachelor of Science in Mechanical Engineering from the University of California, Davis, and received a Master of Business Administration degree from the University of California, Irvine. ★

## Sacramento County Streamlines COVID-19 Contact Tracing

Sacramento County Public Health is making the COVID-19 case investigation process more efficient. Photo by Eugene Chystiakov, Unsplash.

Sacramento County Public Information Office

**SACRAMENTO COUNTY, CA (MPG)** - Sacramento County Public Health is making the COVID-19 case investigation process more efficient by launching a new solution to streamline its COVID-19 contact tracing. The new program powered by Qualtrics allows the department to contact individuals who have tested positive for COVID-19 and anonymously notify those they have been in contact with about exposure to the virus.

Those who have tested positive for COVID-19 can confidentially share information about individuals they have had contact with and locations they have visited through the new and easy to use platform.

Data collected is then used to automate the process to notify impacted individuals by email or text that they may have been exposed and the next steps to take to maintain safety while also maintaining individual confidentiality. All data from the health assessment and contact tracing process are compliant with Federal, State and local privacy laws. The solution does not employ automatic location tracking technology.

Sacramento County Health Officer Dr. Olivia Kasirye said, “We are excited to start implementing this new platform, the quicker confirmed cases can begin isolating, the better we will be at preventing outbreaks in Sacramento County.”

Personal health information from positive cases will not be shared with contacts at any time, and the tracing portion of the online program is opt-in, however, those who do not respond will still receive a phone call from a contact tracing investigator.

Below is an example of the contact tracing email Sacramento County Public Health will send:

Please answer this health assessment from the Sacramento County Health Department. You are receiving this assessment because you may have either tested positive for COVID-19 (coronavirus) or may have potentially been exposed to COVID-19. This assessment should only take 5-10 minutes to complete. The information you provide the County Health Department in this assessment will help to flatten the curve and stop the spread of COVID-19. All information that you provide is confidential and will be protected to keep your personal information private.

If you have any questions

about providing this information or wish to confirm the validity of this e-mail, please contact our team at COVID19@saccounty.net or visit the Sacramento County COVID-19 webpage.

The questionnaire will be sent as an email or text and the COVID-19 case investigators and contact tracers will have the option to contact individuals directly when appropriate, such as cases involving congregate facilities or for specific follow-up to certain responses provided in the automated questionnaire.

The custom-built solution and three years of support services will cost \$1.6 M and is anticipated to save money over time with the reduction in the number of investigators/tracers positions that would be needed. Sacramento County is also exploring possible additions of creating a portal for schools and businesses to submit contacts into the system and an automated system for referring some respondents to wrap-around services.

Find more about the County’s response to COVID-19, by visiting Sacramento County’s COVID-19 webpage. www.saccounty.net/COVID-19/Pages/default.aspx ★

## No Turkey for You!

Continued from page 1

•Singing, chanting and shouting are strongly discouraged, but if they occur, a face covering must be worn. And the singing should be quiet.

•Instrumental music is allowed but no wind instruments.

For some families, Thanksgiving will not include grandma and the children or siblings due to the three-family limitation. Imagine family members traveling for hours only to be restricted to a two-hour outdoor gathering without physical contact! What if it's hot or rains? Under these rules, the host must bear the weight of the entire meal because family cannot be inside to help.

For Gov. Newsom to think he has authority to micromanage a private family Thanksgiving dinner is the height of hubris. These restrictions are ludicrous.

Liberty Counsel is suing Gov. Newsom, who has banned ALL WORSHIP in much of California, on behalf of over 165 client churches. Our case is pending at the Ninth Circuit Court of Appeals. We have asked for the entire panel of judges to hear the case. The court has now ordered Newsom

to respond.

Pastor Ché Ahn, Harvest Rock Church, the staff and parishioners face daily criminal threats and huge fines every time they enter the church. Each criminal charge carries up to one year in prison. It is shocking to read the letter from the Pasadena Criminal Prosecutor to Pastor Ahn.

That pastors and Christians would face prison and fines for attending church sounds like something from North Korea. Yet, discrimination has now crossed over to persecution right here in America!

I frequently pray for our brothers and sisters who face criminal threats and fines for attending church, and even conducting Bible studies and worship in their private homes. California is not the only state in which this outrageous assault on the church and freedom to worship is occurring.

The fight for religious liberty is reaching new extremes. California's absurd worship and Thanksgiving restrictions are an example of how extreme the illegal, unconstitutional edicts from power-mad governors have become.

Left Employer Benefits Now I Have a Medicare Part D Penalty ... Why??

Toni King

Hello Toni,

I made a terrible mistake last April when I was no longer being covered by my employer group health plan due to retiring. I had a telemarketing agent help me find a Medicare Supplement which began April 1, 2020. No one told me that I had a specific amount of time to enroll in my Medicare Part D plan. I have a serious health issue with Crones disease and have had a liver transplant in the past and should have enrolled at that time for my Medicare Part D. When I enrolled in July for a new Medicare Part D plan, I was denied because did I not apply on time. I take Stelara which is over \$2,000 a month that I now must pay on my own.

I now am 70 years old and have been told that my Part D penalty for not enrolling in Medicare Part D will be \$.3274 X 60 months since my Part A began 5 years ago. I cannot believe that I must pay an extra \$19.64 per month as a Part D penalty.

Please explain this ridiculous Medicare Part D penalty. I have not purchased my Stelara in the last few months. Thank You,

~ Sydney from Atlanta, GA

Sydney:

You are aware you waited too long to apply for a Medicare Part D plan. Once you are past 65 and/or leaving creditable coverage, Medicare gives you 63 not 70 or 90 days to apply for a Medicare Part D or Medicare Advantage plan with prescription drug coverage. Not needing to order your prescriptions does not refrain from receiving Part D penalties.

Your late enrollment period (LEP) does not begin from the day you lose or leave your company health plan, **BUT** from the month you turned 65 or began your Medicare and is based on when Medicare Part A begins not Part B.

This LEP (late enrollment period) penalty can be because:

1. You waited past **63 days** without creditable prescription drug coverage when you are leaving company benefits and you are older than 65 years old and 90 days. Don't wait past **63 days** to get Part D when leaving company health plans.
2. Your company prescription drug benefits (not health benefits) are not creditable as Medicare declares.
3. You simply never enrolled in Medicare Part D when you were first eligible and want to enroll.

Your company prescription drug benefits met Medicare's "creditable coverage" rule, but you waited past the 63-day window to apply. Sydney, you have been denied Part D prescription coverage because you did not follow Medicare's LEP (late enrollment penalty) rule and are receiving a Part D penalty.

You must wait until the next Medicare Annual Enrollment period from October 15 - December 7 to enroll in a Medicare Part D prescription drug plan with your effective date to be January 1, 2021.

Americans retiring after 65, that are leaving company health plans and applying for Medicare Parts A and B must also prove they have "creditable coverage" when applying for Medicare Part D prescription drug plan.

The Medicare & You handbook states: "Creditable prescription drug coverage could include drug coverage from a current or former employer or union, TRICARE, Indian Health Service, the VA or health insurance coverage.

Is the maze of Medicare confusing you? Call the Toni Says® Medicare hotline at 832-519-8664 or visit the Medicare Annual Enrollment Toni Says® webinars which explain what Medicare is and how to properly find your Medicare Part D plan at [www.tonisays.com](http://www.tonisays.com).

By Dan Walters  
CALMatters

It's by no means certain that California voters will pass Proposition 15, but if they do, it would be the largest tax increase in the state's history.

That said, it would provide a relatively small down payment on the long-standing desire of the state's educational establishment for a massive increase in spending that's needed, advocates say, to improve California's rather dismal K-12 educational outcomes.

Proposition 15, largely sponsored by the California Teachers Association and other public employee unions, would increase property taxes on some commercial real estate, such as office buildings and hotels, by requiring their taxable values to be upgraded more often. Estimates of its effects vary somewhat, but generally are in the \$10 billion to \$12 billion per year range, with schools getting about 40% of the proceeds.

Those are big numbers, but the few billion extra dollars that would flow to schools are a fraction of the \$25 billion to \$30 billion more per year that unions and other educational groups have been touting. The increase is needed, they say, to make a real difference in

academic test scores, high school graduation rates and other measures of academic attainment.

The number derives from a 2018 report from a multi-university team of academic researchers saying that California should spend 38% more, or about \$4,000 per pupil per year, to raise overall achievement and close the "achievement gap" that separates poor and/or English-learner students from their more advantaged peers.

The 2018 report and much other academic drumbeating for higher education spending comes from Policy Analysis for California Education (PACE), a consortium of the state's major university schools of education.

As the campaign over Proposition 15 – basically a duel between public worker unions and business interests – entered its final stages, PACE issued another report to reinforce its advocacy for a big increase in school financing.

Its core is a series of charts comparing education spending in California to that of other major states and tracing what it says is a relative decline in California's commitment to schools.

Citing the global size of California's economy, the report laments that "California school funding – even before COVID-19 – was insufficient to meet educational goals and address the needs of students, particularly given the state's high cost of living. How can that be true? Why is education funding so low in California, despite

its wealth and comparatively high tax revenues?"

The report's charts appear to be accurate as far as they go. But they don't go far enough because they are confined to financial comparisons on the questionable assumption, also reflected in the 2018 study, that money automatically equates to educational achievement.

If PACE and other advocates of big increases in school spending were intellectually honest, they would not only compare spending levels to other states, but also compare how well they are faring vis-à-vis California in national academic testing results and other measures of attainment.

New York, for instance, is spending at least 50% more per pupil than California but its scores on the last batch of National Assessment of Educational Progress tests were virtually identical to California's – both being subpar. Meanwhile, many states that spend much less than California routinely score higher.

Regardless of Proposition 15's outcome, the never-ending debate on California education will continue, but it should be a debate about more than money. Some of the academic resources being devoted to persuading Californians to raise taxes for schools should be spent on exploring why outcomes elsewhere bear little or no relationship to how much money other states are spending.

# Bold New Look, Same Critical Mission

*Continued from page 1*

to a community-based operation and Catholic Charities Member Agency serving the Rancho Cordova community.

Today, Rancho Cordova Food Locker is the largest USDA food distribution site in the east Sacramento area and a federally designated disaster response site. While 1,500 individuals per month received food supplies when the food locker first opened, that number has grown to 4,000 people each month – providing an astounding 17 million meals over the life of the organization.

Bolstered by food donations from Sacramento Food Bank Services and donors like Safeway, Raley’s/Bel-Air and Grocery Outlet, the 30 volunteers who power the Rancho Cordova Food Locker are kept busy stocking and emptying the shelves for clients in their location at 10497 Coloma Road on the campus of

St. John Vianney Church. The City of Rancho Cordova has also supported the food locker mission, providing gap funding to assure the organization is ready when need arises. Open from 9:30 to 1:20 p.m. every Monday, Wednesday and Friday, the food locker is visited by over 300 families a week.

“We have established many strong partners over the years, and we have always been able to rise to challenges in Rancho Cordova,” Little said. “We believe the changes we are making will leave us stronger than ever.”

With a new website, upgraded technology and modernized structure, food locker organizers hope to boost community impact and be in a stronger position when unexpected needs arise, such as what occurred with the corona virus pandemic.

emergency food response during the crisis, the Rancho Cordova Food Locker quickly shifted to drive-thru food distribution to keep volunteers and clients at a safe social distance. Even while that challenge continues, the annual effort to provide the ingredients of a nutritious holiday meal to anyone in need has arrived.

Therefore, in addition to unveiling their new logo, the

Rancho Cordova Food Locker is celebrating their reorganization during the month of November with food drives and traditional holiday distributions which kick off soon. Here is the schedule:

Nov. 2 through Nov. 22: The annual Food Locker Turkey Drive collects turkeys and cash donations from 10 a.m. to 3 p.m. daily to support the Thanksgiving Food Locker Feast for the needy, scheduled for Nov. 23.

Nov. 7: Oh, baby! Drop off baby food and diapers from 10 a.m. until 3 p.m. on Saturday, Nov. 7 during a special drive-in partnership with the Rancho Cordova Rotary Club, organized to meet the special needs of families of infants.

Nov. 14: Turkey Drive from 10 a.m. until 3 p.m. sponsored by Ron Belka and Julie Hagan Belka.

Nov. 21: Turkey Drive from 10 a.m. until 3 p.m. sponsored by the

Rancho Cordova Food Locker.

Nov. 23: Thanksgiving Giveaway from 9:30 a.m. to 1:20 p.m. This is a vehicle-based distribution with COVID restrictions in place and no walk-ins permitted. Families will receive ingredients for a complete Thanksgiving day feast, including breakfast, lunch and dinner.

Food Locker Program Manager Linda Condon said the operation is always in need of dedicated volunteers, and online monetary donations, tax-deductible and streamlined through the website and Facebook, help amplify the impact. “We need it all, and are always looking for more help,” she said.

IF YOU NEED AN EXPLANATION OF THE NATURE OF THE PROCEEDING AGAINST YOU, YOU SHOULD CONTACT A LAWYER On 12/3/2020 at 1:30 PM, CLEAR RECON CORP, as duly appointed trustee under and pursuant to Deed of Trust recorded 7/21/2005 in Book 20050721 Page 0680 of Official Records in the office of the County Recorder of Sacramento County, State of CALIFORNIA executed by: MERLE E. CUNNINGHAM AND BETTY J. CUNNINGHAM, HUSBAND AND WIFE, AS JOINT TENANTS WILL SELL AT PUBLIC AUCTION TO HIGHEST BIDDER FOR CASH, CASHIER'S CHECK DRAWN ON A STATE OR NATIONAL BANK, A CHECK DRAWN BY A STATE OR FEDERAL CREDIT UNION, OR A CHECK DRAWN BY A STATE OR FEDERAL SAVINGS AND LOAN ASSOCIATION, SAVINGS ASSOCIATION, OR SAVINGS BANK SPECIFIED IN SECTION 5102 OF THE FINANCIAL CODE AND AUTHORIZED TO DO BUSINESS IN THIS STATE: OUTSIDE THE EAST MAIN ENTRANCE TO THE COUNTY COURTHOUSE, 720 9TH ST., SACRAMENTO, CA 95814 all right, title and interest conveyed to and now held by it under said Deed of Trust in the property situated in said County and State described as: MORE ACCURATELY DESCRIBED IN SAID DEED OF TRUST. The street address and other common designation, if any, of the real property described above is purported to be: 2701 LOS AMIGOS DR RANCHO CORDOVA, CA 95670 The undersigned Trustee disclaims any liability for any incorrectness of the street address and other common designation, if any, shown herein. Said sale will be held, but without covenant or warranty, express or implied, regarding title, possession, condition, or encumbrances, including

fees, charges and expenses of the Trustee and of the trusts created by said Deed of Trust, to pay the remaining principal sums of the note(s) secured by said Deed of Trust. The total amount of the unpaid balance of the obligation secured by the property to be sold and reasonable estimated costs, expenses and advances at the time of the initial publication of the Notice of Sale is: \$405,060.58 If the Trustee is unable to convey title for any reason, the successful bidder's sole and exclusive remedy shall be the return of monies paid to the Trustee, and the successful bidder shall have no further recourse. The beneficiary under said Deed of Trust heretofore executed and delivered to the undersigned a written Declaration of Default and Demand for Sale, and a written Notice of Default and Election to Sell. The undersigned or its predecessor caused said Notice of Default and Election to Sell to be recorded in the county where the real property is located. NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call (844) 477-7869 or visit this Internet Web site [WWW.STOXPOSTING.COM](http://WWW.STOXPOSTING.COM), using the file number assigned to this case 087934-CA. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. FOR SALES INFORMATION: (844) 477-7869 CLEAR RECON CORP 4375 Jutland Drive San Diego, California 92117
