

Yuba County Raid

Several Violations Stemming From MJ Cultivation

On July 12, 2018, Yuba County Sheriff's Office (YCSO) along with several other allied agencies executed warrants at 17 different locations in Yuba County. This focused operation involved environmental and water violations stemming from illegal marijuana cultivation. As a result of this investigation, 6,534 marijuana plants were eradicated, 1000 lbs of processed marijuana, 40 lbs of processed Butane Honey oil, 2 vehicles, 1000 in cash, a rifle and a Butane Honey Oil Lab was seized. Numerous water board and environmental violations

were found at these different sites. This was a cooperative effort with the California National Guard Counterdrug task force, California Water board, California Department of Fish and Wildlife, Calaveras County Sheriff's Department, The Highway patrol, Narcotic Enforcement Team and Yuba County Probation.

Warrants were served at the following locations;

Alleghany Rd, 15000 block of Hwy 49, 10000 block Marysville Rd, 10000 block of Forsythe Rd., 14000 block Leafwood Wy, 15000 block of

Pecan, 1800 block of Abernathy Rd, 15000 block of Winther, 17000 block Pamlo Wy, 11000 block of Peoria, 14000 block of Willow Glen Rd, 4200 block Robinson Mill, 15000 block Burch

The following subjects were arrested:

William Stonecipher, 11358 (d)(3) H&S, 11379.6 H&S, Paul Swinbanks,, Thomas Dailey

Raul Capote, Connor Fountain, William Tuer, Rocky Nguyen, Son Cao and Trung Nguyen

Stephan Duckels Will Assume Assessor Duties

Marysville, Ca.

In a letter to the to the Yuba County Board of Supervisors, dated June 26, 2018, retiring County Assessor, Bruce Stottlemeyer, stated, "As you are

well aware, I am retiring effective at the end of the day on July 3, 2018. It is my recommendation that your board appoint Stephan Duckels as assessor for the remainder of my unexpired term of office, as soon as reasonably possible. Stephan won the primary election on June 5, 2018 with more than 50% of the vote, thus avoiding a runoff election in November 2018. It is clear that the public is supportive of Mr. Duckels and I believe that Stephan is fully capable of serving successfully in the capacity as appointed asses-

sor until he is officially sworn into office in January 2019, as elected assessor."

The County Administrator, Robert Bendorf, directed Assistant Assessor Kimberly Heish to discharge the duties of the Assessor from July 4, 2018 through August 12, 2018; and appoint Stephan Duckels, Assessor-Elect, as Yuba County Assessor effective August 13, 2018 through December 31, 2018, completing the remainder of the current Assessor's term in office.

Welcome Col. Andrew Clark

BEALE AFB Wing Commander

Marysville, Ca.

On Thursday, July 26, the Beale Military Liaison Council, Inc. (BMLC, Inc.) will officially welcome to the northern California region, Col. Andrew 'Spoo' Clark, Wing Commander 9th Reconnaissance Wing, Beale Air Force Base. The welcome reception will be held at the Peach Tree Golf and Country Club, 2043 Simpson-Dantoni Road, Marysville. The

event will begin at 6:00p.m. The community is invited to attend the reception at \$33.00 per person.

Previously serving as the Vice- Commander, 9th Reconnaissance Wing, Beale AFB, Col. Clark is now responsible for the combined efforts of approximately 7,000 military, civilian and contractor personnel and the entire Air Force high-altitude reconnaissance fleet

of RQ-4 Global Hawk and U-2 Dragonlady aircraft. Col. Clark is a command pilot with over 3,800 hours and over 1200 combat hours accumulated during missions in Bosnia, Kosovo, Afghanistan and Iraq.

For reservations and information, please contact Fran Peace, Peace4K92004@Yahoo.Com. Space is limited.

Grand Jury Sabotage

by Lou Binninger

Government officials investigated by the Sutter County Grand Jury (GJ) have manipulated and intimidated the jury using its confidentiality pledge to hide damning information about those same officials. Sutter County Public Information Officer Chuck Smith maintains the county has nothing to do with the jury except to fund its work.

Smith says the jury's independence is maintained because it is commissioned to look into various agencies and departments of government. Obviously, the 2017-2018 GJ was not independent of county influence and control. The jury is independent as long as county officials approve of their document's contents.

So, then who in the county has the right to suppress and silence this GJ that represents Sutter County people? When government figures have something to hide, are unethical or criminal, can they remove the report from the public's view? That is what happened.

When you think of the most powerful appointed or elected local officials it may be the County Administrator, Superior Court Judges, District Attorney, Sheriff and County Counsel. Any of these could apply political muscle to conceal damning or embarrassing information about the very government that people are paying for.

Government officials threatening to sue jury members and the

Trump at Work

by Lou Binninger

The Department of Transportation is the beneficiary of the President's fourth quarter salary of \$100,000. The announcement came one day after introducing his plan to rebuild America's crumbling infrastructure.

The White House announced a proposal to spend \$21 billion on infrastructure in fiscal year 2019, which is the start of a campaign to devote \$200 billion to infrastructure over the next 10 years.

The spending on federal programs would lead to an investment of \$1.5 trillion on roads, bridges, waterways and railways, the White House says.

Since taking office, Trump has donated his pay quarterly to federal agencies. His previous donations have gone to the National Park Service for battlefield infrastructure, the Department of Education to fund a summer camp and the Department of Health and Human Services to battle the opioid crisis.

Trump predicted that if he was elected Americans would begin winning. In fact, he suggested they may get tired of winning. It sounds prophetic now.

Obamaites were furious hoping for just the opposite. They are still grouching over millions of new jobs, \$1,000 bonuses and record low unemployment.

Last week, though liberals predicted a stock market crash should Trump be elected, the market hovered at the record 25,000 mark. Unemployment percentages for blacks and Hispanics have never been lower. Women are doing very well with 17-year low unemployment.

Anyone caring about their fellow humans should be happy that people can support their families with dignity. Those people relying on food stamps dropped below 40,000,000, the lowest number in 8 years.

Fake news media accuse Trump of destroying NATO (North Atlantic Treaty Organization). What's new?

Actually Trump scolded Europeans to grow a pair and protect their interests versus being an international welfare case. Liberals hate that. Putting people on welfare is Godly to liberals.

Trump left the Europe meetings with NATO financially stronger than when he found it. Germany was paying Russia for its natural gas supply while expecting the US to protect Germany from Russia. Trump exposed Germany's hypocrisy.

Back home Trump could do the nation's youth a favor by

THE Brownsville Bailiwick & Beyond

Forbestown Daze will be here before you know it. It's hard to believe that it has been going 24 years. The event has been through many changes, but remains one of the times we can get together with friends and neighbors and visit, enjoying the day, even though it is pretty hot. Sitting under those pine

trees, listening to music, visiting the museum, eating, buying and all the festival stuff. Put August 4 on your calendar, open from 9 to 4. Talk to one of the persons in charge to ask about helping out next year. If we don't get more volunteers for some of our local happenings, they will disappear.

There are only three more Wednesdays of Play at Ponderosa left this summer: July 18, 25 and August 1. We hope this has been fun for many from our communities, kids and adults. Lots of

crafts, games, and other activities have brought many positive comments. Maybe we'll try it again next year. Want to get involved? Come on by and check it out on Wednesday afternoons.

Look Back in Time – In 1903 George Newell arrived at Woodleaf with C. L. Falck's 12-horse freight team and a load of general merchandise (our freight carriers are a bit more than 12-horse).

Hope to see you in Brownsville soon. Christine and Yvonne

Food and Farm News

U.S. acts against subsidized olive imports

Subsidized olive im-

ports from Spain have harmed California olive producers, according to a vote Tuesday by the U.S. International Trade Commission. The commission decided the olives have been sold in the U.S. at unfairly low prices that made it difficult for California olives to compete. The U.S. may impose import duties on Spanish olives. The imported olives are often used as pizza toppings, in salad bars and for other purposes.

Dwarfed citrus trees show potential benefits

The threat of a fatal plant disease has renewed interest in efforts to develop dwarfed

citrus trees. University of California specialists have been studying the smaller trees at a research station in the Central Valley. If successful, the dwarfed citrus trees could be grown under protective screening, which would keep out insects that can carry the plant disease known as HLB. Researchers started new studies this spring on the dwarfed trees' water efficiency.

Food prices have become less volatile

Food price volatility in the United States has stabilized in recent decades, according to a report from the U.S. Department of Agriculture. The study says prices for both food and housing have "enjoyed relative stability" since the 1990s, increasing between 2 percent and 5 percent most years. Food price inflation was lower than average the past two years, due to decreased commodity prices and other factors.

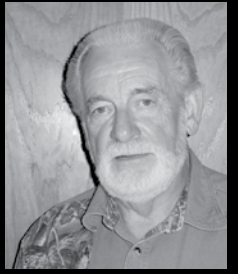

Project aids marketing of moringa products

It's a green that grows on trees, and University of California researchers say they hope moringa shoots can become a successful crop for small-scale farmers in the Central Valley. UC specialists say moringa shoots can be added to salads, soups and other foods, and that other parts of the tree--such as its flowers and pods--are also edible. A UC Cooperative Extension project supports farmers in marketing moringa products to new buyers.

FISHIN' TALK

by Boots Johnson

Dan "Boots" Johnson has fished and hunted in California for 73 years. Anyone with questions or comments can email him at boots3@syix.com

The kokanee bite at Bullards Bar continues but the results of fish are larger than last week. The landlocked salmon being caught range from 14 to 15 inches. The spotted bass population, especially the larger fish, have gone deep. The boat and recreational traffic has been heavy creating a problem for fishing. Smaller bass are being caught up in the arms of the reservoir.

If you are in the mood for a good catfish feed we suggest fishing at Collins Lake. Most of the trout have gone down to deep water, but the

catfish are still in shallow water and are cooperating with fish being caught in the three to seven pound range. Bass are still available as well as crappie with some crappie being caught up to three pounds.

A check with Englebright Reservoir up above Browns Valley tells us the fishing has picked up a bit but is nothing to brag about at this time.

The bass bite at Lake Oroville has been reported to still be on the good side but success is only had by fishing early and late in the day using top water lures.

Reports tell us fish are available at Lake Almanor by trolling slow and deep using lures and night crawlers. Some bass are being taken fishing deep with plastic lures. The river above the lake was planted last week with catchable trout.

After the big fire around Lake Berryessa all roads are now open and anglers are catching bass all over the lake. Boat ramps are open.

Closing thought: "You have three choices in life.....give in, give up or give it all you got."

Ellis Lake Water Quality Study:

Marysville, Ca.

The Marysville City's consultant continues to make progress on completing the Ellis Lake Study. Staff recently met with representatives from the State Water Quality Board ('Board') to discuss the water quality study and, specifically, to seek assistance and clarity on the level of permitting required to address Ellis Lake's water quality issues. Based on the feedback from Board staff, the City is pursuing technical assistance and guidance from the Corps of Engineers to determine agency authority. This additional task has required adding more time to the project schedule.

Ellis Lake Seasonal Changes:

Ellis Lake is prone to poor water quality and

odor due to seasonal changes in temperature, especially during the summer months. When lake temperatures rise above a consistent 60 degrees, water quality becomes stressed increasing algae content, diminishing water quality and emitting a strong

odor from the lake. Staff is in the process of adjusting the lake conditions by implementing various treatment measures. It's possible these measures will need to be implemented a few times during the summer months due to the high temperatures and heat.

7:12: I'M SO SORRY I LET MENTIS USE A TIME-TRAVEL NECKLACE! I DIDN'T KNOW... IT'S OKAY, AVA!! EVERYTHING WORKED OUT FINE! AS A MATTER OF FACT, I SHOULD THANK YOU, AVA, BECAUSE HE ACTUALLY SAVED THE DAY WITH IT! AT LEAST IT SEEMS OUR COUNTRY IS STILL INTACT! THERE ARE NO CHANGES THAT I'VE NOTICED!

7:13: SINCE THINGS ARE BACK TO NORMAL, I THINK I'LL GO HOME BEFORE MY HUSBAND FORGETS WHO I AM! THANKS FOR HOLDING DOWN THE FORT, AVA! IT'S GOOD TO SEE YOU BOTH, ALLEY AND WIZER! ENJOY YOUR STAY! THANKS, AVA!

7:14: EXCUSE ME WHILE I CHANGE CLOTHES! MAKE YOURSELVES AT HOME! TAKE YOUR TIME, DOC! IT'S NICE TO RELAX! OOP. WHY DON'T YOU SHOW WIZER AROUND? I'M SURE HE'D BE INTERESTED IN OUR 21ST CENTURY GADGETS! AND HELP YOURSELVES TO SOMETHING TO EAT IN THE KITCHEN IF YOU'RE HUNGRY!

7:16: YOU HUNGRY, WIZER? YEAH! IT FEELS LIKE WE HAVEN'T EATEN FOR MONTHS! LET'S SEE WHAT THEY'VE GOT TEAT IN THE KITCHEN! I DON'T SEE ANYTHING THAT LOOKS LIKE FOOD HERE! HMMmmmm... I KNOW I'VE SEEN 'EM EAT IN THIS ROOM BEFORE!

7:17: DOC SENT US TO THE KITCHEN, SO THERE'S GOTTA BE FOOD SOMEWHERE IN THIS ROOM! MAYBE THERE'S SOMETHING IN HERE! YEOWCH! OKAY - IF THERE'S FOOD IN THAT BOX, IT'S NOT WORTH GOING AFTER IT!

7:18: AHA! DID YOU FIND THE FOOD? HMMmmmm... MAYBE? PICTURE O'FOOD, ANYWAY! THIS IS WHAT FOLKS IN THIS TIME EAT? THEY MUST HAVE AWFULLY STRONG TEETH! MAYBE THEY EAT WHAT'S INSIDE!

Tackle and Strategy, What Works?

Auburn, Ca.

The Rooster Tails Fishing Club monthly breakfast will be held at the Auburn Elks Lodge at 195 Pine Street in Auburn on Friday July 20th. This free event is open to club members, spouses, and non-member guests. Doors to the Lodge open at 7:00 a.m. to share fresh brewed coffee. A fantastic \$15 wide-selection buffet breakfast is served at 8:00 am followed at 9:00 am with special guest speaker Craig Newton, owner of Auburn's Will Fish Tackle who will explain what tackle works and what strategy yielded the best results. Reservations are not required, but breakfast attendees are encouraged to arrive early for best parking and seminar seating.

By owning his heavily stocked bait and tackle store, Craig has every fisherman's dream of access to hundreds of rods, reels, lures, live bait, and virtually every option under-the-sun to fish for a variety of species. In addition to person-

ally operating his successful tackle store, he spends copious amounts of time on fresh as well as saltwater experimenting with the latest gear and tactics. He will pass along information from a bevy of fishing guides and expert client-anglers that report to him on what's hot and working. Also, breakfast attendees will have the opportunity to learn about the latest tackle rigging and strategies to take advantage of the robust Kokanee season now in full swing.

Rooster Tails will be hosting a members-only

Kokanee Fishing Tournament at Stampede Reservoir on August 8th. Members planning on participating in the tournament will find Craig's presentation particularly important. More information about the camping and tournament can be found by visiting the Rooster Tails web site www.roostertailsfishing-club.org or by contacting event Host Mac McKendree 916-203-0055 or email to habudrvr@yahoo.com.

The 30 year old, 200+ members Rooster Tails Fishing Club of Northern California, Inc. is a non-profit organization that meets the third Friday of each month to educate, entertain, and enhance fishing experience. Unlike many bass and fly fishing clubs that concentrate on very specific types of fishing, the Rooster Tails Fishing Club provides a balanced mix of fishing techniques presented by fishing experts targeting a variety of fish species on multiple types of waters. For more information contact Jim, Club Chairman, 530-887-0479, or visit the club's web site at www.roostertailsfishingclub.org.

National Night Out is Tuesday, August 7th

National Night Out is scheduled for Tuesday, August 7th and the Yuba City Police Department wants to celebrate with you! National Night Out is a special one-night event where neighbors around the city join together to unite against criminal activity, show support for one another, and connect with their local public safety personnel. This is a wonderful opportunity to get involved in your community and boost morale in your neighborhood. You can have something as simple as an ice cream-social or something bigger like a potluck BBQ. If you would like to host an event, please contact Katy Goodson at 822-4725 or email kgoodson@yubacity.net. All locations that are registered by August 1st will get a visit from the Yuba City Police and Fire Departments.

"Buddy Hyatt"

(one of our own!!)

Will be bringing his "Nashville Sound" to the Cooper Avenue Baptist Church in Yuba City on Sunday, July 29th at 6 pm.

Be our guest and enjoy the music!!

Yuba County Probation Team: Safety and Opportunities

The Yuba County team dedicated to balancing public safety with a strong belief in an individual's ability to change wants the community to gain a better understanding of what their jobs actually entail.

National Pretrial, Probation, and Parole Services Week, running July 15–21, is set aside as a time to reflect on how the vital work done by agencies such as Yuba County's probation officers and juvenile corrections officers impact those who live here.

"Our officers work with adults and juveniles in the community and in custody to provide them with opportunities for success," said Yuba County Probation Chief Jim Arnold. "This approach includes providing programs and paths of intervention and rehabilitation, enforcing accountability to the Court's directives and with the offenders to address harm done to victims."

Over the past year, the Yuba County Juvenile Probation Unit took in 298 young offenders. During that period, the probation team supervised 66 youth out of custody, seven juveniles were included in a placement program, and numerous youths were also included in a juvenile offender work program. Overall, the probation team completed 228 reports, in accordance with court requests and legal mandates.

Arnold said the community may not be aware that his department also provides four Probation and School Success (PASS) officers to local schools, as part of its charge to supervise youths and to be a resource to each campus. Additionally, his team works with the Tri-County Juvenile Rehabilitation Facility and Camp Singer programs to oversee the safety, care, and custodial status of an average of 24 youths per day in Juvenile Hall and an average of 17 youths per day in the Camp Singer. The Juvenile Probation Unit works with various community programs on a daily basis to provide local youths with the services they need for future success.

The Adult Probation Supervision Unit had an equally busy year, with continued expansion and collaboration in the services provided through community partners and at the Yuba County Probation Day Reporting Center (DRC). Adult clients can find help-

ful classes at the DRC that include GED/high school diploma programs, anger management, the Courage to Change curriculum and an outpatient drug and alcohol substance abuse treatment program.

The Adult Supervision Unit supervised 780 individuals over the past year. These include felony and misdemeanor probationers, some offenders released from state prison commitments on Post-Release Community Supervision (PRCS), those sentenced to local prison commitments released on Mandatory Supervision, those undergoing intensive substance abuse treatment under Proposition 36, Drug Court clients and others under courtesy supervision.

Some of those supervised were referred to the DRC to have access services offered there. The Probation Department also contracts with two mental health counselors to help clients begin the rehabilitation process through counseling.

Yuba County Superior Court recently saw an increased presence from

Yuba County Probation's Adult Court Investigations Unit during sentencing hearings, plea entries and arraignments. In the past year at these arraignments, Pre-Trial Release officers completed 499 assessments of incarcerated individuals and provided recommendations for their detention status. This process allows the Court to have a brief investigation to assess the potential danger and flight risk of each detained individual.

The Court Investigations Unit completed a total of 932 reports in the past year addressing various mandates such as sentencing, restitution, and bail. The completion of these reports requires a great deal of knowledge of penal law mandates and requirements.

"The dedication and commitment of the employees of the Yuba County Probation Department is immense and felt throughout our community every day," Arnold said. "I am beyond blessed to be a small part of such an amazing group of people."

**SUPERIOR COURT OF CALIFORNIA
COUNTY OF YUBA**
IN THE MATTER OF THE APPLICATION OF:
Minori Nishida. PETITIONER
CASE NUMBER: CVPT 18-001070.
ORDER TO SHOW CAUSE FOR CHANGE OF NAME

HEARING DATE:
August 13, 2018
DEPT: 4
TIME: 9:30 A.M.

Petitioner(s) Minori Nishida filed a petition with this court for
a decree changing name as follows:
from: **Minori Nishida**
to: **Minori Burk.**

IT IS HEREBY ORDERED that all persons interested in this
matter appear before this court in Department 4 of the Yuba
County Superior Court located at 215 Fifth Street, Suite 200,
Marysville, CA on August 13, 2018 at 9:30 A.M. and then and
there show cause, if any they have, why the petition for change
of name should not be granted.

IT IS FURTHER ORDERED that a copy of this order to show
cause be published in the Territorial Dispatch, a newspaper of
general circulation published in this county, at least once a
week for four consecutive weeks prior to the date of the hearing.

DATE June 29, 2018

STEPHEN W. BERRIER
JUDGE OF THE SUPERIOR COURT.

**NOTICE OF PETITION TO ADMINISTER
ESTATE OF Walter Richard Teagarden**
Case NO. CVPB18-00084

To all heirs, beneficiaries, creditors, contingent creditors, and
persons who may otherwise be interested in the will or es-
tate or both of (specify all names by which the decedent was
known): **Walter Richard Teagarden**

A Petition for Probate has been filed by (name of petitioner):
Richard D. Teagarden in the Superior Court of California, County
of (specify): Yuba

The Petition for Probate requests that (name): Richard D. Tea-
garden be appointed as personal representative to administer
the estate of the decedent.

The petition requests the decedent's will and codicils, if any, be
admitted to probate. The will and any codicils are available for
examination in the file kept by the court.

The petition requests authority to administer the estate under
the independent Administration of Estates Act. (This authority
will allow the personal representative to take many actions
without obtaining court approval. Before taking certain very
important actions, however, the personal representative will
be required to give notice to interested persons unless they
have waived notice or consented to the proposed action.) The
independent administration authority will be granted unless an
interested person files an objection to the petition and shows
good cause why the court should not grant the authority.

**A hearing on the petition will be held in this court as fol-
lows: July 30, 2018 at 11:00 a.m. in Dept. 4 located at Supe-
rior Court of California, County of Yuba, 215 5th Street Ste.
200 Marysville, CA 95901.**

If you object to the granting of the petition, you should appear
at the hearing and state your objections or file written objec-
tions with the court before the hearing. Your appearance may
be in person or by your attorney.

**If you are a creditor or a contingent creditor of the dece-
dent**, you must file your claim with the court and mail a copy to
the personal representative appointed by the court within the
later of either (1) four months from the date of first issuance of
letters to a general personal representative, as defined in sec-
tion 58 (b) of the California Probate code, or (2) 60 days from
the date of mailing or personal delivery to you of a notice under
section 9052 of the California Probate Code.
**Other California statutes and legal authority may affect
your rights as a creditor. You may want to consult with an
attorney knowledgeable in California Law.**

You may examine the file kept by the court. If you are a
person interested in the estate, you may file with the court a
Request for Special Notice (form DE-154) of the filing of an
inventory and appraisal of estate assets or of any petition or
account as provided in Probate Code section 1250. A Request
for special Notice form is available from the court clerk.

IMPORTANT NOTICE TO PROPERTY OWNER:
YOU ARE IN DEFAULT UNDER A DEED OF TRUST DATED 08/12/2005. UNLESS YOU TAKE ACTION TO PROTECT YOUR PROPERTY, IT MAY BE SOLD AT A PUBLIC SALE. IF YOU NEED AN EXPLANATION OF THE NATURE OF THE PROCEEDING AGAINST YOU, YOU SHOULD CONTACT A LAWYER.

Trustor: **Tim Davis, A Married man as his sole and separate property and Ron King A Married man as his sole and Separate Property**

Duly Appointed Trustee: **Western Progressive, LLC**
Deed of Trust Recorded **08/22/2005** as Instrument No. **2005R-019792** in book ---, page--- and of Official Records in the office of the Recorder of Yuba County, California,
Date of Sale: **08/06/2018 at 03:30 PM**
Place of Sale: **AT THE FRONT ENTRANCE TO THE COUNTY COURTHOUSE 215 5TH STREET, MARYSVILLE, CA 95901**

Estimated amount of unpaid balance, reasonably estimated costs and other charges: **\$ 229,852.71**

NOTICE OF TRUSTEE'S SALE

THE TRUSTEE WILL SELL AT PUBLIC AUCTION TO HIGHEST BIDDER FOR CASH, CASHIER'S CHECK DRAWN ON A STATE OR NATIONAL BANK, A CHECK DRAWN BY A STATE OR FEDERAL CREDIT UNION, OR A CHECK DRAWN BY A STATE OR FEDERAL SAVINGS AND LOAN ASSOCIATION, A SAVINGS ASSOCIATION OR SAVINGS BANK SPECIFIED IN SECTION 5102 OF THE FINANCIAL CODE AND AUTHORIZED TO DO BUSINESS IN THIS STATE:

All right, title, and interest conveyed to and now held by the trustee in the hereinafter described property under and pursuant to a Deed of Trust described as:

More fully described in said Deed of Trust.

Street Address or other common designation of real property: **221 8th Street, Marysville, CA 95901**
A.P.N.: **010-123-007-000**

The undersigned Trustee disclaims any liability for any incorrectness of the street address or other common designation, if any, shown above.

The sale will be made, but without covenant or warranty, expressed or implied, regarding title, possession, or encumbrances, to pay the remaining principal sum of the note(s) secured by the Deed of Trust with interest thereon, as provided in said note(s), advances, under the terms of said Deed of Trust, fees, charges and expenses of the Trustee and of the trusts created by said Deed of Trust. The total amount of the unpaid balance of the obligation secured by the property to be sold and reasonable estimated costs, expenses and advances at the time of the initial publication of the Notice of Sale is: **\$ 229,852.71**.

Note: Because the Beneficiary reserves the right to bid less than the total debt owed, it is possible that at the time of the sale the opening bid may be less than the total debt.

If the Trustee is unable to convey title for any reason, the successful bidder's sole and exclusive remedy shall be the return of monies paid to the Trustee, and the successful bidder shall have no further recourse.

The beneficiary of the Deed of Trust has executed and delivered to the undersigned a written request to commence foreclosure, and the undersigned caused a Notice of Default and Election to Sell to be recorded in the county where the real property is located.

NOTICE OF TRUSTEE'S SALE

NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on this property.

NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call **(866)-960-8299** or visit this Internet Web site <http://www.altisource.com/MortgageServices/DefaultManagement/TrusteeServices.aspx> using the file number assigned to this case **2018-00184-CA**. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale.

COUNTY OF YUBA SUMMARY OF ADOPTED ORDINANCE NO. 1574

The following is a summary of an adopted ordinance by the Board of Supervisors of the County of Yuba at a regular meeting held on July 10, 2018.

Section 2.53.050 of Chapter 2.53 of Title II of the Yuba County Ordinance Code is hereby amended to read as follows:

The Clerk of the Board of Supervisors shall serve at the pleasure of the Board and may be removed by majority vote of the Board at any regular meeting thereof.

The complete copy of the text of the proposed ordinance may be reviewed in the Clerk of the Board of Supervisors Office of Yuba County. The ordinance was passed upon the following vote:

AYES: Supervisors Vasquez, Leahy, Lofton, Bradford, Fletcher
NOES: None
ABSENT: None
ABSTAIN: None
/s/Rachel Ferris, Clerk of the Board of Supervisors
Legal Publication Date: July 18, 2018

YUBA-SUTTER-COLUSA UNITED WAY SEEKING NON-PROFIT APPLICATIONS FOR FEDERAL EMERGENCY FOOD AND SHELTER

The Emergency Food and Shelter National Board has appointed the Yuba-Sutter-Colusa United Way as the lead agency of the Yuba-Sutter Region Joint Designated Local Board for the National Emergency Food and Shelter Program, Phase 35.

State Set-Aside federal funds, made available through the Department of Homeland Security/Federal Emergency Management Agency have been awarded for Yuba County in the amount of \$7,000 and for Sutter County in the amount of \$10,000.

Agencies with the ability to deliver emergency food and/or shelter programs may apply for these funds through the Yuba-Sutter-Colusa United Way. Applications are available by calling (530) 743-1847, or by sending an email to: terry@yscunitedway.org. Applications must be submitted no later than Wednesday, August 8, 2018 at 12:00 p.m., to the Yuba-Sutter-Colusa United Way, 1521 Butte House Road, Suite C, Yuba City, CA 95993. Organizations must be non-profit with a voluntary board or a government agency and practice non-discrimination.

NOTICE OF PUBLIC LIEN SALE

NOTICE IS HEREBY GIVEN that the undersigned intends to sell the personal property described below to enforce a lien imposed on said property pursuant to Sections 21700-21716 of the Business & Professions Code, known as the "California Self Service Storage Facilities Act", Section 2328 of the UCC, Section 535 of the Penal Code and provisions of the Civil Code.

The undersigned will sell at public sale by competitive bidding on **July 31, 2018 at 10:00 A.M.**, on the premises where said property has been in storage at Erle Road Self Storage, 5600 Lindhurst Ave Marysville, CA 95901, telephone 530-634-9781. Grand Jury Sabotage

county suggesting it will not pay to defend jurors will silence must jurors and send them home fearful. They are fearful of putting their loved ones at risk from great financial loss and fearful of remaining in a county of unrestrained vengeful bureaucrats that can ruin people's lives.

Now, it appears that select department directors and supervisors have copies of the GJ report – all or portions. That's just great when it was announced that no report would be published. And, of course, these same people believe they are the righteous ones able to handle and discern the truth that the citizens who pay for this government cannot comprehend. What arrogance and deception!

So are GJ members obligated to maintain secrecy about their troublesome findings that were quashed by the investigated "rulers?" No, that is nonsense.

After the GJ resigned without signing a "doctored" edition of the report they have been

maligned by gossiping public figures as corrupt and liars. That is shameful. Public figures themselves violate the limits of confidentiality whenever the please. They act above the law.

Jury members undergo vetting and contribute thousands of hours of work to investigate the concerns of the public. After doing so they are trashed by government leaders yet told they must remain honorable and not speak out. This is absurd. The entire county could collapse under mismanagement and corruption as GJ members keep their oath.

Some say complain to the Attorney General, the Department of Justice and the FBI. Have you watched the news over the last couple years? These institutions are in moral free-fall. Planned Parenthood was caught selling body parts of aborted babies and Attorney General Kamala Harris arrested the media whistleblowers. Numerous liars in the FBI and Justice Department plotted the taking down

of the President of the United States.

Who can remember a local case referred to the Attorney General where the agency actually accomplished something? These people are white collar welfare recipients.

Our government officials are skilled not at seeking and finding the truth but suppressing the truth and resisting those who pursue it. They are expert at protecting the status quo, commonly called "The Swamp."

If local citizens will confront their officials, shout the truth from the housetops, expose wrong, fill the meeting halls and take the protest to the county offices, the citizenry will prevail. Being unwilling to invest time, effort and become uncomfortable will assure the status quo. Reform is often like removing a bad tooth. It can be difficult and painful.

The alternative is to move or shut-up and continue to pay-up.

Yuba County Pet of the Week

Meet Thor (A173248), a mastiff mix male dog. This boy is super handsome, and very friendly. He is very active and loves to play. He is about 2 years old. He will make a great addition to the right family. If you are considering getting a new furry friend, please come take a look at this beautiful boy!

Upcoming Events
Petco Adoption Event:
Saturday, August 4, 2018.

Yuba County Animal Care Services is located at 5245 Feather River Blvd., Olivehurst. The phone number is 530-741-6478. Kennels are open Monday – Friday 10am – 3:30 pm and

Saturdays 10 am – 2 pm. You can also go to www.petharbor.com or www.petfinder.com to see all of our adoptable animals and look for your lost family pets, or check out our Facebook page, Yuba County Animal Care Services@yubacountyACS. We also have an Amazon wish list if you would like to help support the shelter. The link to our wish list is; [Amazon.com http://a.co/7qGE7rO](http://a.co/7qGE7rO).

TOPICS OF INTEREST

Kitten season is upon us! If you find very young kittens (feral) without their mother, leave them alone; their mother may be taking a break. If the mother does not come back, consider fostering them rather than flooding the shelter with kittens, since the shelter cannot handle them. Check out maddiesfund.org to learn how to foster kittens. Fostering can be a very rewarding experience.

STARS Volunteers:
Volunteers are needed for the animal shelter. If

you have time on your hands and would like to help out, become a STARS volunteer. Contact Deneen Barnhill at the shelter to find out how.

Donations: The STARS help support the ACS Shelter. Donations are used to help offset spay and neutering costs, feed costs, and other costs associated with the care of the animals. If you would like to donate, you may send donations/checks to YCACS STARS at the Animal care address: 5245 Feather River Blvd. Olivehurst, CA 95961. You can also donate via our Facebook page. Thank you in advance for any help you can provide.

“Twisted” ... Your Favorite Songs With A New Spin

An Applause-Style Show Like You've Never Seen Before

Marysville, Cal.

Imagine if Leonardo di Caprio had lived and Kate Winslett had died at the end of "Titanic." What if the lead in "Frozen" had been a guy named Elias instead of a girl named Elsa. And what if the Cell Block Tango in "Chicago" had been sung by a bunch of male inmates rather than the six merry murderesses of the Cook County Jail?

"Twisted" will give you a whole new take on these and many other great moments in pop music and music from the movies and from the musical theater stage. The show will serve up gender-bending, cabaret style versions of some of your favorite songs.

The brainchild of local singer, actor and director, Alex Cesena, "Twisted" will feature some of Yuba-Sutter's finest home grown talent. Performers will include Alex, Joe Moye, Carmen Smith, Travis Leonard, Sammy Raynor, Selina Davis, Janet Frye and Jerusha Reid who will each appear in a variety of roles.

"Twisted" will be performed at the Burrows Theater at Yuba Sutter Arts July 26, 27 and 28 at 7pm and on Sunday July 29 at 2pm. The address is 630 E Street in Marysville. Delectable desserts will be served and a no host bar will be available serving your favorite libations. Ticket prices are \$20 for General Admission and \$15 for Seniors, Military and Students. Student scholarships are available with advance notice. Plenty of free parking is available on the adjacent streets and in the nearby Umpqua Bank and Bank of America parking lots.

"The community was always very supportive of me when I was growing up and performing on local stages," said Alex.

"This is my way of giving back to my home town which helped me along the way in my theatrical career," he added.

"Twisted" is a special fundraiser for Yuba Sutter Arts, the local affiliate of the California Arts Council, which has been active in the community keeping all aspects of the arts alive since 1981.

No stranger to all of the stages in Yuba-Sutter, Alex performed in the "Way, Way, Way Off Broadway" shows, he's been a featured pro-dancer for "Danc-

ing with Our Stars" and he appeared in the "Bah, Humbug" Holiday variety shows. Most recently, Alex has been seen in the popular "Applause" series of concerts at The Burrows Theater at Yuba Sutter Arts. He also directed this summer's session of the Yuba Sutter Youth Choir. Alex trained with the Young Americans in Southern California and went on multiple tours as an artist/instructor in Japan, Germany, Western Europe, and the United States.

MoneyManagementRadio.com

Because Your Money Matters?

Marc Cuniberti hosts “Money Matters” on KVMR 89.5 FM Thursdays at noon. His website is www.moneymanagementradio.com

How much have you saved for retirement?

If you're like the majority of Americans, probably not enough to retire comfortably.

In actuality the figures of how much people have squirreled away for their golden years is disturbing.

In order to better grasp the problem at hand facing many Americans, the first question to be asked is how Much does one need to have in order to retire in the lifestyle one is accustomed to.

Right from the get go we become astutely aware of how much of a problem we have as a nation of greying individuals.

From a survey by bank-rate.com an eye popping 61% of those asked didn't know how much money one needed to save for retirement.

Ouch. That's a big problem.

Obviously not having a clue of how much money you will need erects a huge barrier to actually preparing for the so called golden years. It's hard to prepare when you don't know how much gold you'll need!

In the same survey. 8% of those queries responded they never plan to retire. I'm not exactly sure what that means but assuming not everyone enjoys their job enough to do it until they kick the bucket, it's a foregone conclusion that some of these folks already know they don't and won't have enough retirement money when their Walking canes arrive in the mail.

The amount one needs to relax into their rocking chairs for the duration obviously varies from person to person but from a Fidelity statistical survey comes more dire news: People ages 40-49 have saved an average of \$91,000, ages 50-59 \$152,000 and ages 60-69 their savings average \$167,700.

Doing some simple math and assuming you live to 80, and stop working at 69, using the \$167,700 figure, you'll get about \$1200 a month. Better hope the portfolio sees some growth. Retire earlier or not having saved as much only paints less desirable picture.

Taking into consideration that nearly half of Americans have no savings at all from a study by the Economic Policy Institute and the picture turns into more of a depressing illustration of just how badly things will be for many.

Social Security will of course help but will leave much to be desired when it comes to fully funding your days on the porch swing. Add in some medical costs which is likely

a forgone conclusion and you kind of get the overall impression many people are going to have to rely on public assistant and the kind hearts of their friends, neighbors

And relatives to survive.

Social Security was only designed as a supplement but like many concepts in life, what meant and what was morphed by the minds of some are two entirely different things.

The fact remains if you want to have a better afterlife (as in post working) you better get your rear end in gear and give some serious grey matter to the issue, then regularly add some of the green stuff to a retirement account somewhere.

Anything you save will be better than nothing and each penny of it will go to helping you and you alone into a better life after you stop working.

After all, having some plan is better than having

no plan at all. And if your plan revolves solely around what others have planned for you, odds are you will be sorely disappointed.

CRITIC'S CORNER

by Matt Woolery

Ant-Man and the Wasp

Starring: Paul Rudd.
Rated: PG-13, Runtime: 118 minutes.

Scott Lang, is nearly finished serving a two year house arrest sentence for breaking the Sarkovia Accords, when he is called back into the Ant-Man suit to help his friends. Now he must dodge the authorities, gangsters, and a mysterious character that seems to thwart his every move.

Ant-Man and the Wasp, earn three out of five, Tardigrade Monkeys. This is a fun film with a clunky story and a few odd plot devices, but the action and humor make it worth seeing on the big screen. Michael Peña, does a great job providing comedic relief as well as serving as a lever to move the plot along. The effects of this film are just plain cool.

Re: Public Safety

Yuba County Supervisors should consider funding Sheriff's Department & Dispatchers (live bodies). (not email – some don't have email). So, it is the #1 item on their budget agenda! Is that: we need to restore Sheriff's patrols and 911 dispatchers to adequate levels. Get a loan from YCWA.

I pay \$42,000 taxes a year and these roads are questionable, to very bad. I'm surprised the county doesn't get "sued" for such despicable "Apache roads. (if it wasn't for the patches, we wouldn't have roads.) Try Mathews Lane and Ramirez Rd. East, and Iowa City road going up the Chimney Ranch hill from the West, which is not even 7' wide, and ruts on the right to blow a tire, or cause a wreck, if you have to pass somebody.

All I get from the County is Police and Fire protection. I cost the county nothing.

When Landerman was 5th district Supervisor,

he played politics and gave our 5th District road money to Linda & Olivehurst (Pharis & Martin) and said "he'd never be able to pave all the hill roads." So, he bought 3/2 on the Supervisors Board for years in votes. At that time, Linda Fire District was put on the Yuba County Budget. Are Yuba County Supervisors going to see if this is still going on? Would that help give money to keep our Yuba County Sheriff's Department going? Did the Yuba County administrators Bendorf and our Board of Supervisors know this is still going on? Did they hide it in the Yuba County Budget, so that we don't know where the money goes?

I know my mother had Doug McDougal our Yuba County Assessor give us a break down of what parcels were in the Mosquito Tax abatement district. I wish all County tax bills would show where the (Disclosure) money goes. Maybe I'm just dreaming, the County would do this—but I

think its about time Yuba County let us know "what is going on". Is that too much to ask?

I do not understand how Chairman Fletcher gave \$1.5m to watershed project issues, when the Yuba County budget doesn't even have enough money for Police and Fire departments, which are adamantly necessary, before spending money, that Yuba County doesn't have on frivolous expenditures, like the Watershed Project! Re: Dependable Power:

As far as I'm concerned, PG&E needs to survey their lines in trees areas to stop fires. I do not agree with shutting off power because of issues like freezers full of meat and other needs for electric power: Maybe we need to break up the PG&E monopoly like they did the Pacific Bell Telephone Company.

Enough Said, Have a nice Day

Louise Ahart
Marysville, CA

Comprehensive Needs Assessment

by Assemblyman James Gallagher

When DWR and Kiewit Construction reached the November 1st construction deadline last year, the Department announced it would be conducting a 'Comprehensive Needs Assessment' of the Oroville Dam complex.

The purpose of this assessment was said to identify long-term operational and infrastructure changes that are needed in order to improve safety.

Some of the questions to be answered in this review include: Is a second spillway needed? Is a larger low level outlet needed? Is the 'green spot' a prob-

lem? Do the headworks and gates need repairs?

At first, there was no mention of public involvement in this process. But Senator Jim Nielsen and I insisted that the community be represented and have a seat at the table as these critical decisions are being made.

To DWR's credit, they have worked with us to set up a process where local stakeholders can have a voice. The newly formed ad-hoc group is made up of several key individuals we have been working with since the February 2017 evacuation, including Supervisor Bill Connelly, Sheriff Kory Honea, and Rune Storesund with the UC Berkeley Center for Catastrophic Risk Management.

Starting next week, our local ad-hoc group will begin quarterly meetings with DWR and an Independent Review Board (IRB). These five IRB members are national experts not

employed by DWR who have diverse technical expertise. Each meeting will be video recorded and posted online.

I am hopeful that the outcome of this Comprehensive Needs Assessment will lead to better safety at the Oroville Dam complex and our communities downstream.

Please know that as an evacuee myself, I am doing everything I can to urge reform and make our region whole. Like many of you, my wife and I are raising our children downstream of Oroville - and we never want to flee our home on a moment's notice ever again.

If you have any thoughts, concerns or questions, please feel free to call my Yuba City District Office at 530-671-0303 or email me at Assemblymember.Gallagher@assembly.ca.gov

It is an honor to serve you.

You Get the Government You Deserve

SB54. The California Crisis and the Sunshine Patriot. In 1776 Thomas Paine began a series of pamphlets titled "The American Crisis." He began with the words "These are the times that try men's souls: The summer soldier and the sunshine patriot will, in this crisis, shrink from the service of their country; but he that stands it now, deserves the love and thanks of man and woman."

Our elected public servants, in our State, Counties and Cities are just that, servants. They work for us, though many seem to think that we serve at their behest.

Summer is upon us and the time for shrinking is over. Citizens need to engage these servants, whether in public forums or in the local venues and locations. Don't be mean or outrageous but do be firm and outspoken.

SB54, the "Sanctuary

State" bill, introduced by Kevin de Leon and supported by several corrupt and ignorant judges and many of the same bent in our legislature and local governments, is not only dangerous but ignores the same Constitution that they all took a solemn oath to support and defend. If their word is meaningless, then they are meaningless to us and must be replaced.

Bill Beeler
Yuba City, Ca.

An Open Letter to Congressman Garamendi

Congressman Garamendi:

The 4th of July is an appropriate date to write a long overdue letter to the elected representative for my area of residence.

- The Democratic Party, for many decades, by intention or silence has promoted a victim and entitlement mentality. These actions have caused many of our populace to essentially become equal to the WWII classification of 4-F: unable to serve in our Armed Forces! The Democrats/you have created a situation that is a National Security Risk.

- The Democrats/you, by either direct action or silence, have promoted violence against our law enforcement officers. This has caused an increase in Law Enforcement Officer Deaths and

a decrease in people of merit seeking employment within the organizations that protect us. Again, this is a National Security Risk for which the Democrats/you hold much of the responsibility.

- The verbal discourse, by many in the Democratic Party, is encouraging violence. This discourse has resulted in riots, burning of businesses, and residences, and the death of innocent victims. The lack of condemnation and silence, by the Democratic Party/you, makes you an accomplice in the results.

- The Democrats/you are currently attempting to overthrow our elected President. The means being used are unethical, sometimes illegal, and an abuse of your elected power. They are certainly

damaging to our Country and have gone way beyond reasonable political disagreement. The Democrats/you are promoting an internal National Security Risk.

History shows us, the 4th of July is one example, that reasonable men/women will lay down the plow and take the necessary action to protect and defend their family, their freedom, and their ability to pursue happiness.

NYWD Treatment of the Public is Disgraceful HOLD THEM ACCOUNTABLE! PART I

by Dr. Gretchen Flohr

Having now attended board meetings with three local water districts, it is clear that there is a distinct difference in the manner in which NYWD conducts themselves, their meetings, and how they treat the public when NYWD is compared to sister agencies. These are not the first meetings I have attended, nor are my experiences relegated to a mere four water agencies. In my 25+-year, career, I have worked with (and for) dozens of water and irrigation districts, some very large, such as the Madera Irrigation District and Santa Clara Valley Water District.

Two Oregon House-Dobbins Water Association (OHDWA) members attended a South Feather Water and Power board meeting in June 2018. The public was treated with respect and open transparency and was allowed to comment or ask questions throughout the meeting. The South Feather Board did their best to answer all questions, but when they couldn't, they assured the individual they would find the answer and get back to them. It was clear that the agency values their customers. The Board welcomed OHDWA members and responded courteously and comprehensively to our comments and questions, even though we are not their customers. Accountability and transparency characterize the South Feather Board, which has been my experience with other water agencies over the years.

At the opposite end of the spectrum, NYWD completely lacks transparency, does not respond to requests from their taxpayers, demonstrates no accountability whatsoever,

and is currently on a campaign to vilify our grass roots organization. NYWD is also currently pursuing a campaign of maligning, vilifying, pressing false charges against, and slandering a long-standing member of this community. As private citizens, we are relatively free to opine without facts whenever we wish; however, as members of the board of a Public agency and endowed with the public trust, these board members are NOT free to do this. I have never witnessed the level of hostility, aggression, outright rudeness, dishonesty, and bad manners that characterize the behaviors of the NYWD general manager and board toward the public.

A new resident of this area, I do feel as if I have dropped into a real-life, but unfunny version of "My Cousin Vinny" where a Water District is running herd over and bullying two entire communities. The board members appear to have forgotten that they

are elected officials who are Privileged to serve and that they were elected to represent the best interests of their customers who are paying taxes-US. They seem oddly cowed and subservient to the hired General Manager who himself appears to be completely incompetent at his job. Witness, no personnel working the ditches, no operators to run equipment, and annual reports that are incorrectly filled out (these can be obtained on our website as well), yet Jeff Maupin seems to spend money extremely well.....just not on our ditches or personnel. (where did that two million dollars get spent?????) It is very clear that this entire board needs an overhaul and must be held accountable for their dishonesty and bullying - meanwhile our communities remain without water for NO reason, and people are losing money, dreams, and land as a result.

Your One Minute News Digest

by Don Rae

• Democrats want to abolish ICE. Nothing new. They do not want any law enforcement (see the next bullet). Wait until their family is assaulted by an illegal invader.

• Why do Democrats in Sacramento continue to do all they can to prove they hate us? A trailer bill secretly attached to the budget bill passed the legislature and went into effect immediately. It basically provides that violent criminals can use the claim of “mental illness” to avoid prosecution and incarceration. Even the mainstream media came out against such insanity. If there ever was such a thing as a “hate crime” the Democrat-controlled legislature and Moonbeam have clearly defined it.

• The same day as the above story broke, a Los Angeles Times piece claimed that the number of “children separated from their parents” was more than previously reported. Buried in the story was a sentence that admitted that 80% of those children arrived without parental custody. Who then separated the children from their parents? The parents themselves.

• The LA Times wrote another suspect story, ballyhooed in huge headlines by the complicit media. Russia aimed to help Trump win. Read the entire article. Not a single iota of evidence was presented. Just a conclusion out of thin air.

• Moonbeam is off on his illiterate, uneducated climate change crusade. He recently predicted to reporters that if carbon emissions aren’t reduced, 3 billion people will die from “heat events,” and one billion will be subjected to vector diseases. He went on to cry apocalypse - widespread disruption, more conflicts, more terrorism, and more insecurity because of climate disruption. Now for a few facts. CO2 makes up 0.04% of the atmosphere. Use of fossil fuels and other human uses contribute about 3.5% of all CO2 emitted into the atmosphere, in other words not much. Think Moonbeam ever did the math?

• Water vapor makes up 95% of the atmosphere. Quick. Eliminate water. Drain the rivers, lakes, swimming pools and the oceans before we all die of heat prostration. It is sad to realize how

scientifically-challenged Moonbeam is.

• Former Congressperson Corrine Brown (D Florida) is now in jail serving a five year sentence for fraud. She was convicted of using about \$800,000, (supposed to be spent to do good for poor students), to pay for Bahamas vacations, a Beyoncé concert and to pad her own bank accounts.

• Billionaire Democrat donor Tom Steyer, in a Rolling Stones interview, was quoted as saying “Maybe we can have, like, a nuclear war and then we get a real course correction.” He was commenting on his desire to see Trump impeached. His bloviating proves that just because you have a lot of money doesn’t make you smart.

• Sometimes the entire report is worthwhile reading. On page 203 of the recent DOJ Inspector General’s tome, it clearly states that the “impromptu” tarmac meeting between Bill Clinton and Loretta Lynch was actually set up by Clinton’s Secret Service detail and the FBI.

• This story sounds like something out of Maxine Waters’ mouth. An Iranian general blames the continuing drought by claiming that Israel stole their clouds. Brigadier General Gholam Reza Jalali said that the drought is suspect and that Israel is working with another unnamed country to prevent clouds from reaching Iran.

• If having undocumented alien invaders in your country makes your country better, then why isn’t Mexico keeping all the Central Americans to make Mexico better?

• Recent news reports claim Mueller is adding to his den of thieves. Why doesn’t the administration simply cut off his bank account?

• The Sacramento “school of clowns” located at the State Capitol has decided to make the State 100% carbon-free in energy. What they totally ignore is the humongous impact on every hard-working Californian. But, then again, they are all rich and their supporters are all rich, so there won’t be any noticeable impact on them. All this fake concern for the planet by a climate change fraud.

• The elected loons in Sacramento also want to spend \$10 million of our tax dollars to “help children separated from their parents at the Mexican border”. How about spending the money, if you must, helping American children living on the streets of California.

• Affirmative Action is taking a hit. Now medical schools must consider merit instead of skin col-

or. What a concept. Merit in admission and graduation from medical school? What will they think of next?

• Want another example of how fake news becomes mainstream media fodder – just like climate change. Try this one on for size. Seattle recently banned plastic straws. Why? Because 500 million straws are used in the US annually and they are clogging up the oceans. Where did this research come from? A telephone survey of straw manufactures was done in 2011 by a 9-year old boy whose “research” was picked up by –who else? - the mainstream media. No one has ever verified the “research”. But that inconvenient fact is not recognized by the media and ignored by Seattle whose “do-gooder” action affects thousands of jobs.

• It would be nice if our US Senators knew something about American history. Kamala Harris manages to say one dumb thing after another. She tweeted on the 4th of July that 8 signers of the Declaration of Independence were immigrants. Nope. None of the signers were immigrants. We were a British Colony when the DOI was signed and all 56 signers were born in British owned countries or British Colonies . Not one was born in the United States of America. There was no United States until the DOI was signed on July 2nd, 1776.

* You might want to be careful of the “news” coming out of the Associated Press, LA Times news bureau or any other left-leaning outlet used by the mainstream media. It is apparent that their objective is to mislead and deceive you, the reader.

Three More Public Safety Community Meetings Scheduled

MARYSVILLE, CA – Yuba County will hold its final three Public Safety Community Meetings beginning on Monday, July 16, to update residents on local law enforcement and fire protection efforts.

Those attended will have the opportunity to hear from and hear Yuba County Sheriff Steve Durfor, District Attorney Pat McGrath, Probation Chief Jim Arnold, County Administrator Robert Bendorf and Linda Fire Chief Rich Webb. Questions from the public are also encouraged. Each meeting will begin at 5:30 p.m. and last about 90 minutes.

The meeting schedule is as follows:

Monday, July 16 at Yuba County Health and Human Services, 5730 Packard Avenue in Linda

Tuesday, July 17 at the Ponderosa Community Center, 17103 Ponderosa Way in Brownsville

Thursday, July 19 at the Yuba County Government Center, 915 8th Street in Marysville

National Night Out

National Night Out is an annual community-building campaign that promotes police-community partnerships and neighborhood camaraderie to make our neighborhoods safer, more caring places to live. National Night Out enhances the relationship between neighbors and law enforcement while bringing back a true sense of community. Furthermore, it provides a great opportunity to bring police and neighbors together under positive circumstances. Hang out with your neighbors on August 7, 2018. For more local information call 530-822-4725.

California’s Climate Extremism

by Stephen Frank

Radicalism is the way of life in California. Don’t kill enough babies each year and we will have an unsustainable population explosion—but bring in unlimited illegal aliens. Poverty is the highest in the nation—so pass laws making it more expensive to live in the State and taxes that harm the poor first and hardest. Safety—of course Jerry Brown says we are safer with criminal illegal aliens on our streets than enforcing the laws and protecting our families.

Extremism by the Left can never go far enough for them. Abolish ICE—open our borders. \$272 billion in new taxes proposed in 2018 by the Democrats, still too little. Education is about indoctrination never about the children’s future. Health care? Democrats want you to join a waiting list, a

yearlong or more, to get a doctors opinion—just like they have in Britain. Sacramento loves extremism because it leads to their goal of totalitarianism.

“In fact, virtually nothing that California does will have an impact on global climate. California per-capita emissions have always been relatively low, due to the mild climate along the coast, which reduces the need for much energy consumption on heating and cooling. In 2010, the state accounted for less than 1 percent of global GHG emissions; the disproportionately large reductions sought by state activists and bureaucrats would have no discernible effect on global emissions under the Paris Agreement. “If California ceased to exist in 2030,” Friedman and Hernandez note, “global GHG emissions would be

still be 99.54 percent of the Paris Agreement total.”

Many of California’s “green” policies may make matters worse. California, for example, does not encourage biomass energy use, though the state’s vast forested areas—some 33 million acres—could provide renewable energy and reduce the excessive emissions from wildfires caused by years of forest mismanagement. Similarly, California greens have been adamant in shutting down nuclear power plants, which continue to reduce emissions in France, and they refuse to count hydro-electricity as renewable energy.”

Sacramento makes it worse—forcing more productive people to leave the State. We are in a death spiral and the Democrats are pushing to make it happen even faster.

Congressman McClintock Letter to Placer Co. Board of Supervisors

Addressing So-Called Sanctuary Laws

I write to support the many local citizen groups that are seeking a resolution declaring that Placer County opposes California’s so-called sanctuary laws. I also urge you to join the 12 California counties and 42 California cities that are challenging them as incompatible with the rule of law and the supremacy of the federal Constitution over immigration.

California’s policy of releasing dangerous criminal illegal aliens back into our communities rather remanding them to federal authorities for deportation presents a critical public safety issue for the people of Placer County. It also imperils federal law enforcement officials who must then attempt to ar-

rest them at grave personal risk to themselves and to innocent bystanders.

There is good reason for immigration law to be in federal hands and every reason for state and local governments to cooperate in their enforcement. If our immigration laws are to be ignored, as sanctuary supporters advocate, then our national borders mean precisely nothing. Nations that cannot or will not defend their borders aren’t around very long. The open borders advocated by California officials are suicidal for any nation.

Placer County has suffered grievously because of the non-enforcement of our immigration law. The bloody rampage by a twice-deported illegal immigrant in 2014 claimed the life of Placer County Sheriff’s Detective Michael Davis. Democratic government relies on fidelity to law. If the law is abandoned, our democracy would dissolve into anarchy. Detective Davis gave his life to uphold the law. All that is asked of Placer County Supervisors is to take a stand in its defense.

Trump at Work

eliminating the minimum wage and rolling back age restrictions to operate equipment to 16 years of age. Unions have forced the young people in need of soft occupational skills out of job opportunities.

Unions pressure politicians to increase the minimum wage thereby pricing young, unskilled, inexperienced people out of the job market. Replacing them are “immigrants”, taking the jobs of black, white and Hispanic American youngsters. The job-getting advantage that the inexperienced could have against more skilled older workers is a willingness to work for less. The minimum wage removes that edge.

The Center for Immigration Studies (CIS) found that as the number of U.S. teens with summer jobs has dropped significantly, employment of immigrants has doubled.

“Immigrants, legal and illegal, are crowding out U.S. - born teenagers from the labor market,” according to the director of research at CIS, and demographer Karen Zeigler. That could be reversed if the minimum wage were eliminated.

Key findings showed the current low rate of teen employment at 41 percent versus 48 percent in the labor force in the summer of 2007 before the Great Recession, 61 percent in 2000, and 64 percent in 1994. In the 10 states with the largest share of immigrant workers, just 36 percent of U.S. - born teens was in the summer labor force.

For young people in the 1960’s jobs in the Sacramento Valley were plentiful. Operating tractors, bobtail trucks and forklifts were mastered by 16 years-olds. Today, teens are treated like sissies. No wonder they prefer getting high to be-

ing put on pause.

Camarota says, “Researchers have identified several reasons why working as a teenager creates so many short- and long-term benefits. Holding a job as a teenager seems to instill the habits and values that are helpful in finding or retaining gainful employment later in life. This may include showing up on time, following a supervisor’s directions, completing tasks, dealing politely with customers, and working hard. Learning good work habits and values seems to become much less likely without holding a job at a young age. Once a person who has little or no work experience reaches full adulthood, learning these skills seems to become more difficult. Other factors also may explain the benefits of early employment. Teenagers may gain social contacts on one job that provide them the opportunity to find their next job as their career develops. In some cases, teenagers may even acquire specific skills that make them more employable, such as basic auto repair or learning to be a short-order cook. Whatever the reason for the benefits of teenage employment, they are large and long-lasting.”

Trump understands work ethic and needs to set America’s youth free to go to work.

How You Create A Bond

By Surinder Mehta

The Indian community in Yuba City has celebrated Nirjal Akashdi Day for the last 21 years in front of Shri Narayan Hindhu Temple in Yuba City. For the last 21 years we were seeing the Fire Department, Sheriff Department and Police Department cars go by but they never stopped to have a cold drink from the little kids, even when they kept shouting “Stop, Stop” but their hope was never fulfilled.

But they never quit shouting stop, this year their wish was heard. The fire truck stopped & the nice people in that fire truck took water from the little kids & gave every kid a sticker. I have no

words to explain the bond they created, only thing I can say is GOD BLESS US ALL & GOD BLESS OUR BEAUTIFUL COUNTRY WE LIVE IN. I’ve requested for

all the high profile people who run the city to come out to meet kids to create a trust & bond. This way we can make a better Society .

Sheriff Candidate wants more Deputies & Safer Communities

By: Dennis Hauck, Sutter County Sheriff Candidate

The County of Sutter continues to struggle with the same budgetary issues facing almost all of California’s 58 counties. Sutter County Sheriff’s Office has received grant funding from the US Department of Justice “Community Oriented Policing Services (COPS)” in the amount of \$340,000 for front line law enforcement with an additional \$100,000 to be used in the jail. This funding was not budgeted into the 2017-2018 Recommended Budget and it was noted that “The Sheriff has not yet determined how these funds will be used”. COPS grant funding of this nature cannot be used to supplant current County Public Safety funding and thereby does not reduce the General Fund allocation to the Public Safety Fund.

More grant funding is available from the US Department of Justice. In 2017 DOJ awarded \$3,196,132 in funding to California law enforcement departments under the Cops Hiring Program. This federal program has \$98 million dollars in funding available to put more officers on the streets. US Department of Justice also awarded \$3.5 million in Community Policing Development Grants as well as money for Anti Methamphetamine and Anti Heroin Enforcement programs.

Ballistic vests are required to be replaced every five years which creates an ongoing cost to departments across the nation. Every deputy/officer is measured and fitted with a vest that should not be passed on to someone else for use and in no case should be used beyond the 5 year lifespan of the vest. The Bulletproof Vest Partnership (BVP), created by the Bulletproof Vest Partnership Grant Act of 1998, is a unique U.S. Department of Justice initiative designed to provide these critical resources to state and local law enforcement. The program provides funding for new vest purchases for new deputies as well as replacing those vests that have reached the end of their serviceable life.

The California Office of Traffic Safety awards millions in grants every year for Alcohol Impaired Driving, Distracted Driving, Drug-Impaired Driving, Motorcycle Safety, Occupant Protection, Pedestrian and Bicycle Safety and Police Traffic Services.

The USDA even has grant funding available through the Community Facilities Direct Loan and Grant Program. These funds can be used for public safety services such as fire departments, police stations, prisons, police vehicles, fire trucks, public works vehicles or equipment.

Why hasn’t Sutter County accessed more of these available funds? Is it because there is no one in the department with grant writing abilities? Perhaps because grants require detailed applications and the ability to handle complex budgets as well as grant reporting.

As an experienced grant writer who has obtained more than \$1 million dollars in grant funding for local law enforcement, I pledge to seek out grant opportunities to augment the Sutter County General Fund, better equip our Deputies and Correctional Officers and put more deputies on our streets to ensure a safer Sutter County for our families and businesses.
