RANCHO CORDOVA, CA (MPG) - The City of Rancho Cordova has a unique situation in this Covid-19 crisis time. Mayor David Sander is a virologist with a Ph.D. in molecular and cellular biology. His scientific consulting and development firm specializes in medical and scientific communication issues. Among other positives, this gives him the ability to translate medical jargon into understandable English, which he does in regular videos on the City of Rancho Cordova website.

City services are still available, Sander said, but not quite as usual. Counter services are still open at City Hall but it's a good idea to call ahead before coming in to conduct business, and electronic methods are preferred. City employees who can work at home are doing so. City Council meets on the same schedule, first and third Mondays. Meetings may be attended in person and also viewed after on the City of Rancho Cordova website.

Some events are being cancelled indefinitely, or tentatively rescheduled. "Kids Day is not going to be able to happen," Sander said. "That must be 15,000 people. It's huge! The California half marathon is cancelled. There are a lot of events that are not going to happen."

Liaison with other entities generally takes place electronically or

by phone, with City Manager Cyrus Abhar responsible for much of that. There is communication on all levels, between elected officials, between staff and the different agencies. The Rancho Public Works Director talks to other Public Works Directors about what they're doing, and how to manage in this environment. An essential service, Rancho road work continues, including that being performed at Highway 50 at Zinfandel.

Police service and garbage pickup continues uninterrupted, though bulk waste pickup will likely be put on hold in the near future. "Notification will be going out to the community on that," Abhar said. He asks everyone to please, please follow the guidelines and the direction that we receive from our Health officials. "The City is in a good position to deal with this crisis at this point," Abhar said. "We have been able to create a healthy rainy day reserve fund for the City to continue to operate during this crisis . . . We will get through it."

Sacramento Fire Agencies Deploying Mobile Integrated Healthcare Units

**By Chris Vestal,
Sacramento
Metropolitan Fire
District**

MATHER, CA (MPG) - The Sacramento Metropolitan Fire District (Metro Fire or the District) will deploy the first Mobile Integrated Healthcare (MIH) unit in the Sacramento region as part of a collaborative effort to combat COVID-19 in our community. Up to six units are planned for the area with Metro Fire, the Sacramento Fire Department (SFD), and Cosumnes Fire Department (CSD Fire) each facilitating two units. This partnership includes the Hospital Council of Northern and Central California and Sacramento County Public Health in addition to the regional fire agencies.

This first unit placed in service by Metro Fire will be staffed by a Fire Captain who is also a licensed Physician Assistant (PA) and a Firefighter/Paramedic. It will serve as an extension of the department of public health to assist in the broader response to the COVID 19 pandemic. With a focus on identifying at risk individuals and communities it will provide resources, testing, and provide basic medical support to citizens who might not otherwise be able to access appropriate healthcare.

Although MIH units will look no different than a regular fire service ambulance, it will also include additional medical equipment to meet the advanced level of care a PA is able to provide in the community. The MIH program is designed to integrate within the 9-1-1 system and broader healthcare community to provide post-discharge follow up for patients following their hospitalization and to address the needs of our at risk citizens who lack access to resources.

Emergency service delivery is Metro Fire's number one priority. The launch of MIH after years of planning, with a focus on response to COVID-19 within the Sacramento Region, shows our commitment to the community we serve, the collaboration between local fire departments and emergency medical services providers, and public health agencies in Sacramento County. ★

Help Stop the Spread of Coronavirus and Stay Informed

**By Danielle Hale,
City of Rancho Cordova**

RANCHO CORDOVA, CA (MPG) - Despite this unusual time, Rancho Cordovas can come together to help stop the spread of coronavirus. Do this by maintaining your physical and social distance by at least six feet, do the five (wash your hands often, cough into your elbow, do not touch your face, keep a safe distance from others and stay home if you can)

and perhaps most importantly: stay informed.

If you are looking for the most up-to-date information for Rancho Cordova residents and businesses, check out the city's coronavirus webpage at CityofRanchoCordova.org/coronavirus. Designed to inform and inspire our residents and businesses during this uncommon time, and available in many languages, you'll find:

Information on city

services; Resources for residents and businesses; Update letters from the City Manager; Videos from the Mayor; Information on federal, state, county and city orders; An Open for Business list of restaurants, grocery stores and other businesses; Activity ideas, including storytime videos from city staff; Information for our students; Family and community resources; And more!

The CARES Act: How to Get Your \$1,200 and More!

Commentary by Kimberly Foss

In response to the worldwide crisis created by the COVID-19 pandemic, Congress has just enacted the largest relief package in history: The Coronavirus Aid, Recovery, and Economic Security (CARES) Act. Almost 94% of Americans will benefit directly from the \$2.2 trillion in aid included with this bill, which includes a direct payment to most taxpayers and their families. Here's what you need to know about how much you'll receive in your stimulus

check and how to make sure you get it.

1. Who gets a check?

About 94% of American taxpayers are eligible to receive a stimulus check from the federal government. These are the criteria you must meet:

Be a US citizen or legal resident; Have a work-eligible Social Security number (including those who are currently receiving Social Security benefits and on disability); Not be a dependent or eligible to be a dependent of any other taxpayer

2. How much will my check be?

Checks to eligible individuals will be \$1,200 or less, depending on your adjusted gross income (AGI) as reported on your tax return for either 2018 or 2019. Couples filing joint returns will be eligible to receive \$1,200 each, for a total of \$2,400. Families with children age 17 or younger will receive \$500 for each child.

• If you are a single filer

with AGI of \$75,000 or less, you will receive \$1,200.

• If you are married filing jointly with AGI of \$150,000 or less, you will both receive \$1,200.

• If you are single and head of household with AGI of \$112,500 or less, you will receive \$1,200.

• The amount of your check will decrease by \$5 for every \$100 by which your AGI exceeds the threshold for your tax filing status.

The following chart will help you estimate the size of your check, based on your AGI. To see your calculation, find the colored bar that matches the tax filing status on your most recently filed return.

If you think that your check would be bigger based on your filing status in 2018, you may wish to delay filing your 2019 return until after you've received your check. Remember, for 2020, you do not have to file your return until July 15.

3. How do I get my check?

As long as you filed a tax return in 2018 or 2019, you probably don't have to do anything. The IRS will send the payments via direct deposit or on a paper check if you are not set up on direct deposit (the checks will be mailed to the address shown on your tax return). If you haven't filed a tax return in either 2018 or 2019, you will need to file at least a simplified return for 2019 in order to qualify for a check. The IRS has information on free assistance with filing your return.

4. When will my check arrive?

The CARES Act stipulates that the IRS must process the checks as fast as possible. Checks will probably start going out in about three weeks.

5. What should I do with the money?

These direct payments are intended to provide direct assistance to American

taxpayers who have lost wages, jobs, or opportunities because of COVID-19. Priorities for the best ways to use your stimulus check include:

Paying for necessities (food, shelter, transportation, medicine); Making minimum payments on credit cards or other debt. Staying current will prevent having to dig out of a deeper hole when life returns to normal; Paying off high-interest debt if possible. The less debt you carry, the more flexible you can be in good times and bad; Starting or adding to your emergency fund. You should try to keep six months' worth of expenses in your emergency fund; Saving for retirement. If you have extra money left over, consider opening or adding to an IRA or other retirement plan; Helping others in need. If your employment has been less affected by the pandemic, you may wish to allocate some or all of your stimulus check to a friend,

family member, or neighbor who needs extra assistance.

We are going through a tough time in our country and all over the world right now. It's more important than ever to stay informed, stay alert, and practice good public health habits. If we all do our part and help each other when we can, we'll be stronger, better people as a result.

Stay tuned for more articles breaking down the CARES Act over the next few days! If you have questions about the stimulus package, your benefits, or any other financial matter,

please email me at kimberly@empyionwealth.com. I also encourage you to share our content with friends, family, and co-workers — you can also sign up to receive our blog via our website here.

IRS: Employee Retention Credit Available for Many Businesses Financially Impacted by COVID-19

By David A. Tucker II, Internal Revenue Service

WASHINGTON, D.C. (MPG) - The Treasury Department and the Internal Revenue Service launched the Employee Retention Credit, designed to encourage businesses to keep employees on their payroll. The refundable tax credit is 50% of up to \$10,000 in wages paid by an eligible employer whose business has been financially impacted by COVID-19.

Does my business qualify to receive the Employee Retention Credit?

The credit is available to all employers regardless of size, including tax-exempt organizations. There are only two exceptions: State and local governments and their

instrumentalities and small businesses who take small business loans.

Qualifying employers must fall into one of two categories:

The employer's business is fully or partially suspended by government order due to COVID-19 during the calendar quarter;

The employer's gross receipts are below 50% of the comparable quarter in 2019. Once the employer's gross receipts go above 80% of a comparable quarter in 2019, they no longer qualify after the end of that quarter.

These measures are calculated each calendar quarter.

How is the credit calculated?

The amount of the credit is 50% of qualifying wages paid up to \$10,000

in total. Wages paid after March 12, 2020, and before Jan. 1, 2021, are eligible for the credit. Wages taken into account are not limited to cash payments, but also include a portion of the cost of employer provided health care.

How do I know which wages qualify?

Qualifying wages are based on the average number of a business's employees in 2019.

Employers with less than 100 employees: If the employer had 100 or fewer employees on average in 2019, the credit is based on wages paid to all employees, regardless if they worked or not. If the employees worked full time and were paid for full time work, the employer still receives the credit.

Employers with more than 100 employees: If the employer had more than 100 employees on average in 2019, then the credit is allowed only for wages paid to employees who did not work during the calendar quarter.

I am an eligible employer. How do I receive my credit?

Employers can be immediately reimbursed for the credit by reducing their required deposits of payroll taxes that have been withheld from employees' wages by the amount of the credit.

Eligible employers will report their total qualified wages and the related health insurance costs for each quarter on their quarterly employment tax returns or Form 941 beginning with the second quarter.

If the employer's employment tax deposits are not sufficient to cover the credit, the employer may receive an advance payment from the IRS by submitting Form 7200, Advance Payment of Employer Credits Due to COVID-19.

Eligible employers can also request an advance of the Employee Retention Credit by submitting Form 7200.

Where can I find more information on the Employer Retention Credit and other COVID-19 economic relief efforts?

Updates on the implementation of this credit, Frequently Asked Questions on Tax Credits for Required Paid Leave and other information can be found on the Coronavirus page of IRS.gov. ★

COVID-19 Update: SacRT Bus Riders Must Board Through Rear Door

Above: A detachable chain barrier is used to reduce exposure between passengers and drivers. Right: SacRT is currently installing a protective plexi-glass barrier on each bus by the driver's seat. Photos: SacRT

By Jessica Gonzalez, Sacramento Regional Transit

SACRAMENTO REGION, CA (MPG)

The Sacramento Regional Transit District's (SacRT) number one priority is the safety of our customers and employees. To help reduce the spread of COVID-19, SacRT is transitioning to rear door boarding effective immediately. Passengers requiring ADA ramps, utilizing mobility devices or need priority seating may continue to use the front door for boarding.

For riders paying cash or with a paper ticket, they can pay their fare by depositing it in the metal box located above the front wheel-well and pick up a paper daily pass or transfer near the box after payment is made. For Connect Card users, they can tap their card at the Connect

Card reader located on the yellow pole. ZipPass mobile fare app users just need to show their active screen to the bus operator while standing behind the white line, which is located on the floor approximately four feet from the bus operator.

SacRT is reminding riders to practice social distancing when riding bus and light rail vehicles by staying at least six feet away from other riders and operators when possible. To protect operators, SacRT is currently installing a protective plexi-glass barrier on each bus by the driver's seat and adding a detachable chain barrier above the white line

to further reduce exposure. SacRT has been deemed an essential service during the COVID-19 pandemic. This means we continue to serve those who rely on public transit for vital access to resources, health-care and employment. While we are happy to report that no SacRT employee has tested positive for COVID-19, implementing rear door boarding is an important precaution to help keep everyone safe.

We encourage customers and the public to stay informed of SacRT updates by checking our COVID-19 page at sacrt.com/covid19. ★

California Gun Rights Lawsuit: Part II

NRA, Along with Coalition of Gun Rights Groups, Files Second Lawsuit in California to Fight Constitutional Violations

National Rifle Association Press Release

FAIRFAX, VA (MPG) - The National Rifle Association (NRA) joined other individuals, retailers, and gun rights groups in filing a federal lawsuit on Tuesday challenging local policies and enforcement practices that violate Second and Fourteenth Amendment rights.

"Local governments aren't promoting safety or "common sense" by targeting gun stores for closure; the closures only serve to disarm law-abiding families while criminals roam free," said NRA-ILA Executive Director Jason Ouimet. "Because these closures violate our Second Amendment rights when we need them most, the National Rifle Association continues to fight such infringements in court alongside fellow Second Amendment groups."

This is the second lawsuit the gun rights coalition has filed in California after a number of counties deemed firearm and ammunition stores, as well as indoor and outdoor ranges, "nonessential." The gun rights groups includes the Second Amendment Foundation (SAF), the California Gun Rights Foundation (CGF), and the Firearms Policy Coalition (FPC). A copy of the lawsuit can be found at <https://www.nraila.org/media/2852/2020-3-31-ca-altman-com-plaint.pdf>

Individual arms applicants/purchasers and retailers affected by "stay-home" or shutdown orders can report potential civil rights violations to the NRA-ILA COVID-19 <https://www.nraila.org/coronavirus>

Information on other gun rights groups: **Second Amendment Foundation** (www.saf.org) is the nation's oldest and largest tax-exempt education, research, publishing, and legal action group focusing on the Constitutional right and heritage to privately own and possess firearms. Founded in 1974, The Foundation has grown to more than 650,000 members and supporters and conducts many programs designed to better inform the public about the consequences of gun control.

California Gun Rights Foundation (www.cagunrights.org) is a 501(c)3 non-profit organization that serves its members, supporters, and the public through educational, cultural, and judicial efforts to advance Second Amendment and related civil rights.

Firearms Policy Coalition (www.firearmspolicy.org) is a 501(c)4 grassroots nonprofit organization. FPC's mission is to protect and defend the Constitution of the United States, especially the fundamental, individual Second Amendment right to keep and bear arms, advance individual liberty, and restore freedom. ★

There's Light at the End of the Tunnel, But How Long is the Tunnel?

Road work continues in Rancho Cordova, aided by the decrease in traffic. Photo Courtesy City of Rancho Cordova

Continued from page 1

Hardest hit in Rancho Cordova are hotels and restaurants. "It's happening essentially nationally to some varying degrees," said Marc Sapoznik, executive director of Rancho Cordova Travel & Tourism. "It's not uncommon for a hotel in Rancho Cordova to have laid off as much as 85% of their staff at this point." Before, the agency was marketing to the world, trying to draw people in. "It's a shift to community focus and doing whatever we can for the industry here in Rancho Cordova," Sapoznik said.

While restaurants don't have sit down service on site, many are providing take-out or window service. "Residents are still supporting the restaurants during this critical time," Sapoznik said. "That will help more of them survive this period. Once we're able to go back into the restaurants, they'll be there and be in business, which is a very good thing. . . There is light at the end of the tunnel. It's just hard to know how long the tunnel is at this point."

Rancho Cordova Food Locker executive director Walter Little said that the Food Locker is and always has been a disaster resource response site for food. "That allows us the ability to plug in to all levels of government for all kinds of resources," Little said. "We're working with the interfaith

community. Disaster causes everybody and everything to come together. . . That's really what's happening right now. . . It depends on your belief system and mine says something bigger than me is working at this and has been for a long time."

There are a lot of positive things happening in our community during this difficult time, and this is recognized by the people whose job it is to keep Rancho Cordovans informed. "I think our communications team is doing a great job with the City," Sander said. "Our website with information for our residents is outstanding."

Social Security Matters

About Working Overseas and Earning U.S Social Security

By Russell Gloor, AMAC Certified Social Security Advisor

Totalization Agreement, thus entitling her to U.S. Social Security benefits.

The U.S. requires a minimum of 40 total quarter-credits to be eligible for Social Security benefits. If your daughter has at least 6 U.S. credits now and can get enough additional credits via the Totalization Agreements to achieve minimum 40 required, then she may be eligible for at least a small U.S. Social Security benefit when she is 62.

Dear Rusty: My daughter had menial jobs - part time - here in the USA during high school and college but shortly after college moved to South Korea to teach English. After 8 years there she will be going to Belgium and getting married. She will be living there and working there. Will she ever have access to any Social Security benefits? **Signed: Interested Father**

Dear Interested Father: It will depend upon how many U.S. quarter-credits your daughter has from her work here in the U.S. The U.S. has bilateral agreements (known as "Totalization Agreements") with both South Korea and Belgium (and 24 other countries) and these agreements allow someone who has worked in both the U.S. and another country to aggregate their credits from both to qualify for U.S. benefits (and vice versa). But your daughter will need to have earned at least 6 U.S. credits from working in the U.S. in order for her credits from either South Korea or Belgium (or both) to be counted under the

could eventually use the Totalization Agreements to become eligible for U.S. Social Security benefits.

I suggest that your daughter contact Social Security and ask how many quarters of credit she now has under the U.S. Social Security system. If she already has the minimum 6 needed to eventually qualify under the Totalization Agreements, she may be entitled to a small SS benefit when she becomes age-eligible (62). But remember, even if she qualifies for a U.S. Social Security benefit, it will be based upon her minimal U.S. earnings; her foreign earnings won't be used when computing her U.S. benefits. Be aware also that if she also earns a pension from either South Korea or Belgium (or both), any U.S. Social Security benefit she may eventually get would be affected by the Windfall Elimination Provision (WEP) which reduces the SS benefit of anyone with a pension from work which did not contribute to U.S. Social Security.

Sacramento County DA Reports

COVID-19 Health Crisis and Looting Alert

The State of California is currently under the Governor's declaration of a public health emergency due to the COVID-19 Virus. Whenever federal, state, or local authorities declare a state of emergency, the criminal penalties for common shoplifting and theft are greatly enhanced under California's looting law.

California Penal Code section 463 makes violations of this law punishable criminally by incarceration in county jail prison for up to three years and a fine of up to \$10,000, with a mandatory minimum sentence of six months in county jail. If the stolen item is a firearm, the sentence shall be served in state prison. The statute applies to any person entering any building or structure with the intent to steal any property, no matter its value. ★

COVID-19 Health Crisis and Price Gouging Alert

The State of California is currently under the Governor's declaration of a public health emergency due to the COVID-19 Virus. Whenever federal, state, or local authorities declare a state of emergency, it is unlawful to raise prices for essential consumer goods and services by more than 10% of the existing prices immediately prior to the declaration of emergency.

California Penal Code section 396 makes violations of this rule punishable criminally or civilly with punishment of up to one year in the county jail and a fine of up to \$10,000 or a civil penalty of up to \$2,500 per violation. The statute defines essential consumer goods and services broadly, including but not limited to medical supplies, emergency supplies, food, fuel, lodging, transportation, pet food, repair services, construction services, building materials, and housing rental prices.

Complaints regarding price gouging

can be filed with the District Attorney's Office Consumer Protection Division at this link: <https://www.sacda.org/in-the-courtroom/consumer-environmental-protection/consumer-unit/consumer-fraud-complaint-form/> ★

Defendant Sentenced for Murder & Arson

DATE: March 17, 2020
CASE: William Thomas (Case #18FE009080)
PROSECUTOR: Deputy District Attorney Aaron Miller, Homicide Unit

The Honorable Michael Bowman sentenced William Thomas to 50 years to life in prison. On February 11, 2020, a jury convicted Thomas of the first-degree murder of Aryanna Doyle and arson. The court also found true the allegation that Thomas suffered a prior 2003 strike conviction for battery causing serious bodily injury.

On March 31, 2018, Ms. Doyle walked to a nearby park where she encountered William Thomas, who was seen earlier lighting small pieces of garbage on fire while at the park. Ms. Doyle left the park with Thomas, who led her to a nearby abandoned trailer home. On the morning of April 1, Easter Sunday, Sacramento Metro Fire was dispatched to extinguish a fire at the abandoned trailer, which was fully engulfed in flames when they arrived. Fire officials located Ms. Doyle's badly burned body inside the trailer. Surveillance footage from a nearby trailer home showed Thomas walking away from the burned trailer within minutes of the fire department being dispatched. Testing by the District Attorney's Crime Lab confirmed the presence of Thomas' semen on swabs taken at autopsy of Ms. Doyle. Testimony from the forensic pathologist confirmed that Ms. Doyle is still alive when the fire began to consume her. ★

Governor Newsom Grants Additional Relief for Business Taxpayers

Gavin Newsom

California Department of Tax and Fee Administration Press Release

SACRAMENTO, CA (MPG) - In accordance with the Executive Order issued by Governor Newsom to expand tax relief for small business taxpayers, the California Department of Tax and Fee Administration (CDTFA) announced today that all small businesses will have an additional three months to file returns and pay taxes administered by the department. Additionally, all businesses will have an extra 60 days to file claims for refund from CDTFA or to appeal a CDTFA decision to the Office of Tax Appeals.

CDTFA is providing a three-month extension for a tax return or tax payment to any businesses filing a return for less than \$1 million in tax. For the approximate 99.5% of business taxpayers below the \$1 million threshold for their current California sales and use tax obligation, returns for the 1st Quarter 2020 will now be due on July 31, 2020. The same provisions apply to the other tax and fee programs administered by CDTFA. Qualifying taxpayers are not required to file a request for extension

or request relief from penalty or interest. This automatic extension will remain in effect through the reporting of taxes and fees due on or before July 31, 2020.

"This expands on the relief previously granted to small businesses, giving them an extra 90 days to file and pay any business taxes and fees administered by CDTFA without incurring any penalties or interest," said Director Nick Maduros. "By including the \$1 million threshold, we're able to offer much-needed relief to small businesses across the state while still maintaining the integrity of our local finance system. Approximately 55% of the sales and use tax collected goes back to our cities and counties, which count on this revenue to provide essential public services."

In addition to the three-month extension of time to file and pay taxes, the Executive Order issued by Governor Newsom last night also provides business taxpayers with additional time to file claims for refund and appeals to the Office of Tax Appeals. Taxpayers looking to make refund claims with CDTFA during this period will have an additional 60 days to file. Similarly, taxpayers seeking an appeal of a CDTFA tax determination to the Office of Tax Appeals will have 60 additional days to file the appropriate request.

Additional information on the relief offered can be found at www.cdtfa.ca.gov/services/covid19.htm. Taxpayers who need

additional help or have questions are encouraged to contact CDTFA by:

Visiting the CDTFA website to find answers on specific topics; Phoning the Customer Support Center at 1-800-400-7115 (Monday through Friday, 8:00 a.m. to 5:00 p.m. Pacific Daylight Time), except state holidays); Calling or emailing a local CDTFA office; Emailing or chatting with the CDTFA regarding their general, non-confidential tax questions; Following CDTFA on Facebook, Twitter, LinkedIn, and Instagram for the latest information; Watching "How To Videos" and other online instructional resources; or Writing a letter by mail.

To find the latest information on CDTFA's COVID-19 efforts, visit www.cdtfa.ca.gov/services/covid19.htm. For information about California's COVID-19 efforts, visit covid19.ca.gov.

The California Department of Tax and Fee Administration (CDTFA) administers California's sales and use, fuel, tobacco, alcohol, and cannabis taxes, as well as a variety of other taxes and fees that fund specific state programs. CDTFA-administered programs account for more than \$70 billion annually which in turn supports local essential services such as transportation, public safety and health, libraries, schools, social services, and natural resource management programs through the distribution of tax dollars going directly to local communities. ★

The Constitution is Designed to Deal with the Coronavirus

Commentary by Harold Pease Ph. D.

I taught the U.S. Constitution and Current Events simultaneously at the college level for forty years using the Constitution as written in solving controversies or problems—so well designed was it. Students quickly discovered that there were no issues that could not be resolved. So how should the Coronavirus crisis be resolved under the Constitution? States would be taking the lead.

The overall principle of free government and the Constitution as written is to never elevate to a higher level that which can be resolved at a lesser level. Problem solving should begin with the individual and proceed in sequence from him to the family, city, county, and state and elevated only if a lower level of government could not do it. Outside the family all are elected, can tax for its needs, and each is reasonably accessible to the individual. Who says government further away and less accessible performs better or is freer?

Notice in the problem solving sequence the federal government was not included. In the Constitution this was purposeful. States were sovereign outside foreign policy. The states were required to be republics (Article IV, Section 4) and were independent of the federal government except for the powers given it listed in Article I, Section 8, Clauses 1-18; essentially the power to tax, pay the debts, and provide for the general welfare and common defense—the last two limited by eight clauses each. All other authority not specifically identified by amendment was left to the states as per Amendment 10. "The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people."

We live under two political systems: one (federal) centered on foreign affairs,

the other (states) primarily domestic. It's called Federalism, the two share power, neither subservient or above the other and each with separate duties; like a good marriage, a team. This is why President Donald Trump has been encouraging more state involvement. Federal involvement in our lives is supposed to be minimal.

The advantages of federalism are enormous. States serve as laboratories of experimentation. States look to sister states for models and borrow from them in refining their own programs. These places of experimentation benefit everyone.

In the case of the Wahan China Virus (coronavirus), the federal government, led by Trump, controls the border under common defense—those coming in. Trump is not constitutionally empowered to mandate national behavior. Constitutionally states have borders and manage themselves. Taxing powers enable them to fund anything they wish and governors have broad powers to experiment, or not, on different solutions.

Nevada governor threatened doctors using hydroxy-chloroquine in the treatment of the virus, others encouraged its use. The virus apexes in different places at different times more especially in crowded areas and summer (getting outdoors) comes earlier in southern states. Each state would decide what measures were best suited for them regarding "shelter in place" or when to return to work. Trump, or Congress, would have little to do with these decisions.

As of March 25, 2020, New York had 10 times the number infected compared to the next in line state New Jersey, and 15 times the number of third in line California. New York Governor Andrew Cuomo quickly developed a plan of action to slow the virus and simultaneously ramp up the beds, staff, and equipment. He initiated "mandatory playground social density," and no close contact sports. He also sought dormitories and former nursing homes to facilitate more hospital beds.

Moreover, he expressed some unique ideas as well, such as splitting ventilators (for two beds instead of one) and developed a "surge healthcare force" of retired nurses and doctors, hopefully 40,000 strong, as a backup for

tired healthcare workers. He created a Mental Health Professionals Sign up Program together with a Hot-Line. He suggested a "rolling deployment" of equipment and practitioners serving New York first then "rolling" to different hot spots as each state enters its apex. Federalism was exercised as 49 other governors did similarly rather than dump all responsibility on Trump.

Under Federalism states have the responsibility to be prepared for emergencies and have in place their own programs of assistance and funding. But Governor Cuomo, although commendably now doing something, should have planned for this predicted emergency his first term in office rather than his third. Ventilators, masks, and reserve funding for emergencies, plus a plan for reserve medical staff, should have already been in place. They weren't! In emergencies when states do not perform their responsibilities they force power to the next level of government as was such in this case. Trump had to provide ventilators, a medical ship, and build three makeshift hospitals in Central Park at federal expense.

Although the Constitution is designed to deal with the Coronavirus, states have allowed themselves to become subservient and wards of the federal government. They now hold "alms bowl in hand" begging the federal government to do things for them. They allow whomever is president to have power over them. Many states have larger populations than many countries and have their own tax base and authority. Fumbling this responsibility should never happen. Constitutionally, once the borders are secure, under Federalism 50 governors should be on the front lines ahead of Donald Trump.

We Are Still Serving Our Community and You Can Help

By Chris Clark, Folsom Cordova Community Partnership

RANCHO CORDOVA, CA (MPG) - First, the Folsom Cordova Community Partnership expresses our sincere empathy for everyone who have been affected by COVID-19. This pandemic has had a local and global impact.

We also send our deep appreciation to the healthcare workers, first responders, essential sites, and governments agencies on the front lines working to contain this virus. As we continue to deal with the current realities facing our community with the COVID-19 outbreak, FCCP would like to communicate a few important things and ask you for your help.

Office Closures

FCCP has closed its offices to the public until further notice. In response to the County and State "Stay in Residence" orders, only essential core staff will be in office.

We Are Still Providing Services

FCCP is a vital connection point for vulnerable and at-risk residents. That makes us an "essential site" and we will continue to serve our community; just in a different way. Even though our Family Resource Center and Job Center are closed to the public, our staff are teleworking to ensure continued direct services are being offered; with more coming on line every day.

Here are some of the creative ways we continue to serve our community during this crisis: Our Home Visitation services are happening via video and tele-conferences; Our Family Resource Center parenting workshops are happening via

one-on-one video conferences; Our Safety Net, Family Self Sufficiency and Energy Help services are still happening via telephone and by appointment in-person appointments when needed (while practicing social distancing); Our America's Job Center staff are helping customers fill out Unemployment claims and job searches via telephone and video conferences; Our Youth Mentors are continuing to check in and support youth via video chats.

During this critical period, we are asking for your support in providing critical resources to the most vulnerable communities.

How You Can Help

You can assist the Folsom Cordova Community Partnership in donating: Liquid and Bar Soaps, Hand Sanitizers, Tissue, Hygiene Kits, Diapers and Baby Wipes, Non-Perishable Foods, Monetary Donations

Your gift of resources and supplies is an opportunity to make a difference in our community. Help us meet the growing needs created by COVID-19.

Staying home and adhering to social distancing measures is the best way to mitigate the spread of COVID-19. We encourage you to comply with the health orders to stay home, venture out in public only when it's essential, and if you do venture out use social distancing.

For more information on how you can donate, please visit our website at TheFCCP.org or contact Chris Clark, Resource Development Manager at CClark@theFCCP.org or (916) 365-5161

Are Locked-Down Small Business Owners Committing Financial Suicide?

Commentary from SaveCalifornia.com

Small business owners, will you defend your God-given rights?

If the always-paid government bureaucracy wanted to kill off capitalism, they're not wasting this opportunity. For every day, small businesses fail because they "aren't open." Yet if you stay closed like the government wants, you might be committing financial suicide. Ask yourself – how long can you go without income?

Small business owners shouldn't be overly-afraid of the government. Have you heard of a single business owner in America being fined for staying fully open during the virus scare? I haven't. And so what if you're fined? Wouldn't a couple hundred dollars be a small price to pay compared to all the value you'll receive by staying open?

And consider the various "bugs" that can be on every public door handle – whether it's coronavirus, the flu, stomach flu, strep throat, pink eye, or the common cold. Which is why small business owners who are "open for business" should exercise (and require from their customers) an improved level of good hygiene.

What's more, the "cure" for COVID-19

might already be here. On Sunday, the FDA approved the anti-malaria drug *hydroxychloroquine sulfate* and *chloroquine phosphate*. Millions of doses are being donated to the nation's hospitals right now.

Is the COVID-19 lockdown overkill? One decade ago, America had another epidemic. But the 2009-2010 swine flu occurred when there was a Democrat in the White House, who the Big Media protected, and the opposition party Republicans did not politicize the virus.

Yet the death toll was higher than (or some might argue, similar to) COVID-19. "According to the CDC from April 2009 to April 2010 there were about 60.8 million cases of the swine flu with 12,469 deaths in the United States. Unlike COVID-19, swine flu targeted the younger population, who health officials said had little to no existing immunity." Source

Yet now we have a Republican president, who the Big Media hates, and who the opposition party Democrats seem to blame for everything. They unsuccessfully tried to oust him twice. Is it the Big Media's turn to defeat Trump by eliminating his booming economy?

We are now at a point where the cure is worse than the disease. As R.

Emmett Tyrrell Jr. wrote a week ago: "... we need not destroy our economy over this pandemic ... The state we had arrived at by last weekend was explained cogently by Bob Luddy, the CEO and founder of CaptiveAire, in *The American Spectator on Monday*. He wrote: "Our leaders are creating an economic crisis and a major national security risk with limited data. The cure is far worse than any perceived impact by COVID-19."

For small business owners, and workers who've been laid off without pay, the big question is how much more financial bleeding can you stand? Consider that big stores like Wal-Mart and Target haven't closed. So why must you?

For the sake of your constitutional rights, your God-given ownership rights, your family, and your in-born need to succeed, I encourage you to be "open for business," along with taking wise steps of good hygiene. Don't let the establishment destroy your livelihood!

"You shall not steal ... You shall not covet your neighbor's house; you shall not covet your neighbor's wife, nor his male servant, nor his female servant, nor his ox, nor his donkey, nor anything that is your neighbor's." ★

NOTICE TO READERS

California law requires that contractors taking jobs that total \$500 or more (labor and/or materials) be licensed by the Contractors State License Board. State law also requires that contractors include their license numbers on all advertising. Check your contractor's status at www.cslb.ca.gov or 800-321-CSLB (2752). Unlicensed persons taking jobs that total less than \$500 must state in their advertisements that they are not licensed by the Contractors State License Board.

CHEERS & JEERS

By Damian Holbrook

Cheers to Brooklyn Nine-Nine

for breaking and entering new territory. NBC's goofy cop comedy has given us probable cause to get a little emotional over the bittersweet infertility subplot for married NYPD'ers Amy (Melissa Fumero) and Jake (Andy Samberg). His March 5 speech about them already being a family? A total Nine, maybe even a Ten.

Cheers to Nancy Drew

for uncovering the secret to shocking us all. Just as The CW's wildly entertaining update of the literary gumshoe closed the case of Dead Lucy with a tragic twist,

they snuck in a whopper of a WHAT?! by revealing that Nancy (Kennedy McMann) was actually the late townie's secret offspring. It's no mystery why fans are loving this one.

Jeers to the Tiger King's maul rats

saw Tom Ellis' little devil, and with the news that he and the cast have signed on for a possible sixth year, it would be heavenly to know when Season 5 is dropping. It's what we desire, Netflix! ★

Warner Bros. fully intend to return and finish the series. It's not a matter of if, it's a matter of when."

Question: I saw that there are 3 episodes left of *Manifest*. Does that mean all were filmed before the work stoppage? – Fred

Matt Roush: Yes, as a midseason show with a shorter episode order, *Manifest* will run to the end of its season as expected without interruption. A number of shows signing off before May, including the series finale of *Modern Family* in April, were able to wrap production before the shutdown.

Will We See The Final Supernatural Episodes?

Question: Because the coronavirus has forced *Supernatural* to shut down production, will we ever get to see the last two episodes? – Justin

Matt Roush: This industry shutdown is unprecedented in so many ways, and there's no way to predict at this point how things will play out on a number of fronts. It is unthinkable

that *Supernatural* of all series won't ever get to film its final episodes, but it has already affected the immediate scheduling of episodes, so it's unclear just when the remaining episodes will air. Nonetheless, I'd expect *Supernatural* to gear up again as soon as it is safely possible and get these final episodes in the can and on the air without undue delay. As executive producer Andrew Dabb tweeted, "We, the CW and

Metro Fire Employee Tests Positive for COVID-19

By Chris Vestal, Sacramento Metropolitan Fire District

MATHER, CA (MPG) - The Sacramento Metropolitan Fire District (Metro Fire or the District) was notified that a member tested positive for COVID-19. This employee was a member of a team that provided care to a patient who had called 911 and was transported to a local emergency department for further treatment.

Metro Fire was notified a few days after the request for service that the patient tested positive for COVID-19. Subsequently our employee who had already been placed off work due to

developing symptoms was tested, leading to the positive test result received. This chain of events occurred within the last week.

Once aware, Metro Fire notified all other personnel who worked with the employee. We are following all guidelines issued by Sacramento County Public Health, including monitoring all potentially exposed employees for symptoms and maintaining facility cleanliness.

We remain committed to our mission of providing emergency service delivery throughout our jurisdiction. Our most valuable resource are our employees,

including our first responders in the field and the professional staff who supports them with logistical, financial, fleet maintenance, and other essential services critical to emergency response. It is imperative that our entire staff remains healthy. To reduce exposures we have established procedures to maintain social distancing when feasible in the work environment, alternative work locations and hours, and increased cleaning at all our facilities.

Currently, even with the recent positive COVID-19 test, we remain fully staffed and all essential services are uninterrupted. Our Community Risk

Reduction Division (commonly known as fire prevention) is operational for new construction inspections and plan review services. Fire Inspectors will continue to work via phone, email, or through teleconference. If you have any questions, please contact our main office at (916) 859-4300.

The most up to date information about COVID-19 is available on our website at www.metrofire.ca.gov/covid-19 by following the links to the Sacramento County COVID-19 webpage.

For further information and details, please contact Captain Chris Vestal at (916) 616-2430. ★
