# TERRITORIAL DISPATCH

Serving Yuba-Sutter-Colusa-Nevada Counties

Locally Owned ~ Established 1984      A Weekly Newspaper • Vol. 34 • Issue 15      [eterritorial.com](http://eterritorial.com)      April 12, 2017

## Guided Wildflower Walks Nevada Co at Covered Bridge

When spring arrives in the Nevada County foothills there is no better way to welcome its arrival than with a walk among the beautiful wildflowers at South Yuba River State Park. Docents provide guided wildflower walks beginning on March 11, and will continue every Saturday and Sunday through May 14 at 11:00 a.m. The walks and blooms are at the whim of Mother Nature. Rain may cancel.

highly regarded for the many species that bloom on its hills and slopes. Each season observers are delighted with an ever-changing tableau of spring color. Early season walkers will find Western Buttercups, Zigzag Larkspur, and Shooting Stars. By mid-season, the hills turn gold and purple with Tufted Poppies and a variety of lupine. Mid to late season floral treats include Fairy Lanterns, Chinese Houses, and Birds-eye Gilia. Docents will share facts, legends and the many uses of the flowers and

plants along the trail.

Docent led hikes last about two hours. The Buttermilk Bend trail is an easy 2 mile hike out and back. Meet at the trailhead in the South Yuba River State Park north parking lot. Follow Pleasant Valley Road north past the Visitor Center over the South Yuba River. Parking is \$5.00. Sturdy walking shoes, hat and water are recommended. A \$3.00 donation is requested and appreciated. (Dogs are not permitted on the guided walks as the trail is narrow and the groups can be large.)

Other guided hikes are also available such as four docent-led wildflower hikes on Pt. Defiance trail in April. They are on Tuesdays, April 4, 11, 18, 25 at 9:30am. Midweek private group hikes can be arranged by contacting the Visitor Center.

To make your visit complete, bring picnic lunch and allow time to take in the park Visitor Center, check out the covered bridge (while it is under renovation) and barn (both built in 1862), and the restored 1920's gas station.

The Visitor Center is open from 11 a.m. to 3 p.m., Thursday through Sunday until Memorial Day and every day from 11 a.m. to 4 p.m. starting Memorial Day weekend. Here you can find a collection of wildflower books educational and souvenir items. (And perhaps that bottle of water you forgot to bring for the hike)

For more information, call the park at (530) 432-2546, or go to [www.southyubariverstatepark.org](http://www.southyubariverstatepark.org).

## New Taxes for Roads Fraud

by Lou Binninger

Last week's vote by the legislature to raise \$5.2 billion in new taxes annually on fuel and vehicles was portrayed as an infrastructure improvement bill. That's a lie, but what's new?

Gov. Brown, union thugs and environmental groups pulled-off another assault on taxpayers to bail-out the government employee pension fund. Employees can earn up to 90% of their highest earnings year when retired. The pension system earns nearly nothing on investments and is riddled with incompetence and corruption.

The fund currently needs \$11 billion annually to sustain this lavish commitment to retirees. The new "road" taxes will backfill the pilfering of other government monies for pension promises.

Gov. Brown gave nearly \$1 billion in pet projects to fence-sitters for leaning his way on the taxes. He needed at least one Republican to vote for the bill to get the needed 2/3s majority.

Being Brown's whore got Sen. Anthony Canella (R-Ceres) \$400 million in pork for the extension of the Altamont Corridor Express, a commuter rail line between the Bay Area and the Central Valley. Canella sold himself, ripping off state taxpayers, for his future ambitions.

There is nothing in SB 1 to guarantee the \$52.4 billion over 10 years will actually go to roads. Gas taxes go up 12 cents a gallon diesel 20 cents a gallon, electric car owners will pay an annual fee of \$100, and registering any vehicle spikes from \$38 – \$175.

According to Jon Fleischman "30% of the new tax revenues will go to projects other than roads (including parks, workforce apprenticeships, rural bike lanes, boats, trains and local planning grants)." Incredibly, the plan mandates that less than 5% of funds can go to traffic relief or lane expansion. This is insanity.

Brown and environmental nerds think millions of commuters idling for hours-a-day on LA and San Diego freeways is ecologically healthier than getting people to their destination quicker and safer. No freeway system in America compares to LA gridlock.

It isn't just about a shortage of money. The Reason Foundation found that California spends more money than most states to get the poorest roads:

California spends 4.7 times more per mile of state-controlled highway than the national average. For every \$1 Texas spends, California spends \$5.80. For \$1 Michigan spends, California spends \$3. And for all the extra expense California ranks 47th for highway conditions, while Michigan ranks 30th and Texas 11th.

So while costing a lot less per mile, those states are able to have much better roads. In fact, over the last 20 years of liberal leadership, California's highway system and road conditions made the least amount of improvement among all 50 states. How so?

The state is the poster boy for waste, bad leadership and corruption. And, Caltrans gets the trophy for the most wasteful among state agencies. Spending much more for much less translates to incompetence from the top down. Caltrans sports 20,000 employees (5,000 at headquarters) with \$11 billion to spend.

Sixty-two percent of Caltrans jobs exceed budget. One Caltrans employee golfed for 55 days on the clock, even bragging to co-workers about it. Who hasn't noticed packs of Caltrans workers sauntering around Marysville taking a break from their B Street Palace?

Caltrans crews are a byword for waste and shovel-leaners when work-jokes are told in the private sector. "Heh, this looks like a Caltrans operation!"

In 2014, state analysts noted that Caltrans could lay-off 3,500 employees, save \$500 million and not miss a beat. But reforms are blocked by unions who favor white collar welfare.

Caltrans has weak controls over spending, in some cases no controls. Auditors reported that no supporting documentation is produced on work order costs when completing field maintenance.

According to the State Auditor, Caltrans lied to legislators for seven years about implementing recommendations from a \$250,000 study conducted to help the agency make field maintenance operations more efficient. While legislators believed Caltrans was following these guidelines, it wasn't. Who cares that taxpayers' money was wasted on the study.

The road to incompetence is paved by Caltrans and its spineless legislators. And, it takes a lot of your money to keep them going.

## Yuba Co. BOS Pulls a Fast One Cut Number of Board Meetings No Night Meetings

by John Mistler

Marysville, Ca. – **The February 28th 2017** agenda of the Yuba County Board of Supervisors (BOS) presented an ordinance to cut the public meetings from four times a month to two times a month. This was the first reading of the ordinance with the second reading coming on March 7th.

**The March 7th** night meeting was attended by approximately 20 people including county staff. Chairman Randy Fletcher was absent.

Three people spoke against the meeting change, stating their concerns of lack of accessibility for the public and especially concerns of no night time meetings being scheduled. The question of the increased work load from the Yuba County Water Agency (YCWA) was also raised. Supervisor Leahy said there was no increase in the work load (despite what was said at the February 28th meeting), this change is about more efficiency and less impact to the staff.

After more discussion, the board voted to amend the proposed ordinance to one morning meeting, the fourth Tuesday of each month and one evening meeting the second Tuesday of the month. The second reading of the amended ordinance will take place on March 21, 2017.

**The March 21st.** meeting agenda said. Hold public hearing, waive second reading and adopt ordinance amending. Section 2.25 of the Yuba County Ordinance Code **changing the regular board meeting schedule to the second and fourth Tuesday of each month at 6:00 p.m. and 9:00 a.m. respectively.**

Following the board discussion regarding meeting schedule and ability to have items placed on the agenda for specified times throughout the day and the evening, Supervisor Vasquez recommended both meetings be at **9:00 a.m.** (the way it was before the public objected). The only two things that had changed, from the previous meeting was Chairman Fletcher was present and there was no one there to object.

Chairman Fletcher opened the public hearing. No one came forward. (no one opposed what was on the agenda for this item, it had been decided in the previous meeting).

At this time the amended ordinance is back to where it was (February 28th) before the public objected. The new second reading was held on April the 4th.

**The April 4th** meeting was a night meeting with 25 people including staff attending, Chairman Fletcher was absent. No one spoke for or against the meeting changing to 9:00 a.m. for both meetings. The change discarding night meetings passed 4-0.

Editors note: Watching government we often see bureaucrats getting raises greater than the average income of the people they are supposed to serve. We see them getting their work reduced or lessening the "impact" to the staff. What we don't see is a reduction in pay or lessening of government impact to the tax payer. The consideration should not be the impact to the staff but the impact to the taxpayer, apparently that concept is gone.

# THE WAY IT USED TO BE By Larry R. Matthews

Yes, I quickly acknowledge that I am living in the past...especially musically.

It's been through a whole set of incarnations in my collection; from 45, to album, to cassette, to CD, to my IPOD. If I'd had an 8 track it probably would have been in that format also.

The song, written by Garry Bonner and Alan Gordon, had been rejected by many prominent groups prior to the Turtles accepting the song. The song turned out very well for the group; it was their only number one record and placed them back into the Top 40 after more than a year of no big hits. It sold over a million copies.

Last month I visited Jim Tucker in Grass Valley. He was the rhythm guitar player for the group from 1965 to 1968. He remembers their manager, Bill Utley bringing in the demo of the song and playing it for the group. The demo had been recorded by the

writers and was pretty rough. But the group liked the song and in a short time had it ready for recording.

Jim Tucker says that the record was recorded at Sunset Sound Studios in Los Angeles. He believes that it was one of the first songs recorded in 8 track stereo.

The video for the song was also one of the first rock videos. It shows the group mugging and dancing around in a Los Angeles park. It certainly shows that the group did not take itself too seriously.

The front men for the group, singers Mark Volman and Howard Kaylan have stated that their bass player, Chip Douglas arranged the song. Chip Douglas joined the Monkees soon after as their producer.

Those classic guitar licks at the beginning of the song were performed by Al Nichol. The drummer on the record was John Barbata who later worked with Crosby, Stills, Nash, and Young, and Jefferson Airplane/Starship.

The song is about the singer's imagined and unfulfilled love. The early part is positive and optimistic about the relationship. But by the end of the song it seems like he may be understanding that it will never be. When he says "How is the weather?" does that mean that there was no interest on her part? Pretty sad.

The combination of lead singer Howard Kaylan's voice and the tight backing vocals and instrumentals made the song a big hit. To this day it makes me feel like I am 16 again. For some odd reason this sad song makes me happy.

picture: Also, the caption for the photo is "Jim Tucker's Gold Record for Happy Together".

# FISHIN' TALK

by Boots Johnson

Dan "Boots" Johnson has fished and hunted in California for 70 years. Anyone with questions or comments can email him at boots3@syix.com

The striped bass run is well underway in the Feather River but releases from the Oroville Dam have complicated things. The level of the river is constantly changing due to these releases, some of which have raised the river by as much as six feet. These conditions make catching stripers a bit more difficult. We have reports of an-

glers catching 20 or so smaller fish before putting a legal 18 inch fish in the boat. The feather is putting a bunch of water into the Sacramento River at Verona which should bring up the large striped bass into the Feather River due to the abundance of food being washed into the system. We will not be surprised if some anglers catch stripers in the 30 and 40 pound range this year.

We have reports from both Englebright and Collins Lake. Trout were released from both pens last week plus other plants. Fish at Englebright Reservoir have been caught ranging from three to five pounds trolling near the marina. The water conditions at Englebright are still murky and cloudy. At Collins over 2500 trout were planted including releases from their holding pens. Fish

are being caught by trollers and from the bank all over the lake. The water is still cloudy, but is clearing up a bit.

Our weather source, who several months ago predicted lots of rain has advised to expect more rain in the valley floor and foothills on Wednesday (4-12-2017) or Thursday (4-13-17). He also predicts winds and snow in the high country.

Oroville dam dropped over 40 feet last week which put the areas bass were being caught in high and dry. Expect the bass to be found in deeper water now and will be more difficult to locate. Limits will be common once the large schools of fish are found.

Boots fishing tip for the week: "When bait fishing for striped bass with cut bait, add a night crawler to your hook."

## 50 Years of "Happy Together"

It's been 50 years this spring since liting guitar licks first introduced a classic rock song to the AM radio stations of 1967. It was number one for three weeks and stayed on the Top 40 survey for 12 weeks. For those 3 weeks it kept the Beatles' "Penny Lane" at number two.

Tommy Smothers introduced the song on the Smothers Brothers Comedy Hour in February 1967.

That song was the Turtle's "Happy Together" and it remains one of my very favorite songs. I am proud to include it in my "old guy" song collection of the most important songs of my life.

# Monster Sturgeon

Submitted by Lyle Dam

This fish grabbed the hook at approximately 12:30 pm on March 30, 2017. As the fish began spooling the reel, Justin McCorkle was able to buoy the anchor, get the boat started and turned around. I looked down and realized my reel was spooled. We both played the fish for 45 minutes and were both really happy that it came in at 58 inches and weighed 55 lbs., 8 ozs. Boat was launched at Boyds and fish was caught about 1500 yards northeast of the boat dock in the Feather River. There is no way I would have been able to get that fish in by myself and it was by far the best fishing trip I have been on.

# Art, Wine and Wickets

In Support of the "Cover It!" Utility Box Mural Project

Marysville, Ca. Wickets...you know, those little wire hoops you whacked your croquet ball through when playing the game as a kid. Join Yuba Sutter Arts in a beautiful setting amongst the vineyards at the base of the Sutter Buttes at its first annual Art, Wine and Wickets event. The Rotary Club of Yuba City and Yuba Sutter Arts are partnering for a fun-filled afternoon spring bash. The magnificent artwork of local artists, Sara Sealander, retired Yuba College Art Department Chair, Carol Keesling, Joanna Kidd and Rebecca Wallace will be featured as will the artists. The ticket price includes a gourmet boxed lunch, Cordi Wine tasting, a glass of Cordi Wine, games, relaxation and...croquet!

You've been to the winery in Sonoma where there are croquet courts in front of the tasting room and anyone can spend a leisurely afternoon sipping wine while playing a few games with friends. Art, Wine and Wickets will bring back those nostalgic, youthful times in our lives and much, much more.

The event will be held on Saturday, April 29, 2017 from 11am - 4pm at Cordi Winery, 10401 Ingram Lane in Live Oak. Tickets are \$25 and the event is limited to the first 150 registrants.

Did you play backyard croquet when you were growing up? Or maybe

ramento, Davis, and many Bay Area and Southern California communities have started similar utility box mural programs.

The "Cover It!" Utility Box Mural Project is designed to support public art programs and to enhance the community through the use of mini-murals. The project will enhance the aesthetics of Yuba-Sutter, promote civic pride, increase pedestrian traffic and extend public art to new areas and unexpected places while creating an attractive environment and allowing art to be introduced to the public in a creative and inventive way. The program goal is to bring beauty to unexpected places such as utility boxes and other public infrastructure.

Art, Wine and Wickets is a 21 and over event. Dressing in period 20s and 30s style costumes is encouraged, but not required. In addition to croquet, there will be old fashioned games including a wine bottle ring toss and a "closest croquet ball to the wine bottle" competition.

# Liberty Tour VI

National Expert on Dams to Address Oroville Dam Disaster

Scott Cahill, noted national expert on dams will be a guest speaker at Liberty Tour VI Saturday April 22, 2017 in Live Oak Ca. 8:00 a.m. to 3:00 p.m. Church of Glad Tidings, 1179 Eager Rd. and it was announced by Paul Preston host of Agenda 21 Radio.

Oroville Dam.

**The Oroville Dam Disaster will be a featured discussion at Liberty Tour VI. Learn about the cause of spillway failures, what led to the emergency evacuations and what could go wrong in the future. Participants will be given emergency evacuation and safety information on how to keep themselves safe! Liberty Tour VI will also feature the power of Declaration of Independence. Written by Thomas Jefferson the Declaration of Independence was the seminal document that inspired our U. S. Constitution and Bill of Rights.**

The Territorial Dispatch will start a new feature April 5, 2017. We will run a weekly list of Yard Sales for free. The Yard Sale information should be sent to [tina.territorial@yahoo.com](mailto:tina.territorial@yahoo.com).

The information should only include Date, Address and Time. Yard Sale information needs to be received 10 days prior to the sale.

### SUPERIOR COURT OF CALIFORNIA COUNTY OF YUBA IN THE MATTER OF THE APPLICATION OF: Coren Noel. PETITIONER CASE NUMBER: YCSCCVPT 17-00310. ORDER TO SHOW CAUSE FOR CHANGE OF NAME

HEARING DATE:  
April 17, 2017  
DEPT: 4  
TIME: 9:30 A.M.

Petitioner(s) Coren Noel filed a petition with this court for a decree changing name as follows:

**from: Amy Michelle Royce**  
**to: Amy Michelle Royce-Noel.**

**IT IS HEREBY ORDERED** that all persons interested in this matter appear before this court in Department 4 of the Yuba County Superior Court located at 215 Fifth Street, Suite 200, Marysville, CA on April 17, 2017 at 9:30 A.M. and then there show cause, if any they have, why the petition for change of name should not be granted.

**IT IS FURTHER ORDERED** that a copy of this order to show cause be published in the Territorial Dispatch, a newspaper of general circulation published in this county, at least once a week for four consecutive weeks prior to the date of the hearing.

DATE March 10, 2017

**STEPHEN W. BERRIER**  
**JUDGE OF THE SUPERIOR COURT.**

March 29, April 5, 12, 19, 2017

### COUNTY OF YUBA SUMMARY OF ADOPTED ORDINANCE NO. 1562 AMENDING SECTIONS 2.25.010 AND 2.25.030 TO TITLE II OF THE YUBA COUNTY ORDINANCE CODE RELATING TO THE BOARD OF SUPERVISORS MEETINGS

The following is a summary of an adopted ordinance which amended Sections 2.25.010 and 2.25.030 to Title II of the Yuba County Ordinance Code relating to the Board of Supervisors meetings which is proposed to be adopted by the Board of Supervisors of the County of Yuba on April 4, 2017.

The ordinance amends Section 2.25.010 changing regular meetings of Board of Supervisors to two every calendar month on the second and fourth Tuesday at 9:00 a.m. of every month. Additionally, the proposed ordinance would amend Section 2.25.030 by limiting the number of regular meeting that may be cancelled in the same calendar month to one.

The complete text of the proposed ordinance may be reviewed in the Office of the Clerk of the Board of Supervisors of Yuba County.

AYES: Vasquez, Leahy, Lofton, Bradford  
ABSENT: Fletcher  
ABSTAIN/NOES: None

The complete text of the ordinance may be reviewed in the Office of the Clerk of the Board of Supervisors of Yuba County.

## CRITIC'S CORNER

by Matt Woolery  
**Ghost in the Shell**  
Starring: Scarlett Johansson, Pilou Asbaek, and Takeshi Kitano.  
Rated: PG-13, Runtime: 107 minutes.

Ghost in the Shell, is set in future Japan where the line between human and machine is thin and fuzzy. Set with wild enhancements and brains with robot bodies. The variation of combinations of the melding of flesh and machine is endless. I might opt for robot spider legs with a cup holder. Imagine how smooth you could move with eight legs and all without spilling your drink.

The film follows a young lady that wakes up to find herself in a robot body and in the employ of a security company that sees her as little more than an asset. She seems to roll along with it until the boss puts profit over humanity and learns that humans are more than tools to be tossed aside and that not everyone is out to fill their bank account. The story could have used more world development to more firmly set the stage. The acting is great and the effects and makeup are very well done. I am not entirely sure why there are giant holograms of people exercising in the middle of the city, but what ever floats your robot boat.

Ghost in the Shell, earns three out of five, Deep Diving Monkeys. If you dig hard science fiction with moral relativism and some sweet spider tanks then this is the film for you. If you are looking for flashy lights and Scarlett Johansson in a skin suit this film is also for you, however as you watch it try to see the deeper questions the story asks.

## NOTICE OF PETITION TO ADMINISTER ESTATE OF (Name): Kenneth Lorne Page Case NO. CVPB17-00020

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate or both of (specify all names by which the decedent was known): Kenneth Lorne Page aka **Kenneth L. Page aka Kenneth Page aka Ken Page**

**A Petition for Probate** has been filed by (name of petitioner): **David K. Page** in the Superior Court of California, County of (specify): Yuba

The Petition for Probate requests that (name): **David K. Page** be appointed as personal representative to administer the estate of the decedent.

The petition requests authority to administer the estate under the independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

**A hearing on the petition will be held in this court as follows: May 1, 2017 at 9:00 a.m. in Dept. 4 located at Superior Court of California, County of Yuba, 215 5th Street Ste. 200 Marysville, CA 95901.**

**If you object** to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

**If you are a creditor or a contingent creditor of the decedent**, you must file your claim with the court and mail a copy to the personal representative appointed by the court within **the later of either (1) four months** from the date of first issuance of letters to a general personal representative, as defined in section 58 (b) of the California Probate code, or **(2) 60 days** from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code.

**Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California Law.**

**You may examine the file kept by the court.** If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for special Notice form is available from the court clerk.

**Attorney for Petitioner (name):** Sheldon C. Hadley (SBN 103188) (Address): 230 5th Street Marysville, CA 95901 **Phone No.:** (530) 743-4455 **PUBLISHED IN THE TERRITORIAL DISPATCH: April 12, 19, 29, 2017**

## INVITATION TO BID YUBA COUNTY WATER AGENCY

Sealed proposals will be received at the office of the Yuba County Water Agency, located at Yuba County Water Agency, 1220 F Street, Marysville, CA 95901, until May 15, 2017 at 2:00 p.m. or such later date as may be set by addendum, and then will be publicly opened and read for the construction of the following public works project:

2017 Colgate Penstock Coating Project. The work involves stripping old topcoat and repainting the exterior of six sections of the 13'-6" diameter steel Colgate Penstock. Penstock sections included under this contract include five, contiguous, 40' straight sections and one 18' elbow. The work also includes associated ring girders, dresser couplings, and each penstock section's steel supports. The new overcoat will consist of a moisture cured system comprised of spot prime zinc; an intermediate mastic coat and a finish urethane coat. The scope of work includes, but is not limited to, the following items:

- Removal of failed coating and pipe cleaning by water cleaning
- Containment and disposal of water/debris from cleaning operation
- Surface preparation
- Protection of areas that are not to be painted
- Repair any area(s) of bare steel with application of spot primer
- Application of a full intermediate coat of moisture cured mastic
- Application of a full finish coat of moisture cured urethane
- Compliance with all safety and environmental regulations

The contract documents for the Project, including the public works construction contract, instructions to bidders, bid forms, and plans and specifications, may be examined at the Agency office, with prior notice to the Agency's representative, located at 1220 F Street, Marysville, CA 95901. A copy of contract documents may be obtained at the Agency's office upon request to [jupton@ycwa.com](mailto:jupton@ycwa.com). Bidders must comply with the Instructions to Bidders.

**The Agency will hold a mandatory pre-bid conference on April 25, 2017 at 9:00 a.m. at the site of the project at Colgate Powerhouse, 12700 Lake Francis Road, Dobbins, CA 95935. It is suggested that each prospective bidder review the bid documents prior to the pre-bid conference. Each prospective bidder shall be required to attend the pre-bid conference. Bids from any bidder not attending this conference will be rejected as non-responsive. Personal Protective Equipment (PPE) required: high visibility vest for traffic areas, hard hat, and steel toe boots.**

Each Bid must be submitted on the prescribed forms and accompanied by cash, a cashier's check, certified check or bid bond executed on the prescribed form payable to the Agency in an amount not less than 10 percent of the amount bid.

Accompanying each bid shall be a Proposed Project Schedule and information on any proposed "Or Equal" products in accordance with Section 1.03 of the Specific Requirements.

The successful bidder will be required to furnish a payment bond and faithful performance bond each in the full amount of the Contract price, and insurance with certificates and endorsements of insurance, as provided in the Contract Documents. The required bonds must be provided only by a surety insurer who is admitted to do business by and in good standing with the California Department of Insurance.

Bidders are hereby notified that in accordance with Public Contract Code section 22300, securities may be substituted for any monies that the Agency may withhold pursuant to the terms of this Contract to ensure performance.

The successful bidder must possess the following classification or type of contractor's license issued by the Contractors State License Board: Class C-33, California.

To be qualified to bid on this Project, bidders must be registered and qualified to perform public work with the Department of Industrial Relations pursuant section 1725.5 of the Labor Code. All subcontractors listed in a qualified bidder's bid as performing any portion of the work also must be registered and qualified with the Department of Industrial Relations.

The Agency's General Manager has determined that the Project involves work that is substantially complex and therefore requires the Agency to retain a higher percentage of proceeds from each payment to the Contractor in order to adequately protect the public against potential claims and losses that might result from such work. Based on the above finding, the Agency has imposed a retention of proceeds under this Contract equal to percent (5%) of the amount of each approved payment requested by the Contractor.

The attention of bidders is directed to the requirements and conditions of employment to be observed and prevailing wage rates to be paid to all workers employed under the Contract in accordance with Labor Code sections 1770 and following. Copies of the prevailing rate of per diem wages are on file at the Agency's office, and will be made available to any interested party on request. In accordance with Labor Code section 1771.4(a)(1), this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

The Agency reserves the right to reject all bids. Any bid not conforming to the intent and purpose of the Contract Documents may be rejected. The Agency may extend the time to award the Contract.

## Yuba County Pet of the Week

A163863 "Dexter", is a 1 year old male Chiweenie mix. Dexter is

housebroken and would make the perfect pet! Won't you consider adding Dexter to your family? Adoption fee is just \$60 and includes vaccines and neuter. Add on a microchip for \$15 more! If you are interested in adopting Dexter, please call or come by the shelter. 5245 Feather River

It would be a long song and dance for me to explain all of the ins and outs of a sinister plan by billionaire elite's who are bent on destroying the very foundations of America and then rebuild it into an even greater slave state than it already is. But here lies the real deal. The primary plan is to take the world from a place of order to a place of chaos for the sole purpose of control, power, and more money in the hands of that 1% world elite. You see, when there is a lot of chaos, an excessive amount of control is needed for the "safety and welfare." of the people. And all along you thought that if more big government reined in your life for the sake of "safety" and for the "good of the whole" that you would be protected? My friend, revolutionary movements that are sold on a progressive Marxist agenda will use doublespeak wherever and whenever it supports their world agenda. The European Union is a bitter snapshot of an anti-nationalistic agenda that appears to be failing. It is an attempt to breakdown nationalism and cultures into secular conformity to where countries will have no history, no constitution, no rights, and no votes.

Clearly, we the people are in a cold war, soon to become violent, being spearheaded by an elite group which has caused this havoc by using followers that are programmed into thinking in these terms.

Out with the old, in with the new. And in the meantime, if the shoe fits wear it even if there are huge holes in the soles. What holes may you ask? Might it have to do with real estate? Ask the Bundy's.

If the government came up to you today and asked you for the keys to your house and told you that for some made up reason your house posed a "threat" to the entire neighborhood and that it would have to be torn down before a serious calamity took place, what would you do? You would either face the giant, one way or another, or would you bow down to the gods of the state, right? This scenario is already happening in America. It's called the "new International Housing Authority", aka, the IHA who is the self appointed lords of redevelopment and the demolition crew. Yes, it is the wonders of the

Blvd Olivehurst. 530-741-6478 We are open Monday-Friday 8:30am-3:30pm, Saturday 10am-2pm. Check out [www.petharbor.com](http://www.petharbor.com) or our new facebook group: [facebook.com/groups/yubacountyanimals](https://www.facebook.com/groups/yubacountyanimals). We are accepting new volunteers and donations.

# Seeds of Destruction From Order to Chaos

Author, Chuck Frank

socialist-globalist state. And if there is too much resistance to this new social class and no one wants to comply, chaos will arise in one form or another, and by design the sinister state will destroy itself through racism and political and religious divide and then a new country will be rebuilt to where a people will shut their mouths and submit to the de facto\* agencies of the state and those unelected rulers of the Marxist order. You say you are not sure about this? Just look around and see how the chaos is already beginning. And it is a fact that much of it was purposefully done during the last administration and remnants of that administration are still working violently and attempting to overthrow this country and a republican form of government.

But what is the moral compass that these groups follow? Is the movement founded upon peace and love or is it founded upon political correctness which is meant to destroy the country for the sake of safety and the good of the whole? Doublespeak! All one must do is look upon the rotten fruit of these movements which began to take hold during past administrations. If the protests were homegrown and not funded by billionaire elite's, then show me that they were spontaneous. From the research that I have found, they have been funded and organized by elite billionaires and their crony revolutionary organizers. So where do we go from here?

Well, there is a wide road and there is the narrow road. The wide road has a sign on it and it says, "We Are the World", REAL ID REQUIRED! The narrow road also has a sign and it says, "WELCOME, my good and faithful servant, NO PERMIT REQUIRED."

\*A de facto government is one that operates

with all of the power of a regular government but without official recognition." (Merriam-Webster) My take. A de facto government is one person or a small group of individuals who have risen from within to the top through a carefully orchestrated

plan and a hidden agenda which is meant to have the appearance of a democracy or a republic but is in fact not either one of these. America, take a hard look at yourself and see from where you have fallen.

**IRA's**  
Retirement accounts by individuals run the gamut and there are many to choose from depending on where you work, if you work, and your particular financial situation. One of these accounts is called a Roth IRA. Unlike other IRA's, money put into a Roth is done after you paid your taxes. This is in contrast to many other IRA's where any money you put in may be deducted from income before arriving at your final figure you will pay taxes on. Imagine Mr. John Q.

Public makes \$100,000 a year and puts \$5,000 into his regular IRA. His taxable income for this illustration is now \$95,000.00. The 5k he put into his IRA came off his gross income, reducing his taxable income by the amount he put in. When he withdraws from his IRA and assuming he obeyed all the rules in doing so, whatever he takes out will be part of his income tax total for the year he made the withdrawal. Now imagine Ms. Jane Q. Doe makes the same \$100,000.00 a year but instead funds a Roth with 5k as well. Her taxable income stays at \$100,000.00. It did not go down by the 5k she put in to the Roth. Not so good right? Maybe. When she pulls money out of the Roth, there will be no tax on the contribution amount OR the earnings because she paid the tax going in by not being

allowed to deduct the contribution. If the 5K grows to a million dollars (I wish!) the entire million can be withdrawn tax free. How nice is that? Other advantages include being able to contribute no matter what your age. That includes any child having earned income. Another nice perk from a Roth is, unlike some other IRAs, there is no minimum distributions required once you reach a certain age which means money in a Roth can be another way to pass along some of your estate to your heirs. Another advantage is because you contributed after tax money, the government lets you withdraw any contributions you have made (but not the earnings) at any age without taxes or penalties. So if you change your mind or need some funds before retirement age, the Roth is a source you could consider. Keep in the back of your mind that although tax current rules allow for the tax free withdrawals from a Roth when done within the confines of IRS tax regulations, Congress can change almost anything at any time. Some possible changes could be limits on gains or eliminating all or part of the tax free withdrawal amounts. In light of soaring Federal deficits growing larger by the second (usdebtclock.org), politicians can and usually will find a way to fill the holes. Changes in IRA regulations could be one of them. There are restrictions and rules regarding all the above and investors should be aware of all the ins and outs of all IRA strategies by consulting with a CPA or tax expert before making any decisions as making mistakes can be costly. This article expresses the opinions of Marc Cuniberti and should not be construed or acted upon as individual investment advice or tax advice of any kind. Since regulations are constantly changing, the accuracy of the above is not guaranteed. Mr. Cuniberti is an Investment Advisor Representative through Cambridge Investment Research Advisors, Inc., a Registered Investment Advisor. Marc can be contacted at MKB Financial Services 164 Maple St #1, Auburn, CA 95603 (530) 823-2792. MKB Financial Services and Cambridge are not affiliated. His website is [www.moneymanagementradio.com](http://www.moneymanagementradio.com). California Insurance License # 0L34249

## THE Brownsville Bailiwick & Beyond

There are several new Happenings planned at Foothill Fitness in Brownsville. Two classes that we have the details for are Qigong, Mind, Body and Spirit. The exercise involves meditation, relaxation, and breathing exercises that will increase posture and balance. This class will be held on Tuesday evenings starting at 6. The first class is free and then a charge of \$5 a class will be asked. Tania Ransom, who volunteers at Books and More, is holding a dance class on Friday evenings, starting at 6:15. This is an opportunity to move to various beats and styles of music. Exercise while dancing? Sure sounds good. You might stop by Foothill Fitness on Willow Glen Road to check these out. A committee has been busy gathering resource information for a Mountain Fair Project. We are keeping wraps on the information until we've gathered all the facts needed so that we can present a proposal to the fundraising committee. The Mountain Fair has

been enjoyed by hundreds of people in the past and we hope it is time to bring it back. If you are interested in helping with this major project please contact Chris Seelye at 675-9576 or [chrissymohawk@hotmail.com](mailto:chrissymohawk@hotmail.com) Easter!!! On Saturday, April 15th, the day before Easter, the Foothills will be bursting with Easter Egg Hunts, picnics, games, fun and the Easter Elegance Bake sale. Forbestown will be sponsoring an Egg Hunt day of fun starting at 10:00am, then head to the Ponderosa Park in Brownsville for more Egg Hunting fun from 11:00am - 1:00pm. While you're in Brownsville, don't forget to stop by the Gold Eagle Market parking lot where the Easter Elegance Bake Sale will be in progress. There will be plenty of cupcakes, cakes, cookies, etc. available for your Easter Dinner dessert. So gather up the family and hippity hop on out on April 15th for egg hunts, food and fun. Annie's at Lake Francis will be cooking up a traditional Easter Special all Easter weekend, Friday, Saturday and Sunday, from 3:00pm till closing. Dinner will include bread, soup or salad, ham steak with pineapple, sweet potato mashers, and green bean

casserole for \$11.99. Hop on over to the lake and let Annie's do the cookin'. Annie's at Lake Francis is located at 13919 Lake Francis Rd., Dobbins. Extra, Extra, read all about it! Books and More, in Brownsville, has big plans in the works. There will be an expansion coming soon to bring you more books and more of the more. There will be a small consignment area and anyone who would like to sell their art, crafts, or gently loved items, stop by Books and More for more info or call Christine Mills at 675-9225. As the plans progress, we will keep you informed. After all this fun stuff we've been talking about, we have to mention Tax Day. Yuk! Don't forget to get those taxes in by Monday, April 17 or schedule an extension. That's all we'll say about that. Look Back in Time - In 1901 the baseball game at Bangor against Oroville was a walkover for Bangor, 36 to 11. The game was not even interesting (there are a couple of baseball tournaments being planned at Ponderosa Park for this summer). Hope to see you in Brownsville soon. Christine and Yvonne

### Territorial Dispatch Daily On-Line Newspaper making progress

The Territorial Dispatch has revised and updated the [eterritorial.com](http://eterritorial.com) website. The [eterritorial.com](http://eterritorial.com) is a daily on line newspaper. The daily news will continue to grow as more information outlets come on line. The most interesting addition is that the public can now comment on the news articles. Advertising will become available at a very reasonable price starting April 5, 2017. Also Legal Notices can be accessed for free, as well as emergency event information, also free. The Territorial Dispatch also has a second website, [territorialdispatch.biz](http://territorialdispatch.biz). This website is a PDF version of the actual once a week paper version. To access [territorialdispatch.biz](http://territorialdispatch.biz) go to: [eterritorial.com](http://eterritorial.com) and push the Territorial Dispatch Logo on the left side.

# Shakespeare Readers' Theatre Announces New Season

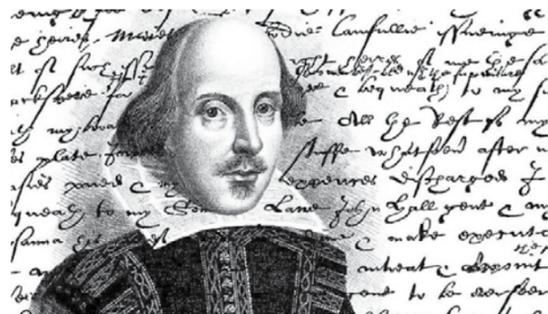

*Just in Time for National Poetry Month and Shakespeare's Birthday*

Marysville, Ca.

Add a little laughter and love, drama and intrigue - Elizabethan style - to your Wednesdays! Shakespeare Readers' Theatre will help you see why his plays have been so popular for over 400 years. Readers meet, read Shakespeare's plays (scripts provided), and learn as they are broken down into easy-to-understand language by local playwright and Poet Laureate, Jonathan Kinsman. And, don't forget, Sunday, April 23rd is Shakespeare's Birthday.

Here's what's coming up for this year's Shakespeare's Readers' Theatre season which focuses on some of his greatest comedies.

On April 12th, 19th and May 3rd we'll read and discuss Comedy of Errors. It is Shakespeare's shortest and one of his most farcical comedies, with a major part of the humor coming from slapstick and mistaken identity, in addition to puns and word play. Two sets of identical twins separated at birth are the main characters.

On May 10th, 17th, 31st and June 7th, we'll read Two Gentlemen of Verona. Likely Shakespeare's first play, it deals with themes of friendship and infidelity, the conflict between friendship and love, and the foolish behavior of people in love. The highlight of the play is Launce, the clownish servant of Proteus, and his dog Crab, to whom "the most scene-stealing non-speaking role in the canon" is attributed.

And then, on June 14th and 28th and July 5th and 12th, it's Twelfth Night, a romantic comedy, with romantic love

as the play's main focus. Although it offers a happy ending, in which the various lovers find one another and achieve wedded bliss, Shakespeare shows that love can cause pain.

Meetings are held in the Yuba-Sutter Arts Council art gallery at 624 E Street, Marysville, from 6:00-7:15 p.m. on Wednesday nights. Plenty of free parking is available on the street or in the adjacent Umpqua Bank or Bank of America parking lots.

All readers (or listeners) from novice to expert, students to seniors and the simply Shakespeare-curious are welcome to join in for some Shakespeare-tainment! For more information, contact David Read, Yuba-Sutter Arts, at (530)742-ARTS or david@yubasutterarts.org.

## All This Political Drama is Subterfuge

I have a feeling the majority of Americans are tired of all the political drama we are seeing going on. The republicans did it, the democrats did it, the Russians did it, global warming is causing it... all subterfuge to consume your attention. The more disinformation that they flood you with, the less likely you are to notice or believe the real threat when it comes out. This isn't anything new, nooo, this has been written about in government documents and talked about by government globalist for years. Sadly, those controlling and injecting this disinformation and the attacks on freedom, know that most of you have very short memories and unfortunately, aren't very street wise.

To bring down any government there are steps taken; first cause chaos. This comes first by causing fear in the masses, i.e. the common folk. That cause the people to demand more protec-

tion, which equates to less freedom. Secondly; make it hard if not impossible for the government officials to do anything to stop the chaos. Normally they corrupt the leadership or get anti-government people into the government. This makes the common folk turn on their leaders. Three or thirdly; inject disinformation to confuse and disgust the citizens so they don't believe anything they are told. Now comes the real death nail. Introduce a new form of leadership or a new group that shows the common folk how much better they would be if the citizens gave them control... I know what you are thinking, and this isn't like someone running for public office. This is a totally new form of governance or control which wipes out the old government and wipes out the old leaders!

Now there is a lot more that happens in this blueprint to fall a government, but I would have to put that into another book and

since this is a space limiting column I gave you the basic idea. This is documented and if you take the time you can find this information on the internet. We are being controlled and conditioned, and have been for thousands of years.

As far as what is happening in America today. If our leaders really wanted to bring us back from the brink of total enslavement and back to the Constitution, they would start impeaching those we know hate the Constitution. Several Judges and Justices come to mind. That would be in the power of Congress and the Senate and I believe President Trump would sign off on that in a New York minute! So you the people, have to stay focused and put aside the disinformation and keep your mind and eye on the prize... bring back the Constitution as our foundation carved in stone! Otherwise, game over and we lose.

## Search for Talent Show

The Marysville Exchange Club's seventh annual variety School Age "Search for Talent" competition, scheduled for 6:00 P.M., April 21, at Anna McKenney Middle

School, is looking for sign ups throughout the Yuba/Sutter community. The contest is divided into three age groups, Primary (ages 6-10), Junior (ages 11-14), and Senior (ages 15-18) with the top three performances in each division earning prize money, and the top two performers in each area moving on to Northern California competition. Individual acts may include up to four performers. Further information, rules and applications may be picked up from Exchange Club Youth Chairman, Mr. Bernie Rechs, through April 17. 530-742-5607.

Bernie Rechs, Marysville Exchange Club Youth Chair, 530-742-5607

## Sinhue Noriega

Guest Speaker at Sutter Buttes Tea Party

Yuba City, Ca.

The Sutter Buttes Tea Party Patriots announced Sinhue Noriega will be the Special Guest Speaker for their Monday, April 17, 2017 meeting.

Where is Common Core today? Mr. Noriega has researched the education system for the past 10 years while teaching. His certificates in language arts, Spanish, ESL, Math, and Science have facili-

tated insight into the intricacies of the system, and solutions outside mainstream education. He is the author of "If It's Broken Don't Fix It" - he exposes the Common Core curriculum and the takeover of education by the government.

Mr. Noriega will be addressing the issues that confront conservatives in today's confrontational political atmosphere. How does the Common Core fit into the collapse of our freedoms? How was Common Core effective in derailing the system that our founders created to protect our liberties? What can we do to save our constitution? Our forefathers said that the only way our constitution would fail is from within. Once again, we

have a very small window of opportunity to act while there is still something left to save.

Don't forget - Our regular feature In The News with Paul Preston will follow our Special Guest Speaker. Paul will discuss issues of the day.

The meeting will be at the Church of Glad Tidings, 1179 Eager Road, Yuba City. Everyone is welcome to attend. There is no membership requirement and no charge. Doors open at 6:00 pm; come early to socialize with like minded neighbors, enjoy the refreshments, and get a front-row seat.

Contact Larry Virga at (530) 755-4409.

## The Acting Company Southern Hospitality (Main Stage)

Performances: April 28th - May 21st

The Futrelle Sisters - Frankie, Twink, and Honey Raye - are in trouble again. This time, the problem is bigger than ever - their beloved hometown, Fayro, Texas is in danger of disappearing, and it's up to the sisters to save it from extinction. A laugh-out-loud farce and a stand-alone play in its own right, Southern Hospitality is the third play in the trilogy that begins with Dearly Beloved and continues with Christmas Belles.

Main Stage performances are Fridays and Saturdays at 7:30 p.m. and Sundays at 2:00 p.m. Tickets are \$18 per person. Best to make reservations in advance. Opening Weekend Discounts: \$13 for Seniors, Students, and Military Families. Scheduled groups of 6 or more, tickets are \$15 per person.

Box Office: Regular hours are Monday - Friday from Noon to 2:00 p.m., except holidays. During performances, Box Office is open 30 Minutes prior to show time.

Theater and Box Office:

## Your One Minute News Digest

by Don Rae

Mature educator. Well, we won't shut up and dare you to try to silence us. Your policies are inappropriate, divisive and frankly insane.

- Watching politicians tout the benefits of Obamacare is hilarious. The dying 2000-page plan which Nancy Pelosi famously said "we have to pass it to find out what is in it" does not apply to congressional politicians.

- Philosophies such as those found in National Health Care and Climate Change show how the population can be rolled and persuaded to do anything the power-brokers want them to do – without, of course, hurting the lifestyle of the elites in any way.

- Listening to the so-called confirmation hearing for judge Gorsuch we hear Feinstein saying that she believes the constitution is flexible and judges can change it to suit their own thinking. Obviously Feinstein is not qualified to be a Senator as she does not know how the Constitution is to be amended.

- If local officials do not have information from experts on what impact dam failures will have on the downstream properties, then how can they develop adequate and safe evacuation plans? Without factual information, any such plan is dead on arrival.

- The rape and beating of a 14 year old girl in a school bathroom by illegal alien students aged 17 and 18 was not covered for the most part by the mainstream media. Why? Political correctness and anti-Trumpism.

- According to some reports out of London, that city is now a collection of ghettos. Afghans, Somalis, Syrians etc all congregate together in their own enclaves and don't talk to each other or to Brits. There is no common culture, language, or heritage. These "refugees" have no intention of assimilating into British culture. We're next unless we wake up and police our borders.

- The Federal judiciary is engaged in a coup d'etat by its violation of the Constitution, taking power away from the executive branch and assigning it to itself. Since such action violates the oath of office

for judges (to defend the constitution) the House should institute impeachment proceedings for those judges involved in this behavior.

- Whoopi Goldberg screams out on TV that she has been smeared. After all her potty-mouth pronouncements, where does she get off being hurt?

- Seems like every day, the weather forecasters tell us this and that, not much of which becomes reality. How, then, can they tell us with such absolute certainty what will happen hundreds of years from now?

- Roy Ennis died in January. He was Chairman of the Congress of Racial Equality and a staunch friend of the 2nd Amendment. He said in relation to gun control issues: "These bans are racist. The gun laws in general have an inception in racism. The old definition: A free man is free to bear arms. There's always a connection to being able to bear arms and freedom and therefore denial is clearly racist." RIP Roy.

- As we sit here, there has been no information coming forward from those in charge of what the consequences will be if any dam on our many rivers completely fails. How can any reasonable politician draw up an evacuation plan when it is not known what and where the "flooding" will occur. We will stay on this matter.

- Senate Bill (SB) 219, proposed by Sen. Scott Wiener (D-San Francisco) becomes the latest battleground over gender. Failure to conform to State orthodoxy could be a crime. The bill even mandates the ideology on long-term care facilities. Brad Dacus, the president of the PJI-CPP, commented on the San Francisco idiocy: "Radical gender theory has real, negative consequences for society. All of us should be alarmed by the attempt to now criminalize the use of legal names and grammatically correct pronouns in nursing homes. We believe this bill is not only unconstitutional, but unconscionable." Our legislature in Sacramento is wasting valuable time with ridiculous things like this when they should be fixing our dams and roads.

- A bunch of crazies in Huntington Beach crashed a demonstration supporting Trump recently. They used violence including pepper spray. ABC news downplayed this incident as a "scuffle." Is it any wonder that the mainstream media is losing audience and is aptly called an arm of the Democratic Party?

## April Artist of the Month

Yuba Sutter Arts Welcomes Karen Fulk

Marysville, Ca.

Each month in its home gallery in Marysville, Yuba Sutter Arts features an artist or artists of the month. This month, the public is in for a special treat as YSA welcomes back Karen Fulk who will present her show titled, "From Here to There and Back Again." Karen's show will be on display during April at The Gallery at Yuba Sutter Arts, 624 E Street in Marysville.

About this special collection, Karen said, "I paint so many different things that it's been very hard to put this show together with any continuity. Finally, I decided to just invite people into my world and give y'all a tour."

Karen Fulk received her Bachelor's Degree in fine art from UC Davis in 1965. She studied under noted Sacramento area artists including Wayne Thiebaud, Robert Arneson and William Wiley, among others. Karen's classmates included the notorious Funk and Pop artists from that era including David Gilhooly, Maiji Peeple and Peter Vandenburg.

After graduation, Karen headed south to take a summer job at Disneyland drawing Pastel Profiles in Tomorrowland. "Hey, it helped pay the bills," says Karen. "What else does one do with an art degree?" When she moved to Wheatland, Karen met

the famous Brown Derby caricature artist, Frank "Pancho" Willmarti, who taught her the caricature trade that helped Karen support her growing Art habit.

Karen went on to do a lot with her early art training. She studied portraiture with Fred Dalkey and narrative sculpture with Miriam Davis. She has blended these two disciplines of caricature and clay for her "fun faces" series of famous people including Alfred Hitchcock,

Clark Gable, Marilyn Monroe, Bob Dylan and Groucho Marx.

Karen has shown in galleries all over the Sacramento region since college and has won many awards. Two of her favorite accolades include the "Spirit of California" award she received at the State Fair in 1995 and participating in a show called "Far Out" at the San Francisco Museum of Modern Art in 1999. One of Karen's pieces was chosen to be on all of the museum's advertising and in a coffee table book representing Art and Literature in the San Francisco Bay Area during the 60s and 70s.

Karen teaches cartooning, drawing, painting, and sculpture classes. Karen has also been a featured "Art Party" artist/instructor for Yuba Sutter Arts. See more of Karen's fun and sometimes poignant work at [www.karenfulk.com](http://www.karenfulk.com).

## Marysville Community Garden Workshop

*The Who, What, When and Where of Pesticides*

That's the topic of the Free April workshop at the Marysville Community Garden by the UC Master Gardeners. We'll examine the instructions and precautionary labeling. Discuss some safer alternatives.

We'll start on Saturday the 15th at 10 am rain or shine. The garden is located on the corner of Second and C Street in downtown Marysville.

For more information you can contact our office at 822-7515 or check our website at [sutterryuba@ucanr.edu](mailto:sutterryuba@ucanr.edu) or find us on Facebook.

## New & Exciting! "An Elegant Soiree Masquerade Wine & Culinary Extravaganza"

Yuba-Sutter-Colusa's premier food and wine event, the 18th Annual "An Elegant Soiree Masquerade Wine & Culinary Extravaganza" is Friday, April 28 at 6:30 inside the showroom at Colusa Casino-Resort.

This promises to be the best Soiree ever and will be among the best events to be held in our area.

Attendees will spend an evening enjoying samples of scores of local and California Wines, along with craft beers. Plus there will be gourmet hors d'oeuvres and desserts from more than 15 area restaurants and bakeries.

Live entertainment is sure to be the most dazzling and unusual of any fundraising event with four offerings.

Then, there is the most sensational live auction featuring top wines and exciting vacations.

"We are excited to present this year's Soiree as it has been enhanced in all aspects and we will be officially announcing our name change to "Yuba-Sutter-Colusa United Way," said YSUW Executive Director Bob Harlan.

"Colusa County has been in our official footprint for years and now it will officially be a part of our name," Harlan said.

All proceeds benefit the Yuba-Sutter United Way and its 27 local non-profit Partner Agencies and the non-profit funding of the "Healthier Children" community impact grantees.

Dress is business, formal or theme-based costumes (and masks!). free

photos of guests will be posted online.

Tickets are \$50.00 and can be acquired online at

[www.yuba-sutterunitedway.org](http://www.yuba-sutterunitedway.org) or by calling the Yuba-Sutter United Way office at (530) 743-1847.

## Food and Farm News

**Delayed water forecast dampens planting increases**

There's a sense of "what might have been" in part of the San Joaquin Valley, where farmland will remain idle because of a 65 percent water allocation that was delayed several weeks. Farmers who buy water delivered by the federal Central Valley Project say they're planting more land than in previous years, when the project provided little or no water. But farmers say they might have planted more crops if they had known their water situation at the usual mid-February date.

**Tomato farmers face tight schedule due to wet fields**

As the calendar turns to April, many tomato farmers find themselves behind schedule. Wet fields in some parts of the Central Valley have prevented farmers from planting tomato transplants as early as they'd prefer. That could affect the timing of harvest later this summer, when the tomatoes will be ready to be processed into salsa, ketchup and other products. Additional rain forecast for this week could further disrupt tomato planting schedules.

**Fresh strawberry consumption sets record**

If you've been eating more fresh strawberries, you're in good company: Americans consumed fresh strawberries in record amounts last year, according to new estimates from the U.S. Department of Agriculture. On average, each American ate just more than 8 pounds' worth of fresh strawberries, plus another 2 pounds of frozen berries. More than 90 percent of U.S.-grown strawberries come from California farms, and the USDA says it expects acreage to stay steady this year.

**Analysts check health benefits of microgreens**

Looking closely at microgreens, food technologists have found they're as nutritious as they are popular. Microgreens--the young seedlings of vegetables and herbs--have caught on with chefs and home cooks. They also provide important vitamins and minerals. Analysts with the U.S. Department of Agriculture checked 30 types of microgreens, and found them to contain high levels of potassium, phosphorus, calcium and other minerals important for human health.

- Obamacare wins. Republicans look like a squad of Keystone Kops. Watching the cackling of Pelosi, Schumer and company is sickening, especially since not a single Democrat has any courage and common sense to take up a needed change in health insurance coverage. For 8 years the Republicans have shouted to the heavens that they would repeal and replace Obamacare, thus getting rid of one of the worst laws ever perpetrated on the American public. Absolute incompetence on the part of politicians on both sides of the aisle.

- Our illustrious Kamala Harris, now a US Senator for one reason or another, says she won't vote for Gorsuch as US Supreme Court Justice because he rules by what the Constitution says, not by what he feels. And this woman has a law degree, passed the California Bar and considers herself a lawyer?

- Leave Obamacare to implode on its own. Why try to fix it? It would do the democrats and the snowflakes good to face the horror of its future. At this time there are too many cooks in the kitchen to fix it anyway.

- The Baltimore school superintendent says anyone who disagrees with his policies should shut up or he'll call the police.

# Mining Tours and Wagon Rides by Kit Burton

For the past nine years at Pioneer Day in Smartsville one of the best parts of the festival has been the highly acclaimed mining tours. They have been so popular that we now have three separate guided tours that carry visitors to and from the hydraulic mining sites that made Smartsville famous.

Tourists are transported to the mining areas on wagons pulled by antique tractors that make almost continuous trips all day long. In addition, a fourth tractor and trailer transports visitors from overflow parking at the 1853 Rose Bar School to the festival site.

Tickets for the mining tours can be purchased for \$5 each and have sold out every year. The 40 to 45 minute tours run almost continuously all day and are guided by experts who describe the historic mining

activities, the geology, and the mining community of Sucker Flat. Bring a hat!

Sometimes visitors on these mining tours are surprised when they discover the educational nature of the tours. They assumed they were buying tickets simply for a hay ride. Therefore, we are clarifying the distinction between the mining tours and the parking shuttle. We will now be referring to the parking shuttle also as a wagon ride. There is no charge for the wagon rides and children under 14 are welcome as long as they observe safety rules and are accompanied by an adult.

Smartsville became famous by the abundant gold deposits in the ancient river channel adjacent to the town. Millions of years ago, as dinosaurs roamed the earth, the Yuba River drained water from a large area west of the Rocky Mountains. About 15 million years ago a sudden volcanic episode filled the river channels with lava and debris and subsequent movement of the earth's crust placed the old river channel, which was loaded with gold, above and to the south of the present river channel near Smartsville. When the location of this dry, ancient channel was discovered it changed the gold rush mining techniques dramatically.

Instead of mining at the edge of the present river with gold pans and sluice boxes, mining companies used high pressure water cannons to blast away the gold-laden hillside. Water supply canals were constructed from the Yuba River near Nevada City all the way to Smartsville. To allow the tail water to escape back to the Yuba River tunnels were excavated and served as giant sluices to catch the gold.

At one time there were six separate mining companies with their own monitors (water cannons) and six separate tunnels. As the gold was recovered the resulting excavations were deepened and the gold deposits got richer. If gold was suspected at the base of an existing building at the edge of town, the hydraulic blasting continued until the building collapsed into the pit because the expected gold recovered was worth more than the structure. At that time

the population of Smartsville was near 4,000.

Muddy water containing copious amounts of sand and gravel from hydraulic mining was discharged into the Yuba River, not only near Smartsville but in many other locations upstream. The consequence was a disaster to farmers in the valley whose land was buried with non-productive "soil." Lawsuits between the farmers and the miners were finally resolved in 1884 by the Sawyer decision which did not outlaw hydraulic mining, but prohibited the discharge of tail water into the river.

Smartsville's population then began to decline as mining companies went out of business and the workers moved on.

Come to the 10th annual Pioneer Day on Saturday April 29th and you'll be able to take a \$5 mining tour on a wagon pulled by an antique tractor or take a free wagon ride with your kids down Smartsville Road on the parking shuttle. Of course you're always welcome to donate because one of the chief purposes of the event is to raise funds for the church restoration project.

To volunteer or for more information visit [smartsvillechurchrestoration.org](http://smartsvillechurchrestoration.org), [pioneerday.info](http://pioneerday.info), or call Kathy Smith at (916) 838-2757 or Kit Burton at 701-2639.
