

“Pearl Harbor – May We Never Forget” Marysville VFW Post 948 Remembers the 76th Anniversary

USS Arizona Memorial

Marysville, Ca.

Pearl Harbor is a U.S. naval base near Honolulu, Hawaii, and was the scene of a devastating surprise attack by Japanese forces on December 7, 1941. More than 2,400 Americans died in the attack, including civilians, and another 1,000 people were wounded. The day after the assault, President Franklin D. Roosevelt asked Congress to declare war on Japan. The single vote against Congress's declaration of war against Japan came from Representative Jeannette Rankin of Montana. Rankin was a pacifist who had also voted against the American entrance into World War I. "As a woman," she said, "I can't go to war, and I refuse to send anyone else."

Because American military leaders were not expecting an attack so close to home, the naval facilities at Pearl Harbor were relatively undefended.

Almost the entire Pacific Fleet was moored around Ford Island in the harbor, and hundreds of airplanes were squeezed onto adjacent airfields. To the Japanese, Pearl Harbor was an irresistibly easy target. By the time the attack was over, every battleship in Pearl Harbor—USS Arizona, USS Oklahoma, USS California, USS West Virginia, USS Utah, USS Maryland, USS Pennsylvania, USS Tennessee and USS Nevada—had sustained significant damage. (All but USS Arizona and USS Utah were eventually salvaged and repaired.)

The USS Arizona is the final resting place for many of the ship's 1,177 crewmen who lost their lives on December 7, 1941 in Pearl Harbor. The Arizona was the most heavily damaged of all the vessels in Battleship Row. Contrary to popular belief, the USS Arizona is no longer in commission. As a special tribute to the ship and her

lost crew, the United States flag flies from the flagpole, which is attached to the severed mainmast of the sunken battleship. The USS Arizona Memorial has come to commemorate all military personnel killed in the Pearl Harbor attack. The oldest living crew member of the battleship USS Arizona to have survived the Japanese attack on Pearl Harbor was Retired Navy Lt. Cmdr. Joseph Langdell of Yuba City. He died in 2006 at the age of 100. Langdell's remains were interred beneath the waters of Pearl Harbor, in the sunken wreckage of the USS Arizona.

President Roosevelt stated that the attack on Pearl Harbor on December 7, 1941 is a "Day That Will Live In Infamy". The Japanese raid on Pearl Harbor, is the day that the United States became involved in World War II. The Marysville Veterans of Foreign Wars Post 948 will be paying tribute to

the 76th anniversary of the attack on Pearl Harbor, on Thursday, December 7th. This year's Pearl Harbor Remembrance Day will pay tribute to our military forces that underwent this horrific attack on Pearl Harbor. The Remembrance will be held at the Marysville Memorial Veterans Center, 211 17th Street Marysville at 7:00 p.m.. Last year was the first year Marysville VFW Post 948 held the Pearl Harbor Remembrance. Traditionally the Remembrance would be held at 7:00 a.m., the time of the attack on Pearl Harbor. VFW Post 948 has chosen to hold it in the evening at 7:00 p.m. to allow the community to come and remember those who gave their lives for our freedom. Refreshments will be served after the Remembrance. The community is invited to attend the Pearl Harbor Remembrance at the Marysville VFW Post 948.

Cracks in New Spillway

Marysville, Ca – The existence of hair line cracks in the Oroville Dam Spillway created a news frenzy last week as a letter from the Federal Energy Regulatory Commission, Division of Dam Safety and Inspections, was released to the public.

Erin Mellon of the Department of Water Resources said, "The integrity of the newly reconstructed Oroville spillway is not in question. The assessment of our experts is the concrete has cured as expected and is certified to handle flows of 100,000 cubic-feet per second or more this winter. This is backed up in a

letter from the Federal Division of Dam Safety and Inspections to DWR The letter dated November 21, 2017 says "We have reviewed the letter and technical memorandum. We concur with your assessment that the current condition of the hairline cracking does not warrant repair at this time. We understand that you will continue to monitor and evaluate the hairline cracks throughout the 2017 flood season and the 2018 construction season. We also understand that you will be evaluating a number of construction measures this winter that might be implemented

next construction season that might reduce the likelihood of hairline cracking." signed Frank L. Blackett, P.E. Regional Engineer.

Longtime Sutter County Sheriff Deputy and current District Attorney (DA) Investigator David Williams plans to retire and run against his boss DA Amanda Hopper. Williams obtained a law degree while working as an investigator.

Others that may be interested in the job are Jennifer Dupre who opposed Hopper in the last election. Dupre lives in Yuba City and is a prosecutor for the Butte County DA. Defense attorney Chris Carlos who once worked in the Sutter Co DA's office is also talking about running.

Meanwhile, Sutter County Chief Investigator Jason Parker remains on administrative leave. The county is doing an investigation to determine Parker's sins, if any, against DA Hopper. Whether his dismissal is righteous or not, the feeling is that the taxpayers will again pick-up the tab when the government improperly fires him.

Anu Chopra, former attorney in the Sutter County District Attorney's office who was fired for lying in court after receiving complaints from defense attorneys has a lawsuit against the county. It looks like her pay-off will be postponed until after the District Attorney election in 2018 to avoid negative publicity from the settlement.

Some in Sutter County's \$5 Million Dollar Club are expressing relief that they can return to their normal duties rather than being sidetracked on one homeless proposal after another. The \$5 Million Dollar Club represents 30 Sutter County employees commissioned to solve homelessness. Their combined salaries come to about \$5 million annually or nearly \$3,000 per hour. Though there is a new and more restrictive Sutter County camping ordinance to deal with squatters it is not being enforced. Yuba County Sheriff Captain Brandon Barnes, Chad Lizardo (retired Yuba City Police), Yuba City Police Sergeant Dennis Hauck and Sutter County Undersheriff Jeff Pierce are campaigning to inherit the problem since Sheriff Paul Parker is

Sanctuary Policy News

A San Francisco "O.J. Simpson" jury determined that Kate Steinle was ultimately responsible for getting shot in the back and dying along the wharf. When you go to San Francisco you need to weigh the risks against the benefits in visiting the city by the bay. It may cost you your life.

Five-time deported and seven-time felon illegal alien Jose Garcia Zarate, also known as Juan Francisco López-Sánchez, was set free despite previously admitting to shooting and killing Steinle. He won the Kill'em and Go Free lottery.

Steinle isn't the only victim of San Francisco's criminal alien community, just the most high profile. Bay Area politicians and activists have a red carpet out for illegals and they are responding. Steinle's killer said he was attracted to San Francisco because of its Sanctuary protections. The career criminal couldn't have made a better choice.

Arrogant state legislators and SF politicians act like this is a foreign country when asked to cooperate with federal authorities who have a mandate to secure the borders. ICE (Immigration and Customs Enforcement) and Homeland Security apprehend illegals and others here legally but involved with criminal activity.

Socialist governments are masters at controlling, taxing and managing every move citizens make. However, officials take no responsibility for the horrible outcomes. The policies of San Francisco's politicians and bureaucrats killed Kate Steinle.

The government is responsible for patrolling our borders, public safety, the justice system, the district attorney's office, basically every aspect that could have prevented Steinle's death. This wasn't a case of a culprit falling through administrative cracks.

Jose AKA Juan crossed the border five times, committed seven felonies, stole a gun, fired a gun and had gun residue on his hands. A woman died.

Steinle's killing is not an outlier. There are thou-

Food and Farm News

Desert vegetable harvest gets early start

The official start of winter remains a few weeks away, but the winter vegetable harvest has gotten off to a quick start. Farmers in the Imperial Valley say their lettuce, broccoli and cauliflower have been ready for harvest up to 10 days earlier than usual. Warm Southern California weather played a role. One farmer says lettuce that typically takes 85 to 90 days to grow has been ready after 75 days this fall.

Variations in citrus trees can lead to new types

It's called a "chimera"-a shoot from a citrus tree that produces fruit different from the other fruit on the tree. A University of California farm advisor says chimeras can lead to new fruit varieties, such as the multi-fingered Buddha's Hand citron. But most chimeras turn out to be of inferior quality, the advisor says, adding that both commercial and backyard growers should be aware of unusual-look-

ing citrus that could be a sign of tree disease.

New food products show nutritional patterns

The constant churn of food products entering and leaving the market can indicate trends in people's preferences and in efforts by food makers to meet those demands. A new government study says more than 32,000 new food and beverage products debuted in the most recent year surveyed, while another 41,000 were discontinued. The new products demonstrated gradual reductions in sodium levels and other changes in nutrient content.

U.S. Census of Agriculture kicks off

To form the best possible picture of the nation's farms and ranches, the U.S. Department of Agriculture begins its next Census of Agriculture this week. Conducted every five years, the agricultural census provides information on the number and types of farms across the U.S. For example, the previous census, conducted in 2012, showed that the great majority of California farms and ranches continue to be owned by individuals, families and partnerships.

FISHIN' TALK

by Boots Johnson

Dan "Boots" Johnson has fished and hunted in California for 73 years. Anyone with questions or comments can email him at boots3@syix.com

The name of the game this week, as well as last week, is the Delta. Stripers and sturgeon are on the move and are being caught just about all over the area between Rio Vista and Martinez. In fact, according to a phone call, sturgeon fishing is so good that some legal fish have been released. Suisun Bay has been keeping the party boats busy with Pittsburg being just one of the hot spots. We are told salmon roe is the best bet just about all around the areas. Most boats were limiting out with striped bass. Striped bass are also cooperating at Montezuma Slough and the Mothball Fleet. A favorite bait is live bullhead and we have been told the sporting goods shops and marinas are running out of this popular bait. Some nice legal sturgeon have been taken along with lots of stripers, most being in the six or seven pound range, with some in excess of ten plus pounds.

We hear from Bullard's Bar Reservoir. The spotted bass are beginning to go on the bite and there is an excellent chance to nail a bass over ten pounds this month and into January. Bullard's now sits at 72 percent capacity.

Just about all the fish in Lake Tahoe and Donner Lake are cooperating with both anglers and party boats. Rainbow and Brown trout are on the bite as well as the Mackinaw Lake Trout. Mackinaw has

been caught at Donner from six to 15 pounds with Lake Tahoe anglers coming home with fish up to 12 pounds. This should continue if the weather holds.

We have a report from Lake Berryessa that the fishing is so hot all one needs to do is wet a line to catch a variety of fish anytime during the day.

Closing thought: "Sometimes we just need a hug.....no words.....no advice, just a hug to make us feel better."

Investments in the Human Condition

As many of you may know, my show and articles revolving around the theme Money Matters involves more than just money. My video series “Investing in Community” details events and organizations that exist in our area. My articles can go off topic into non-profits and plain old summer fairs. The commonality among all of them is the investment we make in what we call the human condition, no matter what it entails.

One’s greatest investment in my opinion in one investment in oneself and taking inventory of what is there in you already is a great exercise in illustrating one’s own attributes and inter-

ests. By doing this, we can build from a position strength instead of a position of fantasy. This simply means identifying what you like and what you are good at, and then moving forward. I tried this exercise below and this is what I came up. See if it draws a picture in your mind of who I am and then do the exercise it yourself to see who you are, and then build from there.

My greatest talent and skill quite frankly is interacting with people. My parents were highly interactive with people in a variety of capacities. This has rubbed off on me. Quite simply, I love interacting with others on all levels, whether it be at school, where I converse with friends and school administrators, at any of my volunteer capacities where I have the opportunity to help those that are less fortunate, with other people in general who can teach me things about life, or just with strangers I meet at a Starbucks or in some of the other places if find myself in during my day

to day travels.

I love to question what I see and have others question me about what I think. I love to interact with those in other cities, schools, businesses or even countries when I have had the opportunity. I want to know why people do what they do and make the decisions they make. I want to give my input as well, which I think is a highly blended version of common sense mixed with an astute observation of what is working and what is not.

People often surprise me as to their acceptance of my ideas and at other times are surprisingly unwilling to take advice on any level. The former I take as a compliment and a confidence builder that spurs me on to even more interaction. The latter a blend of stubbornness and ignorance on their part. No matter what the outcome however, I find it all unexpected and interesting.

Life is indeed a wonder. Every morning I cannot wait for it to show me the day’s blend of simplicity yet opposing complexity.

Who will cross my path today? What will they say? What will I say? Will I contribute greatly today or simply observe and learn to enhance another day?

My greatest talent is knowing and enjoying those around me, my co-passengers of this ride called the human condition.

And now that I have who I am clearly defined, I can now take the next step in investing in myself and start earnestly building from there.

Forbestown & Friends

Ho! Ho! Ho! Santa comes to town! The annual “Forbestown Children’s Christmas Party” happens on Sunday, December 17, 2-4PM. Children, 13 and younger, are welcome to meet Santa, receive a gift and take home sweet goodies. The event, hosted by the Forbestown Parade and Picnic Committee and your Forbestown Advisory Council, will be held at the Forbestown Community Center - Charles Lynds Hall, 19100 New York Flat Road, Forbestown. For more info, please contact forbestownevents@gmail.com.

Community Passings... Lana Coleman, Don Mossinger and Susie Woods... We extend our deepest condolences to their families and friends in their time of loss.

Many thanks to everyone, both bakers and buyers, who made the recent “Books & Bakes Sale” such a great success! Visitors and friends from all over attended and everyone had loads of fun. Your donations go to sup-

port the many community events, like the Easter Egg Hunt and Forbestown Daze.

The sounds of Christmas were heard ringing throughout Forbestown – The annual “Hometown Christmas,” held at Gold Trader Flat, was well attended and appreciated by everyone. Thank you Yuba Feather Historical Association for your enduring commitment to keep our foothill history alive!

“Library Fridays” at the Forbestown Mountain Library continue throughout the end of the year. Free Wi-Fi and delicious snacks are a few of the perks available when you visit. It’s a great atmosphere for families who home school, book lovers or serious Scrabble players. They still have baked goods for sale to help ease your hectic holiday schedule. Wow - A library and bakeshop rolled into one – You can’t beat that!

‘Tis the season...At the recent “Books & Bakes Sale,” a cost-conscious mom and her two, pre-teen

children were seen eagerly picking out educational books. Her son recently “got into” reading and he was thrilled by the wildlife and sign language books they found. The sale was an affordable opportunity for the mom to further her family’s education, while the daughter was soaking up the meaning of the gathering – Helping the community. An hour or so later, after they departed, the two kids came back to buy some cupcakes and brownies. Between them, they had a buck and a quarter, which would cover the cost of five items. With bright eyes and a sweet tooth, they picked out only four items. When the seller asked the young girl about her fifth choice, she kindly handed over her last quarter and said without hesitation, “Please keep it to help out for future events.” (Need a handkerchief?)

Merry, Merry! Happy, Happy!

Come see your friends in Forbestown!

Students from MHS Participate in Forestry Challenge

Students from Marysville High School recommend a sustainable harvest volume for a redwood forest near Boulder Creek, CA. Left to Right: Olivia Vargas, Leilani Chavez, Kaitlyn O'Dell, Faith Barker, Jaylynn Anderson Back - Bonnie Magill (Advisor)

Boulder Creek, Ca.

5 students from Marysville High School participated recently in the 2017 Santa Cruz Forestry Challenge, one group of a total of 107 high school students from 14 schools from the Santa Cruz and Central California region. The event was November 15 to 18 at Redwood Christian Park, near Boulder Creek, California.

One of the highlights for the students this year was the opportunity to visit a redwood forest that will soon be harvested using single tree selection. Students collected data on how much the trees have grown since the last selective harvest 12 years ago, and used the

data to recommend the volume that can be sustainably removed in the upcoming harvest. During the Challenge, teams of students also completed field training, followed by a field test to assess their technical forestry knowledge.

“This event allows students to learn about the timber industry, view

career opportunities, and become informed citizens about forestry issues,” said Marysville High School teacher Bonnie Magill. Kaitlyn O’Dell, a Senior at Marysville, summed it up as follows: “It was an enlightening experience to learn about another area of agriculture; ‘Timber is agriculture, too!’”

On 12/27/2017 at 3:00PM, GOLDEN WEST FORECLOSURE SERVICE, INC. as the duly appointed Trustee under and pursuant to Deed of Trust Recorded on 12/29/2016 DOC 2016-016629 of official records in the Office of the Recorder of Yuba County, California, executed by: MINGGUANG YOU, A SINGLE MAN, as Trustor, **WILL SELL AT PUBLIC AUCTION TO THE HIGHEST BIDDER FOR CASH** (payable at time of sale in lawful money of the United States, by cash, a cashier's check drawn by a state or national bank, a check drawn by a state or federal credit union, or a check drawn by a state or federal savings and loan association, savings association, or savings bank specified in section 5102 of the Financial Code and authorized to do business in this state). **At: THE FRONT ENTRANCE TO THE COUNTY COURTHOUSE, 215 5TH ST., MARYSVILLE, CA 95901**, all right, title and interest conveyed to and now held by it under said Deed of Trust in the property situated in said County, California describing the land therein: **AS MORE FULLY DESCRIBED IN SAID DEED OF TRUST. A.P.N. 019-621-001** The property heretofore described is being sold "as is". The street address and other common designation, if any, of the real property described above is purported to be: **5694 SHIRES WAY, MARYSVILLE, CA 95901.** The undersigned Trustee disclaims any liability for any incorrectness of the street address and other common designation, if any, shown herein. Said sale will be made, but without covenant or warranty, expressed or implied, regarding title, possession, or encumbrances,

to pay the remaining principal sum of the note(s) secured by said Deed of Trust, with interest thereon, as provided in said note(s), advances, if any, under the terms of the Deed of Trust, estimated fees, charges and expenses of the Trustee and of the trusts created by said Deed of Trust, to-wit: \$160,715.39 (Estimated). Accrued interest and additional advances, if any, will increase this figure prior to sale. The Beneficiary may elect to bid less than the full credit bid. The beneficiary under said Deed of Trust heretofore executed and delivered to the undersigned a written Declaration of Default and Demand for Sale, and a written Notice of Default and Election to Sell. The undersigned caused said Notice of Default and Election to Sell to be recorded in the county where the real property is located and more than three months have elapsed since such recordation. **NOTICE TO POTENTIAL BIDDERS:** If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. **NOTICE TO PROPERTY OWNER:** The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call (916) 939-0772 or visit this Internet Web site www.nationwideposting.com, using the file number assigned to this case 7873. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. 11/29/17 GOLDEN WEST FORECLOSURE SERVICE, INC., as Trustee 611 Veterans Blvd., Suite 206, Redwood City, CA 94063-1401 (650) 369-2150 (Phone), (916) 939-0772 TRUSTEE'S SALE INFORMATION Michael D. retiring.

If no one else comes forward, Wendell Anderson who oversees the detectives at Yuba County Sheriff's Department will take over for retiring Sheriff Steven Durfor. Being Yuba County Sheriff has some unique pressures due to the terrain, extensive marijuana grows, the demographics and the jail being a deportation holding facility for ICE (Immigration and Customs Enforcement.)

Panhandlers, thieves and thugs continue to run loose in both cities. A high school student was stabbed in the hand recently retrieving a bike lifted from his Marysville school campus by a vagrant. As travelers approach Marysville on the E Street bridge campers and garbage can be seen scattered along the Yuba River.

Maybe the Marysville City Council, Yuba County Supervisors and Yuba County Water Agency personnel should tour the campgrounds where folks were squatting. Chances are that camping spots are being resettled after taxpayers spent hundreds of thousands to clean them up.

As many wonder about the widening of the 5th Street Bridge between Marysville and Yuba City, thousands are frustrated with Marysville becoming nearly impassable every afternoon. Hwy 70 and Hwy 20 crossing in Marysville is a fiasco with traffic backing up for miles on the Hwy 70 freeway south of the city. It is like the Lincoln, CA traffic snarl before Hwy 65 bypass was built. A bypass around Marys-

sands just like Juan AKA Jose that have criminal records traumatizing American families.

It is one thing to travel to Mexico to be mugged, carjacked, robbed, raped, taken hostage, shot or hit-up by police for a bribe. That is a choice. It is something else for politicians to invite them home, to your home.

It is no accident that no son, daughter or spouse of a politician has been a victim. They are not exposed to the everyday risks that their subjects are.

You remember. In a socialist society everyone is equal except the aristocracy. You ride mass transit, they fly private jets. You turn in your guns. They have armed guards. You are stuck in traffic, they get the escort.

Meanwhile Mexican illegal Sergio Jose Martinez, 31, was sentenced to 35-years in prison in Portland, Oregon. He sexually assaulted a woman in her home and attacked another in a parking lot.

Both assaults occurred on the same July day, a week after he was released from jail. He had been arrested for interfering with the police and providing a false birth date. He was released despite a request from ICE for the Multnomah County Sheriff's Office to hold him so the agency could take him into custody. The sheriff ignored ICE.

Oregon became America's first sanctuary state when it adopted a law in 1987 preventing law enforcement from detaining those who are in the United States illegally but have not broken other laws.

ville is long overdue.

It pays to be a politician. After decades of neglected streets in Olivehurst, when some money is finally allotted for paving, which street gets top priority? That would be 7th Street right in front of former Yuba County Supervisor Mary Jane Griego's restaurant.

Olivehurst Fire Department has been using an interim chief for months since Wade Harrison's departure. There is talk of the Marysville Fire Chief leaving as well. Is it too logical to combine Linda, Olivehurst and Marysville into one fire authority under one chief, Rich Webb and overseen by one board, Linda's? Probably, it's only money.

Martinez had been deported 20 times. He pled guilty to 10 counts including sodomy and sexual assault.

Border Patrol agents in Arizona arrested a Mexican illegal previously deported for a 2016 rape conviction in Contra Costa County, CA, a Sanctuary jurisdiction. Juan Sotelo-Carasco was discovered in the desert near Sasabe, AZ.

Agents working near Calexico observed a man who had illegally crossed the border from Mexico about 22 miles west of the port of entry. Agents arrested the man for processing.

A records check revealed the 44-year-old had a previous notice to appear from San Jose, CA for lewd acts with a child under 14. San Jose is located in San Mateo County which is also listed as a county with sanctuary protection policies.

Later that afternoon, agents observed another man who had illegally crossed the border about 11 miles west of the Calexico Port of Entry. Agents arrested the man. During a background check, agents determined that the 24-year-old Honduran national is affiliated with the MS-13 gang.

To stop welcoming foreign criminals California either needs more conservative politicians or the current crop of liberals to have some Kate Steinle-style mishaps.

Marysville's Sister City Holds Annual Meeting

What a great turnout at the Marysville-Peikang Sister City Annual Meeting at the China Moon Restaurant in Marysville held on Friday October 27th. Some new friendships were made today... Our Thanks to Gary Yu for hosting this event at his restaurant the food was wonderful!

Special Thanks go out to all the Board Members and Members for continually working as a team with the same goals because of this another successful year. Thank you Tony Yu of Sacramento, we look forward to your next visit with your students from Land Park School and we anxiously await teaching and showing them a bit of our Chinese culture and history in our Historic Marysville.

A very Special thanks to our San Francisco Representative of the S.F. Teipei Economic Cultural Office (TECO) Deputy Chinn Hsu we all enjoyed chatting and meeting you and we look forward to your visit at the Bok Kai Festival in 2018, it's great way for local culture to be exchanged...and last thank you to our local City Council member Stephani McKenzie in honoring us with your presence.

It's with great pleasure we welcome four new members that were also in attendance. All the Officers remain the same for the upcoming year; Judy Mann, President, Christina Billeci-Vice President, Minoo Prillwitz- Treasurer,

Yuba County Pet of the Week

“Home for the Holiday’s” is where beautiful Cassandra (ID#A167706) would like to be. Cassandra has been with us at the shelter since September 21, 2017. Are you looking for a playful and beautiful kitten? Well look no further and come check out this little lady, who is turning into a beautiful cat. Cassandra has beautiful markings, a very soft fur coat, and a very playful personality. After she's had her fun, she likes to rest near you and get some

back scratches. Maybe you have the home she is looking and wishing for. At her time of adoption you can also have her micro-chipped for \$15.00. THE Brownsville Bailywick & Beyond

The brand new anthology, *A Bundle of Flowers*, from the Backroom Writers is now available at the Books & More for \$7.00. A group of writers who enjoy writing, sharing and discussing their pieces produces the anthology. They meet every other Saturday afternoon and read their work. All genres are encouraged and enjoyed. Perhaps you would like to try it.

Yuba Feather Community Services sent out their new quarterly newsletter with an application to join the organization. If

you didn't receive one in the mail, there are several at Books & More. It helps when many "hands" are available to help with the work this group does.

There will be no Hill Top Gang Breakfast this month; they will give themselves a holiday from fixing breakfast. Be ready for them to return on January 14. You can get a good hot breakfast, all you can eat for \$6.00 is hard to beat.

Christmas shopping season is well underway and we encourage you to shop locally. Many of your friends and neighbors operate businesses in our secluded and beautiful foothill communities and they depend on local business to survive. With the restaurants, gift shops, hardware stores,

wineries, hairdressers, bookstore, coffee shop, and much more you could check off everyone on your list. So, before you decide to drive down the hill to shop, check out what there is to offer right here in our own backyard. You can get a list of the local businesses at Books & More.

Look Back in Time – In 1910 the Rackerby Shakespeare club met at G. A. Devol's home. While the men played Pedro and cribbage and the children had games, the women planned for their reading of a Shakespeare play (sounds like a good time was had by all).

Hope to see you in Brownsville soon.

Amateur Radio Technician Class

Submitted by Curtis R. Sylvester-Jose

The Yuba-Sutter Amateur Radio Club (YSARC) will be conducting classes for those interested in obtaining their license. The class will teach you everything you need to know to pass the technician level exam (FCC rules, operating procedures, radio

waves, amateur radio practices, electrical principles, electrical components, station equipment, modulation and demodulation, antennas and feed lines, and safety).

Classes will be held Monday and Wednesday evenings from 6:30 8:30

P.M. at the American Red Cross (ARC) Center classroom 1 beginning Jan 3rd and ending Feb 28th. The ARC center is located at 2125 E. Onstott Frontage Road, Yuba City. On Mar 3rd YSARC will have an exam session where you can take the exam and get licensed.

The cost for instruction is free. You will need a current copy of the "ARRL Ham Radio Technician Manual" third edition. The manual is available in electronic format (kindle), book format and spiral bound book format. You can obtain the manual yourself or the instructor can order it for you at a 20% discount from ARRL (excluding kindle). It takes about 1 week for the books to arrive.

For more information and to sign up for the class please contact Curtis (KF6VFP) at (530) 743-3003 or email him KF6VFP@arrl.net.

\$15,000 in Cash Prizes for Best Films at the 2018 Animal Film Festival

Grass Valley, Ca.

The Animal Film Festival (AFF), a program of the Center for Animal Protection and Education (CAPE), based in Grass Valley California, will be awarding a total of \$15,000 to winning filmmakers during the 2018 event. Amber and Adam Tarshis, founders of the Tarshis Foundation, are donating the funds to make these awards possible.

\$10,000 will be divided among winning films in these categories: Best Feature, Best Short, Best Student and Best Teen. In addition to these prizes, the Tarshis Foundation in partnership with the AFF will also award a total of \$5,000 to winning shorts between :30 - :90 seconds long that creatively and convincingly highlight the issues of animal suffering in modern farming, food production, and/or laboratory research, and provide messages that influence people to pursue a more plant-based lifestyle.

Shelley Frost, director of the Animal Film Festival: "Now in our fifth year, the AFF has always chosen Best in Fest films in these categories awarding filmmakers with framed certificates. We are very honored that the Tarshis Foundation is heightening the importance of these winning films with significant cash awards."

With over 3,000 film festivals around the world, very few have the means to provide cash awards to filmmakers. The Animal Film Festival is a niche fest in that all the films accepted and screened must explore any aspect of animal

welfare, animal rights, the human/animal bond or demonstrate ways to improve the lives of animals. Cash awards to winning filmmakers will increase the relevance of the AFF and could inspire more filmmakers to tackle these issues. It will result in increased awareness about animals, their stories and challenges, and bring to light opportunities for people to help.

Each year during the AFF, filmmakers take the stage after their films screen, further educating audiences about what they can do to help: signing petitions, volunteering at animal shelters, adopting an animal, sponsoring animals, adopting a plant based diet, etc. The AFF also has a streaming channel on ROKU where many award winning features

and shorts about animals can be viewed. The AFF goes on tour to cities throughout California and beyond, further enlightening audiences on the joys animals bring, the challenges they face, and the responsibility we all have to protect them from suffering.

The 5th annual Animal Film Festival will take place Saturday, February 17, 2018 at the Center for the Arts, 314 W. Main St., Grass Valley, CA. Doors open at 9:30 am, and the first film begins at 10:00 am. Films will screen through 10:00pm with three Intermissions throughout the day. Tickets begin at \$25 for all day admission; \$20 senior/student/military; \$10 for Evening Session only. Tickets are available at www.animalfilm-festival.org.

CRITIC'S CORNER

by Matt Woolery

The Foreigner

Starring: Jackie Chan, Pierce Brosnan, and Michael McElhatton.
Rated: R, Runtime: 114 minutes.

A Chinese immigrant in England goes on a single minded quest for vengeance against the people responsible for the bombing death of his last living daughter. As great machinations of state ponderously move pieces in place to exact justice. A small grieving man moves with determined purpose and principle to find satisfaction with the cause of his grief.

The story was well written and bringing back the Irish Republican Army as a group using terrorist tactics seemed a bit far fetched, but I suppose old grief dies hard. The acting was great. Jackie Chan moved out of his happy hero role and made his sorrow palpable on the big screen. The cinematography was very well done.

The Foreigner, earns four out of five, Sleeping Dog Monkeys. There is some great acting going in this movie and also some real brutality. One thing to take away from this film, may be that torture works. This is a film that will get better with every viewing.

When I read the Dispatch infrequently all I read in the opinions is a population of conservative/Fox non news watchers spewing Fox talking points.

Dean Ryans screen against Liberals is mainly a list of Fox complaints that are regurgitated daily. No names, no evidence just a histrionic use of language that sounds smart. Equating Liberalism with anarchy is just another Fox talking point. Historical beliefs without names according to Dean Ryan.

RW Gless tries to sound smart but doesn't even do research to insure that the

names of the rifles were correct. Accusing other news outlets of being communistic is not only incorrect but it eventually undermines your paper. If writers just sound like Fox talking points.

Why do you publish their one sided sniveling. Make them explain who and where the evidence is.

Support for Congressman Garamendi

Congressman John Garamendi is a hero for constituents in California's 3rd district and for consumers across the county. The Congressman is a stalwart opponent of the nation's beet and cane sugar cartels! Garamendi continually votes to reform the vastly outdated U.S. Sugar program and resists the massive amounts of money that the cartels throw onto Capitol Hill. Congressman Garamendi understands the damage this program causes to consumers and businesses alike and why reform is so desperately needed.

Fortunately, there has been a bill introduced to relieve the burden on consumers and businesses. Representatives Virginia Foxx (R-NC) and

Danny Davis (D-IL), as well as Senators Jeanne Shaheen (D-NH) and Pat Toomey (R-PA), have introduced the bipartisan Sugar Policy Modernization Act. Congressman Garamendi is already a cosponsor of the bill and intends to fight for reform. This bill will finally reduce the burdens on American taxpayers, consumers and manufacturers in the food industry. We are happy to praise the hard work Congressman Garamendi puts in to help hard-working Americans.

Thanks to members of Congress in the pockets of the Sugar Cartels, the U.S. Sugar Program continues. The Sugar Program is a Soviet style command and control scheme that restricts planting and imports. This inflates

hold more water than the editorial's in the New York Times and Washington Post. Two things to remember are 1.) The right wing of the political spectrum very seldom get their opinions out; especially now that the left is attacking free speech. 2.) We can clearly see that the left has become unhinged since the election of President Trump. But remember many on the right have gone through 8 years + of President Obama and feel much of the same type of frustration but; with more class however.

the price of sugar in the United States to almost double the world price. So, when you go to the store to buy a snack cake or anything sweetened, you pay more! According to the Congressional Budget Office, the program means Americans pay \$3.5 billion every year in increased grocery costs, which breaks down to upwards of \$50 per family.

The Independent Bakers' Association is an international trade association that fights to protect the interests of mostly family owned wholesale bakers and allied trades. For more information about IBA and sugar program corruption, visit SugarRefund.com.

Civil War is the Only Way Out of Enslavement Sometimes

There is little Doubt that Americans who truly believe in our Constitution, are going to have to seriously consider that we are going to have to have a Civil War to regain the freedom and liberty we once had, if the Deep State Globalists, on BOTH SIDES of our Political spectrum, are successful in destroying the people's attempt to Make America Great Again, and freer again. The Deep State is Blatantly lying and creating deadly situations to control you! They know most people will demand the Government protect them... So what better way to insure their power and control over YOU,

then to create bogus lies and deadly problems that they can blame on their enemies?

Wake Up and realize most of what you are being told by the socialist leftist media and deep state government agencies (Federal, State and Local) are all lies and propaganda! They Make up the Laws and Rules and then exempt themselves from those laws, or changed them when it effects them, to suit their Agenda and make you believe it is for freedoms sake! Their Attacks on our Great President Donald Trump and the Communist's Protection of Murderous Illegal Aliens in S.F. should send

a frightening message to all Americans who believe in our Constitutional Republic. Lies, damn lies, and stupid dumbed down people who believe the lies! That is the Deep States agenda to keep you controlled and enslaved forever! Isn't it time we rally our masses and send a crystal clear message that we have had enough and will not tolerate this anymore? Or will you just stay neutral and stand in the middle of the road and pretend that truck isn't going to hit you?

Yuba County Senior's Building Fund

Due to the building being sold that has housed the Yuba County Seniors for the last nine years, the senior organization is seeking a permanent home for the group.

The seniors have \$25,000 in their building fund that is being matched by an anonymous donor to total \$50,000.

There is a GoFundMe.com page under “Home for Yuba County Senior Center” for money donations.

Your One Minute News Digest

by Don Rae

• It is likely that on January 21, 2018, the cost of a first class letter will go up to 50c. Can you recall when a 3c stamp was all that was needed to send your letter across the country?

• Kaepernick went to Alcatraz to celebrate an “Un-Thanksgiving” with a group of Native Americans. Perhaps they will offer him a new name. “Sitting Bull S**t” comes to mind.

• Think about this fact for a moment. A majority of Americans believe that tax reform will only favor the rich. Well, how could it favor the 50% of Americans who pay no taxes?

• A retired 3-star General claims Trump is insulting the military by saying America is now winning its wars. With due respect to the General’s service, he is simply an Obama appointed general who doesn’t want to admit that it was Commander in Chief Obama who prevented the military from winning. America was not only not winning, it was withdrawing and playing patty-cake with vicious enemies.

• Bernie, the Socialist, says this has been a horrendous year. He’s right, in that elites taking from the middle class and giving it to the lazy is being curtailed.

• Harvey Weinstein says he is now going to attack the NRA. Talk about wild deflection. Does he think that anyone will be fooled by that?

• Congress is falling all over itself to now make themselves subject to sexual harassment laws and policies which they have foisted on the rest of us for decades. Remember that Congress also exempted itself from the wonders of Obamacare, just like every other law and regulation ever passed. Why do these elites think they are so privileged as to avoid playing by the rules they demand we obey? Well, Garamendi, why?

• Most folks who watch the news know who Roy Moore is. But how many of you know Corrine Brown, the former Democrat Congresswoman from Florida. She was recently convicted of 18 fraud counts of taking money from a children’s charity for her own pur-

poses. Not much in the mainstream media about this abuse of power. Is that because she is a Black woman?

- Our good friend Stephen Frank writes: “Does a union have the same right as government to trespass on your property? Unions think so. Unions feel they own all property and government workers. So, if they want workers to be forced to pay bribes to work, why shouldn’t they interrupt work on private property? Why not harass them by going to their homes, or the park when workers are playing with their kids or tracking them down at the grocery store. Unions are acting more like organized crime than legitimate organizations.”
- Pitzer College, one of California’s Claremont Colleges, is contemplating ending outdoor clubs because John Muir was White. Huh? Such thinking is not only racist, it shows that the College Administrators are dumber than tree trunks.
- And on to Fresno State School of Education which notified its students that if a strike occurs on campus, it will kick out some 200 student teachers now being taught on its’ grounds. When the strike occurs, those students will be required to attend a “teach-in focusing on “the labor movement and the repercussions that those involved in teacher strikes in the past have experienced.”
- According to those who have no critical thinking skills, Al Franken is a pig, but since he supports abortion rights, he should be forgiven and allowed to keep his Senate seat.
- San Francisco is simply crazy. The city’s elected supervisors have hired a bill collector to collect overdue library fines. You read correctly – if you owe more than \$100 in fines, the San Francisco mafia is going to be all over your case. Isn’t it amazing that a City which protects illegal aliens and allows bullies to remain in classrooms is going all out to beat up on library scofflaws. The City is paying more than \$72,000 for someone to collect the fines, some fines more than 25 years old. Good to hear that San Francisco is finally getting tough on crime.
- Obama really loves the United States. Almost one-third of 214 U.S.-based MS-13 gang members recently arrested were invited into the United States by President Barack Obama’s “Unaccompanied Alien Children” policy.

Andrew Mellon wrote in the 1920s: Any man of energy and initiative in this country can get what he wants out of life. But when initiative is crippled by legislation or by a tax system which denies him the right to receive a reasonable share of his earnings, then he will no longer exert himself and the country will be deprived of the energy on which its continued greatness depends.” This quote reminds us of the Bradford experiment in Socialism in the New England colony in the early 1600s.

• Reading the Associated Press “the sky is falling” story about the effects of “light pollution” from (supposedly) too much light in the sky at night, we can’t help but wonder which is worse; that, or climate change. Sleep issues, migration disruption, reproduction in all species and plant growth disasters are predicted. Wow. A new cause for those who thrive on causes. Time to prepare more safe spaces, stock up on security blankets and hire a good psychiatrist.

• The Wampanoag tribe is praised by the Associated Press for resurrecting their original language. One sentence in the article is intriguing – “From having no speakers for six generations....” Really? If no one has spoken the language for around two hundred years, how do they know what the language sounds like?

• Obama sowed the crop of divisiveness and Trump has to reap the results. It is a crop of thorns and weeds and must be decisively eradicated with finality. The nation will be “one” again and “Celebrate Diversity” will be a slander on the Nation’s soul.

• We are facing the specter of a new civil war as the left continues the deconstruction of America’s history. This situation has been brought on and nurtured by years of leftist activism as well as enablers in education, media and politics. The trashing of America reached a critical crossroads with Obama and his hate of America. Now the chickens are really coming home to roost. Unless we take drastic action to drain the ideological sewer, America – the only hope for the human race – will cease to exist. The world order described in George Orwell’s “1984” will be only a faint suggestion of what will actually happen. Totalitarianism will rule. Why isn’t Garamendi speaking out?

Tom Reusser Announces Run for Sutter County Superintendent of Schools

Yuba City, Ca.
Yuba-Sutter educator Tom Reusser announced today that he will seek election for Sutter County’s School Superintendent in 2018.

Reusser, has held leadership positions at both the smallest and the largest schools in the Sutter County district during his tenure of more than 20 years. He began his career with Sutter County schools as a Teacher, but soon was promoted to Superinten-

dent/Principal of Winship Elementary School District (now Winship/Robbins Elementary School District). He served as the Assistant Principal at Gray Avenue School, Andros Karperos School and most recently was the Principal of River Valley High School where he not only managed the largest educational site budget in Sutter County, but also managed more than 170 staff members.

“As Superintendent, I’ll have a greater opportunity to impact the lives of children, which is why I went into the field of education”, stated Reusser. “I have been preparing for the position of Sutter County Superintendent of Schools throughout my career by accepting increasingly challenging responsibilities, becoming proficient at managing large budgets and leading staff with honesty, integrity

and always with the best interest of students first and foremost.”

Among Reusser’s top priorities are to restore a level of funding for ROP programs in Sutter County, increase test scores, and to make sure districts in the county have the support they need for their students to succeed.

Reusser and his wife Roberta live in Yuba City. They have 4 children, all alumni of Sutter County schools, and 2 grandchildren. He earned his Bachelor of Arts degree in Liberal Studies and was awarded a Master of Education degree in 2000. He is a member of Yuba City Noon Kiwanis, Sutter County Community Action Agency, Family Soup, St. Andrew Presbyterian Church and has coached both volleyball and swimming.

California’s New Ammo Laws on Jan. 1, 2018

On Jan. 1, 2018, as most gun owners in the state are aware, new ammo laws will come into effect.

It’s worth noting the new regulations again, as this will have a significant impact throughout the gun community, from mom and pop stores to someone just trying to purchase ammo.

The following will be incorporated into the law of the land per Laura Cromwell of Cabela’s:

- Vendors must have Department of Justice approval to sell ammo. Current retailers with

an ammo supply may stop providing ammunition altogether due to the process of getting DOJ consent. For hunters and shooters in rural areas who rely on mom-and-pop sporting goods stores, they may need to seek out a new supplier as well as plan on driving a lot farther to find the ammunition of their choice.

- Importing ammunition— Californians must go to an ammunition vendor that has been approved by the DOJ. If a resident orders ammunition from a website, the

ammo in question must be sent to an approved vendor for the consumer to pick up. Purchasing ammunition out of state and then returning to California runs the risk of carrying a misdemeanor charge of transporting ammo across state lines.

- Transferring ammunition— For anyone who has ammunition they are looking to part with, you will need to enlist a DOJ-approved vendor to complete the transaction, same way you would transfer a firearm to a new owner.

Joint Sutter – Yuba County Meeting of the New California Movement

Yuba City, Ca.
Paul Preston, Chairman of the Sutter County Council of Representatives (SCCR) and Ross Patterson, Chairman of the Yuba County Council of Representatives (YCCR) of the “New California State Movement,” announced they will be holding a joint meeting of concerned citizens from the surrounding counties interested in being involved in a movement to develop a pathway forward to form a new state.

The County Councils of Representatives (CCR) are designed to provide

citizens an avenue to openly discuss, brainstorm, and get questions answered including perspectives from a greater number of people regarding a constitutional state split from California.

They are looking for committed citizens who want to become involved in the Sutter/Yuba County Council of Representatives and want to be part of the historic formation of a New State.

Members of the current CCRs will be present to provide information and updates on the New State movement and answer your questions.

The meeting will be Monday, December 11, 2017, at the Caltrans Building, Sierra Nevada Conference Room, 703 B Street, Marysville, CA 95901.

There is no membership requirement to attend and everyone is welcome. Doors open at 6:00 pm; meeting begins at 6:30 pm.

“The participation of informed citizens is required for good governance.”

Railroad Museum Hosts Annual Christmas Party

The all-volunteer staff at the Nevada County Narrow Gauge Railroad Museum has been busy preparing for Santa's visit to their annual Christmas celebration, to be held this year on Saturday, December 9, from 10 a.m. to 3 p.m.

With twinkling lights, festive decorations, and multiple Christmas trees in place, the museum is ready to welcome visitors to the event which includes a silent auction, door prizes for the children, a raffle and refreshments. Weather permitting, free rides on the popular Railroad will also be available. Of course, the highlight of the day is the opportunity for children to chat with Santa while their parents take pictures. Admission is free.

The NCGRR Museum also features a gift shop that is well stocked with

items for holiday shopping that are sure to appeal to train enthusiasts and casual visitors alike. Located at 5 Kidder Court in Nevada City near the intersection of Bost and New Mohawk, the museum and gift shop are

open Saturdays and Sundays from 10 a.m. to 4 p.m. For additional information, please call 530-470-0902 or visit the museum's website: www.ncngrrmuseum.org.

ACWA Members Elect Brent Hastey as Association President

tion in Anaheim. Hastey and LaMar will take office in January.

"I am honored to lead ACWA during this critical time for California water policy," Hastey said. "As we prepare for climate change and work to update our aging water infrastructure, the voice of ACWA's public water agency members is more important than ever. I look forward to the challenges ahead as we work to build a strong water future."

Hastey has served on the ACWA Region 2 Board since February 2015. He is chairman of the Yuba County Water Agency Board of Directors and a former member of the Yuba County Board of Supervisors, Yuba County LAFCO, Regional Council of Rural Counties, Board of

Reclamation District 784, and the Sacramento Area Council of Governments.

LaMar was appointed to the Irvine Ranch Water District Board of Directors in February 2009 to fill a board vacancy and was subsequently elected to four-year terms in 2010 and 2014.

He has served as the chair of the ACWA Federal Affairs Committee for the last two years and is also a member of the board of directors of several other water-related organizations, including the National Water Resources Association, the Southern California Water Committee, and CalDesal.

Hastey succeeds outgoing ACWA President Kathleen Tiegs, a board member of Cucamonga Valley Water District.

19th Annual Salvation Army Bell Ringing Competition

Pictured boosting the Salvation Army in 2014 were Carol McCaulley, Elizabeth McCaulley and Lakhvir Ghag at the Yuba City Post Office.

Yuba City Kiwanis Club members plan to become champions again when they compete in the Salvation Army's 19th Annual Service Club Bell Ringing Contest from 8:30 am to 5 pm Thursday, Dec. 7, in front of the Yuba City Post Office in Downtown Yuba City.

The contest is to see which club can raise the most money in a day or two of ringing bells at their Salvation Army Kettle.

Of the past 18 years, Defending Champion Yuba City Rotary Club has two wins, Yuba City Kiwanis has five wins, and Marysville Kiwanis has 11 wins

Yuba City Kiwanis Team Captain Clark Buschmann said the contest typically raises roughly \$18,000 for the local Salvation Army, while also raising public awareness of the great service the Salvation Army does for the Yuba-Sutter community.

"I know the Yuba City

and Marysville Kiwanis members are excited about this contest every year," Buschmann said. "And the Rotary clubs of Yuba City, Marysville and South Yuba Sunrise have posted especially strong teams in recent years."

"But I hope to make this year the year for another Yuba City Kiwanis victory," He said. "Yuba City Kiwanis Bellringers will be in front of Yuba City Post Office from 8:30 am to 5 pm Thursday, Dec. 7."

Service Clubs scheduled to compete:

--Yuba City Early Risers Kiwanis Club, Dec. 4,

Yuba City Post Office

--Yuba City Noon Kiwanis Club, Dec. 7, Yuba City Post Office

--Marysville Rotary, Dec. 7 & 14, Yuba City Sam's Club

--Yuba City Rotary, Dec. 7 & 14, Yuba City Walmart

--South Yuba County Sunrise Rotary, Dec. 9, Linda Walmart

--Peach Bowl Lions Club, Dec. 8 & 15, Yuba City Post Office

--Marysville Kiwanis, Dec. 14, Marysville Post Office

--Yuba-Sutter Sorooptimist Club, Dec. 21 & 22, Yuba City Sam's Club
