## Weather Forecasting's for Kids!

*Scripps Institution of Oceanography Partners to Bring Weather Station*

Chad Hecht and Carly Ellis of the Scripps Institution of Oceanography's Center for Western Weather and Water Extremes install a new weather station at Browns Valley Elementary School. Photo provided by Yuba Water Agency

### Yuba Water Agency

**MARYSVILLE, CA (MPG)** - Browns Valley Elementary students now have the opportunity to contribute to science and weather forecasts in their watershed thanks to a new monitoring station installed at the school by the Scripps Institution of Oceanography at UC San Diego with support from Yuba Water Agency.

"We're so excited to work with teachers, students and district staff to integrate data from the Browns Valley Elementary site with curriculum at different grade levels," said Anna Wilson, field research manager at the Center for Western Weather and Water Extremes (CW3E) at Scripps Oceanography. "From learning how to access and read data to exploring the different instruments we use, this weather station opens up a ton of

possibilities for bringing science into the classroom."

Yuba Water is already partnering with the Marysville Joint Unified School District, which Browns Valley is a part of, and other school districts to develop grade-specific science and Yuba River watershed-based curriculum.

"Every opportunity we have to contribute to knowledge, especially in ways that invest in our children and in the future of our planet, moves us forward as a community," said Rocco Greco, MJUSD executive director of student engagement. "This is what education is about. With partners such as the water agency and UC San Diego, Marysville continues to find ways to bring new opportunities and awareness of the amazing physical world we are surrounded by in Yuba County."

It was through CW3E's collaboration with the Yuba Water curriculum program that the idea formed to merge the education project with another vital project underway to better understand atmospheric rivers, powerful, rain-intensive storms responsible for most of the flooding in Northern California.

The weather station is now part of a larger regional monitoring network funded by Yuba Water and the California Department of Water Resources to monitor current conditions and inform decision-making. The stations collect a range of continuous meteorological data, including temperature, humidity, pressure, rainfall, wind speed and direction, solar radiation and soil moisture.

The Browns Valley school is also located near a weather balloon launch

## State Aims to Define Farmers' Coverage Gaps

### California Farm Bureau Press Release

**SACRAMENTO, CA (MPG)** - With California farmers and ranchers finding increasing difficulty in purchasing wildfire insurance for their businesses and properties, the California Farm Bureau welcomed the call by the state insurance commissioner for data on commercial insurance coverage.

California Farm Bureau President Jamie Johansson said he hopes the request from Insurance Commissioner Ricardo Lara will lead to more sustainable insurance coverage for farmers and ranchers.

"We thank Commissioner Lara for leading the efforts to bring certainty back to the wildfire insurance marketplace," Johansson said. "Farmers and ranchers from around the state have told us they have been unable to renew insurance and have not been able to find replacement coverage. Commissioner Lara's action should help us determine the breadth and depth of the problem."

In a notice issued, Lara directed insurance companies to provide data about the availability of commercial insurance for businesses including farms, ranches, timber harvesting operations, wineries, cotton gins and other agricultural businesses.

"Farm Bureau has been working with Commissioner Lara and insurance companies to stabilize the insurance market for California farms and ranches," Johansson said. "We believe the commissioner's action will help us move toward a long-term solution."

Legislation sponsored by the California Farm Bureau would also address the problem by specifically authorizing the state's insurer of last resort, the California FAIR Plan, to underwrite insurance coverage for commercial farms and ranches. The legislation, Senate Bill 11 by Susan Rubio, D-Baldwin Park, received unanimous support from the Senate Insurance Committee.

The California Farm Bureau works to protect family farms and ranches on behalf of nearly 32,000 members statewide and as part of a nationwide network of nearly 5.6 million Farm Bureau members. ★

## The Yuba River "Secret" is Out

*Summer Volunteers Needed to Protect the South Yuba River*

### South Yuba River Citizens League

**NEVADA CITY, CA (MPG)** - Visitor numbers to the Yuba are expected to spike again this summer and we need our community to help keep the Yuba from being "loved to death" by volunteering to become a River Ambassadors through the South Yuba River Citizens League (SYRCL).

SYRCL has stationed River Ambassadors at river crossings since 2012 in an effort to educate newcomers about river safety and etiquette in collaboration with California State Parks. The program helps to create the person-to-person contact so important to making this educational initiative a success.

"The South Yuba River, a state-designated Wild & Scenic River, has quickly changed from being a hidden gem to a social media influencer tempting newcomers with its stunning

If you are concerned with visitor impacts on the Yuba River, join and become a River Ambassador May 29th - September 6th. Photo: SYRCL

emerald green pools and dramatic granite boulders," says Daniel Belshe SYRCL's Community Engagement Manager. "Our best option this summer will be to engage with visitors via the River Ambassador program so

they can teach newcomers how to love the Yuba like a local. To do that, we need a lot of help from our community."

In a typical year, 800,000 people visit the Yuba. Though the river has been rising in popularity for

some time, 2020 was an unprecedented year, as thousands of new visitors ventured to the Yuba River for the first time to escape quarantine fatigue. This influx of visitors created unsafe parking problems, trash, illegal fires, and human waste issues up and down the river canyon. While SYRCL had to cancel the in-person component of River Ambassadors last year, it plans to use COVID-safe protocols to bring it back this summer.

"The River Ambassadors are vital protectors of the South Yuba River and its visitors. From greeting and educating first-time river visitors to assisting in emergencies, I really don't know what we would do without them," says Nevada County Supervisor Heidi Hall, District 1, "Their work is a highly valued service to this community."

River Ambassadors use

## LETTERS TO THE EDITOR

## National Volunteer Month

Across the country this month Americans will be giving their time and energy, but not getting paid for it. Why you ask? April is national volunteer month. This is a time when you have the opportunity to help your fellow Americans by volunteering.

Established in 1974 by former President, Richard Nixon, National Volunteer Month has grown exponentially in scope each year since, drawing the support and endorsement of all subsequent U.S. presidents.

National Volunteer Month is about inspiring, recognizing and encouraging people to seek out imaginative ways to engage in their community. It's about demonstrating to the nation that by working

together, in unison, we have the fortitude to meet our challenges and accomplish our goals.

National Volunteer Month presents an opportunity for individuals, families, nonprofit organizations and government entities alike to celebrate the ordinary people who accomplish extraordinary things through service.

Volunteers have got a real interest in the community. We have that here in Amador County. Like Winston Churchill once said, "We make a living by what we get; we make a life by what we give."

Rob Klotz  
Marysville

## A False Global Warming Will Cause Millions of Lives

According to proponents of Climate Change, also called Global Warming, in nine years this World will face a tremendous crisis because of the world getting hotter.

However, well known and reputable scientist, John Casey, has presented facts which indicates this Earth is actually getting cooler. His research has "now been corroborated by 17 independent scientific individuals and organizations."

The facts put forward proves that "Global Warming" is "a \$22 Billion Scam." That is the amount "our government spends financing global warming initiatives" each year.

Now the fear that Man has caused the Earth to warmup should be considered nothing but fiction. Since 1998, the temperature has been declining, not rising.

By His Word God created this Earth and it will be His Word that will make it disappear. That will happen after Jesus has ruled this Earth a thousand years.

But the danger to America, and the World, is the present mindset that Global Warming does exist, and that we have to eliminate the use of fossil fuels. Doing so would create a catastrophic event which would cause millions of American lives, and billions of lives world-wide.

Little do they know, that, "it was discovered that a mere %1 of scientists, believe" that "human activity is causing change."

America, and this World, owes a lot to the invention of the internal combustion engine, and to the fuels, which makes the 25 million highway transportation vehicles in the United States

function. Plus millions of farm tractors and other equipment which use fuel to function.

Any interference in the present system would cause an un-imaginable interruption, which would undoubtedly cause precious human lives, because we are totally dependent on them.

The crazy folks who think of themselves as being progressives, are in fact just the opposite. Their ideas will destroy our country, just the way they are doing right now.

Their ungodliness will eventually bring destruction upon America and the world. Possibly very soon, God is going to say enough is enough, or whatever words He chooses to use. He is the one who said He will bring judgment upon Man for their disobedience.

By Manuel Ybarra Jr.

## Not In Our Backyard

All community members need to know what is coming to our foothill community June 4th, 5th, and 6th. County officials issued a permit in 2019 to a group for an event to be held at Sycamore Ranch and Hammon Grove Parks. The event is called "The Untz Festival". The promoters are out of the Bay Area and 4 of the 5 previous years it was held at the Mariposa County Fairgrounds.

It was originally scheduled for August of last year but was cancelled due to COVID. The event officials admit to 2000 people in attendance but the number could exceed that because it was noticed on their FaceBook page that ticket holders from last year were requesting that their tickets be honored for this festival and they were answered with "YES"! There will be approximately 48 bands that will play unimpeded through all 3 nights till sunrise!

This event will bring admitted traffic issues, for which there is no plan, in an already congested highway 20 construction area at the opening of the parks. The parks are very limited on the number of cars they can accommodate and there is no current plan for where the hundreds of extra ticket holder's cars will be parked. The festival advertises "car camping" so the cars that randomly park on the highway, roads or private property, may well have people sleeping in them.

As we all know, the fire danger is a huge concern as there will be plenty of dry fuel at that time and the boundaries of the parks are not visible or marked in any way. The campfires and smoking that will be taking places makes this a real threat.

This event was stumbled upon accidentally and word spread to direct neighbors of the park. There was a small meeting quickly arranged on Thursday April, 15th, at Sycamore Ranch with some neighbors, the Sheriff's department, county officials and the Supervisor Randy Fletcher. Jason Kopping was The Parks & Landscape Coordinator for the county at the time that the permit was being issued. He was the one who coordinated this event. Jason has since been moved to duties at the airport. Nick Clavel is now the parks & landscape coordinator for the public works dept.

The county officials failed to notify the citizens of this county about a massive event that will directly impact so many of our community members. Hold our County Officials ACCOUNTABLE by calling them with questions and concerns about how this event was contracted and decided on without the input of the community.

Please look up this event at : [www.theuntzfestival.com](http://www.theuntzfestival.com)

Debbie Johnson, Browns Valley

## California Reverses, Now Shutting Prisons

By Dan Walters  
CALMatters

As signatures on petitions It was 1981 and then-Gov. Jerry Brown had a problem. California's 12 prisons were bulging at the seams with more than 28,000 inmates, thanks largely to tougher sentencing laws he signed, and he was told to expect another 20,000 more inmates within a few years.

The state hadn't built a new prison in two decades, stretching back to when Brown's father, Pat Brown, was governor. The Department of Corrections, as the prison system was then called, wanted Brown to launch a major prison construction program to handle its rapidly growing inmate load.

The young governor, nearing the end of his second and final term, was reluctant to ask voters for billions of dollars in bond money to build new prisons. His state architect, Sim Van der Ryn, had even refused to endorse plans for new prisons, reflecting opposition by those on Brown's left flank.

Finally, after months of negotiations and debate within his administration, Brown took a minimalist approach, asking the Legislature to place a \$495 million prison bond issue

on the 1982 ballot, enough to build space for about 10,000 more inmates, a fraction of the projected need.

Voters approved the measure, and over the next two decades the number of prisons tripled. However, the state sidestepped the need for voter approval with a clever, if deceptive, system of financing that borrowed many billions of construction dollars. Under the "lease-revenue" system, a state agency legally separate from the prison system issued bonds to build prisons, then leased them to the corrections department.

Even though most inmates came from urban counties, particularly Los Angeles, their politicians resisted having new prisons. The single Los Angeles County prison was built in the remote Antelope Valley.

Therefore, most new prisons were located in rural communities eager for the payrolls that the human warehouses generated, with the first in Avenal, a tiny Kings County community that had once been an oil boom town.

Despite the frantic pace of prison construction, the inmate population still outpaced the number of new cells and eventually grew to six times what it had been in 1981, declining only when, during Brown's second governorship, federal judges intervened and declared that the overcrowded conditions were illegal.

Over the last half-decade, thanks to more lenient sentencing laws (some sponsored by Brown

2.0), diversion of felons into local jails and early releases due to COVID-19, inmate numbers have declined sharply to 94,000, scarcely half of the 173,000 peak and very close to the system's original design capacity.

It's now time, Gov. Gavin Newsom says, to start shutting down some of the state's three dozen prisons, citing the inmate decline and billions of dollars in looming costs to rehabilitate older facilities.

The first to go will be the 68-year-old Deuel Vocational Institution near Tracy. This month, it was announced that the second will be the California Correctional Center in Lassen County.

The Legislature's budget office projects that three more could be shuttered by 2025 and the local economic impacts could be heavy, particularly in rural areas. However, just as with the closure of unneeded military installations in the 1990s, that must be a secondary consideration. It's unfair to taxpayers to keep obsolete facilities open just because of their jobs.

That said, rural communities accepted prisons that politicians from urban areas refused and the state should foster the redevelopment of its prison sites for positive purposes, rather than leaving them as decaying eyesores of a previous era.

## Kiley and Gallagher Issue Joint Statement in Case against Newsom

By Joe Zanze, California Legislature

**SACRAMENTO, CA (MPG)** - Assemblymembers Kevin Kiley (R-Rocklin) and James Gallagher (R-Yuba City) released the following statement after oral arguments in Gallagher and Kiley v. Newsom that took place in front of the Third District Court of Appeal:

"We appreciated the opportunity to appear before the Appeals Court and are hopeful that the Superior Court's ruling will be affirmed. The notion that one person can centralize all state power in his hands is utterly incompatible

with our Constitution and form of government. This case can assure the extraordinary abuses of the past year are never repeated."

Gallagher and Kiley won their case in the Superior Court where the judge restrained the Governor from "exercising any further legislative powers in violation of the California Constitution and applicable statute" and barred him "specifically from unilaterally amending, altering, or changing existing statutory law or making new statutory law."

This will be the first precedent-setting decision in California history on the limits of a governor's emergency powers. ★

## Questioning Your Apparent Support for North Yuba Water District Policies and Conduct

**Commentary by Dr. Israel Perla**

Dear Supervisors and Directors,

On Friday 23-Apr-21 the North Yuba Water District (NYWD) held a virtual public meeting. Supervisor Fletcher was present and was invited to be the first to speak. He was introduced by the meeting coordinator and then introduced himself by his official titles of Yuba County Supervisor and Yuba Water Agency Director. This creates the appearance that all Yuba County Supervisors and Yuba Water Agency directors gave their blessings to whatever was said.

Thus, I am writing to all of you to express some differences with what Supervisor Fletcher said in the meeting, and to check if your apparent support is indeed there.

First, several concerned citizens, myself included, have asked supervisor Fletcher over the years to use his position and influence to improve irrigation water supply at NYWD, both for agriculture and fire protection. Invariably, his answer always was that he cannot and will not intervene in the working of the NYWD board. Thus, his appearance at a public meeting, and especially his clear taking sides was a surprise.

His predecessor, Hal Stocker, was as regular participant in NYWD meetings, always sat at the back, and rarely spoke.

In his speech, that seems to have been read from prepared notes, supervisor Fletcher thanked the departing president of the board for his great dedication and good work. He proceeded to thank the new president and vice president (although they were not yet elected) for their great work and dedication. Supervisor Fletcher than thanked the General Manager for his dedication and the office staff of NYWD for their great customer service and consistency. He proceeded to call them good people, and referred to other people as “The Haters,” saying they are seen for what they are. Supervisor Fletcher continued to tell the “good people” of NYWD, that in the county there are like-minded good people that would like to see their success. He invited them to ask for his help at any time.

There is no “Hate” and no “Haters.” All the irrigation customers continue to request is irrigation water. It is also sad to see a government agency performing so badly, and that is by any external standard. Details for that assessment are too numerous for this letter.

To get the record straight, I would like to draw your attention to the fact the NYWD cancelled the 2021 irrigation season without following proper procedures, alleging that “mother nature” prevents the water supply. Note that all neighboring water district are starting their irrigation season as usual, presumably being subject to the same natural conditions. At the March meeting, when the decision was announced, they kept linking the cancellation of the season to the inability to finish their piping project and blaming that, on the irrigation customers. That project was stopped by California supervisory agencies, due to lack of compliance with environmental regulations.

Please note that NYWD lost their long legal case trying to hide public records and engineering plans from the public and from their own director, and in the process, wasted many thousands of dollars of tax-payer funds.

Please note that NYWD frequently and regularly breaks many Brown Act rules.

Please note that NYWD General Manager often reports that the OH-Dobbins irrigation canal was maintained and ready for use. There are funds in the budget marked for that purpose. However, there is recent eyewitness, photographed evidence that the canal was hardly maintained for many years. There are large trees growing in the middle of the canal, heavy sediments in many places, and severe damages to the service roads resulting from consistent leaks and overflows. There were public requests in many NYWD meeting to remedy some of these situations.

Finally, please note that the GM attained his position partly based on a BA degree, which he acknowledged under oath, does not exist. Does this shed additional doubt on his reporting?

Please confirm or deny your official position regarding Supervisor Fletcher’s above-mentioned speech. ★

## The Yuba River “Secret” is Out

*Continued from page 1*

a friendly, non-confrontational approach to educate and inform visitors about river rules and ethics while recreating on local beaches and trails. Each weekend, a team of River Ambassadors sets up booths and signage at the busiest river crossings, provides information to visitors, removes trash & graffiti, dismantles illegal fire rings and interacts with visitors

along trails and beaches. River Ambassadors are also equipped with satellite phones from Nevada County Office of Emergency Services and serve as an emergency contact for guests when accidents happen at the river.

SYRCL needs help to effectively implement this program, which is why it is recruiting 70-100 volunteers to be River

Ambassadors at the South Yuba River this summer on weekends from 10am to 2pm starting May 29 and running through September 6. COVID-safe protocols will prioritize the health and well-being of volunteers. The first online training will be Wednesday, May 12 from 6pm to 7:30pm. For more information and to sign up for volunteer dates visit yubariver.org ★

## Weather Forecasting’s for Kids!

*Continued from page 1*

site that CW3E researchers use for storm-specific monitoring. Wilson says this provides additional opportunities for students to learn about science and weather relative to actual events happening around them.

The data from both the continuous monitoring stations and weather balloon launches also inform global weather and climate forecast models. Yuba Water and DWR use these forecasts to plan water releases from Lake Oroville and New Bullards Bar Reservoir, a coordination that is key to managing flows on the Yuba and Feather rivers and reducing flood risk for surrounding communities.

John James, water operations project manager for Yuba Water, says this opportunity was a great marriage between two projects that are having huge, positive impacts for Yuba County.

“The idea that we gather critical information to improve our forecasting and

at the same time help local students get hands-on experience that could inspire them to become future scientists – that’s incredibly rewarding,” James said.

Yuba Water is a stand-alone public agency dedicated to flood risk reduction, water supply reliability, fish habitat protection and enhancement, hydroelectric generation and recreation at New Bullards Bar Reservoir. Learn more at yubawater.org.

The Center for Western Weather and Water Extremes at Scripps Institution of Oceanography provides state-of-the-art water cycle science, technology and outreach to support effective policies and practices that address the impacts of extreme weather and water events on the environment, people and the economy of Western North America. CW3E works on observations, weather predictions, seasonal outlooks and climate projections of extreme events including atmospheric rivers and their impacts on the West. ★

## Tea Party Presents The Fall of Cabal

**By Larry S. Virga,  
Feather River Tea Party**

**YUBA CITY, CA (MPG)** - The Feather River Tea Party Patriots announced they will show the documentary “THE FALL OF CABAL – Ending the Reign of Evil” at their next meeting, scheduled for May 3, 2021.

A cabal is a group of people who are united in some close design, usually to promote their private views or interests in an ideology, a state, or another community, often by intrigue and usually unbeknownst to those who are outside their group. The use of this term usually carries negative connotations of political purpose, conspiracy and secrecy. A cabal of global elites, including top figures in Hollywood, the Democratic Party, and the intelligence agencies, are responsible for nearly all the evil in the world.

The Fall of Cabal is a must-see documentary made by award-winning author and researcher

**Fall of Cabal announces the downfall of the 1%, often referred to as the Cabal: a small group of people who run the world through their excessive wealth and power.** Photo courtesy FRTPP

Janet Ossebaard. The Fall of Cabal announces the downfall of the 1%, often referred to as the Cabal: a small group of people who run the world through their excessive wealth and power. They concocted an evil master plan to completely dominate and submiss humanity... a plan in which corruption, secret services, secret societies and high treason reign supreme.

Please note parts 1-9 are great fact-based journalism. The final part 10 however is Janet's own personal belief, which is a mixture of fact, and fiction. Don't let that keep you from the first

nine parts, which is critical information for everyone who wants to understand the world and make it a better place.

Everyone is welcome. There is no membership requirement and no cost to attend. The Monday, May 3, 2021, Feather River Tea Party Patriots’ meeting starts at 6:00 p.m. at Crossroads Community Church, 445 B Street, Yuba City. Doors open at 5:30 p.m.; come early to socialize with like-minded patriots, enjoy the refreshments, and get a good seat.

For more information contact Larry or Carla at (530) 755-4409. ★

# YOUR ONE MINUTE NEWS DIGEST

by Don Rae

# Brownie's BAIT BOX

Fishing rating scale: (b) Excellent • (a) Good • (g) Poor (bad)

## LOCAL FISHING

American River; shad are appearing. Use: 1/16 to 1/32 oz and 1" to 1 ½ inch Chartreuse, or Pink Grubs. (g) **Fisherman's Comment:** Marysville Kiwanis will not plant catfish in Ellis Lake this year, due to cancellation of fund raising program. Tisdale Weir; schools of stripers appearing. Limits of 20-22 inch fish. Use: Large Minnows. (a)

## WATER STAGE AND FLOWS

Feather River: Stage: 27.4 feet Flow: 1500 CFS  
Sac River: Stage: 40.4 feet Flow: 3860 CFS

## SAN FRANCISCO BAY-DELTA

Alameda Wall and Berkeley Flats; California halibut bite is on. Three fish per rod, trolling slow at 30-feet deep. Use: Anchovy (b) **Fisherman's Comment:** Fort Baker, Sausalito. April 18, 2021 CDF&W released one million Feather River Hatchery chinook smolts. NOT at Yuba City's Boyd's Landing. Reasoning: If released in the Feather River maybe 1000 smolts would survive in the low water. In San Francisco Bay perhaps 35,000 smolts will survive. Delta; boated 44 legal stripers at the bottom of the tide. Note! Not spawning yet. Use: Rattletraps. (a)

## COASTAL WATERS

Monterey Bay; sport salmon fishing...four salmon for fourteen anglers. Mooching at 280-foot deep. Lots and lots of boats. Use: Live Anchovy. (g) Farallon Islands producing limits of copper, canary, vermilion and starry rock cods found at 270-foot depths. Use: Shrimp Flies tipped with Squid. (b)

## LAKES RESERVOIRS AND RIVERS

Lake Camanche; kids pond turns out a 26" rainbow weighing 9.52 pounds. Use: Beaded, dual Silver Hammered blades with Nightcrawlers. (b) Lake Davis; ice out, but boat ramp still icy. Bank fishermen...Use: Power Bait and Worms. (a) Fly fishermen Use:

Beaded, Silver Hammered Blades

size #20 Zebra Midges. (a) Lake Amador; cut-bows (interspecies of rainbow and cutthroat trout) up to 17.88 pounds landed. Fish at 20'-30' deep. Use: Cripples. (a) New Melones Lake; bass are moving off their beds. Use: swimbaits, crankbaits, spinnerbaits, jerkbaits, etc. (a) Lake Oroville; One King salmon of 10.2 lbs landed. All others were 3-pounders, trolling near the dam. Use: Pearl Hoochi, or Tube Baits behind 8-inch Dodgers. (a) Pyramid Lake; fly fishermen not successful with Lahontan Cutthroats. Use: Booby Flies, Popcorn Beetles, or dual Midge setup. (g) Lake Tahoe Mackinaw; mostly 3-5 pounders, several 10-pounders. Trolling. Use: Live Minnows. (g) Sardine Lake; 7000-ft elevation. Snowing, road being plowed. Rainbow trout at 10'-15' feet. Use: Worms under a bobber. (a) Clear Lake black bass tournament; **Fisherman's Comment:** Unheard of activity by 214 boats, 3400 black bass caught and stressed out.

Red Head Shallow Diving Minnow

"Fishermen who live in glass houses should not throw rocks." ~ Brownie

# The Brownsville Bailiwick & Beyond

If you want to do a Spring closet cleaning, we hope to have a community yard sale at Books & More on Saturday, May 1. It would be a good chance for a bake sale, too, if there is a group wanting to have a fundraiser. Bring a table, chairs, pop-up if you want one. Space is free.

Brownsville Mercantile will have the Brownsville Peddler's Fair on May 1 also. Vendor space is free and all are welcome to set up. It is first come first serve on space. Nothing to sell? Then stop on by and check out the treasures. You're bound to find something you just can't live without. See you there.

If you haven't been to the Brownsville Station Café you are missing out on a fabulous meal. The menu is nicely varied and you are sure to find a tasty meal from burgers and fries to rib eye steak. Did I mention the delightful desserts made in house? Not to be missed. Stop in any Friday, Saturday or Sunday from 11:00 am until 8:00 pm for a delicious lunch or dinner. See you there.

We need to take a trip up the hill and

visit Reilley's Bar and Cafe in La Porte. However, be sure that you have a full tank of gas as there is none available above Clipper Mills. The dogwood is about to open and it is fun to watch the season change as you drive up the mountain. One of our favorite summer rides is to go over the mountain to Quincy and get an ice cream, love going through Onion Valley. The Pacific Crest Trail crosses the road above Onion Valley. Living in this area it is fortunate to have such open area to explore. We will really miss camping at Sly Creek. It looks like major timber hauling is coming out of that road due to the fire. Camping by the lake at Little Grass is good, too, though. There are several campgrounds surrounding the reservoir. The U. S. Forest Service manages these.

Look Back in time – In 1901 Rackerby and Upham crossed bats at Fig Tree Park. Rackerby came off victorious (wonder where Fig Tree is).

~ Hope to see you in Brownsville soon. Christine and Yvonne.

## Water Shortages Lead to Legislative Efforts

With more California farmers facing significant water cutbacks, public officials have responded with legislation to address the state's recurring water shortages. A plan in the state Legislature would allocate \$2 billion to accelerate a variety of water projects and programs. At the federal level, new legislation would restore canal capacity. Farm and water groups have also pressed to add water projects to a federal infrastructure package.

## Farmers Could Gain Fire-Insurance Options

Two concurrent efforts aim to help farmers and ranchers insure their properties in fire-prone areas. Legislation sponsored by the California Farm Bureau would authorize the state's insurer of last resort, the California FAIR Plan, to underwrite coverage for commercial farms and ranches that can't find it on the open market. At the same time, Nationwide has begun offering supplemental insurance for farmers who qualify for FAIR Plan coverage.

## Revived Food-Service Demand Would Help Dairy Farms

Dairy farmers will watch carefully as restaurants and other food-service facilities reopen. More than half of some dairy foods are typically consumed away from home. Dairy product sales to food service have increased and retail sales remain strong, but economists say future buying habits will be unpredictable as pandemic restrictions ease. With milk production expected to increase, analysts say food-service demand will be particularly important.

## Cooler Bags Assure Cold Milk for School Meals

To keep milk available for students receiving meals via school drive-through services, California dairy processors have provided schools with large cooler bags. The bags can keep two crates of milk cold, and help assure it remains part of school meals distributed at drive-through locations. The California Milk Advisory Board says up to 5,000 cooler bags will be provided to schools in Central and Southern California.

# Knowing When a Market is Setting Up to Correct is The Holy Grail in Investing

Knowing when a market is setting up to correct is the Holy Grail in investing. Many advisors and investors adopt the methodology to just buy and hold. However, readers of Money Matters know I advocate a more hands-on approach to portfolio management that includes an attempt to accomplish some degree of portfolio *protection*.

What I mean by this is that investors can actively try to protect profits and guard against losses instead of just sitting on their hands by adopting some basic strategies.

Decades ago I developed such a method called "The Safe and Conscious Investing Methodology" (SCIM).

Let me begin by saying no one can predict market movements at any time and no guarantees can be offered that gains will be protected or losses will not be realized. After all, investing involves risk.

Much like the study of volcanos, volcanologists can look at what is happening but cannot guarantee what *will* happen. The same goes with market prognostications. There are no guarantees of any kind. If an investor cannot tolerate risk, they consider FDIC bank products and there are varying strategies to consider there as well.

To utilize SCIM means the advisor monitors various things not only happening in the markets, but in the economy as well.

Needless to say, an economic background would help facilitate this monitoring, for without such education, one would not know what to look for when it came to the economic portion of the strategy.

In lieu of using SCIM, the buy and hold strategy (which I call "do nothing" advisory) exists on the principal markets that always recover.

I am of the opinion the *do nothing* principal is flawed on the most fundamental of levels. Remember, advisors stating that markets always comes back is technically illegal. That illegality comes from the basic rule that advisors are strictly forbidden to guarantee any market direction of any kind at any time.

However, if one believes markets always come back, it is my opinion an advisor is not needed, and that one could just buy a broad market representative holding that attempts to mirror an index, purchased through a discount brokerage firm, and be done with it. With no advisor, there would obviously be no advisor

assault others. When will the media be honest about this terror? Garamendi, when will you denounce them?

- Remember this? Biden told a black voter that if he did not vote for him, he was not black. A KKK hood was sent, via Twitter to Candace Owens by a Democrat candidate for Congress. The California Democrat Party is shedding fake tears about attacks on Asians but will not apologize for supporting Prop. 16, which limits Asian students in California colleges.
- Democrat Assemblywoman Lorena Gonzalez-Fletcher wants to eliminate all gas powered machinery like lawnmowers, off road vehicles, and chainsaws. Maybe we could all bend down and cut the grass with our teeth.
- We are in a civil war with one side fighting to return civil liberties and Constitutional protections to all Americans, and the other side, using "equity" to keep the "wrong" people from a college education. It is not a shooting war yet. What does the future hold?
- Another totally ridiculous Democrat proposal to solve the homeless problem in L.A. The snowflakes proposed sending the homeless to the beaches during the hot summer months. How would you like to take your kids to the beach crowded with homeless, drugies, and mental cases?
- Biden says no amendment to the Constitution is absolute. Really? The Bill of Rights can be ignored and thrown out if it doesn't serve your control issues? Biden is a real and dangerous threat to our Democracy.
- The snowflakes in the mainstream media played down the recent killings at the Capitol Building. Why? The killer was Black and he used a knife. The whole incident didn't conform to the snowflakes' narrative. So it never happened.
- Maxine Waters told Jim Jordan to shut his mouth. Who in the name of heaven does she think she is? ★

fee as well.

The SCIM method, instead of just buying and holding, looks at a variety of events and movements in the market and economy, then considers what the markets have done in the past to guide the advisor as to what may happen in the future.

What to look for is the key when attempting to limit downside using SCIM.

An example of an SCIM event is illustrated stating the old adage that stocks and bonds have a tendency to move opposite of each other. Although not always true, it happens enough times for a mix of stocks and bonds to be a common recommended stock allocation rule.

(<https://www.investopedia.com/articles/investing/062714/100-minus-your-age-outdated.asp>).

SCIM looks at many events, including the stock and bond relationship, and how it is changing over a given period of time. Other observations in SCIM consider action in the Fed Funds arena, interest rates, the Repurchase Agreement facility, (REPO), overseas markets, currency fluctuations, political considerations and movements in certain market sectors like fixed income, consumers staples, utilities, preferred stocks, real estate investment trust (REIT) and other areas.

Although the reader may not fully understand all the considerations that SCIM looks at, just know that the events occurring in multiple areas of the economy and in the markets may alert an astute economist and an *experienced* advisor that something may be occurring beneath the surface that could erupt into a more serious event.

Although no methodology can guarantee anything when it comes to the stock market, much like a volcanologist who studies underground movements and occurrences beneath a potential volcano, there can also be tremors felt in the markets that may indicate something far more terrible is about to occur.

*Opinions expressed here are those of Mr. Cuniberti and not those of any bank or investment advisory firm. Nothing stated is meant to insure a guarantee, or to be construed as investment advice. No person or methodology can predict market movements of any kind. Past performance is no guarantee of future results.* ★

**NOTICE OF PETITION  
TO ADMINISTER  
ESTATE OF:  
DUANE ALSON WEIR  
CASE NO.  
PRPB21-00038**

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the WILL or estate, or both of DUANE ALSON WEIR.

**A PETITION FOR PROBATE** has been filed by JULIAN ANTHONY GONZALES in the Superior Court of California, County of Yuba.

**THE PETITION FOR PROBATE** requests that JULIAN ANTHONY GONZALES be appointed as personal representative to administer the estate of the decedent.

**THE PETITION** requests the decedent's WILL and codicils, if any, be admitted to probate. The WILL and any codicils are available for examination in the file kept by the court.

**THE PETITION** requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

**A HEARING on the petition will be held in this court as follows: 05/17/21 at 9:00AM in Dept. 4 located at 215 5TH STREET, MARYSVILLE, CA 95901**

**IF YOU OBJECT** to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

**IF YOU ARE A CREDITOR** or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) **four months** from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) **60 days** from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code.

Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law.

**YOU MAY EXAMINE** the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk.

Petitioner(s) Raymie Nicole Reed Jones Perry filed a petition with this court for a decree changing names as follows:

**1) from: Raymie Nicole Reed Jones Perry  
to: Raymie Nicole Jones**

**THE COURT ORDERS** that all persons interested in this matter appear before this court at the hearing indicated below to show cause, if any, why the petition for change of name should not be granted. Any person objecting to the name changes described above must file a written objection that includes the reasons for the objection at least two court days before the matter is scheduled to be heard and must appear at the hearing to show cause why the petition should not be granted. If no written objection is timely filed the court may grant the petition without a hearing.

A copy of this order to show cause shall be published at least once each week for four successive weeks prior to the date set for hearing on the petition in the following newspaper of general circulation, printed in this county: Territorial Dispatch.

DATE: April 15, 2021

**Stephen W. Berrier  
JUDGE OF THE SUPERIOR COURT.**

April 23, 30, May 7, 14, 2021.

LETTER TO THE EDITOR

The Second Amendment

Ask any one in law enforcement if they can protect you and your family 24 hours a day; I feel certain they would reply in the negative. Considering this fact, the protection of ourselves and families is our responsibility. In many cases, we cannot wait for law enforcement to intervene in a violent attack. Gun control weakens our ability to protect ourselves. We must be allowed guns to do what liberals will not do, protect ourselves. Oh, sure they can afford bodyguards, gated communities with roving patrols of private security and expensive homes with alarm systems. Again, I forgot, they are better than, more important than, smarter than we “deplorables”. Disarming citizens is a signal to criminals – OPEN FOR BUSINESS. There is no deterrence to commit more violent crimes. It was not by accident the founding fathers prioritized the First and Second Amendments in order of importance. The First and Second Amendments

are, in my opinion, the fourth means of checks and balances; complementing the existing constitutional checks and balances of the Legislative, Judicial and Executive branches of government. The bloviating liberals insist if we just got rid of all our guns, society would be Nirvana. Before the invention of gunpowder, the world was NOT a kinder, gentler, less violent place, on the contrary, If there were no guns, man would have just invented another conveyance of destruction. Ancient man probably started the arms race by grabbing the nearest rock to protect his family. Possession of weapons by the citizenry may have prevented the slaughter of millions in the last century. The founders recognized the enemy, and it was us, hence the second amendment. Freedom requires more free speech not less, and more rocks to defend it and ourselves.

Yuba County Files a Restraining Order against Media Commentator Lou Binninger

By Seti Long

MARYSVILLE, CA (MPG) - Comments regarding Bi-County Health Officer, Dr. Phuong Luu, landed local resident and media personality Lou Binninger, in Yuba County Court last Wednesday.

Binninger, who uses No Hostages Radio as his platform to share “his take on the local, state and national political and cultural scene” was the focus of Yuba County legal counsel after comments he made about Bi-County Health Officer Dr. Phuong Luu. On October 24th, Binninger is quoted as saying “Quit listening to this nutcase Dr. Luu. That gal should be set up against a wall and shot after this is over. She has killed people in this community and traumatized them.” Then earlier this month, on April 10th, he reportedly followed with “These people like Dr. Luu - Somebody should just smash her car,

bust her up, and send her out of town.”

Yuba County filed a restraining order against Binninger after the comments made during his podcasts were taken as threats to Dr. Luu’s safety by the county. The county has reportedly requested of the Court that Binninger be made to cease all threats of violence, call for others to commit violence against Dr. Luu and that he remains 25 yards away and make no attempts to communicated with the Health Officer.

In a written response Binninger says, “The county filed an emergency restraining order. They give me just 36 hours to be at court and served me additional paperwork in the hallway of the courthouse just before entering the courtroom. The county attorneys had no interest in hearing my side and enabling me a fair trial, except for Judge

Stephen Berrier. The burden of proof was on the county to provide intent and direct or indirect evidence of harm to the health officer.” He continues, “There is no evidence that my speech has influenced anyone to taunt or trouble the health officer.” And “The podcast statements were not taken in context.” Binninger tells the Appeal Democrat, “I don’t want any harm to come to her in that way.”

According to the Appeal, Yuba County Superior Court Judge Stephen Berrier directed Binninger and Yuba County legal counsel to confer on a stipulated order that would appease both parties - address Yuba County’s concerns over Dr. Luu’s safety and not infringe on Binninger’s First Amendment rights.

A review hearing will be held Monday, May 3rd at 9:30 am at the Yuba County Superior Courthouse. ★

**NOTICE OF TRUSTEE'S SALE UNDER DEED OF TRUST TITLE ORDER NUMBER: P-460254 LOAN: P01149 FILE: PFI-201522 A.P.N.: 050-180-013-000 YOU ARE IN DEFAULT UNDER A DEED OF TRUST DATED 10/26/2015. UNLESS YOU TAKE ACTION TO PROTECT YOUR PROPERTY, IT MAY BE SOLD AT A PUBLIC SALE. IF YOU NEED AN EXPLANATION OF THE NATURE OF THE PROCEEDING AGAINST YOU, YOU SHOULD CONTACT A LAWYER.**

**NOTICE is hereby given** that PLACER FORECLOSURE, INC., as trustee, or successor trustee, or substituted trustee pursuant to the Deed of Trust executed by: SAINT FORD, AN UNMARRIED MAN ALSO KNOWN AS SAYNT FORD Recorded 10/29/2015 as Instrument No. 2015-013074 in book , page of Official Records in the office of the Recorder of YUBA County, California, and pursuant to the Notice of Default and Election to Sell thereunder recorded 1/4/2021 in Book, 000, as Instrument No. 2021-000019 of said Official Records, **WILL SELL on 05/13/2021 the front entrance to the County Courthouse, 215 5th St., Marysville, CA 95901 at 01:30PM AT PUBLIC AUCTION TO THE HIGHEST BIDDER FOR CASH** (payable at the time of sale in lawful money of the United States), all right, title and interest conveyed to and now held by it under said Deed of Trust in the property situated in said County and State hereinafter described: As more fully described on said Deed of Trust. The property address and other common designation, if any, of the real property described above is purported to be: **17635 PONDEROSA WAY, BROWNSVILLE, CA 95919** The undersigned Trustee disclaims any liability for any incorrectness of the street address or other common designation, if any, shown herein. Total amount of the unpaid balance of the obligation secured by the property to be sold and reasonable estimated costs, expenses and advances at the time of the initial publication of the Notice of Sale is: \$103,807.23 In addition to cash, the trustee will accept a cashier's check drawn on a state or national bank, a check drawn by a state or federal credit union, or a check drawn by a state or federal savings and loan association, or savings association, or savings bank specified in Section 5102 of the Financial Code and authorized to do business in this state. In the event tender other than cash is accepted the Trustee may withhold the issuance of the Trustee's Deed until funds become available to the payee or endorsee as a matter of right. Said sale will be made, but without covenant or warranty, express or implied, regarding title, possession, or encumbrances, to satisfy the indebtedness secured by said Deed, advances thereunder, with interest as provided therein, and the unpaid principal balance of the Note secured by said Deed with interest thereon as provided

in said Note, fees, charges and expenses of the trustee and the trusts created by said Deed of Trust.

**NOTICE TO POTENTIAL BIDDERS:** If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property.

**NOTICE TO PROPERTY OWNER:** The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call 916-939-0772 or visit this Internet Website [www.nationwideposting.com](http://www.nationwideposting.com), using the file number assigned to this case PFI-201522. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Website. The best way to verify postponement information is to attend the scheduled sale. Dated: 04/13/2021 PLACER FORECLOSURE, INC., as said Trustee 12190 Herdal Drive, Suite 9 Auburn, California 95603 (530) 888-8411 By: SHANNON WINFORD, TRUSTEE SALE OFFICER DIRECTIONS MAY BE OBTAINED PURSUANT TO A WRITTEN REQUEST SUBMITTED TO THE BENEFICIARY C/O PLACER FORECLOSURE, INC., 12190 HERDAL DR., SUITE 9, AUBURN, CA 95603, WITHIN 10 DAYS OF THE FIRST PUBLICATION OF THIS NOTICE. PLACER FORECLOSURE, INC. IS A DEBT COLLECTOR ATTEMPTING TO COLLECT A DEBT AND ANY INFORMATION OBTAINED WILL BE USED FOR THAT PURPOSE. **REQUEST FOR QUALIFICATIONS**  
**Acquisition for Rehabilitation – General Contractor Services**  
**Notice to Prospective Proposers**

You are invited to review and respond to this Request for Qualification (RFQ), entitled 2021-PLHA - Acquisition for Rehabilitation – General Contractor Services. In submitting your proposal, you must comply with these instructions.

Note that all agreements entered into with the County of Yuba will include by reference General Terms and Conditions that may be viewed and downloaded at Internet site

[https://www.yuba.org/departments/administrative\\_services/purchasing/purchasing.php](https://www.yuba.org/departments/administrative_services/purchasing/purchasing.php)

If you do not have Internet access, a hard copy can be provided by contacting the person listed below.

**Brief Project Description:**

The County of Yuba wishes to retain general contracting services for the purpose of building and rehabilitating residential homes through the County's Acquisition for Rehabilitation Program. The Program will bring properties up to code, improve health and safety issues, address unmet housing needs in the local community, and make homes affordable to households at or below 80% of the County of Yuba's Median Household Income (MHI) adjusted by household size. Within this Program, the County may restore dilapidated housing through extensive rehabilitation, or rebuild homes if the existing structures are not salvageable or a lot is vacant.

This program is funded through the California Department of Housing and Community Development (HCD) Community Development Block Grant Program Income (CDBG-PI) and Permanent Local Housing Allocation (PLHA). Thus, certain restrictions will apply to all expenditures, procurement processes and resale values of rehabilitated homes. **Prevailing wage will not be required for the Program, per the Department of Industrial Relations.**

In the opinion of the Yuba County Community Development and Services Agency, this RFQ is complete and without need of explanation. However, if you have questions, or should you need any clarifying information, the contact person for this RFQ is:

Rachel Downs, Project Manager  
Community Development and Services Agency  
915 8th Street, Suite 123  
Marysville, CA 95901  
(530) 812-3990  
[rdowns@co.yuba.ca.us](mailto:rdowns@co.yuba.ca.us)

Please note that no verbal information given will be binding upon the County unless such information is issued in writing as an official addendum.

April 23, 30, 2021

**NOTICE OF PETITION TO ADMINISTER**  
**Estate of Christopher Knittel**  
**Case No. PRPB21-00047**

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate or both of **Christopher Knittel**.

**A Petition for Probate** has been filed by: Carla Colligan in the Superior Court of California, County of: Yuba

The Petition for Probate requests that (name): Carla Colligan, Guardian of the estate of Chrislynn Annmarie Knittel be appointed as personal representative to administer the estate of the decedent.

The petition requests authority to administer the estate under the independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

**A hearing on the petition will be held in this court as follows: May 17, 2021 at 9:00 a.m. in Dept. 4 located at Superior Court of California, County of Yuba, 215 5th Street Ste. 200 Marysville, CA 95901.**

**If you object** to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

**If you are a creditor or a contingent creditor of the decedent**, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either **(1) four** months from the date of first issuance of letters to a general personal representative, as defined in section 58 (b) of the California Probate code, or **(2) 60 days** from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code.

**Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California Law.**

**You may examine the file kept by the court.** If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for special Notice form is available from the court clerk.

**Attorney for Petitioner:** Courtney E. Gengler  
1512 Starr Drive, Suite A, Yuba City, CA 95993

423 4th Street, Suite 1-W, Marysville, CA 95901  
Subscription rate is \$78 per year within California.

Main Office Address: 7144 Fair Oaks Blvd., Suite #5,  
Carmichael, CA 95608. Call 916-773-1111 for more  
information. The *Territorial Dispatch* is published weekly  
on Friday.

We are proud members of these newspaper associations.

EXCLUSIVELY FOR CUSTOMERS 55 & UP

# 2 UNLIMITED LINES 50% OFF VS VERIZON

Versus comparable unlimited plans (Play More/Do More). Plan features may vary.

## Plus get 2 free smartphones and Netflix On Us.

### Exactly \$70/month with AutoPay.

Two free smartphones with 24 monthly bill credits when you switch to T-Mobile. For well-qualified customers; plus tax. If you cancel, you may owe up to full device amount on required finance agreements. During congestion, customers on this plan using >100GB/mo. may notice reduced speeds until next bill cycle due to data prioritization. Video typically streams on smartphone/tablet at DVD quality (480p). Unlimited while on our network.

# T Mobile™

Find out more at [T-Mobile.com/Discount55](https://www.t-mobile.com/Discount55)

Limited-time offer; subject to change. Qualifying credit & deposit may be required. May not be combinable with some offers or discounts. **Free Smartphones:** If you cancel your line before receiving 24 bill credits, you may owe up to the full value of your devices (e.g. \$252–LG Style 6); if canceling your account, you can contact us first to instead make discounted monthly balance payments. Tax on pre-credit price due at sale. If you have cancelled lines in past 90 days, you may need to reactivate them first. \$10 SIM cards & \$20 assisted or upgrade support charge may be required. Up to \$252 via bill credits; must be active and in good standing to receive credits; allow 2 bill cycles. Max 12/account. **Magenta 55:** Sales tax and regulatory fees included in monthly rate plan price. Postpaid only. Participating retail locations only. Capable device required for some features. U.S. roaming and on-network data allotments differ: includes 200MB roaming. Unlimited high-speed data US only. **Unlimited talk & text** features for direct communications between 2 people; others may cost extra. **Video streams** at up to 1.5Mbps. Optimization may affect speed of video downloads; does not apply to video uploads. Netflix: Receive Netflix Basic (1-screen, up to a \$8.99/mo. value) while you maintain 2+ lines in good standing. Value may be applied to different Netflix streaming plans. Not redeemable or refundable for cash. Cancel Netflix anytime. Netflix Terms of Use apply: [www.netflix.com/termsofuse](https://www.netflix.com/termsofuse). 1 offer per T-Mobile account; may take 1–2 bill cycles. See [t-mobile.com/netflix](https://t-mobile.com/netflix) for add'l info. Like all plans, features may change or be discontinued at any time. Tethering: 5GB high-speed data then unlimited on our network at max 3G speeds. For the small fraction of customers using >50GB/mo., primary data usage must be on smartphone or tablet. Smartphone and tablet usage is prioritized over Mobile Hotspot Service (tethering) usage, which may result in higher speeds for data used on smartphones and tablets. **AutoPay Pricing:** Without AutoPay, \$5 more/line/mo. May not be reflected on 1st bill. **Coverage** not available in some areas; we are not responsible for our partners' networks. **Network Management:** Service may be slowed, suspended, terminated, or restricted for misuse, abnormal use, interference with our network or ability to provide quality service to other users, or significant roaming. See [T-Mobile.com/OpenInternet](https://t-mobile.com/OpenInternet) for details. See **Terms and Conditions (including arbitration provision)** at [www.t-mobile.com](https://www.t-mobile.com) for additional information.
