Yuba and Sutter Counties Re-Open

Yuba and Sutter Counties broke away from the pack and allowed businesses such as salons, gyms and dine-in businesses to reopen. Photo by Kevin Bidwell from Pexels

By Seti Long

YUBA-SUTTER, CA (MPG) - In a defiant move, Yuba-Sutter has chosen to bypass Governor Newsom's orders and allow "unauthorized" establishments to open for business ahead of schedule.

Last week, Yuba and Sutter Counties broke away from the pack and allowed businesses such as salons, gyms and dine-in businesses to reopen. On Wednesday, May 6th, Yuba City's Mall was the first in California to open its doors after the COVID19 shelter-in-place order went into effect.

This action by the two counties has made them the target of some veiled and not-so-veiled threats. Businesses that have dared to serve alcoholic beverages to their customers along with liquor stores have been visited by the

California Department of Alcoholic Beverage Control, which have suggested that licensing could be lost if they did not adhere to specified state guidelines. The California Office of Emergency Services also sent a letter to Yuba and Sutter Counties threatening to withhold federal disaster funding if they continued to defy Governor Newsom's orders.

City Council Member, Marc Boomgaarden, tried to put some context to the "warning/threat" from the state, saying in a Facebook post that, "The total amount of disaster aid funding that the City of Yuba City would potentially "lose" if our State decided to withhold Disaster Aid funds is currently estimated at \$14,000.00." He continues, "Let's balance that potential loss of funds against the financial

costs and emotional stresses being experienced daily, and in the future, by our local residents. Personally, I am willing to take the risk of potentially losing those funds in support of my fellow citizens and the businesses they own..." In an interview with CBS Sacramento, Yuba City Mayor, Shon Harris, says he stands behind the decision of his local businesses, saying that the potential federal funding lost is "not very significant."

With the very real threat to many small businesses' survival, owners have had to weigh the options between staying closed and losing federal disaster funding or taking their chances with the State government and the virus with reopening. Most have chosen to reopen with protective measures in place. ★

Increased COVID-19 Testing Coming to Yuba-Sutter

With Expanded Testing Capacity Will Come More Identified Positive Cases

Yuba-Sutter Department of Health

YUBA-SUTTER COUNTIES, CA (MPG) - More than 130 additional individuals living in both Yuba and Sutter counties will be tested for COVID-19 each weekday thanks to a new community testing site which opened Monday, May 4, 2020 in Yuba City. The site will increase testing capacity in Yuba-Sutter 600 percent, and will identify more existing cases in the community.

The new site is among the first of 80 new testing sites across California recently announced by Gov. Gavin Newsom in partnership with OptumServe, a leading health services company.

The testing site is located at the Sutter County Veterans Hall on 1425 Veterans Memorial Circle in Yuba City, testing will be by appointment only through an online portal or toll-free phone number. No walk-in testing will be allowed.

Persons who would like to be tested will need to register online. An online registration system managed by OptumServe will be activated Saturday, for those seeking to be tested for COVID-19. A toll-free phone number

for residents without Internet service will also be available at that time. The registration website link and the toll-free number will be posted on both county websites - BePreparedYuba.org and BePreparedSutter.org - beginning Saturday.

"The limited number of available testing kits in our area since testing first began in early March has made it difficult to gain a clear picture of COVID-19 infections in our region, so we appreciate the state choosing us for expanded testing," Yuba-Sutter Health Officer Dr. Phuong Luu said. "As we increase the capacity to test more people in the region, our residents can expect to see the number of COVID-19 cases rise. That will not mean a surge in cases, it will simply mean we are identifying more of the cases that we knew already exist here."

Dr. Luu said each confirmed case requires contact tracing. Additional public health staff from both Yuba and Sutter counties are currently completing training, in order to address the expected increase in the number of positive cases that need to be tracked, as well as those who are contacts of positive cases.

The Yuba-Sutter site was selected following a statewide review of both rural

and urban areas where Californians would have to travel between 30 and 60 minutes to reach an existing testing site or hospital. The socioeconomic status of communities were considered in determining which regions would get the testing sites.

"OptumServe is honored to assist California in expanding COVID-19 testing for residents," said Patty Horoho, CEO of OptumServe. "We are bringing our full commitment and capabilities to serve Californians, including extensive experience conducting large community health events."

At maximum capacity, OptumServe will be able to support up to 80 testing sites at one time throughout the state, increasing total testing capacity by more than 10,500 tests per day.

"Thanks to Yuba and Sutter counties and to OptumServe, for the collaboration to make these testing sites possible," said Charity Dean, M.D., Assistant Director of the California Department of Public Health. "We're working together as part of the state's Testing Task Force to ensure regions with the greatest need have access to tests, and these sites are going to be a major component in reaching our testing goals." ★

Less Highway Congestion is Not a License to Speed

Submitted by Jaime Coffee, CHP

SACRAMENTO, CA (MPG) - Caltrans announced a joint effort with the California Highway Patrol (CHP) and the California Office of Traffic Safety (OTS) to urge drivers in the state to slow down given a recent 87% increase in citations for speeding in excess of 100 mph that coincides with decreased traffic volumes during the COVID-19 pandemic.

From March 19 when the state's stay-at-home order began to April 19, the CHP reports issuing 2,493 citations statewide for speeding more than 100 mph, as compared to 1,335 during the same period last year. This increase in citations occurred as Caltrans has measured an average decline in traffic volume on state roads of approximately 35% as compared to this time last year.

"Excessive speed and unsafe driving threaten everyone using our highway system," said Caltrans Director Toks Omishakin. "Viewing less congested roads as an invitation to drive dangerously jeopardizes the safety of construction and maintenance crews who are working to maintain reliable access to our highways when people need it most."

"It is alarming to see the number of citations officers are writing for excessive speeds on California roadways," said CHP Commissioner Warren Stanley. "Higher speeds can lead to much more serious injuries and significantly increase the chance of death should a crash occur. Keep yourself and those on the road around you safe. Slow down and drive at a safe, legal speed."

California's "Move Over" law continues to be in effect and requires all drivers to move over a lane or, if unable to do so safely, slow down when they see amber flashing lights on Caltrans vehicles, law enforcement and emergency vehicles, and tow trucks.

"Fewer cars on the road doesn't give drivers the green light to travel over the speed limit," OTS Director Barbara Rooney said. "Driving at a safe speed when you must go out is one way to keep you and your family safe during this pandemic."

Please slow down and Be Work Zone Alert.

News Outlook

By Josh F.W. Cook

With not nearly enough fanfare for the incredible significance of the event, this snippet appeared on the newswires across the Internet: Eagle Materials Inc. of Texas announced it had sold its Western Aggregates and Mathews Readymix operations for \$93.5 million to Teichert, a California-based construction company. Western Aggregates vested-rights-to-mine covers 3,900 acres and includes over 900 million tons of aggregates. Mathews Ready Mix assets include three concrete batch plant locations and 26 trucks. Eagle Materials Inc. manufactures and distributes Cement, Gypsum Wallboard, Recycled Paperboard, Concrete, Sand and Aggregates, from more than 75 facilities across the US. Teichert Inc. provides construction services. The Company constructs freeways, sidewalks, curbs, utility trenches, roads, and gutters, as well as produces building materials and performing general site preparation. Teichert offers services for sewer, drainage, water, earthmoving, excavation, grading,

paving, and utilities. In another there is this quote from Michael Haack, Eagle Materials President and Chief Executive Officer, “This transaction represents the sale of non-core assets on the heavy-side of our Company. In using the term ‘non-core’, I mean that they do not provide essential support to our primary cement plant network. We are especially keen on having the most strategically coherent set of heavy-side assets established in advance of our previously announced spin-off. These divestitures, along with the integration of the Kosmos cement plant acquisition, create a focused heavy materials business with a broad capability to serve US heartland cement markets.” What should’ve been said is the most contentious political argument in the Yuba/Sutter area has now come to an end. As an observer of things political in Yuba/Sutter, the issue of public access to the Goldfields, who owned the public access to the Goldfields, whether or not work in the Goldfields was conducted by unionized labor, and where the property lines really are shaped almost every race for public office. Indeed, in Yuba County in the 1980s and 90s which side of the Yuba Goldfield fight you chose was more important than whether you were a Republican or Democrat. Ask any local elected official. The Yuba Goldfields

are a byproduct of hydraulic mining that occurred in Nevada County; they are unique in the world. They have been the source of litigation, conflict and wealth since their inception. There is easily more than \$1 billion of value lying in the rocks, cobble, and sand that is referred to as the Goldfields. Teichert buying them is a victory for Teichert no matter how you look at it. They will have the resources to combine the Goldfields with their other infrastructure for hundreds of years. It seems as if Western Aggregates is focusing on its core strengths which all seem to be a lot closer to Texas. With so much of the world being driven by technology and virtual this or virtual that, moving rocks is not something that happens virtually. Distance is one of the most significant costs in delivering construction materials and having a network of plants, processing facilities, and trucks close to job sites is the difference between a winning and losing bid. Western has developed that network in Texas, Teichert is dominant in California. Perhaps there’s another conflict to come that we don’t see, but in the long, storied history of the Yuba Goldfields, and the Yuba River this is the most significant event in the last 50 years. *** Josh F.W. Cook is a public administrator and educator. ★

Local Student Wins Prestigious Scholarship

Lillian Scoglio, a senior at Faith Christian High School has been awarded a prestigious P.E.O. Star scholarship. Lily was sponsored by VU Chapter of P.E.O. from Yuba City. Lily, the daughter of Benjamin and Melissa Carter, will be enrolling in the honors program at Grand Canyon University in Arizona. She will complete her major in three years. Her emphasis will be a Business Management Degree, with a minor in Sports Marketing.

Lillian Scoglio

The P.E.O. Scholarship is a \$2500 scholarship based

on excellence in leadership, extracurricular activities, community service, academics and potential for future success. The P.E.O. Sisterhood, founded in 1869, is an International Philanthropic and Education Organization. The sisterhood has provided over \$280 million in financial and scholarship assistance to approximately 100,000 women. P.E.O. also owns Cottey College, a fully accredited private liberal arts and sciences college for women. ★

Yuba Water Agency Provides Funds for Fish Habitat, Infrastructure and Other Improvements

An aerial view of the Hallwood Side Channel and Floodplain Restoration Project along the lower Yuba River. Photo: Doug Handen

By Alex Boesch, Yuba Water Agency

MARYSVILLE, CA (MPG) - The Yuba Water Agency Board of Directors approved more than \$2.2 million for local and regional improvement projects. The funding will contribute to repairs at Ellis Lake and roads around New Bullards Bar Dam and Reservoir, support local irrigation districts with environmental planning, design and permitting costs, and advance fish habitat restoration while reducing flood risk on the Yuba River.

“The board’s actions are an example of what’s possible with the right local, regional and state partnerships,” said Yuba Water Board Chairman Randy Fletcher. “The projects not only advance our core mission areas, they also support our local farmers and the betterment of our communities and environment in actions large and small.”

Reflecting its continued commitment to improving conditions for Chinook salmon, steelhead and other native species while also reducing flood risk, the agency awarded more than \$1.6 million to Teichert Aggregates to complete the first of a four-phase, multi-agency project to restore 157 acres of fish habitat in the lower Yuba River. The project includes 89 acres of restoration created by the removal of 1.8 million tons of rock, sediment and other debris to create both year-round and seasonally flooded food-rich fish-rearing habitat. The debris removal, roughly equivalent to 1.8 million pick-up truck loads, will also reduce flood risk by lowering water surface elevations

and flow velocities during flood events. The Phase 1 restoration work is part of the agency’s early implementation of voluntary agreements proposed as part of the State Water Resources Control Board’s Bay-Delta Water Quality Control Plan update. Yuba Water has applied for grant funding to cover all but \$150,000 of the remaining work on Phase 1 of the project. As part of its regional watershed management approach to benefit both people and the environment and to further improve water supply reliability, the board agreed to grant \$150,000 toward the cost for two of its irrigation district partners – Hallwood and Cordua – to redesign and permit an existing system that returns fish from the districts’ fish screen back into the Yuba River. To ensure Yuba Water employees have reliable access to the agency’s facilities around New Bullards Bar Dam and Reservoir, the board also approved a \$347,210 grant to cover Yuba County’s local match portion of the cost to repair sections of county roads that suffered extensive damage during 2017 storm events. Lastly, a \$40,000 grant was awarded to the City of Marysville to cover the cost of repairing the fountain at Ellis Lake, which will improve water quality in the lake through fountain flows. The grant is the latest effort in our partnership with the city to explore long-term solutions for restoring the lake to the community asset that it once was. The Tree Needs Fertilized

Commentary
by Lou Binninger

The Book of Proverbs tells us that “the fear of the Lord is the beginning of knowledge” (1:7). The American Founders understood this and from the beginning stressed the connection between a Godly education and the personal freedoms of the country.

In 1776, the future President John Adams said, “Statesman...may plan and speculate for liberty, but it is religion and morality, which can establish the principles upon which freedom can securely stand.”

This view was widely embraced among the Founders who helped shape the political, educational, and legal foundations of the nation. Men such as Daniel Webster, Benjamin Franklin, Benjamin Rush, Samuel Adams, and George Washington echoed the same sentiments. They saw the proper education of young minds as being at the heart of maintaining what was started.

As a result, most of America’s oldest universities were formed by preachers and churches. Harvard, William and

Mary, Yale, Princeton, King’s College, Brown, Rutgers, and Dartmouth are examples.

Harvard University was founded by Puritans in 1636. It adopted ‘Rules and Precepts’ that said, “Let every student be plainly instructed and earnestly pressed to consider well, the main end of his life and studies is, to know God and Jesus Christ which is eternal life (John 17:3) and therefore lay Christ at the bottom, as the only foundation of all sound knowledge and learning.”

Even Harvard’s original seal, which can be seen etched in the walls of the campus states “Truth for Christ and the Church.” The other colleges noted above have similar professions of faith in their original statements of purpose. A founding creed of Princeton was “Cursed is all learning that is contrary to the Cross of Christ.”

Tragically, none of these universities have preserved their original mission and profession of faith. In fact, they deny and mock Jesus today.

In Colonial America long before the government forced children to

attend socialist schools, in addition to the Bible and the Bay Psalm Book, the first textbook, The New England Primer, taught the ABC’s by children memorizing Bible truths and life lessons: A—In Adams fall, we sinned all. B--- Heaven to find, the Bible mind. C--- Christ crucified for sinners died, and so on. Included in the Primer were the names of Old and New Testament books, the Lord’s Prayer, the Apostle’s Creed, the Ten Commandments and more.

The Primer was the second best-selling book in the American colonies (The Bible was number one).

In 1836, Noah Webster, often called the “Father of American Education,” expressed that the purpose of schools was meant for the advancement of the Christian faith. Webster said, “The Christian religion is the most important and one of the first things in which all children, under a free government ought to be instructedNo truth is more evident to my mind than the Christian religion must be the basis of any government intended to secure the rights and privileges of a free people.”

Tragically, America grew cold to God, rejecting Him as creator to instead embrace man’s evolution from a monkey. John Dewey, known as the “Architect of Modern Education,” was an atheist and secular humanist. He said, “There is no God and there is no soul. Hence there are no needs for the props of traditional religion.”

This unraveling of the tapestry of American morality and ethics based on the scriptures led to rampant teen pregnancy, sexually transmitted diseases, substance abuse, violence and suicide. Greed, selfishness, sexual perversion, political corruption and deceit are

unchecked today. Schools are Jesus – free zones. Many American corporate executives and liberal politicians are traitors preferring global rule to being loyal Americans.

It is no surprise that the nation is ripe for a socialist / communist coup. The majority of Americans are confused about their beginnings. Most local and extra-local leaders that swore an oath to defend the Constitution, do not understand it and are oath-breakers.

The flu fraud and taking the nation hostage could only happen if most of our leadership had no intention or backbone to defend the Constitution. It’s just not cool. Our third President

and Founding Father Thomas Jefferson wrote, “The tree of liberty must be refreshed from time to time with the blood of patriots and tyrants. It is its natural manure.”

It appears to be that season.

Sutter-Yuba Mosquito & Vector Control District

ARE MOSQUITOES BREEDING IN YOUR POOL?

Green Swimming Pools

One, unmaintained, green pool can produce 100,000 mosquitoes over a summer. This is a significant concern as West Nile Virus is regularly detected in our area annually. So green pools that we learn about have become a priority. To discover unmaintained pools, the District hires an aerial photography contractor each year to fly the urban areas within the District at the end of May. The contractor provides a photo of each suspect pool and it’s address. Our staff makes a visit to each home where a pool may be producing mosquitoes. When an inspection shows that mosquitoes are breeding in a pool, treatment is simple, quick and free. Application of a thin film of a coconut based oil quickly kills the immature mosquitoes living in the water. For a long term solution, mosquitofish are introduced. No unrelated data is collected or shared regarding any property. There is no charge, penalty or fee for an inspection or treatment to a pool. You can still get your pool ready for swimming later.

Mosquitofish

Gambusia affinis, also known as “mosquitofish”, are used in many parts of the world to control mosquito larvae. Most of our mosquitofish are used in agricultural sources. However, these fish work great in neglected swimming pools, giving season long control of mosquitoes. Residents of the District are welcome to pick up mosquitofish, free of charge, for stocking their own backyard sources. The fish can be picked up Monday through Friday at 701 Bogue Road, Yuba City between the hours of 7:00 - 3:30 PM.

Can’t maintain your pool this year? You can self report your green pool or anonymously report a neighbor’s. An easy inspection and treatment, at no cost provides season long mosquito control.

Sutter-Yuba MVCD

YOUR ONE MINUTE NEWS DIGEST

by Don Rae

- Why is CalPERS in such dire financial straits? Politicians and union bosses are feathering their own nests, of course. But what of those who do the investing? CalPERS' investment group is headed up by Yu(Ben) Meng, a Chinese student who attended UC Davis. He then worked as deputy CIO for China's State Administration of Foreign Exchange which oversees China's U.S. Treasury security holdings. Since being hired by CalPERS he invested \$3.5 billion into firms owned or controlled by the Chinese Communist Party, businesses on the U.S. Treasury Departments blacklist. Why is he still getting paid by the taxpayers? Why hasn't the FBI investigated him? Why is Newsom hiding out over this scandal?
- Juxtaposition is revealing. Biden vs. Kavanaugh. Several contemporary witnesses in Biden's case vs. no one supporting the accusations in Kavanaugh's. The mainstream media's coverage is telling. Coverage nonstop on Kavanaugh, but nothing on Biden. They are not journalists, but lemmings following the Democratic line (lies). Horrid situation. Do not patronize their advertisers.
- Our instincts told us something was being hidden from us by the mainstream media. However, now the hidden is being revealed layer by layer. The FBI set up Flynn, Stone and Papadopoulos with the knowledge of Obama's White House and probably Obama himself. With Hillary, of course. Hopefully the nation's snowflakes will wake up and deal appropriately with these criminals.
- Newsom bought huge lots of \$2 masks from – where else? – China. Want to lay a wager that he's going to require all Californians to wear masks at all times and then sell them to the folks for \$5?
- DiBlassio, the Democratic Mayor of New York, is a hypocrite who is deserving of immediate recall. He recently encouraged Muslims to gather in huge numbers for "halal meals" while threatening Jews with arrest if they congregated for prayer. This tyranny must stop. Step up folks. Wake up and resist.
- The democrat mayor of Chicago decides she needs a haircut in the middle of a lock down for the entire city. Why? She says she must look good on TV.
- Essential, nonessential. Who decided this cosmic question? A nameless bureaucrat deep in some non-descript government building? Of course this snowflake deemed him or her-self absolutely essential. What psychological damage is being done to

millions of average Americans who have had their life's work deemed "non-essential"? Americans, start voting out of office politicians who are nothing more than useless idiots. They have proven themselves to be "non-essential."

- Given the science being revealed (even though Facebook has banned honest scientific reporting) that the Chinese virus is not nearly as deadly as first thought, will we be subjected to a lock down next flu season? Will the psychological high of control be so intense that political "leaders" will be unable to constrain their egos and will let loose another round of tyrannical behavior?
- More folks died of smog-related conditions in Los Angeles during the 50s than are dying from the current Chinese virus. There were no lockdowns then.
- According to the "experts" the oceans have risen some 20 centimeters (around 7 inches) in the past 100 years. The mainstream media has glommed on to supposed Louisiana delta land subsidence to make their point that the coast will all be under water sometime soon. Maybe the Louisiana Delta is sinking, rather than the ocean is rising.
- In the 1970s, Paul Erlich told us we would have food wars before the turn of the century. Rachel Carson told us DDT would kill all wildlife. We took her uneducated word and millions of Africans died because DDT was not used to kill mosquito carrying diseases. Now we have control snowflakes telling us the ocean will flood the world. Well, Bill Gates bought a \$43 million waterfront mansion in Del Mar. Al Gore paid \$9 million for a waterfront mansion in Montecito. Perhaps the ocean won't rise in front of their properties?
- Consider this. While you are virtually subjected to house arrest and have lost your job, members of Congress are freely moving about the country with their paychecks and benefits unaffected. So long as politicians and their cronies are not affected by the policies they inflict on us, their greed for power and enrichment will always trump our welfare.
- Newsom, the liberal snowflake, wants billions for the homeless to put them up in the fanciest hotels in the state. Just how will that solve the problem? Can you imagine the conditions a traveler would have to endure? We've thrown billions at our school systems in California and still rank 49 th in the nation in educational achievement. How about a solution to the homeless problem rather than avoiding the problem behind a façade of greenbacks. ★

Cutting Off Your Power and Water?

Commentary
by Lou Binninger

In March of 1931, Nicholas Murray Butler, president of Columbia University in New York, gave a speech at the University of California on Charter Day. In his talk Butler divided humanity and even nations into three categories, however he emphasized that individuals could move from one grouping to another.

Butler explained, "There are the few who make things happen, the many more who watch things happen, and the overwhelming majority that have no notion of what happens. Every human being is born into this third and largest group; it is for himself, his environment and his education to determine whether he shall rise to the second group or even to the first."

The recent Wuhan Flu fraud perpetrated on the world illustrates Butler's observation. It appears Covid-19 was deviously contrived and funded illegally with American dollars. Tony Fauci is at the center of this and authorized over \$3.7 million for the Wuhan Lab to run its Frankenstein-like studies transferring animal viruses to human cells. Bill Gates and Fauci guaranteed publically a pandemic would occur right now. Both stand to make millions off the vaccine 'to save the world.'

Members of Butler's second and third group are befuddled by the Wuhan psychobabble narrative --- the coming 'fatal plague,' hiding indoors, social distancing and wearing a muzzle. Meanwhile deep state globalists were converting a once free society to a totalitarian regime, the New Normal, a socialist world.

A socialist education system had been dumbing down generations of Americans that now are so stupid they cannot recount the most mundane patriotic

milestones in America. Most Americans including local leaders have no notion about what is happening and have been 'punked' to follow a nonsensical narrative over the cliff or lose their jobs and retirement. They are intellectual zombies.

Can you believe that Congress would actually write a bill to force-test people at their homes for Covid-19 and then track them, ultimately leading to mandatory vaccinations? And, then incredibly title the bill H.R.6666?

Out of all the combinations of numbers in the world our Congress chose all 6s. Whether Christian or not, just a bit of trivia – this is the number of the beast, also known as the devil's number in the Bible's Book of Revelation, chapter 13, verse 18. In most manuscripts of the New Testament and in English translations of the Bible, the number of the beast is six hundred and sixty-six.

American immunologists and practicing doctors by the hundreds are making it clear – muzzles are horrible for health, keeping well-people indoors and mandating social distancing severely compromises immune systems. Stressing people out makes them sick.

Then why would we be told to do this? Exactly, which of Butler's groups are you in? Why would formerly trusted medical leaders say to do that which harms you? The orchestrators of the narrative want a lot of sickness and vulnerability so in the vacuum created by a shut-down state-control is established, and the New Normal. That's why they are cooking the coroner books to hike the numbers of Covid deaths to fulfil their prophecy.

The more afraid, the more threatened, the more desperate people are, the more they become sick, the more easily they will surrender their freedoms.

Every prediction Fauci and Birx have made is wrong. The insistence that a universally imposed vaccine is necessary for the Wuhan Flu is bizarre and evil.

Low-level county bureaucrats and zombie citizens have become the Nazi-like enforcers. Last Sunday night, as a Yuba City apartment complex became an inferno and 40-adults and children fled from their beds, an obedient 'storm-trooper' from a local nonprofit demanded that these desperate traumatized people who just lost everything now social distance in a line to receive their benefits. Have we lost our minds? Totally!

Recently, Yuba County government officials met to confer about a 'critical problem' – a 'non-essential' business owner, Randy Mitchell, refused to bow down. The single father barber and his employees were working for their families at Upper Cuts, Marysville. Mitchell refused to stop when the Marysville Police confronted him. What now? We can't have this.

Mind you, all the government people in the Mitchell Crisis Summit never missed a pay check. Maybe the next time they order businesses closed and healthy people homebound they should abstain from their income as well.

District Attorney Clint Curry suggested to the group that he could file a restraining order and cut-off the Mitchell's power and water, thus stopping 10 families' income.

These are Communists tactics. Does anyone still want this overzealous prosecutor representing Yuba County?

Shame on all of them, they are a disgrace to our country. We are at a tipping point. If this does not stop, there will be hell to pay.

IRS Issues Warning About Coronavirus-Related Scams

By David A. Tucker II,
Internal Revenue Service

WASHINGTON D.C. (MPG) - The Internal Revenue Service urged taxpayers to be on the lookout for a surge of calls and email phishing attempts about the Coronavirus, or COVID-19. These contacts can lead to tax-related fraud and identity theft.

"We urge people to take extra care during this period. The IRS isn't going to call you asking to verify or provide your financial information so you can get an economic impact payment or your refund faster," said IRS Commissioner Chuck Rettig. "That also applies to surprise emails that appear to be coming from the IRS. Remember, don't open them or click on attachments or links. Go to IRS.gov for the most up-to-date information."

Taxpayers should watch not only for emails but text messages, websites and social media attempts that request money or personal information.

"History has shown that criminals take every opportunity to perpetrate a fraud on unsuspecting victims, especially when a group of people is vulnerable or in a state of need," said IRS Criminal Investigation Chief Don Fort. "While you are waiting to hear about your economic impact payment, criminals are working hard to trick you into getting their hands on it. The IRS Criminal Investigation Division is working hard to find these scammers and shut them down, but in the meantime, we ask people to remain vigilant."

Don't Fall Prey To Coronavirus Tricks; Retirees Among Potential Targets

The IRS and its Criminal Investigation Division have seen a wave of new and evolving phishing schemes against taxpayers. In most cases, the IRS will deposit economic impact payments into the direct deposit account taxpayers previously provided on tax returns. Those taxpayers who have previously filed but not provided direct deposit information to the IRS will be able to provide their banking information online to a newly designed secure portal on IRS.gov in mid-April. If the IRS does not have a taxpayer's direct deposit information, a check will be mailed to the address on file. Taxpayers should not provide their direct deposit or other banking information for others to input on their

behalf into the secure portal.

The IRS also reminds retirees who don't normally have a requirement to file a tax return that no action on their part is needed to receive their \$1,200 economic impact payment. Seniors should be especially careful during this period. The IRS reminds retirees – including recipients of Forms SSA-1099 and RRB-1099 – that no one from the agency will be reaching out to them by phone, email, mail or in person asking for any kind of information to complete their economic impact payment, also sometimes referred to as rebates or stimulus payments. The IRS is sending these \$1,200 payments automatically to retirees – no additional action or information is needed on their part to receive this.

The IRS reminds taxpayers that scammers may: Emphasize the words "Stimulus Check" or "Stimulus Payment." The official term is economic impact payment; Ask the taxpayer to sign over their economic impact payment check to them; Ask by phone, email, text or social media for verification of personal and/or banking information saying that the information is needed to receive or speed up their economic impact payment; Suggest that they can get a tax refund or economic impact payment faster by working on the taxpayer's behalf. This scam could be conducted by social media or even in person; Mail the taxpayer a bogus check, perhaps in an odd amount, then tell the taxpayer to call a number or verify information online in order to cash it.

Reporting Coronavirus-Related Or Other Phishing Attempts

Those who receive unsolicited emails, text messages or social media attempts to gather information that appear to be from either the IRS or an organization closely linked to the IRS, such as the Electronic Federal Tax Payment System (EFTPS), should forward it to phishing@irs.gov.

Taxpayers are encouraged not to engage potential scammers online or on the phone. Learn more about reporting suspected scams by going to the Report Phishing and Online Scams page on IRS.gov.

Official IRS information about the COVID-19 pandemic and economic impact payments can be found on the Coronavirus Tax Relief page on IRS.gov. The page is updated quickly when new information is available. ★

All Road Users Are Essential: May is Motorcycle Safety Awareness Month

Yuba City Police
Department

YUBA CITY, CA (MPG) - May is Motorcycle Safety Awareness Month, and the Yuba City Police Department encourages the community to think about the safety of riders on two wheels and look twice for motorcycles.

"While we should be staying at home during the COVID-19 pandemic, we understand people need to get out once in a while and run essential errands," Sgt. Kim Slade said. "Don't let safety on the road go by the wayside, whether you are on two wheels or four."

With nearly 900,000 registered motorcycles in the state, many road users are going places without the same protections as drivers. Motorcycle riders are 28 times more likely to die in a crash than vehicle occupants.

To help protect you and your family, keep the following tips in mind while driving or riding:

Drivers

Always check twice for motorcycles. Both your mirrors and blind spots; Use your signal when changing lanes; Never follow a motorcycle too closely. Always keep a safe distance; When at an intersection, allow enough space before turning.

Motorcyclists:

Always wear a DOT compliant helmet and protective gear like gloves and leather clothing; Consider adding

"Don't let safety on the road go by the wayside, whether you are on two wheels or four." Photo courtesy Nicole Geri

reflective tape to your clothing to make it easier for other drivers to see you; Keep your lights on at all times, even during the day; Don't assume drivers see you: signal well in advance before changing lanes and watch for turning vehicles; Lastly, never drive/ride under the influence

of alcohol and/or drugs. Remember, we are all in this together, even if we are told to stay apart.

Funding for this program is provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration. ★

Food & Farm News

Survey Shows California Farmers Losing Sales, Income

Most farmers responding to a California Farm Bureau survey reported they had lost sales or customers during the COVID-19 pandemic. In the voluntary survey, 57% said they had seen sales drop, mainly due to stay-at-home orders that reduced restaurant demand. Another 42% of respondents to the survey said they or a family member had seen their off-farm income decline.

Drop In Home Building Reduces Timber Demand

The economic impacts of the pandemic include a drop in home construction, which has hurt sales of timber. One California sawmill operator says he has had to cut production in half as a result. Though housing starts have dropped, market analysts say lumber sales at home-improvement stores have been rising, as people take on remodeling projects, including conversion of rooms into home offices.

Flower Growers Hope For Mother's Day Boost

With Mother's Day approaching, California flower growers received welcome news when the state allowed florists throughout California to reopen for pickup services, beginning Friday. The California Cut Flower Commission says there will be plenty of flowers available, though transportation and sales obstacles remain. Flower sales have recovered slightly, after a sharp initial drop caused by postponement or cancellation of weddings, graduations and other events.

Farm Exports To China Rise, But Lag Behind Goals

The flow of U.S. farm exports to China has increased since the two nations signed a "Phase 1" trade agreement in January, but an American Farm Bureau Federation analysis says sales to China have so far not kept pace with commitments in the agreement. The COVID-19 pandemic has played a role, AFBF says, in part because it has slowed U.S. meat processing for export. ★

Facial Coverings Required in Public

Be Patient with Community, Do NOT Call 911 to Report Noncompliance

Yuba-Sutter Department of Health

YUBA-SUTTER COUNTIES, CA (MPG) - With 20 percent of COVID-19 confirmed cases involving people without symptoms, Bi-County Health Officer Dr. Phuong Luu issued a public health order requiring facial coverings in public when social distancing is not possible.

“The risk of unwitting transmission to another is high,” said Dr. Luu. “As we begin to allow increased activity in the community, it will be the responsibility of all of us to keep our faces covered to protect each other.”

Recognizing that compliance with the

order will not be universal despite the science behind it, local officials were quick to ask residents to be kind to each other, and to recognize there may be medical or work reasons why someone should not wear a facial covering. And, please, don’t call 911. Local law enforcement agencies have more emerging priorities.

Children younger than 2 years old should not wear facial coverings at all, Dr. Luu said, due to the threat of suffocation. A face covering should also not be used by anyone who has trouble breathing, or is otherwise unable to remove the face covering without assistance.

“We hope people visiting local businesses will respect the social distancing and facial covering requirements, so everyone has a safe experience,” Dr. Luu said. “This is a matter of personal responsibility.”

A face covering is made of cloth, fabric or other soft or permeable material, without holes, that covers the nose, mouth, and chin. A facial covering should not hide or obscure the eyes. Examples of facial covering includes a scarf, bandana, or neck gaiter.

Under the public health order, all residents shall wear face coverings while indoors other than their residence, and outdoors, and when social distancing

of 6 feet or more cannot be achieved between persons from separate households. When a person is alone or with only their household members, they do not need to wear a facial covering.

They are not required while engaging in outdoor recreation such as walking, hiking, bicycling, or running. However, each person engaged in such activity must comply with social distancing requirements including maintaining at least 6 feet of separation from all other people not part of the same household.

For additional information, see the Frequently Asked Questions section on Face Coverings at bepreparedyuba.org, and bepreparedsutter.org. ★

Marysville, CA 95991-5013

NOTICE OF TRUSTEE'S SALE PURSUANT TO CIVIL CODE § 2923.3(a) and (d), THE SUMMARY OF INFORMATION REFERRED TO BELOW IS NOT ATTACHED TO THE RECORDED COPY OF THIS DOCUMENT BUT ONLY TO THE COPIES PROVIDED TO THE TRUSTOR.

IMPORTANT NOTICE TO PROPERTY OWNER: YOU ARE IN DEFAULT UNDER A DEED OF TRUST DATED 11/28/2006. UNLESS YOU TAKE ACTION TO PROTECT YOUR PROPERTY, IT MAY BE SOLD AT A PUBLIC SALE. IF YOU NEED AN EXPLANATION OF THE NATURE OF THE PROCEEDING AGAINST YOU, YOU SHOULD CONTACT A LAWYER.

Trustor: Steve Baker and Barbara Baker, His wife as Joint Tenants Duly Appointed Trustee: Western Progressive, LLC Deed of Trust Recorded 12/06/2006 as Instrument No. 2006R-024718 in book ---, page--- and of Official Records in the office of the Recorder of Yuba County, California, **Date of Sale: 07/16/2020 at 09:00 AM Place of Sale: The Fifth Street Entrance Yuba County Courthouse, 215 Fifth St., Marysville, CA 95901**

Estimated amount of unpaid balance, reasonably estimated costs and other charges: **\$ 204,481.62**

THE TRUSTEE WILL SELL AT PUBLIC AUCTION TO HIGHEST BIDDER FOR CASH, CASHIER'S CHECK DRAWN ON A STATE OR NATIONAL BANK, A CHECK DRAWN BY A STATE OR FEDERAL CREDIT UNION, OR A CHECK DRAWN BY A STATE OR FEDERAL SAVINGS AND LOAN ASSOCIATION, A SAVINGS ASSOCIATION OR SAVINGS BANK SPECIFIED IN SECTION 5102 OF THE FINANCIAL CODE AND AUTHORIZED TO DO BUSINESS IN THIS STATE: All right, title, and interest conveyed to and now held by the trustee in the hereinafter described property under and pursuant to a Deed of Trust described as: More fully described in said Deed of Trust. Street Address or other common designation of real property: **1021 Divver Street, Marysville, CA 95901-5013 A.P.N.: 010-070-005-000** The undersigned Trustee disclaims any liability for any incorrectness of the street address or other common designation, if any, shown above. The sale will be made, but without covenant or warranty, expressed or implied, regarding title, possession, or encumbrances, to pay the remaining principal sum of the note(s) secured by the Deed of Trust with interest thereon, as provided in said note(s), advances, under the terms of said Deed of Trust, fees, charges and expenses of the Trustee and of the trusts created by said Deed of Trust. The total amount of the unpaid balance of the obligation secured by the property to be sold and reasonable estimated costs, expenses and advances at the time of the initial publication of the Notice of Sale is: **\$ 204,481.62.**

Note: Because the Beneficiary reserves the right to bid less than the total debt owed, it is possible that at the time of the sale the opening bid may be less than the total debt.

If the Trustee is unable to convey title for any reason, the successful bidder's sole and exclusive remedy shall be the return of monies paid to the Trustee, and the successful bidder shall have no further recourse.

The beneficiary of the Deed of Trust has executed and delivered to the undersigned a written request to commence foreclosure, and the undersigned caused a Notice of Default and Election to Sell to be recorded in the county where the real property is located.

NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on this property.

NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call **(866)-960-8299** or visit this Internet Web site <http://www.altisource.com/MortgageServices/DefaultManagement/TrusteeServices.aspx> using the file number assigned to this case **2019-00841-CA**. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale.

NOTICE OF PETITION TO ADMINISTER ESTATE OF BRUCE R. CHAUSSEE Case No. PRPB20-00047

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate or both of (specify all names by which the decedent was known): **BRUCE R. CHAUSSEE.**

A Petition for Probate has been filed by (Name of Petitioner): **PATRICK CHAUSSEE** in the Superior Court of California, County of (specify): YUBA

The Petition for Probate requests that (name): **PATRICK CHAUSSEE** be appointed as personal representative to administer the estate of the decedent.

The petition requests the decedent's will and codicils, if any, be admitted to probate. The will and any codicils are available for examination in the file kept by the court.

The petition requests authority to administer the estate under the independent Administration of Sates Act.(This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

A hearing on the petition will be held in this court as follows: June 22, 2020 at 9:00 a.m. in Dept. 4 located at Superior Court of California, County of Yuba, 215 5th Street Ste. 200 Marysville, CA 95901.

If you object to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

If you are a creditor or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within **the later of either (1) four** months from the date of first issuance of letters to a general personal representative, as defined in section 58 (b) of the California Probate code, or **(2) 60** days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code.

Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California Law.

You may examine the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for special Notice form is available from the court clerk.

SUPERIOR COURT OF CALIFORNIA COUNTY OF YUBA IN THE MATTER OF THE APPLICATION OF: Victoria Zuniga, PETITIONER CASE NUMBER: CVPT 20-390. ORDER TO SHOW CAUSE FOR CHANGE OF NAME

HEARING DATE:
June 22, 2020
DEPT: 4
TIME: 9:30 A.M.

Petitioner(s) Victoria Zuniga filed a petition with this court for a decree changing names as follows:

1) from: Emariano Victor Tena to: Elijah Victor Zuniga

THE COURT ORDERS that all persons interested in this matter appear before this court at the hearing indicated below to show cause, if any, why the petition for change of name should not be granted. Any person objecting to the name changes described above must file a written objection that includes the reasons for the objection at least two court days before the matter is scheduled to be heard and must appear at the hearing to show cause why the petition should not be granted. If no written objection is timely filed the court may grant the petition without a hearing.

A copy of this order to show cause shall be published at least once each week for four successive weeks prior to the date set for hearing on the petition in the following newspaper of general circulation, printed in this county: Territorial Dispatch.

DATE: May 7, 2020

Stephen W. Berrier
JUDGE OF THE SUPERIOR COURT.

NOTICE OF PETITION TO ADMINISTER ESTATE OF REBECCA GARZA Case No. PRPB20-044

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate or both of (specify all names by which the decedent was known): **REBECCA GARZA.**

A Petition for Probate has been filed by (Name of Petitioner): **DEBORAH L. HOLKAN** in the Superior Court of California, County of (specify): YUBA

The Petition for Probate requests that (name): **DEBORAH L. HOLKAN** be appointed as personal representative to administer the estate of the decedent.

The petition requests the decedent's will and codicils, if any, be admitted to probate. The will and any codicils are available for examination in the file kept by the court.

The petition requests authority to administer the estate under the independent Administration of Sates Act.(This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

A hearing on the petition will be held in this court as follows: June 15, 2020 at 9:00 a.m. in Dept. 4 located at Superior Court of California, County of Yuba, 215 5th Street Ste. 200 Marysville, CA 95901.

If you object to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

If you are a creditor or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within **the later of either (1) four** months from the date of first issuance of letters to a general personal representative, as defined in section 58 (b) of the California Probate code, or **(2) 60** days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code.

Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California Law.

You may examine the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for special Notice form is available from the court clerk.
