New Teen Center Provides Space to Heal and Grow

CAPTION: The DZ Grand Opening on Sunday, September 7th will include a backpack give away led by community leader Rosalyn Van Buren. The first 200 kids will receive a backpack full of supplies. Additionally, there will be a youth and family community open house including tours of the center, and opportunities for youth and families to register for DZ membership as well as to sign up for a variety of free or low cost youth programs and services.

SACRAMENTO REGION, CA (MPG) - The DZ, short for the Dream Zone, is a new teen empowerment center scheduled to open with a ribbon cutting on Sunday, September 7th at Unity of Sacramento at 1:30 pm. Unity is located at 9249 Folsom Blvd.

The brainchild of Kevin Kitrell Ross, leader of Unity of Sacramento, President of Teen Dream Camp and Senior Fellow of the Mountain Valley Chapter of The American

Leadership Forum, Ross says, "It's time to send our kids back to school with something more than new clothes, we've got to give them a new outlook on life."

"The Dream Zone is where dreams and born and where dreamers shine," said Rev. Ross. "It is a dream incubator, a leadership lab, and a space to heal, chill, and grow!"

The DZ provides a space for teen boys and girls to express themselves in a positive

and productive way. Unity is especially interested in attracting young boys to the Dream Zone. Nationally and in communities throughout California, including Sacramento, public and elected officials along with community and faith leaders are focused on improving opportunities for boys and men of color. "The Dream Zone is especially committed to ensuring that the lives of boys and

Senator Gaines Issues Statement on Tesla Selecting Nevada for Gigafactory

SACRAMENTO (MPG) - Senator Ted Gaines (R-Roseville) issued the following statement regarding the news that Tesla Motors will build their "giga-factory" in Nevada.

"I'm devastated for the 6,500 families who won't have the chance at these jobs unless they move to Nevada. Tesla is a California-born company that the state has invested heavily in, and we want it to succeed. It makes complete sense for it to expand right here, close to its headquarters, yet they are headed out of state.

"It's a clear indictment of our business climate that Nevada is pulling this huge investment away from its natural home. I'm not sure there could be a stronger signal to legislators about how hard they have made it to operate here.

"But while I'm disappointed for California today, I'm going to be single-minded in my mission to turn our state back into a jobs-creating, economic powerhouse, and I challenge my colleagues to join me in a bi-partisan effort to ensure that we are the number-one destination for the next gigafactory."

"Whole Lotta Brews" is a key fundraiser for the vital work of the Folsom Cordova Community Partnership. They provide an array of programs targeted at reducing the risk of child abuse and neglect as well as impacting generational cycles of poverty. "Each year the Folsom Cordova Community Partnership provides parent education and support, safe youth activities, employment

RANCHO CORDOVA, CA (MPG) - To be a part of the community, you need to be able to serve the community. Smile Generation Serve Day is held annually to provide free dental treatment to community members who do not otherwise have access to dental care. Smile Generation-trusted dental offices team up with local organizations and community partners, such as youth centers, nonprofit

organizations and churches, to identify individuals in need of basic dental care. Patients receive anything from cleanings, exams and Digital X-rays to extractions and restorations. In the three years that Smile Generation Serve Day has been held, nearly \$6 million in free dentistry has been provided. Over the weekend, The Folsom Cordova Community Partnership was the recipient of those services

provided by The Rancho Cordova Dental and Orthodontics Group. The Group served over 25 families who also receive services from the Partnership. Here at the Folsom Cordova Community Partnership, we are eternally grateful for what you do in the community. ★

Proposed Community Master Plan Revealed

By Julia Baum

RANCHO CORDOVA, CA (MPG) - After months of meetings filled with collaboration and deliberation, members of the Rancho Cordova City Council and the Cordova Park and Recreation District revealed a mostly finished master plan proposal for the community at a special August 21 work session.

Focusing largely on community facilities and sports tournament complexes, the plan proposes a park impact fee of \$8,784 per single family home to help offset the cost of lighted sports fields, additional restrooms and other community gathering facilities.

Meeting the needs of youth sports programs and tournaments with the proposed design is a concern for Mac Cameron of District 5 Little League. With an expected growth of more than 100,000 people by the year 2035, outgrowing other cities such as Roseville and Folsom, Cameron is not convinced that teams or their families will be adequately served by the placemakers, or public spaces that encourage

and support social connection and meaningful interaction. He would like to see facilities that are superior to those in surrounding communities for his players and more fields centrally located instead of being scattered around town for families with more than one child playing Little League during the season.

“We need more facilities; with growth we want additional Little Leagues,” Cameron said. “I don’t think the placemakers are large enough to put a baseball complex. If you have multiple ages and levels playing, parents don’t want to travel field to field.”

Council member David Sander would like to have the boundary lines assessed more thoroughly for space and accommodation requirements for the influx of new residents expected to arrive over the next two decades.

“We’re building a new community of 100,000 people, why wouldn’t we build the best?” Sander said.

Sander was also bothered by the city’s service ratio – that is, number of amenities to serve the population - compared to other nearby communities. The

master plan report prepared by the Cordova Recreation and Park District states that the ideal service level for Rancho Cordova is five acres of neighborhood parks and community parks per 1,000 residents. Currently the service level is 37,000 houses on a ratio of 2.92 acres per 1,000 people.

“The reality is we don’t have the facilities our neighbors have,” Sander said. “Our current service ratio compared to other jurisdictions is astonishingly low – this shows us the gap we have.”

The concept of the master plan and funding ideas for it are expected to be presented for approval next month to the District Board of Directors. Though there were various opinions about the master plan, most like Park Planning Manager Linda Taylor, agreed that improved communication among public agencies was responsible for what progress had been made and would only continue to help reach their goals.

“The more we work together the more trust that we can build,” Taylor said. “I have every confidence in the world that we’ll get there.” ★

Who are you kidding? These so called nuisance calls do not cost

me or any other resident one red cent!! The folks answering the calls get paid the same amount whether they are answering the calls, sitting at a desk, sitting on the toilet, sitting at a coffee shop or writing a ticket.

This is just another way to bleed the property owners! Guess who thought this one up? Thanks for the ear, go Billikins.

ESKATON ASSISTED LIVING and MEMORY CARE

Are you a veteran or surviving spouse?

The U.S. Department of Veterans Affairs offers a little known tax-free pension available to help qualified veterans, spouses and surviving spouses pay for assisted living.

Last year, an estimated 1.9 million veterans qualified but did not know about the benefit, or did not know how to file a claim. With 60% of the seniors in the United States being veterans or spouses of veterans, this pension can be a lifeline to receive the care you need and deserve.

Come listen to how U.S. Senior Vets can help guide you through what can be a complex (but rewarding) process.

There are many communities, counties, and states who were hit pretty hard financially when the first BRAC (Base Realignment and Closure) went into effect in the 1980s. BRAC rounds of today were initially aimed at 2013 and 2015, but both of those were stopped by Congress. The next BRAC is scheduled for 2017, but even that should depend on whether we can or whether we will cut our military even more than we already have.

Originally, Secretary of Defense Chuck Hagel asked for the next BRAC to be in 2013 and 2015, but as I said that has now changed to 2017. It is unfortunate that both Congress and the Pentagon are looking at the \$\$\$ instead of learning about weakness from the past. Figures from the Senate Armed Services Committee show that the 1995 BRAC round cost \$6.6 billion while saving \$6.4 billion! And the 2005 BRAC cost \$34 billion with an estimated savings of \$13.7 billion over 20

BRAC (Base Realignment and Closure)

years! Some of the Senators, like Senator McCaskill, said they could not support a process that is questionable about being in the best interest of American taxpayers or of our national security. I believe that seeing what is happening in the world today questions the wisdom of weakening our national defense even more than they already have.

“The United States is a Paper Tiger.” That expression became well known by western countries because it was a slogan used by Mao Zedong’s Chinese communist government when describing its opponents - especially the United States of America. A Paper Tiger was a threat on the outside but could be easily dismissed because it could not (or would not) withstand a challenge or the “wind or rain” of international or military pressure. In the early years of the Cold War, Mao once called Russia a Paper Tiger because of “appeasement” to the United States. According to Wikipedia, Soviet Premier Nikita Khrushchev reportedly said, “The Paper Tiger has nuclear teeth.” I guess you could say the Soviets didn’t like it back then, any more than the United States likes it today.

President John Fitzgerald Kennedy, when talking about tempting our adversaries, expressed that concern in his inaugural address: “We dare not tempt them with weakness. For only when our arms are sufficient beyond doubt can we be certain beyond doubt that they will never be used.” Today, we are seeing the Russia of the past beginning to show its aggressive arm again and there are also the terrorists who destroyed the twin towers in New York and aggressors like ISIS (Islamic State of Iraq and Syria). The United Nations has accused them of “mass atrocities” and war crimes. They have been designated by the United Nations and individual countries as a terrorist group.

We all will be watching to see what will transpire around the world and I hope that before another BRAC is planned and/or put into effect, the Pentagon, the Department of Defense, and Congress will look out for our national security instead of waiting until we are hit with a “surprise” like a ton of bricks.

From Vice Mayor Bob McGarvey, God bless, and see you next time.

Raley’s Supermarket Settles Civil Environmental Case

Special Report
District Attorney’s Office

SACRAMENTO REGION, CA (MPG) - District Attorney Jan Scully joins 25 other California district attorneys in announcing that West Sacramento-based Raley’s supermarket was ordered to pay \$1,599,000 in civil penalties, costs and supplemental environmental projects, as part of the settlement of a civil enforcement prosecution, which includes a final judgment and permanent injunction. Raley’s cooperated with the prosecution team throughout the investigation into their unlawful practices. The judgment is the culmination of a civil enforcement lawsuit filed in San Joaquin County to stop the supermarket chain from unlawfully transporting and disposing of retail hazardous waste. The lawsuit claimed that more than 130 Raley’s supermarket stores improperly stored, handled, and disposed of hazardous waste and pharmaceutical waste products into company trash bins. Instead of being sent to authorized disposal sites, hazardous

wastes and contaminated materials were being unlawfully transported to area landfills. Additionally, the lawsuit alleges that Raley’s failed to take suf-

ficient steps to preserve the confidentiality of their pharmacy customers’ information. As a result of the prosecution, California Raley’s supermarkets modified existing policies and have adopted new policies and procedures designed to eliminate the disposal of retail hazardous waste products and pharmaceutical waste into store trash compactors for eventual disposal into local landfills not equipped to handle such wastes.

Hazardous waste produced by California Raley’s supermarkets through damage, spills, and returns is now being collected by state-registered haulers, taken to proper disposal facilities, and properly documented and accounted for. In addition, the settlement requires Raley’s to dispose of or destroy all confidential customer medical information in a manner that preserves the confidentiality of the records. In addition to devoting resources to California environmental compliance with regard to hazardous waste identification, classification, storage, transportation, and disposal, Raley’s has agreed to purchase five mobile freshwater purification systems to provide safe drinking water to local communities in California in times of emergency or other pressing need. The mobile freshwater purification systems will be located in Placer, El Dorado, Sonoma, Sacramento and Contra Costa counties, but will be available for use by other counties within the state. ★

CAN PIANO LESSONS REALLY BE FUN?

YES... It is possible to have fun while learning to play piano!

RUTHY GREGORY has hundreds of students who will tell you it is so. They will also tell you that Miss Gregory is “Lots of fun – and lots of strict!”

She engages students with lively teaching methods that keep them from being bored, and help them learn. But she also expects them to take their lessons and practice seriously.

Most students begin piano intending to play for the joy of it. Ruthy gives them the foundation to enjoy and share music for their lifetime, by learning to read sheet music and the history and origins of various music styles.

More earnest students pursue recitals, festivals, and competitions, working diligently toward a Certificate of Merit. That is a program spanning several years of gradual improvement and performance.

Is this a good time for your child to begin learning piano?

Most elementary-age children have the focus and motivation to learn. They need (at minimum) an electric keyboard at home for practice in the first year. The following years, they will need either an electric or acoustic piano at home.

Lessons fill up quickly, so reserving a space is very important. Lessons are on a first come, first served basis. A desired time slot is not guaranteed until initial payment is made.

The BASICS:

- 1) Lessons are held once per week at her home studio located in Gold River.
- 2) There is a flat fee of \$120/month. This includes one 30 minute lesson and a 30 minute lab which can be done before or after the lesson.
- 3) There are two recitals per school year with additional performance opportunities.

Yesteryear Rests Peacefully in Fair Oaks Cemetery

Story and photos
by Richard Perez

FAIR OAKS, CA (MPG) - Picturesque Fair Oaks cemetery was founded on October 21, 1902 on a half-acre of land. Ornate headstones commemorating patriarchs lie in close proximity to simple, unnamed grave markers. The list of interments is unique; the first official resident of the grounds was Sarah Vail, a Folsom native who died in a fire and was buried in 1903. There are two other women who were buried in 1898, but Miss Vail is the first authenticated burial at Fair Oaks Cemetery.

Other gravesites include a dozen Civil War veterans from both the Union and Confederate Armies who now share a common ground. Another notable resident is Myrna Opsahl, a 42 year old mother of four who died in 1975 during an early morning bank robbery in Carmichael. She was shot by the infamous Symbionese Liberation Army. (The radical group also kidnapped and brainwashed heiress Patty Hearst during their reign of terror.) Alongside these graves are the plots of early 20th century people who are memorialized with small stone markers listing only last name and year of death. One in particular is a tiny headstone cradled amongst the roots of a large oak tree bearing the inscription: Bishop Baby - 1907. One hundred and seven years later, this little monument still brings on a melancholic sense.

Fair Oaks Cemetery manager of 17 years, Ray Young, takes great pride in the many years of service the cemetery has provided to the community. "We are one of the oldest cemeteries in the region." His staff includes

office manager Terri Perrin, clerk Theresa Day, and lead groundskeeper Guillermo Barron; they help Young maintain the tradition of honoring loved ones in a placid and serene setting. The cemetery facilities now cover 12 acres and over 100 years of local history.

Fair Oaks The Way it Was (1976) recounts: "In the early 1890s, a man, a representative of

the Howard & Wilson Publishing Co., which was seeking land for a colony, rode up a trail along the American River and was greatly impressed with the beauty of the land, especially a stand of moss-draped oaks along the north shore of the river. He had found his site. It was known as 'Sunset Colony' and was later named Fair Oaks because it looked like Fair Oaks, Virginia." The publishing

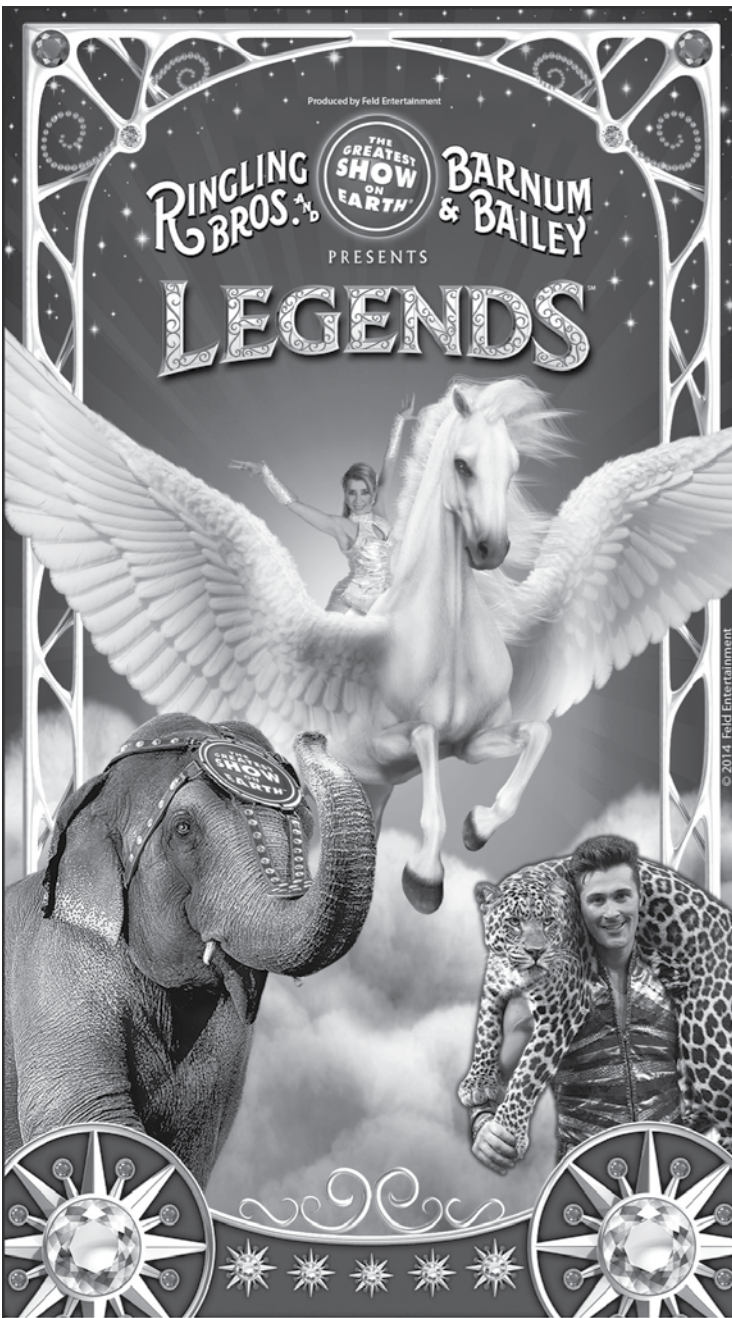

company purchased 9,000 acres and helped settle the area known today as Fair Oaks, California.

Pioneers from the Midwest and East with names such as Slocum, Straith, and McClatchy were families that helped establish Fair Oaks and the surrounding expanse. The Fair Oaks Bridge and the arrival of the railroad spurred growth, and Fair Oaks became known as the crown of the Sacramento Valley in the heart of California. A local publication of the period, The Tattler quipped: "Now that we have two M.D.s, the people have concluded that we need a cemetery." Two and one half acres at Olive Street and New York Avenue were purchased for the sum of \$250.00 from S.E. Keifer for use as a cemetery. Bylaws were drawn up and lots were apportioned to the stockholders. Fair Oaks Cemetery Association President C. H. Slocum allocated the remaining plots for future sale.

The Fair Oaks Cemetery District (FODC) oversees the day to day operations of the facility and serves Fair Oaks, and parts of Carmichael and Rancho Cordova. Various community organizations, such as the Fair Oaks and Carmichael Chambers of Commerce, the Fair Oaks Rotary, and the Orangevale Grange, partner with the FODC and help to maintain this resting place.

Fair Oaks Cemetery is an all-inclusive memorial park serving the various regional communities. Interments include an array of plans ranging from the moderately priced Oak Knoll Niches to specially placed and designated plots available throughout the grounds. Cost can vary based upon district residence, taxing status and product selection. For further information, call (916) 966-1613 or visit www.fairoakscemetery.com.

Dare to Live Without Limits

Developing a Can-Do Attitude

by Bryan Golden

A strong can-do attitude is a potent force in your quest for accomplishment. If you have any doubt, consider the alternative, a can't-do attitude? Anyone harboring a can't-do attitude is guaranteed of their results; nothing will work.

Ignore everyone who derides your can-do attitude. You will be criticized as being unrealistic. The critics have nothing to offer you except a sure fire plan for failure.

Anyone can develop a can-do attitude, even those with an entrenched can't-do attitude. If you are one of the people with a negative outlook, take an honest look at where you are. If you are not happy with your situation, the only way to make changes is by changing your attitude.

Often I hear people comment that their attitude will improve once things get better. Circumstances improve as a result of an improvement in attitude. You have to smile in order to feel happy rather than waiting to feel happy before you smile.

Developing a can-do attitude begins with positive self-talk. The words you say to yourself program your mind. By utilizing a positive vocabulary, your brain is directed to achieve a positive outcome. Constantly monitor your self-talk and immediately replace any negative words with positive ones.

Next, you have to believe you can do what you want to do. Your mind will only accomplish those things you believe are possible. When you don't think something is possible, your mind develops a can't-do attitude which prevents

accomplishments.

You need only one reason to succeed. Without vigilance, your mind will conjure up excuses as to why you can't. Additionally, other people will provide you with excuses for failure, whether you ask them or not. Your focus must be on your reason to succeed. Ignore everything else.

Expect to be criticized. Don't get discouraged by it. If you abandon your can-do attitude for the sake of mollifying your critics, you will forsake your desired accomplishment. Critics invariably say you can't do something. If you listen to them, you won't.

To cultivate your belief, act as if you are already successful. Picture yourself having attained what you want. How will you feel once you reach your goal? What level of confidence will you experience? This process stimulates a whole body experience which accelerates your mind's efforts to bring your desires to reality.

You have already experienced this process. Before going on vacation you look at photos and videos of your ideal getaway. When shopping for a car you visit dealers, look at the models you are interested in, and test drive the cars you are considering. When you really want something badly enough you can "feel" it and "taste" it before you have attained it.

A strong can-do attitude includes a focused problem solving mindset. In any quest you will encounter problems. Although problems can be discouraging, all problems have solutions. The

challenge is discovering them. Problem solving requires an open mind. Consider all options, even the ones outside your comfort zone.

Network with other positive, can-do people. They will encourage you and you will encourage them. You don't have to personally know someone positive to be encouraged by their attitude.

Simply learning about an individual's accomplishments, along with how they overcame obstacles is extremely motivating. You can do this through reading, biographical shows, and research on the internet.

Avoid discussing your goals with those who are not supportive. You don't have to, and probably won't change their minds. You will just become frustrated, discouraged, and drained without accomplishing anything positive. It's your life. Live it your way. You don't have to please anyone else.

Developing a can-do attitude will greatly accelerate your accomplishments. A can-do attitude empowers your mind to transform your dreams into reality. You can do whatever you need to do in order to reach your goals. ★ ***NOW AVAILABLE:** "Dare to Live Without Limits," the book. Visit www.BryanGolden.com or your bookstore. A Severe Case of Yuckitis

Dr. James L. Snyder

My schedule recently called for me to do some travel involving airplanes. I am not a fan of airplanes, but airports are something else altogether. They seem to be like a mall. Whatever you want, you can find it in an airport. The bigger the airport, the more you can find.

I was sitting in an airport restaurant waiting for my plane and simply enjoying myself. I watched the people go by and inside I was laughing and making fun of them. I play a little game when I am all by myself. If only they knew what I was thinking about as they walked by, they would come over and give me a stern look. I have never seen a person that I cannot make fun of, including that raspy looking person in my bathroom mirror. It is the sort of game you can play when you are all by yourself with nothing else to do.

I was sipping my umpteenth cup of coffee when I happened to notice several people walking by who were sneezing. At first I did not think too much of it, but then I began to notice more and more people sneezing. Is there a sneezing epidemic going on that I have not heard of yet?

I tried not to pay attention to it and went back to my game of "Who Can I Make Fun of Now?"

Maybe it was programmed into my head at the time, but I could not help noticing every other person walking by heading for an airplane was either sneezing or sniffing or coughing. I thought to myself, "Self, I sure hope they are not on our plane?"

I finally got to my gate and waited to board the airplane and then take off. I was checking some things on my cell phone when I heard a person behind me

sneeze. Not only did they sneeze, but they sneezed half a dozen times and it just about drove me crazy. I know the road to crazy for me is rather a short drive, but I hate taking that road.

It dawned on me at the time that the person behind me doing all the sneezing was also waiting to get on the same plane I was going to board in a few minutes. Why can't they check your sneezing at the gates before you come in so that you do not have to take it on board the plane? I mean, after all, they check for everything else!

Finally, my number was called and I began boarding the airplane. I noticed in front of me was the man who was going all of the sneezing. I whispered to myself, "Self, I hope he has certainly got all of the sneeze out of him."

We finally were seated and it takes me quite a while to get buckled in. Whoever designed planes designed them with the seven Disney dwarfs in mind. To get that belt around me and buckled is a great accomplishment. I would not say I am oversized, just that I am post thin, and by the time I squeezed myself into the seat and strapped myself in with the buckle it is about all I can do to breathe.

On this flight, I happen to be seated in the middle. There would be a person on my right and a person on my left. It was at that time I prayed that they would be skinny and healthy. Two gentlemen came in, one on my left, the other on my right. By the time we all got in and buckled, none of us could move one way or the other.

We smiled at each other and then the plane took off and we were airborne. I happened to notice at the time that nobody on the plane was sneezing, coughing,

or even sniffing. I sighed a deep sigh and then it happened to me.

I am not quite sure how all of this happens, but I felt the in the bottom of my lungs a pre-sneeze condition. At that point, I knew exactly what was coming and I did not know how to deal with it.

When you sneeze on an airplane, you cannot turn to your left or to your right because people are sitting there. What is a person to do? If I look up and sneeze, it will all come down on me.

Then I remembered the people I knew when they had to sneeze, sneezed into their arm. I raised my right arm just as I was about to sneeze, and boy did I sneeze.

Whenever I sneeze, it always has to be in triplets. I sneezed three times in my arm and when I come out from that arm, it was drooping and dripping with all sorts of gunk that came from somewhere deep inside of me. What do you do with gunk like that on an airplane?

As I was trying to think about what to do, a verse of Scripture came to my mind. "How is it then, brethren? when ye come together, every one of you hath a psalm, hath a doctrine, hath a tongue, hath a revelation, hath an interpretation. Let all things be done unto edifying" (1 Corinthians 14:26).

It is hard to discipline yourself to do only those things that edify other people. That is the challenge of the Christian life. ★

IRS Phone Scam Calls Continue

The Internal Revenue Service issued a consumer alert providing taxpayers with additional tips to protect themselves from telephone scam artists calling and pretending to be with the IRS.

These callers may demand money or may say you have a refund due and try to trick you into sharing private information. These con artists can sound convincing when they call. They may know a lot about you, and they usually alter the caller ID to make it look like the IRS is calling. They use fake names and bogus IRS identification badge numbers. If you don't answer, they often leave an "urgent" callback request.

"These telephone scams are being seen in every part of the country, and we urge people not to be deceived by these threatening phone calls," IRS Commissioner John Koskinen said. "We have formal processes in place for people with tax issues. The IRS respects taxpayer rights, and these angry, shake-down calls are not how we do business."

The IRS reminds people that they can know pretty easily when a supposed IRS caller is a fake. Here are five things the scammers often do but the IRS will not do. Any one of these five things is a tell-tale sign of a scam. The IRS will never:

1. Call you about taxes you owe without first mailing you an official notice.
2. Demand that you pay taxes without giving you the opportunity to question or appeal the amount they say you owe.
3. Require you to use a specific payment method for your taxes, such as a prepaid debit card.
4. Ask for credit or debit card numbers over the phone.
5. Threaten to bring in local police or other law-enforcement groups to have you arrested for not paying.

If you get a phone call from someone claiming to be from the IRS and asking for money, here's what you should do:

If you know you owe taxes or think you might owe, call the IRS at 1.800.829.1040. The IRS workers can help you with a payment issue.

If you know you don't owe taxes or have no reason to believe that you do, report the incident to the Treasury Inspector General for Tax Administration (TIGTA) at 1.800.366.4484 or at www.tigta.gov.

If you've been targeted by this scam, also contact the Federal Trade Commission and use their "FTC Complaint Assistant" at FTC.gov. Please add "IRS Telephone Scam" to the comments of your complaint.

Remember, too, the IRS does not use email, text messages or any social media to discuss your personal tax issue. For more information on reporting tax scams, go to www.irs.gov and type "scam" in the search box.

Additional information about tax scams are available on IRS social media sites, including YouTube <http://youtu.be/UHlxTX4rTRU?list=PL2A3E7A9BD8A8D41D> and Tumblr <http://internalrevenueservice.tumblr.com> where people can search "scam" to find all the scam-related posts.

New Teen Center Provides Space to Heal and Grow

Continued from Page 1

young men of color are valued and that they have an opportunity to pursue their boldest dreams in a space where they know we are our brother's keeper," said Rev. Ross.

The DZ is tailored to the ways that teens like to socialize and spend their free time. The DZ has all the high tech computer equipment and entertainment systems that are commonly enjoyed by young people. There is an internet caf  with free internet access and Wi-Fi.

For recreation and friendly competition, youth can play air hockey, pool, or play video games. Teens can lounge and watch movies on a drop screen movie projector with surround sound. There is also a customized spoken word poetry and karaoke stage for youth who want to express their creativity in these ways.

The DZ Grand Opening will include a backpack give away led by community leader Rosalyn Van Buren. The first 200 kids will receive a backpack full of supplies. Additionally, there will be a youth and family community open house including tours of the center, and opportunities for youth and families to register for DZ membership as

well as to sign up for a variety of free or low cost youth programs and services.

"Great things happen when we come together," said Van Buren. "I offer a special thank you to East Sacramento Kiwanis, Our Kids Community Breakfast Club, and Tina Bergstrom of Valley Health. Your contribution will ensure every child will be prepared for school," she added.

The DZ is a great place for teens 13-19 years old to hang out after school to do homework or just gather with friends and listen to music, watch a movie, or play games. Parents can relax and feel at ease knowing their children are in a safe and supervised environment with adults who are dedicated to their children's well-being. Programming for the Dream Zone will be finalized in October.

The DZ is just one of the first of many new programs and services that Unity of Sacramento is bringing to the community this year. The church facility is being remodeled to bring to fruition Rev. Ross' vision to create a campus of services for individuals and families in the communities along Folsom Blvd from Power Inn to Bradshaw. Unity already has launched a farmers market, a dance studio and a community

movie night.

Movie Night

The last Friday night of every month is movie night at Unity of Sacramento. For \$5, individuals can watch family-friendly movies with popcorn and other snacks.

Other programs and services housed in or planned for Unity of Sacramento include Area Congregations Together; The Relationship Skills Center; Blessings in a Backpack; Boy & Girl Scout troops; Healing Center (Nov 2014) offering the services of alternative healing practitioners who focus on holistic approaches to wellness.

Unity of Sacramento is a nondenominational ministry providing practical teachings to help people live healthy, prosperous and meaningful lives. Unity is a positive path for spiritual living. We teach the effective daily application of the principles of Truth taught and exemplified by Jesus Christ. We address physical, mental and emotional needs through affirmative prayer and spiritual education. We serve those who seek inspiration and prayer support as well as those who use Unity teachings as their primary path of spiritual growth.

NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. City of Rancho Cordova Notice of Public Hearing

NOTICE is hereby given that on **Monday, September 15, 2014, at 5:30 p.m.**, or as soon thereafter as the matter may be heard, the City Council of the City of Rancho Cordova will hold a Public Hearing at the **Rancho Cordova City Hall, located at 2729 Prospect Park Drive, Rancho Cordova,** to consider the following:

Economic development subsidy for off-site infrastructure located in the public right away, at 11212 Point East Drive, Rancho Cordova, CA 95670

The purpose of this public hearing is: Consideration of an economic development subsidy for off-site public infrastructure for an 89 room hotel and 6,790 square foot event space, to be located at 11212 Point East Drive, Rancho Cordova, CA 95670. In compliance with Section 53083 of the Government Code:

1. In receipt of the subsidy: D&S Development, 1011 10th Street Sacramento, California 95814.

2. Start and end dates of subsidy: construction period April 2015 through April 2017.

3. Description of subsidy: The City will contribute up to \$420,000 for the installation of public infrastructure which includes: demolition of existing non ADA compliant hardscape and soft-scape, installation of ADA accessible sidewalks and with curb cuts, gutters, under grounding of utilities, landscaping, and storm water improvements.

4. Public purpose and benefit: The public will benefit by the addition of new ADA sidewalks and curb cuts on a parcel that is highly utilized by light rail users. In addition, the undergrounding of overhead lines prevents the downing of lines in a strong storm event. The improved curb, gutter and storm drain infrastructure will help direct water flow to the appropriate areas. The purpose of the public investment will be an increase in jobs, overall economic growth due to events that will take place in the event space and hotel guests who will patronize local businesses, and the provision of additional hotel rooms for leisure and professional travelers.

5. Projected tax revenue: It is estimated that the hotel will generate, on average, \$59,000 in Transient Occupancy Tax (TOT) and \$368 in Sales Tax revenue per year to the City. As the property is located in an annexation area, the City does not receive property tax.

6. Job creation: The installation of the public infrastructure will lead to construction of a hotel and event space. A total of fourteen (14) full time jobs and fifteen (15) part time jobs will be created. The hotel will employ a total of thirteen (13) full time positions and four (4) part time positions. The event space will employ one (1) full time position and eleven (11) part time positions.

The City of Rancho Cordova encourages interested parties to attend public meetings and comment on the issues being discussed. If you wish to provide testimony and are unable to attend the meeting, written comments that are delivered to the City Clerk's office prior to the time of the hearing will be made a part of the public record.

Girl Scouts Calls for New Members and Volunteers to Join in the Fun

SACRAMENTO REGION, CA (MPG) - Girl Scouts Heart of Central California (GSHCC) is making its back-to-school push for girls and adult volunteers to join Girl Scouts, the country’s preeminent leadership development organization for girls. With families thinking about how to allocate their free time during the coming school year, Girl Scouts of the USA (GSUSA) has released new data showing the organization’s benefits for both girls and volunteers.

Results of a summer 2014 pulse poll conducted with over 3,500 volunteers and parents of Girl Scouts in the K–5 age range show positive effects on members of all ages. Ninety-seven percent of parents agree that Girl Scouts has been a positive activity for their daughter, that she has had fun and exciting

new experiences (95 percent), and that she has learned or tried something new (96 percent). In addition, 94 percent of parents say that because of Girl Scouts their daughter feels special, has more friends (95 percent), and is happier (89 percent).

The data shows it is not just girls who benefit: 94 percent of volunteers have made new friends, 88 percent believe their life is better because they volunteer with Girl Scouts, and two-thirds believe their volunteer experience has helped them professionally. Ninety-five percent of Girl Scout volunteers are happy knowing they are making girls’ lives better.

“I’m proud of my Girl Scouts who are giving back to their community, while learning what it means to lead others,” said Girl Scout Troop Leader Andrea

L’Heureux. “My favorite part of being a Girl Scout volunteer is helping girls find what drives them and encouraging them to pursue their passions in a safe place.”

Girl Scouts are trying new activities, giving back to the community and gaining essential leadership skills. Wouldn’t it be great if more girls could be part of experiences just like this? In order to guarantee this, we need even more volunteers—women and men, college students, parents and nonparents, retirees, young professionals, and more—to accommodate the growing list of local girls looking to become Girl Scouts.

“Girl Scouts is an amazing model for leadership and truly makes a difference in the lives of both girls and volunteers,” said Sarah Sanford, GSHCC’s Assistant Vice President, Membership Development. “It’s a safe place to belong and filled with exciting opportunities and new experiences. And sometimes I don’t know who has more fun, the girls or volunteers!”

Girl Scouts is open to all girls from kindergarten through grade 12. The more adults step forward to volunteer, the more girls will get the chance to be a Girl Scout. Adults over age 18 may become volunteers, and there’s training and support offered to every volunteer. Both girls and adult volunteers can join at any time of the year. To join or volunteer, please visit: girlscouts.org/join. Or attend a local Girl Scout information night; events are now occurring regularly throughout the region and for the next couple months. ★

Rancho Cordova Volunteers Include Businesses, City Employees, and Community Members

RANCHO CORDOVA, CA (MPG) - The above describes the four Rancho Cordova businesses that have participated in the City’s Giving Back to the Community Program. Each of the businesses helped plan their project, coordinated their employees working at and completing the project, and sometimes paid for the needed supplies.

Since the program’s inception in 2012, Ampec Fine Chemicals, Stantec, Progressive Insurance, and VSP have contributed employees’ time and talents to provide assistance to neighborhoods and residents, to help at community projects such as Creek Week and Christmas in Cordova, and to locate graffiti and damage on City street signs. Some businesses did all-day projects with many employees participating and other businesses sent a smaller work crew for shorter time endeavors.

“We work with the businesses to create a project that will fit their skill set and passion,” said Lorianne Ulm, the City of Rancho Cordova’s Volunteer Coordinator.

City Employees Giving Back

And on the flip side, City of Rancho Cordova employees volunteer their personal time and efforts and make monetary and other donations for community fundraisers and activities such as the annual Cancer Relay, school scholarship fundraisers, Big Brothers Big Sisters, and K-3 Literacy Program. Employees recently participated in the 2014 School Backpack Drive that was coordinated by Folsom Cordova Community Partnership. The collaborating partners filled more than 170 backpacks with grade-appropriate school supplies.

Plus employees do acts of kindness in the community on their own. The City’s Neighborhood Services Manager recently received a letter of appreciation from a resident who said, “I am a senior citizen and a widow and I had a large carport that weighed 1,000 lbs. that had to be taken down. Since I was financially unable to do so, these men volunteered to remove it and dispose of it for me.” The three men, all Code Enforcement

As part of the City’s Giving Back to the Community Program, VSP employees painted a Rancho Cordova home last November. About 50 VSP employees painted, repaired fences and a neighborhood wall, and completed other upkeep tasks at five houses during the day-long project. Other businesses that have participated in the Giving Back Program are Ampec Fine Chemicals, Progressive Insurance, and Stantec.

Officers, removed it during their lunch periods. They then sold the razed materials to a recycle center and gave the money to the grateful resident.

Fall Rebuilding Day in Rancho Cordova

On Saturday, September 27th, Rancho Cordova has been chosen to be the location of the annual “Fall Rebuilding Day” that uses skilled and general skilled participants, house captains, and coordinators to assist with minor repairs to residences, inside and out.

“This is our second time we have partnered with Rebuilding Together Sacramento for community service efforts in Rancho Cordova,” said Ulm, who is coordinating this year’s event in Rancho Cordova. “We are excited that this fall’s event will provide a wonderful service to four Rancho Cordova homes in

need of assistance and will benefit not only the residents but the neighborhood and the overall community.”

For information about volunteering at the Fall Rebuilding Day in Rancho Cordova or how to participate in the Business Giving Back to the Community Program, contact Ulm at (916) 851-8755 or ulm@cityofrancho-cordova.org.

“We are always looking for volunteers, whether they want to volunteer in an office setting, provide community service, participate in team-building opportunities, be a sponsor, or give in-kind donations,” said Ulm. “All community service efforts, no matter who you volunteer with, all have the same outcome: helping to improve the quality of life in Rancho Cordova.” ★

As part of the exemption both schools had already agreed to cover abortions when they were needed to save the life of the mother, or prevent serious health damage. Loyola Marymount even allowed employees to pay extra if they wished to have "elective" abortions included in their health insurance plans as well. Not only is this decision morally obscene, it violates the religious liberties of Catholic institutions. The universities should now sue on First Amendment grounds. Perhaps a judge can educate the Brown administration on the need to keep church and state separate. ★

Lancers' Offense, Defense Drops Patriots in Season Opener

By Mike Bush

RANCHO CORDOVA, CA (MPG) - A mixture of passing and rushing scores on offense, tossed with a dash of defense, gave the Cordova High School football team a 14-7 season opening win over Pioneer at Lancers Stadium on Aug. 29th.

The Lancers rushed the ball 35 times and passed 30 times against the Patriots' defense. "We played a very balanced game," said Cordova head coach Vance Mueller. In the second quarter, Cordova (1-0) scored its first touchdown of the game when lineman Terion Guichard scored on a 1-yard burst up the middle.

"We use him in our goal-line package as an extra blocker," said Muller of the senior lineman. "We (Lancer coaches) told for all of his hard work he's going to get to carry the ball sometimes. We handed him off, and he just bullded everybody over for the score."

The first Lancer touchdown of the season was also Guichard's first score of his high school football career. "He was super excited," said Mueller of Guichard's first touchdown of the game and career.

In the third quarter, Lancer junior quarterback Unique Perez tossed a 60-yard pass to Devin Baldwin. The extra-point missed for the Lancers, but expanded their lead to 14-0.

"We just ran a quick fade route against (Pioneer's) coverage," said Mueller of the Lancers' scoring drive. "It was just a nice throw. It was a perfect throw and a good route, and he (Perez) was able to get into the end zone."

Four times in the game, Pioneer had the ball inside Cordova's territory, and went for it each time on fourth down. But

Cordova lineman Terion Guichard, No. 68, bursts up the middle in the second quarter for the first touchdown of his high school football career in the second quarter of the Lancers' game against Pioneer on Aug. 29th. the Lancers' defense forced the Patriots to punt the ball – except for Pioneer's final offensive drive in the fourth quarter. Faced with a goal-line stance, Cordova came up with a big play when Sam Nawalu broke up a pass on fourth down that led to Cordova's win.

"We stopped them all four times," said Mueller proudly. "The last one being the goal-line stance that being the difference between winning and losing the game."

Cordova's win was the first time that it won its season

opener since 2007 when that squad beat Rosemont—now one of the Lancers' Sierra Valley Conference foes—in a non-league game, 77-0. "This is a new group of kids; this is a new Cordova," Mueller said. "Every week, we have a chance to set new records, make history. We haven't won back-to-back varsity games in 10 years."

Lancer outside linebacker Brandon Buck led the team in tackles with 13, while teammate Kurtis Simmons followed with eight, and Carlos Cuevas six. ★

Cordova Prepares for Rivalry Game

By Mike Bush

RANCHO CORDOVA, CA (MPG) -Now that the Cordova High School football team won its season opener over Pioneer, its next focus is tonight (Friday) in Fair Oaks.

The Lancers will play at long-time rival Bella Vista High, which lost its season opener to Casa Roble, 41-6, on Aug. 29th. Cordova head coach Vance Mueller, his coaching staff and

the Lancers are looking for their second consecutive win of the season, while Bella Vista is looking for its first victory.

"If we can get back-to-back (wins), we're going to break history again," Mueller said. "I think they (his players) are really excited about the challenge."

The Cordova-Bella Vista contest, Mueller pointed out, is similar to the Oakland Raiders and Kansas City Chiefs games in American Conference Football

contests of the NFL. And Mueller, a former Raiders full-back, played his fair share of those rivalry games from the mid-1980s to the early 1990s.

"Good football games," said Mueller of the Cordova-Bella Vista contests of year's past. "We're expecting a real battle with these guys. They are always well-disciplined and well-coached. It's a real good challenge for our guys. They are looking forward to it." ★

A WEEKLY SPIN AROUND COLLEGE FOOTBALL

MARCUS MEETS MICHIGAN STATE

Oregon's explosive offense must solve the retooled Michigan State defense

MICHIGAN STATE AT OREGON
Michigan State has emerged as the team to beat in the Big Ten, but the Spartans will need to defeat Oregon — or at least look really good in a close loss — to be considered a serious threat to make the College Football Playoff. Oregon, however, might be able to afford a loss, even at home, and still remain in the national title hunt. The Ducks simply have more good teams on their schedule, and thus, more opportunities for quality wins to impress the selection committee. Even with some questions at wide receiver, Oregon still boasts a breathtaking collection of skill-position players, but the Ducks will need to prove they have the physicality at the line of scrimmage to handle Michigan State. Oregon's issues with Stanford — which plays a similar style to MSU — the past two seasons are well-documented, but it must be noted that quarterback Marcus Mariota was dealing with a knee injury when the Ducks lost in Palo Alto last November. When its star quarterback is healthy, Oregon is almost unbeatable. *Oregon by 10*

MICHIGAN AT NOTRE DAME
Michigan quickly ended talk of another Appalachian State upset by racing out to a 35–0 halftime lead over the visiting Mountaineers. Quarterback Devin Gardner was efficient, throwing for 173 yards and three scores on only 14 attempts, and sophomore tailback Derrick Green, a huge disappointment last season, ran for 170 yards on 15 carries. The competition, however, will be a bit more difficult this Saturday. This is not an elite Notre Dame defense — especially with the heavy losses on the front seven and the suspension (academics) of cornerback KeiVarae Russell — but this game will tell us a lot more about the progress of the Michigan offense under new coordinator Doug Nussmeier. Notre Dame looked sharp in a Week 1 win over Rice. Everett Golson threw for 295 yards and accounted for five TDs in his first game back since missing the 2013 season due to academics. *Michigan by 4*

USC AT STANFORD
USC's turbulent week ended with an impressive 52–13 win over a solid Fresno State team. The Trojans rolled up 701 total yards on a school-record 105 offensive plays in Steve Sarkisian's first game as the head coach. Stanford, meanwhile, barely broke a sweat in a 45–0 win over UC Davis. USC beat Stanford 20–17 in Los Angeles last season, snapping a four-game losing streak to the Cardinal. The Trojans have not won in Palo Alto since 2008. USC has the talent, especially on offense, to beat any team on its schedule. The question, as the season progresses, is whether the Trojans have the depth to handle the week-to-week grind of the Pac-12. Stanford suffered key losses on both sides of the ball — most notably on the offensive line — but the Cardinal have shown the ability to reload in recent years. This, however, will be a huge test. *USC by 3*

VIRGINIA TECH AT OHIO STATE
The first game with redshirt freshman J.T. Barrett wasn't a work of art, but the Buckeyes survived with a 34–17 win over Navy. Barrett completed 12-of-15 passes for 226 yards with two touchdowns and one interception and added 50 yards rushing.

Quarterback Marcus Mariota and the Oregon offense will face a stiff challenge from Michigan State in one of the top non-conference games of the 2014 season.

ing. He's not as much of a threat to run as Braxton Miller, but he proved to be capable with the ball in his hands. As a team, the Buckeyes averaged a solid 5.9 yards on 40 rushing attempts, but No. 1 tailback Ezekiel Elliott was held to 44 yards on 12 carries. Virginia Tech recorded a workmanlike 34–9 win over William & Mary in Michael Brewer's first start at quarterback. The transfer from Texas Tech threw for 251 yards and two touchdowns. With expected starter Trey Edmunds still working his way back from offseason injury, true freshman Shai McKenzie led the way with 106 yards on only nine carries. The Hokies will have to run the ball with success to have a chance to win in Columbus. *Ohio State by 7*

BYU AT TEXAS
Charlie Strong wasn't the head coach at Texas last season, but he is well aware of what happened on the Longhorns' visit to BYU in early September. "They are a team that embarrassed us last season with a quarterback who ran the ball all over our defense," Strong said after Texas' win over North Texas on Saturday. He was referring to BYU quarterback Taysom Hill, who rushed for 259 yards and three touchdowns and passed for 129 yards in the Cougars' stunning 40–21 win. BYU might beat Texas once again, but you can almost guarantee the Cougars won't run for anywhere near the 550 yards they accumulated in last year's matchup. Last Saturday, Texas limited North Texas — the preseason pick to win C-USA's West Division — to 94 total yards in a 38–7 victory. *Texas by 10*

PRIME TIME PLAYERS

In the first game of the post-Johnny Manziel era, **Kenny Hill** completed 44-of-60 passes for a school-record 511 yards to lead the Aggies to a stunningly easy 52–28 win at South Carolina. Hill, a sophomore who won a tight battle over true freshman Kyle Allen to be the Aggies' starting QB, also tossed three TDs and did not throw an interception. ... The Western Kentucky offense proved there is life after Bobby Petrino, rolling up 59 points and 702 yards in the first game under new coach Jeff Brohm. **Brandon Doughty**, the Hilltoppers' senior QB, led the way with 569 yards and six touchdowns (with no interceptions) against a Bowling Green team that led the MAC in total defense in 2013. ... **Keevan Lucas** enjoyed a huge 2014 debut, catching

13 passes for 233 yards (more than half of his total last season) and three touchdowns to help Tulsa survive in Week 1 with a 38–31 win in double overtime over Tulane. Lucas scored on receptions of 32, 84 and 3 yards and also added 36 yards rushing on three carries. ... Nebraska's **Ameer Abdullah**, the nation's leading returning rusher, ran for a career-high 232 yards on 21 carries in the Cornhuskers' 55–7 win over Florida Atlantic. ... **Christian Hackenberg** threw for 454 yards in Penn State's 24–23 win over UCF in Ireland, becoming the first Nittany Lion ever to top the 400-yard mark. Sophomore **Geno Lewis** caught eight passes for 173 yards, and freshman **DaeSean Hamilton** had 11 receptions for 165 yards. ... UTEP's **Aaron Jones** ran for 237 yards (on a 10.8-yard average) with three TDs as the Miners held on for a road win at New Mexico.

Todd Gurley, Georgia

Gurley led a devastating Georgia rushing attack with 198 yards and three touchdowns on 15 carries as the Bulldogs ran past Clemson, 45–21, in Athens. The junior from Tarboro, N.C., also added a score on a 100-yard kickoff return midway through the second quarter. As a team, Georgia rolled up 328 rushing yards on an 8.0 yards-per-carry average. True freshmen Nick Chubb and Sony Michel combined for 103 yards on 10 carries.

Mariota: Steve DiPaola
Petty: Tim Umphrey

HEISMAN WATCH

- 1. Todd Gurley, RB, Georgia** Relative to the level of competition, Gurley had the finest Week 1 performance by any offensive player in the nation.
- 2. Marcus Mariota, QB, Oregon** Nothing too flashy (267 yards, 3 TDs), but Mariota got the job done in the Ducks' 62–13 win over South Dakota.
- 3. Jameis Winston, QB, Florida State** The '13 winner was sluggish early (two INTs) but still threw for 370 yards and had a highlight-reel touchdown run in the Noles' tougher-than-expected win over Oklahoma State.

- 4. Bryce Petty, QB, Baylor** In one half of action, Petty threw for 161 yards and two scores and added a rushing touchdown in the Bears' easy win over SMU.
- 5. Christian Hackenberg, QB, Penn State** Arguably the most gifted pure drop-back passer in the nation, Hackenberg needs to have a monster season to keep Penn State alive in the Big Ten race.

STOCK REPORT

- ▲ Sonny Dykes' first season at California was a disaster — his team did not beat an FBS opponent in 2013 — but so far so good in Year 2. The Golden Bears opened the '14 season with an impressive 31–24 win at Northwestern on Saturday afternoon.
- ▼ The Derek Mason era at Vanderbilt did not begin well. The Commodores, coming off back-to-back nine-win seasons under James Franklin, committed seven turnovers and managed only 278 yards of offense in a 37–7 loss at home to Temple.
- ▲ North Dakota State continued its winning ways against FBS teams. The Bison, who have won three straight FCS national titles, beat Iowa State, 34–14, in Ames for their fifth-straight win against an FBS foe. They defeated Kansas State in last year's opener.
- ▼ After leading the nation in turnover margin in 2013 (+1.92 per game) en route to an 8–5 season, Houston committed six turnovers in a 27–7 loss at home to Texas-San Antonio in the first game played at TDECU Stadium, the Cougars' new on-campus home.
