# Yuba Pheasant Hunt Registration is Open

Registration has opened for the fall Yuba Pheasant Hunt for beginning hunters. The hunt will be held November 19-20, 2016 on private property in Yuba County.

These hunts are free to all participants. Register at [yubafishandgame.net](http://yubafishandgame.net).

This is an educational hunt with pen-raised pheasants that provide beginning hunters with a controlled, educational and safe environment to learn

hunting skills and further develop hunter safety and a sense of hunter ethics and wildlife management. Events include gun safety review, easy to hunt topography and a high ratio of volunteers to hunters, and feature experienced dog handlers and clay shooting.

All hunters must have a valid California hunting license. Adults must also have the Upland Game stamp. Junior hunters

must be accompanied by a non-hunting adult 18 years or older. To ensure that the hunting environment is safe, this hunt is highly regimented.

This hunt would not be possible without funding from Pheasants Forever. Their Sutter Buttes Chapter will hold their second annual banquet on November 5, and participants are encouraged to attend. See [pheasantsforever.org](http://pheasantsforever.org) for banquet registration.

# Scouts Help The Trees at Bidwell Mansion SHP

Chico, Ca. Bidwell Mansion State Historic Park's front lawn area will soon have a better look and healthier trees thanks to an Eagle Scout project.

The Boy Scout project, headed by Carter Snelson, removed grass around the trees in the front lawn of the Mansion to assist with water conservation efforts and overall health of the trees. Local compost do-

nated from Chico's Earthworm Soil Factory will be spread within the exposed dirt to provide nutrients to the trees and mulch donated from Chico's North Valley Tree Service will be spread over the compost to act as a buffer from temperatures, retain water, reduce competition with weeds and prevent soil compaction.

For his community service project requirement

toward the goal of becoming an Eagle Scout, Snelson worked with State Parks staff at Bidwell Mansion to design, plan and execute the project and obtain materials. The project is being overseen by Trish Ladd, Environmental Scientist for the Northern Buttes District of California State Parks.

"It has been a great experience working with Carter, both to aid him with his goal of becoming an Eagle Scout and getting mulch reestablished around the trees," Ladd said. "Carter has definitely taken ownership of this project and has learned a lot about overall tree health and the impacts these trees face in a public use area, especially during drought years."

Scouts will be working on the landscaping each weekend in October. This project conforms to recommendations made in the Bidwell Mansion State Historic Park Historic Landscape Report where it was suggested that the turf around the existing trees be skinned back, and these bald areas be mulched.

For more information, please call (530) 895-6144 or visit the state historic park's Facebook webpage at [www.facebook.com/bidwellmansionshp](http://www.facebook.com/bidwellmansionshp).

# FISHIN' TALK

by Boots Johnson

*Dan "Boots" Johnson has fished and hunted in California for 70 years. Anyone with questions or comments can email him at [boots3@syix.com](mailto:boots3@syix.com)*

The latest report we have on the salmon run... it is not over yet, in fact according to our source, the Fall run is a month behind and we are told it should go until way into November. Fish are being caught which have turned dark with a mix of fresh salmon. If this report is true we should be catching fish for another month or so.

We hear from Knights Landing... anglers fishing for catfish are beginning to catch striped bass, some of which are whoppers. We also are told stripers are also being taken at Verona. This year we could have a mixed bag on local rivers, that being salmon and stripers along with sturgeon when current storms muddy up the water.

A report from Collins Lake above Marysville tell us the catfish are still active and are being taken on a regular basis, some which are big fish. In addition, trout are being taken just about all over the reservoir with one rainbow topping five pounds.

The big one was caught by **Scott Schroeder** using power bait. Bass are also on the ticket in the three pound range. Congrats Scott on your beautiful rainbow trout!

The Department of Fish and Wildlife are still planting catchable trout. The following waters were planted last week: BUTTE COUNTY: DeSabella Reservoir; EL DORADO COUNTY: Stumpy Meadows Reservoir; LASSEN COUNTY: Eagle Lake; SIERRA COUNTY: Upper Salmon Lake and Gold Lake; SHASTA

COUNTY: Upper and Lower Burney Creeks, Upper and Middle Hat Creek, Baum Lake, McCloud Reservoir, Shasta Lake and Whiskeytown Reservoir.

The state hatchery program is in excellent shape. Any reports of negative comments are unfounded. We will see a very successful trout rearing and planting program coming up in 2017 and into the future.

Boots fishing tip for the week: Salmon usually hook themselves when striking a lure.

# Peach Tree Health Partners to Spread Innovations

vices in Yuba, Sutter and Sacramento counties.

RCMG is a progressive Independent Physician Association (IPA) uniquely dedicated to serving the Medi-Cal population. RCMG's mission is to recognize and meet the needs of the community and to address patients with creative and culturally sensitive care solutions. RCMG serves as the bridge between health plans, patients, and providers. As one of the largest Medi-Cal IPAs in Northern California, RCMG helps families gain access to health care and connects them with other support resources in the region.

Since 2001, Peach Tree Health has been a Federally Qualified Health Center (FQHC) and provides comprehensive medical, dental, vision and behavioral health services across the life span in the Northern California counties of Sacramento, Sutter and Yuba. Peach Tree Health operates eight

health center sites and two mobile dental clinics, which serve over 27,000 patients through almost 90,000 visits annually. Peach Tree Health serves the uninsured and underserved families throughout the region.

In 2014, the State of California expanded managed care into Northern California encompassing Peach Tree Health's service area. Peach Tree Health has utilized the managed care system to enhance services at Peach Tree Health facilities which also leverages a larger network of specialists through health plan and IPA networks. By entering into a regional IPA partnership with RCMG, Peach Tree Health will expand access for patients to specialists providing services in Peach Tree Health facilities and throughout the region.

Additionally, Peach Tree Health will increase efficiencies to score savings in the managed care environment and reinvest

in Peach Tree Health facilities to further enhance the patient centered medical home model.

"Peach Tree Health is excited to announce this partnership with River City Medical Group. This regional approach will enable Peach Tree Health to continue to provide high quality primary care and increase access to specialty care services to improve health care outcomes for our patients," said Greg Stone, Chief Executive Officer of Peach Tree Health.

"River City Medical Group understands the importance of Federally Qualified Health Centers to the managed care system and looks forward to supporting Peach Tree Health in solidifying comprehensive services to the communities we collaboratively serve," said Sean Atha, Regional Vice President at River City Medical Group.

EXECUTED BY: KENNETH W WATSON, A MARRIED PERSON, WILL SELL AT PUBLIC AUCTION TO HIGHEST BIDDER FOR CASH, CASHIER'S CHECK/CASH EQUIVALENT or other form of payment authorized by California Civil Code 2924h(b), (payable at time of sale in lawful money of the United States). **DATE OF SALE: 11/09/2016 TIME OF SALE: 3:00 PM PLACE OF SALE: AT THE FRONT ENTRANCE TO THE COUNTY COURTHOUSE, 215 5TH ST., MARYSVILLE, CA.** STREET ADDRESS and other common designation, if any, of the real property described above is purported to be: **1240 PECOS WAY, PLUMAS LAKE, CALIFORNIA 95961 APN#: 022-132-003** The undersigned Trustee disclaims any liability for any incorrectness of the street address and other common designation, if any, shown herein. Said sale will be made, but without covenant or warranty, expressed or implied, regarding title, possession, or encumbrances, to pay the remaining principal sum of the note(s) secured by said Deed of Trust, with interest thereon, as provided in said note(s), advances, under the terms of said Deed of Trust, fees, charges and expenses of the Trustee and of the trusts created by said Deed of Trust. The total amount of the unpaid balance of the obligation secured by the property to be sold and reasonable estimated costs, expenses and advances at the time of the initial publication of the Notice of Sale is \$342,405.49. The beneficiary under said Deed of Trust heretofore executed and delivered to the undersigned a written Declaration of Default and Demand for Sale, and a written Notice of Default and Election to Sell. The undersigned caused said Notice of Default and Election to Sell to be recorded in the county where the real property is located. NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call 916-939-0772 for information regarding the trustee's sale or visit this Internet Web site [www.nationwideposting.com](http://www.nationwideposting.com) for information regarding the sale of this property, using the file number assigned to this case 00000006089163. Notice to Potential Bidders If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a Trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a Trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same Lender may hold more than one mortgage or Deed of Trust on the property. Notice to Property Owner The sale date shown on this Notice of Sale may be postponed one or more times by the Mortgagee, Beneficiary, Trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about Trustee Sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call In Source Logic at 702-659-7766 for information regarding the Trustee's Sale or visit the Internet Web site address listed below for information regarding the sale of this property, using the file number assigned to this case, CA06000065-16-1. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. Haunted House Opens This Weekend

The Community Haunted House in Colusa will debut this week when it opens its creaky doors from 7 pm to 11 pm on Friday, Oct. 21. The attraction is being built by community members at the Main Exhibit Building on the Colusa County Fairgrounds.

Guests are invited to tour the maze of haunted rooms on Oct. 21, 22, 28, 29, 30 and 31. There is a \$5 admission.

Visitors to the house will be given the opportunity to vote for their favorite room. Creators of the voted overall best room will win \$1,000.

Businesses, individuals and groups have been working for weeks to create the rooms.

"This is something new that we are trying," said Colusa County Fair CEO Jonathan Howard. "So far we have gotten great response," he said.

The haunted house has been added to a long list of fall events hosted at the fairgrounds.

# Family History Picnic in Smartsville

By Kathleen Smith

*The Smith- Kerrigan Family of Smartsville enjoying a picnic. Courtesy of Eileen Mahoney*

Share your pioneer family history on Saturday, October 22nd from 9:00 am to 3:30 pm while enjoying historic tours, picnic lunch, and live music.

Our non-profit corporation Smartsville Church Restoration Fund, Inc. (SCRFI) is committed to the preservation and restoration of the former Catholic Church. These efforts are highlighted in our annual festival Pioneer Day which continues to grow in popularity. But the actual construction and carpentry work on the building has more meaning as we personally get to know the descendants of the pioneer families.

The only problem with having the descendants come to Pioneer Day, with its many activities, is that we don't really have time to visit, share information and compare stories. The Family History Picnic will provide just such an opportunity to discuss pioneer history, meet other descendants, visit pioneer cemeteries, see historic building sites in Smartsville, look inside the for-

mer Catholic church, talk about church restoration plans, see some hydraulic mining sites, and have a nice lunch on the church grounds.

The tours will be guided and we have arranged the schedule so that everyone will be able to enjoy all of these activities on that one day. Plinky and Plunky (Kit and Janet Burton) will provide some live old-time mandolin and banjo music at the church around lunch time and will be prepared to discuss old-time music with anyone that is interested.

At SCRFI family history is important because it tells us the story of the folks who settled the surrounding towns and built the church, helping us connect to the history of the community. I like to think that SCRFI has a lot to offer the descendants in their family story, as well. They can come and see something that is representative of the time and place of their ancestors.

Former, current, and future residents play a big part in our restoration. This is a project

that bonds neighbors in a common desire to keep a bit of the Gold Rush era alive in our town. The building and grounds have new life as a gathering place for the community.

Often we are able to introduce relatives who didn't previously know each other. In my case, I had a cousin that I'd never met come to me at Pioneer Day. I had known of his existence but could never locate him. It was so exciting that he found me!

So gather up your family photos, letters, and memorabilia for show and tell. Bring your neighbors and friends and come to a good old-fashioned family reunion-style picnic in the country.

We need to know how many people to expect, especially for preparation of the lunch (suggested donation of \$5.00). Check out our website [www.smartsvillehistoricchurch.org](http://www.smartsvillehistoricchurch.org) for the flyer and for more information. To RSVP please call Kathy at (916) 838-2757.

# Gwatney Returns to Post at NFSR

Marquez, Texas – Only the very best in the business earn a trip to the most prestigious events in the Professional Cowboys Association.

Sandy Gwatney is one of those individuals.

Not only has she been recognized as one of the top personnel – she is one of five nominees for PRCA Secretary of the Year, her third straight nomination – Gwatney also has been selected to perform her duties at the Clem McSpadden National Finals Steer Roping, which will take place Nov. 11-12 at the Kansas Star Arena in Mulvane, Kan.

This season also marks her third straight year to have been selected to work the steer roping finale, an honor bestowed upon the top personnel in the business. They will be joined by the world's best top 15 steer ropers, who will battle for the world championship.

"She puts all of her effort into her job and is devoted to it," said JoJo LeMond, who sits 13th in the world standings and is qualifying for the finale

for the third time. "She's worked all ends of a rodeo, not just as a secretary. She's been sorting cattle, running a neck rope and doing all sorts of other things, so she understands all aspects of a rodeo.

"She's a very valuable player for a rodeo organization."

Gwatney was raised in northern California, attending school in Yuba City; she also lived in Hesperia, and being a cowgirl is who she is. Over her rodeo career, she has served as a contestant, a contractor and an all-around horsewoman when needed. It has served her well.

Now she's focused on the duties that come on the production side of the business. While competitors make their living eight seconds at a time, Gwatney handles many of the behind-the-scenes tasks that help make everything go seamlessly.

Gwatney will be working the rodeo with her husband, John, who will serve as the NFSR's chute boss for the seventh

straight year. The two travel the rodeo trail together, working diligently to make sure each competition and each performance goes off without a hitch.

Over a career, Sandy Gwatney has served as a timer for the steer roping finals and the Wrangler National Finals Rodeo. She has also served as an assistant secretary at the Wrangler NFR.

While contestants appreciate her work, they also look beyond that; there they see into her personality, which is one of the most telling traits she has.

"You can trust her, and, in turn, you get the trust and the loyalty she's given to steer roping," LeMond said. "She stands behind our event, and you always have a smiling face to greet you.

"She's just very good at her job."

Those are just a few of the reasons she's received the recognition, and they're why she remains dedicated to the job.

# The Presidential Debate Blackout: Mainstream Media Spins the Real Issues Into the Outer Abyss

Author, Chuck Frank

The facilitators who lead the St. Louis Presidential debate along with others who were people that had questions for the candidates actually missed the mark by a million miles. There was no talk of what the candidates had in mind with regard to an ongoing agenda, that is the shredding of the U.S. Constitution and personal freedom, the attack on liberty, gun rights and privacy issues, as well as massive intrusion through surveillance, mainstream media control of the news, nationalized education, (i.e. Common Core and the failings of it), the internet giveaway, the police state, the U.N. presence already in America, FEMA camps, the continuing loss of national sovereignty, and finally, the danger of open borders that would combine Mexico, the U.S. and Canada into one large, but not so glorious North American Union. That scene would be a further expression of an already lost populace totally drenched in illegal drugs, corruption at all levels, government land grabs, no representation, banking cartels, corporate bribes, special interests, public division and

discord, major unrest, joblessness, riots and future financial meltdowns so large that bailouts will be impossible.

The debate which partially focused upon sickening sexual references on both sides of the equation was convenient while orchestrated distractions were brought into play by the mainstream news boys injecting their usual cover up while spinning out the real issues of an infected two party system which has seen its last day and should be put out to pasture. It is increasingly obvious to the American public and even the world what truly

transpired at the evening debate on October 9, 2016 and I assume that the next and last debate coming up will be a total failure as well.

Where is America's own national referendum that would be on the scale of the UK's exit from the European Union? The American people desperately need their own exit from an entrenched Trojan Horse made up of those powers at be, plus a thousand federal and state agencies which are likened to a sinister Babylonian empire that needs to be laid to rest and broken into a thousand pieces. Who will carry that torch?

# Story Theater Presents: "India's Imaginary Menagerie"

Just in time for the annual Sikh Parade, the Storytailors present their dramatization of five classic India Fables. Two performances are scheduled: Ettl Hall (behind the Community Memorial Museum in Yuba City) at 7 p.m. on Thursday October 27, 2016 and Saturday October 29 at 2 p.m. at the Lee Burrows Center in Marysville. Free Admission. Donations appreciated. All ages welcome!

The Storytailors, Andrea Ickes-Dunbar, Sue Cejner-Moyers, and Marilyn Warmee have combined years of teaching experience, artistic talents, and a love of drama to produce a repertoire of famous tales as Story Theater. India Fables is a mini-drama framed by interactions between The Scientist (Marilyn), The Storyteller (Andrea), and The Assistant (Sue) who engage in various modes of storytelling, from narration to character acting. The Storytailors feature music, masks, puppets, artifacts, improvised staging, costuming and audience participation to relate fables, myths, ethnic tales, seasonal stories and adaptations of children's literature.

"India's Imaginary Menagerie" is a dramatized collection of five classic tales, each with a relevant lesson for the listener. "The Prince and the Rhino" tells of a spoiled prince who learns the importance of speaking kindly and the need to apologize. "The Tiger's Whisker" teaches a well-

meaning grandmother the importance of doing something for the person you love. "Bhandar (Monkey) and Garial (Crocodile)" show how paying attention can save one's life. "The Story of Hathi" tells us to consider all viewpoints before forming an opinion. "The Animals and the Flat Thing"

prove that intelligence is stronger than physical strength.

Future Storytailors' performances for 2016-17 include: "The Gift of the Magi" (Dec 11), "The Monkey King" (Jan 28 & Jan 29), "Freedom Stories" (Feb 24 & Feb 26), "Greek Myths" (Apr 28 & Apr 30).

OPINION

There Must Be A Complete Change of Management

From the onset of his hire, until present day, there have been clouds of doubt and issues...The manager was hired in 2010 under a shrouded, questionable vetting procedure performed by NYWD's current legal counsel, Colantuono, Highsmith and Whatley (CHW). The manager's well-documented, dubious work history, specifically at Newhall Water District in the 1980's saw him under investigation by the L.A. District Attorney for contractor favoritism, kickbacks and other manipulative endeavors. Additionally, the resume that the manager submitted for employment at NYWD is likely fraudulent in regards to his educational background. Several customers have asked, through public records requests, for the evidence of his claimed education, but they've been denied the documents, often by CHW. CHW had to be aware of these problematic issues about the manager's past, both during their employment pre-screening process and after the NYWD Board asked them to perform a background check. CHW were negligent by not informing the Board of these issues and, for some spurious reason, continue to protect the manager's troublesome activities.

The manager has three of the board members on his side, often prepping them in advance of meetings, to support and to vote in favor of his reckless and insensitive ideas. Furthermore, these directors have sometimes secretly and unilaterally, allowed the manager to undermine standard board functions, double-dip into compensation, assign a departed employee's wages to himself and staff, hire others without full board approval and deploy an excessive use of and spending on unnecessary consultants and attorneys.

As a puppet of our county supervisor, the manager is one of several players, suspect of controlling NYWD's water to further probable development plans. The links are quite evident and the result could be disastrous to our community. These players are in full support of the manager. They've even inserted themselves into the election by enlisting candidates who are fully ignorant about NYWD. These candidates' lack of understanding NYWD's issues makes them easy to influence by the manager, the supervisor or other players who do not have the best interests of NYWD at heart. Obviously, there's a bigger agenda at work.

Bottomline, anyone who supports this manager's agenda must not be elected this November. This includes Dale Skinner, the current Division II board member and Gary Hawthorne, vying to win Director Cavaliere's seat in Division III. Additionally, Don Ferguson, the current Division IV board member, must be recalled. Eric Hansard's appointment must be contested thus allowing the voters in Division V the opportunity to advocate an alternative.

Vote Wright in Division I, Brown in Division II and Cavaliere in Division III!  
Pamela Brown  
Brownsville

North Yuba Water Agency Exceptions

All North Yuba Water District voters, are asked," please do not be deceived!" Have you been receiving emails from North Yuba Water Alliance (NYWA)? If so, beware! NYWA emails are unsigned, with no one individual taking responsibility for writing or sending them. NYWA should be fined by the Fair Political Practices Commission (FPPC) for misrepresenting members on their mailing list, of which I am one, as having endorsed candidates Cavalier, Wright and Brown, whom I do not endorse. They are using the NYWA as their personal Political Action Committee (PAC). They have spewed hateful rhetoric towards the NYWD Manager, select Board Members and community members, who strongly disagree with their harassing tactics. NYWA is a free and deceptive advertising tool for Wright, Cavalier and Brown. They hosted two local Candidates Nights on behalf of their endorsed Candidates. Fortunately, Candidate Gary Hawthorne, who chose to speak at their candidates night and is running against Cavalier, provided water solutions and a sharp, positive contrast, to their

shameful tactics.

Jenny Cavalier has spent years honing her underhanded tactics, which have caused discord, board infighting, and slanderous attacks perpetrated upon Managers and community members alike. Thus, resulting in years of lost productivity, the ability to find common sense water solutions, and at the same time throwing NYWD customers, under the bus by wasting our precious taxpayer dollars on law suits and attorney fees. Most notably, a settlement awarded to a former NYWD Manager Dennis Parker, a dear friend and neighbor who passed away last year. Collateral damage caused from her toxic leadership. Now here we are again, another NYWD Manager under attack, under the pretense of NYWA/Jenny Cavalier. Ask yourself, "What has she done in her twenty years of service for NYWD?"

Customers deserve better and want a path forward to productive water solutions. Please vote for COMMON SENSE on November 8th, DON'T GET WATER WRONG!

Healthcare Professionals Fleeing California

I have been talking to healthcare providers for sometime now, and all are telling me the same thing...get the HELL OUT OF CALIFORNIA or you will one day regret it if you need Healthcare... Because the State is imposing draconian regulations and unrealistic and unnecessary requirements on Doctors Nurses and other certified healthcare professionals, so many of them are saying "TO HELL WITH IT!" getting out of healthcare in California and either just quitting the field or moving to Medical Friendly States, because of the Over Regulation piled on top of an already stressful job!... This is leaving a major shortage of competent professionals. What you are getting in return are kids coming out of school {Many of them Foreigners} with their heads stuck so far up the Government's anal cavity their feet barely show... These automations could care less about your healthcare and only care about pleasing their Master the Government. Even Pharmacies are involved in collecting information ON YOU for the government and many of those creatures that work in that industry are part of this tyranny!

The requirements for renewing a certification to work in the healthcare field is costly and varies but in general they require a person to attend 40 hours of courses every 2 years that mostly are government regulations that have NOTHING TO DO with providing good medical care. Regulations, regulations and more regulation and tons of paperwork to overwhelm a person just to see a doctor and then the medical staff has to do tons of paperwork to please their Master the government. All of us can understand making sure a person is qualified in the healthcare industry, but to over regulate a care provider that has been in the field for 20, 30 and even 40 years, (Old School Doctors and Nurses that really care about you) so they quit, so the Government can replace them with government automatons is not in YOUR BEST INTEREST!

When will you sheeple WAKE UP and realize you are enslaved? When a Government becomes tyrannical, it is the duty of the people to abolish it!... If there ever was a time to abolish a tyranny...it sure as hell has come to California and America for that matter!

YUBA COUNTY WATER AGENCY STRATEGIC PLANNING WORKSHOP ON WATER SUPPLY RELIABILITY

The Yuba County Water Agency Board of Directors is hosting a strategic planning workshop focused on water supply reliability. Individuals with an interest in management of surface water and groundwater supplies are invited to learn more about this effort and provide input to the planning process.

(Continued from Page 1)

YCWA Board Rejects Public's Right to Vote

ber of the YCWA. Mr. Mathews said," Clearly the YCWA Board has overstepped their authority in voting to deny the voters of Yuba County the right to decide this issue. Their function was to provide a "Title and Summary" for the initiative and nothing more. In Schmitz vs. Younger 1978) 21 Cal.3d 90 the California Supreme Court said, "In furtherance of the people's power we have narrowly circumscribed the rights of ministerial officials to impede or delay the initiative process..... These questions may involve difficult legal issues that only a court can determine. The right to propose initiative measures cannot properly be impeded by a decision of a ministerial office, even if supported by the advice of the city attorney, that the sub-

ject is not appropriate to the voters."

History

At the beginning of the current drought Governor Brown, with a broad brush approach, declared that all Californian's must cut water usage by 25%. The people responded to the cut and saw their utility bills go up (less water at a higher cost). Because of good groundwater management by the YCWA the aquifers in Yuba County were in good shape and did not meet the same emer-

gency that existed in Southern California. The elected representatives did nothing about trying to get an exemption from the governor, yet "pumpers", approximately 20 people, were making a profit from the ground water substitution program using surface water from Bullards Bar Reservoir, water that belongs to all of the people of Yuba County. In 2013 the "Pumpers" revenues were \$33,580,000 and in 2014 they were \$26,912,241.

## Your One Minute News Digest

by Don Rae

- Apparently some in the local media, who complain about military planes flying over the area, want Beale to essentially shut down. It boggles the mind that someone would even think of this idea, much less write it and publish it. Eliminate the sound of freedom?
- How often have you heard that asking for an ID when voting is racist and every other pejorative imaginable? We also are told by the lefties that voter fraud is almost non-existent in the United States. Think of this - The State of Washington has an open ballot—ANYONE can vote, no ID is needed. The man charged in the Washington mall shooting voted in three elections despite not having U.S. citizenship. In California, thousands of dead people are still voting. In 10 states election databases have been hacked. And the Democrats continue to say there is no voter fraud. Voting Democratic by terrorists, felons and illegals is not fraud in their pickled minds.
- Obama's minions awarded \$56,698 to study whether college students eat junk food when they drink, and thereby get fat. And we thought they were eating carrot sticks at those keg parties.
- The man El Cajon police shot recently was an illegal alien who was ordered deported twice. It seems his home country, Uganda, refused to take him back. So Obama let him loose in the population. Maybe Uganda knew something.
- We pay full time legislators to spend time on this: AB 501, adopted by the Assembly and Senate, declared that denim is the official state fabric of California.
- You should also know that Prop. 52 gives lots of money to Medi-Cal. Why? Not because the proponents want to help hospitals and doc-

tors—that is only an excuse. Last year our illustrious legislature passed, and Moonbeam signed, a law giving 200,000 illegal aliens free health care via Medi-Cal without the money to pay for it. Prop 52 provides the money.

- The well-thought of FBI Director Comey is honest? MiniPlanet reports that Comey received some \$6 million from Lockheed Martin, which was a big donor to the Clinton Foundation. He was a Board member of HSBC Holdings, which financed retro-fitting houses by the Clinton Foundation. Comey's brother is an executive of DLA Piper, one of the top 5 donors to the Clinton Foundation. The brother is also employed by the firm doing the Clinton Foundation taxes. Any question remaining about why Comey gave Hillary a pass?
- Let's review some of the “non-violent” crimes which would be covered under the “early release” proposition. Rape by intoxication, rape of an unconscious person, human trafficking involving sex acts with minors, drive-by shooting, assault with a deadly weapon, taking a hostage, hate crime causing bodily injury,
- Proposition 52 claims not to cost anything since the money generated comes from Washington. Where do these partisans think Washington's money comes from? Outer space?
- Rallies in several cities over police shootings: These folks would turn out to protest the size of Girl Scout cookies if Soros paid them.
- Have you watched the interviews by Jesse Watters? Lots of folks are totally clueless and living in an alternative reality. Must be products of government schools.
- A report says that in 2015 there were more than 11,000 cases of “unruly passengers” on airlines in the US. It's only surprising there aren't more. Have you flown lately?
- It was in the 1890s when the media started “muckraking”. Journalists were out to expose business practices which the editors felt were against the public interest. The continued attacks morphed into

the progressive movement way of looking at things until today we see journalistic malfeasance rather than what the founding fathers envisioned in the constitutional amendment creating a free press.

- After 30-some years in public office, the Clintons have amassed a \$100 million fortune – all on government salaries. They must be frugal on steroids.
- These little tidbits you read in this column are called “bullets.” When will the legislature restrict the number which can be written and read?
- Do the research. Read the writings of Hamilton, Madison and Locke. Government is a social compact designed to curtail the “law of the jungle.” It is set up to protect life, liberty and property. In our nation's first principles, no one is entitled to steal from someone else. Yet the current administration is doing just that and is hell-bent on doing more of it. It steals from one group and gives it to another. In November we have the god-given opportunity to stop the theft. Vote. (“Stealing America” by Dinesh D'Souza)
- Garamendi (Democrat) claims he's been fighting for water policy for 40 years. If you couldn't solve a problem in a 40-year career do you think you would still have the job?
- US Central Command announced that one air strike in Yemen killed one bad guy. Yippi! At that rate Obama might take out a whole squad before he leaves office.
- A cease fire in Syria! Not. Kerry fails again.
- In the recent VP candidate debate, Kaine was a bully. Aren't Democrats dead set against bullying?
- Keep this in mind as you read the mainstream media's election coverage. Remember that during the last presidential election these same folks shipped a planeload of reporters to Wasilla, Alaska to get “dirt” on Sarah Palin. One even rented a house next door to Palin so they could use binoculars on her family. The same attention is being paid to Trump and the salacious crap that the Democrats wallow in will give the tabloids much fodder.

## “You Choose” John Garamendi or Eugene Cleek

by Bob Bagley

Congressman John Garamendi of the California 3rd District, our current Congressman, has a deplorable record according to govtrack.us. He has been congressman for districts 10 & 3 for 7 years and you have to ask, “what has he done for us?” I think the answer to that question is, nothing.

I tried to find one single piece of legislation that he introduced in 2015 that had passed committee and went to the floor for a vote. There isn't one. Probably, because he only submitted six bills and resolutions all year. Garamendi missed enough votes in 2015 to earn him a place in the top 20 percent of all representatives for missed votes!

When Garamendi did vote, his voting record speaks for itself. As to the immigration issue, he voted “against” withholding federal funds to sanctuary cities. On our Second Amendment Rights, Garamendi voted for EVERY gun control bill

and “against” every gun rights bill. He received a grade of “F” from the NRA. As to health care, he has stated he will be a tireless advocate for the “single payer system”. The single payer system is worse than Obamacare when it comes to quality and timely care.

So, given Congressman Garamendi's dismal performance and voting record there needs to be a new hire for the position of representative for district 3 of California, and that is Republican candidate Dr. Eugene Cleek!

Dr. Cleek has spent his entire life in public service and has served his community and country as a trauma surgeon for 35 years. He has trained surgeons in Africa, served in the US Army as a trauma surgeon in the first Gulf War, and is also a farmer who understands the water crisis we face.

Dr. Cleek isn't a career politician. He is a hardworking American

like you and me. He has a vested interest in the community and understands the issues that we face on a daily basis. He understands health care, and knows what it means to be a veteran and the difficulties they face upon returning to the civilian world.

Dr. Cleek has cared for people for his entire life. I believe it's time we let him care for our district that has been neglected by Garamendi the entire time he's been in office.

I see a good, honest man in Dr. Cleek. The kind of man that you can trust. I'm tired of the status quo and think it's time for a change. It's time to elect one of us not one of them. We need to have a say in the future of this country. Garamendi simply hasn't listened. He's had plenty of time to help, but help hasn't come. It's time we call a Doctor and save the life of our nation!

## Marijuana Tax Revenue Hopes Could Go Up In Smoke

by George Runner

For the third time in state history, California voters will be faced with the question of legalizing marijuana for recreational use.

The official ballot summary for Proposition 64 says the measure could generate up to \$1 billion in new tax revenue annually for state and local governments. Only time will tell if this is true, but voters - regardless of how they plan to vote - would be wise to take these revenue projections with a grain of salt.

First, the facts: Prop. 64 would legalize mari-

juana - under state, not federal, law - while creating a \$9.25 per ounce cultivation tax on dried flowers, a \$2.75 per ounce cultivation tax on dried marijuana leaves, and a 15 percent excise tax on the retail sale of medical and non-medical marijuana products. In addition, non-medical products would be subject to California sales tax, which currently ranges from 7.5 to 10 percent.

Under Prop. 64, medical marijuana will not be subject to state sales tax. Furthermore, it will be exempt from cultiva-

tion taxes when grown by a qualified patient or primary caregiver. Under the new law, local governments could add even more taxes to marijuana purchases. Some local governments are already contemplating additional taxes to fund youth programs or fight homelessness.

Marijuana users who are desperate to save money could return to the black market or pick up a "Prop. 215 card," skipping the state sales tax on marijuana - and likely other taxes as well.

## Bridgeport Fall Festival

The South Yuba River Park Association (SYRPA) will host the Bridgeport Fall Festival on October 23, 2016

Try your hand at gold panning, basket weaving and wool spinning. Take a hay ride in a wagon drawn by a vintage tractor and enjoy an up-close experience with wild birds provided by Wildlife Rehabilitation and Release of Grass Valley. Tours of the 1860s historic barn and 1920s gas station will be available to all. In addition, you can enjoy live music by the Buffalo Gals while picnicking under the shade of the large oak trees.

You can partake in watching your children play games along with face painting, painting pumpkins and making bird feeders. This year's special attraction will be two magic shows performed by Bernard Bradshaw. There is always an abundance of food including BBQ and baked potatoes by Penn Valley Chamber of Commerce, Frozen Yogurt by Culture Shock Yogurt and Root Beer Floats prepared by

our expert volunteers.

Visiting with our rangers, volunteers and several local community organizations, such as Audubon, is always pleasant and informative. The “Save Our Bridge” campaign will be represented by volunteers who will be on hand to answer questions about the covered bridge reno-

vation plan. You will have access to peer into the bridge through a fence since it remains closed to all traffic until renovation is completed.

Admission is Free ~ Parking \$5 For more info call the Visitor Center at 530-432-2546 or visit the website – southyubariverstatepark.org

# Holiday Gift Faire Celebrating 30 Years

The Colusa Holiday Gift Faire and Craft Show has been a long-standing tradition each November in Colusa.

This year, The two day event is scheduled for November 19 and 20 when it will celebrate its 30<sup>th</sup> anniversary.

“Once again under the management of the 44<sup>th</sup> District Agricultural Association (44<sup>th</sup> DAA), the longtime sponsors of the event have plans to make this the best Faire ever,” said Colusa County Fair CEO Jonathan Howard. “We have 30 years of tradition to celebrate here,” he said.

The event was originally started by local Colusa County resident Marty Zeleny.

With well over 100 vendors it is the kick-off holiday shopping location for hundreds of people not only in Colusa County, but

in surrounding counties as well.

The event will showcase vendors displaying their holiday wares, crafts, and gifts. “It’s a great place to go shopping for unique or handmade items, or for those every year holiday staples for your family entertaining,” said Howard.

Howard confirmed today that Colusa County’s own Santa Claus (Dave Bishop) is returning this year.

“We are very excited that our own Santa will be returning,” said Howard. “He is the real deal,” added Howard.

The Colusa Holiday Craft Faire & Gift Show is open both days from 10:00 a.m. – 4:00 p.m. Admission and Parking are Free.

If you would like to become a vendor please contact the Colusa County Fair office at (530) 458-2641.

## Farmers respond to increased olive oil demand

Growing popularity of California olive oil has led to more plantings of olive groves in the state. The California Olive Oil Council says the U.S. now represents the second-largest market for olive oil, behind the European Union. Imported oils still dominate the U.S. market, but the council says California oil now accounts for about 6 percent of the market--up from only 1 percent a few years ago.

## Report shows benefits of dairy exports

Continuing increases in exports of dairy products will create jobs and help farmers, according to a report issued Tuesday by the U.S. Department of Agriculture. The report says the proposed 12-nation Trans-Pacific Partnership would provide U.S. dairy products with expanded access to markets such as Japan, Vietnam and Malaysia. The report says each \$1 billion in dairy exports supports about 20,000 jobs.

## Brussels sprouts thrive on foggy coast

A foggy summer helped the Brussels sprouts crop along the Central Coast. Farmers say the cool weather encouraged high quality Brussels sprouts and strong supplies. The harvest is accelerating in anticipation of higher demand during the holiday season. Farmers and marketers report increased demand in general, as more chefs incorporate Brussels sprouts onto menus and feature them on cooking programs.

## Tomato-garden kits earn national notice

An innovative school fundraising idea has won national project that makes tomato-garden kits as an alternative to the cookie dough and candy that schools often sell to raise

money. Each kit features tomato plants contained in a plantable bag. Williams was named a national semifinalist in the annual Rural Entrepreneurship Challenge, sponsored by the American Farm Bureau Federation.

# Stop Illegal Grows. Time for Regulation and Control. Protect Yuba County. Please Vote YES on Measure E.

In October 2015, Gov. Brown signed California’s Cannabis Regulation Act which:

- classifies marijuana/cannabis as an agricultural product
- makes growers subject to state and local licensing and overall regulation by the state’s Cannabis Regulation Bureau and several state agencies.
- prioritizes compliance with water, environmental and public health and safety laws
- imposes fair labor practices

The state law requires that licensed growers must provide proof of local approval and evidence of legal right to occupy proposed location, submit fingerprints for DOJ background check and the licensing authority may deny if the grower has been convicted of an offense substantially related to qualifications, including ANY felony controlled substance offense, violent or serious felonies, or felonies involving fraud, deceit or embezzlement, or any sanctions by a local licensing authority in the past 3 years.

The state law provides that no licensing or regulation will apply if the local county maintains a ban. Or the local county could regulate, control and tax the activity in which case the state can issue licenses in that

# ILLEGAL GROWS

## PROTECT YUBA COUNTY

# VOTE YES ON E

county for cannabis production.

Other Counties like Calaveras, Mendocino, Humboldt, Santa Cruz and Trinity have adopted local cannabis licensing and are accepting license applications for an average filing fee of \$5,000 in addition to other fees and taxes on growers. Calaveras County collected \$3,000,000 in application fees within six weeks.

Yuba County could be collecting millions of dollars in fees. County financial problems could be gone like when Coalinga erased its entire city debt in one day due to a medical marijuana license.

Growers who can’t handle regulation or can’t pass background checks are being forced out of regulated counties into banned counties like Yuba.

Yuba’s current ban has unintended consequences making it a haven for illegal growers, black marketeers, outlaws, criminal enterprises, sex traffickers, and drug trafficking organizations:

- Yuba growers are exempt from enrolling in the Water Board’s cannabis program which requires filings and environmental and water law compliance
- Yuba growers are exempt from any background check or filing requirements
- Yuba growers are exempt from any state regulations, taxes or fees
- Yuba growers are exempt from any safety testing requirements

Measure E would regulate Yuba

growers extensively by requiring conditional use permit, administrative use permit and/or zoning clearance filings with the Planning Department as well as proof of legal water and permitted wastewater systems, adequate fencing and proper zoning.

Measure E would allow outdoor cannabis cultivation on agricultural-zoned parcels as a permitted use. Other zoning areas would be required to obtain conditional use permits and/or administrative use permits in the discretion of the County Planning Department.

Measure E would allow small 100 sq. ft. personal medical marijuana gardens consistent with the State Cannabis Regulation Act and up to 500 sq. ft. in collectives as allowed under state law.

Measure E would regulate and control Yuba County growers. That’s why outlaws, gangsters, black marketeers and criminals are against Measure E.

Measure E protects Yuba County. Measure E will regulate and control growers. Vote Yes on Measure E.

### The Trouble at Deutsche.

The German banking conglomerate Deutsche has seen better days. Its stock cut in thirds in the last 2 years, investors have hammered the shares under swirling rumors and concerns about its financial health and long term viability.

This bank is no small potatoes. It has more than 100,000 employees in over 70 countries, and has a large presence in Europe, the Americas, Asia-Pacific and the emerging markets. In 2009, Deutsche Bank was the largest foreign exchange dealer in the world with a market share of 21 percent.

The trouble started during the banking blow up and housing crash says Wikipedia.

Deutsche Bank was one of the major drivers of the collateralized debt obligation (CDO) market during the housing credit bubble from 2004 to 2008, creating ~\$32,000,000,000 worth. The 2011 US Senate Permanent Select Committee on Investigations report on Wall Street and the Financial Crisis analyzed Deutsche Bank as a 'case study' of investment banking involvement in the mortgage bubble. Then when the majority of large banks were retrenching and shoring up

capital, Deutsche bet the markets would loosen and increased its leverage. The bet apparently failed as markets remained anemic and bank regulations tightened.

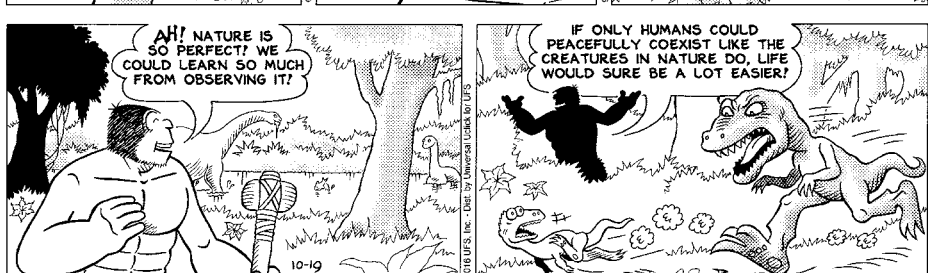

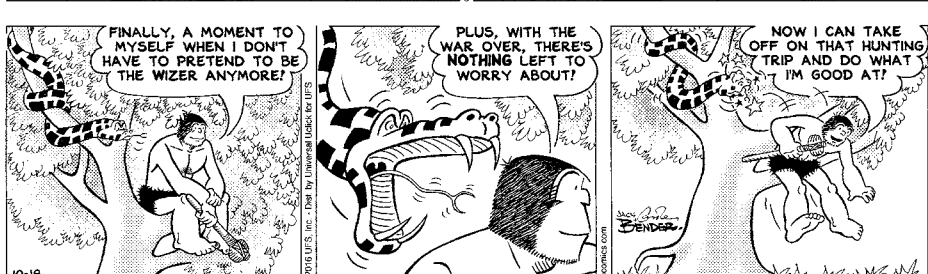

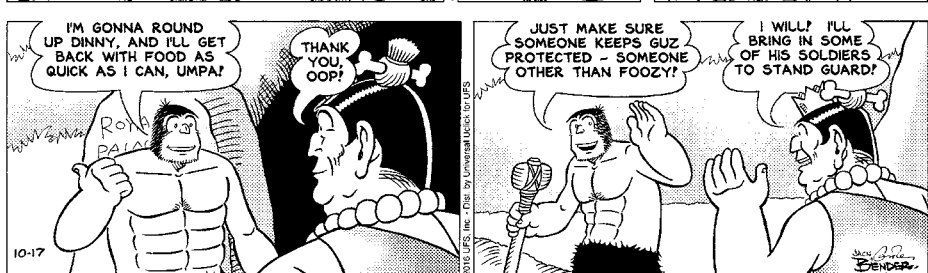

Just because it's a German bank however, don't think your tax payer dollars weren't used to shore up Deutsche. In 2008 Deutsche Bank reported its first annual loss in five decade and received somewhere in the neighborhood of US\$11.8 billion from funds provided by US taxpayers when they bailed out AIG, the American insurance company it had dealings with.

Fast forward 7 years later and Deutsche is still in trouble and it appears to be getting worse. Its troubles are not its own however.

With a reported 70 trillion in derivatives on its books (large unregulated bets of which the content and trigger points are known only to Deutsche), it's collapse, if it indeed happens, would have much greater impact on financial markets than the Lehman Brothers fiasco that many argue was the first domino in the banking blowup that almost melted global financial markets in 2008/09. Jim Willie in his Silver Doctors September 17 essay said:

"The important thing to keep in mind about Deutsche Bank is that it won't go down alone if it goes down at all. If it fails, it will take along with it 3,4,5,6 or 10, or 15 other banks with it".

The Street.com added to the specter of a Deutsche failure when it wrote on August 25:

"The 2008-2009 global financial crisis, is nothing compared to what would happen if Deutsche Bank, a keystone of the global financial system, collapsed".

Is a failure of this magnitude plausible?

It's hard to imagine given the recent history of central bank intervention when it comes to "too big to fail" bailouts that the global monetary authorities would let Deutsche go under given the possible ramifications of such a failure.

My money is on another bailout should Deutsche be forced to ask for a life preserver. The ironic part here is that this bank, the people who run it and the authorities that regulate it apparently didn't learn much from the 2008/09 crisis that occurred just a few years ago.

Once again the taxpayers of the world will likely pay the price resulting from the actions of others who were looking to line their pockets with obscene amounts of dough.

# Be Part of the Veterans Day Parade

"Veterans Day is the day for all Americans, intended to honor the contributions of service men and women throughout our Nation's history. Veterans Day also commemorates the time and day at which the major hostilities of World War I were formally ended: the

11th hour of the 11th day of the 11th month of 1918. Hence, every November 11th at 11:00am marks the official parade commencement, rain or shine. The Marysville parade route follows "D" Street, will turn at 2nd Street and finish at "C" Street at 5th Street.

This year's parade is on track to be bigger than ever. The Parade is sponsored by the Yuba-Sutter Veterans Day Parade Committee and the City of Marysville.

Entry forms are due by Oct. 28th but will take late entries if there's room.

Following the parade numerous events are planned: (1)The Rivers Edge Pub ( # 1 E-12th St. Marysville) will putting on a free Bar-B-Q. The fun will start at approximately 1:00 P.M. They will serve hot dogs and hamburgers. There will a donation jar with the proceeds going to the Veterans Day Parade Fund. Registration is now open for the South Yuba River Citizens League's (SYRCL) 2016 Salmon Tours. Join SYRCL River Science staff, trained local naturalists, and river guides from H2O Adventures for this educational and fun day rafting on the river. "This is an unforgettable opportunity for you and your family to explore the lower Yuba River and to witness spawning salmon," says SYRCL's River Education Manager, Heather Kallevig.

Be amazed by the spectacular journey of wild Chinook salmon, who travel over a hundred miles from the

Pacific to their native spawning grounds in the Yuba River. Witness exuberant salmon, as they jump two feet out of the water and dart around the rafts. Discover the Yuba River ecosystem and learn how mining has impacted the river. On the excursion participants will also see firsthand SYRCL's salmon habitat restoration project underway at Hammon Bar.

The Salmon Raft Tours begin on the main stem of the Yuba River at Parks Bar, just below the

Highway 20 Bridge, and end at Sycamore Ranch Park. This run is about five-miles long and the tour takes approximately six-hours.

To sign up for a tour, register online at: <http://yubariver.org/our-work/river-education/salmon-tours/>, or contact Heather Kallevig, River Education Manager at: (530) 265-5961 ext. 218, or [heather@syrcl.org](mailto:heather@syrcl.org).

SYRCL would like to thank the Teichert Foundation for supporting our 2014 Salmon Tours season!
