SacRT Receives Funding for Mobility Projects

By Jessica Gonzalez,
SacRT

SACRAMENTO, CA (MPG) - The Sacramento Regional Transit District (SacRT) announced it has been awarded \$3.75 million in Low Carbon Transit Operations Program (LCTOP) funding from Caltrans that will assist in five mobility improvement projects, which includes reimagining core bus routes through the SacRT Forward plan and supporting SacRT's light rail modernization program.

Funding for projects include: Folsom Late Night Light Rail Service – Support continued operations of expanded evening service along the Gold Line; Route 11 Bus Service – Sustain increased days of operation, frequency during both midday and peak hour and extension of the route south from downtown to City College Station; Route 13 Bus Service – Sustain increased operation, frequency, and extension of the route north and west into Natomas; Route 68 Bus Service – Support increased frequency during weekday peak hours and improved headways on Saturday; Low-Floor Light Rail Vehicles – purchase additional modern low-floor light rail vehicles

The LCTOP funding is another example of how SacRT is able to secure state and federal funding during these challenging times, which will help the region's economic recovery. This year alone, SacRT has successfully competed and been awarded over \$125 million dollars.

"Despite the many economic impacts created by COVID-19, SacRT continues to play a vital role for many – providing critical mobility options for thousands of front-line healthcare, public safety, grocery, and service industry workers fulfilling essential roles in our region," said SacRT General Manager/CEO Henry Li. "This funding will help us guarantee the longevity of transit service while improving the region's carbon footprint by mitigating the impacts of greenhouse gas emissions."

The Low Carbon Transit Operations Program was created in 2014 to provide operating and capital assistance for transit agencies to reduce greenhouse gas emissions and improve mobility, with a priority on serving disadvantaged communities. LCTOP is funded by the Cap-and-Trade Program from the Greenhouse Gas Reduction Fund. ★

SAFE Credit Union’s Erica Dias Named 2020 OWL Award Winner

Erica Dias SAFE Credit Union’s Vice President for Marketing, Community Banking, and Communications. Photo: SAFE Credit Union

By Carole Ferguson, SAFE Credit Union

SACRAMENTO REGION, CA (MPG) - When Erica Dias was hired as SAFE Credit Union’s Vice President Marketing, Community Banking, and Communications in April 2019, she brought a game-changing strategy that not only reshaped the departments she led but also a fundamental shift in how the entire \$3.5 billion credit union approaches goal-setting and corporate strategy.

She supports SAFE Credit Union’s growth through an omni-channel approach including advertising, marketing, in-person outreach, targeted social media, and other opportunities as they arise. She pulled from her years of leading marketing and sales efforts at some of the larger employers in the Greater Sacramento area to lead these improvements at SAFE. That diversity of experience and nimbleness acquired through a career of various challenges and opportunities fuels Dias’ expertise in helping SAFE navigate the multi-pronged health, safety, and financial issues the COVID-19 pandemic poses to SAFE members and the community.

For her business and community achievements, Dias was recently named the Executive Woman Award Winner at the 2020 OWL Awards granted by the

Sacramento Valley chapter of the National Association of Women Business Owners.

“It’s such an honor to be recognized among my peers,” Dias said about the OWL Award. “I believe it’s essential that women raise each other up and support one another to ensure that our voices are heard and we can bring our effective, collaborating style of leadership to our businesses and organizations.”

Dias takes her role as a leader seriously in her career and in the community, understanding that it’s important to show up and be present to effect necessary change to bring equity, pay parity, and for all women to have a greater voice in their communities. She tirelessly works toward those goals by serving as campaign chair of the 2020 Women on Boards Sacramento, as a director on the board of PBS/KVIE, and as Chair of the Santa Clara University Alumni for Others. She helps shape the next generation of entrepreneurs and business leaders through her work as an adjunct professor and guest lecturer on HR Management, Marketing, Economics, Entrepreneurship as well as being a coach for Social Venture Partners’ Sacramento Fast Pitch.

She directly serves the community through her volunteerism and board positions with the Salvation Army Women’s Auxiliary, and Saint John’s Program for Change.

Dias finds synergy between her personal commitment to improving the well-being of her community with SAFE Credit Union’s mission focused on people helping people. SAFE is dedicated to the financial well-being of its members and the communities it serves. Dias directly works with the SAFE teams that oversee direct philanthropy to local organizations promoting

health, education, and veterans services, as well as providing no-cost financial education to Sacramento-area residents and to staff at some of the region’s largest employers. The credit union also is providing direct relief to its members during the pandemic with no- to low-cost personal loans, deferred loan payments, waived fees, a convenient appointment setting system, and expanded financial education programs to help those experiencing financial challenges.

SAFE works with local nonprofits to match credit union leaders with open board positions to help deepen SAFE’s commitment to the community as well as lend its staff’s expertise to nonprofits’ success.

The OWL Awards were established by the National Association of Women Business Owners (NAWBO) Sacramento Valley chapter to acknowledge and celebrate exemplary women leaders within the business community. The event has become a regional tradition, paying tribute to top women entrepreneurs and corporate leaders who have advanced the status of entrepreneurial excellence and community leadership.

The NAWBO Sacramento Valley Chapter is the region’s premier organization and voice for women business owners and is affiliated with a number of the area’s business and community organizations. Its goals are to provide women business owners with appropriate educational, social, economic and political programs to assist them in making effective changes in their business culture, including, building strategic business alliances and affiliations, influencing opinion makers and strengthening the wealth building capacity of our members. ★

Mysterious Unsolicited Seed Shipments from China

By Chrisandra Flores, Sacramento County Agricultural Commissioner

SACRAMENTO COUNTY, CA (MPG) - Recently, the California Department of Food and Agriculture (CDFA) has become aware of a number of reports regarding “mysterious and unsolicited seeds from China and other parts of Asia.” The seed packages, often labeled as jewelry, toys, etc., are being shipped to homeowners throughout the U.S., including Sacramento County. The CDFA is communicating with the United States Department of Agriculture to determine any necessary actions for shipments received in California.

In the meantime, the Department of Agriculture is instructing residents not to open, plant, or dispose of any unsolicited seed packets received, but to contact the office.

“It is unlawful for any person to ship, deliver, transport, or sell any agricultural or vegetable seed within this state that is not in compliance with the California Seed Law. Our seed law protects the environment and the agricultural industry

in California from seeds that may be contaminated by pests or diseases. Taking steps to prevent their introduction is the most effective method of reducing the risk of invasive species infestations,” said Chris Flores, Sacramento County Agricultural Commissioner.

We encourage recipients of these seeds to contact the office at 916-875-6603 for arrangements to collect, isolate and properly store the seed. Those who have planted the seeds should contact the department for additional direction.

It’s Still a Mystery

Searching for Answers on Flying Tiger Line Flight 739

By Elise Spleiss and Kimberly Steinman-Elmquist

SACRAMENTO REGION, CA (MPG) – When Kimberly Steinman-Elmquist woke up last month on her 60th birthday her first thought was not of celebration, but of the father she lost in a mysterious airplane explosion over the North Pacific Ocean when she was only 20 months old.

On March 16, 1962, Flying Tiger Line Flight 739, a Lockheed Super Constellation transport airliner, exploded and disappeared over the ocean between Guam and the Philippine Islands. On board were 93 American soldiers, three South Vietnamese military men and 11 crew members. All perished. Twenty-six-year-old Army Sergeant Ranger John Karibo of Ohio, Kimberly’s father, was on that plane.

The fate of Flying Tiger Line Flight 739 is a mystery that has spanned six decades and continues to grow exponentially, spawning more questions than answers. Like a pebble thrown into the water, the story continues to expand, becoming more complicated with each passing year.

Karibo had been training at Fort George Meade, Maryland when he received orders to report to Travis Air Force Base for a new assignment. He was only allowed to return home to Ohio briefly to say “good-bye” to his young wife, Tonya and his daughter. The mission was top secret; no one could speak of it.

Karibo was then off to Travis AFB where he joined 92 other Rangers all reported by the government following their disappearance to have been specialists in electronics and communications. Elmquist shared with this reporter that her father was trained in biological, chemical, and radiological warfare.

Their final destination was to be Saigon, Vietnam. From Travis they

stopped to refuel in Honolulu, Wake Island and Guam expecting to proceed on to Clark Air Force Base in the Philippines. Somewhere from Guam and the Philippines contact with flight 739 was lost. After three hours with no radio contact Search and Rescue operations was initiated from Guam and the Philippines.

Flying Tiger Line flight 739 and everyone on board was declared lost when it was calculated their fuel would have run out.” No trace of the plane or any indication that it had crashed into the sea was found. It just disappeared.

Adding insult to injury or in this case, death, the families of these men were informed that their situation did not qualify to have their loved ones’ names included on the Vietnam Veterans Memorial Wall in Washington D.C.

In March 2019, Elmquist joined three other families in

Washington D.C. on a trip to visit Senate aides, tell their stories and present them with packets bulging with documents for each senator

on the Armed Service Committee.

The trip was organized and led by Donna Ellis Cornell, from Michigan, daughter of Sgt. 1st Class Melvin Hatt from Michigan. A Stars and

Stripes reporter followed the group for 3 days.

Elmquist was featured in the article and in a video in the online version of the August 8, 2019 article. She has been tirelessly lobbying anyone who will listen to get the word out for these 93 men who served their country alongside others on the Wall.

Elmquist recalls when her mother-in-law Edith received word of her son’s loss and presumed death, she never accepted it. To her dying day she just knew ‘Johnny’ would walk through the door. Tonya, John’s wife was denied any kind of memorial service for her husband and eventually the families grew apart.

There is one bright light in this fight. Groundbreaking for a private monument to honor all 93 servicemen and 11 crew members took place recently in Columbia Falls, Maine, site of the Wreaths Across

America. It is scheduled to be completed and dedicated by the end of the year.

Elmquist wonders what the military and government could be so afraid of even now, 60 years later, to still be unwilling to release information on the incident. She knows the questions would stop if their loved ones would get the recognition they deserve. “It makes you wonder what was happening with the United States and Vietnam at the time, and what would have happened in the war if their mission had been completed.” “I don’t care what happened any more, I just want them to be remembered.”

Elmquist and her mother Tonya Wagner, now 81, have been giving back to the military community most of their lives. Wagner has been president of the Northern California chapter of Gold Star Wives for over 20 years. Elmquist has been with Sacramento Blue Star Moms since 2011 and currently is 1st Vice President of Membership.

There currently is a bill sitting in Congress. SB 1891, Flying Tiger Flight 739 Act was introduced on June 18, 2018. According to Elmquist, it was spearheaded by Senator Gary Peters of Michigan but is sitting in the Committee of Natural Resources, dying a slow death. She says, “We believe the Bill should be in the Committee for Armed Services to get the proper attention it needs.”

American Banker Ranks First Northern Bank in Top 200 List

By Rashelle Snead,
First Northern Bank

DIXON, CA (MPG) - First Northern Community Bancorp (the “Company”, OTCQB: FNRN), holding company for First Northern Bank (“FNB” or the “Bank”), announced that First Northern Bank earned a place among the top 200 publicly traded community banks in the United States as determined by American Banker magazine. The annual ranking is for community banks with less than \$2 billion in assets and was released with the magazine’s May 2020 issue. The ranking – based on a three-year average of each bank’s return on average equity (ROAE), placed FNB at #99, up from its 137th-place ranking last year. The honor recognizes the local community bank as one of just a handful of

Northern California-based banks to make the grade. Over the last three years, FNB’s ROAE averaged 10.92%, a reflection of the Bank’s financial stability and strength, but also the management team’s ability to generate income from the equity available to it. First Northern Bank recently celebrated its 110th year in business as an independent community bank that specializes in relationship banking. The Bank has consistently ranked as the #1 local small business lender in the greater Sacramento region for over a decade. The Bank, headquartered in Solano County since 1910, serves Solano, Yolo, Sacramento, Placer, and Contra Costa Counties, as well as the west slope of El Dorado County. Experts are available in small-business, commercial, real estate and

agribusiness lending, as well as mortgage loans. The Bank is an SBA Preferred Lender. Non-FDIC insured Investment and Brokerage Services are available at every branch location, including: Auburn, Davis, Dixon, Fairfield, Rancho Cordova, Roseville, Sacramento, Vacaville, West Sacramento, Winters, and Woodland. The Bank also has a commercial lending office in Walnut Creek and a mortgage loan office in Sonoma. Real estate mortgage and small-business loan officers are available by appointment in any of the Bank’s 11 branches. First Northern is rated as a Veribanc “Blue Ribbon” Bank and a “5-Star Superior” Bank by Bauer Financial for the earnings period ended March 31, 2020 (www.veribanc.com) and www.bauerfinancial.com). The Bank can be found on the Web at thatsmybank.com, on Facebook and on LinkedIn. ★

Legislative Democrats Kill Opportunity to Help Millions of Frustrated Californians

By Jacqui Nguyen,
California Senate Republicans

SACRAMENTO, CA (MPG) - The Governor’s mandated shutdown has left more than six million Californians unemployed and shuttered businesses. Senate Republican Leader Shannon Grove (R-Bakersfield) released the following statement after the Joint Legislative Audit Committee (JLAC) announcing the cancellation of a crucial hearing on August 11, that would have been an opportunity to audit the Employment Development Department (EDD). Last month, legislative Republicans asked JLAC to audit the EDD after unemployed individuals shared their horror stories about the state agency, including cases of clerical

errors that resulted in longer wait times for financial relief and 150 redials with no results. The Los Angeles Times recently published an article on July 11, 2020, “It takes 150 redials”: Horror stories from Californians filing unemployment claims, getting no results”. Signed by Republican members from both the Assembly and Senate, the letter to JLAC is a bicameral effort to demand answers from EDD. “California Democrats killed an opportunity to audit the EDD which would have helped millions of frustrated Californians. This audit would have been an opportunity to get answers instead California Democrats blocked that effort. Republicans will continue to fight for our residents because California deserves better,” Senate Republican Leader Shannon Grove (R-Bakersfield). ★

Senate Republicans Respond to California Democrats' Economic Stimulus Plan

By Jacqui Nguyen,
California Senate Republicans

SACRAMENTO, CA (MPG) - The statement below is in response to California Democrats’ \$100 billion proposed Economic Stimulus Package: “These summaries are broad strokes and some may sound appealing – but when it comes to California Democrats’ proposals, the devil is always in the details. Consider what

they have done since the start of this pandemic. California Democrats have allowed an increase in the gas tax during one of the worst economic crisis since the Great Depression; they've spent billions of dollars on homeless, only to see the situation worsen; ever-changing small business directives and guidelines; and are putting at risk the safety of every California resident by allowing 18,000 convicted felons back into our communities.” – California Senate Republican Caucus ★

Proposed Rancho Cordova Tax Increase

This is really an idiot suggestion. Remember when the council members pushed for city hood? The war cry was NO new taxes. So far we have had over 347 NEW taxes and 687 NEW fees (IE: taxes). Should the city council do this stupid thing and go for new taxes I suggest we put rescinding Rancho

Cordova city hood on the ballot, as a fraud advertising. If the city needs more money stop all the city feel good spending. My survey suggested 93% of the city taxpayers were AGAINST any tax increases.

Ostomies are Lifesavers Awareness Day

Imagine choosing death over a life-saving surgery? The acceptance of living a life with an ostomy is still too often met with a feeling of hopelessness by prospective patients. I am Dan "Dry Dock" Shockley, retired Navy, Operation Desert Storm; Enduring and Iraqi Freedom veteran, happy to be alive and to live a healthy and productive life after having permanent ostomy surgery as a result of hereditary colon cancer. The 725,000 to 1 million people living with an ostomy or continent diversion in the United States, represented by United Ostomy Association of America

(UOAA), know that “Ostomies are Lifesavers.” With proper medical care and emotional support, there is nothing most people living with an ostomy are not capable of doing. We must all do more to eliminate the stigma of living with an ostomy. Join me in celebrating the 10th Anniversary of Ostomy Awareness Day on October 3, 2020 as we shout the message here in the Sacramento area that “Ostomies Are Lifesavers.” In parks and neighborhoods all around the country that day we will also be shining a positive light on this surgery during the Virtual Run for

Resilience Ostomy 5k. Change is made by telling others about your life-saving ostomy surgery and through UOAA’s national advocacy efforts, educational resources, events, and inspirational stories. Over 315 UOAA Affiliated Support Groups offer emotional support and quality of life advice to those in need. Visit www.ostomy.org to learn more and join us so nobody ever feels a lack of hope again. Together we can save more lives. Thanks for your time. We are looking forward to hearing from you and always forge ahead w/a purpose. ~ Dan "Dry Dock" Shockley

Ask Toni Baby Boomers Stressed Out Trying to Understand Medicare??

Toni King

Toni: I am a confused Baby Boomer who needs to make my Medicare decision this October when I turn 65. I am current on an individual health plan that has a terrible high deductible. I do not know where to start or what to do? Can you please simplify this ordeal? ~ Thanks Jennifer from Memphis, TN

Jennifer: Do NOT feel alone because there is “one” Baby Boomer entering Medicare every 8 seconds every day for the next 15 years. Which calculates to about 10,000 Americans turning 65 every day! Most are completely stressed out because they know that one wrong move can jeopardize their 401K that they worked so hard for and is all they have left for their retirement days. Below are a few facts explaining what every American should know regarding their Medicare: 1) Enroll on time: The only way Medicare is automatic for those turning 65 is when one is already receiving their Social Security check. If you are not receiving your Social Security check and not working full time with true company benefits from either you or your

spouse’s work, then you will want to enroll in Medicare Parts A and B via online at www.socialsecurity.gov/medicareonly. Those working full-time with true company benefits or are covered under their spouse’s benefits may want to delay enrolling in Medicare Parts A and B until they finally retire or happen to be laid off from their current employment. 2) Different Parts to Medicare...Parts A, B, C & D: Medicare Parts A and B cover hospital, medical and provider expenses. Medicare Part C known as Medicare Advantage plan is another way of receiving your Medicare benefits. Part D is Medicare Prescription Drug plans that can be enrolled as a stand-alone plan with a Medicare Supplement with Original Medicare or bundled in a Medicare Advantage plan. 3) What Medicare covers: Medicare Part A covers in-patient hospital, skilled nursing facility care, home health and hospice care. Medicare Part B covers physicians’ services, outpatient surgery/services, lab/X-rays, MRIs, durable medical equipment, and preventative services, etc. 4) What Medicare does not cover: Medical services not covered are vision, hearing or dental expenses as well as Long Term Care. 5) No Network with Original Medicare (Medicare Parts A & B) and Medicare Supplement/Medigap: Your healthcare profession or facility bills Medicare not an insurance company.

6) Medicare Advantage (Medicare Part C) May Be a Good Option: Know that you can chose between Original Medicare (Parts A & B) or Medicare Advantage plans (Medicare Part C) offered by private insurance companies which has an insurance network which you healthcare professionals or facilities should be a part of to receive network lower rates. 7) Medicare is NOT free: Medicare covers a lot and there is a cost associated with Medicare Parts A and B. You have been paying tax dollars for Medicare and the premium for Part A is at no cost. Medicare Part B has a premium which is means tested depending on how much you have earned for that year. Each year, the Medicare Part A and B costs. deductibles and premiums change. 8) When one visits, the Toni King office for a Medicare consultation, we tell them to forget everything they know about their old health insurance plans because Medicare is totally different! Toni Says Confused about Medicare Online Zoom Webinar: Wednesday, August 19 th at 4:00pm. Online webinar reservations are limited and enrolling link is available at www.tonisays.com. Toni King, author of the Medicare Survival Guide® is giving a \$5 discount on the Medicare Survival Guide® Advanced book and bundle packages for the Toni Says® newspaper article readers at www.tonisays.com. ★

Social Security Matters

Can I Get a Widow’s Benefit if I’m on Disability?

By Russell Gloor,
AMAC Certified Social Security Advisor

Dear Rusty: I was recently approved for my Social Security disability benefits. Will I still be able to get my widow’s benefits when I turn 60, which is right around the corner? Or do I lose those because I am disabled? Signed: An Uncertain Widow Dear Uncertain Widow: You will not lose your survivor (widow’s) benefits because you are now collecting Social Security Disability Insurance (SSDI) benefits. You can get the survivor benefit if it is more than your SSDI benefit and provided that you did not remarry before age 60 (and remain married). If you are entitled to and claim a survivor benefit while on SSDI, it will come as a separate supplemental payment which, along with your SSDI benefit, equals the amount you are due as a widow. If you are now on SSDI you can actually take your survivor benefit before age 60 because survivor benefits can be taken as early as age 50 if you are disabled.

and it does not expire so you can delay up to age 67 to claim if you wish (to get the maximum amount as a widow). But if your financial situation is such that you need the reduced survivor benefit earlier, and your benefit as a widow is more than your SSDI benefit, you can claim it at any time. Survivor benefits must be applied for directly with the Social Security Administration, which you can reach by phone at 1.800.772.1213, or at your local office (find the phone number for your local office at www.ssa.gov/locator). Note that all Social Security offices are temporarily closed to in-person visits by the public, so telephone is your only current option to apply for your survivor benefit, until after the pandemic closure is lifted. California Health and Human Services Agency Announces New Plans for COVID-19 Testing

CDPH News Release

SACRAMENTO, CA (MPG) - California Health and Human Services Secretary Dr. Mark Ghaly announced new plans for COVID-19 testing in California, including updated testing guidance, new requirements for health plans to cover testing, and the new co-chairs of the state’s COVID-19 Testing Task Force.

“Testing is a critical tool that helps us diagnose and treat those who become infected by COVID-19. Testing also helps us understand how COVID-19 moves through our communities so we can identify areas where transmission is occurring... We are redoubling our commitment to ensure testing remains a top priority for California,” said Dr. Ghaly. “Our testing capacity has increased exponentially in recent months. At the same time, new national supply chain challenges and large volumes of specimens sent to commercial laboratories have resulted in growing delays in processing times. Consequently, it is critical we continue to be deliberate and

creative about testing. We must do this so that testing is readily available and affordable to those who need it, especially those communities experiencing the worst impacts of COVID-19 and those who are at the highest risk. Testing is a responsibility of our entire healthcare delivery system. Clinics, doctors, and other care sites should provide convenient testing to their patients who need a test.”

The California Department of Public Health released updated testing guidance that focuses on testing hospitalized individuals with signs or symptoms of COVID-19 and people being tested as part of the investigation and management of outbreaks, including contact tracing. The testing guidance also prioritizes individuals who have COVID-19 symptoms and individuals without symptoms who fall into high-risk categories, including people who live and work in nursing homes, homeless shelters and prisons, healthcare workers, and patients in hospitals. The new guidance will ensure that Californians who most need tests get

them even if there are limited supplies.

Two new co-chairs will lead California’s Testing Task Force, the state’s private-public partnership that has taken the lead role in expanding both the collection and processing of specimens for COVID-19 testing. Leading the task force starting immediately are Dr. Gilbert Chavez, founding chief of the California Department of Public Health’s Center for Infectious Diseases, and Dr. Bechara Choucair, senior vice president and chief health officer for Kaiser Foundation Health Plan, Inc. Chavez, the state’s former epidemiologist who has led the response to disease outbreak and emerging health threats, is coming out of retirement to help lead the task force. Dr. Choucair oversees Kaiser’s efforts focused on addressing the social health of its 12.4 million members and the 68 million people who live in the communities it serves.

The task force, which was launched in April, created testing locations where there were none, expanded laboratory capability

and helped build a testing supply pipeline, scaling up from just 2,000 tests per day to more than 100,000 tests per day. Under the leadership of Chavez and Choucair, the task force will recommend testing priorities, continue to create equitable access to testing and support for state-operated community testing sites, and review options to lower overall testing costs.

To help ensure that testing is widely available to all Californians, the state is working collaboratively with health insurers to provide reimbursement for testing and with private providers to create additional in-office testing capacity. With more providers performing tests in the office rather than referring patients to labs or testing sites, the state would have more resources to focus on underserved and high-risk populations. The state is preparing to file emergency regulations that will classify COVID-19 testing as medically necessary urgent care for essential health workers and people with symptoms of or possible exposure to COVID-19. ★
