RANCHO CORDOVA, CA (MPG) - Over three hundred people braved the morning chill to lace up their running shoes, put on their Santa hats, and join in the 5th annual Rancho Cordova Police Activities League (PAL) Holiday Run. The run, held Saturday, December 8, featured a 5K for adult and youth, 10K for adult and youth, and 1.2 mile family walk and run through the City of Rancho Cordova.

This year's run remembered and honored Rancho Cordova Police Officer Mark Stasyuk who was killed in the line of duty on September 17, 2018. The remembrance included a special ceremony and commemorative race t-shirt and medal lanyard.

In addition to the races, Rancho Cordova PAL collected many new unwrapped toys for the Christmas in Cordova program, an event that supports families during the holiday season by providing Christmas gifts

Sac RT Holding Open Meetings on Future Plans

By Susan Peters,
County Supervisor

SACRAMENTO COUNTY, CA (MPG) - The Sacramento region has significantly changed since the Sacramento Regional Transit (SacRT) network was first established 30 years ago and now an effort, SacRT Forward, is underway to rethink the purpose and design of the region's entire transit network.

Community Outreach Meetings are being held this month. SacRT Forward is exploring wholesale changes to the transit network including a "blank slate" look at how to position transit competitively long-term in the region. That's important because traditionally transit services have been focused on downtown employment, but more recently trends have been emerging to redesign transit services to compete for distributed work trips as well. Land use, travel patterns, economic centers and transportation technology in our region have transformed and SacRT believes so should the public transportation system.

Holiday Light Parade Thrills

MPG Staff

RANCHO CORDOVA, CA (MPG) - Holiday fun doesn't get any better than this! If you weren't quite ready for Christmas yet, the annual Holiday Light Parade did the trick.

Holly jolly Christmas lovers lined the streets on International Drive between Kilgore Road and Bridgeway Drive to take in all the exciting holiday floats, each lit up with beautiful lights and big smiles from the float riders.

Santa was there for all to see, along with The Grinch and many dancing elves. The parade included many artists, dancers, high-tech lighting effects. There was plenty of traditional holiday music to go along with the chaotic show of crazy characters.

The holiday parade is created through the hard work of hundreds of volunteers and thousands of hours of well-orchestrated efforts.

The parade funding came in large part from Skulltronix, Jerry and Janet Jewell and Shirley Dimig.

Bye Bye Mattress Program Surpasses 3 Million Mattresses Recycled in California

Program Has Diverted More Than 100 Million Pounds of Materials From Landfills

By Scot Murdoch

SACRAMENTO, CA (MPG) - The Mattress Recycling Council's (MRC) Bye Bye Mattress Program (Program) announced today it has recycled more than 3 million mattresses in California since its inception in 2016. The Program offers no-cost, environmentally friendly alternatives to Californians disposing of old mattresses through local collection sites, public events and collaborations with local retailers and solid waste providers.

"Reaching this milestone in less than three years of operation is a significant achievement," said MRC's Managing Director Mike O'Donnell. "We share the Program's success with our dedicated contractors and participating collection sites across California. We also have continued support from elected officials that voted for this law in 2013."

More than 80 percent of mattresses can be recycled and turned into new consumer and industrial products. For example, old mattress foam is recycled into carpet padding, mattress springs are sold as scrap steel, which is melted to make building materials and other steel products, and wood from box springs is chipped and used as landscape mulch.

"The MRC Program is one of the most effective Product Stewardship Programs Butte County is associated with," said Steve Rodowick, recycling coordinator with Butte County. "This program

More than 80 percent of mattresses can be recycled and turned into new consumer and industrial products. For example, old mattress foam is recycled into carpet padding, mattress springs are sold as scrap steel, which is melted to make building materials and other steel products, and wood from box springs is chipped and used as landscape mulch.

saves us money, manpower and above all, valuable landfill space."

A recycling fee collected when consumers buy mattresses and box springs in California funds the Program. MRC uses the fee to establish free drop-off locations and collection events throughout the state. Collected mattresses are then transported from these sites to regional recyclers that dismantle and recycle mattress components. Consumers may take their old mattresses to more than 230 drop-off locations and collection events throughout California. The Program also recycles mattresses collected

by retailers, hotels, universities and other sources that discard mattresses in large volumes.

"Our work with the Mattress Recycling Council fulfills our mission to provide youth in San Joaquin and Tuolumne counties with an opportunity to develop work skills and preserve California's environment," said Deborah Phillips with the Greater Valley Conservation Corps, a San Joaquin Office of Education program. "In less than a year, Greater Valley Conservation Corps crew members have helped recycle more than two thousand mattresses, while also

gaining the experience they need to move into green sector careers."

In addition to recycling, the Program works to prevent illegal dumping, which includes the Illegally Dumped Mattress Collection Initiative. By working with local communities, this \$1 million initiative has helped remove more than 63,000 improperly disposed-of mattresses from alleys, sidewalks and other public spaces throughout California since 2016.

"The Bye Bye Mattress Program exemplifies California's leadership in a sustainable and circular economy by creating green jobs," said O'Donnell. "After less than three years, we've made progress toward reducing our environmental footprint, conserving landfill space and supporting California's statewide recycling goals."

The Mattress Recycling Council was formed by the mattress industry to operate recycling programs (known as Bye Bye Mattress) in states that have enacted mattress recycling laws - California, Connecticut and Rhode Island. Since its inception in 2016, the program has recycled more than 3 million mattresses in California collected from a network consisting of local governments, solid waste facilities, nonprofit organizations and small and minority-owned businesses throughout the state. CHP Goes "Online" to Help Alert the Public

By Fran Clader, CHP Media

SACRAMENTO, CA (MPG) - When a person goes missing, every second counts. As the statewide coordinator for the AMBER, Silver, and Blue Alert programs, the California Highway Patrol (CHP) understands that time is of the essence and is using technology to help expedite the recovery process.

"Whether a child or at-risk adult has gone missing or a dangerous suspect is on the run, time and details are vital," said CHP Commissioner Warren Stanley. "Using technology gives everyone involved in the process another tool to reach the appropriate audience with the information."

As part of the various notification procedures when an alert occurs, the CHP's Emergency Notification and Tactical Alert Center (ENTAC) will distribute the critical information to cell phones in the affected geographic area through the Wireless Emergency Alerts (WEA) program. As a result, millions of consumers with WEA-capable devices and services are armed with potentially lifesaving information.

Due to the limited number of characters available through the WEA, the CHP is now embedding a link in each message that will direct the user to the public-facing Web site at <https://www.chp.ca.gov/news-alerts>. Once there, the user will find all active alerts, along with access to related flyers that can be downloaded and distributed.

Social media is also being used to help expedite and grow the audience for alerts distributed by the CHP. The public, media, and law enforcement are encouraged to follow a new Twitter account managed by ENTAC - @CHPALerts. Posts from this account will be limited to active AMBER, Silver, and Blue Alerts.

Since July 2002, the CHP has issued nearly 300 AMBER Alerts for abducted children. Less than a decade later, in January 2011, California enacted the Blue Alert system to apprehend individuals wanted following the violent attack of a law enforcement officer; eight Blue Alerts have been issued to date. Two years later, the Silver Alert system went online in California and there have been nearly 1,400 alerts issued for missing, at-risk adults since January 2013.

The mission of the CHP is to provide the highest level of Safety, Service, and Security. ★

By Bob McGarvey

RANCHO CORDOVA, CA (MPG) - It's almost time to think of what you will do (or hope you can do) in the coming new year of 2019. Now, if you can remember, it was "a long time ago" when everyone thought of the world coming to an end (maybe) because the COMPUTER wouldn't be able to roll over to Y2K! Right? Well, the world didn't stop, and neither did the computer. So I guess we'll have to find other things to worry about, like recessions, or droughts, or wildfires, or floods, or... never mind. Maybe the computers stopping for a very short time wouldn't have been all that bad, but we will never know. We can speculate that maybe we would have been forced to do even better. Looking back like that is just another "what if?"

I think it would be nice if 2019 would be "boring,"

And Another Thing ...

Let's Party Like It's 1999

and we didn't have any of the aforementioned events that hit us in 2018. The only thing I can think of for sure about 2019 is that it isn't an election year! Yeah!!!

When you read this paper, you will still have 11 more shopping days before Christmas. Aren't you glad? I just have to think of how comforting it will be to know you have all the time in the world so you can get all your shopping done. Hold on; I didn't think about it, but you may still be looking for other things besides Christmas presents like taking care of a family member's birthday, anniversary, etc.! We are all kept physically to doing one thing at a time. Just being there is all that is needed quite often to help others enjoy the time because you are there with them

Going back to Christmas and all the rest of the celebrations and holidays for a moment, there seems to be more people this year who have gone back to saying "Happy Holidays" again so they will be politically correct. If that is what makes them feel

"safe" instead of saying Happy Hanukkah, Merry Christmas, etc., then it is a free country. But I hope they remember that it is a free country for all, and if you wish to say Merry Christmas, etc., that is ok too.

Our next and last City Council Meeting of 2018 is on December 17, 2018, and we will have the usual items that are given to your City Council members for them to decide upon. As you know, one of those items, which only happens once a year, will be for the Council to vote for the Mayor for the year 2019. I have talked to many people across the country, and they haven't heard of that process, but it has worked very well over the years in California. The City of Folsom, CA, for example, has used that process since they incorporated in 1946. We will continue to use that process again in the City of Rancho Cordova as we have in the past. It seems to work very well here.

From Vice Mayor Bob McGarvey, God bless, and see you next time. ★

MEMORIAL NOTICE

Kathryn Terry

October 19, 1958 to November 16, 2018

Kathryn Terry passed away comfortably at her home in Rancho Cordova surrounded by family. Better known as Kathy, she was a devoted wife, mother, sister, grandmother and godmother. Survived by her husband Jack, eldest son Sean, youngest son Donald, daughter in-law Angela, granddaughter Mallory, grandsons Keaton and Holden, sisters Amy Jackson, Lisa Austin, and brother Dan Baker.

Born Kathryn Baker on October 19th 1958 in Fresno California was second oldest of four to Father Donald Patrick Baker and Dealta Baker. Kathy grew up in Fresno and graduated from Hoover High School in 1976. She married Jack Terry in a small ceremony in Carson City Nevada. Jack and Kathy first lived together in Clovis, California where Sean was born in 1977. In 1979, they had a second son that they named after Kathy's father, Donald. In 1980, Jack and Kathy relocated to the south bay area eventually settling in the Santa Cruz area. In Santa Cruz, Kathy enjoyed serving her Catholic Church of Holy Cross, including as a second grade catechist helping teach and coordinate the first communion's of hundreds of children. In 1988, the Terry family achieved the American dream of home ownership in the small town of Scotts Valley. Sean and Donald attended Soquel High School. Sean and Donald both graduated in

from Soquel High.

Jack and Kathy later would relocate for a time back to Fresno, but eventually followed Donald and his wife Angela to the Rancho Cordova area to be closer to their two grandsons. Kathy enjoyed these years close to family and even for a time living across the street from them in Rancho Cordova. Kathy was raised a devoted Catholic and even considered becoming a nun. It is this faith that brought Kathy strength during her life long battle with a genetic kidney disease. She worked hard to provide and take care of her family and friends. It is also what brought her comfort in her waning years.

She was loved by her family and countless friends that knew her. She will be missed, but never forgotten.

A celebration of her life will be held at:
At 10am
St. Francis Church in Sacramento
1126 26th Street
Sacramento, CA

A reception will follow at Brunsmann Hall adjacent to the church

The family has set up a Go Fund Me page to assist with outstanding medical costs incurred in the final year of Kathryn's care.

SAFE Credit Union Awards City Year Sacramento with \$20,000 Grant

By Carole Ferguson, SAFE Credit Union

SACRAMENTO REGION, CA (MPG) - Calling out the cheer, “Two, four, six, eight, who do we appreciate? City Year! City Year!” staff members from SAFE Credit Union marched into the Oak Park, California, offices of City Year on a recent rainy morning to surprise the nonprofit with a \$20,000 grant.

City Year Executive Director Jeff Owen and Development Manager Maggie Lawrence were on hand to accept the donation. “This is going to go a long way in our work to help students who really need some support, and our amazing AmeriCorps members who are working 10 hours a day for peanuts,” Owen said.

City Year sends near-peer mentors to under-served schools in Sacramento to help students succeed. City Year representatives cheer students as they arrive to school each day to honor them for their hard work and to pump them up for the day. students overcome challenges that may lead them to dropping out of school.

They also assist with tutoring students in math and English to stay on track to graduate with their peers.

“City Year shines in its mission,” said SAFE Credit Union Community and Advocacy Engagement Manager Amanda Merz. “City Year’s dedication to helping at-risk students overcome hurdles and standing

by them to ensure their success really spoke to us here at SAFE. By staying in school, these students will have a better foundation to build a more financially secure and personally satisfying life. We are proud to be able to assist City Year with its efforts to help our community’s students.”

SAFE Credit Union is a leading financial institution in Northern California with more than \$2.8 billion

in assets and more than 229,000 members. Lighting Up the Holidays

Be Safe and Efficient With Our Holiday Lighting Tips

SMUD Special Release

Many people will fill their homes with lights this holiday season. But before you hang them with cheer, check out our tips on how to be safe and save money this holiday season.

Money-saving tips:

- Switch to LED holiday lights. LED lights come in a variety of colors and use nearly 80 percent less energy than conventional lights. LED holiday lights are cool to the touch and generally much more durable than incandescents. You can even buy LED holiday lights at SMUDEnergyStore.com. SMUD energy experts have done the work for you and selected a variety of high-quality lights for you to choose from.
- Use a programmable timer so your lights are only on when you want them to be. There are many options out there, including some “smart timers” that work with your smart phone.

Safety tips:

- Inspect all of your holiday decorations and look for broken or cracked sockets and frayed or bare wires. Damaged light sets should be immediately discarded.
- When installing lights from a ladder, stay away from all overhead power lines and electrical service lines, and take your time moving up and down the ladder. Most injuries related to

holiday lights involve falls from ladders.

- Avoid installing holiday lights from or on your roof unless using proper safety gear, including a harness or guardrails.
 - Only use Underwriter’s Laboratory (U.L.) or Factory Mutual (F.M.) approved electrical devices, extension cords and lights. These approvals indicate the product has been tested for electrical safety and reliability when used as advertised.
 - Always follow the manufacturer’s instructions when stringing lights. Most brands recommend against connecting more than three sets of lights or combining LEDs and other types of lights in a single strand.
 - Use one long extension cord instead of linking several shorter ones. And never run extension cords through standing water or across walkways.
 - Always unplug lights and electrical cords before connecting and hanging them.
 - Keep paper, ribbon and other decorations away from holiday lights.
 - Unplug or turn off all decorative lights before going to bed or leaving your home.
 - Make sure outdoor electrical outlets have shock-protecting Ground Fault Circuit Interrupters (GFCI).
- For information about other ways to save on your lighting, visitsmud.org/lighting. ★

Q's Big Drop Landed. Clinton Foundation Lies Exposed.

Commentary by Harold Pease, Ph. D

The big drop promised by Q and his QAnons for three months finally arrived, and the Clinton Foundation lies exposed with 6,000 pages and 95 exhibits of documented wrong doing provided by Foundation lawyers themselves. Indictments are certain to follow in the next few weeks—some with big names.

The Q phenomenon in the present war between the globalists and patriots has taken the nation by storm. Internet readers of Q are found in most industrialized countries of the world. Q shirted protestors were even sighted in the current demonstrations in France as the people there work to remove the globalist influence over them. Globalist outlets the Washington Post, New York Times, Newsweek and MSNBC have openly called the movement conspiratorial but these same outlets never called the Russian Collusion

Hoax a conspiracy, despite no evidence of Trump Russian election collusion.

The enemies of Q also argue that Q has provided little or nothing that actually happened. That is because they never cover the results of his work on their mediums. If they do not cover it, it never happened and their readers remain ignorant. Q posted sarcastically, "It's all just a CONSPIRACY. Nothing to See Here. Nothing is happening. RUSISA RUSSIA RUSSIA Q."

Still, much of the Deep State exposure and resulting firings of top personnel was first made known to patriots by QAnons (bakers of Q's cryptic messages). Q is a high level security person (or persons) close to the Trump administration that has access to classified information but can only guide (providing breadcrumbs) which Q Anons, in their search for truth, bake for their readers. Internet "detectives" zero in on the clues allowing them to know things yet to happen much better than those still confined to managed news.

But since the origin of Q the FBI and DOJ have been overhauled. Corruption within both intel services has been exposed resulting in the firing, or forced to leave, of most of the top personnel. These include: James Comey, Director, Andrew McCabe, Deputy Director,

“John Solomon continued “These are not Republicans, these are not partisans saying it. These are internal documents of lawyers hired by the Clinton Foundation to find out what was going on wrong in the Foundation...” Andrew Kessel, Clinton Foundation Chief Financial Officer, disclosed to those assembling these documents, “I know where all the bodies are buried at the Clinton Foundation.””

Those in what Q refers to as the “[Batter’s Box]” awaiting removal are: Michael Steinbach, John Giacalone,

culture of non-compliance, not wanting to comply with the law with the rules that the Foundation had to follow. They said that Bill Clinton personal interest in his commingling of his personal business with the Foundation posed a grave threat to the Foundation itself.”

Solomon continued “These are not Republicans, these are not partisans saying it. These are internal documents of lawyers hired by the Clinton Foundation to find out what was going on wrong in the Foundation...” Andrew Kessel, Clinton Foundation Chief Financial Officer, disclosed to those assembling these documents, “I know where all the bodies are buried at the Clinton Foundation.”

This week Jon Huber is scheduled to testify before congress regarding the Clinton Foundation. These documents may be what he will be discussing. For the moment the noose appears to be around the neck of both Clintons, but it has been there before and they have slipped out of it. With a new DOJ and FBI it may not be so easy this time. At least Q thinks so. Expect criminal referrals to follow very soon.

FLC Falcons Squander Big Lead in Loss to De Anza

Men's Basketball

RANCHO CORDOVA, CA (MPG) - With a chance to claim their first-ever three game winning streak, the FLC men's basketball team let one slip away on Tuesday night as they lost to visiting De Anza College, 95-91 in Falcon Gym. The Falcons had used good ball movement to find open shots while also playing solid defense to take a 14-point lead into the locker room at half-time, 53-39. But De Anza forced three straight turnovers to start the second half and built on that momentum as they started hitting their shots. The Dons eventually tied the score with five minutes remaining and the teams traded the lead down the stretch. After De Anza took a two point lead with just under a minute to play, the Falcons' game-tying shot with 12 seconds left was off the mark and the Dons gathered the rebound. Two De Anza free throws put the game out of reach at 95-91 with three seconds to play. De Anza's AJ Singh led

all scorers with 34 points, while sophomore Zethan Dumpson tallied 26 for the Falcons. Will Fitzpatrick nailed three 3-pointers on his way to 21 points, and Grant Bellis chipped in with 16.

The Falcons won't have long to ruminate over the loss as they travel to San

Pablo tonight (Wednesday) to play at Contra Costa at 7:00 pm. They'll return home on Friday to host Las Positas at 5:00 pm in their final non-conference game before starting Big 8 Conference play next Thursday.

NOTICE OF PETITION TO ADMINISTER ESTATE OF CONNIE MARLENE WHITEFORD.

CASE No. 34-2018-00245374

To all heirs, beneficiaries, creditors, and contingent creditors of and persons who may be otherwise interested in the will or estate, or both of Connie Marlene Whiteford, deceased A Petition for Probate has been filed by Suzanne L. Bates, in the Superior Court of California, County of Sacramento, requesting Suzanne L. Bates, be appointed as personal representative to administer the estate of the decedent. The petition requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the executor to take many actions without obtaining court approval. Before taking certain very important actions, however, the executor will be required to give notice to interested persons unless they have waived notice or have consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority. A hearing on the petition will be held in this court as follows January 16, 2019 9:00 a.m. in Dept 129 at Superior Court of California, County of Sacramento 3341 Power Inn Road Sacramento, CA 95826. IF YOU OBJECT to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney. IF YOU ARE A CREDITOR or a contingent creditor of the deceased, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) four months from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code. Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law. CITATION

Superior Court of California, County of Orange
 In the Matter of: XI'AN ETHEN VODEGEL minor person who
 Should be declared free from custody and control of His/her parent(s)
 FIRST AMENDED CITATION AND NOTICE OF HEARING
 Case No.: 18AD000197
 THE PEOPLE OF THE STATE OF CALIFORNIA
 TO: ERIC MICHAEL PLUMB as he is ordered to appear.
 By this court you are hereby advised that you may appear before the judge residing in Department (L-611) of Lamoreaux Justice Center, located at 341 The City Drive South, Orange California, 92668, on (01/18/2019) at (10:00 am/pm). Then and there to show cause, if any you have, why XI'AN ETHEN VODEGEL, should not be declared free from your custody and control for the purpose of freeing XI'AN ETHEN VODEGEL for placement for adoption. The termination of custody and control of said minor and set forth in Cal. Family Code 8600 et seq: 1. At the beginning of proceeding the court will consider whether or not the interests of the minor child require the appointment of counsel. If the court finds that the interests of the minor do require such protection, the court will appoint the counsel to represent him, whether or not he is able to afford counsel. The minor will not be present in court unless he requests or the court so orders. 2. If a parent of the minor appears without the counsel and is unable to afford counsel, the court must appoint counsel for the parent, unless the parent knowingly and intelligently waives the right to be represented by counsel. The court will not appoint the same counsel to represent both minor and his parent. 3. The court may appoint either a public defender or private counsel. If private counsel is appointed, he or she will receive reasonable sum for compensation and expenses, the amount of which will be determined by the court. The amount must be paid by the real parties in interest, but not by the minor, in such proportions as the court believes to be just. If, however, the court finds that any of the real parties in interest cannot afford counsel, the amount will be paid by the court.

ASK MATT

BY MATT ROUSH TV Guide Senior Critic

Why is There No Spinoff of The Middle?

Question: I was crushed to learn ABC wasn't going forward with a spinoff of *The Middle* following the wonderful Eden Sher as Sue Heck. Any thoughts? —Lydia

Matt Roush: I'm disappointed as well, because the notion of spending more time with Sue softened the blow of *The Middle* going off the air. Without having seen

the pilot, I can't comment on whether it was a worthy vehicle for Eden Sher, but this may have been a victim of the ongoing regime change at ABC/Disney. *Sue in the City* was in the pipeline as the network replaced one entertainment president for another, in advance of Disney absorbing the Fox studio and many of its execs. When these shifts occur, there's often a cleaning of the deck, and because *The Middle* and its spinoff were

not Disney or Fox properties, but hailed from the Warner Bros studio, that may have also lessened its appeal from a corporate perspective.

Question: Help! I have not been able to find *Trading Spaces*! —Kay

Matt Roush: The revival ninth season aired in April and May, with only eight episodes. The good news is that the show did well and was picked up for a 10th season, which will premiere sometime in 2019 with a longer season—although it's not clear just how many episodes will be in the new batch.

City Council Views Potential Concepts for Civic Center

Story and photos by Shaunna Boyd

RANCHO CORDOVA, CA (MPG) - The Rancho Cordova City Council has stated that establishing a Civic Center is a priority for the community. The City Council has held a series of work sessions to refine the vision, and the city recently purchased a 10-acre property that will be the future site of the Civic Center. The property is at the corner of Folsom Blvd. and La Loma Dr. adjacent to Folsom Lake College - Rancho Cordova Center.

At a special meeting on December 11, the Council viewed two potential concepts for the Civic Center developed by WRNS Studio, an architecture and planning firm. The two concepts are called "Main Street" and "Courtyard." Each concept offers flexible uses of space that could accommodate various programs and activities.

The Main Street concept would bookend the Civic Center with a theater on one end and a large multi-purpose gym on the other.

Local residents and members of the Rancho Cordova City Council discuss the potential Civic Center project and identify the uses most important to the community.

In between would be flexible use spaces for exhibit halls, media rooms, conference rooms, play areas, etc. The area of the Center directly fronting Folsom Blvd. could be reserved for restaurants and retail businesses.

The Courtyard concept would have the same basic elements as Main

Street, but the layout would be spread throughout the property. The multi-purpose gym would sit closest to Folsom Blvd. with the flexible use spaces set back behind entry courtyards. This concept sets the theater farther back as a separate building on the property beyond a central courtyard. The theater

design in the Courtyard concept is larger in order to accommodate additional recital and art spaces within the building.

The concepts were introduced by Adam Woltag, a partner in WRNS Studio, who explained that the location of the property allows for multi-modal access: walking, biking, driving, and public transportation. Since Folsom Blvd. is such a busy thoroughfare, both concepts feature an access street through the property—from La Loma Dr. to El Caprice Dr.—to avoid a severe increase in traffic congestion along Folsom Blvd. And a potential Phase 2 for both concepts would be to build residential apartments behind the Civic Center.

Rancho Cordova city manager Cyrus Abhar said that the city can afford to spend \$30 million of this project, and he opened the discussion by explaining that the purpose of the meeting was "to inspire, and to show what's possible." He said, "We have a lot of work to do. We have to ask 'what gaps are there in the community, and who are we trying to serve?' Tonight we are looking for high-level input to identify the uses most important to the community."

Council member David Sander said, "This is a critical site...This is where something could start, which makes our decision enormously important. We don't want to be in a rush. We need to be very cautious and careful about how we plan and execute this." Sander wants to ensure the

constant use by the community. She said, "Usability will give it sustainability."

Many local residents of Rancho Cordova attended the meeting to provide input on the project. Some residents said they were concerned about the parking situation, a concern that was shared by members of the Council. A resident of Paseo Dr. (which is adjacent to the college) said she is worried that traffic will be severely impacted. The college parking lot is already "woefully inadequate," and she has had to call traffic enforcement multiple times because students have blocked her driveway with their cars. A Cordova High School student spoke about the need for space for counseling services outside of the schools since they have limited mental health resources. Many residents spoke in support of spaces for recreational and artistic activities for youths to express themselves. They stressed the importance of giving kids a safe space to play.

The potential Civic Center concepts were introduced by Adam Woltag, a partner in WRNS Studio, who said the project could be a catalyst for economic growth.

site is activated with a mix of uses so that people are coming in all day, every day, for various activities and events. He also stated that he views any potential housing on the property as the least valuable use since there are many apartment buildings in that area.

Mayor Linda Budge agreed that the flexible spaces are an important feature to ensure that the facilities are getting

The city will be putting together focus groups to gather more input from the community and Abhar urged the attendees to volunteer to participate. He said that although they do not want to rush this decision, they do want to "maintain the momentum and act with a sense of urgency" because the Civic Center will be so valuable to the community. ★
