YUBA/SUTTER COUNTIES, CA (MPG) - A penchant for quietly showing appreciation for Law Enforcement Officers (LEO's) has grown into a passion for local woman, Tiffany Tanabe. Hesitant for the spotlight to fall on her, wife and mother of two, Tanabe says she has always taken advantage of opportunities to show her and her family's support for LEO's through little acts of kindness - paying for a coffee when she notices an officer behind her in line, dropping "thank you" cards made by her children, nieces and nephews to local offices, etc. Recently, Tanabe has taken it to a new level with the organization of "Giving Back to the Badge - Yuba Sutter."

With cries to "defund the police"

and law enforcement agencies under scrutiny nationwide, Tanabe felt that support for departments was needed now more than ever. She says, "Right now, there's not much appreciation being shown and unfortunately too many are staying silent and not overpowering the... the hate that is being given to them (law enforcement officers)." Inspired by a deep love for her family, and her nephew, whose father is in law enforcement, Tanabe says "knowing... hearing and feeling the things they (family) go through," has pushed her to raise more awareness

and support for the ones in blue. Since Tanabe started "Giving Back to the Badge - Sutter County" on June 13th, she has received overwhelming community support with private donors and businesses wanting to be a part of her mission. She has set up an Amazon Wishlist for

Computer Glitch Means Undercounting of COVID-19

By Russ Brown, Yuba County

MARSHVILLE, CA (MPG) - A statewide electronic system used to relay COVID-19 lab results to local public health departments stopped working properly sometime in late July, causing an undercounting of cases. Yuba-Sutter Health Officer Dr. Phuong Luu said more concerning than the undercount is that counties did not receive crucial information needed to contact those who tested positive.

In the coming days, counties throughout the state expect to see a brief period in which case counts significantly increase, as they begin receiving the backlog of both positive and negative lab results. It is still unclear when the electronic reporting issues began and how many Yuba-Sutter test results were involved.

"The timely and accurate reporting of lab results is crucial to the work our Public Health team does to contact positive cases, advise them to quarantine and work with them to find others who may have been exposed," Dr. Luu said. "I expect our Tracer and Investigation team to be hit with a glut of lab results soon, which they will have to carefully work through."

California officials say that until they get the undercounted lab results to the local health departments, counties will not be added to or taken off the state Monitoring List.

"We saw numbers begin to come down over the past couple of weeks, but sadly a portion of that trend may have been the result of unreported lab results," Dr. Luu said.

Many state labs use a system called Electronic Lab Reporting (ELR) to send results to the California Reportable Disease Information Exchange (CalREDIE), which in turn relays the information to counties. The California Department of Public Health contacted county public health officials late Monday evening to advise them that ELR began having issues communicating with CalREDIE at some point in late July. State officials say they are still trying to determine when the reporting issues began and how many positive and negative cases did not reach county health departments.

"We are working with the state to reset the process and find the best way to get lab results directly to the counties without going through the faulty state reporting system," Dr. Luu said. "I hope our Yuba-Sutter community will bear with us as we figure out how this statewide glitch affected us locally." ★

Sutter County Children and Families Commission Awarded \$84,895 Aces Aware Grant

By Kary Hauck, Sapphire Marketing Group

SUTTER COUNTY, CA (MPG) - Sutter County Children & Families Commission has received \$84,895 in grant funds from the Office of the California Surgeon General (CA-OSG) and the Department of Health Care Services (DHCS) to participate in the state's ACEs Aware initiative. Sutter County Children & Families Commission will be conducting a Communications Plan to promote the ACEs Aware initiative among the Medi-Cal provider community in Sutter County.

Overview of Approach
A total of \$14.3 million was awarded to 100 organizations throughout the state to extend the reach

and impact of the ACEs Aware initiative. ACEs Aware seeks to change and save lives by helping Medi-Cal providers understand the importance of screening for Adverse Childhood Experiences (ACEs) and training them to respond with trauma-informed care. The ACEs Aware grants will provide funding to organizations to design and implement training, provider engagement, and education activities for providers and organizations that serve Medi-Cal beneficiaries.

"We are looking forward to working in partnership with this amazing group of community leaders to further our efforts to help health care providers become ACEs Aware," said California Surgeon General

Dr. Nadine Burke Harris. "This work is critical, now more than ever, given the stress so many Californians are experiencing as a result of COVID-19 and the role of racial injustice as a risk factor for toxic stress. A trauma-informed health care workforce is vital for helping our state heal."

The grant funding will provide critical support to community organizations serving Medi-Cal providers and beneficiaries, which have been experiencing increased stress during the COVID-19 emergency. Grant activities will augment California's efforts, underway since the summer of 2019, to develop provider training and engage providers, including the promotion of payments to Medi-Cal providers for

screening their patients for ACEs. Added Dr. Karen Mark, DHCS Medical Director: "DHCS is committed to preserving and improving the overall health and well-being of all Californians. The ACEs Aware initiative is a vital part of the Medi-Cal program's response to the COVID-19 emergency. These grants will help us reach Medi-Cal providers who serve diverse and often at-risk populations throughout the state and will help to ensure that Medi-Cal members receive the high-quality, integrated care that every Californian deserves."

Funding for the ACEs Aware grants was previously authorized in the 2019-20 budget using

First Human West Nile Virus Infection Confirmed

BCPH Press Release

BUTTE COUNTY, CA (MPG) - The Butte County Department of Public Health Department (BCPH) announced the first confirmed human West Nile Virus (WNV) infection in Butte County. As of July 24, 2020, four human WNV infections have been reported in California, not including the Butte County case.

WNV is active July through October, with August typically being the peak month in Butte County. BCPH would like to remind residents to protect themselves from WNV by reducing mosquitoes on their property and preventing mosquito bites. The infected person is over 65 years of age and is hospitalized with severe west Nile virus illness.

“Mosquitoes capable of transmitting West Nile Virus are here. I urge you to protect yourself and your family by wearing appropriate clothing, using effective repellents and avoiding exposure at dusk and dawn,” explained

Danette York, Director of Butte County Public Health. WNV is transmitted to humans and animals by the bite of an infected mosquito. Mosquitoes become infected when they feed on infected birds. Residents can reduce the risk of infection by practicing the “Three Ds”:

(1) DEET – Use a proven insect repellent like DEET. Other recommended repellents include: picaradin, lemon eucalyptus oil, para-menthane-diol, or IR3535. Always use according to label instructions. DEET can be used safely on infants and children 2 months of age and older;

(2) DAWN AND DUSK – Mosquitoes that transmit WNV bite in the early morning and evening. Wear proper clothing and repellent if outside during these times. Make sure that doors and windows have tight-fitting screens to keep mosquitoes out. Repair or replace screens with tears or holes;

(3) DRAIN – Mosquitoes lay their eggs on standing water. Eliminate or drain all sources of standing water on your property, including

flower pots, old car tires, rain gutters and pet bowls. For standing water that cannot be drained such as fountains, ponds, etc., consider adding “Mosquito Dunks” or mosquito fish, which feed on mosquito larvae. Report unmaintained swimming pools to the local Mosquito and Vector Control District at (530) 342-7350 or (530) 533-6038.

People infected with WNV generally fall into three categories: no symptoms (8 out of 10 people); a fever illness with fatigue and body aches (1 in 5 people); or severe illness with nerve related symptoms such as encephalitis or meningitis (less than 1 in 150 people).

For those who develop a severe WNV illness, symptoms may last several weeks and some symptoms may be permanent. People 50 years of age and older, and individuals with diabetes or hypertension, have a higher chance of getting sick and are more likely to develop complications. For more information about WNV, visit Butte County’s West Nile Virus website. ★

Yuba County Assessor Posts 2020/21 Assessed Values Online

By Russ Brown, Yuba County

MARYSVILLE, CA (MPG) - Property owners in Yuba County can now look up and print their annual Value Notice for 2020/21 from the Yuba County Assessor’s website.

“Access to Value Notices has always been important to many of our residents, and there seems to be even more interest in this season of COVID-19,” said Yuba County Assessor Stephen Duckels. “That is why our team made it a priority to

quickly get the notices for 2020/21 online and available for viewing.”

To view your 2020/21 Value Notice and assessed value, go to www.yuba.org and click the “Online Services” button at the top of the page and follow the prompts. Searches can be done using your property’s Assessor’s Parcel Number (APN), if that information is available, or you can search by street number, street name or community. For assistance, call the Yuba County Assessor’s Office at 749-7820 ★

Yuba City Community Members Rally in Support of Law Enforcement

Event organizer Tej Maan Backing the Blue (right) with some 60 community members. Photo: Tej Maan for Supervisor

By Eric Eisenhammer, Tej Maan for Supervisor

YUBA CITY, CA (MPG) - Approximately 60 community members showed up at the intersection of Stabler Lane and Poole Blvd for a spirited Back the Blue rally this weekend.

“We chose this location to be near the police and highway patrol stations,” said event organizer Tej Maan. “Law enforcement officers have hard jobs. We came out to let them know the community cares about them and appreciates their hard work to keep people safe.”

Maan is a former two term Yuba City

Councilmember and a candidate for Sutter County Supervisor, District 4. He provided the event attendees, who were spread between three corners of the intersection, with Back the Blue signs and flags, and water to keep people hydrated in the mid-July heat.

The response from passing motorists was overwhelmingly positive with nearly non-stop honks of support from fellow community members throughout the two hour event.

People are invited to view more photos and video of the event by visiting Maan’s campaign on Facebook at: <https://www.facebook.com/TejForSupervisor/> ★

FOLLOWING COUNTY COVID 19 REQUIREMENTS

PICK UP THE LATEST ISSUE OF THE TERRITORIAL DISPATCH

Under New Management

Commentary by Lou Binninger

America is now a socialist country under new ownership. Only the signage has yet to change. The National Anthem, Flag and Pledge of Allegiance are now in question. Our heritage is being removed hourly.

Students and instructors are ignorant of the meaning of basic holidays and significant dates heralding our quest for freedom and the establishment of the most unique governance in world history.

Under the Covid – 19 era people’s properties and right to earn a living have been removed without due process or compensation by the government. People have been remanded to their homes, told what to wear, to stay away from others, and where they could travel and visit. This is now a totalitarian government.

Have you noticed that the teachers’ union Covid-19 requirements to return to school sound socialist? That is because they are. “We won’t return to teach until police are defunded.”

Union Marxist objectives do not include a superior education or intellectually thriving students, but are intended to overthrow our government. Since the 1960’s, bosses have been bullying teachers to join and obey the union and in turn leaders made it nearly impossible for terrible schools to fire bad teachers. Even those unfit for the classroom are paid to sit in “rubber rooms” to put in their time until retirement.

The educational curriculum has been gutted of the meaningful cultural, moral and political lessons our Founders believed essential to maintain our freedom, liberty, and form of government. This has been intentional according to experts and insiders.

American schools have been a collectivist union-run operation since the government took them over. Today, schools are a disaster even by the government’s analysis. The latest scores from the National Assessment of Educational Progress showed that nearly two-thirds of eighth graders are not proficient in any core subject.

Now, in the Covid – era, the unions are demanding all kinds of political benchmarks like defund the police or they will not “risk returning to the classroom.” In the meantime they want guaranteed salaries for not working, not just salaries for poorly working.

How did the government insert itself into schools? The U.S. Constitution delegated no power over education to the federal government and since the 10th Amendment reserves all unspecified power to the states and the people this delayed a swift usurping of the citizens control over education.

However, the Communists have been devoted to their mission here. In 1932,

Communist Part USA leader William Z. Foster outlined in his book “Toward Soviet America” the agenda for his comrades. The objective was a Department of Education that would replace patriotism and Christianity in schools with communism and globalism.

The American Soviet government was to group all schools, colleges and universities under the National Department of Education (President Carter created in 1979) and its state and local branches. “The studies will be revolutionized, being cleansed of religious, patriotic, and other features of the bourgeois ideology. The students will be taught on the basis of Marxian dialectical materialism, internationalism, and the general ethics of the new Socialist society.”

At this time, Foster’s Communist agenda has been successfully implemented throughout the nation. And, unless extracted quickly like a fast - spreading cancer the outcome will be fatal to our freedom.

In 1962-63, two Supreme Court rulings declared it a violation of the First Amendment to have prayer or Bible readings in public schools. These absurd opinions replaced the principles of Christianity foundational to our schools with the “religious humanism” of socialist John Dewey, shaper of today’s school system.

The court rulings would have sounded so crazy to well-educated Americans twenty years earlier who knew that the First Amendment was written to prevent the mandate of a favored particular denomination, and was not intended to ban the teaching of moral principles upon which to live. Many states already had what amounted to a government denomination when the First Amendment was ratified to stop a national church like England’s.

Now, the feds are embedded in education with 100 subsidy programs amounting to more than \$100 billion including discretionary and mandatory spending. Along with money follows dogma, dictates and domination.

Patriot whistleblower Charlotte Iserbyt wrote “The Deliberate Dumbing Down of America.” Her knowledge and facts are first-hand from her time working at the Department of Education. She witnessed the systematic communist takeover of our schools and then our lives.

There will be no change short of the closing of the federal Department of Education and the casting-off of teachers’ unions. Parents should immediately seek to educate their children outside of the public system. Their minds and our freedom depend upon it.

Sutter Buttes Garden Club Awards 2 Scholarships

By Katherine Covert,
Sutter Buttes Garden Club

YUBA CITY, CA (MPG) - The Sutter Buttes Garden Club has awarded scholarships of \$1,000 each to two area high school seniors. Receiving the Mary Barkhouse Memorial Scholarship was Justin Navarrot, of Sutter Union High School. Justin will be attending Cal Poly, San Luis Obispo, majoring in Agricultural Management Systems. Justin graduated with a 4.4 GPA, was active on Tennis Team, and was a community volunteer during his high school years. He also works for Filter Farms, stating he is passionate about farming, caring for our environment, and preserving natural resources.

Justin Navarrot

Cassidy Ann Davis

He is the son of Mr. and Mrs. Chad Navorrot of Yuba City. Also receiving a \$1,000 scholarship was Cassidy Ann Davis, a graduate of Live Oak High School. Graduating with a 3.87 GPA, Cassidy will be attending California State University, Chico, majoring in Agricultural Business. She intends to earn a Pest Control Advisor license. Cassidy was involved as a volunteer in her community and at school, and was an accomplished gymnast, and participated in other sports. She was especially involved with the Future Farmers of America organization. She held a part time job at Lomo Cold Storage. Cassidy is the daughter of Scott and Julia Davis of Live Oak. ★

"Giving Back to the Badge-Sutter County" asking for items like tennis balls for K-9 officers and assorted snack items, has reached out to local businesses like Starbucks, Roundtable, Bang energy drinks and Sport Clips Haircuts for gift cards or actual meal/drink donations, and has started a Venmo account to help create goodie bags and buy lunches for the departments. Although COVID19 has put a damper on some of her campaigning, Sutter County Sheriff's Office and the Yuba City Police Department have both

reaped the benefits of Tanabe's hard work. She simply takes it upon herself to contact local businesses via phone or email and ask if they'd like to help in anyway, helping with transportation and delivery of goods if necessary. Why just Sutter County when Tanabe is from Gridley and lives in the area now? She also considers Yuba City home (she grew up there too) and has had better luck with those local businesses (not having a nonprofit status has been a hurdle in Butte County). Tanabe also points out that "Giving Back to the Badge - Butte

County LEO's," which she modeled her organization efforts after, does amazing work and has Butte County covered. Of course, there has been negative comments but Tanabe coolly says, "It's time for those that are silent...to let them (LEO's) know that there are people who will stand behind them and show their appreciation, no matter what others are saying." To help, please visit her Facebook page, Amazon Wishlist or Venmo account all under "Giving Back to the Badge - Sutter County." ★

Sustainable Intentions

Caltrans Repaves Roadway with Recycled Plastic Bottles

By Gilbert Mohtes-Chan, Caltrans

BUTTE COUNTY, CA (MPG) - Caltrans will repave a section of Highway 162 in Oroville using recycled asphalt pavement and liquid plastic made with single-use, plastic bottles - the first time the department has paved a road using 100 percent recycled materials.

The pilot project features work on three lanes of a 1,000-foot highway segment. The department is testing the material for later use throughout the state. A one-mile segment of pavement using this treatment will recycle 150,000 plastic bottles.

"This pilot project underscores the department's commitment to embracing innovative and cost-effective technologies while advancing sustainability and environmental protection efforts," said Caltrans Director Toks Omishakin.

The "plastic" roadway has been found in previous tests to be more durable and last two to three times longer than traditional hot-mixed asphalt pavement. This pilot will be the first test on a state highway.

"California has set ambitious goals for recycling and other environmental priorities, and meeting them requires innovative and cost-effective solutions," said Senator Ben Hueso (D-40), who has advocated for Caltrans to test this material. "Using waste plastic that was otherwise destined for a landfill will not only

The Butte 162 pilot project is the first state highway section to use 100 percent recycled material. Photo: Caltrans

reduce the cost of road repair and construction, but also increase the strength and durability of our roads. As a leader on environmental justice issues, California is uniquely positioned to transform the transportation industry once again by using this new technology that could revolutionize the way we look at recycled plastic."

Caltrans currently has a cold-in-place asphalt recycling program that uses large machines to remove 3 to 6 inches of roadway surface and grind up the asphalt while mixing it with a foamed binding agent made of bitumen, a leftover sludge from oil refining. However, the recycled material used in this process is only durable enough to serve as the roadway base. Trucks need to deliver hot-mix asphalt from a production plant miles away and place a final layer over the base.

Using this new technology developed by Technisoil Industrial of Redding, a recycling train of equipment grinds up the top 3 inches of pavement and then mixes the grindings with a liquid plastic polymer binder, which comes from a high

amount of recycled, single-use bottles. The new asphalt material is then placed on the top surface of the roadway, eliminating the need for trucks to bring in outside material for a paving operation. By eliminating the need to haul asphalt from the outside, this process can significantly cut greenhouse gas emissions.

"We're excited about introducing a new sustainable technology and helping pave the way for utilization of recycled plastics throughout the state," said Caltrans District 3 Director Amarjeet S. Benipal. "This process is better for the environment because it keeps plastic bottles out of landfills and helps reduce greenhouse gas emissions and reliance on fossil fuels."

The \$3.2 million paving project covers a stretch of Highway 162 between the Feather River and Christian Avenue in Oroville. Lamson Construction of Yuba City is the prime contractor.

The construction schedule is subject to change due to traffic incidents, weather, availability of equipment and/or materials, and/or construction-related issues. ★

Rule One: Don't Lose Money

I get approached by many investors asking what I think of such and such a stock or investment. Usually the theme is a familiar one and represents one in a long line of many mistakes beginning investors make whether starting out or those having been investing for a moderate amount of time only.

I have found few people new to investing make much money and the mistakes are many.

First off, some new investors obviously turn their money over to an advisor and there can be mistakes made there too. In speaking with a friend of mine last week, we had the conversation on when one might need an advisor and when one might not.

In my opinion, those that believe the market goes up over the long term could probably avoid the fees of an advisory service and instead just invest in some market index funds. For those wanting more active management or downside protection, perhaps a paid professional might be better. Most of all however don't forget Warren Buffett's two rules.

Rule one: Don't lose money.

Rule two: Don't forget rule one.

Novice investors also have a tendency to chase stocks. If it's the latest and hottest stock, they are usually in or planning to get in. There is a reason the terms "smart money" and "dumb money" refer to professional traders and mom and pop investors respectively. Usually the smart money rides the wave up, the dumb money gets in way too late.

Beginners also tend to want low price stocks in order to buy more shares. There may be a bit of logic here but it's the percentage moves that counts. Higher price stocks tend to move in large dollar figures while low price stocks tend to move in pennies but the percentages are similar.

Novices usually stay too long in a position and rarely take profits in chunks. In other words, selling half a position to use the house's money. Instead they are usually

all in or all out. They may also suffer huge losses, unwilling to initiate damage control on a plummeting position until it's too late. They may ride that train all the way to the bottom or even buy more stock in hope of averaging out. Bad medicine for sure.

Beginners usually won't touch the boring dividend payers or large cap stocks. They are instead after fast profits and looking for doubles or triples.

They may play in the dangerous yard of options if they learn how they work. Even more hazardous to one's wealth.

They usually know only the story of the stock and none of its financials or fundamentals. They often buy on a tip from a friend, co-worker or family member. They will also trade the same stock over and over, fall in love with a stock or think they can time the market based on what they feel in their gut or read in the news

Beginners may panic as the stock goes through the normal gyrations of its day to day movements. They expect to buy a stock and have it immediately go up and feel terrible if it falls as soon as they buy it.

They don't accept the fact that timing an absolute low is the holy grail of investing and rarely accomplished.

In conclusion I can usually tell an investors experience by the questions they ask and the stories they tell me. That's the easy part. The hard part is trying to explain all the do's and don'ts of investing in a brief conversation. THAT would take a whole series of classes, and by the way I do that too!

Oroville Resident Arrested for Assault with a Deadly Weapon

David Gonzales of Oroville, 41

Butte County Sheriff's Office Press Release

OROVILLE, CA (MPG) - On July 17, 2020, Butte County Sheriff's Office (BCSO) deputies responded to a local hospital and contacted the victim of an assault. The victim told deputies David Gonzales of Oroville, 41, was at his residence in Palermo earlier in the day. The victim explained Gonzales became upset with the victim and proceeded to strike the victim multiple times with a baseball bat. The victim

sustained serious injuries as a result of being struck with the baseball bat. Deputies determined Gonzales was on active California State Parole for assault with a deadly weapon.

Deputies and detectives responded to the victim's residence and collected evidence. Evidence was located which indicated Gonzales left the victim's residence and went to a residence located in the 2800 block of Craig Avenue, Palermo. On the evening of July 17, deputies and detectives located Gonzales. Gonzales was placed under arrest for a felony count of assault with a deadly weapon, and for violation of the terms and conditions of his California State Parole.

On July 20, detectives from the BCSO Felony Investigations Unit and BCSO Special Enforcement Unit served a search warrant at the residence located in the 2800 block of Craig Avenue. During the service

of the search warrant detectives located the baseball bat that was used in the assault, a firearm, and approximately 182 marijuana plants. Three children were also located at the residence. Detectives determined two of the children were present when Gonzales hit the victim with the baseball bat. Detectives determined the residence and property was not safe for children. All three children were detained and turned over to Butte County Children's Services.

Gonzales is scheduled to be arraigned at the Butte County Superior Court on Tuesday, July 21, at 3 PM. Based on the fact Gonzales violated the terms and conditions of his parole, Gonzales is not eligible for bail until he attends future court proceedings. The Sheriff's Office is asking anyone with additional information about Gonzales to contact Detective Tristan Harper at 530-538-7671. ★

LETTER TO THE EDITOR

Letter to the Editor Unscrupulous Behavior

In a recent front page article, North Yuba Water District Manager Jeff Maupin writes how the Water District is trying to finally pipe the Forbestown Ditch. Sounds good, right? Except this pipe would preclude the possibility of the District's customers ever benefiting from the 20,000 acre feet of water permitted to the District from being conveyed through this pipe.

Which begs the question, what is going to happen to this water? Director Neilson? Director Hansard? Director Haw-thorne? Silence, they will not tell you. Who is going to benefit from this water? More to the point, who is going to financially gain, because somebody most definitely is. What are the District's directors trying to hide. Why all the secrecy? Honest people and honest public agencies have nothing to hide, but these directors apparently do.

On going is the concurrent effort by the Yuba Water Agency's to support this piping project. This water is valuable to the foothill residents, even if they do not know it. YWA Chair Randy Fletcher and co-chair Brent Hasteay know this. Is Fletcher counting on his foothill constituents not finding out that all this water would make possible a robust fire protection system for the foothills? Does the YWA has something else in mind?

What could the Yuba Water Agency want this water for? Could it perhaps be for their commitment to the Delta Fix? The YWA seems ready and willing to dominate its way forward at the expense of the people that truly own this water, the property owners of the North Yuba Water District.

It has come to light that Manager Maupin misrepresented his qualifications on his job application resume. He said he had a college education. However, under oath, he admitted he has no such degree and had only taken some courses at several Junior Colleges.

You would think the District directors would care about such unscrupulous behavior, but they don't. Actually, they have their own unscrupulous behavior to content with. They encouraged their former colleague Terry Brown to vote on the gerrymandered map even as they knew he was living in Florida and not qualified. The District was also found guilty in a Court of Law of withholding internal documents from Director Flohr and ordered to produce the documents forthwith. Go figure.

YOUR ONE MINUTE NEWS DIGEST

by Don Rae

- Recall when hundreds of thousands of Tea Party patriots marched in Washington DC in 2009? When they disbanded, the Parks Service reported the area was cleaner than when the Patriots arrived. See anything like that in today's leftist anarchist world?
- Instability is contagious and when folks get worked up and nervous a destructive synergy is probably going to occur. Stop the rioting, looting and anarchy in its tracks or this country is finished.
- Last week radio station 1410 KMYC AM in Marysville was burned off the air by arson. Not a peep out of any of the local mainstream media. Why? Probably because this station did not conform to the political bias so prevalent today. The editors and staff ought to be ashamed of themselves for holding themselves out as honest journalists. Why should any honest American support news organizations which are nothing more than apologists for left-leaning causes?
- We trust that the appropriate investigators in the Sheriff's and Fire departments will do their utmost to identify and bring to justice the arsonist. However, with a total black out of information in the local community, how can any assistance from the public be obtained?
- NBA players, coaches etc. all knelt down for the National Anthem, including some who knelt on the American flag. All that behavior proves how disrespectful these over privileged and over paid poor excuses for manhood really are.
- As Mike Ditka says – If you can't respect our National Anthem, then get the hell out of the country.
- From James Wood. "America is not divided by race, color, gender or sexual orientation. America is divided into wise people and fools. And fools divided themselves by race, color, gender or sexual orientation."
- Answer this one. Why does a Congressman who did little or nothing to help members of his race get to have hundreds of people crowded around at his funeral, including uncounted numbers

of politicians but the average American is not allowed to worship in their own church? Hypocrites.

- SO BLM and their ignorant cronies claim that all Whites are racist and Blacks should receive all benefits and privileges. Isn't that thinking racist in and of itself?
- A CNN "News" crew was arrested in Minneapolis recently screaming to the stars about their "reportorial" rights. Since CNN is nothing more than another Democrat operative, they have no right to press protection.
- It bears repeating until the cows come home. Schumer has been in office 38 years; Pelosi 33 years, Waters 29 years and Feinstein 28 years. These statistics are just a starting point. If America is such a "systematically racist" country, then why haven't these politicians done one damn thing to fix the problem? Why? They don't want to. If they did, their place in government would dissolve.
- A truck driver is threatened and attacked on a public road, so he plows on in self defense. What happens? He is arrested. So much for the police protecting the public.
- Thuggery is becoming the new normal. What is your position on this trend Garamendi?
- Do you still hold the media in high esteem? Consider that the mainstream media became more upset over Trump holding a bible in front of a church than they felt about the vandals who set the church on fire. That one single incident tells you all you need to know about the honesty of the mainstream media. Consider that fact when the media cries for your support to keep it in business.
- You know brainwashing is real, alive and wide spread when white people protest against white people for being white. Insanity.
- The left is so filled with hypocrites it beggars the imagination. Consider this. If the American flag is such a symbol of racism and white supremacy, then why was it draped over John Lewis' coffin? ★

The Brownsville Bailiwick & Beyond

Perhaps the dreaded virus has reached Brownsville. It was bound to happen. Now we need to be doubly careful or take our chances. We wonder just how deadly it is. The family we know in Oroville have survived, although it was not pleasant. No one knows the long range effects yet. Looks like damage to the lungs is the worst. Keep your distance and wear a mask when you think it appropriate, please.

The Peddler's Fairs, in Brownsville, have been quite successful thus far, and the next one will be held on Saturday, September 5 in the parking lot of the Brownsville Mercantile on Willow Glen

Rd. As always, booth space is free. There have been vendors and crafters selling everything from sewing crafts, yard art, bird houses, baskets, clothing, and more. There were actually had a couple of live ducks up for sale. Come out and stroll through the many booths filled with assorted treasures.

Look Back in Time – In 1890 the Golden Queen mine in Forbestown crushed 27 to 30 tons of ore per day at \$250 per ton and employed 100 men (that's a big operation).

Hope to see you in Brownsville soon.

~ Christine and Yvonne

Senate Pandemic Bill Includes Farm Relief

Additional pandemic relief for farmers and ranchers would come at a critical time, according to the American Farm Bureau Federation. A trillion-dollar relief package introduced in the U.S. Senate this week, known as the HEALS Act, contains \$20 billion intended to benefit farms, ranches and rural communities. The American Farm Bureau says the pandemic has brought “steep challenges” as farmers and ranchers react to unprecedented changes in markets and supply chains.

Unsolicited Seed Packets Raise Concerns

Californians who receive unsolicited seed packets should not open them and should contact their county agricultural commissioner's office: That's the advice from the state Department of Food and Agriculture. The U.S. Agriculture Department says suspicious packages have been received around the country. Most appear to have been shipped from China. Officials warn against planting seeds from unknown origins, citing concerns about plant diseases the seeds could carry.

New Knowledge Could Slow Grape Pest

By mapping the genome of a key grapevine pest, University of California scientists say they have learned how the insect spreads, which could help them learn how to stop it. The research involves phylloxera, which feeds off and damages grapevines. Working with colleagues in France, UC Riverside specialists identified genes that allow the insects to colonize vines. That could lead to breeding of grape rootstock that resists the pest.

Grape Commission Ads Promote Rural Communities

Seeking out California-grown grapes at the grocery store benefits rural communities around the state, according to the California Table Grape Commission, which has developed a marketing campaign encouraging shoppers to support the state's farmers and their employees. The campaign will feature radio ads in Spanish and English. California farms produce practically all the table grapes grown in the U.S., but face competition from imported grapes. ★

United Way Cancels Two Major Events Due To COVID-19 Restrictions

By Bob Harlan, Executive Director, Yuba-Sutter-Colusa United Way

YUBA/SUTTER COUNTIES, CA (MPG) - Local non-profit fundraising events have been cancelled left and right due to the mandated state restrictions surrounding the COVID-19 virus.

The Yuba-Sutter-Colusa United Way has announced the cancellation of two major local events: First, the 21st annual “Elegant Soiree Wine & Culinary Extravaganza,” which had been rescheduled from its April date to August 25 at Hard Rock Hotel & Casino; And, second, the 6th annual “Golden Autumn Wine Festival” slated for Bishop's Pumpkin Farm

on September 20.

The cancellations are made necessary due to current and expected severe limitations on crowd sizes, sanitation issues, the need for masks and social distancing.

“We are just one of the local non-profit organizations and service clubs that has cancelled events which cumulatively raise many hundreds of thousands of dollars to provide services to tens of thousands of local people in need each year,” said YSC Executive Director Bob Harlan.

“Without the net revenue from the dozens of cancelled area events, these organization will have to cut programs and donations to our neighbors in need,” Harlan said.

These two events are now

scheduled to happen at their regular times in 2021, assuming there is a safe and effective vaccine and that enough people opt to avail themselves of it as soon as possible.

“National surveys show that most individuals say they will become inoculated with the vaccine, but some of them do not want it until they see it is safe. Meanwhile, two different surveys say 20% vowed to refuse the vaccine for themselves and their families,” Harlan said.

The current dates for the 2021 events are April 24 for the “Elegant Soiree” and September 20 for the “Golden Autumn Wine Festival.” Together, these events draw more than 800 people and bring in some \$45,000 in net proceeds. ★

THE TRUSTEE WILL SELL AT PUBLIC AUCTION TO HIGHEST BIDDER FOR CASH, CASHIER'S CHECK DRAWN ON A STATE OR NATIONAL BANK, A CHECK DRAWN BY A STATE OR FEDERAL CREDIT UNION, OR A CHECK DRAWN BY A STATE OR FEDERAL SAVINGS AND LOAN ASSOCIATION, A SAVINGS ASSOCIATION OR SAVINGS BANK SPECIFIED IN SECTION 5102 OF THE FINANCIAL CODE AND AUTHORIZED TO DO BUSINESS IN THIS STATE:

All right, title, and interest conveyed to and now held by the trustee in the hereinafter described property under and pursuant to a Deed of Trust described as:

More fully described in said Deed of Trust.

Street Address or other common designation of real property: **14465 SEWARD LANE, OREGON HOUSE, CA 95962**
A.P.N.: **060-240-013-000**

The undersigned Trustee disclaims any liability for any incorrectness of the street address or other common designation, if any, shown above.

The sale will be made, but without covenant or warranty, expressed or implied, regarding title, possession, or encumbrances, to pay the remaining principal sum of the note(s) secured by the Deed of Trust with interest thereon, as provided in said note(s), advances, under the terms of said Deed of Trust, fees, charges and expenses of the Trustee and of the

trusts created by said Deed of Trust. The total amount of the unpaid balance of the obligation secured by the property to be sold and reasonable estimated costs, expenses and advances at the time of the initial publication of the Notice of Sale is: **\$ 257,757.42.**

Note: Because the Beneficiary reserves the right to bid less than the total debt owed, it is possible that at the time of the sale the opening bid may be less than the total debt.

If the Trustee is unable to convey title for any reason, the successful bidder's sole and exclusive remedy shall be the return of monies paid to the Trustee, and the successful bidder shall have no further recourse.

The beneficiary of the Deed of Trust has executed and delivered to the undersigned a written request to commence foreclosure, and the undersigned caused a Notice of Default and Election to Sell to be recorded in the county where the real property is located.

NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off,

before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on this property.

NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The

law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call **(866)-960-8299** or visit this Internet Web site <http://www.altisource.com/MortgageServices/DefaultManagement/TrusteeServices.aspx> using the file number assigned to this case **2020-01161-CA**. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web

site. The best way to verify postponement information is to attend the scheduled sale.

ESTATE OF JOHN THOMAS SELLERS
CASE NO. PRPB20-00070**

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate, or both, of: **JOHN THOMAS SELLERS**

A Petition for Probate has been filed by **MICHAEL SELLERS** in the Superior Court of California, County of Yuba.

The Petition for Probate requests that MICHAEL SELLERS be appointed as personal representative to administer the estate of the decedent.

The Petition requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

A hearing on the petition will be held in this court on 08/24/2020 at 09:00 am in Dept. 1 located at 215 Fifth Avenue, Suite 200, Marysville, CA 95901, Civil Division.

If you object to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

If you are a creditor or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either **(1) four months** from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or **(2) 60 days** from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code.

Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law.

You may examine the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk.

NOTICE IS HEREBY GIVEN by the Yuba Local Agency Formation Commission that a public hearings will be held on Wednesday, September 2nd 2020 at 6:00 p.m. in the Yuba County Board of Supervisor's Chambers, 915 8th St. Ste. 130, Marysville, CA 95901 or via teleconference or other electronic means, regarding the following:

•**REQUEST FOR RECONSIDERATION OF THE FOLLOWING: Reconsideration of LAFCO File No. 2020-0002/North Yuba Water District Detachment**

This item is a request for reconsideration of a Yuba LAFCO approval of a request from North Yuba Water District to detach approximately 8,328.77 acres of land. This detachment was initiated by the North Yuba Water District. The purpose of this detachment is to remove parcels from the North Yuba Water District that are not being served to clean up the overlap of service boundaries with the Browns Valley Irrigation District, consistent with the Spheres of Influence of the Browns Valley Irrigation District and the North Yuba Water District. The detachment area is located in the southern portion of the community of Brownsville in Yuba County.

•**REQUEST from the Brophy Water District (Lafo File 2020-0001)** for a Sphere of Influence Amendment and to annex 55.77 acres more or less into the Brophy Water District and detach 55.77 acres more or less from the South Yuba Water District Sphere of Influence including the Staas property including Assessor's Parcel # 014-510- 025 on property located at 4084 Rancho Road.

The Commission will consider oral and written testimony by any interested person or affected agency as well as the report of the Executive Officer. At the hearing, the Commission may approve or disapprove a proposal with or without amendment, wholly, partially, or conditionally, may include or exclude territory in this change of organization or may continue its consideration with or without amendment, as a whole, in part, or upon such conditions as the Commission may determine (For reconsideration requests the consideration may be continued from time to time but not to exceed 35 days from the date specified in this notice).

All interested parties have the right to appear and be heard at this time. For further information and review of the files, please contact the Yuba Local Agency Formation Commission, 915 8th St. Ste. 130, Marysville, CA, by telephone at (530) 749.5467 or by email at phensley@co.yuba.ca.us during regular business hours or visit the LAFCo webpage at www.yubalafco.org to review the Executive Officer's report, which will be available 5 days prior to the hearing.

Pursuant to Governor's Executive Order N-29-20, this public hearing may be conducted entirely by teleconference or other electronic means due to the COVID-19 shelter in place orders should no physical location be available. Members of the public who wish to attend and provide public comment may do so via teleconference and should consult the agenda for the Zoom meeting login information or call-in number for this meeting which is to be posted 72 hours before the scheduled start time and on LAFCO's webpage at www.yubalafco.org.

If you challenge the action of the Commission on any of the above stated items in court, it may be limited to only those issues raised at the public hearing described in this notice, or in written correspondence delivered to the Yuba Local Agency Formation Commission at, or prior to, the public hearing.

**NOTICE OF PETITION TO ADMINISTER
ESTATE OF Donna K. Barrie
Case NO. PRPB 20-00079**

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate or both of **Donna K. Barrie**.

A Petition for Probate has been filed by John Barrie in the Superior Court of California, County of Yuba.

The Petition for Probate requests that (name): John Barrie be appointed as personal representative to administer the estate of the decedent.

The Petition requests the decedents will and codicils, if any, be admitted to probate. The will and any codicils are available for examination in the file kept by the court.

The petition requests authority to administer the estate under the independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

A hearing on the petition will be held in this court as follows: September 14, 2020 at 9:00 a.m. in Dept. 4 located at Superior Court of California, County of Yuba, 215 5th Street Ste. 200 Marysville, CA 95901.

If you object to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

If you are a creditor or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either **(1) four months** from the date of first issuance of letters to a general personal representative, as defined in section 58 (b) of the California Probate code, or **(2) 60 days** from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code.

Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California Law.

You may examine the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250.
