Kindlelon Respicio 2017 Honorary ESPY Award

Yuba City, Ca.
Kindlelon "Kobie" Respicio received the Honorary ESPY Award at the Yuba City City Council meeting August 15, 2017. The award was presented on behalf of the city council by Vice Mayor Preet Didbal. After the presentation by the Vice Mayor, Kobie thanked the council, the staff at Gauche Aquatic Park, who helped him become a great swimmer and many more that had contributed to his success.

Kobie is one of two special Olympic athletes in California to receive an honorary ESPY award for excelling in swimming and academics. A short story of him has been shown on ABC 10 news covered by David Anthony Adams. The U.S. Special Olympics and Northern California Special Olympics (head quartered in Contra Costa County) featured him on their webpage as well. He has a learning disability and is

mildly autistic. He recently graduated from Yuba City high school with a 3.81 GPA and wore 2 honor stoles (CSF, California Scholarship Federation, and AVID, Advancement via Individual Determination). Received the Principal's medallion for Leadership, Scholastics, and Service. He also received two honor cords for attaining Boy Scouts of America Eagle Scout rank and for complet-

ing A-G college preparatory courses. He has been accepted to 17 universities offering him scholarships up to \$114,000.00 for 4 years. This fall he will be attending Saint Mary's college in Moraga. He has been accepted into their 4+1 (BA-MA) accelerated master's program in justice, community, and leadership studies. He is one of a very few Special Olympic athletes to be accepted into

a 4 year College/University and possibly the first Special Olympic athlete to be accepted into an accelerated Master program right after high school.

ESPY is an Excellence in Sports Performance Yearly Award. Special Olympics Athletes are also honored. These honorees are being recognized by the ESPYS organizers and their programs as "amazing, inspirational athletes."

Pot Grows and Lab Removed

by Lou Binninger

Yuba County has been overrun with marijuana growers and hash / honey oil producers. The loss of control can be attributed to the opportunity to make a lot of untaxable money, a shortage in enforcement personnel, changing local ordinances, and an inconsistency in federal and local marijuana laws.

Past articles noted grows at the Rastafarian Church 9015 Marysville Road, Oregon House; on 429 acres at 10874 Marysville Rd., Dobbins, recorded to BBNR LLC, Lance Bates, Adam Bates, Mary Bates and Scott Bates but being sold to unknown individuals on a contract of sale; another 5 acre operation at 14143 Terra Rojo Lane, Dobbins belonging to Tosha Asker of 1410 Calistoga Rd., Santa Rosa, CA. 95409-2541; and more than 30 sites along Vierra Road, Rackerby with 80 acres at 16485 Vierra Road, purchased in 2013 by Mark and Jeanette Baker, 1769 Kimberly Drive, Sunnyvale, Ca 94087

Last week, an enforcement team began visiting properties. August 14, Tyler Jon Nordlund, 29, formerly of Portola was arrested at 13828 Charlie Lane, Dobbins for planting, growing, harvesting and processing more than 6 plants and manufacturing a controlled substance / honey oil. Agents seized 106 plants, 5 lbs. of processed marijuana, a set of brass knuckles, and a butane honey oil lab capable of producing a pound at a time.

Nordlund purchased his 3.32 acres on March 22, 2017 and 'moved in' without electricity, septic or running water. He lived in a camp trailer and told neighbors he was entitled to an open fire to warm himself in spite of the fire danger. He further explained that the property was purchased to grow marijuana.

This was not a clandestine operation as Tyler boldly proclaimed his mission and played Reggae music into the early morning hours for all to enjoy. Agents arrived to find cases of butane containers, a pulley system for his honey oil generator, plumbing equipment, hot

Pure Magic, Music and More at the 122nd Annual Miners Picnic at Empire Mine

by Courtney Ferguson

"If only our early goldmine moguls could see the Miners Picnic today, don't you wonder what they'd say?" Event Chair Steve Sanchez mused. "I think they'd be amazed – and proud that what started back in 1895, the year of the very first Miners Picnic, remains a day our entire community still celebrates."

Izzi Tooinsky, with juggling props, photo by Courtney Ferguson

A man of talents (and surprises), Izzi Tooinsky will make his Miners Picnic debut on the stage near the Clubhouse at 1:15 p.m. as he performs "A Toymakers Journey through the Gold Rush."

While early picnics raised funds to help miners' widows and orphans, today it's a glorious way to make Nevada County's history live again. Visitors are encouraged to bring chairs, blankets and lunches, and picnic on the shady grounds, in the heart of our history. Food, drinks and plenty of Lazy Dog ice cream will be for sale, as well as tra-

ditional Cornish pasties, and exclusive "24-Karrat Cakes," only available at Park events. From 11:00 a.m. to 4:00 p.m., visitors can enjoy non-stop action and entertainment, starting with a dramatic mine-rescue reenactment at high noon in the Mineyard. Will the old fire truck get there in time to rescue the injured miners? The more cheering visitors, the better their chances! With barber shop music by the Forte Miners and Dixieland jazz by the Stamp Mill Stompers, there will be plenty of old-time music. One-man band, Gary Hinze and Fire in the Kitchen are other popular Mineyard attractions.

At 1:15 p.m. Izzi Tooinsky will perform his action-packed show, "A Toy Makers Journey through the Gold Rush" on the special Clubhouse stage. "Here's the perfect way to enjoy lunch – and see an outstanding show," Sanchez added, "as Izzi makes his Miners Picnic debut." Later in the afternoon, Past Due and Playable will perform a lively variety of music on the stage, while singer/guitarist Kelly Fleming will perform outside Empire Cottage. "There will be magic by Peter Franchino, lots of vintage cars on display, charming mini-donkeys in their prospecting gear, balloon

sculptures, the Park's docent musicians, Celtic Joy, plus gold panning and other engaging activities for children. Every Miners Picnic seems to offer more memory-making fun," Sanchez said.

Miners Picnic will be held on Saturday, August 26th at Empire Mine State Historic Park. Parking is free, and children under

six are admitted free. Everyone's invited, including well-behaved dogs on leashes. Hosted by Empire Mine Park Association (EMPA), visitors are encouraged to spend the entire day, and treasure every moment. For further information, phone the Visitor Center on (530) 273-8522 or visit <http://www.empiremine.org>

Dismal Republicans

by Lou Binninger

In November 2016, former Republican Assembly member Ling Ling Chang lost a race for the State Senate to Democrat Josh Newman of Fullerton by 2,498 votes out of 317,962 cast. The 29th Senate District is typically conservative and includes portions of Los Angeles, Orange and San Bernadino Counties.

Newman served in the Army, was a veterans' advocate and led a nonprofit assisting vets. Chang, a Taiwanese immigrant, was an Assembly member who distanced herself by her comments from Donald Trump in the campaign against Newman.

The election win helped California Democrats regain a two-thirds legislative supermajority thereby virtually controlling all legislation. Then Newman voted to increase DMV fees and gas prices, already the highest in the nation.

The change in representation, the supermajority debacle, the dramatic spike in DMV fees and 12 cents per gallon increase in gas prices were a catalyst to launch a recall of Newman. Some people's DMV fees are now what you could pay for a cheap clunker.

Democrats have both changed the recall rules and challenged the recall in court to save Newman and their supermajority. However, this past week more than 63,593 valid signatures were counted by Los Angeles, San Bernadino and Orange Counties. More are coming.

Democrat Secretary of State Alex Padilla has 10 days to certify the signatures, after which Gov. Jerry

FISHIN' TALK

by Boots Johnson

Dan "Boots" Johnson has fished and hunted in California for 73 years. Anyone with questions or comments can email him at boots3@syix.com

Salmon season has lots of folks talking about fish in local rivers. Our last check showed us there are a few fish in the rivers, but the major run is yet to happen. With the end of August approaching the fishing could improve dramatically. We suggest if you do decide to give it a try on the Feather River to fish at first light.

I received a couple calls this past week about how to back troll for salmon. After talking to the second person I decided it might be a good idea to repeat my words in print in this column. Back trolling is best done with the boat positioned upriver above a known hole. The engine, an electric trolling motor or kicker, should be running. The motor is given just enough power so the boat remains almost motionless in the water, then by easing up on the power just a bit which will allow the boat to slowly drift downriver a foot or so at a time. This is why it is called back trolling.

The above procedure can be done with bait, a sardine wrapped flatfish or with roe which is fished off the bottom around 50 feet or so behind the boat. With roe your best bet is to keep the sinker on the bottom while you bounce it along the bottom into the holes. Anglers can also fish with other baits and lures in the same fashion.

Congratulations goes out to Grass Valley Angler **Bill Malott** on his big catch of a 12 pound catfish while fishing at Scott's Flat last Wednesday. He was fishing with orange power bait when the big cat hit. Thanks to two ladies...Tara and Lennie for assisting in bringing in the monster. The "Big One" was caught at 10:20 A.M. and was a thrill to all on the scene. See the picture in this issue.

Scott's Flat Reservoir is located above Nevada City off of State Route 20. To reach the lake turn right at the Five Mile House and

follow the road to the campground.

There are still resident striped bass in local rivers. A favorite spot for these fish is below the rapids on the Feather River. Some whoppers have been taken in this area of the river in recent years. Of course, we still have catfishing angler's hook into a striped bass on occasion throughout the rivers of the valley.

The fish and wildlife tanker trucks loaded with rainbow trout are back in the northern part of the state with the following waters planted: EL DORADO COUNTY: Fallen Leaf Lake; MODOC COUNTY: Lily Lake and Cave Lake; SHASTA COUNTY: Whiskey town Reservoir, Upper Bailey Creek, Upper, Middle and Lower Burney Creeks;

Upper and Middle of Hat Creek; Baum Lake; North Battle Creek Reservoir and the Sacramento River. Medicine Lake in SISKIYOU COUNTY received a plant along with Kangaroo Lake, McCloud River-Fowlers-Lower Falls and the Sacramento River.

The bite is finally on at Lake Almanor. Up until recently anglers were having some success fishing the underwater springs. Now with the cool nights they have had up there lately the trout bite should improve all over the lake. We are told slowly trolling night crawlers is the best bet in waters down to 50 plus feet.

Closing thought: "The distance between dreams and reality is action."

Gold Sox and Bears Wrap Up Season

Feather Falls Fireworks Lead Promotions

Marysville, Ca. The Marysville Gold Sox and Yuba City Bears have wrapped up the 2017 season with the Great West League. Just over fifty thousand fans walked through the gates at Colusa Casino Stadium to watch their favorite teams play this year. "This was a great start" says VP/GM Michael Mink, "we had two teams; our home-town favorite Gold Sox and their new rival, Yuba City Bears. Our fans were great this year and showed a tremendous amount of support for their teams."

Of the sixty games played, the Feather Falls Fireworks Nights were by far the fan favorites for each team. Around fifteen thousand fans crowded to watch the teams play over six nights. These nights included some Twin Cit-

ies Rivalry games where the Marysville Gold Sox faced off with the Yuba City Bears. The Twin Cities Rivalry games between the Gold Sox and Bears were the second most attended games this season. Just under seven thousand fans piled through the gates during these eight, non-fireworks games. "The Twin Cities Rivalry was very strong for such a late start for the Bears program," says Mink, "the fans love it and we're looking forward to bringing them back even bigger next season." The Gold Sox won the Rivalry Series 8-4.

Our two Opening Nights (courtesy of Colusa Casino Stadium) drew in over two thousand seven hundred fans at the beginning of the season. Colusa Casino provided exclusive

giveaway prizes for each of these nights. "This was a great way to get fans pumped up about the season," says Mink, "we had great fan giveaways and great baseball."

Faith Night, hosted by the Marysville Gold Sox, was the most successful non-fireworks, Twin Cities Rivalry game against the Yuba City Bears. Two thousand three hundred and five fans packed into Colusa Casino Stadium to enjoy baseball while celebrating many different faiths.

"We're looking forward to another great season next year for both teams," says Mink, "Our fans loved the Feather Falls Fireworks Nights so we're planning to go above and beyond for them next season with our fireworks celebrations."

Where the Wild Things Are – Garden Party

Saturday, September 9, 2017

Sponsored by Wildlife Rehabilitation and Release

Three Times Through playing at past event – photo by Dick Mooney

Imagine a warm fall evening filled with the lilting sound of a hammered dulcimer; the aroma of enticing hors d'oeuvres and desserts and the rich, velvety taste of an aged red wine, as you stroll through beautiful nursery grounds. The seventh annual, "Where the Wild Things Are - Garden Party" for Wildlife Rehabilitation and Release will be held at Prospector's Nursery in Nevada City on September 9 from 6:00 – 9:00 p.m. Join the volunteers from Wildlife Rehabilitation and Release for one of the nicest evenings of the year!

The local band, Three Times Through, with their lively toe-tapping instrumentals, will play throughout the evening. Featured instruments include the hammered dulcimer, harp, fiddle, mandolin, concertina, bouzouki and guitar in their tradition-based music of Ireland, Scotland, and America.

Lucchesi Winery will be pouring several of their award winning wines accompanied by delicious complimentary Italian-themed hors d'oeuvres and luscious desserts. A raffle and silent auction will feature entertainment tickets, a weekend's stay near Lake Tahoe, wildlife themed art, nature appreciation baskets, Disneyland tickets and much more.

Wildlife Rehabilitation and Release's Wildlife Ambassadors including a Great Horned Owl, a Western Screech-Owl, an American Crow, Red-tailed Hawk, a Barn Owl and a Kingsnake, will circulate throughout the evening. These spectacular birds and snake travel to various events, capturing the hearts of all who meet them with their natural beauty, calm demeanor and educational messages.

Advance tickets are \$40 for one or \$75 for two (or \$45/\$80 at the door)

and include a goodie bag filled with a complimentary wine glass, drink ticket, raffle ticket, and other surprises. Advance tickets can be purchased at Lucchesi Winery, Prospector Nursery, WR&R Intake Center (until the end of August) and online via PayPal or purchased the night of the event. (All

PayPal purchases must be by September 5th.)

The money raised at this event provides for the needs of orphaned and injured native wildlife and their release back into the wild.

Yuba Feather Community Services Wins Community Chest Contest

On August 4 Rikki Shaffer, Chief Executive Officer of the Chamber of Commerce presented members of the Yuba Feather Community Services Board of Directors Freja Nelson and Colene Weckman with the July Community Chest contest award. The contest is conducted every month and approved non-profit organizations can participate. Contestants vote every day for the \$500.00 award. The contestant with the most votes at the end

of the month is the winner. Yuba Feather Community Services came in with the most votes at 3,305, just fifteen votes ahead of the next contestant. Yuba Feather Community Services manages the Park, Baseball Fields, and Community Center on Ponderosa Way in Brownsville. Their programs are all supported by donations and volunteer work. This award brought in additional funds since a Brownsville resident donated matching funds making the total

award \$1,000.00.

Yuba Feather Community Services is especially grateful to the Yuba Sutter Chamber of Commerce for providing this opportunity and to Fletcher and Associates of Marysville for donating the \$5,000.00 funding for this year long contest. The members present at the award expressed their appreciation to Randy Fletcher who is also their Fifth District Yuba County Supervisor.

Y/S Arts Concert

Featuring Boggs, Gay Galvin and Scott Urguhart
Now you must acquire a taste ... for free form jazz!

Marysville, Ca.

Live jazz music is headed for Yuba Sutter Arts' Burrows Theater in downtown Marysville on Saturday September 9th. So what is "free jazz" anyway? Is it like Concerts in the Park and "Free" to the public? Well, not exactly. Rather it's an approach to jazz music that was first developed in the 1950s and 60s as musicians attempted to break new ground. It's pretty much an "anything goes" approach with free jazz musicians creating a progressive musical language which draws on earlier styles of jazz such as Dixieland and African music. One thing is for certain... free jazz is fun and never the same offering the concert goer a unique listening experience each and every time.

This event, featuring three jazz acts, is being produced by Caitlyn Warwick. Caitlyn is a graduate of Marysville High School and is currently a Music Major at Yuba College. She has performed a wide spectrum of musical styles including classical, jazz, musical theater, rock, and ska. In addition

to cello and bass, Caitlyn also plays tenor saxophone with the Nevada County Concert Band and Ants in my Eyes Johnson, a ska-punk band based in Chico.

"I have one goal in mind. I want to produce concerts that have something for everyone's taste," said Caitlyn. "After I attended a North State Symphony concert in Chico that featured the group Bogg, I knew I needed to bring them to Marysville!" she added.

Bogg, hailing from Chico and headlining the show, started like most bands—in a garage—with the goal of providing the musicians in the band an outlet to explore improvisational music. Originally inspired by bands such as The Bad Plus and Robert

Glasper, Bogg took to writing new music as well as performing unique covers of pop hits. For fans both new and old, the group just released a new EP called The Good Fight.

Performing alongside Bogg is Yuba-Sutter's own Gay Galvin. Gay relocated to the Yuba-Sutter area from Ohio about a year and a half ago. She has a Master's degree in Piano Performance in Jazz and teaches classical/Suzuki piano and jazz/improv in her studio in Marysville. She has played for many musicals, in big bands, and even in some rock bands, but her heart belongs to jazz. In Ohio, Gay led her own jazz trio, something she hopes to reestablish in this area!

To open the show, Caitlyn invited her friend and solo bassist, Scott Urguhart, formerly a part of Isaac Bear from Sacramento. Scott has been playing bass for 13 years incorporating slapping, tapping, and harmonics into his playing to create a full sound. He also will be hitting the studio for the first time this year for Pus Cavern Records.

The show will take place on September 9th at Burrows Theater located at 630 E Street in Marysville. Doors will open at 7 pm, and the show will begin at 7:30 pm. Tickets can be purchased at the door: \$15 for Students/Seniors/Military and \$20 for Adults. Beverages, including wine, will be sold. Please call (530) 742-ARTS or go to YubaSutterArts.org for assistance with any questions regarding this event

NOTICE OF TRUSTEE'S SALE TS No. CA-16-709309-JP Order No.: 16-0004185
NOTE: THERE IS A SUMMARY OF THE INFORMATION IN THIS DOCUMENT ATTACHED TO THE COPY PROVIDED TO THE MORTGAGOR OR TRUSTOR (Pursuant to Cal. Civ. Code 2923.3) **YOU ARE IN DEFAULT UNDER A DEED OF TRUST DATED 6/21/2005. UNLESS YOU TAKE ACTION TO PROTECT YOUR PROPERTY, IT MAY BE SOLD AT A PUBLIC SALE. IF YOU NEED AN EXPLANATION OF THE NATURE OF THE PROCEEDING AGAINST YOU, YOU SHOULD CONTACT A LAWYER.** A public auction sale to the highest bidder for cash, cashier's check drawn on a state or national bank, check drawn by state or federal credit union, or a check drawn by a state or federal savings and loan association, or savings association, or savings bank specified in Section 5102 to the Financial Code and authorized to do business in this state, will be held by duly appointed trustee. The sale will be made, but without covenant or warranty, expressed or implied, regarding title, possession, or encumbrances, to pay the remaining principal sum of the note(s) secured by the Deed of Trust, with interest and late charges thereon, as provided in the note(s), advances, under the terms of the Deed of Trust, interest thereon, fees, charges and expenses of the Trustee for the total amount (at the time of the initial publication of the Notice of Sale) reasonably estimated to be set forth below. The amount may be greater on the day of sale. **BENEFICIARY MAY ELECT TO BID LESS THAN THE TOTAL AMOUNT DUE. Trustor(s): MARK W HANNA, AN UNMARRIED MAN** Recorded: 6/29/2005 as Instrument No. 2005R-014808 of Official Records in the office of the Recorder of YUBA County, California; Date of Sale: 9/6/2017 at 3:00PM Place of Sale: At the front entrance to the County Courthouse, located at 215 5th St., Marysville, CA 95901 Amount of unpaid balance and other charges: \$134,649.57 The purported property address is: 1021 F STREET, MARYSVILLE, CA 95901-5163 Assessor's Parcel No.: 009-214-008-000 **NOTICE TO POTENTIAL BIDDERS:** If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. **NOTICE TO PROPERTY OWNER:** The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call 916-939-0772 for information regarding the trustee's sale or visit this Internet Web site <http://www.qualityloan.com>, using the file number assigned to this foreclosure by the Trustee: **CA-16-709309-JP**. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. The undersigned Trustee disclaims any liability for any incorrectness of the property address or other common designation, if any, shown herein. If no street address or other common designation is shown, directions to the location of the property may be obtained by sending a written request to the beneficiary within 10 days of the date of first publication of this Notice of Sale. If the sale is set aside for any reason, including if the Trustee is unable to convey title, the Purchaser at the sale shall be entitled only to a return of the monies paid to the Trustee. This shall be the Purchaser's sole and exclusive remedy. The purchaser shall have no further recourse against the Trustor, the Trustee, the Beneficiary, the Beneficiary's Agent, or the Beneficiary's Attorney. If you have previously been discharged through bankruptcy, you may have been released of personal liability for this loan in which case this letter is intended to exercise the note holders right's against the real property only. **QUALITY MAY BE CONSIDERED A DEBT COLLECTOR ATTEMPTING TO COLLECT A DEBT AND ANY INFORMATION OBTAINED WILL BE USED FOR THAT PURPOSE. SUMMONS (CITACION JUDICIAL)

CASE NUMBER (Número del Caso):

CVG 17-0000392

NOTICE TO DEFENDANT (AVISO AL DEMANDADO): BERIT C. KING, an individual; and DOES I through XXX, inclusive, YOU ARE BEING SUED BY PLAINTIFF (LO ESTÁ DEMANDANDO EL DEMANDANTE): PATELCO CREDIT UNION, a State Chartered Credit Union **NOTICE!** You have been sued. The court may decide against you without your being heard unless you respond within 30 days. Read the information below.

You have 30 CALENDAR DAYS after this summons and legal papers are served on you to file a written response at this court and have a copy served on the plaintiff. A letter or phone call will not protect you. Your written response must be in proper legal form if you want the court to hear your case. There may be a court form that you can use for your response. You can find these court forms and more information at the California Courts Online Self-Help Center (www.courtinfo.ca.gov/selfhelp), your county law library, or the courthouse nearest you. If you cannot pay the filing fee, ask the court clerk for a fee waiver form. If you do not file your response on time, you may lose the case by default, and your wages, money, and property may be taken without further warning from the court. There are other legal requirements. You may want to call

an attorney right away. If you do not know an attorney, you may want to call an attorney referral service. If you cannot afford an attorney, you may be eligible for free legal services from a nonprofit legal services program. You can locate these nonprofit groups at the California Legal Services Web site (www.lawhelpcalifornia.org), the California Courts Online Self-Help Center (www.courtinfo.ca.gov/selfhelp), or by contacting your local court or county bar association. **NOTE:** The court has a statutory lien for waived fees and costs on any settlement or arbitration award of \$10,000 or more in a civil case. The court's lien must be paid before the court will dismiss the case.

¡AVISO! Lo han demandado. Si no responde dentro de 30 días, la corte puede decidir en su contra sin escuchar su versión. Lea la información a continuación.

Tiene 30 DÍAS DE CALENDARIO después de que le entreguen esta citación y papeles legales para presentar una respuesta por escrito en esta corte y hacer que se entregue una copia al demandante. Una carta o una llamada telefónica no lo protegen. Su respuesta por escrito tiene que estar en formato legal correcto si desea que procesen su caso en la corte. Es posible que haya un formulario que usted pueda usar para su respuesta. Puede encontrar estos formularios de la corte y más información en el Centro de Ayuda de las Cortes de California (www.sucorte.ca.gov), en la biblioteca de leyes de su condado o en la corte que le quede más cerca. Si no puede pagar la cuota de presentación, pida al secretario de la corte que le dé un formulario de exención de pago de cuotas. Si no presenta su respuesta a tiempo, puede perder el caso por incumplimiento y la corte le podrá quitar su sueldo, dinero y bienes sin más advertencia. Hay otros requisitos legales. Es recomendable que llame a un abogado inmediatamente. Si no conoce a un abogado, puede llamar a un servicio de remisión a abogados. Si no puede pagar a un abogado, es posible que cumpla con los requisitos para obtener servicios legales gratuitos de un programa de servicios legales sin fines de lucro. Puede encontrar estos grupos sin fines de lucro en el sitio web de California Legal Services, (www.lawhelpcalifornia.org), en el Centro de Ayuda de las Cortes de California, (www.sucorte.ca.gov) o poniéndose en contacto con la corte o el colegio de abogados locales. **AVISO:** Por ley, la corte tiene derecho a reclamar las cuotas y los costos exentos por imponer un gravamen sobre cualquier recuperación de \$10,000 o más de valor recibida mediante un acuerdo o una concesión de arbitraje en un caso de derecho civil. Tiene que pagar el gravamen de la corte antes de que la corte pueda desechar el caso.

Our poor over-loaded Paper Hut! People have loaded it with so much heavy cardboard that we can't lift it into the transfer bin. We are hoping that people will deposit their paper and cardboard directly into the bin. We have ordered two smaller bins so they would be easier to open. We know it is a real chore to lift the lid on the present ones and throw items in. Thanks for doing what you can to help.

Check out the sale of

linens at Brownsville Thrift Store this week. They are on for Half their regular price. You might even be thinking of sheets and Halloween.

Look Back in Time – In 1910 traction engines were hauling lumber up from the hardwood mill in Woodleaf to Oroville. They would haul a million feet before it snowed (there are some awesome photographs of lumber/log hauling at the museum).

Hope to see you in Brownsville soon. Christine and Yvonne

Please don't forget Stone Soup. Every Thursday soup, salad and dessert are served at the community center on Ponderosa Way. Serving starts promptly at noon and ends by 12:45. Cascades of Grass Valley to Host Classic Car Show

Grass Valley, Ca. – Cascades of Grass Valley, a senior living community located at 415 Sierra College Drive in Grass Valley, will be hosting a classic car show on Friday, August 25 from 4:00 p.m. to 6:00 p.m.

Guests are invited to the community for a 50s-themed evening of classic cars and rock and roll. En-

joy listening to the greatest hits of the decade and enter to win raffle prizes. Retro, drive-in diner fare, including hot dogs, fries and milkshakes, will be available for purchase.

All proceeds from concessions and raffles will be donated to the Sierra Nevada Memorial Hospital Foundation's campaign, Remember Me: The Face

Behind Dementia. The campaign raises funds to support the nearly 3,000 people in the community dealing with Alzheimer's through telephone and in person counseling, respite care to those in need and community education and outreach.

For more info please call Cascades of Grass Valley at 530-272-8002.

Yuba Buttes RV Club

Yuba City, CA

Yuba City, CA We are a local community recreational RV club that is looking for more RV or campers wanting to enjoy the opportunities and events as a group. We are not sponsored by any commercial or religious organization.

We are the Yuba Buttes RV club. Our club is over 30 years old and we currently have 30 couples and/or single campers

who gather to arrange campouts at local interesting campsites within approximately 100 miles. All types of RV's are welcome.

Our campouts usually are three to four days at a time, once a month. We gather to see the local sites and dine at both campsite activities and local restaurants when available.

The facilities we use usually have full or partial

hook ups and are at group rates.

Premier Mushrooms Inc. 6th Annual River Clean-up Set for September

Colusa's annual River Clean-up Day will be on Saturday, September 30 at 9 a.m. at the Sacramento River State Park in Colusa. Premier Mushrooms Inc. and Central Valley Gas Storage will sponsor the annual effort to keep our waterways clean and free of debris. Inked In & Stitched Up t-shirts will be provided to all volunteers.

Premier Mushrooms Inc. Sustainability Manager Kevin Foley is once again heading up this event and it will be the 6th time the event has been held in Colusa.

The local effort is held each year in September in conjunction with the State's largest volunteer event, California's Coastal Clean-up Day.

River Partners' will be a part of the event as well. A River Partners' biologist will provide a presentation highlighting the restoration efforts they've made along the river bank.

River Partners' is a Chico-based non-profit with a mission to create wildlife habitat for the benefit of people and the environment.

Foley commented that the group has been helpful with previous clean-ups and that they have accomplished a lot of work to improve the area along the Sacramento River bank.

Foley said he is pleased with the support and volunteerism the project has received in Colusa. "Everyone has always come out ready to get their hands

dirty and we've been lucky to have so much support," he said.

"We have many repeat volunteers (families, groups and individuals) who have been volunteering since the first year," said Foley. "We really appreciate the ongoing support these folks have shown for the project," he said.

Following this year's clean up there will be refreshments and beverages served at the State Park picnic area.

If you are interested in being a part of this event please contact Kevin Foley at kfoley@premiermushrooms.com or Kathy Craig at kcraig66@hotmail.com or by calling Craig at (530) 632-1164.

FREE Defensible Space Assistance Available to Foothill Residents

Camptonville Community Partnership (CCP) is happy to announce that we have partnered again with the Yuba Watershed Protection and Fire Safe Council to offer a FREE Defensible Space clearance program for Foothill residents. The program is designed to help low income, elderly, or disabled homeowners achieve defensible space around

their homes, at no cost to the homeowner. The program includes a cleanup of brush and woody fuels to reduce fire danger immediately around the home and make your home easier for fire fighters to defend. If you think you or someone you know qualifies in any of those categories and wants to get their property cleaned up for this crazy fire sea-

son, call the Camptonville Resource Center for more information on this great program: 288-9355. You can also find the info and an application online at www.yubafiresafe.org. The program is available now through Oct 31st, and is first come, first serve. So call today and get yourself Fire Safe!

Landowner settles wetlands case

A landowner who had been accused of federal wetlands violations after plowing a Northern California wheat field settled with the government Tuesday, just before the penalty phase of his trial was to begin. The landowner, John Duarte, admitted no liability and agreed to pay a fine and to purchase environmental mitigation credits. Duarte's attorneys said the charges against him illustrated a "significant ongoing threat" to farmers across the country.

Farmers gather state's almond crop

Almond harvest has shifted into high gear in the Central Valley. Crop forecasters expect farmers to harvest more than 2 billion pounds of almonds during the next few weeks. Some farmers say their harvests have been running a week to 10 days behind schedule—likely related to weather earlier this year. Farmers use machines to shake the almonds off the trees, then sweep them up before the nuts are hulled and shelled.

Researchers propose new way to dry walnuts

Before walnuts reach market, they're dried in processing plants around California. Researchers for the U.S. Department of Agriculture say they've found a way to dry walnuts more quickly and efficiently. The new process uses infrared light

rather than hot air. USDA researchers say the technique could reduce energy costs for drying walnuts by 25 percent, and shorten drying time by 35 percent.

Estimate shows increased olive production

Improved conditions from favorable weather have led to an expected

increase in California production of table olives. Government estimators say they expect the crop to increase 9 percent, compared to last year. Table olives are those sold for eating out of hand, rather than being made into oil. Most California-grown olives come from production areas in the San Joaquin and Sacramento valleys.

Flood Control Agency Kills Transparency

by Pat Miller

The Sutter Butte Flood Control Agency has eliminated any chance of transparency by voting to eliminate the Citizens Assessment District Advisory Committee (CADAC) at its August 9 meeting. This follows a number of previous attempts to shut down, control or eliminate the advisory committee including:

- Removing two CADAC members using false accusations. These were two members who were active on the committee and asked important questions regarding expenditures.
- After not attending the required number of meetings, in spring of 2016 (8 to be exact) Jon Munger was brought in to “volunteer” to be chairperson. He was falsely elected at an improperly noticed meeting in June 2016. Jon has major conflicts of interest. He is the son of Larry Munger who is chairman of the Sutter Butte Flood Control Agency Board and a Sutter County Supervisor. Jon is also employed by Al Montna who is a long-time member of the Levee District 1 Board. Levee District 1 has two members on the SBFC Board. Once installed as president, Jon wanted to move the meetings to every six months, certainly a shut-down tactic.
- Stacking the CADAC committee with people who are loyal to agencies on the SBFC Board, i.e.

Michael Morris who has since been appointed to the SBFC Board.

• Outreach Coordinator Kim Floyd unilaterally moving the CADAC meetings from Wednesday to Monday despite information from several committee members that they would not be able to attend on Mondays.

SBFC management claims the move was because of costs and because members were not attending the meetings. They are now proposing “brown bag luncheon” meetings where they can feed the public the information they want distributed which, of course, will cut down on questions and concerns. This would remove any continuity of information sharing.

And, of course, SBFC staff will have to be at those meetings and there could be rent involved for Boyd Hall. So where is the big savings? With the extremely high salaries by SBFC officials and contractors, funding an advisory group is a small amount to ensure transparency for the property owners and taxpayers paying the bill.

The high costs attributable to CADAC in the 2015-16 year were because of attorney costs to respond to a public records request when a committee member was not given requested information, not the routine costs for the

Executive Director or the Executive Engineer and the Public Outreach Coordinator to attend who are the only people who are paid. It can be expected that public records requests will increase with the demise of CADAC and costs will increase. And, by the way, to save money CADAC was responsible early on for eliminating lunches provided by SBFC for the committee.

As far as attendance, it was Chairman Jon Munger who failed to show at a number of the meetings, thus sending the message to committee members that CADAC was low on his priority list. And it was Jon Munger, as chairman, who was responsible and failed to provide monthly and yearly reports to the SBFC board.

The Sutter County Taxpayers Association and the Sutter County School District were promised by SBFC management in 2010 that SBFC would establish the advisory committee in return for its support of the 33-year assessment. They have now broken their promise and the question is WHY? What is it they do not want the public looking into?

Kudos to Yuba City Councilman Stan Cleveland and to Live Oak City Councilman Jason Banks for voting against the CADAC disbanding.

Sutter-Yuba Seeks to Provide Shelter, Clean Our River Encampments

By Jim Whiteaker
Chair, Sutter County Board of Supervisors

California has more homeless, yet it provides the least shelter of any state in the nation. Tens of thousands sleep in its streets and along the edges of its rivers.

Sutter County and Yuba County, in partnership with the cities of Live Oak, Marysville, Wheatland, and Yuba City, are creating a Joint Powers Authority to increase local sheltering opportunities and provide housing, job, and other needed services, and to end the decades-long practice of moving homeless encampments from one area of a river to another.

In 2016, an estimated 550,000 were homeless in the United States. More than two thirds (68 percent) were staying in shelters, transitional housing, or safe havens. Except in California, where the numbers are completely opposite. Two-thirds (66 percent) of California's estimated 118,000 homeless are unsheltered.

The lack of shelter puts homeless people at risk and creates health and safety issues on public and private property. Sutter County is aware of the acute situation on the west bank of the Feather River in the vicinity of Shanghai Bend. Residents complain about the homeless living

in encampments along the river, human waste, trash, unlicensed pets, uncomfortable interactions, and safety concerns. Yuba City businesses near the levee report repeated thefts. Many want local laws banning camping along the river to be aggressively enforced.

In 2015, however, in a lawsuit involving the enforcement of a ban on camping, the U.S. Department of Justice declared people have a constitutional right to sleep on public lands, especially if there is no room in a shelter. No local government anywhere has arrested its way into “solving the homeless problem.” In Yuba County, before clearing out river encampments, they provided transitional housing at 14 Forward, an innovative tiny home village in Marysville. Sutter County is looking at 14 Forward as a model as it seeks to create transitional housing before it begins actively enforcing the camping ban along the river. Sutter County has identified potential sites for transitional housing adjacent to the Sutter County airport, and we are seeking clarification from the Federal Aviation Administration whether such housing would be an allowed use of these sites.

According to the Sutter County Department of Health and Human Services, there are an estimated 760 homeless in Sutter and Yuba counties. In Sutter County alone there were 279 homeless adults and 45 homeless children, according to a January survey. Fifty-eight were seniors and nine were veterans. Sixty percent are women.

There are many paths to

homelessness (unemployment, underemployment, disability, mental illness, domestic violence, drug and/or alcohol addiction, aging out of the foster care system, etc.), but there are fewer paths back. Building a new pathway back is the vision of Sutter County and the Joint Powers Authority being proposed to address homelessness on a bi-county level.

A regional approach is the only way to end the not-so-subtle practice of pushing homeless out of one jurisdiction into another. A one-stop entry point for services will reduce the time it takes to determine whether someone needs, and is eligible for, assistance with acquiring housing, medical care, employment services, Social Security benefits, Veterans benefits, behavioral health services, supplemental nutritional benefits, and other available services.

Already, without a formal structure, regional cooperation has resulted in plans to build a 42-unit apartment complex in Yuba City that will provide permanent, supportive housing for mentally ill and homeless from both sides of the Feather River. This partnership includes both counties, Sutter-Yuba Behavioral Health, and the Regional Housing Authority of Sutter and Nevada counties.

Much more is needed and the Joint Powers Authority will be the organization through which more is done. Reducing homelessness and keeping our river areas clean and safe are priorities of all local government agencies in Sutter and Yuba. Stay tuned for more efforts going forward.

Law Equal for All

The media's “Charleston Story” is a pathetically one-sided (but characteristically typical) aberration by our once-mainstream press! This is the reality: A constitutionally-protected rally in Charleston, Virginia was put upon by an unruly mob! A demented person from half-way across the country used the opportunity to kill and maim. And the press blames those who requested and received the entirely legal permit. Oh, and also the President!

What is TRULY disturbing about this tragedy is that most of the press and electronic media have—typically—chosen

to ignore the U.S. Constitution that guarantees the freedom of speech—even of those with whom we strongly disagree. At the same time, this same media vigorously defend—and publicize with evident relish—the actions of those who loot and burn, and those who shout out, “What do we want...dead cops! When do we want them...now!”

Unless willingly blind, American society can see this sickening double standard. Our forefathers charged the press with the responsibility to speak the unvarnished truth. America deserves a press that is not the mouthpiece of

a particular political party and/or the Washington Republicrats, which have gone so far off the rails that they are unwilling to even acknowledge the impressive improvements to America already in place and on the way, thanks to our new president; yet continues to clearly and maliciously seek to overthrow the legal election of that legally elected president.

Folks, don't let this happen! Do not allow this well-funded, vicious, ongoing dismantling of America's Constitutional government!

Cal Water Response to Water Rip Off

Recently, an opinion article titled “The Big Marysville Water Rip Off” written by a customer of California Water Service (Cal Water) appeared in the Territorial Dispatch. During the hotter summer months, water use tends to rise, particularly outdoors for irrigation. It's easy to use much more water than people realize, too. I want to take this opportunity to remind Cal Water customers of the numerous water conservation programs – such as free high-efficiency plumbing device kits or Smart Irrigation Controller rebates – that we offer to our customers to help you control your water use, even during this time of year. I encourage our customers to visit us online at www.calwater.com/conservation or contact our

local Customer Center at (530) 742-6911 to learn more about resources and programs available.

All of us here at Cal Water are committed to our customers – committed to providing you with quality, service, and value. What you see in your water bill is the actual cost to secure, treat, test, store, and deliver water that meets all federal and state water quality standards through a network of pipelines to your tap, 24 hours per day, 7 days per week, 365 days per year. In 2016, the typical Cal Water Marysville residential customer used 11.3 Ccf (which equals 8,452 gallons) of water each month during the summer. For this amount of water, customers pay about \$60 for their water bill. In the winter, the

typical residential customer in Marysville used 5 Ccf (or 3,740 gallons) of water monthly during the winter; this amount of water use equals a bill of about \$40. A bill of about \$200 would mean that 50 Ccf (or 37,400 gallons) was used.

If you ever have a question about your water use or bill, we encourage you to contact us. Our employees are trained to look for anomalies in your water use patterns and pinpoint issues that could affect your water use and, subsequently, water bill. We are part of the community, we are your neighbor, and we are here to help you.

Guv Brown Neglect, NOT Nature, Cause of Oroville Dam Disaster

by Stephen Frank

Like a corrupt Chicago hack politician, Guv Brown hid information, for years about the danger of the Oroville Dam failing. He had government agencies lie and refuse to give documents on the status of the Dam. So when the heavy rains last Winter caused the spillway to fail, it was no surprise to Brown—and now the Feds and California taxpayers could pay billions in damages—for knowing about a problem and not fixing it.

“State water bosses also failed to add gates above the spillway, which would have allowed the reservoir to rise another

ten feet. Governor Jerry Brown claimed to be unaware of these problems and proclaimed, “stuff happens and we respond.”

One of the government’s first moves was to dam up the flow of information on safety issues. The governor and state water bureaucrats blocked public access to the dam’s design specifications, federal inspection reports, technical documents, and other crucial information. Department of Water Resources officials claimed it was a security matter, lest the information “fall into the wrong hands,” terrorists, for example.

In typical style, politicians and bureaucrats are simply hiding years of negligence, faulty oversight, and misguided spending.”

This was premeditated. Government knew the dangers and refused, for years to fix it—even Democrat Congressman John Garamendi, a former California Lt. Governor knew about the problem—yet nothing was done. We will have to raise taxes to finance the lawsuits and the repairs. Too bad we can’t go over the assets of the government officials that lied—but we could go after them criminally. What do you think?

study, has found the real culprits causing “global warming” are your dog and cat. Why? Because they eat meat and deposit millions to the requirement for more cows. This is a real study. Of course, Al Gore believes that humans cause global warming. Which goes to show that according to the environmentalists and their loony followers, everything causes global warming, so let’s get rid of every living thing on the earth.

• San Francisco’s worst public housing eye sores are being transferred from government control to private investors. Even the socialist public servants of that City can’t maintain it. The public housing era started with the federal government sticking its nose into housing after the Depression, with “Hoovervilles” for the homeless and destitute families throughout the country. Since then public housing has been a blight on every community it is found. Local politicians ought to keep that history in mind as they look to solve the current homeless issues.

• And if we wonder what the lack of a sound government solution to homelessness looks like, take a pilgrimage to Oakland around the intersection of Brush and 5th. Keep in mind this can happen to Marysville in a very short time. It happened in Oakland almost overnight.

• Trump goes to New Jersey while the White House is being decorated. The press goes ballistic. Of course Trump and his family could not stay in the White House while work was in progress. Did you ever see a disparaging article on Obama’s Hawaii vacations?

• Jaime Escalante was a math teacher in one of the worst schools in Los Angeles in one of the worst school districts in the nation. He successfully taught math to students that the district had given up on. The iconic movie “Stand and Deliver” was his story. However, the teachers union didn’t cotton well to his success and managed to collect enough votes to force him out of his department chairmanship. Escalante then quit teaching. A good example of why unions in the public arena aren’t doing any good for the taxpayer or school children.

• Our leftwing managers in the State College system have decided to stop requiring California high school graduates to take remedial English and/or math classes before taking college level classes. Today, some 80% of California graduates were required to take the classes be-

cause of deficient K-12 achievement. Again we have evidence of the dumbing down of education in the state.

• Southern Methodist University is moving its 9/11 memorial so they do not “trigger” the students. Trigger what? A need for a cuddle, safe space, and security blanket?

• Soon there will be no classes in colleges except Creative Rioting and Finding Your Safe Space. These will be helpful in a job resume.

• California’s community colleges used to be free of tuition and an excellent place for students to receive the first two years of general collegiate credits before going on to an expensive state college or university. Why then is San Francisco gleefully praising its “new” tuition-free campuses? “The free City College campaign has captured the imagination of San Francisco,” the new chancellor said. “This is not just an enrollment strategy, this is an expression of our core value, the core value of social justice by providing a quality education to anyone who comes and asks for it.” Another snowflake who does not know history?

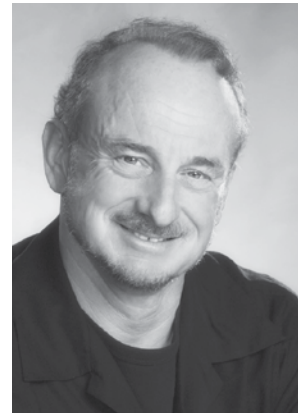

• San Diego is considering blacklisting firms from doing business with the City should they bid on the border fence or other border-protecting solutions. And Mayor Kevin Faulconer, a Republican, doesn’t speak up against the proposal? NO WONDER Republicans are in trouble.

• California based Molina Healthcare announced it will bail out of Obamacare exchanges in Utah and Wisconsin after a \$230 million loss in the second quarter of 2017. In those exchanges it will continue Molina will increase premiums 55% percent. In other Obamacare news, Anthem has similarly bailed. In North Carolina 95 of 100 counties have only one or no health care provider. In Nevada 13 of 16 counties have no provider at all. And Congress sits around flapping its lips and the Democrats think Obamacare is the cats’ meow. Why do we have elected officials to look out for our interests? Most are useless.

• It does not take a rocket scientist to figure out what the “independent” counsel is up to in DC, That enclave of Deep Staters who voted 97% for Hillary. Mueller’s entire staff are Democrats of one stripe or another. His objective, and the objective of the Deep State, is to overturn the 2016 election. Will we let this happen?

• Russia. The left cannot drink from that mirage. But it can drown in it.

Junk IOU's

The saga continues for many huge pension plans and state budgets as Illinois, a state budget we have covered before in Money Matters continues to bleed out in its hemorrhaging of cash versus debt. In plain English, Illinois is so underwater the concept of it surfacing and be able to financially breathe on its own is far from being anywhere near resolved. Years of making promises it can’t keep it finds itself in the dubious position of possibly having its debt downgraded to junk by Moody’s, one of the three credit rating companies that evaluate the viability of financial institutions and their products. S and P, another large rating company already made this threat to Illinois some time ago. Fitch Ratings has issued similar warnings.

If its debt does get downgraded, it would be the first such state to get the not-so-coveted term of junk applied to its IOU’s.

How bad is it? Illinois has 15 billion in unpaid bills for the last two years with an estimated quarter of a trillion dollars in unfunded pension liabilities.

Years of overspending politicians which include Barack Obama who was elected Senator of the beleaguered state in 1997 made a mess of all things

financial. There is simply no nice way to put it. An interesting side note on Obama’s propensity to over promise the public purses under his control, Business Insider nails the former President to adding 86% to the deficit during his 8 year term. Obviously balancing a budget or even coming close eluded him as Senator and continued to baffle him during his Presidency.

Not to put the entire Illinois mess on Barrack of course, he had many overspending compadres to help him move the state into near bankruptcy where it is today. Its apparently extremely difficult for some elected officials to spend within their means.

So today the great state of Illinois wrestles with unpalatable recipes to solve the mess and many doubt without massive defaults it can be solved at all, it’s that bad.

New budget proposals including the most recent being offered slash spending across many lines including education and other coveted programs and many social spending advocates are putting up the usual resistance. Ralph Martire, director at the Center for Tax and Budget Accountability said “It’s like taking a meat cleaver to spending rather than a surgeon scalpel”. This analyst thinks Illinois will eventually throw out both cutting tools in lieu of a chain saw because the amount owed is so staggering.

Illinois lawmakers decided that part of the solution is to pay old debt with new debt, a seemingly common theme for elected officials finding themselves in the financial red. A recent bill was passed authorizing bor-

rowing six billion more to pay some of the 15 billion that is past due. Those doing the advanced math will arrive at the solution that the remaining obligations will stand at around 244 billion. Ouch.

If the either S and P, Fitch or Moody downgrades Illinois to junk, the interest on any new debt the state wants to issue will likely skyrocket, not mention the possibility such a downgrade would cause extreme digestion to the state’s other debt instruments as well as its ability to fund itself in the long and short term.

The credit agencies are warning Illinois to take the latest budget proposal, the implied threat being the unthinkable and first of its kind downgrade below today’s current BBB-minus rating. Regardless of what happens, much like Puerto Rico’s recent belly up financial condition, it means a whole lot of people are not going to get paid a whole lot of money.

Design for Disaster

by Buck Weckman

Buck Weckman is a 36 year resident of Yuba County. He formed Yuba County FACT (Families against Cannabis Trafficking) and the Political Action Committee, Stop Commercial Pot. He had 33 years of fire Experience with Cal Fire including thirteen years as the Yuba County foothill area Battalion Chief.

16485 Vierra Road, Rackerby.

On February 9th of 2016 the Yuba County Board of Supervisors unanimously declared a State of Emergency due to the extended drought and related tree mortality. According to Yuba County documents the State of Emergency was justified because "tree mortality is damaging the county's watershed, roads and structures to a point that exceeds the county's functional capability". Fifth District Supervisor, Randy Fletcher said: "it's crucial the county aggressively address the problem to mitigate public safety risk and property damage".

On August 8th 2017 I presented a draft State of Emergency Resolution to the Board of Supervisors due to the impact of the illegal marijuana grower invasion into Yuba County. A copy of a revised and updated version of that Resolution can be seen on the Stop Commercial Pot, Face Book Site. The justification for this State of emergency far exceeds the danger of "tree mortality"; in fact it could be called a Design for Disaster.

justification for the State of Emergency is the criminals, home invasion robberies and murders that follow the marijuana industry. We were reminded of this fact recently with the shooting of two of our Sheriff's Officers in Oregon House. There are also well known environmental damages associated with the so-called "farmers" that hide their activities behind Gates, Dogs and Guns.

Currently there exists an even more urgent danger to the public; the risk and high potential of a devastating wild land fire emanating from these illegal marijuana operations. A good number of illegal grows are conducted by out of County, out of State or out of Country invaders who care little about Yuba County. It is clear that these illegal growers are causing more and more fires. Did you know that the revised Cal Fire reporting system may include a new category of fire causes related to marijuana activities?

We know there are thousands of illegal grows, all a fire poten-

tial, in Yuba County. Taking a Yuba County representative area of Vierra Road in Rackerby, Google Earth revealed thirty three substantial (50 or more plants) marijuana grows in four miles. These grows included 25 green house, associated structures and thousands of plants. Frustrated by the Gates, Dogs and Guns our County and State Inspectors generally cannot inspect for building, electrical, equipment and fire safety violations. One specific grow was behind a big iron gate, a mile of dirt road, contained over 100 outdoor plants, a large green house and what appeared to be a modular home. The property was sold to a Sunnyvale resident in 2013 and no building permits have been issued for fourteen years.

This specific area and many others in Yuba County present an immediate fire risk danger to our small communities. There is no doubt that a fire originating on Vierra Road, due to the southern exposure, prevailing southwest winds and upslope topography could be knocking on the door of Brownsville in just a few hours.

I was proud to stand shoulder to shoulder with our Fifth District Supervisor, County Sheriff and County District Attorney in our efforts to defeat pro-marijuana Measures A and B and E. However, in this case, I do not agree with their statements that the Yuba Foothills are a safe place. Foothill resident safety includes more factors than just the crime rate; it includes safe drinking water, a bully free community and fear of a large fire burning up entire communities.

I hope all Yuba County Leaders will support the State of Emergency and give us another tool for obtaining outside help, including the Federal Government.

plates, generator, and other items used in the production of honey oil. There was evidence of a ground fire that burned up to the butane containers at some time in the past.

Residents fear operations like Nordlund's. His outdoor fire pit and lab are an imminent fire threat to rural Yuba County. And his lab, chemicals and lack of septic damage the environment.

Nordlund's bail was \$500,000 and he is no longer in custody at Yuba County jail.

A larger grow operation was located the same day on Pecan Lane off Wildwood Trail, Dobbins where approximately 1810 plants were removed. Packaging materials for sales, as well as chemicals, were also found.

Nobody was at the site during the search, but Yuba County personnel are working to identify suspects. Law enforcement became aware of this grow during an over flight of the region.

On August 17, 477 plants and 2 pounds of processed marijuana were removed from the 3700 Block of Nisenan Lane, Wheatland. There were packaging materials and scales inside the home. Agents obtained a search warrant following neighbor complaints, a flyover and a compliance visit.

Jianrong Zhang, who had documents to have and grow marijuana for medicinal use was cited for not complying with the orders of her prescription nor the Yuba County outdoor cultivation prohibition. Zhang's husband was not cited.

Power to the property was terminated by officials after it was discovered that electric work was done without authorization and the residents were illegally obtaining utilities.

Four large greenhouses and the home were used to grow marijuana. High fencing around the property blocked sighting of the pot nursery from the street.

“The Civil War” The Greatest Conflict in Our History

The Civil War (1861-1865) is the bloodiest and saddest war in American history. What began as a bitter dispute over Union and States rights, ended as a struggle over the meaning of freedom in America. It saw the end of slavery. It inspired men who had never strayed far from their front doors to become soldiers in great armies, and to fight epic battles hundreds of miles from home. It was the first modern war and costliest, yielding at least 600,000 casualties or deaths. As a defining moment in U.S. history, our Civil War has no equal, which is why it remains such a fascinating subject even today.

There was a small gentle timid woman who volunteered to organize supplies and nursing services for the wounded and sick Union soldiers. She worked behind the lines without compensation, and later she dauntlessly moved to the Battlefields. She and other courageous war time nurses, called “Angels of the Battlefield”, were put in charge of searching for the missing and wounded soldiers. It was Miss Clara Barton a courageous school teacher who founded the “American Red Cross”

Did you know: The 1st American Income Tax helped finance the Civil War? In 1861 Congress passed a tax with a levy of 3% on incomes in excess of \$800. In 1864

the Internal Revenue Act was passed expanding the tax to 5% on incomes between \$600 to \$5000. The average annual income for working Americans was between \$110-\$486.

Did you know our Yuba County gold helped finance the Union Army? The gold was sold to England at \$16.00 an ounce. In today’s market gold sells for \$ 1320.00 an ounce . The North financed the war through loans, bonds, taxes, customs collections and issuance of paper money. Due to shortage of gold the Union introduced and printed the “Green Back”, the first paper currency. The South raised money by loans , foreign and domestic. They also issued over a billion dollars in “Greybacks”, in confederate treasury notes, which were of course totally worthless at the end of the Civil War.

California raised almost 16,000 men for the Union Army, supplied four cavalry units and nine infantry units. Though many units stayed in the West, our men replaced regular army forces stationed at forts to guard the California and New Mexico western territories from the Confederate army.

CIVIL WAR DAYS are coming to Marysville Sept. 23rd and 24th. KIDS DAY is Friday Sept. 22nd

Come to travel back in time to the 1860’s and experience this defining event in our shared historical past.

CRITIC’S CORNER
by Matt Woolery
The Dark Tower
Starring: Idris Elba, Matthew McConaughey, and Tom Taylor. Rated: PG-13, Runtime: 95 minutes.

This movie is set in an alternate dimension of an alternate dimension of Stephan King’s book series of the same name. Much like most alternate dimensions this one has echoes of the dimension where it only exists in book form.

The acting in this movie is very well performed, despite the fact that not much of it reflects the attributes of the literary characters. The production value is great. The costume design and make-up artists did a superb job. The pacing of the film is off. Almost as if they were trying to cram the main elements of several books into a not very long feature film.

The Dark Tower, earns two out of five, Ka-Tet Monkeys. If you are a fan of the books then you will be disappointed or amazed by how dissimilar the two mediums are. If you haven’t read the books then rest assured there are no spoilers in this movie.

Stand Down's philosophy is a hand up, not a hand out. The hand up is made possible each year by the dedication of thousands of volunteers and numerous sponsors.

What Happens at a Stand Down?

Stand Down 2017 will be held August 24, 25 and 26, 2017 at Marysville’s River Front Park. During the three day event, hundreds of veterans will be provided a wide range of necessities

- They will be greeted with respect and open arms
- They will be offered three complete meals each day and shelter for the night.

Their immediate physical needs will be addressed.

- A visit to the clothing tent
- Showers
- Barbers
- Medical
- Dental

There are the many other services:

- The VA and EDD
- Counseling
- Veterans benefits
- Employment and job counseling services
- Massage therapy
- Recovery providers
- Chaplains services
- 12-step meetings for everyone

Stand Down is a place of miracles. Lives are changed and lives are saved. The founders of Stand Down had a dream. They made it a reality, one which continues to offer a true stand down for all homeless veterans.

Veterans Day Will Be Here Soon

Marysville, Ca.
"Veterans Day is the day for all Americans to honor the contributions of service men and women throughout our Nation's history. Veterans Day also commemorates the time and day at which the major hostilities of World War I were formally ended: the 11th hour of the 11th day of the 11th month of 1918. So on Saturday, November 11th at 11:00 am, come out for the 15th Annual Yuba-Sutter Veteran's Day Parade. The parade route follows "D" Street in Historic Downtown Marysville. The Theme for the Parade is "Sup-

porting Our Troops; Past, Present, and Future".

There is a limited number of Parade Registration Packages available for pick-up at the Marysville City Hall. If you participated in last year's parade you will be automatically be sent the

package via e-mail. The Registration Form should be returned NLT November 3, 2017 to insure placement in the parade. For more information or to request a registration package, contact Cindy at 743-2390 or lexluther2010@hotmail.com.

Yuba Sutter Arts Announces Locations for “Portraits of Veterans” Project

Marysville, Ca.

Yuba Sutter Arts recently announced the latest chapter in its “Portraits of Veterans” photography project which it began earlier this year. Thanks to a generous grant from the California Arts Council, professional photographers will once again help Veterans in the process of creating high quality photographic portraits. The photographers will work with small groups of Veterans and enable them to make photographs of each other within a basic studio environment. The goal is to photograph 200-300 Veterans in the next eight to ten weeks and display them before, during and after Veterans Day.

A number of convenient “pop up” photography studio locations have already been scheduled throughout the community. Additional locations will be added on an “as needed” basis. This project is open to all Veterans in Sutter and Yuba Counties at no cost. Just stop by any of these locations for additional information, contact David Read at 530-749-8065 or david@yubasutterarts.org.

Photography Studio Dates and Locations

Veterans Stand Down Beckwourth Riverfront Park - Marysville	Thursday and Friday, August 24 & 25	9am - 3pm
Sutter County Museum - Yuba City	Saturday, September 9	1 - 4pm
Veterans Affairs Office - Yuba City	Wednesday, September 13	Noon - 3pm
Sutter County Library - Yuba City	Thursday, September 21	1- 4pm
Yuba Sutter Chamber of Commerce - Marysville	Tuesday, September 26	10am - 2pm

Dismal Republicans

Brown must schedule an election within 60 to 80 days.

Could Newman lose his seat before his first year in office ends? Chang says she will compete for the Senate seat again should citizens choose to remove Newman. Chang voted to stop tax increases during her two years in the Assembly.

The cliché 'follow the money' is often used to explain why a vote or decision was made. However, an equally poignant phenomenon is 'follow the sperm' when determining cause and effect in politics and business.

Republican House Majority Leader Kevin McCarthy from California ended his run for House Speaker when news spread of his on-going affair with North Carolina Representative Renee Ellmers. Both are married. Ellmers denied the relationship. Enter Paul Ryan as Speaker.

Then there is married former Democrat Assembly Speaker and former San Francisco Mayor Willie Brown in the 1990's having a 'girlfriend' or 'new steady' by the name of Kamala Harris. Harris was appointed to one plum position after another by Brown. Then, she became San Francisco's District Attorney and squeaked by Los Angeles County District Attorney Steve Cooley for State Attorney General. She is

currently US Senator for California.

Now, there is California Republican Leader Chad Mayes in an affair with former Republican leader Kristen Olsen. Both were married. Olsen is now a Stanislaus County supervisor and Vice Chairwoman of the California Republican Party.

What difference does it make? The backroom intrigue may have led to Mayes' reversing his long-held opposition to Cap and Trade laws and leading other Republicans to join Governor Brown and Democrats to extend the punishing tax and regulation law.

The Mayes-Olsen affair was exposed when Olsen's estranged husband Rod sent a letter to Assembly Speaker Anthony Rendon, demanding an investigation into the affair suggesting tax dollars were used in the affair and an attempted cover-up. The husband later withdrew the request.

Rod Olsen's complaint letter to Speaker Anthony Rendon is dated April 24, 2017. Three days later, April 27, the Los Angeles Times wrote an article, not about Rod Olsen's complaint letter but about Mayes' sudden flip-flop on climate change titled, "The fight against climate change in California gains an unlikely ally: Republicans." That's a big shift in 72 hours.

Did Governor Brown

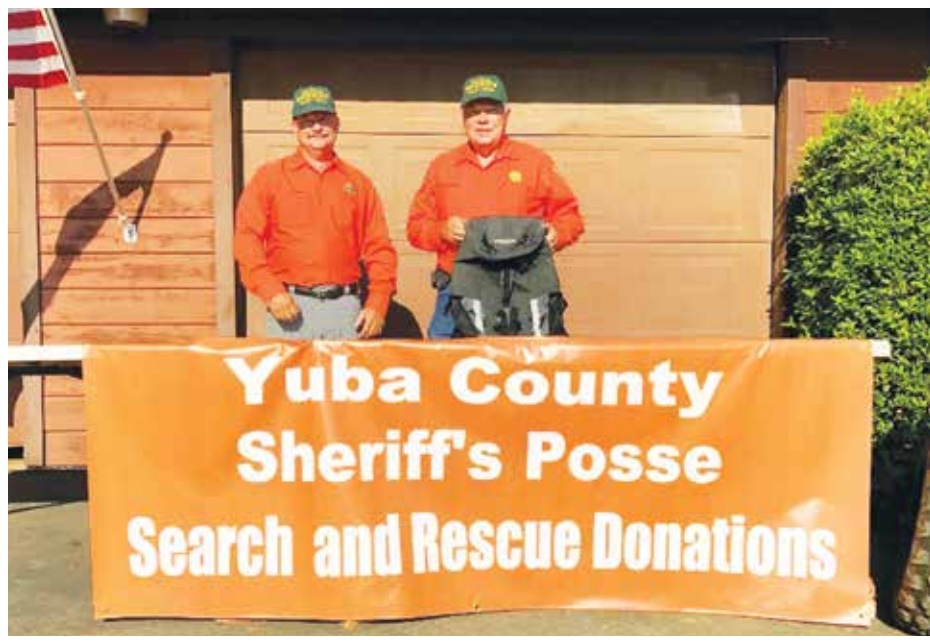

and Speaker Rendon heal the political troubles for Mr. Mayes in return for his support of Cap and Trade legislation?

Being pro-life, for traditional marriage and moral integrity, even protecting the second amendment and property rights, no longer defines many California Republican politicians or local central committees. And, they certainly aren't issues upon which GOP legislators have influence. We'll see whether one issue still has Republican support, stopping higher taxes.

Last week in Riverside County, Chad Mayes' home, the Central Committee heard from him and Assembly member Melissa Melendez who has been punished by Mayes and Democrat Speaker Rendon for standing up for lower tax, less regulation party principles. After hearing from both, the committee voted overwhelmingly that Mayes should resign or be replaced as Republican Assembly Speaker.

So far, twenty-four county Republican committees want Mayes out. Nevada and Butte are on the Remove-Mayes list but Yuba, Sutter and Colusa are missing.

The Republican Party at this point seems to be standing for nothing, falling for anything and fulfilling Mathew 5:13.

Yuba County Mounted Sheriff's Posse Search and Rescue Seeking Donations

On Saturday, September 2, members of the Yuba County Sheriff's Posse will be at four locations in the Yuba Sutter area asking for your financial support. The need to replace old search radios and emergency equipment is great and very expensive. The total cost to replace the old equipment is \$28,000. The goal for this one-day event is \$5,000, and community support would be very much appreciated.

The Yuba County Sheriff's Posse is a volunteer group of service oriented individuals dedicated to providing vital emergency search and rescue service to the Yuba County Sheriff's Department, our local community, and the State of California under mutual aid agreement with the Office of Emergency Services. The Posse is a 501c4 volunteer organi-

zation chartered in 1964.

Please stop by any one of the four locations and say hello, ask questions, and /or make a donation. You never know when you or one of your family members might need our services.

Posse members will be at the locations listed below from 8:00AM - 5:00PM on Saturday, September 2.

- Sam's Club in

Yuba City

- Save Mart Supermarket in Marysville
- Walmart in Linda
- Browns Valley 76 Station in Browns Valley

You may also mail your donation to: Yuba County Mounted Sheriff's Posse, PO Box 1184, Marysville, CA 95901. (All donations are tax deductible: Federal Tax ID: 23-7386344)
