Navy and Marine Corps Bonds are Everlasting

Submitted by Buck Weckman USMC Veteran

Attending the Flag presentation and raising were: (left to right) Frank Cecil-Navy, Vern Johnson-USMC, Jerry Lee-Navy, Jesse Opalenik-USMC, John Newton-USMC, Greg Furlong-USMC, Max Rhinehart-Navy submarines and John Davey-USMC. Photograph provided by Blue Star Mom, Marcia Cecil:

Not too long ago, Frank Cecil of Browns Valley noticed that his neighbor's United States Marine Corps Flag was getting a little worn and he decided to do something about the situation. Frank is a US Navy, Sea Bee Veteran and his neighbor, Vern Johnson (age 85), is a USMC Veteran. Vern was assigned to the 1st Marine Division during the Korean War. Vern and his wife Dora have Johnson's Canvas and Upholstery on Spring Valley Road. They have been in business there for 22 years and Vern proudly displays the United States and USMC Flags outside of his shop.

Frank managed to enlist PFC Jesse Opalenik in obtaining a flag from the USMC Recruit Depot in San Diego. PFC Opalenik recently graduated from boot camp there on April 14, 2017 and when his parents Tim and Carolyn Opalenik, of Oroville were attending the graduation, they purchased a USMC Flag and brought it back for Frank. Jesse is a High School graduate from the California Conservation

Corps in Chico and will soon return for Infantry Training and assignment to an Infantry Division somewhere in the world.

PFC Opalenik wanted to present the flag personally to Vern as a new recruit to an old experienced Marine, so Frank enlisted several veteran friends for an informal ceremony in front of Vern's upholstery shop. Vern and his wife were not expecting this many guests, they were busy sewing and installing a new canvas top for a tent trailer, but the raising of the new flag took priority. On the day after Easter,

Veterans from the Navy and the United States Marine Corps and including one new active Marine presented a new flag and raised it over Vern's business.

The ceremony was concluded with a prayer asking for the blessings and protection of the Commander-in-Chief, Donald Trump, active members of the military and their families and all service branches. The Air Force, Army, and Coast Guard were not forgotten, but special attention was given to the United States Marine Corps, "Semper Paratus".

Happy Kids at Pioneer Day

by Kit Burton

Pioneer Day in Smartsville celebrates the gold rush pioneers that made Smartsville and Timbuctoo famous, and therefore it is a historically-based festival. There are tours of the old mining areas, restoration of the antique church, and historic character portrayals, all of which appeal mostly to us old folks.

But there is plenty to keep the kids happy. The Smartsville Community Church sponsors a variety of activities for the smaller children highlighted by a gold nugget hunt (modeled after Easter egg hunts). Nuggets found at the Community Church can be weighed and exchanged for prizes at the Pioneer Day Assay Office next to the former

Catholic Church.

At 1:00 kids are invited to play percussion instruments on stage with Plinky and Plunky (Kit and Janet Burton).

Parents: bring your cameras for a good photo op. This musical event only lasts about 15

Victims Lose on Liberal Crime Policies

by Lou Binninger

Liberal legislators in California have been on a mission to overhaul the criminal justice system. This time, it is bail reform to benefit the accused and those convicted of crimes. Lawmakers say the bail system is unfair to those short of funds. However, new legislation displays no concern for those victimized by criminals.

Senate Bill 10 and Assembly Bill 42, if passed, would change the pre-trial process, largely doing away with the bail bond system. Instead, those charged with or convicted of "non-violent, non-serious felonies" (including residential burglary) and misdemeanors would be released on their promise to return for court appearances.

The proposals would also change the bail schedule, now based on the seriousness of the charges, to a new approach where judges must establish bail at the lowest amount possible to discourage the subject from being a flight risk.

Currently, if defendants or those convicted do not return to court, their bail would be forfeited whether costing them or the bail bond company. The new approach removes the financial penalty for a failure to appear, but there is more.

The legislation's new plan undermines the role of crime victims in the judicial process despite the passage by voters of the 2008 Crime Victims' Bill of Rights or Marsy's Law. This law ensures that victims would have, among other rights, the ability to have a voice in the criminal justice process.

Under Marsy's Law victims' rights are to be preserved by the court, district attorneys and law enforcement. Unfortunately, these entities have done poorly at honoring the law in some jurisdictions including Sutter County up until the departure of former District Attorney Carl Adams. Adams had a token Victim Services office and little passion for assisting victims.

Under the current system, the pre-trial release of someone charged with a crime takes place at an arraignment hearing. California's Constitution requires that victims be notified of public hearings, have a right to be present, and be able to make a statement to the judge. These rights not only ensure that victims are treated with respect, but also allow the victim to have input on potential conditions of release.

SB 10 and AB 42 would for misdemeanors and some felonies eliminate an arraignment hearing where victims have rights and could have a say before a judge. This would be replaced by an administrative process where an agency would make an evaluation and decision for release without need of bail and without input from victims.

Victims fearing for their safety would have no opportunity to argue for a high bail, a stay-away or restraining order, nothing. Unless the legislation is amended, it looks like a step back to the Dark Ages for victims.

Years of getting tough on crime using determinate sentences and the 1994 Three Strikes Law saw the prison population spike and crime rates fall. Incarcerated criminals do not victimize communities.

Now, Three Strikes and determinate sentence reform have released thousands of prisoners. What has changed about these prisoners to benefit the community?

When politicians and groups like the American Civil Liberties Union argue for reducing sentences and bail they tout fairness to defendants and cost savings to the taxpayers for housing fewer inmates. However, they rarely explain that society pays a cost for being victimized. Costs per average incidence in 2008 dollars vary depending on the study, but it is expensive: murder \$8,982,907, sexual assault \$240,776, assault \$107,020, robbery \$42,310, arson \$21,103, vehicle theft \$10,772, stolen property \$7,974 etc. to vandalism at \$4,860.

When voters passed Proposition 47 it redefined many felonies as misdemeanors. If the crime loss was under \$950 (shoplifting, grand theft, receiving stolen property, forgery, fraud, writing a bad check and use of illegal drugs) it was now a misdemeanor. But, Prop 47 had some unintended consequences.

Semisi Sina, a 30-year-old meth addict, steals bicycles to support his habit. He skipped out on drug treatment 5 times in 12 months. He has 16 arrests and a reputation with the L.A. County Sheriff's Department" Los Angeles County Sheriff's Department. He says the new law made it easier for him to commit crimes.

Sina was thrilled when he first heard about Proposition 47. He said he didn't start stealing bicycles until the proposition raised the threshold for a felony theft to \$950.

"Proposition 47, it's cool," Sina said. "Like for me, I can go do a [commercial] burglary and know that if it's not over \$900, they'll just give me a ticket and let me go."

"I know it's up to me to change. I wasn't ready. I probably still am not. I'm not going to lie — I'm still not ready to quit," he said on a break from shoveling dirt at a sheriff's training facility in Whittier.

Incarceration may not change Sina, but there are fewer citizens losing bicycles when he's behind bars.

Marysville Adds Six More Arms

Marysville Ca. The Marysville Gold Sox are proud to announce the signings of six more arms from multiple powerhouse baseball programs across the nation. These signees include Lincoln Clayton, Cole Van Den Helder, Doug Nimura, Noah Sills, Jesus Garcia, and Garrett O'Callaghan. "We are extremely excited to have signed this group of players for the 2017 season and looking forward seeing them perform this summer", Said Michael Mink VP/GM. Lincoln Clayton, a 5'9, 180lb right handed pitcher and infielder comes to the Gold Sox from Idaho Falls, Idaho. As a four-sport athlete at Bonneville High School, Clayton was an All-Area and All-Conference running back and defensive back. Having ran an 11.4 in the 100m event and a 4.54 in the 40 yard dash Clayton found his way on to play for Salt Lake Community College and now on his way to Brigham Young University. His older brother currently pitches in the Tampa Bay Rays Organization.

55 innings in his senior campaign. His high school baseball coach is also former MLB All-Star pitcher David Wells. **Coach Correa on Van Den Helder...** "Cole comes from a very talented Oregon recruiting class put together by Coach Uhlman at U of O. I'm looking forward to having a young PAC-12 arm and strike-thrower join the Gold Sox for the entire summer."

Doug Nimura, from Lafayette, CA is a 5'7, 170lb Left Handed pitcher from the University of San Diego Toreros. Having played his last two years at Diablo Valley Community College, Nimura posted a 2.37 ERA in 30.1 innings with 31 K's while only surrendering 9 walks.

Coach Correa on Stevens... "Nimura comes from WCC powerhouse University of San Diego and a very well coached and disciplined team put together by someone I look up to in Coach Rich Hill. I'm excited to have a good lefty arm who will pound the zone and get the Gold Sox some outs this summer."

Noah Sills, a 5'11, 170 lb Left Handed pitcher from Honolulu, HI comes to Marysville out of Alvin Community College in Alvin, Texas. In his sophomore campaign he is currently holding an ERA of 1.82 in 61 innings of work and 58 K's. Sills attended Mid Pacific High School on the island of Oahu and is heading to Lamar University next season.

Coach Correa on Sills... "It will be great to add on another student-athlete with Hawaii ties and more importantly another Left Handed pitcher to our staff. I know Noah will add great energy and be a force for us this summer."

Jesus Garcia is a 6'3, 195 lb right handed pitcher from San Jacinto, CA. Posting great numbers at Yavapai College, he helped lead his team to the National Junior College World Series and eventual 2016 National Title. Jesus will be headed to Hawaii Pacific University after receiving his AA degree.

Coach Correa on Garcia... "Garcia adds another great experienced arm coming out of powerhouse Yavapai College in Arizona. I'm looking forward to seeing him produce great things for the Gold Sox all summer long."

Garret O'Callaghan is a 6'4, 200 lb Left Handed pitcher and another homegrown talent coming out of Grass Valley, CA. Currently a sophomore at Yuba College and having graduated from Nevada Union High School, O'Callaghan was a two-sport athlete in basketball and Baseball.

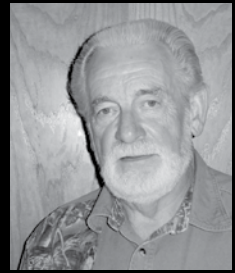

Coach Correa on O'Callaghan... "I'm a strong believer in bringing in homegrown talent to join the Marysville Gold Sox and O'Callaghan is a great addition to that list. Adding on another strike throwing Left handed arm will bring us a well balanced staff throughout the summer."

The Gold Sox are searching for Host families to host our Student-Athletes throughout the summer. It is a great opportunity to add another member or two to your family and make a great impact on the lives of our collegiate athletes. If you're interested in this great opportunity please contact us at 530.741.3600 or fill out an application online. The Gold Sox offer season-tickets and meal vouchers to our great and loyal host families.

FISHIN' TALK

by Boots Johnson

Dan "Boots" Johnson has fished and hunted in California for 70 years. Anyone with questions or comments can email him at boots3@syix.com

Striped bass are running strong in the Feather River at this time. Lots of fish being caught with some in the 20 to 40 pound range. The fish are hitting on cut bait, pile worms and minnows. A few sturgeons have also been caught in the Feather.

We expect Shad to be in local rivers any day now. These fish normally show up in the Sacramento River about now and the fish are expected to be in all rivers by the end of April.

Local river guide Jimmy Zanocco passed away on April 6th. Jimmy was one of the first guides in our area and he was an amazing man. We send our thoughts and our condolences to his family. Rest in Peace, Jimmy.

The Department of Fish and Wildlife have been busy preparing for the upcoming trout opener the last Saturday of April. So far plants have been placed in the Sacramento River and McCloud River in Siskiyou County; Kilarc Reservoir and the Sacramento River in Shasta County and the Susan River in Lassen County along with plants in the southern part of the state.

Reservoirs in the North State are beginning to clear up which means good fishing now into early summer. Our weather source has

stated to expect light rains in the next week on the valley floor, but has advised we should not have a lot of the wet stuff. This is good news due to the huge pile of snow yet to melt and make it way down the mountains into the reservoir system.

As we stated earlier the ocean salmon count is low enough to force authorities to either close the season or restrict it to a shorter time frame.

I personally have had my share of close calls with rattlesnakes. The snakes are out now and will be in unusual areas due to the high water conditions. Rattlers are active from April to October with their living areas covering from the Pacific Ocean to the Nevada Dessert. These poisonous snakes will attempt to avoid you unless you try to pick them up or surprise them in any way and of course if you corner them. Be aware they could be found this

year inside city limits and in subdivisions. If you get bitten, try to stay calm and get the victim to the nearest medical facility ASAP. More information is available at the California Poison Control System at (800) 222-1222.

Happy Kids at Pioneer Day

minutes so don't miss it.

At various times during the day the Timbuctoo Theatre will feature demonstrations of the Pony Express riders and Marysville's own Sue Cejner-Moyers will present a puppet show with a Pony Express theme. See the Timbuctoo Theatre Schedule in your event program.

A gold rush era costume contest is open to all ages where prizes are awarded to the best male and female participant. We always have a number of cute, dressed-up kids who enter this contest. An all-day art contest invites children to paint or color gold rush and related themed drawings. Winners will be announced at 3:15.

Our acorn grinding lady shows kids how to make acorn flour and

taste acorn cookies. Federal Park Rangers from Lake Eglebright will demonstrate water safety. Experts show kids how to pan for gold and we hope to have a face painting booth to make your kids look crazy for a small fee. A number of public service organizations have booths with free hand-outs and items of interest to children and usually there is a good selection of food treats that are popular.

But perhaps the most exciting of all is the opportunity to have a free wagon ride up and down Main Street. The free parking shuttle is a wagon pulled by a tractor and is similar to our mining tour wagons. Although some older children might be interested in the mining tours, children too young to ap-

preciate the educational mining tours can have a free ride on the parking shuttle. All we ask is that children 12 and under be supervised by an adult and follow our safety rules.

Overflow parking is available at Rose Bar School for those coming from Marysville and Yuba City. The free parking shuttle will take you from the Rose Bar School to the festival location.

All in all we offer a nice selection of children's activities that make Pioneer Day truly a family festival.

Walk for Life & Diaper Derby

Defending a human life that has no ability to defend itself is no doubt a noble cause. However, choosing life is scary for many women because bringing a new life into this world will definitely change theirs. With your help, we can show them that their baby's life is worth defending. Because when you choose to defend life, the possibilities are endless!

The Walk for Life is a great way to help defend life and support

the women and children who come to A Woman's Friend, and to learn a little bit more about what they are going through and how we help them. Will you join us in defending those who cannot defend themselves?

We will once again have The Diaper Derby, Pet and Family categories!

What is a Diaper Derby? On your mark, get set, ... crawl!

The Diaper Derby is about babies "racing" to

help babies. Babies up to three years old will crawl, waddle, walk, or run their way to the finish line while raising funds for all the babies' mummies who come to A Woman's Friend. The baby sized "races" will take place at the Walk for Life on Ellis Lake Island.

In Loving Memory

Eleanor Mackensen
1934 – 2017

Born in Los Angeles on May 29, 1934, the only child of LeRoy and Wanda Starke, Eleanor grew up in Canoga Park CA, and moved with her folks to Sutter County at the end of WWII, joining Wanda's sisters, Ruth and Clara as individual orchard keepers on the County's fertile land. Eleanor attended Brittan School and Sutter High School, attended Brigham Young College and was employed by the California Board of Nursing Examiners in Sacramento.

In 1954 she met 2nd Lt. Robert Mackensen of St. Louis County, a Mather AFB student officer. He fell for her, love at first sight, and they were married in Yuba City, and rushed back to St. Louis, where they soon had to part, she back to California, and he to RAF Station Sculthorpe in England's Norfolk County, where he had just been assigned to duty as navigator/bombardier on the US Air Force's first jet bomber, the nuclear-deterrent equipped B-45. Four months later, in England, on a particularly wonderful St. Patrick's Day, they were reunited. Eleanor and Bob enjoyed a three-year honeymoon in England, travelling—when they could—to the warmer places in Europe. Eleanor's talents blossomed. Her nail polish earned her the nickname 'Frosty', which still endures among our Sculthorpe friends. She sang in the Chapel choir, bowled, played duplicate bridge and was deeply involved in both the social and the charitable outreach of the Sculthorpe Officers Club.

They returned from England with their firstborn, Jim, to a small base in Florida, then on to Texas. They made the decision for Bob to pursue his Architectural profession (interrupted by Vietnam), and returned to California, where Bob enrolled in Cal Berkeley's Bachelor of Architecture program, with help from the GI Bill and the dedicated support of Eleanor's work at the U.C. Admittance Office. All with time out for sons Kenneth and Eric, with our heartfelt thanks to a few very kind babysitters!

By the time Bob graduated, Wanda, Eleanor's wonderful, smart mom, had arranged for her son-in-law to be hired by a local Engineering/Architectural firm. Seems she was determined to not let her daughter escape again! She was so right! And son #4, Roger was born in Yuba City. Eleanor and Bob flourished right where they belonged... for 53 of their 63 married years. As their children matured and one by one moved out of that big, beautiful old Dutch Colonial house (sadly destroyed for a shopping center) where Orlin and Esther Harter raised their four boys, Eleanor branched out into the community. With a partner she opened a gift boutique in a historic house in Marysville and called it 'Eaglehill'. Later, with another partner and friend, she opened a small stenograph/secretarial service, and gave it the name, 'The Electric Secretary'.

She served her community in so many ways. From her many activities at First Lutheran Church and School where her boys attended grade school, to serving on Sutter County's Bicentennial Committee, to membership in Sutter County Republican Women, and in Rotary's 'Inner Wheel' (she chaired both organizations at different times) to a lifetime of local choral work with all her friends in the Y/S Master Chorale, Oratorio Society and the Yuba College Symphony Chorus, finally to singing at the Berkshire Music Festival in the western Massachusetts town of Sheffield, who's first called minister, Jonathan Hubbard (Eleanor's 6-great-grandfather), arrived from Yale Divinity School in 1735 when much of the territory was still unexplored. He must have been a bit of an adventurer; because he went there on the promise they would build him a house if he brought the nails. His house and the church they built for him and his congregation still stand in Sheffield—the reason Eleanor and Bob participated in that most enjoyable trip.

As patriotic as her husband (and all her sons have served our nation in various uniforms), Eleanor was appointed by the California Republican Party to represent our state at the 1980 Republican National Convention which nominated Governor Ronald Reagan to be our President. As a result, in the spring after his election, the California Delegation was invited to a reception-celebration the White House. Of course we attended!

Eleanor and Bob's four sons also flourished here: Jim, in Yuba City, a hereditary firefighter (maternal grandfather and great-grandfather, both Fire Chiefs in So. Cal.), now semi-retired, he remains 'on call' usually as P.I.O. with the U.S. Fire Service, together with his Interior-Designer wife, DeAnna and their family—Alex, Cassandra, Nicole & Kristina; Ken, doing control and administration with the excellent Kendall-Jackson Winery in Healdsburg, CA, and his son Rob; Eric, a math teacher at Sutter High School (Eleanor's alma mater), with his wife Kate, in a beautifully restored historic house in the oldest part of Yuba City with their three sons, Russell, Mark & Jeff; and Roger, in Sacramento, with his wife Karen, daughter Emily and son Peter. Karen is a caring teacher of kids in their early stages of learning, and he is in the State Capitol, working with the Republican Caucus, fighting a daunting battle with the political climate of California.

Heartfelt thanks—and love—to our caring children, relatives, friends and neighbors for all their kindnesses. With family members at her side, a dear only child, Eleanor rejoined her Mom and Dad on the morning of April 15. Mortuary visitation is on Friday, April 28, four until seven pm at Ullrey Chapel in Yuba City. Eleanor's Memorial Service is on Saturday, April 29, at three pm at First Lutheran, Cooper & Forbes, across from the Library, Yuba City.

the Note(s) secured by said Deed of Trust, with interest thereon, as provided in said Note(s), advances if any, under the terms of the Deed of Trust, estimated fees, charges and expenses of the Trustee and of the trusts created by said Deed of Trust. The total amount of the unpaid balance of the obligations secured by the property to be sold and reasonable estimated costs, expenses and advances at the time of the initial publication of this Notice of Trustee's Sale is estimated to be \$106,615.56 (Estimated). However, prepayment premiums, accrued interest and advances will increase this figure prior to sale. Beneficiary's bid at said sale may include all or part of said amount. In addition to cash, the Trustee will accept a cashier's check drawn on a state or national bank, a check drawn by a state or federal credit union or a check drawn by a state or federal savings and loan association, savings association or savings bank specified in Section 5102 of the California Financial Code and authorized to do business in California, or other such funds as may be acceptable to the Trustee. In the event tender other than cash is accepted, the Trustee may withhold the issuance of the Trustee's Deed Upon Sale until funds become available to the payee or endorsee as a matter of right. The property offered for sale excludes all funds held on account by the property receiver, if applicable. If the Trustee is unable to convey title for any reason, the successful bidder's sole and exclusive remedy shall be the return of monies paid to the Trustee and the successful bidder shall have no further recourse. Notice to Potential Bidders If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a Trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a Trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same Lender may hold more than one mortgage or Deed of Trust on the property. Notice to Property Owner The sale date shown on this Notice of Sale may be postponed one or more times by the Mortgagee, Beneficiary, Trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about Trustee Sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call Auction.com at 800.280.2832 for information regarding the Trustee's Sale or visit the Internet Web site address www.Auction.com for information regarding the sale of this property, using the file number assigned to this case, CA09005650-11-4. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. NOTICE OF PETITION TO ADMINISTER ESTATE OF (Name): Kenneth Lorne Page Case NO. CVPB17-00020

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate or both of (specify all names by which the decedent was known): Kenneth Lorne Page aka **Kenneth L. Page aka Kenneth Page aka Ken Page**

A Petition for Probate has been filed by (name of petitioner): **David K. Page** in the Superior Court of California, County of (specify): Yuba

The Petition for Probate requests that (name): **David K. Page** be appointed as personal representative to administer the estate of the decedent.

The petition requests authority to administer the estate under the independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

A hearing on the petition will be held in this court as follows: May 1, 2017 at 9:00 a.m. in Dept. 4 located at Superior Court of California, County of Yuba, 215 5th Street Ste. 200 Marysville, CA 95901.

If you object to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

If you are a creditor or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either **(1) four** months from the date of first issuance of letters to a general personal representative, as defined in section 58 (b) of the California Probate code, or **(2) 60 days** from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code.

Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California Law.

You may examine the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for special Notice form is available from the court clerk.

WIFE AND HUSBAND AS COMMUNITY PROPERTY, WITH RIGHTS OF SURVIVORSHIP, WILL SELL AT PUBLIC AUCTION TO HIGHEST BIDDER FOR CASH, CASHIER'S CHECK/CASH EQUIVALENT or other form of payment authorized by 2924h(b), (Payable at time of sale in lawful money of the United States) **At the front entrance to the County Courthouse, 215 5th St., Marysville, CA 95901** All right, title and interest conveyed to and now held by it under said Deed of Trust in the property situated in said County and State described as: AS MORE FULLY DESCRIBED IN THE ABOVE MENTIONED DEED OF TRUST APN# 020-040-081-0000 The street address and other common designation, if any, of the real property described above is purported to be: **6034 PARK AVE, MARYSVILLE, CA 95901** The undersigned Trustee disclaims any liability for any incorrectness of the street address and other common designation, if any, shown herein. Said sale will be made, but without covenant or warranty, expressed or implied, regarding title, possession, or encumbrances, to pay the remaining principal sum of the note(s) secured by said Deed of Trust, with interest thereon, as provided in said note(s), advances, under the terms of said Deed of Trust, fees, charges and expenses of the Trustee and of the trusts created by said Deed of Trust. The total amount of the unpaid balance of the obligation secured by the property to be sold and reasonable estimated costs, expenses and advances at the time of the initial publication of the Notice of Sale is \$195,521.40. The beneficiary under said Deed of Trust has deposited all documents evidencing the obligations secured by the Deed of Trust and has declared all sums secured thereby immediately due and payable, and has caused a written Notice of Default and Election to Sell to be executed. The undersigned caused said Notice of Default and Election to Sell to be recorded in the County where the real property is located. **NOTICE TO POTENTIAL BIDDERS:** If you are consider-

ing bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. **NOTICE TO PROPERTY OWNER:** The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and if applicable, the rescheduled time and date for the sale of this property, you may call (916)939-0772 or visit this Internet Web <http://search.nationwide-posting.com/propertySearch-Terms.aspx>, using the file number assigned to this case CA1500271115 Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. If the sale is set aside for any reason,

Fate of the Furious

Starring: Vin Diesel, Jason Statham, and Dwayne Johnson.

Rated: PG-13, Runtime: 136 minutes.

A group of really angry drivers tear around the globe and blow things up with their cars to save the current power structure that they are rebelling against. There are submarines controlled by aircraft and I can't even get my computer to talk to my printer. Cars with harpoons and flaming Havana death traps the absurd entertains.

The story has more depth than previous installments of this franchise, which is not saying much. With smarter humor and added character development the story is a bit more polished. The acting is good and the effects are just insane.

Fate of the Furious, earns three out of five,

Torpedo Nudging Monkeys. Not the best show in the theater but if you have seen all the others and are a half hour late to the movie you wanted to watch it still isn't a waste of money. Go for the small drink it is kind of a long movie.

THE Brownsville Bailiwick & Beyond

The Yuba Feather Community Services have been pretty busy planning. They will have tee shirts on sale soon with local businesses listed on the back. We hope you all buy one and wear them to community gatherings, helping advertise our area. The San Francisco bus trip on June 10 still has some room on in. See those

Giants! Sounds like fun. Call Jim Lococo for more information (675-2542). There is a Red Cross training to be held downstairs at the Community Center on May 17 from 5:30 to 9:30. The focus will be on "Shelter Fundamentals" in case we need to serve as an evacuation center. A light meal will be served at 4:30. Contact Buck Weckman (675-3221) for more information.

May 4th is the National Day of Prayer and a program will be put on at the Alcouffe Center from 12 - 2. There will be a color guard, flag

raising, music, speakers from the police department, fire departments, sheriff's department, and the VFW. Contact Trysha at 635-0428 for more information.

Vintage Tractor Days is right around the corner on May 6 and 7. There will be fun for the whole family. Hay rides, bounce house, obstacle course, kiddie train rides, pedal tractors and more will await the youngin's Food, art and craft vendors, antique tractor and equipment exhibits, farm life demonstrations and tractor games will entertain everyone for hours. This annual event has free admission with a \$5.00 parking donation. There will also be pony rides for \$5.00. The Alcouffe Center is located at 9185 Marysville Rd. in Oregon House. The event starts at 9:00am - 2:00pm both days.

Due to all the rain, the date for the Brownsville Classic Car Show has been moved from May 20th to July 15th. The ground is still too soft to accommodate the vehicles. More info will follow in the coming weeks.

The Brownsville Mini Gym is looking for a copy of the DVD that was made with the Tai Chi class. If you have bought one that you no longer need maybe you could donate it back to the gym or if you borrowed one, please return it as there are no longer any available at the gym.

Are you tired of hard boiled eggs and egg salad yet? The weather was a bit chilly for egg hunting.

Look Back in Time - In 1901 Rackerby and Upham crossed bats at Fig Tree Park. Rackerby came off victorious (wonder where Fig Tree Park was).

Hope to see you in Brownsville soon. Christine and Yvonne

Brexit

Brexit, a term coined a few years back, describes the U.K. process of its exit as a participating member of the European Union (E.U.). The E.U. is a partnership with 28 countries in the Euro area. It was established to help unify the economies and people of the member countries and allow them to operate more or less like one entity. 19 members use the common currency (Eurodollar). The union has a single parliament where certain rules are set that apply to all which include but are not limited to transport, economic regulation, consumer rights and the environment.

Being a voluntary union, a country could vote to leave at any time and the U.K. voted to do exactly that in June of 2016. The vote to leave caused a temporary downdraft in markets worldwide as uncertainty as to what it would actually mean drifted through the minds of global investors and big money players alike.

The clock has been ticking on the Brexit and now it's time for the U.K. to take the next step if this thing is really going to happen. There have been doubters that the U.K. would actually go

through with it but now they find themselves at a spot where the proverbial rubber meets the road.

The actual mechanics of how a county leaves the E.U. is detailed in a document named Article 50 of the original Treaty of Lisbon which was ratified in 2009 by all the E.U. states at the time. The timeframe spelled out is 24 months from the vote which would put the deadline on or about June of 2018, a date fast approaching for such a monumental move. An extension is possible but many expect if the Brexit does actually happen, it will be a done deal by summer of 2019.

Keep in mind this is the first undoing of an E.U. member. In other words, no one has ever left before. To grasp the magnitude of what lies ahead both in policy and paperwork, imagine California deciding to secede from Uncle Sam. The task is monumental on all fronts to be sure.

There are of course variations of exit that could be negotiated. A hard or soft exit would mean different things to different things, policies and people and any hybrid of possibility could be conjured up as regulators and government officials stumble along a path never before traveled. Immigration, import-exports, tariffs, taxes, treaties, security, stock and bond markets and their instruments

are all up for discussion just to name a few.

Since the whole process is uncharted territory for all involved, no can say how financial markets, economies and even the general welfare of the UK and surrounding countries will fare let alone the global financial markets.

The ramifications could easily encompass the entire civilized world in a number of ways, hopefully none of them catastrophically. Economically speaking, markets hate uncertainty and uncertainty abounds both during and after such an historical event. There is always an outside chance after looking at the task ahead, the Brexit could be negotiated into another breed of autonomy or cancelled all together but as it appears now, its full speed ahead.

Yuba Sutter Arts to Host Teacher Appreciation Week Event

Marysville, Ca.

Yuba Sutter Arts will host a celebration of our local teachers in observance of National Teacher Appreciation Week on Tuesday, May 2nd, starting at 4pm. Yuba-Sutter area Art and English Teachers are all invited to the YSA Art Gallery in Marysville to enjoy live music, refreshments, wine and other beverages. The public is encouraged to join in this free event as a way to say "Thank You." Plan to share a story about an English, Art or Music teacher that made a difference in your life. Attendees will also enjoy a "sneak preview" of the May art gallery show featuring artists from the Foothill Art Society. The event will be held at YSA, 624 E Street in Marysville.

"This year, YSA decided to host its first ever event in commemoration of National Teacher Appreciation Week in honor of our

ongoing collaboration with English, Art and Theater teachers in both counties," said David Read, YSA Executive Director. "We are encouraging other businesses and organizations to also host events or otherwise show appreciation for teachers in other disciplines," he added.

Arts in Education are a priority at Yuba Sutter Arts. In addition to its annual Poetry Out Loud competition, YSA has plans to bring the National Student Poetry Award program to the area in the fall of 2017. YSA helped re-introduce music education to several local elementary schools and has recently begun high school theater workshops to supplement in-school drama programs.

National Teacher Day began as a day for honoring teachers and recognizing the lasting contributions they make to our lives. Teachers play

a critical role in educating and shaping our children: the future leaders of our country. They are kind, patient, hard-working, dedicated and understanding professionals that mold our children's lives in a positive direction. We entrust our children with the teachers, and they affect their lives on a daily basis.

Political and educational leaders first began discussions for a day to honor teachers as early as 1944. In 1953, Eleanor Roosevelt persuaded the 81st Congress to proclaim March 7, 1980 as the first National Teachers' Day.

Teacher Appreciation Week offers the opportunity for citizens to reaffirm their commitment to parent-teacher-community partnerships. While appreciation alone will not reduce the challenges teachers face, it will let them know their efforts are not going unnoticed.

Gas Tax Hike Shows Browns Political Skills

Now this is how the mainstream media treats a 5 billion tax increase by a Democrat Gov. it's like we should thank him for this gift. It is really easy for him in Sacramento the Dems control everything as the Republicans seem to have given the state the Democrats. The republicans need to get a back

bone and start giving the demos a fight.

What I don't understand is why they vote for a Democrat they don't care for the citizen or the tax payer. All they do is raise taxes & Gov Brown has never seen a tax increase he did not like. He never seems to realize what the illegal aliens are costing the state.

The Dems say they pay their own way when they work for cash & there is no way to prove what the Dems say they never show proof of what they say. Just trust us.

This is the biggest tax increase in the memory in the state.

Drought still influences plant sales trends

Despite the demise of the California drought, plant nurseries say their customers remain interested in drought-tolerant landscaping. Nursery operators say Californians want to remain water conscious while livening up their yards by planting

fresh annuals. Demand for what nurseries call "edibles"--such as fruit trees, blueberry bushes and vegetable gardens--has also increased.

Flowering plants benefit farmers

There's a second "superbloom" underway in California this spring. Along with the wild-

flower blooms brightening the landscape, plants are flowering in habitat strips planted by farmers along orchards and crop fields. University of California farm advisors say the plantings benefit bees and other pollinators, as well as beneficial insects that attack crop pests. UC publishes a list of plants that can attract beneficial insects to farms and gardens.

Cattle ranchers plan to rebuild herds cautiously

Record rainfall has brought abundant grasses to California pastures, but cattle ranchers say they're still cautious

about expanding their herds. Many ranchers had to reduce their herds during the drought, as pastures went dry and hay prices rose. Now, with greener pastures, ranchers say they'll rebuild their herds slowly, waiting for a recovery of beef prices and improved beef exports.

California avocado crop will be smaller

In California avocado groves, farmers say it'll be next year before the benefits of the wet winter show themselves. Avocado production has declined this year, as a result of lingering drought impacts and the cyclical nature of the crop. As a result, wholesale prices for California avocados have risen sharply, compared to a year ago. But farmers say they see a strong bloom on their trees, which bodes well for the 2018 avocado crop.

Steven Greenhut Guest Speaker at Tea Party

Yuba City, Ca.

The Sutter Buttes Tea Party Patriots announced Steven Greenhut will be the Special Guest Speaker for their Monday, May 1, 2017 meeting.

Steven Greenhut is the California columnist for the San Diego Union-Tribune. Greenhut formerly was vice president of journalism at the Franklin Center for Government and Public Integrity, where

he managed a team of 35 investigative reporters and editors who covered state capitols across the country. He founded Cal-Watchdog in 2009, which provided Sacramento-based investigative news coverage and he writes regularly for publications including Reason, Human Events, Bloomberg and City Journal. He was senior editorial writer and columnist at the Orange County Register from 1998 to 2009. He is author of the 2009 book, "Plunder! How Public Employee Unions Are Raiding Treasuries, Controlling Our Lives and Bankrupting the Nation" and the 2004 book, "Abuse of Power: How the Government Misuses Eminent Domain." Greenhut played a critical role in launching "Fixing

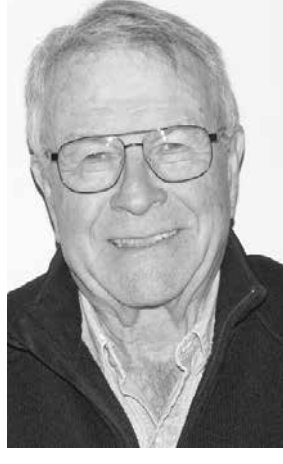

California," a joint project between the U-T and the Franklin Center.

Don't forget – Our regular feature In The News with Paul Preston will follow our Special Guest Speaker. Paul will discuss issues of the day.

The meeting will be at the Church of Glad Tidings, 1179 Eager Road, Yuba City. Everyone is welcome to attend. There is no membership requirement and no charge. Doors open at 6:00 pm; come early to socialize with like-minded neighbors, enjoy the refreshments, and get a front-row seat.

Contact Larry Virga at (530) 755-4409.

• Once in a while it is good to laugh at ourselves. Duffel.blog.com hit the nail on the head in a false news piece which said "The Pentagon awards a sole source contract to United Airlines to remove Assad."

• A \$5 billion tax package to "repair roads." How much do you think will actually be used for that purpose?

• California Democrats just can't get enough votes. Now they want to lower the voting age to 17. Why not age 5? They are indoctrinating kids from the moment they reach school age. Line them up and march them to the polls.

• The DWR is contracting to rebuild the Oroville Dam spillway. How? With the lowest bid received. Apparently the current spillway was built on the same premise – low government bid. We can see clearly how well that project held up. Perhaps the "best bid" to protect the facility would be more appropriate.

• AB 569 by Assembly member Gonzales-Fletcher (D-San Diego) could have the effect of preventing pro-life schools, organizations, and even churches from practicing what they preach. The bill claims that reproductive choices—such as abortion—should be no concern of religious employers. The bill would therefore require employers—with no listed exceptions—to drop all expectations that employees respect the sanctity of life in their own lives. Another restriction on free speech and freedom of religion.

• Remember Susan Rice and John Kerry told us that they had a Russian agreement that

eliminate 100% of Syria's chemical weapons – also known as WMDs. We can see now that these were not truths. But even more concerning is the questions which are not being asked. For example – Where did Syria get the ingredients to make the weapons they have recently used? Think back to another investigation the mainstream media never made. Before the Iraq invasion lines of trucks were reported crossing from Iraq to Syria. And after the invasion there was no sign of WMDs in Iraq. Connect the dots?

• The United Nations Security Council dropped a resolution condemning Assad for a poison gas attack when Russia exercised its veto. Then there was a report that UN Peacekeepers have apparently been running a child slavery ring. Why are we funding the UN? And why do we allow its headquarters to reside in New York?

• Not much ink on the fact that the Obama administration (Loretta Lynch) ordered the FBI to get a FISA warrant to listen into a Trump election volunteer out of Trump Tower. Trump was right.

• The California cigarette tax jumped by \$2 a pack. What do you want to bet that the funds will be used to cover Medicaid losses?

• However, there was lots of ink in the mainstream rags about nepotism in the Trump White House. Perhaps they forgot JFK hiring on his brother as Attorney General, or John Adams hiring on his son; or FDR hiring his son.

• Considering the behavior of Watters, Pelosi, Schiff, Harris and Feinstein, the idea of the State of Jefferson is more appealing than ever.

• According to "intelligent" people it is okay to cultivate and sell marijuana to enhance local budgets and employment. The future of that approach will undoubtedly destroy families and add to child welfare service needs. But is not okay to allow a casino which will actually provide jobs for individuals and business

for local companies. How interesting.

• The State of New York is putting together a new list of 31 gender descriptions for the guidance of bureaucrats. It would be interesting to be a fly on the wall in the committee discussions on this subject.

• In New York's world the government decides to play God. Instead of two sexes, as seems to be the Almighty's plan New Yorkers want 31 genders. Now if you move to New York where will you fit – Bi-gendered, Cross-dresser, Drag King, Drag Queen, Femme Queen, Female-to-male, FTM, Gender Bender, Genderqueer, Male-to-female, MTF, Non-Op, HIJRA, Pan-gender and whatever. Too many to make any sense at all.

Ivy League major colleges and universities, receive billions in federal funding (our tax dollars) for all kinds of sound and ridiculous reasons. Why? These institutions are the richest in the country due to alumni donations and bequests. News reports claim that the endowments are so large that colleges could provide tuition-free education to their students forever. This simple study deserves Congressional scrutiny.

• Sacramento's brilliant mayor loves illegal aliens and wants them to park themselves in Sacramento. Hopefully he's opening his own property for them.

• Harvard has a contest going to take suggestions to change the last line of its Alma Mater, which says " 'til the stock of the Puritans die." Another hallowed institution deciding to diss its entire heritage. Perhaps an alternative should be " 'til the last of the snowflakes die."

• We wonder when the snowflakes will demand we change the name of the Tomahawk missiles.

• The usual suspects are ranting and raving about "dissentation" in the White House. They can't come to grips with the idea that competing opinions are valuable before deciding courses of action. In their bubble-world there is only one idea, one opinion and one philosophy. Anything else must be silenced. So much for freedom of speech.

• Assembly member Patrick O'Donnell, a Democrat, introduced Assembly Bill 485, which will ensure local pet stores in California exclusively sell dogs, cats and rabbits obtained through shelters or animal-rescue organizations. In other words persons engaged in the breeding business will be out of business.

• According to AB 186, Democrats want to legalize heroin use and provide free needles and facilities.

• The new DNC chair claims that Republicans don't care about voters. Someone needs to inform him that the Democrats lost.

Marysville Forgotten ... I Don't Think So

by Judy Mann

For those of you that don't do Social Media, there has been a lot of talk about Marysville lately about how it's being forgotten and neglected Hey! Sorry but I must speak out, Time to give credit due to those who do deserve and may I remind you they are all active volunteers...

Thank you! Friends for the Preservation of Yuba County History/Cemetery Volunteers, the Help Ellis Lake Prosper Group, The Focus on Marysville Group and the Red Neck Yacht Club, these are groups that I know that currently and actively today working hard to improve Marysville... Thank you also to groups like Habitat for Humanity, The Veterans Park Group, The Elks Lodge and the Yuba College group that come out regularly to clean up our parks and lake... Don't forget there's the individual merchant who have given up time to help with different events in the area by sponsoring or donating their time or an item while still running their business. I thank them all! Special Thanks go to The Mary Aaron Museum and the Chinese Community for opening regularly every month their doors up for visitors to see... Yes! We have hidden

"charms" here in Marysville and they should be shared with residents and visitors,, but yet, our biggest charm yet is our "History" yes, I agree some of our historic buildings have been long gone, yes, we have empty lots and store fronts, but people remember "No-One Can DESTROY Our History" it will always travel through time with us, even after we are long gone, only we can make it happen, we have so much documentation that we can share, oh so many stories to be told and photos to share. By sharing we educated, by educating only will our history continue to live.

We must stop blaming the city for faults of property owners who can't maintain the upkeep of their property. We as individuals should come together as a community, think of new ideas and share those ideas. Ideas are great, doing something is even better. So, if we act upon the ideas we can accomplish something.

The groups that I mentioned are the very same groups that are working today to preserve and share our history. Come out and volunteer, join the different organizations, come and support the local events, The

Yuba College, Marysville High School, the Kiwanis, The Lions Club, Y-S Arts, Elks Lodge, the Churches, Yuba County Library, Allen Scott Youth Center, and the Marysville Art Club have events year-round, come out and support these groups and thank them...I guarantee their event's sponsor a great local cause ... We must work as a community... Wonders seem to happen for the good when we work together... I love the people here... I share, I live and I love the history that Marysville has....

So how can you help? Like I stated before Join a group, volunteer, attend a Council Meeting, write a letter to the editor.... become a living history docent, speak out at town hall meetings, share a bit of history, we want to hear from you... contact anyone of the groups or me, YOU are so "needed"...

Volunteer! Volunteer! Volunteer! My apology if I forgot to mention your group, and to the individuals that I see continuously picking up the trash at Ellis Lake Thank you! Thanks Again to all Volunteers and Supporters. **Is Marysville Forgotten I don't think so...**

Yuba County Staff Picks Up Trash for Earth Day

The cleanup efforts are promoted by the county's Tobacco Education Program, which sup-

plies the garbage bags and protective gloves. Tobacco-related waste, such as cigarette butts,

discarded packaging and chew tobacco cans, are collected separately, to see how such items

stack up against other litter that is found. Previous trash pickup efforts at the Health and Humans Services Department yielded over 3,000 cigarette butts, within an hour's time.

County workers participating in the cleanup said they were astounded at the number of cigarette butts and filters that were picked up. According to the California Department of Public Health Tobacco Control Program, cigarette butts make up an amazing 34 percent of total litter collected in California.

Government Center organizers plan to set aside a couple of days each year to pick up trash around the building.

Seasonal Tours at Empire Mine offer gold, grit and gardens

“Empire Mine’s Seasonal Tours are a popular highlight,” said Garden Tours Coordinator, Marsha Lewis. “We offer the public a variety of ways to discover different, in-depth aspects of Empire’s legacy.”

Garden Tours, Living History Tours of Empire Cottage and the Clubhouse, plus extended access to the Mineyard are ready to enthrall and educate visitors from all over America – and all over the world. Here’s a schedule worth keeping, especially for family and friends vacationing in this area.

Garden Tours take place every Saturday and Sunday from April 22nd until October 1st at no extra charge.

Guided tours start at 11:00 a.m., and run approximately 50 minutes. Visitors will learn the history and heritage of these magnificent gardens – as well as the care that goes into maintaining them. Please note: No Garden Tours on Mother’s Day (Sunday, May 14th) or on Miners Picnic (Saturday, August 26th).

Empire Cottage Living History Tours are offered each Saturday and Sunday from May 6th through September 3rd – with an additional \$2 charge for those 17 and over (no extra charge for children).

Docents in lavish, Edward-

ian costumes bring history to life, as they portray the characters who colored our past with gold and prosperity. Mr. and Mrs. William Bourn, Jr., George and Libby Starr, and outspoken housekeeper, Katie Moriarty will answer questions and share their insights, as they recreate Empire’s heydays in the early 1900s. Tours are offered from 12 noon to 2:20 p.m. They start every 20 minutes, and last for an hour. Please note: No Living History Tours on Mother’s Day (Sunday, May 14th), or Miners Picnic (Saturday, August 26th)

Clubhouse History Tours run each Saturday and Sunday from May 6th through September 3rd at no extra charge.

Short, approximately 10-minute tours are available from 11:30 a.m. to 2:30 p.m. Docents in Edwardian-style costumes guide you through this stately building. Originally a gentlemen’s club, here’s where Mr. Bourn and Mr. Starr entertained mining owners and managers from around the world.

Please note: No Clubhouse Tours on July 15 and 16th.

Mineyard Living History – special days when the workshops are open to the public at no extra charge.

Enjoy access to the behind-the-scenes places that were essential to Empire Mine’s success. The Hoist House, the Compressor House, the Blacksmith Shop, Mine Shaft, Machine Shop, Wood Shop, Refinery, and the Mine Manager’s Office will be open from 11:00 a.m. to 4:00 p.m. on **Mother’s Day (Sunday, May 14th), Saturday, June 10th, as well as Friday, November 24th and Saturday,**

November 25. These buildings may be open on other special days. Please

note that the Mine Shaft remains open during regular Park hours (10:00 a.m. to 5:00 p.m.), and the Blacksmith Shop is open for a limited time on most weekends. Sometimes, in extremely hot weather, Mineyard Living History is cancelled. Phoning the Visitor Center, (530) 273-8522, is highly recommended to double check.

“These tours and experiences provide fascinating insights into the beauty, the architecture, the mechanics – and the magic that make visits to Empire Mine State Historic Park unforgettable,” Lewis added, “and we invite everyone to join us, and learn about our fascinating history.”

Empire Mine State Historic Park is open from 10:00 a.m. to 5:00 p.m. daily (closed Thanksgiving, Christmas and New Year’s Day). Admission is \$7 for ages 17 and over, \$3 for ages 6-16, and admission is free for children under 6. Parking is free, and well-behaved dogs on leashes are welcome. For further information, phone the Visitor Center on (530) 273-8522 or visit <http://www.empiremine.org>

“Cover It!” Utility Box Mural Project

Marysville, Ca

Have you ever noticed the utility boxes in some communities and neighborhoods and how they have been painted with scenic and interesting designs? Sacramento, Davis, and many Bay area and Southern California cities have started utility box mural programs. The mini-murals are seen as a way to help beautify a community.

Yuba Sutter Arts is introducing “Cover It!” A Utility Box Mini-Mural Project as part of its arts everywhere initiative. The “Cover It!”

program is designed to support art in public places and to enhance neighborhoods through the creation of these mini-murals. With the tremendous artistic talent in Yuba-Sutter, there will be no shortage of great ideas for mini-mural subjects ranging from local Native American heritage and history, our agricultural leadership, our Veteran community, our cultural diversity, the natural beauty of Yuba-Sutter and so much more.

Yuba Sutter Arts is

asking businesses, organizations and individuals to get involved. What can you do? Consider adopting or sponsoring a box. Suggest a location for a mini-mural. Make a suggestion on what to paint on a box. Submit an application to be an artist. Attend the Cover It! kick-off event called Art, Wine & Wickets on April 29th which is a joint fundraiser for the project put on by the Rotary Club of Yuba City and Yuba Sutter Arts. Consider becoming an Art, Wine & Wickets sponsor.

The Marysville City Council recently passed a resolution adopting an “Art in Public Places Program.” The resolution specifically mentions the Control Box Art Program. Marysville Councilman and Yuba Sutter Arts Board Member, Christopher Pedigo, put forth the resolution. He felt that the program would help the City reduce graffiti and add visual interest to the public landscape by adding artwork to traffic signal control boxes owned by the City of Marysville. Yuba Sutter Arts was

chosen as the City’s partner agency for the project.

The “Cover It!” Utility Box Mural Project will enhance the aesthetics of Yuba-Sutter, promote civic pride, increase pedestrian traffic and extend public art to new areas and unexpected places while creating an attractive environment and allowing art to be introduced to the public in a creative and inventive way. The program goal is to bring beauty to unexpected places such as utility boxes and other public infrastructure.

For additional information contact Yuba Sutter Arts at 530-742-ARTS or david@yuba-sutterarts.org.

Marysville Charter Academy for the Arts Pajama Game

The Marysville Charter Academy for the Arts presents The Pajama Game at the at the Academy's new outdoor venue: Theatre on the Green.

Conditions at the Sleep-Tite Pajama Factory are anything but peaceful, as sparks fly between new superintendent Sid Sorokin (Ethan Barmettler) and Babe Williams (Timaira Hayes), leader of the union grievance committee. Their stormy relationship comes to a head when the workers strike for a 7½ cent pay increase, setting off not only a conflict between management and labor,

but a battle of the sexes as well.

The Pajama Game was awarded the 1955 Tony for Best Musical and over half a century later claimed the award for Best Revival of a Musical proving the story is truly timeless. With an energetic score by Richard Adler and Jerry Ross (Damn Yankees), The Pajama Game is brimming with songs and dances that have become musical theatre standards, including "Steam Heat" and "Hernando's Hide-away."

Directed by Wendie Marks with a live orchestra conducted by James Lohman, choreographed

by Kendra Barrera, and costumes designed by Casey Brazil-Nine. Don't miss out on a chance to experience musical theatre under the stars at 1917 B Street, Marysville, behind the Academy on May 3rd, 4th, 5th, and 6th at 7:30 PM.

Wear your favorite pajamas, bring a pillow, and relax! Hot dogs, popcorn, and other refreshments will be available for purchase. Tickets are \$10 for general admission and \$5 for students, seniors, and military. Call (530) 749-6155 for more information.

Sutter Performing Arts Association's "The Theater Gallery"

In May The Theater Gallery in Yuba City proudly presents beautiful paintings and drawings by **SHANNON DOSCHER** and creative ceramic sculptures by **KAREN FULK**. Their work will be spotlighted all month, along with gallery resident artists Luisa Leger, D. Ellen Day, Paul Spoto, and Rosalyn Bliss. The art show and sale runs from May 3 through May 27. Be sure to attend the **Artist Reception** at the gallery on **Thursday, May 4, from 6:00 to 8:00 p.m.** The event is **free**,

offering complimentary refreshments. Located at 756 Plumas Street in downtown Yuba City next to the Sutter Theater, the gallery's hours are Wednesday through Saturday, 12:00 to 5:00 p.m. during the exhibit.

Inspired by both her mother and her grandmother, **SHANNON DOSCHER** has delved into art for most of her life. It's a personal passion of hers. She has been involved in our community, painting scenes for The Acting Company shows. Since returning from the Bay Area four years ago, she has been seriously painting on her own. Shannon has an eclectic style, very spontaneous, and loves using bright colors in her work. She specializes in acrylics, watercolors, and pen and ink drawings of landscapes, portraits, and animals. She is inspired by whatever catches her fancy. Come and see her fun-filled exhibit!

Multi-talented artist **KAREN FULK** will display her "figurative" oil-painted ceramic sculptures this month at The Theater Gallery. A Fine Arts graduate of UC Davis, Karen studied under famed artists Wayne Thiebaud and Robert Arneson. She was also inspired by taking classes after col-

lege from Miriam Davis and began her "narrative sculptures" then. She is a very talented caricature artist, and has taught Disney-style cartooning to kids in grades K - 12. Her artwork can be viewed at the Artisan Gallery currently and at Yuba Sutter Arts. She won the "Spirit of California" award at the State Fair and even has a pair of leather pants she made in the San Francisco Museum of Modern Art. Her whimsical and entertaining sculptures are delightful! Don't miss her show in May!

The Theater Gallery is open every week, Wednesday through Saturday, from noon to 5:00 p.m. Come in and enter the drawing to win a jewelry piece each month. An Artist Reception is held from 6:00 p.m. to 8:00 p.m. on the first Thursday of every month, complete with complimentary wine and hors d'oeuvres. Proceeds from The Theater Gallery benefit the Sutter Performing Arts Association's effort to renovate the Sutter Theater, turning it into a viable community center. For more information, please visit our website at: www.suttertheater.org or follow The Theater Gallery on Facebook.

The Acting Company Magic Theatre Production (Children's Show)

I Wish... (Magic Theater)
Performances: May 6th, 13th, & 20th.

You've heard the story of Cinderella, but did you know that her sassy Grandmother also has a tale to tell? When a hardworking fairy named carol stops by her granddaughter's cottage to borrow a cup of flour, a simple visit quickly turns into a complicated evening of chaos. And you would think magic would be easy for a fairy, however, an accidental encounter with a fire-breathing dragon renders Carol's wand useless. And to top it off, a bunch of mischievous mice are on the loose. Will we ever make it to happily ever after? And will the brownie batter that Grandmother is trying to make, ever find it's way to the oven? You'll have to watch to find out!

Magic Theatre performances are Saturdays Only at 1:00 p.m. and 3:00 p.m. Tickets are \$5 per child, and \$8 per adult. Best to make reservations in advance.

Box Office: Regular hours are Monday - Friday from Noon to 2:00 p.m., except holidays. During performances, Box Office is open 30 Minutes prior to show time.

Allis Chalmers Model G

by Rod Hisken

Several of the major tractor manufacturers produced small tractors for the market of low acreage farms, gardeners, and light utility use. The Allis Chalmers Model G was produced to meet this requirement.

The pictured G was discovered on a farm near Sheridan California.

The Allis Chalmers corporation has its roots with Edward P. Allis and Fraser and Chalmers, a rock crushing company. Allis began manufacturing in the late 1800s and went bankrupt in 1873. Restarting the company he hired Edward Reynolds who developed the famous Reynolds-Corliss engine which dominated the power supply for flour mills, logging operations, and city electric needs.

These engines came in small versions to the nine monsters that powered the Manhattan Subway System. The big

engines had cylinders up to 88 inches in diameter. Some produced 1,000 horsepower. The Manhattan Monsters required 1,000 pounds of coal a day. They had a reputation of lasting for years without need of repair.

1901 saw the incorporation of AC.

In 1912 the Company began to experience serious financial needs. They reorganized under the direction of General Otto Falk who reduced the number of plants from six to two. Under resistance from others in the corporation, he started the movement into the farm equipment business and purchased Monarch in 1928. Monarch was producing track layer type machines. Acquisitions followed: 1929 La Cross Plow, 1930 Stearn Engine, 1931 Advance Rumley, 1953 Buda, and Gleaner in 1955.

Advance Rumley was

purchased for their dealership network.

AC was noted for their products as being of excellent quality but they seemed to be behind the improvements that were occurring in the industry. Some lines met with mediocre sales. However, AC introduced many firsts in the industry.

1. First Square Engine
2. Low pressure rubber tires in 1931
3. Power Adjustable Rear Wheels
4. Turbocharged Diesel Engines.
5. Live PTO
6. Dry type Air Cleaners
7. Power Steering
8. Positive Seal Track Idlers
The Model U became famous when AC put high speed gears and promoted it at county fair race tracks. Barney Oldfield achieved an astounding 64.28 mph in 1931.

The Model B was a major catalyst to International Harvester to produce their Model A.

Early tractors were painted green and later units were Persian Orange.

In 1974 the company merged with Fiat and in 1985 they were purchased by Klockner Humbolt Deutschland and AG from Germany.

The Model G was built from 1948 to 1955. They were designed for the small acre farm, vegetable producers, and landscapers. A large array of equipment was produced to attach to the unique design. They were built in the Gadsden, Alabama plant. AC had hoped for greater numbers to be sold and production stopped at 29,976. The base tractor sold for about \$970. The little 62 Continental motor produced about ten horsepower. Weight of the G was around the 1,285 to 1,750 (lb) range. The three speed transmission option was a creeper gear which reduced speed to .08 mph.

Gs have been modified to diesel powered and electric.

Economy of operation is 7.46 horsepower hours per gallon. The little G is popular with collectors because of its size and its unique configuration. Prices range from \$700 to \$10,000 depending on quality. The \$4,000 range is common for nice looking restorations. Many collectors like to have at least one G in their collection. Some just collect Gs.

I was quite pleasantly surprised when at a Tractor Pull to see one perform. They can pull 76 per cent of their weight!

Nice little tractor!

This Month In Your Garden

BALD MOUNTAIN NURSERY

6195 BALD MOUNTAIN ROAD • BROWNS VALLEY, CA • 530-743-4856

If "April showers bring May flowers", as they say, May should be an unusually pretty month that will put many people in the mood for gardening – seasoned and beginning gardeners. The weather is usually beautiful and so many plants have come to life with lovely green foliage and colorful blooming flowers. This year seems to me to be especially beautiful, almost as if the plants are celebrating the end of the drought which brought more rain and snow that we have seen in five years. May is usually not too hot, nor too cold – great gardening weather. Most of the colorful annuals that will give fast color such as marigolds, petunias, alyssum, lobelia, for sunny areas and pansies, begonias, and impatiens for the shady spots are now available and are easily planted from six packs. If you are not one of the impatient people who need instant gratification, they can be planted from seeds.

As the weather begins to warm in the spring, along come many insects that enjoy it as well. There are many insecticides for sale, some are "specific" and some are "all purpose" and one needs to check the label to be sure your needs are covered. Diatomaceous earth is an effective insect repellent for many crawling insects including, slugs, grasshoppers, fleas, centipedes, ants, cockroaches, earwigs and many others. It is quite inexpensive, easy to use and safe around pets and people. Mealy bugs seem to like citrus trees. If you notice small white dots on the limbs and in the crotches of the limbs, they are probably young mealy bugs. They grow slowly and look like a scale problem. They

stay flat and develop a white fuzzy coating that is difficult to penetrate unless a small amount of liquid soap or horticultural oil is added to the spray. When the bugs die spray them off with a strong stream of water.

As we work our way into May we frequently encounter some hot summerlike weather, so be ready. Check your irrigation systems and/or supplies. Drip systems should be turned on so that you can see where repairs are needed. Sprinklers should be checked to be sure they have not become plugged and that they work properly. It will be time to restore basins around any trees or plants that had been cut to allow for drainage during the winter. They will be needed for deep watering again for the summer season.

Roses are setting nice buds and some beginning to bloom as I type this, so they should be in their first beautiful spring show of the season by the time this is being read. Be sure to dead-head them and fertilize them regularly to keep them blooming. Spray them with a fungicide or Neem oil at the first sign of a fungus infection (Black Spot, Powdery Mildew or Rust) because they can

spread quickly and be difficult to conquer. Those first flowers are often large and beautiful. As the summer heat comes the size of the flowers usually become somewhat smaller, but still lovely.

Many people have asked if it is too late to plant a vegetable garden. It is not too late. Many people purposely wait until they feel more confident that they will avoid a late season freeze and that being a bit later is no problem since they will quickly catch up to the other gardens planted nearby.

Just a reminder – if you have camellias, keep the fallen flowers raked up. As they decompose they can harbor a fungus that can damage the plants. If you have rhododendrons that have bloomed, the flower truss should be snapped off at its base and discarded. If they are not removed the plant will spend energy making seeds and may not bloom the following year. It would be a shame to miss them.
