Masses of Art to be Abandoned Locally

Trish Medina, coordinator for this year's Mass Halloween Art Abandonment Project, is shown with one of her paintings at a previous Rancho Cordova City Hall art show. This is a sample of how art might appear, abandoned in a public place: left in plain sight or only partially hidden and protected by a plastic bag, the art may or may not have information concerning the artist and the Abandoned Art Project. RANCHO CORDOVA, CA (MPG) - Is abandoned art doomed to be forever forsaken? According to Trish Medina, coordinator for this year's Mass Halloween Art Abandonment, the answer is a resounding "no." Medina is one of the founding members of the group putting on the event, RCAFE (Rancho

Cordova Art for Everyone), and the Cordova Community Council is sponsoring it. Numerous local artists will place their own original works of art in various public places in and around Rancho Cordova, to be found and enjoyed by whoever comes across them.

"I believe strongly in volunteering in the community around me," Medina said. "If you want

change and good things to happen, you have to be an instrument in that process."

Victoria Smith, local artist and art teacher, also a founding member of RCAFE and leader in the Rancho Cordova artist community, helped put on the first mass abandonment in Rancho Cordova in August 2014. She was inspired, she said, by Robyn Slakey's

abandonment projects and those of other artists.

Slakey, who lives in Carmichael and most recently was jurist of the Rancho Cordova Fall Art show, is an artist and photographer. Slakey had heard about urban art, created and enjoyed by people who can't afford to buy expensive art. "I

Taking Back A Promise to Our Vets

Senator Nielsen on Forced Repayment by Vets

SACRAMENTO, CA (MPG) - Chair of the California State Senate Veterans Affairs Committee, Senator Jim Nielsen (R-Gerber), telephoned the Chairman of the House Armed Services Committee, Rep. Mac Thornberry (R-Texas), and members of the California Congressional Delegation to urge them to take action to end the aggressive collections of enlistment bonuses that were granted to California Army National Guard Members.

The Army provided these bonuses to our Guard Soldiers as an incentive to reenlist and redeploy into combat zones. Senator Nielsen issued the following statement:

"Our service men and women who made the extraordinary commitment to extend their active duty deployments in Iraq and Afghanistan did so with honor.

"This action by the federal government is outrageous and must be corrected immediately, as numerous veterans have been devastated financially by these collection actions.

"This is a betrayal of our Soldiers. I am confident that Chairman Thornberry and members of Congress will right this wrong.

"In the coming days, Assemblymember Jacqui Irwin (D-Thousand Oaks), Chair of the Assembly Veterans Affairs Committee, and I will work together on a bipartisan, bicameral communication to the Congress to resolve this problem."

Senator Nielsen represents the Fourth Senate District, which includes the counties of Butte, Colusa, Glenn, Placer, Sacramento, Sutter, Tehama and Yuba.

A Pipeline to Sustainability

SACRAMENTO COUNTY, CA (MPG) - The American River Pipeline Conveyance Project (Project), conceived in 2011, is an example of regional partners coming together to solve water supply reliability issues at a local level.

The Project was developed to provide a replacement water supply for Golden State Water Company's (Golden State Water) customers in Gold River and parts of the City of Rancho Cordova utilizing existing treatment capacity at Carmichael Water District's (CWD) Water Treatment Plant. The project enables CWD to divert and deliver up to 4.5 million gallons of water per day. The replacement water supply originates from the remediated Aerojet Rocketdyne groundwater discharged to the American River at Buffalo Creek.

Longer-term regional benefits include reduced groundwater pumping during

wet years, which will help better manage the underlying groundwater basin. Working with the Regional Water Authority, a portion of the project funding was procured from the State under the Governor's Water Action Plan (Proposition 84). The project is one of 17 Sacramento-area projects awarded \$9.7 million in California Department of Water Resources grants in 2014 for projects designed to help shore up the area's water supply reliability during the drought and beyond.

"The American River Pipeline Project and other grant-funded projects in the greater Sacramento region are outstanding examples of DWR's commitment to addressing California's water challenges with Integrated Regional Water Management where partnerships, like this one, are formed to work together to develop solutions

which will both address drought challenges and long-term water reliability" said California Department of Water Resources Deputy Director for Integrated Water Management, Gary Bardini.

This project adds to an evolving network that ties many of the region's water providers together via pipes to improve supply reliability for all of us," said Golden State Water Company Senior Vice President of Regulated Utilities, Denise Kruger. "In times of drought or water supply emergencies, we now have the ability to transport water to neighboring communities or receive additional supplies for our customers in Rancho Cordova and Gold River."

For additional information regarding the American River Pipeline Project, please contact Carmichael Water District at (916) 483-2452. ★

Halloween Candy Buyback Saves Teeth and Treats Troops

Story and photos
by Margaret Snider

RANCHO CORDOVA, CA (MPG) - For those who dread seeing their children gobble down all that Halloween candy, pediatric dentist Jose Juarez has an alternative. He will buy back up to five pounds of candy at \$1 per pound and send it in a care package to our troops via Operation Gratitude—and include toothbrushes, toothpaste, mouthwash, and floss as well. His office at 2340 Sunrise Blvd., Suite 25, in Rancho Cordova will accept the candy during office hours Monday through Friday from November 1 through November 10.

The mission of Operation Gratitude is “to lift the spirits and meet the evolving needs of our active duty

and veteran communities, and provide volunteer opportunities for all Americans to express their appreciation to members of our Military.”

This is not the first time Juarez has participated in the buyback/donation program. He also collected donations last year at his Rancho Cordova location. He is hoping to exceed last year’s drive that collected over 155 pounds of candy.

Juarez’s grandfather was a major in the Army, and office practice manager Danielle Mendoza has had several family members in the military. Mendoza’s father was in the Marines, and a brother and a sister in the Army; her brother is still on active duty. “They’ve actually received those boxes from the candy buyback,” Mendoza said. “I can tell you right

now, from their experience, it’s like gold to them.”

Mendoza said that on the Operation Gratitude website Smile Kingdom Dental was the only participating dentist listed in Rancho Cordova.

For any questions, please call Juarez’s office at (916) 852-8510. For more information on Operation Gratitude and how you can help our troops, please see www.operationgratitude.com. ★

The week after Halloween, dentist Jose Juarez will be buying back Halloween candy and donating it to U.S. troops through Operation Gratitude. He is shown here in the “enchanted forest” with three of his four daughters: Yesenia, (right), Vida and Marlena. Oldest daughter Adeliana, was at school at the time of the photo.

didn’t want to do the graffiti,” Slakey said, “because, you know, I didn’t want to get arrested.” When she and her husband were on a road trip, she came across a nasty note about Obama on a bathroom wall. “It got me really upset, so I took it down and stuck up a (painting of a) cupcake.”

Since then, Slakey has continued to drop her artistic renditions of cupcakes in various spots. This year, since she is a K-8 art teacher in Gold River, she is having her students paint cupcakes. Slakey will give them to Smith for abandonment on Halloween. “It’s just a really nice thing,” Slakey said. “That’s what I try to do with the art is to try to make it happy.”

The abandoned art work is not limited to paintings and drawings, Medina said. “We encourage everyone to share whatever they are creative in: sculptures, knitted items, poems, photography . . . We are encouraging everyone to abandon art all day Halloween, not just at night where it might be missed.”

The art is intended to lift the spirits of the finder, who can keep it, pass it on, or re-abandon it. “Because we post on Facebook

and Instagram we have a world-wide reach with our project,” Smith said. Many artists work all year long on small art to abandon, and make it part of their regular work. “We invite artists to make photos of the art where it’s abandoned, or selfies with the art they made and post it to Facebook and Instagram. We hope finders will send selfies with their found art to the Facebook or Instagram links on the back of the art.” Some

artists have already started putting out their work, so look around carefully now and on Halloween.

Information about the artists, the art, the project, and reports of found items can be seen on Facebook under The Abandoned Art Project/RCAFE, and on Instagram #theabandonedartprojectcafe, or @cordovacouncil. If you find some art and would like to report it, you can e-mail abandonedartmail@gmail.com. ★

A Cup of Joe Says a Lot About Us

This week I had several meetings across town and for some reason I miscalculated and ended up with a 2-1/2 hour gap between meetings. I hate to waste time, so I remedied the situation by stopping at a small coffee shop for a cup of Joe.

I ordered my coffee and when the waitress brought it, I began to think about coffee. Why did God give us coffee?

Then my mind went back to my grandfather, whose greatest gift to me was a love of coffee. Nobody loved coffee more. I remember one of his favorite quotes, "You can always tell a man by the coffee he drinks."

Anathema to my grandfather was the idea of instant coffee. No man, in his opinion, would ever drink anything of the kind. "If a man would drink instant coffee," my grandfather perked, "there's no telling what else he would do. Never trust a man who drinks instant coffee."

Grandfather always kept a fire in the old wood cook stove and on the back of the stove he kept his coffee pot, a large 2-gallon pot — one of those old-fashioned percolators long since gone out of style. The coffee was always on, and no matter when you stopped in to

see him, he always had "fresh" coffee brewing.

Actually, the coffee was only fresh on Sunday. On Saturday night, he routinely emptied the coffee pot and prepared fresh coffee for Sunday morning.

He had an old coffee grinder and ground the coffee beans on Saturday night. He put some other things in the coffee. One thing I know he put in was a crushed eggshell. What it did to his coffee, I have no idea, but grandfather was sure it was an important ingredient.

The freshly ground coffee beans were put in, the pot filled with fresh water and set on the back of the stove to slowly perk. This coffee would last the entire week. The coffee was so strong on Sunday that if it did not wake you in the morning, you were dead.

Before retiring each evening my grandfather took care of his coffee. He would freshly grind a few coffee beans, sprinkle it on top of the old coffee grounds and then add a newly crushed eggshell. Then he would refill the coffee pot with water.

My grandmother once tried washing the coffee pot. When my grandfather saw her, he became furious, "Never wash that coffee pot," he spouted,

"you'll ruin its character and a coffee pot needs a lot of character to make good coffee."

When my grandfather died, I looked at his old black coffee pot and discovered two things. One, the original color was blue. And two, although it was originally a 2-gallon pot, it only could take three quarts of water. The "character," so important to my grandfather, had built up so much over the years its capacity was diminished.

In pondering my grandfather, I thought about my Heavenly Father and His gifts. The Bible puts it this way; "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning" (James 1:17).

I really do not know why God gave us coffee, but I do know God's character is of such a nature that it never diminishes His ability to bless me each day.

IN MEMORIAM

Edward F. Hamlin

Edward F. Hamlin, beloved husband, father, grandfather, and great-grandfather passed away with his family by his side on September 30, 2016 from complications of Parkinson's disease. He is survived by his wife Leila Hamlin of Rancho Cordova; his brother Wayne Hamlin and sister-in-law Elaine of Ashland, OR; daughter Katherine and her husband, Geoffery Hansen of Napa; son Mark and his wife, Debra Hamlin of Salem, OR; son Jon and his wife, MaryLynne Hamlin of Bend, OR; and his grandchildren and their families: Elizabeth, David, Alyssa, Andrew and Nathan Laird of Vacaville; Megan, Matthew and Nolan Betz of Seattle; Mathew Hamlin and Cynthia Ward of Bend, OR; Christopher Hamlin of Seattle; Kimberly and

Joel Pentecost of Hillsboro, OR; Jennifer Hansen of San Francisco; and Katie Hamlin and Hudson Tyler of Portland, OR.

Edward and his young family moved to Rancho Cordova in 1959 after purchasing the children's clothing store Small Fry Togs, located in the old Cordova Village. The store was a family effort until its closure in 1987; with the entire family making "vacations" out of trips to San Francisco to purchase new merchandise for each upcoming season. Edward was an active participant in community affairs; he was Vice President and later President of the Rancho Cordova Chamber of Commerce; Chairman of Military Affairs; and President of the Mills Center Business Association after the store relocated. He sponsored

multiple local children's activities including a Little League team. In his retirement, Edward's greatest joy was spending time with family. His grandchildren loved hearing his childhood stories about growing up on the family farm in Iowa, including walking backwards uphill both ways in the snow to school and driving the farm tractor from age nine. The highlight of every year was the family gathering at Diamond Lake, OR. He also greatly enjoyed traveling and was very pleased that he had visited twenty-nine different countries. However, the fact that all 7 of his grandchildren graduated from college made him even more proud. He will be sorely missed by his family.

**Make It Fun and
It Will Get Done!**
The Secret
to Being Organized
Pam Young's Corner
Up or Down it's Your Call

Set your intention to be happy regardless of your circumstances.

Instead of temperatures, imagine words on a meter with emotions like miserable, overwhelmed, worried, desperate, optimistic, hopeful, happy, and blissful.

When you think about the happy people you know, does one of the attributes, they seem to have in common, a wonderful outlook on life. Happy people seem to have an emotional meter that's programmed for joy and contentment no matter what happens to them. Unfortunately many of us have meters set on negative emotions, but we can always reprogram them for happy by deciding to practice being joyful regardless of the forces outside of us. What's interesting about setting an intention of being happy all the time, is when something pulls you from that place you know it and you can kick in and put yourself back on happy. Abraham Lincoln said: "Most folks are as happy as they make up their minds to be."

Is your meter properly adjusted?

There's no guesswork in knowing when your meter is off. When you realize it consider these four things first; Am I thirsty? Am I hungry? Am I tired? Do I need some fresh

air? Usually one of those four deficiencies will affect your happiness. When those four elements are taken seriously and taken care of, it's much easier to stay on happy.

It can sound selfish to consider your happiness as a priority when there are people in your life who think they need you to consider theirs first. I like to call it enlightened selfishness, because when you take care of your emotions first then you are in a position to serve others in joy. If you don't keep yourself healthy and happy you can't be of the best service to others.

When was the last time you smiled at yourself in the mirror? In Sidetracked Home Executives: from pigpen to paradise one of our rules when Peggy and I got organized was to shower, dress all the way to shoes and put on makeup first thing in the morning.

Excerpt from the book:
One woman returned to class with this story: "I got up like you said we have to do, and I showered, shampooed my hair, and put my makeup on. I felt wonderful! I went to wake up my teenage son, and he said, 'Aw, Mom, you slept in your clothes!'"
SI remember it was even a bit of a shock to us to

pass ourselves in a mirror and catch a glimpse of a stranger in our house. We began complimenting ourselves for looking so nice. "Oh, now don't you look pretty!" We felt a little strange at first, giving compliments to our image in the mirror, but we decided we needed some positive strokes. Was it egotistical to tell ourselves how well we were doing? NO! We decided that if egotistical people would take some time to tell themselves they were "all right," maybe they wouldn't have to tell everybody else.

To quote Lincoln again, "Everybody likes a compliment."

Now go look in the mirror and tell yourself how much you love YOU and how nice you look, smile and set your meter on HAPPY. Oh, and get a drink of water, get some fresh air, a bite to eat and go to bed at a decent hour.

her fearful. I wouldn't take the chance of robbing a 95-year-old lady of her peace to try and do the "proper" thing with money.

However, if she's agreeable to the idea of doing a little better with her money, you could start by moving a little into growth stock or balanced stock mutual funds. But do something like this only if the change won't upset her and leave her fretting over her money. What we want for your mom is financial peace.

—Dave

How much is too much for a wedding?

Dear Dave,
In your opinion, what is the limit you can responsibly spend for a wedding if the people involved have debt?

- Paul

Dear Paul,
The cost of the average wedding in America rose to \$32,641 last year. But when it comes to what you can reasonably afford, I think it becomes relative to exactly how much debt you have and what kind of income we're talking about.

If you have \$5,000 in debt but you make \$150,000 a year, stop worrying, pay off your debt, and save up for a great wedding. If

you make \$28,000 a year but you have \$30,000 in debt, then you need to have a really minimal wedding. Anywhere from \$3,000 to \$5,000 would be reasonable in that kind of situation — and even then it's going to be tight.

The more debt you have in relation to your income, the smaller your wedding expenses should be. A \$32,000 wedding would be ridiculous for someone with a \$28,000 income. But \$28,000 is a below-average income, so you shouldn't reasonably expect an average wedding in terms of cost. It really all boils down to ratios.

Just remember, Paul, the amount of money spent on the ceremony, reception and all that stuff isn't what's important. It's the love that two people have for each other that makes the ceremony special and the marriage one that will last a lifetime!

You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on this property. NOTICE OF PUBLIC HEARING

RE: Establishment of Community Facilities District

CORDOVA RECREATION AND PARK DISTRICT Community Facilities District No. 2016-02 (Glenborough and Easton Place) and Future Annexation Area

Notice is hereby given that, on September 21, 2016, the Board of Directors (the "Board of Directors") of the Cordova Recreation and Park District (the "District") adopted its "Resolution of the Board of Directors of the Cordova Recreation and Park District of Intention To Establish Community Facilities District and Future Annexation Area" (the "Resolution of Intention"), in which it declared its intention to establish "Cordova Recreation and Park District Community Facilities District No. 2016-02 (Glenborough and Easton Place)" (the "CFD") and a future annexation area for the CFD (the "Future Annexation Area") under the Mello-Roos Community Facilities Act of 1982, constituting Chapter 2.5 of Part 1 of Division 2 of Title 5, commencing at Section 53311, of the California Government Code (the "Act"). Under the Act and the Resolution of Intention, the Board of Directors gives notice as follows:

- The text of the Resolution of Intention, with Exhibits A and B thereto, as adopted by the Board of Directors, is on file with Clerk of the Board and reference is made thereto for the particular provisions thereof. The text of the Resolution of Intention is summarized as follows:
 - Under the Act, the Board of Directors is undertaking proceedings for the establishment of the CFD and the Future Annexation Area, the boundaries of which are shown on a map on file with the Clerk of the Board.
 - The purpose of the CFD is to provide for the financing of the public services (the "Services") and public facilities (the "Facilities") as more fully described in the Resolution of Intention and Exhibit A thereto.
 - The method of financing the Services and the Facilities is through the imposition and levy of a special tax (the "Special Tax") to be apportioned on the properties in the CFD under the rate and method of apportionment described in the Resolution of Intention and Exhibit B thereto.
 - The Resolution of Intention directed the preparation of a CFD Report that shows the Services and Facilities by type that are required to adequately meet the needs of the CFD and the estimated costs of the Services and the Facilities. The CFD Report will be made a permanent part of the record of the public hearing specified below. Reference is made to the CFD Report as filed with the Clerk.
 - Property within the Future Annexation Area will be annexed to the CFD, and a special tax will be levied on such property, only with the unanimous approval of the owner or owners of each parcel or parcels at the time that parcel or those parcels are annexed, without additional hearings or elections.
 - As set forth below, the Board of Directors will hold a public hearing on the establishment of the CFD and the Future Annexation Area, the Services and the Facilities, and the Special Tax.
- The time and place established under the Resolution of Intention for the public hearing required under the Act are Wednesday, November 16, 2016, at 6:30 p.m. or as soon as possible thereafter, in the Board Chambers, 2729 Prospect Park Drive, Rancho Cordova, California.

Any person interested may file a protest in writing as provided in Section 53323 of the Act. Any protests pertaining to the regularity or sufficiency of the proceedings shall be in writing and shall clearly set forth the irregularities and defects to which objection is made. All written protests must be filed with the Clerk of the Board on or before the time fixed for the hearing.

If 50% or more of the registered voters, or six registered voters, whichever is more, residing in the territory proposed to be included in the CFD, or the owners of one-half or more of the area of land in the territory proposed to be included in the CFD and not exempt from the Special Tax, file written protests against the establishment of the CFD, and the protests are not withdrawn to reduce the value of the protests to less than a majority, the Board shall take no further action to create the CFD or levy the Special Tax for a period of one year from the date of decision of the Board, and, if the majority protests of the registered voters or landowners are only against the furnishing of a type or types of Services or Facilities within the CFD, or against levying a specified part of the Special Tax, those types of Services or Facilities or the specified part of the Special Tax will be eliminated from the proceedings to form the CFD.

In addition, at the hearing, the testimony of all interested persons for and against the establishment of the Future Annexation Area or the levying of special taxes within any portion of the Future Annexation Area annexed in the territory to the CFD will be heard. If 50% or more of the registered voters, or 6 registered voters, whichever is more, residing within the proposed territory of the CFD, or if 50% or more of the registered voters, or 6 registered voters, whichever is more, residing in the territory proposed to be included in the Future Annexation Area, or the owners of 50% or more of the area of land in the territory proposed to be included in the CFD or in the Future Annexation Area, file written protests against the establishment of the Future Annexation Area and the protests are not withdrawn to reduce the value of the protests to less than a majority, the Board shall take no further action to create the Future Annexation Area for a period of one year from the date of decision of the Board.

- If there is no majority protest, the Board may submit the levy of the Special Tax for voter approval at a special election. Approval of the Special Tax requires the approval of two-thirds of the votes cast at a special election by the registered voters within the CFD.

The Gas Station Gun Shop

we all know as “the gas station gun shop.” That’s because Vince doesn’t believe in being deprived of his passion while earning a living. His passion: guns. His living: pumping gas.

We had all known of his passion for many years. He is the perennial president of the local rod and gun club, plans nearly all their annual spaghetti feeds to raise money for targets. If you want to go hunting, all you need to do is pull up in front of Vince’s house on the edge of town with some hounds in the back of the truck in the evening and honk the horn. You don’t even need to call ahead.

The combination business began about three years ago

when an out-of-town customer pulled up to the gas pumps, walked inside to pay Vince, and saw the owner sitting there polishing a 1911 Government Model .45 auto.

CPR wasn’t necessary, but it did give Vince some thinking to do.

“I looked around in here,” he said, “and saw all this wall space. What did I have on it? Fan belts, stacks of motor oil containers, those little air fresheners shaped like pine trees. What a waste! So I put that stuff out in the repair side of the station and nailed up this knotty pine. Looks pretty good, doesn’t it?”

“Then I got my federal fire-arms license, bought a bunch of

ammunition and some guns, and set it up.”

He says he’s always sure to put a gun ad up on the big white sign, along with the gas prices, so people won’t be surprised when they walk in and find him cleaning a Model 70 behind the counter.

“I actually do okay in the gun business here,” he said. “It isn’t enough to be a gun shop on its own, really. We aren’t a big enough town.”

And then he grinned and said, “And I’ve never been held up.”

Defendant Convicted for Murder, Series of Attacks Man Convicted for Kidnapping Teens & Sexual Assault Mother & Daughter Sentenced for Death of Disabled Victim

DATE: September 28, 2016

CASE: Christopher Franklin (Case #15F06717)

PROSECUTOR: Deputy District Attorney William Satchell, Homicide Unit

Christopher Franklin was convicted by a jury of first-degree murder, attempted murder, assault with force likely to cause great bodily injury, and illegal possession of a concealed firearm. The jury also found that Franklin discharged a firearm causing death and great bodily injury.

On July 10, 2015, Dennis Clark was homeless and sleeping under a bridge. When Mr. Clark awoke, he found Franklin standing over him. Without warning or provocation, Franklin began shooting at Mr. Clark, striking him four times. Multiple .40 caliber casing were recovered at the scene.

On October 11, 2015, Anna Bernaix was sleeping near a homeless encampment when she was found shot to death. Several .40 caliber casings were also found at the scene.

On October 13, 2015, Douglas Bean was working as a surveyor near remote railroad tracks. Franklin approached Mr. Bean from behind and placed him in a strangle-hold. Other workers witnessed what was happening and stopped Franklin just as Mr. Bean was losing consciousness. The Sacramento County Sheriff's Department responded and apprehended Franklin. Deputies searched Franklin and found a concealed .40 caliber handgun. Testing by the District Attorney's Crime Lab determined the handgun Franklin was carrying was used to shoot both Mr. Clark and Ms. Bernaix.

Franklin faces a maximum potential sentence of 75 years to life plus 21 years in prison. Sentencing is scheduled for October 25, 2016, at 9:00 a.m. in Department 24 before the Honorable Shelleyanne Chang.

DATE: October 7, 2016

CASE: Kevin Hickman (Case #15F03015)

PROSECUTOR: Deputy District Attorney Matt Chisholm, Adult Sexual Assault Prosecution Unit

Kevin Hickman was convicted by a jury of three counts of forcible rape with kidnapping allegations, one count of forcible oral copulation with kidnapping allegations, kidnapping for purposes of rape, kidnapping of a child under the age of 14, and criminal threats.

Hickman met the victims' mother through a dating website. A few days later on May 16, 2015, Hickman offered to take her 16-year-old daughter and 13-year-old daughter to a party at a roller skating rink. The mother agreed, but Hickman didn't take the girls to a party. Instead, Hickman took the young girls to a house off of Marconi Avenue. By this time, the girls' cell phones had died and they had no way to call for help. Hickman took the 16-year-old victim to a shed in the backyard and raped her at knife point three times throughout the night. Meanwhile, the girls' mother called 911. The Sacramento Police Department was able to trace Hickman's cell phone to the house. The 13-year-old daughter was not harmed, physically or sexually.

Hickman faces a sentence of approximately 85 years to life in prison. Sentencing is set for November 18, 2016, at 10:00 a.m. in Department 14 before the Honorable Donald Currier.

DATE: August 26, 2016

CASE: Sheila Johnson & Ravetra Jones

PROSECUTOR: Deputy District Attorney Kari Reeve, Homicide Unit

The Honorable Michael Kenny sentenced Sheila Johnson to 15 years to life in prison. Johnson's daughter, Ravetra Jones, was sentenced to 4 years, 8 months in prison. On June 29, 2016, Johnson pled no contest to second-degree murder and Jones pled no contest to involuntary manslaughter and fraud.

Thirty-seven-year-old Monique Johnson was developmentally disabled, non-verbal, and unable to walk. Monique lived with her mother, Sheila Johnson. Initially, Johnson was paid by In-Home Supportive Services (IHSS) as Monique's full-time caregiver. Then Jones, who is Monique's sister, was paid by IHSS as Monique's caregiver.

On February 12, 2014, Monique died from severe neglect, dehydration, and starvation. She weighed 36 pounds at the time of her death. Various agencies attempted to intervene prior to Monique's death about concerns over her care. Sheila Johnson was offered free services and assistance to help with Monique's care, many of which she refused. Ravetra Jones allowed Monique's health condition to deteriorate to the point of death, while simultaneously receiving payment for services. ★

AMAC Urges Older Americans to Lead the Way to the Voting Booth

Commentary by AMAC

There was some distressing news from Gallup recently. Voters will be staying home in droves this year, according to the polling organization.

Dan Weber, president of the Association of Mature American, says that it is not a good thing. "You'd think that with all of the hoopla surrounding the 2016 Presidential Elections, voters would be particularly energized this year. But Gallup says that its survey shows only 69% of the electorate say they will definitely exercise their right to vote come November. In fact, an astounding 72% of respondents in its poll say they really haven't given much thought to the election."

Weber warns that by not casting their ballots those non-voters are, in effect, opting for the candidates proposed by the "other party." He says it also diminishes our respect for good government, undermines our representative democracy and

makes us weaker as a nation. In addition, he adds, elections are meant to unify the country by allowing all eligible voters to have their say in who shall lead them and by not voting we create a deeper divide.

"This year, more Americans want a change in the direction our country has taken in recent years. They want to take back their ability to control their lives as our forebears did in the good old days when the Constitution was considered an inviolable document that made our democracy the envy of the world. Voter apathy is a threat to all of that."

It has been reported that young Millennials and their immediate predecessors who were called Generation X constitute the largest voting bloc in the U.S., having taken over the spotlight from Baby Boomers. But the Gallup poll indicates that only 47% of younger voters say they will definitely get out and vote in 2016, down from 58% in 2012.

Thus, Weber says, older Americans can still lead the way by example and he is calling on the members of his influential senior advocacy organization to do all they can to invigorate the nation this November.

"AMAC was founded by a membership determined to make a difference, activists who believe that all is not yet lost. We need to get out the vote. We need to urge our voting age family members and friends to prove that the graying of America, where 10,000 of us turn 65 years of age each day, is a good thing. Perhaps it will also show new voters how to exercise their most important right and their most profound responsibility. One thing's for sure, it will also show the world that the U.S. is not in decline; that we are on the rise again."

The Association of Mature American Citizens is a vibrant, vital senior advocacy organization that takes its marching orders from its members. Find out more at www.amac.us ★

Obamacare: The Unaffordable Health Plan

Commentary by Rob Engstrom

They waited as long as they could before announcing it, but couldn't hide the facts until after Election Day: Obamacare rates are exploding.

Don't let this happen. CNN is reporting that "Obamacare premiums are set to skyrocket an average of 22% for the benchmark silver plan in 2017, according to a government

report released Monday" and the Associated Press just posted that "premiums for a midlevel benchmark plan will increase an average of 25 percent across the 39 states served by the federally run online market" and that "about 1 in 5 consumers will only have plans from a single insurer to pick from".

We predicted it wouldn't work, and fought against Obamacare's passage. Now is the time to fight for real reform

before Obamacare rate hikes become the new status quo.

This is unsustainable for you and millions of Americans across this country. It can't carry on like this. We simply can't afford it.

Stand up to the opposition and for meaningful change.

We have a Supreme Choice to Make

Why the Supreme Court is the Most Important Issue for Voters

A special message from Anita Staver

During this supercharged election season, where every news cycle brings salacious distractions from the mainstream media, voters tend to focus on the candidates instead of their policies. But whether Donald Trump and Hillary Clinton are kind or rude, decent or vulgar, charitable or greedy, and healthy or weak, will never matter as much as their Supreme Court nominations. The next president will select one, and possibly three, justices during the next term, and this one act will transform the Court for the next 30 years or more.

The selection of future Supreme Court justices is the most critical issue of this election. One justice can drastically alter years of American legal jurisprudence.

In the past, the Court has decided many crucial cases by a 5-4 vote. For example, the outcome was determined by one vote in both of the following cases:

- **Gonzales v. Carhart** — The federal law banning partial-birth abortion does not violate the Constitution. Partial-birth abortion involves a gruesome process of killing a baby during

the birth process while only its head is inside the mother.

- **Citizens United v. Federal Election Commission** — The government cannot regulate the amount of money corporations spend on political speech, but can ban contributions from corporations to candidates and require disclosure of advertising sponsors.

- **Obergefell v. Hodges** — A state cannot refuse to issue a marriage license to two people of the same sex or recognize such unions licensed in other states.

- And who can forget that by a single vote in the ObamaCare case, the Supreme Court rewrote a law enacted by Congress and turned a "penalty" into a "tax." One Justice could have prevented the socialist-style takeover of our healthcare system!

Many other important issues that impact Americans — including religious freedom, self-defense, marriage, bathroom privacy, equal access for Bible clubs, forced funding of abortion, ObamaCare exemptions, school vouchers, online child pornography, and the public acknowledgement of God — all hang by one vote.

In addition to Supreme Court

appointments, 98 federal court vacancies will be filled by the next president and Senate. These lifetime appointments will determine the direction of this nation for many years.

Perhaps we deserve to have the United States fail because we haven't selected righteous and moral candidates. However, our children and grandchildren do not deserve to suffer the results of our bad choices!

During the next four years, America could be transformed into a safe and prosperous home for future generations. Or our precious liberties could be decimated by a single black-robed individual with the stroke of a pen. These are issues we must discuss in our circles of influence before the upcoming election. Remember that the only vote that doesn't matter is the one that is not cast.

Thank you so much, and may God bless you!

Anita L. Staver, serves as a Director of Liberty Counsel Action and is a member of the bars of Florida and the District of Columbia. She is admitted to practice before the U.S. Supreme Court and 12 federal courts of appeal. Liberty Counsel Action is a 501(c)4 organization. ★

LETTER TO THE EDITOR

Proposition 63 is a Trojan Horse

A Trojan Horse ballot measure is intended to secretly produce a different result than is advertised. Buried in the 34 pages of fine print are oppressive restrictions on the purchase and transporting of ammunition by Californians. Yet, oppressive restrictions imposed against law abiding citizens will not deter criminals.

Criminals will turn to other sources to obtain their ammunition such as Cartels or Terrorists who are not hindered by the Obama open borders

policy. This is a got you by Lt. Gov. Newsom who devised Prop 63 to be the first step by the Democrats to disarm law abiding Californians by suppressing purchase of ammo. Yet without ammo it is still possible to use Bayonets to protect our family.

Sincerely,
Robert A. Dahlquist

CORDOVA SPORTS

Rally Gives Cordova Football Huge SVC Win

By Mike Bush

RANCHO CORDOVA, CA (MPG) - Three turnovers seemed like it could haunt the Cordova High School football team.

But in a huge Sierra Valley Conference home game against El Dorado, the Lancers enjoyed the tricks and treats in the fourth quarter that led to a 40-14 win over the Cougars at Lancers Stadium last Friday.

The win launches Cordova into sole possession of first place in the SVC at 3-0 and 6-2 overall. El Dorado, which beat Liberty Ranch 27-24 two weeks ago, and the Lancers' next opponent this Friday, goes to 2-1 and 6-2.

The Lancers led 13-0 at halftime. But the visiting Cougars scored two touchdowns in the third quarter to take a 14-13 lead. Then in the final quarter, the game changed when Lancer running back Kelechi Njoku scored the go-ahead touchdown on a 2-yard touchdown for a 21-14 lead.

"What we wanted to do is hang onto the ball," said Cordova head coach Darren Nill of the fourth quarter. "Those turnovers were keeping the game close."

Cordova had two fumbles lost inside the Cougars' 30-yard line, plus a fumble in the first half that kept the game close until the final quarter.

"The first part of the game was feeling each other out," Nill said. "We

Cordova running back Deante McCullough, 21, rushes for some of his 222 yards. He also scored three touchdowns in the Lancers' 40-14 win over El Dorado, and now occupy first place in the SVC with a 3-0 record. Photo by Rick Sloan

knew it was going to be a tight game. El Dorado is an excellent coached team."

From his defensive end spot, Njoku recorded a key sack on the Cougars' next offensive drive in the fourth quarter, and one of four in the game. That led to a Cougars' punt. Then Cordova scored three more times that led to bust opening a close game into a blowout.

"We knew that we were

going to be able to run," Nill said. "They were overplaying the pass a little bit. We went ahead and made the decision to just go ahead and jam it down their throats, and luckily it worked out for us."

The numbers back the Lancers' success on the ground. Cordova had 37 carries for 304 yards on the ground. The Lancers finished with 522 total offensive yards. El Dorado

had only 87 yards on 33 attempts, and 286 total offensive yards.

"Luckily, our run game just took over in the fourth," Nill said.

Leading the Lancers' ground attack was running back Deante McCullough, who had 22 carries for 222 yards and three touchdowns.

Contributing toward the Lancers' touchdowns in the game was running

back Terrill Johnson, who scored on a 23-yard run. Wide receiver Alvin Banks had a big night at six receptions for 159 yards, plus a touchdown.

Cordova quarterback Xavier Johnson completed 11-of-22 passes for 188 yards, plus one touchdown and interception.

"If we put together our offense, along with our defense, that's how we're capable of playing," Nill said.

On defense, Cordova linebacker Yusef Pugh had 10 tackles. Middle linebacker Kenneth Haney followed with eight, Njoku seven and Johnson, plus defensive back Tyreke Tate, linebacker Michael Gonzalez, defensive back Bryan Estrada and defensive tackle Fidel Romero had five each.

Tonight, Friday, at Warriors Stadium in Galt, Cordova takes on Liberty Ranch (2-1 in the SVC, 6-2), which posted a 14-0 win over Rosemont. A Lancers win over the Hawks would secure a share of the SVC title. However, a Liberty Ranch win would create a three-way tie for first place between the Hawks, Lancers and El Dorado, should it beat Galt (2-1 in the SVC, 5-3) tonight.

In the frosh/soph game, Cordova remained undefeated in the SVC at 3-0 with an 18-16 win over El Dorado. The Lancers are 3-5 overall. ★

Season Ends at Divisional Tournament for Cordova Linkers

By Mike Bush

RANCHO CORDOVA, CA (MPG) - On Monday, three Cordova High School girls golfers took their game to a challenging course in the Merced area.

Competing at the CIF Sac-Joaquin Section/Les Schwab Division IV Golf Tournament at the Rancho Del Rey Golf Club in Atwater, the Lancers' Angela Jones, Kearry Lopez and Mackailee Lawrence were part of the tournament that had nearly 200 linkers from various medium-size schools in the section competing. An opportunity to place high and compete at the section's Masters meet, which will take place at The Reserves at Spanos Park in Stockton, was on the line.

The course, according to Cordova head coach Mark Gribskov, had thick unmowed rough, plus numerous ponds and bunkers. That, naturally, didn't stop Jones and Lopez, both of whom fired a 105 at the par 72 course. Lawrence carded a 126.

"Only three girls shot in the high 70s," said Gribskov of linkers who had low scores on the day. "A few more in the 80s, slightly more in the 90 and more than half of the field of 54 golfers shot over 100."

Despite not advancing to the Masters, Gribskov is proud of the trio's accomplishments in post-season, as well as in Sierra Valley Conference action during the regular season. Cordova took fourth place at the conference's tournament earlier this month.

"Our three ladies made a very respectable showing down in Atwater," Gribskov said. ★

Folsom Lake College Mens' and Womens' Soccer and Womens' Volleyball Update

Freshman Mia Evans was a Falcon force on the defensive side. Photo by Rose Shoen

Women's Soccer

With a Friday afternoon home match against Big 8 Conference 2nd place Diablo Valley College, the Falcons had hoped to avenge an early-season loss to the Vikings and also make up some ground in the Big 8 standings. But both teams were intent on shutting down their opponent and the intensity was evident throughout the physical match that ended in a scoreless tie. FLC goalkeeper Aubrey Hall earned her fifth shutout of the season with six saves, but the Viking defense was just as impenetrable. With just five matches remaining in the regular season, the Falcons (5-3-3, 10-3-3 overall) remain in fourth place in the Big 8, just one point behind third-place Delta – whom they'll face on Friday in Stockton – and four behind second-place DVC.

Men's Soccer

Facing the state's second-ranked team, the Falcons hosted undefeated Fresno City in a non-conference match on Friday evening at Falcon Stadium. It was apparent from the start that the Falcons were not going to lay down for this match; in fact the home team dominated possession time throughout most of the first half. The only goal of the match came in the 32nd minute of play when Fresno's Jonathon Rodriguez managed to find the net for a 1-0 Rams' victory. FLC returns to Big 8 play this week with matches against Santa Rosa on Tuesday and American River on Friday night.

Women's Volleyball

The Falcons got back on track as they ended their brief 3-match losing streak with a convincing 4-set (3-1) victory over

Santa Rosa on Friday night at Falcon Gym. Other than a second-set funk that cost them the sweep, the Falcons clearly were the better team, winning 25-14, 24-26, 25-17, and 25-19. Setter Isabel Mason provided 36 assists and added 27 digs to lead the team. Outside hitter Kylie Haverson contributed with 17 kills while Kate Nicknig added 10. The Falcons remain in fifth place in the Big 8 standings and are just one game behind fourth-place American River, who happen to be Friday's opponent.

Upcoming Sports Schedule (home matches in bold)

- Tues Oct 25 Women's Soccer at American River, 3:30 pm
- Men's Soccer vs Santa Rosa at FLC, 6:00 pm
- Wed Oct 26 Women's Volleyball at Modesto, 6:30 pm

REAL PEOPLE. REAL FUN.

There is a reason we use our residents as our photo models. We want you to see real people at real communities enjoying the life they choose. Whether it's joining friends in a card game, taking a stroll around the grounds, stepping on the bus for an excursion or getting together to share a meal, our residents find everything they need right here.
