Freeway for Fish Heads

Above: A new flume and fish ladder will next year conduct migrating salmon from the American River to Nimbus Fish Hatchery. Contractor Scott Ransdell (left) inspects construction progress with hatchery staffer Laura Drath and Bureau of Reclamation project manager Mark Curney. by Susan Maxwell Skinner**

SACRAMENTO REGION, CA (MPG) - A two-year, \$9.7 million project extending Nimbus Hatchery's famous fish ladder into Nimbus Basin is half complete. The hatchery's 65-year-old ladder will soon serve for a final season and the new passage will open next summer.

Existing hatchery steps rise for a fraction of the 1,900ft channel currently under construction. Via a circuitous route, the new piscine freeway will conduct Chinook salmon and steelhead to hatchery processes that began after Nimbus and Folsom Dam were built. In the Department of Fish and Wildlife facility, eggs and milt are harvested for artificial fertilization. Edible fish meat is saved for food closet distribution and in spring, millions of fry are released. Once endangered, Chinook adults now return in reliable numbers for fall breeding.

The current ladder system employs connected pickets to divert fish to

hatchery steps. Though many adults spawn and die before reaching this weir, the altered American River provides insufficient breeding sites. In mitigation, many thousands of salmonids are annually processed at Nimbus. Hell-bent on reproduction, their end-of-life journey through Carmichael, Fair Oaks, Rancho Cordova and Gold River provides an autumn spectacle for nature lovers. In preparation for the 2020 run, weir pickets were recently lowered. When water temperatures reach November frigidities, ladder gates will open and the hatchery's vital work will resume.

Upstream, the new ladder entrance has already been built. Engineered by the Bureau of Reclamation, the massive extension project begins near the south side of Nimbus Dam. Migratory fish will next year gain an extra quarter-mile of river for natural spawning; those that

reach the dam unfulfilled will be lured by churning water to a rock-lined flume. Swimming gradually uphill, they'll encounter a pond and steps. Lookouts (including an underwater window) will enhance visitor views. "We've wanted a submerged window for ages," approves Nimbus interpretive specialist Laura Draft. "Fish anatomy and adaptations are more visible underwater. This makes for more exciting visitor experiences."

The Roseville-based firm of J.R. Conkey heads the construction. Syblon Reid contractors (Folsom) will pour 2,030 cubic feet of flume concrete. Oaks and cottonwood trees in the

Public Health Order to All Sac County Schools

**Sacramento County
Public Information Office**

SACRAMENTO COUNTY, CA (MPG) - Sacramento County Public Health (SCPH) noticed all schools (TK-12), both public and private, with a Public Health Order for Schools that all schools in Sacramento County must utilize a distance learning model, until further notice.

Schools may not conduct instruction or otherwise operate as a "day care," "child care," "camp," or any other allowable activity. Students are not permitted on school campuses or to otherwise engage in in-person school activities, except as specifically noted below:

Emergency Mental Health Counseling - If emergency in-person mental health counseling is deemed necessary, in lieu of virtual settings, it may be conducted on an individual (1:1) basis; initial English Language Learner Assessments - May occur in-person on campus and conducted on an individual (1:1) basis unless group settings are legally required, in which case the groups should be the smallest size possible; Special Education Assessments - May occur in-person on campus on an individual (1:1) basis as required by state and federal regulations.

The Order provides clarification that all schools must not conduct in-person instruction while the County is on the State's Monitoring List. The State requires counties on the Monitoring List be removed for a period of at least 14 consecutive days in order for the Public Health Officer to consider in-person instruction for grades 7 - 12. The State has provided guidance that allows local health officers to grant waivers for elementary schools to conduct in-person instruction, but Public Health will hold off on the consideration of these waivers until the data shows evidence that the transmission of COVID-19 is slowing. It is anticipated that waivers could be considered no sooner than mid-September.

Along with the Order, schools received a letter from the Sacramento County Health Officer and a document with answers to frequently asked questions for schools.

Sacramento County Public Health understands the difficulty this creates for students, teachers, staff, and families. However, these restrictions are in place to limit the spread of COVID-19 in Sacramento County to help keep our community healthy and safe.

Red Cross Mobilizes in Response to Fires

**By Steve Walsh,
American Red Cross**

SACRAMENTO, CA (MPG) - The American Red Cross mobilized several teams in response to multiple fires throughout the California Gold Country Region. Right now, Red Cross volunteers and staff are supporting evacuees with non-congregate sheltering sites, water, snacks meals, and virtual health and mental health services.

Nearly 400 evacuees stayed in Red Cross, county, and independent shelters throughout the region. We have also assisted more than 200 individuals by placing them in local hotels.

For details on locations for shelters and temporary evacuations points, please visit www.redcross.org

Wildfires can occur anywhere in the country and can occur at any time throughout the year. The potential is always higher during periods with little or no rain-fall, which make brush, grass, and trees dry and burn more easily. High winds can also contribute to spreading a fire.

If you live in a wildfire-prone area, prepare now, and work with your neighbors to build a fire-adapted community. Understand that your planning may be different this year because of

the need to protect yourself and others from COVID-19. COVID-19 impacts us all, including firefighters, and an increase in infections may compromise their ability to respond to wildfires. Now more than ever we need to prepare ourselves and our communities for wildfires while taking recommended actions to protect one another from COVID-19.

"We are in the midst of a wildfire season here in Northern California. Many members of our community are currently evacuated on both sides of the valley. This is a reminder for all of us to be prepared, should

we have to leave our homes." Said Nuriddin Ziyadinov, Executive Director of Northern California Chapter of Red Cross.

"Make sure you have your emergency go-bags ready and listen to local law enforcement for potential evacuations in your area."

Be Red Cross Ready: Get a Kit: Learn the essential supplies to put in your family's survival kit; Make a Plan: Plan effectively for you and your family in case of an emergency; Be Informed: Understand which disasters are likely to occur in your area and what you must know to stay safe. ★

Cooley Honors Local Equestrian Center as Small Business of the Year

Heroes of Human Services Award Nominations

By Marianne Conarroe,
Office of Assemblyman
Ken Cooley

RANCHO CORDOVA, CA (MPG) - On Monday, July 27, Assemblyman Ken Cooley (D-Rancho Cordova) announced Brittney Chambers, owner and founder of CBC Therapeutic Horseback Riding Academy, LLC as his Small Business of the Year 2020.

Every year, members of the California State legislature take time to honor a small business from their district. Prior to the Coronavirus Pandemic, the Salute to Small Business event provided space for small businesses to learn of resources and meet with other small business owners from across the state. The annual event is sponsored by the California Small Business Association, a volunteer-driven, non-partisan organization with the mission to provide small businesses with a meaningful voice with policy-makers in state and federal government. This year, the in-person event is postponed to a later date.

“I actually knew in January who I wanted to honor as my small business of year,” said Assemblyman Cooley. “Understanding the reasons for the postponement of the in-person event, I still wanted to publically salute the great work of Brittney Chambers and her riding academy. Brittney created a niche service to help disadvantaged youth, veterans experiencing PTSD, and people struggling with addiction or mental health issues find a certain solace while communing with Brittney’s horses.”

CBC Therapeutic Horseback Riding Academy is located in southern Sacramento County and is adjacent to Deer Creek. Ms. Chambers has over 20 years of experience with horses. She has ridden several different disciplines and specializes in Rider Biomechanics, and both English and Western Fundamentals. Brittney combined her education and experience in the human services field with her passion for horses after earning degrees in social science and alcohol and drug counseling, and a Master Degree in criminal justice administration. She confidently

serves at risk youth, individuals who have mental health or addiction issues, the developmentally and physically disabled, veterans, individuals who are involved in the criminal justice system, and anyone who just wants to become involved with horses. More about CBC: <https://www.cbcequine.com/>

“It is an honor to be receiving this recognition. I am so happy that I am able to help those in need by introducing them to a new way of healing, said Brittney Chambers. “It is always such a great experience when you get to see the moment at which one connects with the horse for the first time. It is truly amazing. I appreciate all of the support I receive from the community in order to help change lives, by the touch of a horse.”

Assemblyman Ken Cooley represents Assembly District 8 which includes the communities of Arden-Arcade, Carmichael, Citrus Heights, Herald, Rancho Cordova, Rancho Marieta, Rosemont, Wilton and other portions of unincorporated Sacramento County. Let’s Release Butterflies to Support Grieving Children

By Kala Haley-Clark,
Sacramento Children’s Museum

RANCHO CORDOVA, CA, (CA) - Honoring grandparents at the 2nd annual Grandparents Butterfly Release on Sunday, September 13th took on a profound, unexpected new meaning considering the coronavirus pandemic. The event, co-hosted by Sacramento Children’s Museum (SCM) and Snowline Hospice, invites families to purchase and release butterflies to honor the special role that grandparents play in a child’s life.

Many of last year’s participants honored a grandparent who died. This year, however, families will also honor the wonderful, vulnerable grandparents our community keeps safe by sheltering in place.

Releasing butterflies on Grandparents Day is an ideal event for families craving a safe but inspiring outdoor event. SCM’s drive-through events this summer – including July’s PajamaJam and semimonthly ExplorAbility events for children with autism, have been wildly popular with museum attendees.

While the vendor booths, interactive games, and indoor museum experience will not be a part of this year’s festivities, attendees can enjoy their own socially distanced space, free giveaways, and outdoor museum programming. Masks are required for all attendees. Families who want to participate, but who don’t yet feel comfortable in a group setting, can schedule curbside pickup for their butterflies.

“It’s important for us to engage families while we’re closed, whether it’s outside of the museum or from their homes,” says Sharon Stone Smith, SCM’s executive director. “We’re delighted to bring our museum family together at such a challenging time.”

Rene Hamlin, Snowline Hospice’s development director, agrees. “This is a wonderful event that brings multiple generations together. Watching a butterfly take flight is an incredibly

magical, memorable experience that I look forward to every year.”

Butterflies are available for \$15 each on the event’s Facebook page, and must be purchased by August 30th. Proceeds from the event benefit SCM’s distance programming, post-COVID-19 reopening, and Healing All Together (HAT), a program for children dealing with grief.

The 2nd annual Grandparents Day Butterfly Release is on Sunday, September 13th, from 11:30 am to 1:00 pm at 2701 Prospect Park Drive, Rancho Cordova, 95670.

This event is sponsored by Republic Services and McDonald’s. ★

SHRA Wait Lists Open for Vouchers and Public Housing

By Angela Jones,
Sacramento Housing Authority

SACRAMENTO, CA (MPG) - The Sacramento Housing Authority opened wait lists for Project Based Voucher and for specific Public Housing communities on Monday, August 24, 2020, at 12:01 a.m. Applications will be accepted online at www.sacwaitlist.com. The lists will remain open until further notice.

The Public Housing wait lists are for Marina Vista (1 bedroom units); Alder Grove (1 bedroom units); Walnut Grove (3 bedroom units); and County (4 bedroom units). Public Housing wait list preferences may be given to families who have a veteran family member, are homeless, or who are displaced by natural disaster recognized by the Federal government.

Project Based Voucher wait list preferences are given to families who are homeless or rent burdened; have a family member who is a veteran; have a family member who is disabled, or live or work in Sacramento County.

Applicants can use any device with internet access to complete the application. There is no

cost to apply for housing and a credit report is not needed to apply. However, Sacramento Housing Authority officials caution applicants not to use any other website and do not use a search engine to apply for the wait list. A number of websites charge fees to submit an application and may require personal information such as social security numbers or debit/credit card information to apply for assistance. This is a scam and could lead to possible identity theft. Housing Authority officials advise that the best way to find the correct website to fill out the application is to type www.sacwaitlist.com directly into the address bar usually located at the top left of the browser on the computer screen. The application submission process is supported for modern, popular browsers such as Chrome, Edge, Firefox, and Safari. Mobile devices using modern versions of IOS and Android are also supported.

For more information about the Housing Choice Voucher Program, go to www.shra.org. Under the Find Housing tab, click Housing Choice Voucher Program or Public Housing Program. ★

Study Brings out Five Worries with California’s Economy

NFIB Press Release

SACRAMENTO, CA (MPG) - A study released by the nation’s leading small-business association revealed five issues in particular that were more problematic for Main Street entrepreneurs in California to deal with than they were for their counterparts across the nation.

Every four years since 1982, NFIB has published its Small Business Problems & Priorities report listing 75 concerns small-business owners have with their abilities to keep their doors open and people employed. For only the second time, California was segmented out from the national readings (New York, Texas, and Ohio were the only other states), and while some issues ranked parallel to, or didn’t vary widely from, the national readings (cost of health care, federal taxes, property taxes, to name a few), five issues did show a double-digit disparity between how small-business owners across the nation ranked them as problems in comparison to California’s Main Street entrepreneurs:

- (1) Environmental regulations ranked 38th nationally, 15th in California for a 23-placement difference;
 - (2) Cost of government required equipment/procedures came in 39th nationally, 19th in California for 20-placement difference;
 - (3) Hiring/firing/employment regulations ranked 43rd nationally, 23rd in California for another 20-placement difference;
 - (4) Obtaining licenses, permits, etc. came in 45th nationally and 29th in California for 16-rank difference;
 - (5) Minimum wage/living wage ranked 34th nationally, 20th in California for a 14-placement difference.
- “There were some issues that were of less concern to California small-business owners than they were to others across the nation,” said John Kabateck, California state director for NFIB, “but for five of the 75 issues, there was an alarming variance it would behoove state policymakers to ameliorating. With only a few weeks left in the 2020 session, it’s probably too late now, but that leaves four whole months to start laying the

groundwork for some 2021 action. In the meantime, voters can do their part by electing more pro-small-business candidates to office.”

The 2020 edition of the Small Business Problems & Priorities report also divided the 75 issues, nationally, by: Number of employees (Page 39); Industry (Page 48); Population density (Page 68); Years of ownership (Page 71); Gender (Page 74); Legal form of business, such as partnership, sub-chapter S, LLC, etc. (Page 78)

The California-specific rankings begin on Page 82.

Visit www.nfib.com/ to read NFIB’s national news release on the Small Business Problems & Priorities report.

For more than 77 years, NFIB has been advocating on behalf of America’s small and independent business owners, both in Washington, D.C., and in all 50 state capitals. NFIB is a nonprofit, nonpartisan, and member-driven association. Since its founding in 1943, NFIB has been exclusively dedicated to small and independent businesses and remains so today. Social Security Matters

What Will My Wife’s Benefit Be If I Die?

By Russell Gloor, AMAC Certified Social Security Advisor

Dear Rusty: I am 76 years old and began collecting Social Security when I retired at the age of 62. My wife also began collecting SS when she turned 62 based on my benefits. She did not work enough to qualify on her own for Social Security benefits. My question is, how much will my wife receive after my death? Will she receive what I receive now, or will it be a percentage of the total that we both receive? Or will it be based on just my benefits alone or some other formula? **Signed: An Inquisitive Senior**

Dear Inquisitive: Your wife’s survivor benefit as your widow will be based upon your Social Security benefit alone. Usually a surviving spouse receives the same amount the deceased spouse was receiving at death, if that is more than

the survivor is already receiving, and if the survivor has reached their full retirement age. However, in your case, if you should predecease your wife there’s a special rule which may benefit her because you claimed your benefit at age 62.

That rule says that because you claimed before your full retirement age (FRA), your wife’s benefit as your survivor should be at least 82.5% of the benefit you were entitled to at your full retirement age (66), even though you actually claimed at age 62. And because your benefit was reduced by 25% when you took it at age 62, your wife’s benefit as your widow may actually be more than you are receiving when you pass. This special rule is known as the “widow limit,” which stipulates that a surviving spouse is entitled to the greater of what the deceased was receiving while alive, or 82.5% of the deceased’s “primary insurance amount” or “PIA,”

which is the amount due at full retirement age.

Here’s an example: If your FRA benefit amount was \$1500/month, then your age 62 amount when you claimed was \$1125. But due to the special rule, your wife would get \$1238 (82.5% of \$1500) instead of the reduced \$1125 amount. Of course, this example doesn’t reflect the COLA (cost of living) increases which would have been applied to your benefit over the years, but as your widow and because you claimed before your full retirement age, your wife would be entitled to at least 82.5% of your PIA if that is more than the actual amount you were receiving when you passed.

Deputy Involved in Shootout in Recovery

By Patrick Larenas

RANCHO CORDOVA, CA (MPG) - Sacramento County Sheriff’s Department reported that the deputy struck in an Officer Involved Shooting on Saturday, August 22, is recovering to a stable

condition. According to a posting by Rancho Police Department Communications, the Police response was to a woman’s call during a domestic incident occurring at a Rancho Cordova mobile home park on Dutchess Way.

Sacramento Sheriff and Rancho Cordova Police arrived at the residency while the shooter was attempting to escape the scene as he interchanged shots with law enforcement officers. The suspect was fatally shot by the law enforcement

officers. According to Tess Deterding, Spokesperson for the Sacramento County Sheriff’s Department, it is believed that during the incident the suspect had shot the woman in the head inside the home. The 29-year old man apparently had a restraining order placed on him.

The Sheriff’s Department posted an update on twitter thanking community members for their prayers. This case continues to be investigated by the Sacramento Sheriff’s Department. ★

Sac County and CARES Act Funding

By Kim Nava, Sacramento County

SACRAMENTO COUNTY, CA (MPG) - The County’s Chief Fiscal Officer presented to the Board of Supervisors a status update of the Coronavirus Relief Fund Revenue received by Sacramento County as of June 30, 2020.

What is the purpose of the Coronavirus Relief Fund, and how much funding did Sacramento County receive?

The Coronavirus Aid, Relief and Economic Security (CARES) Act was enacted on March 27, 2020, and with it the \$150 billion Coronavirus Relief Fund (CRF) to help stabilize state, local, and tribal budgets. The relief fund falls under the purview of the U.S. Department of Treasury. Sacramento County received \$181 million from the CRF.

How did the County determine the use of Coronavirus Relief Funds?

The CRF Committee asked departments to identify expenses relating to the coronavirus and approved expenditures that meet the requirements of the Coronavirus Relief Fund.

How much of the \$181 million has been used as of June 30, 2020?

The County has spent \$146.8 million to cover payroll costs for existing employees and services and \$1.2 million in new or enhanced services to address the impact of COVID-19 for a total of \$148 million.

Does that mean that departments who received funds for payroll costs receive additional funds or positions?

No. Departments that received CRF money for payroll costs received that much less in General Fund money. The County then used that General Fund money towards departments and services that are critical to the residents of Sacramento County.

What General Fund departments and services will avoid the budget and services cuts, due to the freeing up of General Fund money?

Departments such as Child Protective and Adult Protective Services; Health Services; Sheriff; Human Assistance; In-Home Supportive Services and homeless services.

Why is it important to fund those General Fund departments?

The County will receive approximately \$170 million less in General Fund revenues in the last and current fiscal year, as a result of the pandemic.

These revenues fund critical social and health services from Child Protective and Adult Protective Services, Health Services (Public Health and Mental Health), Human Assistance, In-Home Supportive Services and homeless services.

Freeing up General Fund revenue that otherwise would have gone to payroll costs will

allow the County to avoid significant budget cuts and maintain services for FY 2020-21 that the CRF money could not be used for.

Is covering payroll costs an appropriate use for CRF money?

Yes. The CARES Act does not allow the use of CRF money to backfill revenue losses directly, but CARES Act guidance clearly says that payroll costs for public safety and health, human services and similar employees can be used for CRF.

Has the use of the CRF money in this way prevented the County from using it to fight the pandemic?

No. All of the CRF funding requested by Public Health staff to deal with COVID-19 has been provided.

How has the remaining CRF been approved?

The remaining CRF money has been approved for services identified as needed by Public Health and other departments, including:

COVID Testing; Community-Based Testing; Dine at Home Sacramento Programs; Contact tracers; Homeless Response Plan; Business Navigators; Project Roomkey

How will the County cover costs for services needed for the pandemic after the County’s CRF allocation has been fully spent?

The County will continue to work at the State and Federal level to obtain additional funding. The State budget commits a portion of the State’s CARES Act funding to local governments over and above the \$181 million already allocated to Sacramento County. The County has received \$5 million to date and has been allocated \$25 million. Discussions at the Federal level also suggest there could be additional funding provided for testing and other services required to respond to the pandemic.

Are there other funds that the County is using to combat the pandemic besides CRF?

Yes, the County is utilizing a variety of state and federal funds besides the Coronavirus Relief Fund to cover costs incurred by the pandemic, so items that were not eligible for CRF may be eligible for those other state and federal funds.

For more information about the CARES Act and the Coronavirus Relief Fund, including a breakdown of spending as of June 30 for each category as specified by the U.S. Treasury, visit the County’s CARES Act Funding webpage.

Freeway for Fish Heads

Continued from page 1

four-acre project area have been largely preserved. This piscine freeway will pass under Hazel Bridge, paralleling a realigned bike trail. Banks between the hatchery and the dam are already permanently closed to anglers. A future program will augment Nimbus Basin shoals to encourage natural spawning.

The autumn phenomenon of massive Chinooks challenging the hatchery weir

will end when this aging barrier becomes redundant and is removed. BLR project manager Mark Curney welcomes the eventuality. “The weir has maintenance and safety issues,” he explains. “In years with big storm flows, serious damage has occurred. We’ve had to reduce river flow for up to five days for repairs. Our project will improve public and employee safety. It will also reduce costs and

increase the hatchery’s operational flexibility.”

Nimbus Hatchery is located at 2001 Nimbus Rd, Gold River. Due to COVID restrictions, operations are now closed to the public. Facility parking is open and the 2020 salmon-run may be viewed from walking trails. Limited ladder viewing is possible from November to March. And Another Thing

Citizenship!

By Bob McGarvey

“Rancho Cordova remains an up-and-coming destination.” I enjoyed reading The Sacramento Bee article on August 21, 2020 that highlighted the City of Rancho Cordova. The writer began by talking about the city being chosen by the National Civic League as one of the 10 All-America Cities of 2019. That was the second time we were given that award. The article read, “The award has been given out since 1949 and recognizes and celebrates civic innovation, and is sometimes referred to as the ‘Noble Prize of Constructive Citizenship.’”

Citizenship! That has been the mark of the people of Rancho Cordova since Rancho Cordova as we know it began in 1953. In 1958, the President of the Sacramento County Supervisors came to our Cordova Community Council and said that council was the voice of our community. Our Cordova Community Council was also where elected officials who represented Rancho

Cordova came and talked to our citizens.

I was learning about Rancho Cordova and its wonderful people when I was assigned to Mather Air Force Base in March 1963 and started looking around that military community. It was then and still is a military community. The Cordova Community Council continues to be part of our community, and the monthly luncheon it co-hosts is a place where elected officials and others come and talk to our citizens personally.

Now, the people are heard much clearer since they voted and made their community an incorporated municipality. The vote was in November 2002, and Rancho Cordova became a city on July 1, 2003. When we became a city, our population was 55,000. Now, our population is 78,381.

The newest and largest development in the City of Rancho Cordova is Rio Del Oro. The area between White Rock Road and Douglas Road, and between Grant Line Road and Sunrise

Boulevard, is big enough to place Downtown Sacramento in that area. That is quite a huge area, like they said in The Sacramento Bee. And they are also correct saying Rancho Cordova is an up-and-coming destination. Rio Del Oro is going to be a great place for employees of the many businesses in Rancho Cordova to live and work. They wouldn't have to fight the traffic on the freeway or try to cross the Sunrise bridge and get to work/home.

There are four school districts in our city, including Folsom Cordova Unified School District, Sacramento City Unified School District, Elk Grove Unified School District, and San Juan Unified School District, which includes the area where the Mobile Country Club is located. It would be easy to continue to talk about our wonderful city, but it is about time for school to start in our home because of the coronavirus affecting the schools as it has

From Councilman Bob McGarvey, God bless, and we'll see you next time. ★

Formerly Homeless Graduate from Women's Empowerment During COVID

By Kristin Thébaud,
Thébaud Communications

SACRAMENTO REGION, CA (MPG) - Six women once homeless gathered with staff at Women’s Empowerment for a ceremony earlier this month to celebrate their graduation from the seven-week employment-readiness and empowerment program for women experiencing homelessness in Sacramento. Most Women’s Empowerment graduation ceremonies include nearly 100 guests – family members, friends, donors, volunteers and more – but despite the lack of audience and much smaller class size,

the ceremony still meant the same for each individual. Each of the women had risen from homelessness and is now in housing – half having already secured jobs, despite the pandemic raging across Sacramento County. “For many of us, the world feels upside down with the pandemic and stay-at-home order,” said Lisa Culp, executive director, in her ceremony speech. “But when the women here today were homeless, their world felt more than upside down. They thought their world was over. Homelessness is isolating in a way no one can understand who is quarantining in a

safe home. But the women of Session 79 found each other and leapt over the obstacles of being homeless during a pandemic to emerge triumphant.” Session 79 was originally scheduled to begin in April but was postponed due to the stay-at-home order. Adhering to social distancing recommendations, Women’s Empowerment accepted only a third of its usual number of participants into the session that began in late June. Each participant worked one-on-one with a master’s level social worker and employment specialist, both on staff at Women’s Empowerment. She attended a range of

classes on job-readiness, financial literacy, computer skills, empowerment and more – many taught virtually by skilled volunteers from the community. She received health services and could join support groups and receive legal help, as needed. All graduates of Women’s Empowerment are eligible for its graduate services, which include paid job training programs. Women’s Empowerment was featured on NBC’s The TODAY Show in 2015 for offering the most comprehensive job-readiness program in the Sacramento area designed specifically for women who

are homeless and their children. The award-winning organization has graduated 1,687 homeless women and their 3,792 children. Last year, 70 percent of graduates found homes in the midst of the housing crisis, and 79 percent secured jobs or enrolled in school or training. The program combines self-esteem courses, job training, health classes, support services and paid job training to help homeless women across diverse ages, races and cultures. Women’s Empowerment is funded through private donations from the community and grants. To donate: Womens-Empowerment.org. ★

The undersigned or its predecessor caused said Notice of Default and Election to Sell to be recorded in the county where the real property is located. NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. Sacramento Self-Help Housing

SACRAMENTO REGION, CA (MPG) - Sacramento Self-Help Housing’s free Renters Helpline is currently experiencing a significant uptick in calls, and remains open and staffed with experts available to help with potential renter discrimination, tenant/landlord disputes, education on new laws about rent increase and “just cause” evictions, and eviction ban to COVID-19. On average, the helpline typically receives approximately 750 calls per month. However, in the first week of April 2020 alone, 311 calls were received with 90 related specifically to landlord/tenant issues, the eviction moratorium and COVID-19 prevention.

Originally launched in 2016, the helpline is made possible through a collaboration with Project Sentinel, and Legal Services of Northern California (LSNC). The free service provides tenant education

on their rights, and dispute resolution services for residents in unincorporated Sacramento County, and the cities of Sacramento, Rancho Cordova, Elk Grove, Citrus Heights and Folsom. Experienced Tenant Advisors deal directly with concerns regarding landlord/tenant disputes and help to refer fair housing issues to the appropriate agency.

The Renters Helpline is one of a variety of programs offered by Sacramento Self-Help Housing, a non-profit 501(c)3 agency that is dedicated to assisting those who are homeless or at risk of becoming homeless to find and retain stable and affordable housing. To help solve the ever-increasing number of homeless men, women and families in Sacramento County.

The Renters Helpline is available at 916-389-7877 Monday through Friday from 8:30 a.m. to 5 p.m. For more information about the Renters Helpline, please visit www.rentershelpline.org. ★

Stay Safe While Celebrating Golf Month

By Ken Casparis, Sacramento County

SACRAMENTO COUNTY, CA (MPG) - August is National Golf Month, and the Sacramento County Department of Regional Parks owns and manages three championship golf courses and one nine-hole executive golf course for residents and visitors to enjoy. The courses offer a variety of settings and designs for a wide range of player skills.

Because each course resides near or within a regional park, it is not uncommon for players to share a fairway with turkey, deer, geese and other wildlife.

To stay safe and healthy during the COVID-19 pandemic, residents have had to make adjustments in their day-to-day lives.

“Golfing is a great and safe way to enjoy the outdoors while exercising during the COVID-19 pandemic,” said Greg Blik, Golf Division Manager. Image by HeungSoon from Pixabay

The same is true for the Regional Parks Golf Division and their golf courses, which were permitted to remain open as outdoor activity has been deemed essential under the public health orders.

“Golfing is a great and safe way to enjoy the outdoors while exercising during the COVID-19 pandemic,” said Greg Blik, Golf Division Manager. “We take health and safety very seriously so early on, we developed

and implemented protocols and staff training to ensure safe environments for employees and golfers.”

Democrats Have Only Themselves to Blame for AB 5 Catastrophe

By Nghia Nguyen, Office of Senator Jim Nielsen

SACRAMENTO, CA (MPG) - Following Sacramento politicians’ mandate to do away with independent business contracts as dictated by Assembly Bill 5, many businesses and professionals fought for exemptions. Ridesharing companies, Uber and Lyft, the main targets of labor unions and Democrat lawmakers, were not successful in their efforts resulting in a roller coaster ride in the courts.

“This is a complete and utter catastrophe,” said Senator Jim Nielsen (R-Tehama). “Hundreds of thousands of Californians have been sitting on pins and needles waiting for various court decisions. They fear facing a dismal job market that has resulted from haphazard COVID-19 shutdowns.”

Last week, Uber and Lyft were ordered by a judge to classify their drivers as employees, as dictated by Assembly Bill 5. Company

officials warned they would have to shut down to comply with the order.

These two companies have become an integral part of residents’ daily lives. Drivers like these independent contractor jobs for their flexible hours and the additional income they provide.

Millions of Californians depend on this service to go to the doctor, to get food, and countless other critical needs - especially important while food and other services are limping along, relegated to providing only delivery service.

“California is facing a deep recession. Sacramento Democrats’ actions ensure that the state continues to be hostile to employers and promotes their exodus, leaving the people of this increasingly unaffordable state without jobs,” added Senator Nielsen.

SacRT to Restore Service to pre-COVID-19 Levels

By Jessica Gonzalez, SacRT

SACRAMENTO REGION, CA (MPG) - The Sacramento Regional Transit District (SacRT) announced today they are implementing a September 2020 service recovery plan to restore service to pre-COVID-19 levels. The additional service begins on Sunday, August 30, 2020. The service recovery plan increases service for light rail (Blue and Gold lines), bus (routes 1 through 93) all peak-only/express (routes 102, 106, 107, 109, 113, 129, 134, 161 and 193), and Folsom Stage Line (routes 10F and 30F).

SacRT is also making some adjustments to several bus routes to improve on-time performance. SacRT and Yolobus will continue to monitor ridership on the Causeway Connection (route 138) and may add additional trips in late September.

Due to low ridership as a result of COVID-19,

SacRT will continue to suspend service on the Airport Express (route 142), the 200 series routes and Folsom Stage Line (route 20F). Based on a ridership survey, starting September 1, Jibe Express will be reducing service to match current ridership demand. Visit jibe.org to review the new and current schedules with interactive map and timetable listings.

SacRT’s service recovery plan is an integral part of supporting the region as it reopens by adding more service to ensure people can safely travel to essential destinations. Similar to other businesses, the COVID-19 pandemic may have an impact on SacRT employees (i.e., school and childcare predicaments, and health related matters) possibly resulting in manpower shortages, which may cause temporary service adjustments with little or no notice. SacRT encourages customers to check the Service Alerts page at the top of sacrt.com.

com/alerts in advance of heading out to the bus stop.

SacRT is doing everything possible to keep its employees and customers safe and healthy to ensure minimal impacts to service during these unpredictable times. To learn more about SacRT’s best safety practices and other prevention guidance, visit sacrt.com/covid-19.

Visit sacrt.com/recovery for more details and a look at the new timetables.

Riders and Community Urged to Take the Ready to Ride Transit Survey

SacRT is conducting a survey of our riders and the community to better understand how we can best plan to meet the Sacramento region’s mobility needs as Shelter-in-Place orders are relaxed and the pandemic continues. We are seeking feedback about willingness to take public transit during/after the COVID-19 pandemic to help our advocacy for safe, clean and convenient transit as we move past this crisis. ★
