Covered CA Rates to Increase

Currently 1.7 million Californians buy their coverage through the state marketplace. Photo courtesy Nyul Dreamstime.com

**By Ana B. Ibarra,
CALMatters.org**

Premiums for health insurance plans sold through the state marketplace will increase an average of 6% next year, Covered California officials announced.

This rate hike is the largest California has seen since 2019. In the last three years, insurers had kept average increases under 2%.

Rate changes vary by region – from an 11.7% increase in Imperial, Inyo and Mono counties to zero change in Fresno, Kings, and Madera counties.

When premiums increase, an individual's financial aid usually does, too. Aid is based on household

income, so subsidies may offset some of the increase. But people who don't qualify for subsidies will bear the full cost of the rate hike.

"Premiums are a capturing of what health care costs are, how they vary across geographies and communities, how health care costs are growing over time, which we know in this country are already too high and rising," said Jessica Altman, executive director of Covered California.

She noted that California's rate hike is still lower than it is in other states. A recent Kaiser Family Foundation analysis found a 10% average premium increase proposed by 72 insurers in 13 other states.

The rate increase, Altman said, is largely attributed to people resuming

doctor visits and procedures that they postponed during peaks of the COVID-19 pandemic. There is also the cost of general inflation.

About one percent of the increase, however, is attributed to the potential loss of enhanced subsidies from the federal government, which are set to expire at the end of this year. Without the additional aid, people will pay more for their premiums, likely pushing young, healthy people to drop their coverage. And when healthy people leave the marketplace, premiums go up for everyone.

The federal government's American Rescue Plan last year provided California with around \$3 billion designated for two years

Culture in
Yuba-Sutter**

YSAC News Release

MARYSVILLE, CA (MPG) - Yuba Sutter Arts & Culture is in its 41st year since its founding in 1981 not long after the formation of the California Arts Council. It is one of the leading arts and culture agencies in the region and takes its mission to provide arts programming, education, advocacy, assistance and service to artists, governments, organizations, and residents of Yuba-Sutter very seriously.

Each year, Yuba Sutter Arts & Culture invites its members and the entire community to attend its annual meeting. After a brief bit of Board business including the election of a new slate of officers by our members (there's still time to join so you can vote!), Executive Director, David Read, will make a presentation about the many accomplishments of Yuba Sutter Arts & Culture, talk about its emergence in a post-pandemic world and provide a glimpse into plans for the Sutter Theater Center for the Arts and Phase II, re-development of the Main Stage.

This year's meeting will be held on Wednesday, July 27th starting at 5:30pm. The meeting will be held in the Sutter Theater Center for the Arts, 754 Plumas Street in Yuba City. Light appetizers and beverages will be served and, of course, admission is free and open to all. Plan to attend the meeting and learn about all the ways you can get involved!

"We could not have asked for a better way to celebrate our 40-year anniversary than to take ownership of the Sutter Theater," said Read. "Those in attendance will get an advance look into what we have planned for the next year and beyond and be able to provide input," he added.

The official local agency of the California Arts Council for both Yuba and Sutter Counties, YSAC programs include the Veterans' Arts initiatives, Arts in Education, the Very Special Arts Festivals, Center State Youth Theater Productions, Convergence Theatre Company, Arts in Corrections, Poetry Hour: Notes from the Field, Poetry Square, Artist's Alchemy, All About the Arts, Solo Sessions, and much, much more!

Wildfires and Climate Change

USDA News Release

BUTTE COUNTY, CA (MPG)

- Climate change threatens communities around the world with the promise of more floods, drought, extreme heat, hurricanes – and wildfire. As these events increase in frequency, they will add new pressures to the federal budget.

The Forest Service has already taken proactive steps to mitigate some of these impacts. The agency recently established a Wildfire Crisis Strategy to increase hazardous fuels and forest health treatments up to four times in the West. The agency estimates that a total of 50 million acres nationwide – in addition to what it currently treats each year – need similar treatments. Of those 50 million acres, 20 million are on national forests and grasslands.

Agency scientists quantified how climate change might impact the frequency and intensity of wildfires on federal lands – as well as the amount of money needed to suppress them.

The Dixie Fire was the second-largest wildfire in California history. Climate change is anticipated to increase the extent of wildfires and firefighting costs on federal lands. Photo courtesy Wellesenterprises Dreamstime.com

The result? According to Senior Research Forester and Project Leader Jeff Prestemon, who led the Forest Service team charged with conducting the analysis, "The wildfire area burned is expected to more than triple in the next 80 years."

He also confirmed that the anticipated increase in wildfires will require more money to suppress and manage.

"Fire suppression spending will likely nearly double by the end of the century," said Prestemon. "Combined Forest Service

and Department of Interior spending is projected to rise by 90% – or \$1.8 billion – by 2100."

Prestemon added that the projected study results are based upon assumptions that could potentially change the anticipated

outcomes. “For example, our modeling accounts for how climate has changed fire and fuels management of the past,” he said. “However, it doesn’t take into consideration future changes in fuels management strategies by agencies.”

The study results could be considered an assessment of what could happen if federal wildfire management does not change appreciably. Aggressive, proactive changes in how fuels are treated, such as those outlined in the Forest Service’s Wildfire Crisis Strategy, could make a difference.

“This study revealed the importance of uncovering how changes in our wildfire management strategies could lead

to overall better wildfire outcomes in America,” said Prestemon. “The science could help us move our forests towards conditions where levels of wildfire and suppression spending are more ecologically and economically sustainable.”

The report builds upon similar work done in 2016. As in 2016, the team developed wildfire models at regional scales based on historic climate and wildfire data. This year the team also built a set of ten climate projections to the year 2100 that included variables such as historic and projected future temperature, humidity, and precipitation. The team members also updated the data on wildfire suppression expenditures through 2020, while considering areas previously burned. ★

Transportation of Fentanyl and Meth for Sale Halted

After the totality of the vehicle search, the following items were located and recovered: 1168 grams of suspected Fentanyl pills (counterfeit Oxycodone pills) – 2.5 pounds gross weight. 906 grams of Methamphetamine – 2 pounds gross weight. Photo courtesy of the BINTF

BINTF News Release

BUTTE COUNTY, CA (MPG) - During the early morning hours of July 7, 2022, Agents from the Butte Interagency Narcotics Task Force (BINTF) were conducting surveillance of Michael Alan Kunde in the City of Gridley.

Mr. Kunde, a 42-year-old Gridley resident, is currently on Searchable Probation through Sutter County Superior Court for a drug related offense.

During the surveillance, Mr. Kunde left the City of Gridley, driving northbound on Highway 99 in his vehicle. As he approached the City of Chico, he was observed to be in violation of traffic laws. Coupled with his probation status, Agents directed a Butte County Sheriff’s Deputy to conduct a traffic stop on Mr. Kunde and his vehicle. The traffic stop occurred on Highway 99 in south Chico.

Pursuant to conditions of his probation, Agents searched Mr. Kunde and the vehicle he was operating. In the passenger compartment, approximately 200 suspected Fentanyl pills were located, along with methamphetamine. Agents then conducted a more thorough search and crawled underneath the vehicle. They observed that plastic covering the undercarriage of the vehicle had been tampered with. Agents removed the plastic and located a large amount of suspected Fentanyl and methamphetamine which had been concealed in the undercarriage of the vehicle.

After the totality of the vehicle search, the following items were located and recovered: 1168 grams of suspected Fentanyl pills (counterfeit Oxycodone pills) – 2.5 pounds gross weight. 906 grams of Methamphetamine – 2 pounds gross weight.

Mr. Kunde was arrested for Possession

and Transportation of Fentanyl and Methamphetamine for Sale (11351 HS/11352 HS; 11378 HS/11379a HS). He was booked into the Butte County Jail with bail set at \$700,000, after a bail enhancement request.

A passenger in the vehicle, Janae Nicole Sanchez, a 27-year-old Gridley resident, was arrested for Possession of Methamphetamine and Drug Paraphernalia (11377 HS; 11364 HS). She was later cited and released.

Two children in the vehicle, an (8) year old and a (10) year old, were taken into protective care by Agents and released to Butte County Children Services Division professionals.

The 1168 grams of suspected Fentanyl pills recovered during this operation represent approximately 11,000 individual pills. As we have become acutely aware, a single counterfeit pill containing Fentanyl can kill, and has become the leading cause of death for Americans aged 18 through 45, according to the Centers for Disease Control and Prevention (CDC). In addition, methamphetamine kills more people in Butte County than any other illicit drug.

BINTF Agents are committed to disrupting the flow of these deadly substances into our Butte County communities, to include working all hours of the night. This is but one example of those on-going efforts.

For questions or further information regarding this news release, please contact Commander Michael O’Brien at (530) 538-2261.

The purpose of the Butte Interagency Narcotics Task Force (BINTF) is to investigate violations of the law involving controlled substances and criminal street gangs in the County of Butte, to include all incorporated cities of the County of Butte. ★

Peachy Farm Roots at Festival

Story and photos
by Brenna Bontrager

MARYSVILLE, CA (MPG) - Last weekend, Marysville hosted its 22nd annual Peach Festival. The Peach Festival celebrates the rich history of peach farming in the Sacramento Valley.

The warm Yuba-Sutter climate is ideal for growing stone fruit. Yuba County now is the 6th most popular county for peach production in the United States. The Rio Oso Gem peach was developed locally and is known for its yellow color and sweet taste. Sodaro Orchard is another established farm whose Yuba-Sutter roots go back as far as the 1960s.

Several blocks of the historic downtown were closed off to make room for live entertainment, vendors, and food trucks. Multiple public safety organizations came together to provide security including mounted police officers. The event was truly family-friendly, and an entire block was dedicated to children's carnival rides and a train.

The two-day event was sponsored by both the City of Marysville and the Hard Rock Casino which sponsored the main stage for live entertainment. There were also other smaller stages that showcased Yuba-Sutter musicians and dancers. Local community organizations staffed information booths on homeless services, new schools, and animal rescue shelters.

However, food was

the focus of the Festival. Longtime peach growers such as Dhillon Farms, Rio Oso, and Sodaro Orchards sold from their fruit stands. Multiple food trucks sold hot dogs with peach relish, peach ice cream, peach lemonade and many other peach products. There was no shortage of bakers displaying cobblers, pies and cookies.

The festival was celebrated Friday, July 15 to Saturday, July 16th. It will return next year on the third weekend of July. "Set up went well, tear down was seamless,

and everyone had a great time exploring our vendors, peachy food, and Marysville brick and mortar businesses! We couldn't have done it without the support of our sponsors, countless community organizations, and volunteers," said Kary Hauck. Hauck works for Sapphire Marketing group who helped organize the event.

The peach Festival promises to return next summer for another weekend of summer fun. For more information, please see www.marysville-peachfest.com ★

Woman Arrested on Sexual Assault Charge

YCPD News Release

YUBA CITY, CA (MPG) - On June 26, 2022, the Yuba City Police Department Investigation Unit began an investigation related to a sexual abuse between 30-year-old Elizabeth Valdovinos of Yuba City and a juvenile male victim.

Ms. Valdovinos is alleged to have sexually abused the juvenile from January 2022 until

April 2022. Ms. Valdovinos was the legal foster parent to the victim, and the victim was living with Ms. Valdovinos during the time frame when the sexual abuse occurred.

On July 7, 2022, the Yuba City Police Investigation Unit located and arrested Ms. Valdovinos in the 900 block of Easterest Court. She was booked into the Sutter County Jail on charges of statutory rape and oral copulation of a minor. ★

Reverse mortgages are loans offered to homeowners who are 62 or older who have equity in their homes. The loan programs allow borrowers to defer payment on the loans until they pass away, sell the home, or move out. Homeowners, however, remain responsible for the payment of taxes, insurance, maintenance, and other items. Nonpayment of these items can lead to a default under the loan terms and ultimate loss of the home. FHA insured reverse mortgages have an up front and ongoing cost; ask your loan officer for details. Earnings Compression

The market continues to exhibit what some would call bi-polar behavior. One day stocks go up, the next day they plummet. Technology stocks, who were the market darlings of late 2020 and first 10 months of 2021, cratered during the first six months of 2022 to previously unheard of levels. Brief rallies in the sector give hope to beaten down investors looking to recoup losses only to be carpet slammed again and again to new lows in classic “head fake” rallies.

The first week of July appeared to be another in a long line of hopeful rallies and only time will tell if the latest upswings will hold or new lows await once again. Alas, the following week another beat down. Investors are definitely gun shy and not trusting rallies right now.

Some analysts argue the bad news about inflation and the FEDS response to it is thoroughly baked into the market, while others claim there is more downside to come.

Stock prices are based on company earnings and since earnings are backward looking, the current earnings reports may show just how anemic some believe the economy is. Since current stock prices reflect last quarter earnings however, this latest round of reports coming out throughout this month of July, may reflect more reductions in profits and revenue. If earnings come in weaker than expected, stock prices may fall again in what is called “earnings compression”.

One could say the current fall in stock prices is based on earnings expectations, whereas earnings compression may occur when the current financial reports come out in this next quarter.

Earnings compression is the fall in reported earnings based on an economic slowdown. Since stock prices are believed by some to have currently fallen based on the expectations of falling earnings, the actual reports may show

a verified fall in earnings. This fall in earnings may then have an effect on analysts and investors to subsequently adjust their expectations based on real numbers instead of projections. This adjustment means a stock price, which was based on what the company was expected to earn in the coming quarter, may be adjusted lower due to the verification that earnings indeed are slowing.

Think of it as fire insurance in a heavily wooded area. Prices for fire insurance in a fire prone area will be expensive no doubt. But should a fire break out close by, fire policies would surely skyrocket. That’s if one could obtain a policy at all.

This example details price based on expectations versus price based on an actual occurrence.

Stock prices today reflect the expectation that the economy is slowing, but there is little reflection of the slowdown reflected in last quarter’s earnings reports.

When the current earnings quarter come out in this latest round of reports, the truth will be known as to just how bad things really may be.

Should earnings by a variety of companies show some bad numbers, there could be even further downside ahead as expectations become a harsh reality, and an earnings compression event take place.

Jon Hatamiya’s Jazz Sextet to Perform at Sutter Theater

Trombonist, composer, and arranger Jon Hatamiya to perform with his Jazz Sextet at the Sutter Theater Center for the Arts. Photo courtesy of YSAC

YSAC Press Release

MARYSVILLE, CA (MPG) - Yuba Sutter Arts & Culture strives to present a wide variety of music to the community. In keeping with that goal, it is proud to present B.A.C. Instruments’ Endorsing jazz artist Jon Hatamiya and his Sextet at the Sutter Theater Center for the Arts on Saturday, July 30. The theater is located at 754 Plumas Street in Yuba City. Doors open at 6pm and the show starts at 7pm. Tickets are \$20 each or \$300 for a table of eight which includes two bottles of wine, complimentary concession stand coupons and eight complimentary tickets to future events. This concert is a kickoff fundraiser for the renovation of the Main Stage at the Sutter Theater.

Jon is a trombonist, composer, and arranger and is widely regarded as one of the most promising trombonists of his generation. A northern California native, he has made a name for himself on both the New York and California music scenes. He has been recognized in Jet Magazine as the only trombonist on Wynton Marsalis’s list of “Who’s Got Next”, which highlighted the next generation of emerging

jazz artists. Jon released his debut album titled More Than Anything on Orenda Records in 2020. In addition to leading the sextet and performing on trombone, Jon will be joined by the following professional musicians; Devin Daniels-alto saxophone, Arlyn Anderson-guitar, Joe Gilman-piano, Luca Alemanno-bass, and Mike Quigg-drums.

As a performer, Jon has established a wide-ranging reputation reflecting his diverse musical interests. In the big band world, Jon is known as a lead trombone specialist with a soulful and fiery resonance, as well as a supportive and responsive section player. This versatility and knowledge of the big band tradition has led him to performances and recordings as lead trombone with the Kyle Athayde Dance Party, Jacob Mann Big Band, and the big band on Michael Bublé’s 2018 release, Love, and as a member of the trombone section of the Jazz at Lincoln Center Orchestra with Wynton Marsalis. Jon is also widely regarded as an imaginative and receptive improviser, and a proponent of the trombone as a modern creative voice.

Jon is active as an educator and is currently instructor of Jazz Trombone at Sacramento State University and El Camino College, applied trombone instructor at Cosumnes River College, and adjunct faculty at University of Southern California Thornton School of Music. He received his Bachelor of Music degree in jazz trombone performance from Manhattan School of Music, his Master of Music in jazz studies from University of Southern California, and an additional Master of Music from the prestigious Thelonious Monk Institute of Jazz Performance.

Come out and enjoy a great evening of jazz with a giant in the field and help support the opening of the new “Main Stage” at the Sutter Theater Center for the Arts. ★

Southern Cal Ports and Warehouses Face Threats

By Dan Walters
CALMatters.org

As California’s post-World War II industrial economy slumped during the 1970s, civic and business leaders in the state’s two major metropolitan areas made some momentous bets on their economic futures.

While the San Francisco Bay Area opted for the emerging sector of digital technology, Southern California – Los Angeles particularly – believed that its future lay in logistics, tying the region to the fast-growing economies of Asia.

Southern California expanded and modernized its twin ports of Los Angeles and Long Beach to handle what became a flood of container ships from China and other Asian nations. Rail and highway connections were improved and the region’s “Inland Empire” became a massive logistics center of warehouses and distribution centers serving the entire nation.

It’s estimated that 40% of U.S. imports and 25% of the nation’s exports pass through Southern California’s ports.

Although logistics industry salaries are not high in comparison to those of the Bay Area’s tech industry, its warehouses and other facilities have provided much-needed jobs for the wave of immigrants, mostly from Latin America, that Southern California

experienced in the 1980s and 1990s.

However, despite its importance, Southern California’s logistics industry faces an uncertain future as the movement of goods becomes increasingly competitive and, as industry leaders complain, new state laws and regulations raise operational costs that could encourage shippers to go elsewhere.

As shipping volume increased in recent years, new Inland Empire warehouses proliferated to handle the traffic, creating a backlash of opposition from local residents and environmental groups.

Attorney General Rob Bonta sued the city of Fontana for approving a warehouse close to a high school and Assemblywoman Eloise Gómez Reyes, a San Bernardino Democrat, introduced legislation requiring new warehouses in Riverside and San Bernardino counties to be located at last 1,000 feet from “sensitive receptors” such as schools.

Business groups have opposed the measure, saying that its setback requirements and a provision of the bill requiring unionized labor on warehouse projects would hamstring development of facilities needed to handle ever-increasing amounts of cargo. The bill has passed the Assembly and is pending in the Senate.

Meanwhile, John McLaurin, president of the Pacific Merchant Shipping Association, told Gov. Gavin Newsom in a letter last month that several new state policies also threaten to curtail the logistics industry’s ability to handle increasing amounts of cargo.

He specifically cited new

rules from the California Air Resources Board that prohibit older trucks from handling cargo at the ports and require replacement trucks to be zero-emission vehicles “that are currently unavailable due to the shortage of semi conductors and other equipment.”

McLaurin also noted that while a just-passed state budget trailer bill purports to “invest in port-specific high-priority projects that increase goods movement capacity on rail and roadways serving ports and at port terminals,” it also bans spending for “fully automated cargo handling equipment.”

The prohibition is supposedly aimed at protecting port jobs from being automated but McLaurin told Newsom that unions have already agreed to provisions allowing automation, which is needed to keep Los Angeles and Long Beach ports competitive in the battle for shipping business vis-à-vis other ports.

“California’s ports have no more room to grow – except up,” McLaurin said. “If we are to meet the needs of California consumers and exporters, support hundreds of thousands of supply chain related jobs and function as a competitive gateway, innovation along the waterfront should be encouraged – not stifled.”

These issues are a warning that as logistics have become so important to Southern California’s economy, the industry’s future should not be taken for granted.

Dan Walters has been a journalist for nearly 60 years, spending all but a few of those years working for California newspapers. ★

Suspect in Custody after Spraying Deputy with Bear Spray

SCSO News Release

YUBA CITY, CA (MPG) - On July 15, 2022, at approximately 1:34 pm, the Sutter County Sheriff’s Office (SCSO) received a call of a suspicious vehicle in the area of the 900 block of South Barrett Road, Yuba City. Sutter County Sheriff Deputy responded and contacted a male subject who was later identified as 35-year-old Yuba City resident Christopher Matthew Tyler Kelsey.

The SCSO deputy was familiar with Kelsey and had prior knowledge that

Kelsey had a felony warrant. The SCSO attempted to detain Kelsey when Kelsey became combative. Kelsey was able to get away from the SCSO deputy and retrieved a can of bear spray out of the suspicious vehicle. Kelsey sprayed the SCSO deputy and then fled in the suspicious vehicle, which was described as a green 1996 Ford Mustang. With the assistance of Yuba City Police Department, SCSO Detectives, SCSO Administration, and other SCSO personal, Kelsey was taken into custody at approximately 2200 hours.

The SCSO Deputy that was sprayed with the bear spray was transported to the hospital for non-life threatening injuries and was released. Sheriff Barnes wants to thank Yuba City Police Department and all SCSO personal for the work they put into apprehending Kelsey.

Kelsey was booked in the Sutter County Jail for numerous charges, including assault on a peace officer. Kelsey has a court date on July 19th at 3pm and is currently being held on the felony warrant and \$150,000 on the fresh charges. ★

Fire at Pleasant Grove Rd Traced to Illegally Wired Marijuana Grow

SCSD News Release

SUTTER COUNTY, CA (MPG) - On July 11th at approximately 7:31 PM, Sutter County Sheriff’s Dispatch received a report of a fire near the 5800 block of Pleasant Grove Road. The fire initiated at a PG&E power pole where it was found a faulty bypass caused the fire. Once the fire was extinguished, it was determined electricity was being illegally run from the pole to a nearby barn. Several indicators made it apparent there was an illegal

marijuana grow occurring on the property and Sheriff’s Detectives authored a search warrant. Upon executing the warrant, 1025 marijuana plants were located along with a large amount of marijuana that was being dried and processed.

As a result of the investigation, Detectives arrested 57-year-old Zheng Rong Jiang, who was staying at the residence. Jiang was booked on charges relating to illegal cultivation of marijuana and theft of utilities. His bail is set at \$25,000. ★

On July 27 the Yuba Feather Historical Association will be holding their regular membership meeting at the museum in Forbestown. They gather around 6 pm, barbeque dinner starts about 6:30. Please bring a side dish:salad, dessert or other. Following a short business meeting, I will introduce my book: Girls Will Be Girls. I hope you find it interesting.

Summer is the time for fairs. The California State Fair is going and will continue until July 31. The Nevada County Fair happens in early August. Our local Mountain Fair will happen August 20-21. It will be held in the Medical Circle in Brownsville. Chris Mills and Mike Mayo have been working hard with a crew of helpers to get this site prepared. I remember when it was held there in the '70s and it was a lot of fun. Let's support our local fair and spend some time and money at the fair

On Thursday thru Sunday we can now dine in at Willow Glen Restaurant and Brownsville Station. Nice I am looking forward to seeing their menu. The realty company is having an open house and hopefully Bob and Jim's Burgers may give us another choice. Things are looking up.

Collins Lake has great ice cream, many flavors to choose from. They will start having live music out on the deck in the evening of August 6. There is a small entrance fee but the night on the deck is worth it.

Look Back in Time – The state Assembler voted to allow the sale of colored margarine in stores instead of plain white (I remember squeezing the colored bubble in margin)

~ Hope to see you in Brownsville soon.

NOTICE OF TRUSTEE'S SALE
TS No. CA-22-910932-BF
Order No.: 220136245-CA-
VOI YOU ARE IN DEFAULT
UNDER A DEED OF TRUST
DATED 11/26/2004. UN-
LESS YOU TAKE ACTION TO
PROTECT YOUR PROPERTY,
IT MAY BE SOLD AT A PUB-
LIC SALE. IF YOU NEED AN
EXPLANATION OF THE NA-
TURE OF THE PROCEEDING
AGAINST YOU, YOU SHOULD
CONTACT A LAWYER. A public auction sale to the highest bidder for cash, cashier's check drawn on a state or national bank, check drawn by state or federal credit union, or a check drawn by a state or federal savings and loan association, or savings association, or savings bank specified in Section 5102 to the Financial Code and authorized to do business in this state, will be held by duly appointed trustee. The sale will be made, but without covenant or warranty, expressed or implied, regarding title, possession, or encumbrances, to pay the remaining principal sum of the note(s) secured by the Deed of Trust, with interest and late charges thereon, as provided in the note(s), advances, under the terms of the Deed of Trust, interest thereon, fees, charges and expenses of the Trustee for the total amount (at the time of the initial publication of the Notice of Sale) reasonably estimated to be set forth below. The amount may be greater on the day of sale. **BENEFICIARY MAY ELECT TO BID LESS THAN THE TOTAL AMOUNT DUE. Trustor(s): JOHN A. HARRINGTON AND SHARON R. HARRINGTON, HUSBAND AND WIFE** Recorded: **12/10/2004** as Instrument No. **2004R-025961** of Official Records in the office of the Recorder of **YUBA** County, California; **Date of Sale: 8/4/2022 at 1:30 PM Place of Sale: At the front entrance to the County Courthouse, located at 215 5th St., Marysville, CA 95901** Amount of unpaid balance and other charges:

\$122,801.20 The purported property address is: **7334 DOC ADAMS ROAD, MARYSVILLE, CA 95901** Assessor's Parcel No.: **018-250-015-000** **NOTICE TO POTENTIAL BIDDERS:** If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. **NOTICE TO PROPERTY OWNER:** The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call **916-939-0772** for information regarding the trustee's sale or visit this internet website **http://www.qualityloan.com**, using the file number assigned to this foreclosure by the Trustee:

CA-22-910932-BF. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the internet website. The best way to verify postponement information is to attend the scheduled sale. **NOTICE TO TENANT:** You may have a right to purchase this property after the trustee auction pursuant to Section 2924m of the California Civil Code. If you are an "eligible tenant buyer," you can purchase the property if you match the last and highest bid placed at the trustee auction. If you are an "eligible bidder," you may be able to purchase the property if you exceed the last and highest bid placed at the trustee auction. There are three steps to exercising this right of purchase. First, 48 hours after the date of the trustee sale, you can call **916-939-0772**, or visit this internet website **http://www.qualityloan.com**, using the file number assigned to this foreclosure by the Trustee: **CA-22-910932-BF** to find the date on which the trustee's sale was held, the amount of the last and highest bid, and the address of the trustee. Second, you must send a written notice of intent to place a bid so that the trustee receives it no more than 15 days after the trustee's sale. Third, you must submit a bid so that the trustee receives it no more than 45 days after the trustee's sale. If you think you may qualify as an "eligible tenant buyer" or "eligible bidder," you should consider contacting an attorney or appropriate real estate professional immediately for advice regarding this potential right to purchase. The undersigned Trustee disclaims any liability for any incorrectness of the property address or other common designation, if any, shown herein. If no street address or other common designation is shown, directions to the location of the property may be obtained by sending a written request to the beneficiary within 10 days of the date of first publication of this Notice of Sale. If the sale is set aside for any reason, including if the Trustee is unable to convey title, the Purchaser at the sale shall be entitled only to a return of the monies paid to the Trustee. This shall be the Purchaser's sole and exclusive remedy. The purchaser shall have no further recourse against the Trustor, the Trustee, the Beneficiary, the Beneficiary's Agent, or the Beneficiary's Attorney. If you have previously been discharged through bankruptcy, you may have been released of personal liability for this loan in which case this letter is intended to exercise the note holders right's against the real property only. Shooting on Monterey Ave. Leaves One Dead and One Injured

Yuba City Police News Release

YUBA CITY, CA (MPG) - On July 17, 2022, at approximately 8:00 PM the Yuba City Police dispatch center received several calls about a shooting that occurred in the 300 block of Monterey Avenue. When Officers arrived in the area, they found an adult male victim suffering from multiple gunshot wounds. The officers rendered care until medical personnel from the Yuba City Fire and Bi County Ambulance arrived. The victim was transported to Adventist Rideout Hospital, where he later succumbed to his injuries and was pronounced deceased.

As officers were initially responding, the dispatch center received another call from a second victim of the shooting, who self transported to Adventist Rideout Hospital. The female victim received a single gunshot wound and was being treated for her injury.

The Yuba City Investigations Unit responded to the crime scene and took over the investigation. They have processed the crime scene and gathered statements. The names of the victims are not being released at this time and the investigation is still on going. Suspect(s) are still outstanding. Anyone with information related to this case is encouraged to call (530) 822-4661. ★

Hartman Bar Road Section Closed for Construction

Forest Service News Release

OROVILLE, CA (MPG) - Beginning this week, approximately 3.25 miles of Forest Road 94 on the Plumas National Forest will be closed for construction.

It is expected the work will be completed and the road will reopen by November 4. Information will be shared as the work is completed and the road reopens.

The closure is between milepost 8.13 at the intersection with Forest Road 21N23, also known as Cascade Creek Road, and Forest Road 22N62, also known as Milsap Bar Road.

The stretch of Forest Road needs critical repairs this summer and is a section with numerous turns, the road narrows, sight is limited and there are not safe places to turn around. For public, employee and contractor safety, it is necessary to temporarily close the road.

Crews will be working on repairing road damage, removing hazard trees, widening the road, repairing slides and replacing retaining

walls damaged in the North Complex Fire.

The focus was on signing the section of road as closed and moving equipment to stage in the area to start work this week. As work begins, the road will be impassible for the duration of the project.

Recreation sites, including campgrounds, trailheads and trails along that portion of Forest Road 94 are currently closed for repairs due to damage from the North Complex Fire in fall 2020. This includes South Branch, Hanson Bar, South Hartman Bar and Hartman Bar Campgrounds, and Hanson Bar and South Hartman Bar Trailheads and Trails. These sites are closed under Order Number 05-11-03-22-01.

Forest Road 27 can be used to access Little Grass Valley and other open recreation sites in the area.

For more information on the Plumas National Forest, visit www.fs.usda.gov/plumas, follow the forest on Twitter @USFSPlumas or on Facebook at www.facebook.com/USFSPlumas. ★

Covered CA Rates to Increase

Continued from page 1

of additional financial aid through Covered California. The new law helped further reduce what people paid for their monthly premiums, driving more people to sign up for health insurance. It also expanded who was eligible for savings to include middle-income individuals.

Currently 1.7 million Californians buy their coverage through the state marketplace. Covered California has estimated that if Congress does not renew the American Rescue Plan subsidies, about 1 million people will see their premiums double and about 220,000 would likely drop their coverage.

“(The rate increase) for the subsidized population

is almost divorced from what they pay out of pocket. What’s more important is what happens with the (American Rescue Plan) subsidies,” said Christine Eibner, a senior economist for the RAND Corporation, a think tank.

Altman said the sooner Congress acts the better the chance of avoiding consumer confusion in the fall. Covered California usually sends renewal notices to enrollees beginning in October, ahead of the sign-up period, and having clarity for people by then is key.

“There have been references both ways, ‘Will it be permanent? Will it be temporary? Will it stay in the current form?...Or will there be some adjustments

to it?’ – and we really don’t know,” Altman said about the conversations happening in Washington, D.C.

California’s 2022-23 budget includes \$304 million for middle-class marketplace enrollees that would kick in if Congress does not renew the aid. While helpful, it would not fill the hole the annual \$1.7 billion federal aid would leave, Altman said.

Covered California also announced that another insurer, Aetna CVS Health, will join the state marketplace and be an option for people in El Dorado, Fresno, Kings, Madera, Placer, Sacramento and Yolo counties. Meanwhile, Anthem Blue Cross will expand into San Diego County. ★

Classic *Cirque du Soleil, Alegría*, to Enchant Sacramento

From July 28 to August 28, audiences are invited under the Big Top at Sutter Health Park (400 Ballpark Dr.) to experience the pure theatrical magic of *Alegría* – an entirely redesigned fan favorite. Photo courtesy of Matt Beard/Costumes by Dominique Lemieux/Cirque du Soleil 2021

Prismatic Communications News Release

SACRAMENTO REGION, CA (MPG) - Following the success of *Amaluna* in 2020, *Cirque du Soleil* is excited to announce its return to Sacramento with its internationally-acclaimed production *Alegría*. From July 28 to August 28, audiences are invited under the Big Top at Sutter Health Park (400 Ballpark Dr.) to experience the pure theatrical magic of *Alegría* – an entirely redesigned fan favorite.

Undeniably the most iconic *Cirque du Soleil* production, *Alegría* is an all-time classic reimagined for a new generation to fall in love with. An uplifting immersive experience, *Alegría* whisks audiences away to a mystical world sprinkled with visual poetry and acrobatic extravagance. At the heart of a once-glorious kingdom

that has lost its king, *Alegría* witnesses the power struggle at play between the old order and a new movement yearning for hope and renewal.

With its unforgettable soundtrack, exciting acrobatics, surreal costume designs, vibrant sets, and playful humor, *Alegría* joyfully touches the soul and lives up to its global reputation of quintessential *Cirque du Soleil* spectacle.

Tickets for the Sacramento engagement of *Alegría* are available now at cirquedusoleil.com/alegria.

In A New Light

Alegría ('joy' in Spanish) first premiered in 1994 and has since become

one of the most beloved *Cirque du Soleil* shows, mesmerizing over 14 million spectators in 255 cities across 40 countries in over 19 years of touring. Its Grammy Award-nominated soundtrack – including the iconic title track '*Alegría*' – is still the most purchased and streamed *Cirque du Soleil* album to date.

In 2019, in celebration of its 25th anniversary, *Alegría* was restaged under the Big Top in a whole new light, ensuring that all its components – stage direction, music, acrobatics, sets, costumes, lighting, and makeup designs – would be as inspiring for today's audiences as they were at the time of the original creation. Reenergized by a cast of 53 acrobats, clowns, musicians, and singers, *Alegría* remains timeless and imbued with a joyous magical feeling.

The revival of *Alegría* is the 44th

Cirque du Soleil original production since 1984, and its 19th presented under the Big Top.

Cirque du Soleil wishes to thank SAP, its official partner, and Champagne Nicolas Feuillatte, the official Premiere partner of *Alegría*.
