**By Patrick Larenas**

**CITRUS HEIGHTS, CA (MPG)** - The April 28th Citrus Heights City Council took time in its agenda to recognize and award three SJUSD graduating seniors, who are Citrus Heights residents, with the Republic Services 2022 Sustainability Scholarships.

The \$1000 scholarships for each student are made possible due to a partnership between Republic Services, the City of Citrus Heights, and the San Juan Education Foundation promoting the STARS-Science, Technology, Arts, and Reading for Students in the school district.

According to Colleen Cadwallader, Executive Director for the San Juan Education Foundation, this is the work the foundation has since 1991 been advancing for excellence in

“education for all San Juan Unified students.”

Cadwallader explained the program’s aims: “One of the ways we do that is through a broad scholarship portfolio and we are thrilled to partner with the City of Citrus Heights and with Republic Services to honor and celebrate some seniors who are going on to continue their education and more importantly to champion sustainability.”

Speaking at council on behalf of Republic Services, Ray Robinson, Jr., the new Municipal Administrator, said in the company’s Outreach and Education Highlights of the 2021 Annual Report that these three recipients fulfilled the requirements of residency, written an essay, and “are interested in pursuing a degree in sustainability or a degree that will

benefit the environment.”

These three graduating seniors were awarded at the City Council:

Aubrie Moore, the graduating Valedictorian of her class at Mesa Verde High School, Citrus Heights. She plans to attend Sierra Community College; Mike Maslianka, a graduate of Del Campo High School in Fair Oaks, who is to attend UC Davis. He is a first-generation college student in a family of immigrants from Ukraine; and, Danielle Pickens, also a graduate of Del Campo High School in Fair Oaks, who plans to attend William Jessup University. She is currently writing a book and hoping to publish a second one as well.

Congratulations to these winners!

## Help Us Prevent Fires in Our Parks

**By Ken Casparis,  
Sacramento County**

**SACRAMENTO COUNTY, CA (MPG)** - Summer is just around the corner and with the increase in temperatures comes an increase in fire risk. While the Sacramento County Department of Regional Parks is working to protect the Regional Parks system by reducing combustible fire fuels, they would like to remind residents and park visitors of the steps they can take to prevent fires in our beautiful parks and open spaces.

Visitors to Sacramento County Regional Parks should be aware of the following regulations:

Smoking is only allowed in developed picnic areas, asphalt surfaces, golf courses and levee tops in the American River Parkway; Open flame fires are not allowed and barbecuing is only permitted in designated picnic areas.

“In 2021, we had approximately 170 fires in our Regional Park system,” said Liz Bellas, Director of Regional Parks. “Most of these preventable fires occurred along the American River Parkway. We would like to remind all of our park users that BBQs and other sources of fire are only allowed in designated picnic areas.”

In preparation for this fire season, Rangers are making it a high priority to continue their fire prevention efforts through education and enforcement.

Recently, Rangers have seized well over 50 barbecues and other items used to contain or produce fires, and this number is expected to grow as residents flock to our parks this summer. Please help us protect our valuable and beloved resources by following the rules in our parks. If you see smoke or a smoldering fire, call 9-1-1. All other non-emergency issues can be reported via 3-1-1 or on the park's website, [regionalpharks.saccounty.gov](http://regionalpharks.saccounty.gov). ★

## No Gas for You

**By Rachel Becker,  
CALMatters.org**

California’s clean-air regulators unveiled a far-reaching proposal requiring a ramp-up in sales of zero-emission cars, culminating in a ban on new gasoline-powered cars by 2035.

The rules to force Californians to end their dependence on conventional cars are a critical component to California’s goals to tackle climate change and poor air quality.

If adopted by the California Air Resources Board this summer, the regulations would be the first in the world and could pave the way for nationwide standards. At least 15 other states pledged to follow California’s lead on car standards on previous clean-car rules, and the federal government usually follows.

by 2035, the new proposal sets in motion the public regulatory process. Public comments will be collected for 45 days, then a hearing will be held on June 9 and the board is expected to vote in August.

“This is a hugely important inflection point. This rule finally, definitively puts us on the path to 100% zero-emission

vehicles,” said Daniel Sperling, a member of the Air Resources Board and founding director of the University of California, Davis Institute of Transportation Studies.

An alliance representing nearly all automakers said in a statement Wednesday that they are “committed to electrification and a net-zero carbon transportation future.” Many major

manufacturers, including General Motors, have already announced goals to ramp up clean-car models on a similar timeframe.

But the automakers added that it’s critical for governments to ensure that “everything from (electric car) infrastructure, demand, critical minerals and supply chain are in place.” Even then,

# Girl Scouts Take on the Outdoor Gender Gap

## Girl Scouts Heart of Central California News Release

**SACRAMENTO, CA (MPG)** - Girl Scouts Heart of Central California aimed to crush the outdoor gender gap on April 23 and 24, when nearly 600 girls and 260 adult volunteers in an 18-county region descend on Lake Camanche to learn or improve their skills in archery, fishing, paddling, and horseback riding.

The Outdoor Adventure Campout is an overnight camping experience, April 23-24, for Girl Scouts in grades K-12. Participants choose from one of four "trails," to focus their week-end on fishing, horses, paddling, or target sports. All girls will be able to hone their outdoor survival skills, climb a rock wall, swim in a lake, camp with their troop, and learn more about nature.

According to the 2021 Outdoor Participation Trends Report, funded by the Outdoor Foundation, the philanthropic arm of the Outdoor Industry Association, 2021 had the highest rate of American participation in outdoor activities on record, largely due to COVID-19. However, nearly half of the U.S. population did not share in the positive health outcomes of the outdoors. In addition, female participation in outdoor activities remained stagnant at just 46%, despite the fact 51% of the U.S. population is female. The study also revealed an extreme lack of diversity in outdoor activities, with nearly 75% of outdoor participants identifying as white.

At Girl Scouts, we

believe girls are forces of nature, and they were meant for outdoor adventures. GSHCC is dedicated to supporting year-round outdoor experiences because every outdoor adventure grows a Girl Scout's "I've got this" attitude. And once they unlock that confidence, they'll aim as high as the stars they see outside their tents.

The inaugural Outdoor Adventure Campout occurred in 2019 with 600 total participants, including adult volunteers. Out of concern for the health and safety of girls and volunteers, events in 2020 and 2021 were conducted virtually, and girls camped in their backyards and living rooms.

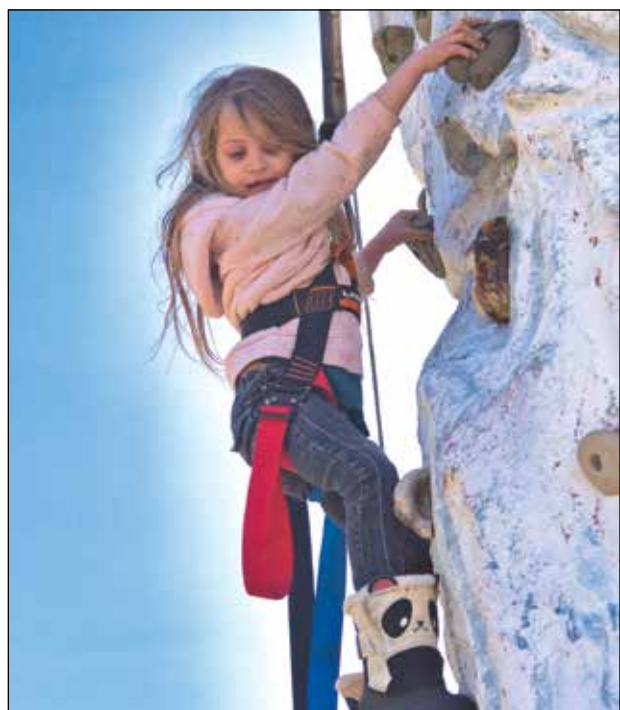

"We are thrilled to see a 40% participation increase from the 2019 Outdoor Adventure Campout," said GSHCC CEO Dr. Linda E. Farley. "We are even more thrilled to bring this

in-person event back to girls in Central California. It is absolutely essential to us that girls have a safe place to get outside, try new activities, and feel supported by their peers and the adults around them."

# Sacramento Chapter DAR Funds Historic Preservation Internships

## Daughters of the American Revolution

**SACRAMENTO REGION, CA (MPG)** - On April 28, 2022, the Sacramento Chapter Daughters of the American Revolution (DAR), presented the Sacramento History Alliance with a donation contributing towards paying interns to learn to professionally care for historic photographs and film. The interns will acquire practical experience while digitizing some of the Sacramento History Center’s collection. This gift is the third of three to the Sacramento region, celebrating the Chapter’s centennial anniversary. The first gift funded two Sacramento City College nursing scholarships. The second helped 4Paws2Freedom acquire shelter and rescue dogs to train as service dogs for Sacramento area veterans diagnosed with PTSD.

“The Sacramento Chapter is delighted to contribute towards the preservation of Sacramento historic records and the education of interns,” said Janet Fulton, Regent. She continued, “The three areas

of emphasis for DAR in nationwide community service are Historic Preservation, Education and Patriotism. This project touches on two of the three.”

Today’s DAR is dynamic and diverse, with over 185,000 members in 3,000 chapters in the United States and abroad. DAR members annually provide millions of hours of volunteer service to their local communities across the country and world. DAR chapters participate in projects to promote historic preservation, education, and patriotism. Over one million members have joined the organization since its founding in 1890.* ★

# Caltrans Honors Fallen Highway Workers at Memorial

Caltrans Press Release

SACRAMENTO, CA (MPG) - Caltrans dignitaries, employees, families and friends gathered solemnly on the west steps of the State Capitol for the department’s 32nd Annual Workers Memorial to remember and honor the 189 public servants who have died since 1921 while building and maintaining California’s transportation system.

The yearly memorial – in addition to honoring families and giving staff the opportunity to pay respects to their fallen colleagues – reminds us to “Be Work Zone Alert” and “Move Over” a lane when you see flashing amber lights ahead, or slow down if not safe to do so.

“Safety is always Caltrans’ top priority and the tragedies that brought us here today have resulted in intensified safety efforts within the department,” said Caltrans Acting Director Steven Keck. “Zero deaths on our state highway system is the only acceptable

transportation system – we remind all motorists to please Slow for the Cone Zone, Be Work Zone Alert and Move Over when you see flashing amber lights.”

During the ceremony, Caltrans placed 189 orange traffic cones in a diamond “caution sign” configuration, each bearing the name of an employee lost since

on the state highway system, including private contractors, tow truck drivers, California Highway Patrol (CHP) officers and other emergency responders. The commemoration also included the Caltrans Honor Guard, who led the symbolic tribute. Additionally, flags are flying at half-staff today at the State Capitol and at all

Caltrans facilities in honor of these fallen workers.

The ceremony marked the third year in a row that no new names were added to the memorial – the longest stretch in nearly 75 years – though speakers at the memorial stressed the need for everyone to remain vigilant.

With the help of Senate Bill 1, the Road Repair and

Accountability Act of 2017, as well as the recently enacted federal Bipartisan Infrastructure Law, Caltrans and local agencies now have significant additional funds to repair and maintain California’s transportation system. The additional funding also increases the number of Caltrans employees and contractors working on our roadways,

increasing their exposure.

According to the U.S. Bureau of Labor Statistics, highway construction and maintenance work is one of the most hazardous occupations in the United States. In 2020, more than 6,500 work zone collisions occurred on California roadways, resulting in an estimated 1,964 injuries and 60 fatalities. Nationally, drivers and passengers account for 85 percent of the people who are killed in work zones.

In February, Caltrans announced a new Director’s Policy on Road Safety, which commits the department to the Safe System approach and reaffirms the vision of reaching zero fatalities and serious injuries on state highways by 2050. This policy takes steps to further a shift that began in 2020, as state transportation leaders recognized a bolder and more focused approach was necessary to combat the troubling rise in fatalities and serious injuries on California roads. The state’s 2020-24 Strategic Highway Safety Plan – managed by Caltrans and involving more than 400 stakeholders – was updated to include the Safe System approach.

Caltrans has partnered with the California Transportation Foundation to develop two funds to benefit the families of Caltrans workers killed on the job. The Fallen Workers Assistance and Memorial Fund helps with the initial needs a surviving family faces and the Caltrans Fallen Workers Memorial Scholarship is available to the children of these workers. # Inmate Convicted of Violently Assaulting Another Inmate

Sac County DA's Office  
News Release

SACRAMENTO COUNTY, CA (MPG) - Bob Bejarano was convicted by a jury of assault with a deadly weapon by an inmate serving a life sentence, possession of a weapon in prison and possession of heroin in prison. Allegations that Bejarano has a prior strike conviction for shooting inside an occupied car and failed to remain free from prison custody for at least 5 years were found true. The following special allegations were also found true: the crime involved great violence, great bodily harm, or other acts disclosing a high degree of cruelty, viciousness or callousness; Bejarano was armed or used a weapon at the time of the commission of the crime; the manner in which the crime was carried out indicates planning, sophistication or professionalism; Bejarano has engaged in violent conduct that indicates a serious danger to society; and Bejarano has served a prior term in prison or county jail. Bejarano was an inmate at California State

Prison-Sacramento. On January 14, 2018, a correctional officer observed Bejarano put an unknown item in his mouth. It was later determined to be methamphetamine wrapped in cellophane. On August 30, 2018, Bejarano approached inmate Eric Rodriguez who was playing basketball by himself. Bejarano called Rodriguez over to him and stabbed Rodriguez repeatedly with an inmate manufactured weapon. Rodriguez wrestled Bejarano to the ground, took possession of the weapon and began stabbing Bejarano. At this point, correctional officers saw the fight and ordered them to stop. When Rodriguez continued to stab Bejarano, an officer fired one shot from the tower, striking Rodriguez. Although life saving measures were immediately performed, Rodriguez did not survive. Bejarano was transported to the hospital, where a CT scan showed that he had ingested two foreign items. Bejarano admitted to swallowing two bundles of heroin. Bejarano faces a maximum sentence of life in prison. Sentencing is set for June 13, 2022, at 9:00 a.m. in Department 34 before the Honorable Alyson Lewis. ★

# Defendant Convicted of Transportation of Fentanyl for Sale

Sac County DA's  
Office News Release

SACRAMENTO COUNTY, CA (MPG) - Jose Aguilar-Chavez was convicted by a jury of transportation of fentanyl for sale. On September 2, 2021, CHP officers stopped Aguilar-Chavez for a traffic violation. Upon contact with Aguilar-Chavez the officer noticed an overwhelming smell of rotten fruit and suspected the odor was used to mask the scent of illegal narcotics from his K-9. The officer then deployed his narcotics-sniffing certified K-9 partner. The K-9 alerted on the back passenger

compartment of the vehicle. Upon further inspection, the officer discovered 36,000 fabricated "M30" Oxycodone pills. The District Attorney's Crime Lab analyzed the pills and confirmed they were fake and contained fentanyl. Less than one individual pill can be potentially fatal. The street value of the pills range between \$180,000 - \$720,000. Aguilar-Chavez faces a maximum sentence of 5 years county jail prison. # Ask Toni Is There a Medicare Penalty for Leaving A Rehab Facility Too Soon!!

Toni King

Dear Toni:  
Ten days ago, I placed my mother who has Medicare in a "rehab facility" for approximately three weeks, thinking that her post-hospital therapy would go better there than it would here at home.... WRONG.... I enrolled my poor mother into The Halls of H\*ll, and now, I desperately need to spring her OUT OF THERE!  
My problem is this: we are fearful that she will be penalized in some way for NOT staying the entire 20 days.  
Thank you in advance for the advice/help. Sincerely yours, Loretta from Denver  
Hello Loretta:

I have never seen a Medicare penalty for not spending the 20 days in a skilled nursing or rehab facility. If you feel the facility is not giving your mother the care she needs, it is her right to leave. I would report her unhappiness to the facility's administrator.  
Before trying to release her from the rehab facility, I would talk with your mother's doctor or facility's case manager. A better alternative than bringing her home, is hiring a personal care provider to spend time with your mother and make sure that your mother is taken care of at the rehab facility. This will take some of the burden from you since you cannot be at the rehab center 24/7.  
Medicare will pay only for medically necessary health related claims. Many believe that Medicare helps with Long Term Care, but Medicare will only pay for a skilled nursing/rehab facility stay. If one cannot qualify or does not meet Medicare's qualification for skilled nursing/rehab facility care, then they may have to pay 100% of the cost.  
Skilled nursing/rehab facility has 100 days of benefit with day's 1-20 having \$0 co pay per day and days 21-100 with a daily co pay that changes each year. Medicare pays absolutely nothing for assisted living, personal care homes or

extra provider care that is not medically necessary at home.  
Confused and stressed-out Americans need help at home with daily routines, involving functional mobility and personal care, such as bathing, dressing, toileting, and meal preparation.  
If your mother has a Long-Term Care policy, then it can help pay for non-medical service. If not, then she will have to pay for it herself until she spends down to qualify for Medicaid  
There is financial help, known as the Aid and Attendant benefit from the VA for America's Veterans and their spouses. This program is a secret that many do not know about. There are over 20 billion dollars available to Veterans as a pension, so that the Veteran or spouse of a Vet who needs additional care at home or to help pay for assisted living facility or nonmedical personal care at home.  
Here are tips to help you choose a non-medical provider:

1. Decide if "At Home Care" is the right choice. Non-medical or At Home Care is different than home healthcare provided with Medicare.
  2. Evaluate the pros and cons of "at home non-medical caregivers," assisted living, personal care, or nursing homes.
  3. Determine the cost of Long-Term Care options.

# Kings Announce Mike Brown as Head Coach

## Sacramento Kings News Release

**SACRAMENTO, CA (MPG)** - On Monday, May 9, Sacramento Kings General Manager Monte McNair named Mike Brown as the team's new head coach. Per team policy, the terms of the deal were not disclosed.

"Mike has consistently demonstrated his ability to lead winning teams throughout his long and successful coaching career," said Sacramento Kings General Manager Monte McNair. "He has worked with some of the best players in the NBA and is one of the league's premier defensive minds. I am excited to bring his extensive experience to Sacramento."

Brown joins the Kings from the Golden

State Warriors, where he is currently in his sixth season as an assistant coach. He helped guide the team to back-to-back titles in 2016-17 and 2017-18. Prior to the Warriors, Brown held head coaching duties with the Cleveland Cavaliers (2005-10, 2013-14) and Los Angeles Lakers (2011-12). Brown's teams qualified for the playoffs in six of his seven full seasons as a head coach, advancing past the first round in each appearance.

In 2007, Brown led the Cavaliers to their first-ever NBA Finals appearance and was named the NBA Coach of the Year in 2008-09 after guiding the Cavaliers to a franchise-record 66 wins. Cleveland won at least 50 games in four of Brown's first

five seasons with the club, including back-to-back 60-win campaigns in 2008-09 (66) and 2009-10 (61). During the 2011-2012 lockout-shortened season, Brown led the Lakers to a Pacific Division title and a 41-25 (.621) record. He owns a career head coaching record of 347-216 (.616) over eight seasons, which ranks as the ninth-best winning percentage in NBA history among coaches who have registered at least 500 games at the helm.

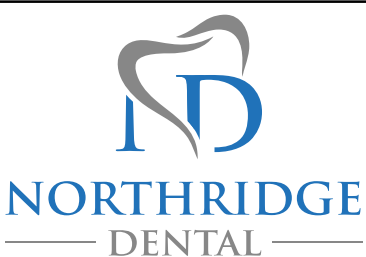

Prior to joining the Cavaliers in 2005, Brown was associate head coach of the Indiana Pacers for two seasons (2003-05) after spending three years as an assistant with the San Antonio Spurs (2001-03), where he also captured an NBA title.

Brown began his career with the Denver Nuggets in 1992, spending five seasons as a video coordinator and scout before serving as an assistant under Bernie Bickerstaff in Washington beginning in 1997.

A native of Columbus, Ohio, Brown is a graduate of the University of San Diego, where he played collegiately for two seasons after spending two years at Mesa Community College.

Brown was the head coach of the Nigeria men's national basketball team during the 2020 Olympic Games in Tokyo, held in August 2021. He has two sons, Elijah and Cameron.
