A Long Time in the Making *North Yuba Water District Piping Project Holds Groundbreaking Ceremony*

The Oroleve Creek Piping Project groundbreaking ceremony was attended by project supporters (from left to right) NYWD Board Member, Gary Hawthorne; NYWD Vice-Chairman, Doug Neilson; NYWD Board Chairman, Eric Hansard; NYWD General Manager, Jeff Maupin; Yuba County Supervisor and Yuba Water Agency Chairman, Randy Fletcher; Yuba Water Agency General Manager, Willie Whittlesey; construction contractor, Hansen Brothers Enterprises President, Jeff Hansen; and Northstar Engineering, Richard Guverra. Photo courtesy NYWD

By Jeffrey Maupin, NYWD

BROWNSVILLE, CA (MPG) - In a major milestone event 50 years in the making, North Yuba Water District (NYWD) hosted a groundbreaking ceremony Friday, July 24, for the Oroleve Creek Piping Project, the first step in the larger Forbestown Ditch Piping Project. Supporters of the Project from NYWD, the Yuba Water Agency, and Hansen Brothers Enterprises, attended the event.

Construction for Project is estimated at \$683,444. Earlier this month, the Yuba Water Agency voted unanimously to grant NYWD funding for 70% of the project, \$478,410. The remaining 30%, \$205,034, will come from NYWD reserves.

When complete, this Project will pipe approximately one mile of the Oroleve Creek that flows into the Forbestown Ditch. The Ditch conveys water to the NYWD Treatment Pond, and is the sole source of drinking water for approximately 3,100 residents of Brownsville, Challenge, Rackerby and Forbestown.

NYWD is currently finishing environmental work to also begin piping the entire 10-mile span of the Forbestown Ditch. Originally dug in the 1860's, the Ditch is an unlined, open canal, approximately 10 miles long. Moving to a piped Ditch will lower the possibility of breaches like the those most recently experienced in 2017 and 2018.

Piping the entire Ditch, and this peripheral Oroleve Creek section, will save a significant amount of water lost from seepage and evaporation, increase the amount of water available for customers and eliminate a vast majority of dirt, trash and contamination from entering the treatment pond.

"Our customers have endured years of uncertainty with their drinking water," said NYWD General Manager, Jeff Maupin. "Piping our system was literally a 'pipe dream' until today. Now through the actions of our Board of Directors, and the assistance of the Yuba Water Agency, it's becoming a reality."

NYWD is designated a Severely

Disadvantaged Community (SDAC) with an annual median household income less than 60 percent of the Statewide annual income.

"I'm honored to be a part of this ceremony today, for a project I've championed my entire time in office," said Randy Fletcher, Yuba County Supervisor and Yuba Water Agency Chairman. "When you consider the Ditch was constructed when Abraham Lincoln was President, these residents are long overdue for a safe, secure way to receive their water."

The Forbestown Ditch has quite a storied past. First called the "Miner's Ditch," the Ditch and the District have changed ownership and names several times, and weathered numerous epic blowouts over its 150 years. Historical photos of the "Miner's Ditch" are on the NYWD website, and an actual segment of an old wooden flume, used to repair a breached segment of the Ditch, is on display at the Forbestown Museum.

For more information about the NYWD, visit www.NYWD.org. ★

Licenses for Drivers 70 and Older are Extended

California Department
of Motor Vehicles

SACRAMENTO, CA (MPG) - The California Department of Motor Vehicles is providing an automatic one-year extension to Californians age 70 and older with a noncommercial driver license with an expiration date between March 1 and December 31, 2020. This action delays the requirement for this population to visit a DMV office during the COVID-19 pandemic.

The DMV previously provided 120-day extensions to senior drivers with noncommercial licenses expiring in March through July. While the new extensions are automatic, drivers will not receive a new card or paper extension in the mail. As an option, drivers can request a free temporary paper extension online beginning July 15 through DMV's Virtual Field Office to document the extension, though it is not needed to drive. Californians with a suspended license are not eligible.

California law requires drivers age 70 and older to visit a DMV field office to renew their license but gives the DMV authority to issue extensions. The DMV has alerted California law enforcement of the extensions. The TSA accepts driver licenses for a year after the expiration date.

Commercial licenses, including those for drivers 70 and older, expiring between March and September are extended through September 30, 2020, to align with federal guidelines.

The one-year extension for senior drivers is the latest action to help Californians avoid or delay a DMV office visit during the COVID-19 pandemic. The DMV has issued extensions for expiring driver licenses and permits, expanded eligibility to renew a driver license or identification card online or by mail, and created new digital options for transactions that previously required an in-person office visit. The DMV continues to streamline its processes to limit the time customers spend at an office. Customers are encouraged to fill out the online application and upload their documents before they come to the office. The DMV is also contemplating other ways to safely serve seniors.

Summary of California Driver License extensions:

Age 70 & older (noncommercial) expiring between March-December of 2020 – Extended one year from original expiration date; Age 69 & younger (noncommercial) expiring March – July 2020 – Extended until July

Another Change: City Manager Brown is Out

By Lou Binninger

MARYSVILLE, CA (MPG) - After refusing to resign and requesting a public meeting for her dismissal, Marysville City Manager Marti Brown was fired without cause after serving the city since January 2018.

Mayor Ricky Skamayoa along with Councilmembers Bruce Buttacavoli and Brad Hudson voted to terminate Brown though none could offer a proper cause after repeated public challenges from Councilmember Bill Simmons. Stephanie McKenzie argued to retain Brown, as well.

Hudson's vote should be disqualified since as a

businessman he is at odds with Brown and the city's Public Works Department. Hudson, a bar owner, has a conflict of interest and should have recused himself.

Hudson's row with the city is due to the city's refusal to permit his request to use a second story above his bar unless extensive changes were made to become ADA compliant (American Disabilities Act). The city's position was that altering federal ADA requirements were not the city's to make and remain exempt from liability.

Marti Brown had just 5-months left on her 3-year

contract (ending 12/31/20) and there will be a new City Council starting January 1, 2021. With Hudson complaining about being on the council, Buttacavoli threatening to resign recently and Skamayoa doubtful to be re-elected it seems that they could have let the new council decide about Brown. Instead the three have created an administrative train wreck for city workers and citizens.

Near the end of 2019 with one-year left on her agreement, Brown asked about a contract extension in order to prepare for the future. Her three adversaries would not offer a new contract nor would they

engage in an analysis of her job performance.

Yuba Water Agency heard about the ordeal and paid for an independent firm to do an evaluation on Brown. A positive report was accepted in a public vote by the city council. Contrary to the previous toxic manager that had alienated the city, Brown had established positive relationships with agencies and adjacent jurisdictions.

Councilmembers Stephanie McKenzie and Bill Simmons describe Brown as smart, fiscally conservative, good for the taxpayers and with an eye to catch problems that cost the city money.

News Outlook

By Josh F.W. Cook

There are some human rights that are simply fundamental to a life of meaning and joy. Concepts so crucial that women and men, some of the best women and men in history, have fought and died to maintain these principles or values. They are referred to as human rights or human dignities; like freedom from forced labor (or having the wealth you have earned taken from you by force), the freedom to own property, speak your thoughts, go where you want to go, and in my opinion the first freedom, doing the things you want to - because of your personal religious feelings and identity. These ideas are all found written into The Constitution. Yet increasingly, we see an open hostility toward these traditional and fundamental human rights. This animosity toward individual rights has, in recent months, been very much on display as we have observed the United States Supreme Court issued several rulings which redefine how we will be allowed to be “who we are” and live as we believe. Indeed Dr. Douglas Laycock of the University of Virginia School of Law wrote

the following: *“For the first time in nearly 300 years, important forces in American society are questioning the free exercise of religion in principle – suggesting that free exercise of religion may be a bad idea, or at least, a right to be minimized,”* which brings us to the recent action of the US Supreme Court in the case of the congregants of the Christian Calvary Chapel of Dayton Valley Nevada vs. their Governor. The State has issued rules by which human gathering, or doing business, will be “allowed” during an Emergency, and in which order public activities are permitted. These Dayton Valley Religionists are finding themselves at the back of the line, so they went to the Supreme Court for relief - and were rejected on a 5 to 4 vote. I paste below some of the arguments made by the Justices who were correct - but outvoted. *“That Nevada would discriminate in favor of the powerful gaming industry, and its employees may not come as a surprise, but this Court’s willingness to allow such discrimination is disappointing ... We have a duty to defend the Constitution, and even a public health emergency does not absolve us of that responsibility... The Constitution guarantees the free exercise of religion. It says nothing about the freedom to play craps or blackjack, to feed tokens into a slot machine, or to engage in any other game of chance.”* Alito’s reference to the now superior

“right”- to gamble - which Nevada has allowed while threatening to send the Calvary Chapel people to jail for doing something in the Constitution expressly allows - freedom to be religious. Justice Neil Gorsuch wrote, *“today’s world with a pandemic upon us, poses unusual challenges. But there is no world in which the Constitution permits Nevada to favor Caesars Palace over Calvary Chapel.”* Pause for a moment and mentally process this - Casinos can open, Churches cannot. Will, any of us be surprised when the same “value set” held by the Governor allows the “sex workers” in the State sanctioned brothels to open while the Dayton Valley Jesus lovers are still locked out, unable to sing, or worship - even with masks on standing six feet apart? Those of you philosophical or religious type Territorial Dispatch readers - who care about human rights, human dignity, and freedom - can have a very clear apprehension of which way these rights are now ordered. Likewise, a clearer perception that the order of importance can change on any given day during an “Emergency.” Unwittingly, the Governor of Nevada has misapplied the New Testament teaching of Jesus and has decided to “render unto Caesars” more civil rights of the Dayton Valley Christians. ***

North Yuba Forest Partnership Releases Its Interactive Story Map

By Alex Boesch, Yuba Water Agency

NEVADA CITY, CA (MPG) - In November 2019, a diverse group of nine organizations, known as the North Yuba Forest Partnership, announced its commitment to using best available science in planning and implementing forest restoration at an unprecedented pace and scale within the North Yuba River watershed. The group released an online interactive story map highlighting the ecological and human values within the watershed, the risks posed by high-severity wildfire, and the treatments that can be used to restore forest health and resilience and protect communities within this 275,000-acre landscape.

“The purposes of the online interactive story map are community outreach and education,” said Bri Tiffany, California Program Associate for the National Forest Foundation. “The scale and complexity of proposed fire resilience and restoration treatments within this large landscape can seem daunting at first. By utilizing the story map, the complexity is broken down into specific GIS-based maps, photos, and text that describes the issues facing our forests and communities, and the kinds of active management that can help protect both. The interactive story map is designed to facilitate learning about the North Yuba River watershed and the associated restoration effort at your own pace.”

In addition to explaining the unique values of the North Yuba River watershed, the story map walks viewers through the importance of returning low- and medium-intensity fire to this watershed. Historically, low- and medium-intensity natural fires maintained a healthy forest by removing overcrowded brush, overstocked trees and the buildup of hazardous fuels.

“In many cases, ecologically-based thinning treatments are a crucial first step for the return of beneficial fire,” stated Tiffany. “Research shows that ecologically-based thinning combined with prescribed fire is a powerful combination to restore forest health, reestablish natural resilience to large wildfires, and enhance wildlife habitat and biological diversity.”

The story map, available at <https://arceg.is/>

vDzr5, is also designed to be shared. Please help the North Yuba Forest Partnership by sharing the story map through email, social media platforms or other means.

To learn more and sign up for updates from the North Yuba Forest Partnership, visit www.yubaforests.org.

About the Partners

Blue Forest Conservation: An innovative nonprofit organization committed to creating sustainable financial solutions to pressing environmental challenges; **Camptonville Community Partnership:** A nonprofit organization with a mission of rural people working together for a safe, sustainable, and healthy community; **National Forest Foundation:** A nonprofit organization focused on engaging all Americans in promoting the health and enjoyment of our public forests; **The Nature Conservancy:** One of the world’s leading conservation organizations, dedicated to scaling up forest restoration across the Sierra Nevada; **Nevada City Rancheria:** The local tribal unit of the Nisenan people of Northern California, passionate about forest health and management, as it is central to their well-being; **Sierra County:** Positioned at the headwaters of the North Yuba River, Sierra County’s highest priorities include reducing wildfire risk, enhancing forest and watershed health through implementation of fire resilient treatments, and protecting its rural communities; **South Yuba River Citizens League:** Uniting the community to protect and restore the Yuba River watershed, SYRCL understands that forest health and resilience are essential to a healthy watershed; **The United States Forest Service – Tahoe National Forest:** Sustaining the health, diversity, and productivity of the nation’s forests and managing over 50 percent of the Yuba River watershed, which lies within the Tahoe National Forest; **Yuba Water Agency:** A special district in Yuba County, committed to forest health in the entire Yuba watershed, to ensure a sustainable water supply and reduce the risk of fire for the people of Yuba County. ★

City Manager Brown is Out

Continued from page 1

McKenzie said Brown and her staff were responsible for creating savings or getting grants amounting to around \$20 million since her arrival in 2018.

There had been reports of Bruce Buttacavoli asking Community Development Director Jonathan Wright, when he was still employed at the city and prior to Brown’s firing, if he would like Brown’s position. This rumor began to undermine morale among city workers and department directors.

Meanwhile Development Director Wright was fired after it was learned that he lied twice to Planning Commission members saying that he contacted City Attorney Brant Bordsen for a definitive analysis on a municipal code prior to it being voted upon by the City Council. However, Bordsen said he received no contact verbally or in writing from Wright. Planning Commissioners Richcreek and Bramer were both misled by Wright’s dishonesty.

This caused the ordinance to

mistakenly go before the City Council which then needed to consider reversing its action.

Skamayoa, Buttacavoli and Hudson had been discussing naming fired Wright to be the next manager on Tuesday 7/28/20. Chief of Police Chris Sachs was currently acting city manager.

The last chief / city manager combo Marysville tried ended in disaster when highly- regarded Chief Marc Siemens took the dual role in late 1998. However, by May 2001 Siemens lost favor with the council and then was the top choice of 35 applicants for the Chief of Police in Rocklin, CA. That left Marysville without a manager and a Chief of Police.

Marysville is the Bermuda Triangle for City Managers and Police Chiefs. With Siemens leaving in 2001 Marysville was looking for its 10th City Manager in 17 years. Since Siemens resigned the city is on its 7th Chief in 19 years.

The city paid Brown \$120,000 severance to say goodbye with a fired liar and a Chief of Police as possible replacements. ★

CDFW Now Hiring Wildlife Officers

CDFW Law Enforcement Press Release

SACRAMENTO, CA (MPG) - The California Department of Fish and Wildlife (CDFW) Law Enforcement Division is beginning the next cycle of recruitment for wildlife officers. If you want to make a positive difference in California as a member of a professional, effective, responsive law enforcement organization dedicated to ensuring public safety and protecting of our natural resources, this may be the career for you.

Applications must be submitted by July 31, 2020. Apply for a “Warden Cadet” position if you are not currently a peace officer. Apply for a “Warden” (lateral) position if you have your Peace Officer Standards of Training (POST) Basic certificate and are currently employed as a peace officer within the State of California.

“Warden Cadet” job bulletin: <https://jobs.ca.gov/JOBSGEN/8FG09.PDF>

“Warden” (lateral) job bulletin: <https://jobs.ca.gov/JOBSGEN/7FG12.PDF>

All prospective candidates are encouraged to extensively review informational materials on our website in addition to the above job bulletins. If you have additional questions, please email LED’s recruitment officer, Lt. Perry Schultz, at becomeagame-warden@wildlife.ca.gov.

CDFW wildlife officers are fully sworn

California peace officers with a fundamental duty to serve and protect the public. They have the authority to enforce all California laws. Wildlife officers patrol the mountains, valleys, deserts, creeks, streams, rivers and ocean. They frequently work alone and cover both rural and urban areas. California’s diverse ecosystem spans 159,000 square miles divided into 58 counties, with a human population more than 39 million. The state has 1,100 miles of coastline, 30,000 miles of rivers and streams, 4,800 lakes and reservoirs and 80 major rivers. Wildlife officers patrol with trucks, off road utility vehicles, personal watercraft, large patrol vessels, snowmobiles and aircraft. They work undercover, conduct surveillances and complete in-depth investigations, including writing and serving search warrants. CDFW’s Law Enforcement Division has numerous specialized teams and assignments including K-9, wildlife trafficking, cannabis enforcement, marine patrol, and oil spill prevention and response.

Successful applicants for warden cadet will attend a POST-certified law enforcement training academy, conducted by CDFW at Butte College in Oroville. Following the academy, probationary wildlife officers will work with seasoned field training officers for several months, where they will learn to apply their training in practical circumstances. ★

Licenses for Drivers 70 and Older Extended

Continued from page 1

31,2021 (renew online or by mail); Commercial (all ages) expiring March – September 2020 – Extended to September 30, 2020; Learners permits expiring March-August 2020 – Extending six months or to a date 24 months from the date of application.

DMV field office

employees are assisting customers with appointments at the specific office or with limited transactions that require an in-person visit. Last month, offices began offering additional services, including vehicle inspections and behind-the-wheel drive tests. The DMV continues to recommend that customers

use its online services, expanded virtual services and other service channels to complete transactions, including eligible driver license and vehicle registration renewals. Customers can use the Service Advisor on the DMV website to learn their options to complete DMV tasks. Visit WWW.DMV.CA.GOV for more info. ★

Caltrans to Begin Construction on State Route 99 Live Oak Project

Roadwork involves streetscape, pavement and safety improvements in Live Oak and will take place in various stages from south of Pennington Road to north of Ramsdell Drive. Photo: Caltrans

By Gilbert Mohtes-Chan, Caltrans

SUTTER COUNTY, CA (MPG) - Construction crews are scheduled to start work Monday, July 27, on a major pavement and streetscape project on State Route 99 in Live Oak.

Roadwork will take place in various stages from south of Pennington Road to north of Ramsdell Drive. Caltrans reminds residents that local businesses will be open during construction.

The \$36 million project is funded in part by a \$10 million federal Transportation Investment Generating Economic Recovery (TIGER) grant and \$2.3 million from Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017.

"This is a very exciting project that benefits residents, visitors and regional commuters. The federal funding will go toward improving the streetscape to create a 'main street'

environment," said Caltrans Director Toks Omishakin.

"Without funding from SB 1, the pavement would continue to deteriorate, which would have a direct impact on travelers and result in costly maintenance repairs in the future," Omishakin said. "This project allows crews to make long-term repairs, providing a smoother, safer ride for motorists and the region's commercial operators."

DeSilva Gates Construction is the contractor for this project, which calls for:

Upgrading the drainage systems; Rehabilitating the roadway to achieve a 40-year design life; Flattening the roadway cross slopes; Constructing new continuous sidewalks; Making traffic signal improvements at three intersections of Highway 99 at Pennington Road, Elm Street and Kola Street; Creating a pedestrian-focused downtown environment by enhancing

parking and building access, wayfinding and signage, landscaping and facilities for bicyclists and pedestrians.

Motorists should expect travel-interfering work and pedestrian detours during construction. Completion is expected in fall 2021. For the latest updates and more information about this project, please visit www.LiveOak99.com

The construction schedule is subject to change due to traffic incidents, weather, availability of equipment and/or materials, and/or construction-related issues. More information and updates on projects can be found at Caltrans District 3, on Twitter via @CaltransDist3 or on Facebook at CaltransDistrict3. For real-time traffic, click on Caltrans' QuickMap quickmap.dot.ca.gov/ or download the QuickMap app from the App Store or Google Play.

SB 1 provides an additional \$5 billion each year in state and local funding to maintain and optimize California's transportation system. SB 1 funds will enable Caltrans to fix more than 17,000 lane miles of pavement, 500 bridges and 55,000 culverts statewide by 2027.

Caltrans is committed to conducting its business in a fully transparent manner and detailing its progress to the public. For complete details on SB 1, visit www.rebuildingca.ca.gov. ★

Congressional Art Competition Recognizes Outstanding Artistic Achievement

Searching for Our Future by Jaclyn Zucco, Marysville Charter Academy for the Arts. Image provided by Yuba Sutter Arts & Culture

By David Read, Yuba Sutter Arts & Culture

MARYSVILLE, CA (MPG) - Each year, Yuba Sutter Arts & Culture helps to promote the annual Congressional Art Competition. The organization works with Congressman Garamendi's Davis office staff to help encourage student participation and also helps with adjudication along with representative other regional arts councils.

A press release issued by Congressman Garamendi's office earlier this year said, "The nation-wide high school art competition is sponsored by the Members of the U.S. House of Representatives. The annual Congressional Art Competition has always been an occasion to acknowledge and encourage young artists across the nation. However, due to the COVID-19 pandemic many students have only further channeled their gifts into creating artwork. During this difficult time, the competition promises those burgeoning artists a unique opportunity to showcase their efforts and ensure their talent receives the recognition it deserves."

Several changes were made to the program this year due to the coronavirus crisis, the California stay-at-home order, and early school closures. The deadline was extended by a month and rather than collecting physical submissions, the program was moved to a digital format. Students who participated submitted photographs of their artwork along with a scanned copy of their release form. The grand prize winner will have their work displayed in the U.S. Capitol for a year in a gallery featuring winners from other Congressional districts in the country. The runner-up will have their artwork displayed in the Congressman's Washington D.C. office.

And drum roll please ... this year's winners are:

Grand Prize Winner: Amelia in Quarantine by Amelia Villagomez, Marysville Charter Academy for the Arts

Runner Up: Searching for Our Future by Jaclyn Zucco, Marysville Charter Academy for the Arts

Second Runner Up: Stormy Reflections

Amelia in Quarantine by Amelia Villagomez, Marysville Charter Academy for the Arts. Image provided by Yuba Sutter Arts & Culture

by Amanda Berry, Davis Senior High School.

Please join us in celebrating these remarkable young artists for their achievement.

For information about local arts and culture including virtual programs during the pandemic, follow Yuba Sutter Arts & Culture on Facebook or go to yubasutterarts.org. You may also contact us at email@yubasutterarts.org.

About YSA: Yuba Sutter Arts is a non-profit organization whose mission is to provide arts programming, education, advocacy, assistance and service to artists, organizations and residents of Yuba and Sutter Counties. The official agency for Yuba and Sutter of the California Arts Council, its programs include the Murals of Live Oak, Cover It! Utility Box Murals, Shakespeare Readers' Theatre, Veterans Initiative in the Arts projects, Very Special Arts Festival, Harvest the Arts, Arts in Education, Poetry Out Loud, Arts in Corrections, Art Everywhere and many more. ★

Driver Turns Himself in after Striking Pedestrian and Motorcycle

By Lieutenant Sam Escherman, Yuba City Police Dept.

YUBA CITY, CA (MPG) - On July 19, 2020 at approximately 1155 hrs., the Yuba City Police Department received initial reports of a vehicle versus pedestrian at the Yuba City Boat Dock area (80 Second St.). Officers arrived on scene and discovered the victim, a female adult, 37 years of age with major injuries as a result of being run over by a vehicle. The victim was airlifted to Sutter Roseville Hospital where she succumbed to her injuries as a result of being run over by the vehicle. The identity of the victim will be released by the Sutter County Coroner's office after notification of

next of kin.

During the course of the investigation, it was determined the victim had been in an argument with her boyfriend, Edward Hendry, 38 years of age in the parking lot of the boat docks. According to witnesses, the victim was in the parking lot when Mr. Hendry got into his vehicle and intentionally struck the victim with the vehicle. Mr. Hendry fled the scene in his vehicle and was followed by witnesses into Marysville. While being followed, Mr. Hendry attempted to run one of the witnesses off the road, causing this witness to lose control of his motorcycle and crash near the E St., Bridge. This assault is being investigated by the Marysville Police Department.

While trying to run the witness off the road, Mr. Hendry struck the center divide of the E St., Bridge and disabled his vehicle. Mr. Hendry fled the scene on foot and it is believed he swam across the Yuba River into the Shad Pad area of Yuba County. A search for Mr. Hendry was conducted with the assistance of the Marysville Police Department and the Yuba County Sheriff's Department. However, Mr. Hendry was not located at that time.

Yuba City Police Detectives followed leads throughout the night and interviewed numerous witnesses. On July 20, 2020 at approximately 1300 hrs., Mr. Hendry turned himself into the Yuba City Police Department where he was arrested for homicide. ★

Vegetable Farmers Face Complicated Planting Decisions

Renewed restaurant closures further complicate decisions for California vegetable farmers. With restaurants restricted to outdoor dining, takeout and delivery, people in the vegetable business say food-service demand has dropped for a number of crops. Farmers must decide soon on what crops to plant for winter harvest, and how much, and say they expect "roller coaster markets" when those crops reach maturity.

Voluntary River-Flow Agreements Hit Snag

Efforts have slowed to reach voluntary agreements on river flows to benefit protected fish, as federal and state administrations focus on litigation over management of the Sacramento-San Joaquin Delta. The voluntary agreements could avoid severe cuts to water supplies for people in the northern San Joaquin Valley. But efforts to negotiate the agreements have stalled, as state and federal administrations disagree about delta operations.

Cattle Ranchers Face Drought Impacts

With more than half the state's rangeland rated in poor or very poor condition, California ranchers and their animals feel the effects of drought. Ranchers who lease land from public agencies say their main obstacle often becomes finding enough water for their livestock. When ponds and other natural water sources dry up, ranchers may have to truck in water or move their animals, even if feed remains sufficient.

Usda Reports Improvement In Dairy Exports

Noting that the U.S. dairy business has faced a "tumultuous period" during the pandemic, a report says exports of several dairy products have risen compared to a year ago. The U.S. Agriculture Department says the outlook has "brightened considerably" for U.S. dairy exports, as markets around the world have adjusted to shifting demand. Exports of U.S. milk powder, whey and other products have increased, though USDA forecasts lower exports of cheese and butter. ★

Sutter Sailor Serves aboard USS Indianapolis

Petty Officer 2nd Class Caylin Lang. Photo: Navy Office of Community Outreach

By Megan Brown, Navy Office of Community Outreach

MILLINGTON, TN (MPG) - One of the phenomenal sailors onboard the USS

Indianapolis (LCS 17) is Fire Controlman (FC) Petty Officer 2nd Class Caylin Lang.

As a FC, the Sutter, California, native is responsible for the maintenance and proper operation of the ship's combat and weapons direction systems and gun fire control systems.

Prior to joining the Navy, FC2 Lang graduated from Sutter Union High School. She later attended Butte College and California State University, Chico.

Lang's favorite part about being a FC in the

littoral combat ship community is "the unique training opportunities," said Lang.

We salute FC2 Lang and all that she has done for the LCS community!

LCS is a highly maneuverable, lethal and adaptable ship designed to support focused mine countermeasures, anti-submarine warfare, and surface warfare missions. LCS integrates new technology and capability to affordably support current and future mission capability from deep water to the littorals. ★

Random Events Effect what an Economy Does

It is said one butterfly flapping his wings can alter the course of history. Its random action can cause a host of other outcomes, each one setting in motion yet another.

In economics, hundreds if not thousands of random events effect what an economy does. And just as many not-so-random decisions made by man do the same thing.

During the last four months, the random event called CoVid 19 set in motion the need for man to make many decisions.

One decision that could have been made is not to have made any more. Indeed, the outcome of the decision to do nothing would be quite different than what we have today and what the outcome would be is anyone's guess.

Economically speaking, in the mind of this analyst, many decisions seem random and uncoordinated. The inconsistencies run rampant.

The Federal Reserve has increased the money supply by at least a couple of trillion dollars in yet another attempt to stave off catastrophe. Remember 2008?

We all thought that was the mother of all financial implosions. About five trillion was conjured up to address that event, and much of that went into the banking system. Having survived that, our life returned to arguably, some sense of normalcy.

Enter CoVid-19.

An entity that has only one mission and everything it does is consistent with that mission: Perpetuate itself by reproduction. That's it. Pure and simple. You have to admire its purity even though we vehemently strive to eradicate it. An inconvenient truth is that CoVid will succumb to a string of correct decisions or spread even more ferociously amongst some bad ones.

The mask debate demonstrates man's ability to contest everything. Some argue they help, while others debate the mandate itself as being an affront to thier basic freedoms. It is said three weeks of masks would eliminate the threat. Others argue it won't. And who's to really know what works in this uncharted land of a worldwide CoVid?

Shutdown the economy and stop the spread. Sounds logical. But is the shutdown causing more damage than the virus ever would? Surely the millions of individuals thrown out of work and the thousands of businesses that will go under has to have some limit as to what we are willing to pay in economic terms versus what we are willing to pay in deaths. It is said everything has its price. And economic collapses cause thousands of deaths on their own.

Ban large and medium size crowds to slow

the spread. Again, sounds logical. But then allow the largest of crowds under the guise of a protest for an acceptable cause?

It's probably hard to stop such a determined and stealthy foe like a microscopic entity unless we make up our minds and decide whether we want to stop Corona or adopt social change when the two come into direct conflict with each other.

The decision on who to pay and how much as reimbursement for the shutdown puts us at another critical juncture. Print trillions and give it to who exactly? Save the airlines, the banks, or bailout individuals? Some claim we must do one or the other or both. But bailouts have their costs as well. The most feared being inflation later on down the road.

Perhaps the bailouts give more financial rope to Zombie companies to limp on, when for societies greater good, perhaps should be allowed to fail. After all, just how much is too much? Just how far is too far? And does throwing good money after bad have its limits?

It probably should.

It is said one's situation is a direct cause of all the cumulative decisions they have made over their lifetime. If true, it's a painful reality. Indeed, where we find ourselves economically now and in the future will be a direct result of the decisions we have made yesterday, today and will make tomorrow.

If CoVid is eradicated or at least acceptably controlled and the economy recovers without too much more damage, will we be able to say we made a lot of right decisions amongst a few bad ones? Or if the damage persists and an unspeakable amount of people are unemployed, too many businesses to count disappear for good, and a global recession occurs, could we conclude we made a lot of wrong decisions based on fear and muddled in inconsistency for whatever the reason?

We can all agree that man is trying to solve the CoVid puzzle. How he is doing it is probably not the perfect way of doing it, but this is a road we have not traveled in modern times. Indeed, we will learn a lot about how to deal with future pandemics, but the learning process is indeed a very painful one.

This Month In Your Garden

by Cecilia M. Rice
BALD MOUNTAIN NURSERY

6195 BALD MOUNTAIN ROAD • BROWNS VALLEY, CA • 530-743-4856

I suspect that for most gardeners the month of August is a month of maintenance rather than starting projects in the yard. It is generally one of the hottest months of the year and does not necessarily invite lots of physical activity for many of us, including me. Just keeping things watered, keeping weeds at bay and flowering plants dead headed, lawns mowed, and planning what projects you might have in mind as the cooler weather of fall approaches can keep one busy.

A vegetable garden requires considerable attention. The ripened fruit needs to be harvested regularly to keep it coming through the summer and into the fall. Keeping an attentive eye on the plants in order to keep them insect free is needed to maintain healthy, productive plants. If you have pumpkins and/or melons in your garden, don't let them lie on soil that is wet from irrigating – either move them (without detaching them), to a nearby spot that doesn't get wet, or place a board or anything else that will keep the underside dry so the outside rind won't spoil and possibly rot. Apply vegetable food once a month to keep the plants green and productive. The fertilizer should not be higher in nitrogen – the first number – than in the other two. Nitrogen creates lots of green growth, but does not contribute much toward creating fruit. Phosphorus and Potassium are needed for that. Most citrus fruit ripens sometime near the winter months, and citrus trees require regular fertilizing to bear fruit. Use a formula specifically for citrus and apply it as directed on the container, which is usually, but not necessarily, every three months. If the leaves are yellowish with the veins green, they need iron. If you have fruit trees, any fallen and possible rotting fruit should be raked up and disposed of so that it doesn't invite wild critters and because the rotting fruit can create an unpleasant odor and might harbor some harmful fungi. Keep up with the

deep watering on newly planted trees and young trees until the weather cools and we get rain.

Crape myrtle bushes or trees are lovely and are available in several colors. They can be encouraged to re-bloom by cutting off the spent flower heads. When the flowers are gone, they begin making round seeds. Just cut that sprig off and usually more blooms will come. Dead heading is definitely needed to keep roses blooming. The spent bloom should be clipped off next to the nearest three leaf leaflet. That leaflet should be growing toward the outer edge of the plant, rather than toward the center of the plant. If dead heading is not done, they will form the round "Rose Hips". Since the hips are the seed pod for roses, they have done their duty for the year and they are ready to rest! This is true for most plants, but we keep interfering with their work by trimming off the bloom that would otherwise create seeds to carry on the species, so they bloom again in an effort to perpetuate their species. Nature is amazing!

Perennials can be planted now. Many will give you late blooms now and some may not, but they should all provide color in the yard next spring and summer. Various ones are available in many sizes from six packs and up. They can be done from cuttings, too. It is a good idea to put some kind of identification near it since it will die back and it can easily be lost in the midst of other sprouting plants next spring.

August is a hot month, but it is also the prelude to the fall season with its hints of color and cooler temperatures and we can look forward to that after a long hot summer. Cecilia Rice is a partner with her son, Jeff Rice, at BALD MOUNTAIN NURSERY in Browns Valley. We are the "Unexpected nursery on a little country road."

Self-Employed Hardest Hit by COVID-19

United States Census Bureau Press Release

WASHINGTON, DC (MPG) - Self-employed workers in states where businesses are hardest hit by the COVID-19 pandemic are more likely to face economic hardships, according to new findings from the U.S. Census Bureau's experimental Household and Small Business Pulse surveys.

Creating jobs and running small businesses are just a couple of examples of the vital roles self-employed workers play in the U.S. economy.

Economic uncertainty related to COVID-19 has presented unique challenges for self-employed workers, from temporary closures to revenue losses.

We combined results from

two new surveys to shed light on these challenges, using the Small Business Pulse Survey to identify states with businesses most affected by the COVID-19 pandemic and demographic data from the Household Pulse Survey.

Self-Employed Hit Harder Where More Businesses Closed Temporarily

In states where business conditions were hardest-hit by COVID-19 (states with 25% or more of businesses temporarily closed for one day or more), 13.9% of self-employed workers received free groceries or a free meal during the last seven days from sources such as food banks, religious organizations, community programs, or family, friends or neighbors.

In contrast, 8.7% of

non-self-employed workers in these states received free meals.

In the least-affected states (those where 10% or less businesses temporarily closed for one day or more), there was no statistical difference by self-employment status in the rate of those receiving free groceries or a free meal.

Self-employed workers in the hardest-hit states reported either "sometimes not having enough to eat" or "often not having enough to eat" 5.9% of the time in the past week, which is not statistically different from the rate reported by other workers in these states.

Similarly, there was no statistical difference in food insufficiency by self-employment status in states least affected by the pandemic. ★

LOCAL FISHING

SALMON OPENER, July 16,2020. The Feather River Thermalito out-fall; 3000 cfs flows. A few 15-pound baby Chinook salmon. Back-bouncing cut plugs in Mexican hat colors – fill the trap door with Chicken of the Sea tuna in oil base. (g)

Cut Plug Mexican Hat

Sacramento River, at Colusa. Some salmon, but kept a Big Secret? **Fisherman Comment:** “Brownie, sure it’s a Big Secret, we want Colusa King salmon to be caught by Colusa locals.” *Signed Anonymous*

Sacramento River, below the Red Bluff Diversion Dam. Tail end of the spring run of Kings, some fish to 24-inches. (g) A few lingering steelheads (g)

COSTAL WATERS

Halibut taken just outside the “Gate”. Three fish limits off the sandbars. (b) Bodega Bay, krill at 100-feet, 52 degree water temperature, with a pleasant ocean of 1- foot, 8- second swells. Foggy with 8-mile visibility. Bodega Head and Russian River mouth producing Kings up to 15-pounds. (a) Improving daily.

SAN FRANCISCO BAY- DELTA

Halibut bite scattered throughout the bay. (b) Note; some soup fin sharks (great table fare) in the bay. (g) Delta strippers; very few keepers, 4-pound average. Deep trolling 11-14 feet. Gusty winds to 25 MPH. (g) Steamboat slough, lots of small mouth bass, 10”-16”. Use crawdad flavored baits. (a)

LAKES, RESERVOIRS AND RIVERS

Clear Lake black bass fishing slowing down , fish early and late with plastic worms or Sinko’s. (a)

Catfishing is excellent, using anchovy cut bait or nightcrawlers. (b) Sly Park Recreation Area (SPRA) Jenkins Lake, super crowded; closed gates limiting access at various intervals. (b)

Stampede Reservoir, small Kokanee 6’-8”. Bigger fish are deeper. Special note: Kokanee over 13 inches have no sex organs (no eggs or sperm)? Use Paulina Peak blades, Flutter Bugs or Hoochies. An occasional cut-bow cross breed caught (rare). Plants: 50,000 rainbows (a)

Fisherman Comment: The CDF&W overplanted kokanee several years ago. The fish are all small due to lack of food per fish population. Signed: Pissed off Kokeman.

Pardee Reservoir, 12’ to 13” kokes at 60-feet. Use dodgers trailing corn kernels dredged in real oil based tuna. (a)

Davis Lake, some good rainbows, 9pm to noon. Trolling copper blades with nightcrawlers. Fly fishers taking advantage of the prolific damsel fly hatch. Use Damsel Fly emergers; top water, 15”-20” deep. Water temperature 70-degrees. (a)

TROUT PLANTS

7/26-8/1 Deer Creek, Tehama Co.
7/26-8/1 Gold Lake, Salmon and Sardine Lakes, Sierra Co.
7/19-7/26 Feather River North Fork, Almanor
8/2-8/8 Fuller Lake, Nevada Co.

The best fish swim near the bottom.

NOTICE OF PETITION TO ADMINISTER ESTATE OF JOHN THOMAS SELLERS CASE NO. PRPB20-00070

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate, or both, of: **JOHN THOMAS SELLERS**

A Petition for Probate has been filed by **MICHAEL SELLERS** in the Superior Court of California, County of Yuba.

The Petition for Probate requests that MICHAEL SELLERS be appointed as personal representative to administer the estate of the decedent.

The Petition requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

A hearing on the petition will be held in this court on 08/24/2020 at 09:00 am in Dept. 1 located at 215 Fifth Avenue, Suite 200, Marysville, CA 95901, Civil Division.

If you object to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

If you are a creditor or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either **(1) four months** from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or **(2) 60 days** from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code. **Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law.**

You may examine the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk.

IN THE CIRCUIT COURT OF THE FIRST JUDICIAL CIRCUIT,
IN AND FOR OKALOOSA COUNTY, FLORIDA

ANDRIA BRIANN BLACK,
ROBERT GLENN FURMIDGE,

Petitioners,

Case No. 2020-DR-001873

and

BRANDI LYNN FURMIDGE,

Respondent.

NOTICE OF ACTION, NOTICE OF PETITION FOR ADOPTION BY STEPPARENT, AND NOTICE OF HEARING

TO: {name of Respondent} BRANDI LYNN FURMIDGE
{Respondent’s last known address} 6322 BAYBERRY LANE, BROWNS VALLEY, CA 95918
DESCRIPTION: Approximate Age 35; Race CAUCASIAN; Hair Color BROWN; Eye Color BROWN;
Height 5’3; Approximate Weight 185;

YOU ARE NOTIFIED that a Petition for Adoption by Stepparent has been has been filed against you in this Court seeking termination of any parental rights and obligations you may have, or claim, concerning a (X) male () female child born on {date} JANUARY 30, 2009 in {city} YUBA CITY, {county} SUTTER, {state} CA. You are required to serve a copy of your written defenses, if any, on {name of Petitioner} ANDRIA BRIANN BLACK, whose address is 830 WILD EGRET LANE, CRESTVIEW, FL 32536, on or before {date} AUGUST 31, 2020, and file the original with the clerk of this Court at {clerk’s address} Okaloosa County Courthouse Annex Extension, 1940 Lewis Turner Blvd., Fort Walton Beach, FL 32547, before service on Petitioner or immediately thereafter. If you fail to do so, a default will be entered against you for the relief demanded in the petition.

NOTICE OF HEARING: There will be a hearing held on the petition on {date} SEPTEMBER 24, 2020 at 2:15 P.M. {central time} before CIRCUIT JUDGE TERRANCE R. KETCHEL at the Okaloosa County Courthouse, Crestview, Florida for 30 minutes. **ALL parties shall appear via video conference through ZOOM** by computer with video capability at https://us02web.zoom.us/j/81872816709, by downloading the Zoom App to your smart phone or tablet with video capability and select “Join a Meeting” and then enter Meeting ID number 881-7281-6709, or by phone (301) 715-8592 and enter Meeting ID 81872816709#. No court reporter or recording is provided by the Court. A party may provide a court reporter at his or her own expense.

UNDER SECTION 63.087(6) AND SECTION 63.089, FLORIDA STATUTES, FAILURE TO TIMELY FILE A WRITTEN RESPONSE TO THIS NOTICE AND THE PETITION WITH THE CLERK OF COURT AND TO APPEAR AT THIS HEARING CONSTITUTES GROUNDS UPON WHICH THE COURT SHALL TERMINATE ANY PARENTAL RIGHTS YOU MAY HAVE OR ASSERT REGARDING THE MINOR CHILD(REN).

Dated: 7/9/2020

JD PEACOCK II, CLERK OF THE CIRCUIT COURT

By:

Deputy Clerk

(TD) July 17, 24, 31 and August 7, 2020

SUPERIOR COURT OF CALIFORNIA
COUNTY OF YUBA

IN THE MATTER OF THE APPLICATION OF:
Stephanie Marie Deardorf, PETITIONER
CASE NUMBER: CVPT 20-00511.

ORDER TO SHOW CAUSE FOR CHANGE OF NAME

HEARING DATE:
August 24, 2020
DEPT: 4
TIME: 1:30 P.M.

Petitioner(s) Stephanie Marie Deardorf filed a petition with this court for a decree changing names as follows:

**1) from: Stephanie Marie Deardorf
to: Stephannie Marie Maky**

THE COURT ORDERS that all persons interested in this matter appear before this court at the hearing indicated below to show cause, if any, why the petition for change of name should not be granted. Any person objecting to the name changes described above must file a written objection that includes the reasons for the objection at least two court days before the matter is scheduled to be heard and must appear at the hearing to show cause why the petition should not be granted. If no written objection is timely filed the court may grant the petition without a hearing.

A copy of this order to show cause shall be published at least once each week for four successive weeks prior to the date set for hearing on the petition in the following newspaper of general circulation, printed in this county: Territorial Dispatch.

DATE: July 16, 2020

Stephen W. Berrier
JUDGE OF THE SUPERIOR COURT.

MATION REFERRED TO BE-
LOW IS NOT ATTACHED TO
THE RECORDED COPY OF
THIS DOCUMENT BUT ONLY
TO THE COPIES PROVIDED
TO THE TRUSTOR.

NOTE: THERE IS A SUM-
MARY OF THE INFORMATION
IN THIS DOCUMENT AT-
TACHED

**IMPORTANT NOTICE TO
PROPERTY OWNER:** YOU ARE
IN DEFAULT UNDER A DEED OF
TRUST DATED 11/28/2006.
UNLESS YOU TAKE ACTION TO
PROTECT YOUR PROPERTY, IT
MAY BE SOLD AT A PUBLIC
SALE. IF YOU NEED AN EXPLA-
NATION OF THE NATURE OF
THE PROCEEDING AGAINST
YOU, YOU SHOULD CONTACT
A LAWYER.

Trustor: **Steve Baker and
Barbara Baker, His wife** as
Joint Tenants. Duly Appointed
Trustee: **Western Progres-
sive, LLC** Deed of Trust Re-
corded 12/06/2006 as In-
strument No. 2006R-024718
in book ---, page--- and of
Official Records in the office
of the Recorder of Yuba Coun-
ty, California, Date of Sale:
09/10/2020 at 09:00 AM

Place of Sale: **The Fifth
Street Entrance Yuba Coun-
ty Courthouse, 215 Fifth
St., Marysville, CA 95901**
Estimated amount of unpaid
balance, reasonably estimat-
ed costs and other charges:
\$208,569.90

THE TRUSTEE WILL SELL
AT PUBLIC AUCTION TO HIGH-
EST BIDDER FOR CASH, CA-
SHIER'S CHECK DRAWN ON
A STATE OR NATIONAL BANK,
A CHECK DRAWN BY A STATE
OR FEDERAL CREDIT UNION,
OR A CHECK DRAWN BY A
STATE OR FEDERAL SAVINGS
AND LOAN ASSOCIATION, A
SAVINGS ASSOCIATION OR
SAVINGS BANK SPECIFIED IN
SECTION 5102 OF THE FINAN-
CIAL CODE AND AUTHORIZED
TO DO BUSINESS IN THIS
STATE:

All right, title, and interest
conveyed to and now held by
the trustee in the hereinafter
described property under and
pursuant to a Deed of Trust
described as:

More fully described in
said Deed of Trust.

Street Address or other
common designation of real
property: **1021 Divver Street,
Marysville, CA 95901-5013**
A.P.N.: 010-070-005-000

The undersigned Trustee
disclaims any liability for any
incorrectness of the street
address or other common
designation, if any, shown
above.

The sale will be made,
but without covenant or war-
ranty, expressed or implied,
regarding title, possession,
or encumbrances, to pay the
remaining principal sum of
the note(s) secured by the
Deed of Trust with interest
thereon, as provided in said
note(s), advances, under the
terms of said Deed of Trust,
fees, charges and expenses
of the Trustee and of the
trusts created by said Deed of
Trust. The total amount of the
unpaid balance of the obliga-
tion secured by the property
to be sold and reasonable es-
timated costs, expenses and
advances at the time of the
initial publication of the No-
tice of Sale is: **\$ 208,569.90.**

Note: Because the Be-
neficiary reserves the right to
bid less than the total debt
owed, it is possible that at the
time of the sale the opening
bid may be less than the total
debt.

**If the Trustee is unable
to convey title for any rea-
son, the successful bidder's
sole and exclusive remedy
shall be the return of mon-
ies paid to the Trustee, and
the successful bidder shall
have no further recourse.**

The beneficiary of the
Deed of Trust has executed
and delivered to the under-
signed a written request to
commence foreclosure, and
the undersigned caused a
Notice of Default and Election
to Sell to be recorded in the
county where the real prop-
erty is located.

**NOTICE TO POTENTIAL
BIDDERS:** If you are consid-
ering bidding on this property
lien, you should understand
that there are risks involved
in bidding at a trustee auc-
tion. You will be bidding on a
lien, not on the property itself.
Placing the highest bid at a
trustee auction does not au-

tomatically entitle you to free
and clear ownership of the
property. You should also be
aware that the lien being auc-
tioned off may be a junior lien.
If you are the highest bidder
at the auction, you are or may
be responsible for paying off
all liens senior to the lien be-
ing auctioned off, before you
can receive clear title to the
property. You are encouraged
to investigate the existence,
priority, and size of outstand-
ing liens that may exist on
this property by contacting
the county recorder's office or
a title insurance company, ei-
ther of which may charge you
a fee for this information. If
you consult either of these re-
sources, you should be aware
that the same lender may hold
more than one mortgage or
deed of trust on this property.

**NOTICE TO PROPERTY
OWNER:** The sale date shown
on this notice of sale may be
postponed one or more times
by the mortgagee, beneficiary,
trustee, or a court, pursuant
to Section 2924g of the Cali-
fornia Civil Code. The law re-
quires that information about
trustee sale postponements
be made available to you and
to the public, as a courtesy to
those not present at the sale.
If you wish to learn whether
your sale date has been post-
poned, and, if applicable, the
rescheduled time and date
for the sale of this property,
you may call **(866)-960-8299**
or visit this Internet Web site
[http://www.altisource.com/](http://www.altisource.com/MortgageServices/Default-Management/TrusteeServices.aspx)
[MortgageServices/Default-](http://www.altisource.com/MortgageServices/Default-Management/TrusteeServices.aspx)
[Management/TrusteeServices.](http://www.altisource.com/MortgageServices/Default-Management/TrusteeServices.aspx)
[aspx](http://www.altisource.com/MortgageServices/Default-Management/TrusteeServices.aspx) using the file number
assigned to this case 2019-
00841-CA. Information about
postponements that are very
short in duration or that occur
close in time to the scheduled
sale may not immediately be
reflected in the telephone in-
formation or on the Internet
Web site. The best way to
verify postponement informa-
tion is to attend the scheduled
sale.

NOTICE OF PETITION TO ADMINISTER
ESTATE OF Karla Lee McCann
Case NO. PRPB 20-00064

To all heirs, beneficiaries, creditors, contingent creditors, and
persons who may otherwise be interested in the will or es-
tate or both of **Karla Lee McCann.**

A Petition for Probate has been filed by (name of petitioner):
Rickey Gene McCann Jr. in the Superior Court of California,
County of (specify): Yuba

The Petition for Probate requests that (name): Rickey Gene Mc-
Cann Jr. be appointed as personal representative to administer
the estate of the decedent.

The petition requests the decedents will and codicils, if any, be
admitted to probate. The will and any codicils are available for
examination in the file kept by the court.

The petition requests authority to administer the estate under
the independent Administration of Estates Act. (This author-
ity will allow the personal representative to take many actions
without obtaining court approval. Before taking certain very im-
portant actions, however, the personal representative will
be required to give notice to interested persons unless they
have waived notice or consented to the proposed action.) The
independent administration authority will be granted unless an
interested person files an objection to the petition and shows
good cause why the court should not grant the authority.

A hearing on the petition will be held in this court as fol-
lows: August 10, 2020 at 9:00 a.m. in Dept. 4 located at Su-
perior Court of California, County of Yuba, 215 5th Street
Ste. 200 Marysville, CA 95901.

If you object to the granting of the petition, you should appear at
the hearing and state your objections or file written objec-
tions with the court before the hearing. Your appearance may be in
person or by your attorney.

If you are a creditor or a contingent creditor of the dece-
dent, you must file your claim with the court and mail a copy to the
personal representative appointed by the court within the
later of either **(1) four** months from the date of first issuance
of letters to a general personal representative, as defined in sec-
tion 58 (b) of the California Probate code, or **(2) 60 days** from
the date of mailing or personal delivery to you of a notice under
section 9052 of the California Probate Code.
Other California statutes and legal authority may affect your
rights as a creditor. You may want to consult with an attor-
ney knowledgeable in California Law.

You may examine the file kept by the court. If you are a per-
son interested in the estate, you may file with the court a Re-
quest for Special Notice (form DE-154) of the filing of an inven-
tory and appraisal of estate assets or of any petition or account
as provided in Probate Code section 1250. A Request for special
Notice form is available from the court clerk.

Blind by Choice

Commentary
by Lou Binninger

Two weeks ago, in Boise, Idaho to train new Trauma Intervention Program recruits, there was a stand-off between patriots and Black Lives Matter (BLM) anarchists. An estimated 3,000 conservative locals with weapons gathered in liberal Boise so BLM decided to postpone their fit. BLM prefers the opposition to be an arthritic elderly couple or a pregnant female walking a toddler.

The government had accomplished muzzle compliance at Sacramento, Denver, Boise, and Las Vegas airports with 100% obedience minus me. The Southwest Airline pilot at Las Vegas hearing about my desire to live mask-free came on the intercom and lied to passengers declaring that it was a state law in both Nevada and California that comrades must be muzzled. No one dared offer a muffled response fearing the words “No flight for YOU!”

When the pilot you are trusting to do right and be right lies to you before leaving the runway it gives pause. You realize you are living under a tyrannical government that has achieved compliance with big corporations receiving funding to go along. You are right captain, masks will save our lives though the science and manufacturers have yet to alter their documents to agree with you.

If the virus was so contagious and deadly, air travel would be completely prohibited. In normal times sitting with a few hundred people in a tube for hours breathing recycled air is like lounging in a petri dish. You better have a buff immune system.

The average human, graduating from socialist schools, now believes a dictate or an order from a politician is a law. Maybe the pilot was not a liar, just stupid. Laws used to be something that elected representatives drafted as bills, debated, edited in committees and voted upon. Then, we had a law that representatives could be held accountable for.

All this reminded me of my first trip in 1990 to Beijing just 18 months after the crushing of peaceful students in Tiananmen Square where tanks, flamethrowers and automatic weapons snuffed-out thousands of unarmed young people. The youngsters dared to plea for the same rights

Americans enjoyed. Now, few Americans fret about such details. They will submit to most anything if left alone.

Back then, Chinese all looked the same, wearing the dark blue Mao coats, pants and caps. The government pretended that they were all alike, but they knew better. All got around on black bicycles prior to the subway systems. They kept their head down to avoid drawing attention, being incarcerated, tortured, sterilized, and maybe their organs plucked.

What a coincident! At the end of 2019, the American economy was booming, China’s was struggling. Half a million Hong Kong demonstrators were singing our National Anthem, Christian hymns and petitioning for US-style rights. Then boom, the Kung Flu escapes in Wuhan, China and is allowed to spread before warning the world.

And, rather than respond to the illness like normal in America, ‘deep state’ scientists demanded that the only way to avoid a calamity of millions perishing was to make the nation a laboratory and close all small businesses and churches. The healthy must hide in houses, social distance and muzzle up. This ‘psyop’ is normally used to break-down wartime prisoners.

The Wuhan Flu avoids casinos, Amazon, Google, Facebook, and the big box stores but targets the self-employed, Christian folk and schools. Oh, and rioters are immune. We should have known.

Someone asked who taught generations of young people raised here and attending free schools and even college to hate America. That would be your anti-God socialist school teachers.

Most intellectually-stunted graduates today don’t know what July 4th stands for or the truth about America’s start. One of the Covid-19 blessings is that the educational poison drip has temporarily ceased though the perpetrators are still being rewarded.

Parents need to prepare for home school. It has never been easier than today with wonderful online tools. Homeschoolers are far better educated with greater social skills in much less time than the factory school zombies.

The Founding Fathers determined to sacrifice all for a world-renowned way of life. It looks like we must do likewise if we care about similar results. ★

Residents Need to Protect Themselves from Mosquitoes as They Head Outside

By Lisa Yarbrough, KP Public Affairs

SACRAMENTO, CA (MPG) - As the weather heats up and residents head outside, mosquito experts encourage community members to protect themselves from mosquitoes and the diseases they can spread when they bite. West Nile virus is the most prevalent mosquito-borne disease in the U.S. according to the Centers for Disease Control and Prevention (CDC), California had the highest number of West Nile virus disease cases in the nation in 2019, with 225 cases reported. Comparatively, Texas had 32 cases and Florida had two cases in 2019. There is no human vaccine for West Nile virus, a disease that can cause debilitating cases of meningitis, encephalitis, and even death.

However, West Nile virus isn’t the only mosquito-borne threat in California. Newly established invasive Aedes mosquitoes can transmit viruses such as chikungunya, dengue, and Zika, all of which are costly to treat and can have long-term health and financial consequences. These mosquitoes are established in many areas of California and are steadily expanding their range.

“While COVID-19 is not transmitted by mosquitoes, infected mosquitoes pose other public health threats,” said Peter Bonkrude, president of the Mosquito and Vector Control Association of California (MVCAC). “The best way to protect yourself from West Nile virus and other mosquito-transmitted diseases is to prevent mosquito bites. Wearing insect repellent is important as is eliminating all standing water which can create mosquito breeding sources.”

“While our attention has been laser focused on COVID-19 it’s important to remember that there are other public health concerns such as West Nile virus,” said Assemblymember Mike Gipson (D-64). “As chair of the Assembly Select Committee on Infectious Diseases, I’m familiar with the devastating toll that mosquito-transmitted diseases can have and encourage all California residents to take simple steps to protect themselves.”

National Mosquito Control Awareness Week, June 21-27, 2020, is a reminder to residents about the easy actions they can take to prevent mosquito breeding and protect themselves from mosquito bites. Mosquito experts are working to ensure there

are adequate local, state, and federal resources to meet the increasing challenges of combating mosquito-borne diseases. Specifically, at the federal level, MVCAC has been advocating for funding for the Strengthening Mosquito Abatement Safety and Health Act (SMASH Act) which would authorize CDC resources to be used to protect public health by addressing emerging infectious mosquito-borne diseases and improving existing mosquito control programs.

To Help Prevent Mosquito Bites

Apply insect repellent containing EPA-registered active ingredients, including DEET, picaridin, oil of lemon eucalyptus, or IR3535, according to label instructions. Repellents keep mosquitoes from biting. It is important to follow EPA and CDC guidelines for the safe use of repellents on children; Dress in long sleeves and pants, especially if outside at dawn and dusk when mosquitoes that can spread West Nile virus are most active; Install screens on windows and doors and keep them in good repair to keep mosquitoes out of your home; Eliminate all sources of standing water on your property, including in flowerpots, old tires, buckets, pet dishes, and trash cans because mosquitoes lay their eggs in very small amounts of standing water; Repair leaking faucets and broken sprinklers; Clean rain gutters clogged with leaves; Report neglected swimming pools and day-biting mosquitoes to your local mosquito and vector control agency.

For more information check out these videos: Tip, Toss & Take Action, Everyone Can Help Fight the Bite!, and Mosquito Control is an Essential Service.

For additional information on mosquitoes and mosquito-borne diseases please visit the California Department of Public Health.

The Mosquito and Vector Control Association of California (MVCAC) is the statewide voice for mosquito and vector control professionals. The association provides public health information, expertise, mosquito and vector-borne disease surveillance, innovative research, professional training, effective legislative and regulatory advocacy on behalf of California public agencies. ★

Man Arrested for Ongoing Sexual Abuse of Children, Possession of Assault Weapons, and Methamphetamine Lab

Jason Ashby of Palermo, 38.
Photo: BCSO

Butte County Sheriff's Office

PALERMO, CA (MPG) - On July 23, 2020, Butte County Sheriff’s Office (BCSO) detectives received information Jason Ashby of Palermo, 38, had molested a 13-year-old victim. BCSO detectives conducted an investigation and located evidence showing Ashby molested the 13-year-old victim. On July 23, detectives obtained an arrest warrant for Ashby for three felony counts of lewd and lascivious acts with a child under 14-years-old. Detectives also obtained a search warrant for Ashby’s residence, which is located in the 7600 block of Occidental Avenue, Palermo.

On the evening of July 23, BCSO detectives and Butte Interagency Narcotics Task Force (BINTF) detectives served the search warrant at Ashby’s residence. During the service of the search warrant Ashby was contacted and placed under arrest. Detectives located numerous evidence items at Ashby’s

Ashby was booked for one felony count of manufacturing a controlled substance, possessing a clandestine lab of methamphetamine. Photo: BCSO

A wide assortment of fire arms were found including classified assault weapons and two short-barreled shotguns. Photo: BCSO

residence to include a clandestine methamphetamine laboratory, numerous firearms, three assault weapons, and two short barreled shotguns.

On the evening of July 23, detectives located multiple witnesses who previously witnessed Ashby engage in inappropriate behavior with minors. Detectives also located an additional victim who had been sexually abused by Ashby over a five year period when the victim was a minor.

On the evening of July 23, detectives booked Ashby at the Butte County Jail. Ashby was booked for three felony counts of lewd and lascivious acts with a child under 14-years-old, one

felony count of forcible rape, three felony counts of oral copulation with a child under the age of 14, one felony count of continuous sexual abuse of a child, two felony counts of possession of a short-barreled shotgun, three felony counts of possession of an assault weapon, one felony count of manufacturing a controlled substance, and one felony count of child endangerment. Ashby’s bail was set at \$1,100,000. Ashby is scheduled to be arraigned at the Butte County Superior Court on Monday, July 27, at 3 PM. The Sheriff’s Office is asking anyone with additional information about Ashby to contact Detective Jason Miller at 530-538-7671. ★

North Yuba Water District NOTICE OF INTENT TO ADOPT A MITIGATED NEGATIVE DECLARATION

PROJECT TITLE: Challenge Tank Replacement Project and Meter Replacement Project

PROJECT LOCATION:

The proposed projects are located in north Yuba County / south Butte County region, in the communities of Brownsville, Challenge, Dobbins, Forbestown, Oregon House, and Rackerby.

PROJECT DESCRIPTION:

Challenge Tank Replacement Project

The proposed project is the replacement of an existing water storage tank (the Challenge Tank) that is part of the domestic water supply system owned and operated by the NYWD. The Challenge Tank has exceeded its designed lifespan and leaks continuously. Replacing the existing leaking tank will eliminate a major source of water loss for the NYWD. The project budget estimate to replace the Challenge Tank is about \$500,000.

The Challenge Tank is located on Old La Porte Road, within the town of Challenge, California, in Yuba County, California. The tank is situated on a small parcel (approximately 0.5 acres; APN 050-110-220) leased from the U.S. Forest Service Plumas National Forest. The existing tank was built in 1965. The cylindrical tank is 18 feet tall and 32 feet in diameter and has a storage capacity of 100,000 gallons of water. The existing tank is leaking and will be replaced with a metal tank of similar dimensions. The estimated construction time is three months. The new tank will be assembled with pre-fabricated bolted steel or welded steel plates. A new valve box containing valves and piping will be installed in the ground.

The Challenge Tank project area was defined as the combined perimeter of the tank foundations, the valve box, and the driveway, and is about 4,000 square feet (the “Project Area” or “Action Area”).

Water Service Meters Replacement Project

NYWD provides domestic and irrigation water to its customers in the north Yuba County / south Butte County region, and serves the communities of Brownsville, Challenge, Dobbins, Forbestown, Oregon House, and Rackerby. Treated water from the NYWD treatment plant at Forbestown is distributed to customers via buried water mains (4 inch to 8 inch diameter pipes, primarily PVC). The existing water service meters are more than ten years old and no longer accurately record water use, nor do they convey information electronically. The existing meters are housed in several styles of shallow, buried rectangular meter boxes, made either of reinforced concrete or poly-mer plastic. The typical dimensions of the meter boxes are 10 inches wide by 15.5 inches long by 12 inches deep with the lid at ground surface. The proposed project consists of removing the old meters and meter boxes using hand tools and small motorized equipment, splicing in new meters using wrenches, installing new meter boxes, and restoring the ground surface after backfill and compaction using hand tools. The new meter boxes will be about same dimensions as the old boxes, and they will be made primarily of polymer plastic. Reinforced concrete boxes may be used in areas of higher vehicular traffic. NYWD currently has approximately 839 service connections that need to receive new meters and boxes. The proposed project will span several months, with meters being replaced in sequence along water distribution lines. The project area was defined as the aggregate area of all of the individual service meter box areas plus a buffer of 10 feet around each box.

SIGNIFICANT EFFECTS ON THE ENVIRONMENT:

None, with the mitigation measures identified in the Proposed Mitigated Negative Declaration. Pursuant to the CEQA Guidelines adopted by NYWD, a Proposed Mitigated Negative Declaration on the above named project has been prepared and is available for review, along with all documents referenced in the Proposed Mitigated Negative Declaration, at the NYWD’s main office complex located at 8691 La Porte Road, Brownsville, CA 95919. Additionally, the documents may be viewed on the District’s website at www.nywd.org.

Final adoption of the Mitigated Negative Declaration will be considered at the August 28th NYWD Board of Director’s meeting, which commences at 10:00 am through Zoom virtual meeting, in response to COVID 19 guidelines.

Comments on the Proposed Mitigated Negative Declaration may be made to the NYWD in writing at any time prior to said Board meeting, or verbally during said Board meeting.

Address your written comments to Board Secretary, North Yuba Water District, PO Box 299, Brownsville, CA 95919.
