

Remembering 9/11

Never Forget

December 7, 1941, A Day that will live in infamy, the Japanese surprise attacked Pearl Harbor killing 2,400 Americans, sunk 12 ships and destroyed 188 aircraft. The nation promised the Pearl Harbor survivors "We Will Stay Vigilant and Never Forget". Sixty years later, September 11, 2001, was another the attack on the United States.

On the morning of September 11, 2001 the United States of America was attacked by 19 Al-Qaeda terrorists. The attacks killed 2,996 people and injured over 6,000 others.

The attacks were carried out by hijacking four passenger airliners, two of the planes were crashed into the North and South towers of the World Trade Center, a third plane was crashed into the Pentagon, the fourth plane was directed toward Washington, D.C. but crashed into a field while the passengers tried to take control away from the hijackers.

On Sunday, September 11, 2016 The TRI Counties Blue Star Moms will host the 9/11

Remembrance – 15 Year anniversary at Yuba City High School, Honker Stadium. The Field opens at 8:00 AM; ceremony begins at exactly 8:30 AM.

Ceremony includes the Fire Fighter's Memorial Bell Ringing for every significant moment on 9/11/01, National Anthem by Liesl McPherrin, soprano of San Francisco Pocket Opera, songs by New Adventures Preschool, participation from Beale AFB, local Fire and Police, local VFW and American Legion Posts.

Speakers include Capt. Shon Harris, CHP; Chief Pete Daley, Fire Department; Ron Sullenger; Dorian Kittrell who directed American Red Cross Response

in New York on 9/11/01.

Following the Memorial Ceremony, everyone is encouraged to participate in a 2-mile walk around the track to simulate fire fighter Stephen Siller's run to reach the World Trade Center.

The field will be lined with 754 American Flags each with a name and photo representing every fallen California Service Member from Iraq and Afghanistan since 9/11/01. California has more fallen service members than any other state in the nation.

**Free event.
Everyone Welcome.**

"Civil War Days" Coming to Marysville

Marysville, Ca.

Marysville's " Mary Aaron Historical Museum" and the Re-enactors of the American Civil War (R.A.C.W.) will be holding the First Annual Civil War Days" on Sept. 9 -11, 2016 at River Front Park in Marysville. On Friday, Sept 9 the event will hold a special free school day for local schools to bring their students out to learn about this pivotal test of the American democracy. The students on Friday will be given short presentations on subjects ranging from infantry, artillery, cavalry, Union (aka the North, Yankees, Federals), Confederate States of American (aka the South, Rebels, Confederates), as well as the effects on civilian life in the battle areas. Students will be shown the rifles, pistols, swords, and other weapons of the war, discussions on 19th century medical practices, food, uniforms, civilian clothing, discussions on common diseases, camp life, and political causes and effects of the "War Between States" (the

50th Annual Constitution Day Parade

Golden Anniversary Celebration

The 50th Annual Nevada City Constitution Day Parade tops a full weekend of family fun Sept. 10-11 in this colorful Gold Rush town.

Nevada City's Constitution Day Parade has been a local tradition since 1967 and has been reported to be the oldest and largest Constitution observance in western America.

Nevada City's own Alexander Rossi, winner of the 2016 Indianapolis 500, is a special guest in this year's parade, which rolls down Broad Street at 2 p.m. on Sunday, Sept. 11. The parade features about 80 entries and caps a number of other activities including Revolutionary War living history, a duck race down

the rapids of Deer Creek, and a free outdoor big band concert.

Nevada City is known for its classic small town spirit and unique events. With an official population of just 3,001, Nevada City swells to thousands more on Constitution Day. Celebrants should plan to arrive early to get a good vantage point along the Broad Street parade route. Out-of-town visitors should book lo-

cal accommodations early.

For more information and a complete weekend schedule of events, contact the Nevada City Chamber of Commerce, 132 Main Street, Nevada City, CA 95959. Call (530) 265-2692 or (800) 655-NJOY or see www.nevadacitychamber.com.

The 16 oz. Beer 'Nazis'

**- Commentary
by Lou Binninger**

President Ronald Reagan said, "If fascism ever comes to America it will come in the name of liberalism. Fascism is private ownership, private enterprise but total government control and regulation."

One of the most noted Seinfeld episodes is the Soup Nazi based upon the real life Soup Kitchen in New York where the line of customers wraps around the block. Soup patrons wait up to ½-hour and face numerous rules and rudeness to acquire fantastic soup.

In the Seinfeld version, the Soup Nazi would arbitrarily forbid a patron soup or add extra charges to customers who waited patiently, complying with a myriad of eccentric rules.

"No soup for you," the testy owner would shout! "No soup for one year!"

The laughs erupted by juxtaposing the outlandish soup-man against the clientele's absurd craving for his soups. What makes it work is the customers' finagling and strategies to not offend the Soup Nazi. They seem to enjoy the ritual of abuse.

However, when the sitcom 'Soup Nazi' is the government with its nonsensical rules, regulations and opinions, the fun is gone. That's what President Reagan was getting at.

Former New York Mayor Michael Bloomberg ran out of city problems to target obesity, salt and sugar intake. He banned jumbo sugary drinks, those over 16 oz. People protested, but the masters always know best. Bureaucrats detest freedom and those who have minimal need for government.

It took the state's highest court to this time reject the violation of personal rights saying the city's Board of Health "exceeded the scope of its regulatory authority" in enacting the jumbo drinks proposal. But, the scary thought is that it was a split decision. Other judges thought it was government's role to tell people what they should eat, drink and how much.

Kumar Kairam, the owner of Yuba City's Washington Market is a victim of regulatory abuse.

He decided to add alcohol sales. The state's Alcohol Beverage Control (ABC) and Darin Gale, the city Community Development Director, concurred but Gale objected to the sale of single 16oz cans of beer. Gale says Kumar can sell a 24 oz. single, but not a 16 oz.

Selling 16 oz. 'singles' is bad for the neighborhood according to Gale. Kumar's store is in a residential area. There was no ordinance, no public debate, just Gale's perspective and ruling.

Kumar says another store one block away across from a park and apartments sells 'singles.' This smells of crony capitalism, a government via arbitrary rules and regulations creating winners and losers.

A popular request of customers, Kumar says he is the only store forbidden to sell 16 oz. singles. He is losing business while trying to put three kids through college.

"Where are your 16 ozers?!" He then has to explain over and over a rule that makes no sense to anyone and refer patrons to the store a block away.

Kumar pleaded with the city to reconsider, making numerous trips to City Hall to find someone to listen. A year passed, but he heard nothing.

The ABC and the chief of police have no problem with him selling 16 ozers. City officials said they tried to call him to convey their decision... "No 16 ozers for you!" However, no one took time to stop by for a visit.

Yuba City council candidate Jason Rikard heard about Kumar's plight. Rikard organized a gathering at the market. A video of the event made it to Facebook to inform the public about the government abuse.

Rikard says, "It has nothing to do with beer, but with the arbitrary decisions of city government. It was neither a city council nor the people's decision." Rikard argues that the 'singles' issue is another example of a government gone wild, interfering with our personal freedoms.

Kumar Kairam is the poster boy for hard work and determination. After arriving here he worked the fields and then mini markets. Eventually he could afford his own store. His most difficult challenge turns out to be government. It wasn't supposed to be this way.

Tri-County Junior/Amateur RODEO Butte Co.

The Tri-County Junior/Amateur Rodeo will take place on October 2st and 2nd at 12:00 daily. The admission is free at the Butte County Fairgrounds in Gridley.

The Royal Court Contest entries close September 16th. Western attire required for contest.

If you have questions you can contact: Terri Ayers at (530) 742-5578 or ttaro99@yahoo.com and Misty Crooks at (530) 870-1521 or tricityrodeo@gmail.com

Michael Lavoie Premier's A New Hand-Poured Super Bait

The Rooster Tails Fishing Club monthly breakfast will be held at the Auburn Elks Lodge on September 16. This event is open to club members, spouses, and non-member guests. Doors to the Lodge will open at 7:00 a.m. to share fresh brewed coffee. A fantastic \$13 wide-selection buffet breakfast is served at 8:00 am followed by a 9:00 am special presentation by guest speaker, custom bait manufacturer Michael Lavoie. Michael is a successful tournament fisherman and owner/operator of Branson Hand Poured Bait. He will discuss how to use his custom baits incorporating a secret electronics weapon to finding, marking, and to target vulnerable big fish in salt and freshwater s. Reservations are not necessary to attend the

breakfast, but attendees are encouraged to arrive by 7:00 a.m. for a good seat. Michael Lavoie, a very special entrepreneur, is a successful tournament fisherman. Over multiple fishing tournaments, Michael meticulously compiled data on the positive attributes of hundreds of swim baits and incorporated them into one design. It took him over a year to come up with a finished mold that was used to make a hand-poured super-bait that

repetitively caught fish. Not just any fish, but trophy size, toothy, monster fish! His baits are now in demand by Pro Tournament Anglers as well as by fishing guides in the know. Branson baits have proven results specializing in saltwater and freshwater fish including ling cod, rock cod, Cabazon, halibut, striped bass, largemouth bass, and mackinaw.

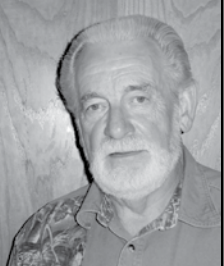

Live bait has long been a fixture of the fishing scene. Since the sport's Dark Ages, countless fish have fallen for the inherent attraction of various earthly-born forage impaled on a hook. However since fishing labs have toiled-away to find an alternative to live bait that mimics their size, features, swimming motion, color, and even the smell of to be better than what nature created. Too often though, the bait was created in mind to catch the angler to buy it, rather than catching fish. The result is that many lure and bait manufacturers put considerable emphasis on packaging, displays, and promotion rather than proof that their product actually catches fish.

The 30 year old, 200+ member Rooster Tails Fishing Club of Northern California, Inc. is a non-profit organization that meets the third Friday of each month to educate, entertain, and enhance a fishing experience. Unlike many bass and fly fishing clubs that concentrate on very specific types of fishing, the Rooster Tails Fishing Club provides a balanced mix of fishing techniques presented by fishing experts targeting a variety of fish species on multiple types of waters. For more information contact Jim, Club Chairman, at 530-887-0479 or visit the club's web site at www.roostertailsfishing-club.org

FISHIN' TALK

by Boots Johnson

Dan "Boots" Johnson has fished and hunted in California for 70 years. Anyone with questions or comments can email him at boots3@syix.com

We all have a special lure in our tackle boxes. My son Ted has a flat-fish which is scratched up from the huge teeth in the mouth of the big salmon he caught years ago. As far as my tackle is concerned I have a white rooster tail lure that has since gotten rusty. However, I will keep it for all time due to the fact that that particular lure caught me some beautiful brown, grayling and rainbow trout fishing the Green River in Wyoming. My Uncle Tom had a special spinner made for the salmon in the Sacramento River. An old friend he met on the river made the spinner and my Uncle caught some nice salmon using

it. There are so many people out there who have a special lure, reel or rod. I have a fly rod which came from Spain and was flown from there to Beale Air Force Base on an SR 71. I have never used it and it is a treasure, along with the certificate, among my collections.

For the lures that we use regularly..... how long should we keep them and when should they be retired? Before we do this consideration should be made whether or not we wish to "display" an old lure. When a person sees a lure hanging from the work bench or stuck in a window shade in the den there is always a story attached to the

lure. Of course the story is in the anglers mind who owned and used that lure. The next time you see a lure on display if would be a good idea to ask for the story. I can guarantee some of those stories will be now only interesting but exciting as well.

I have a huge lure hanging from my ceiling in my office. The treble hooks (which are dull) are the size of a frog gig, the lure is almost two feet long and half that around. The story is a riot and was talked about up at Little Grass Valley Reservoir, during the Annual Malott Derby, many years ago.

Enter Your Exhibits in the Harvest Fair at the Draft Horse Classic

It's free and all exhibitors will receive free tickets to a Draft Horse Classic Performance

Entry forms are now being accepted for exhibit entries in the Harvest Fair, which takes place during the Draft Horse Classic, September 22 – 25, at the Nevada County Fairgrounds. The deadline to turn in entry forms to enter exhibits is 4 pm on Friday, September 16. It's free to enter, and all exhibitors will receive complimentary tickets to the Friday evening performance of the Draft Horse Classic.

Entry forms are now being accepted at the Fair Office and on-line at NevadaCountyFair.com. There are more than 100 different categories to choose from, including fruits and vegetables, cobblers, harvest pies, scarecrows, jams, honey, cut flowers, produce characters, and birdhouses. There's even

a "Garden Photo Contest" to share the beauty of your own garden and plants; and an Adult Artistic Corner for those interested in showing off arts and crafts. So many fun categories to choose!

There's a division for youth and teens, which includes categories like apple face dolls, decoupage, Halloween masks, painted pumpkins, wreaths, table settings, and ceramics. Plus, there's a Special People's division for those interested in showing off their talents at the Harvest Fair.

Exhibitors must either submit paper entry forms at the Fair office or enter online at NevadaCountyFair.com between now and Friday, September 16 at 4 pm. It's free and it's simple!

Complete descriptions of all Harvest Fair divisions and categories are available online at NevadaCountyFair.com, at the Fair's Office on McCourtney Road, or by calling the Fairgrounds Office at (530) 273-6217.

The Draft Horse Classic and Harvest Fair runs September 22 – 25 at the Nevada County Fairgrounds. There are six performances featuring the beautiful Draft Horses – Thursday and Friday at 6:30 pm, Saturday at 10 am and 6:30 pm, and Sunday at 10 am and 4 pm.

In addition to the Draft Horse performances, the Harvest Fair is happening at the Fairgrounds throughout the event. Musical entertainment, Art at the Classic, food vendors on Treat Street and around the grounds,

a clogging jamboree, Harvest Fair exhibits, and visits to the barns make for a fun family day

at the Harvest Fair.

For Draft Horse performance tickets or information about entering a

Harvest Fair exhibit, call the Fair Office at (530) 273-6217 or visit NevadaCountyFair.com.

Six Families Become Homeowners

Linda, Ca.

Six North State families got keys to new homes this month after working for months to build them. Participants in Community Housing Improvement Program's (CHIP) mutual self-help housing performed walkthroughs of their homes with USDA Rural Development and signed final paperwork

New homeowner Ana Raya (right) completes paperwork with Jill Quezada from CHIP

Kuldeep and Amarjit Kumar and their twins with keys to their new house

on August 24.

Families build their homes in groups of five or six under the supervision of CHIP's construction staff. Each household dedicates at least 30 hours per week in labor towards building their new homes and help each other during the process, which takes about nine months. All homes must be finished before anyone moves in. House plans included 3-5 bedrooms priced under \$200,000, with no down payment, affordable monthly payments and low fixed interest rates. USDA Rural Development provides funding assistance for these programs. Builders from this program must make at or below 30 percent median income for the county in which they build, have decent credit, and earn enough income to make monthly payments on the loan.

CHIP also has other developments with available lots in Sutter and Butte counties, as well as an interest list for other areas. For more information about self-help housing, con-

tact Judy Orozco at email www.chiphousing.org.

TRAVEL, LEARN AND EARN

NO EXPERIENCE NECESSARY!!! I would like to bring your attention to a group of people dedicated to teaching young and enthusiastic people the art of salesmanship by sponsoring independent contractors as door to door salespersons while traveling the USA and distributing children's and educational books. This is a fantastic way for our young adults to not only see this beautiful country but to make a living earning a paycheck and learning a trade. If you or someone you know has a child that is 18 to 25 years old and can pass a background check that just sits around the house playing video games or worse yet not doing anything at all you owe it to them to give these people a call. There are no application fees required and all travel details are handled by the company all you have to do is call and do a phone interview with a manager. **NO EXPERIENCE NECESSARY!!!** Travel and housing expenses are provided by the company and return transportation is guaranteed. So don't hesitate call today and travel tomorrow. Call Ryan at 888-553-8648 TFN

CLASSIFIEDS / LEGALS

APN: 015-380-130 TS No: CA09000184-16-1 TO No: 95309927 NOTICE OF TRUSTEE'S SALE (The above statement is made pursuant to CA Civil Code Section 2923.3(d)(1). The Summary will be provided to Trustor(s) and/or vested owner(s) only, pursuant to CA Civil Code Section 2923.3(d)(2).) **YOU ARE IN DEFAULT UNDER A DEED OF TRUST DATED April 27, 2004. UNLESS YOU TAKE ACTION TO PROTECT YOUR PROPERTY, IT MAY BE SOLD AT A PUBLIC SALE. IF YOU NEED AN EXPLANATION OF THE NATURE OF THE PROCEEDINGS AGAINST YOU, YOU SHOULD CONTACT A LAWYER.** **On September 26, 2016 at 09:00 AM, The Fifth Street Entrance, Yuba County Courthouse, 215 Fifth St., Marysville, CA 95901**, MTC Financial Inc. dba Trustee Corps, as the duly Appointed Trustee, under and pursuant to the power of sale contained in that certain Deed of Trust Recorded on April 30, 2004 as Instrument No. 2004R-007739, of official records in the Office of the Recorder of Yuba County, California, executed by **GERALD WILSON AND VALORIE WILSON, HUSBAND AND WIFE**, as Trustor(s), in favor of **CHASE MANHATTAN MORTGAGE CORPORATION** as Beneficiary, **WILL SELL AT PUBLIC AUCTION TO THE HIGHEST BIDDER**, in lawful money of the United States, all payable at the time of sale, that certain property situated in said County, California describing the land therein as: **AS MORE FULLY DESCRIBED IN SAID DEED OF TRUST** The property heretofore described is being sold "as is". The street address and other common designation, if any, of the real property described above is purported to be: **8051 CAMP FAR WEST RD, WHEATLAND, CA 95692** The undersigned Trustee disclaims any liability for any incorrectness of the street address and other common designation, if any, shown herein. Said sale will be made without covenant or warranty, express or implied, regarding title, possession, or encumbrances, to pay the remaining principal sum of the Note(s) secured by said Deed of Trust, with interest thereon, as provided in said Note(s), advances if any, under the terms of the Deed of Trust, estimated fees, charges and expenses of the Trustee and of the trusts created by said Deed of Trust. The total amount of the unpaid balance of the obligations secured by the property to be sold and reasonable estimated costs, expenses and advances at the time of the initial publication of this Notice of Trustee's Sale is estimated to be \$200,647.05 (Estimated). However, prepayment premiums, accrued interest and advances will increase this figure prior to sale. Beneficiary's bid at said sale may include all or part of said amount. In addition to cash, the Trustee will accept a cashier's check drawn on a state or national bank, a check drawn by a state or federal credit union or a check drawn by a state or federal savings and loan association, savings association or savings bank specified in Section 5102 of the California Financial Code and authorized to do business in California, or other such funds as may be acceptable to the Trustee. In the event tender other than cash is accepted, the Trustee may withhold the issuance of the Trustee's Deed Upon Sale until funds become available to the payee or endorsee as a matter of right. The property offered for sale excludes all funds held on account by the property receiver, if applicable. If the Trustee is unable to convey title for any reason, the successful bidder's sole and exclusive remedy shall be the return of monies paid to the Trustee and the successful bidder shall have no further recourse. Notice to Potential Bidders If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a Trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a Trustee auction does not automatically entitle you to free and clear ownership of the

property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same Lender may hold more than one mortgage or Deed of Trust on the property. Notice to Property Owner The sale date shown on this Notice of Sale may be postponed one or more times by the Mortgagee, Beneficiary, Trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about Trustee Sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call Auction.com at 800.280.2832 for information regarding the Trustee's Sale or visit the Internet Web site address www.Auction.com for information regarding the sale of this property, using the file number assigned to this case, CA09000184-16-1. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. Date: August 22, 2016 MTC Financial Inc. dba Trustee Corps TS No. CA09000184-16-1 17100 Gillette Ave Irvine, CA 92614 Phone:949-252-8300 TDD: 866-660-4288 Myron Ravelo, Authorized Signatory **SALE INFORMATION CAN BE OBTAINED ONLINE AT www.Auction.com FOR AUTOMATED SALES INFORMATION PLEASE CALL: Auction.com at 800.280.2832** Trustee Corps may be acting as a debt collector attempting to collect a debt. SENIOR FARE & DIAL-A-RIDE ELIGIBILITY AGE INCREASING TO 64 ON SEPTEMBER 1ST

Marysville, Ca.
The minimum age for senior discount fare and Dial-A-Ride service eligibility will increase from age 63 to 64 on September 1st. This change was approved in 2015 as part of a planned three-year incremental increase to ultimately match the Federal standard age of 65. The final increase to the minimum age of 65 for senior discounts will be effective next year on September 1, 2017. It's worth noting, this change has no effect on passengers who otherwise qualify for fare discounts and Dial-A-Ride service due to a disability.
To reduce the impact of this change on our existing senior riders, anyone who has a currently valid Yuba-Sutter Transit senior eligibility photo identification card will remain eligible whether you have reached age 64 or not. If you are now 63 years old (or will be before September 1st) and have never registered for a photo ID card because you use other identification such as a driver's license or State ID card as proof of age, you have until August 31st to get a Yuba-Sutter Transit senior ID card to maintain your senior eligibility.
Discount photo ID cards are available only at the Yuba Sutter Transit Administrative Office in Marysville. Ride Guides reflecting the new senior age eligibility requirements will be available soon. For more information, please call Yuba-Sutter Transit at (530) 634-6880.

Attention!

Dear Friends & Customers of Whitehorse Ranch & Feed, This is a warning... We have recently experienced extensive embezzlements issues. If you remember we were going to close at the end of 2016. Due to lack of business but upon closer examination it was not lack of business, it was lack of honesty.
So I would ask each & everyone of you to keep an eye on your credit card statements if you ordered by phone, those of you that used it in the store need not worry.
Questions contact Alan Austin 16558 Frenchtown Rd Brownsville, CA 95919
675-0420 cell 277-6747
Thank you Al

Yuba-Sutter Community to Shower Hero With Gratitude

Yuba City, Ca.
The Yuba-Sutter community is showing how thankful they are by launching a campaign to deliver 1,000 thank you cards to the Good Samaritan who quite possibly saved a police officer's life very early in the morning on August 21st. The officer was be-

ing viciously attacked by two men who were running from the scene of a crime when the Good Samaritan intervened until back-up officers arrived.

The Good Samaritan, who remains anonymous, is being hailed a hero for his selfless act of courage. "Without regard to his

own safety, he immediately jumped in to help the officer who was badly injured", stated Shawna Pavey, Public Information Officer of the Yuba City Police Department. "In the process, he was also injured, but continued assisting until back-up arrived".

"There has been a huge outpouring of support from our community to Our Blue Hero, as he's been named", added Pavey. Cards may be sent or delivered to the Yuba City Police Department until September 10th at 1545 Poole Blvd in Yuba City, CA 95993 - Attn: Our Blue Hero. They will be delivered to Our Blue Hero on September 11th by the Chief of Police, Robert Landon. Information can also be accessed at the Facebook page, "Blue Heroes of Yuba Sutter".

The 10th Annual John Murphy Scholarship Fundraiser

The 10th annual Chief John Murphy Scholarship Fundraiser will be held Saturday, September 10 at the Foothill Fire Station in Brownsville. There will be a BBQ steak dinner followed by an auction and dance. All proceeds go to the scholarship.

This may be the last of the fundraisers to take place.

John Murphy was the first Fire Chief of the Foothill Volunteer Fire Department. His term spanned 30 years in which he encouraged many local residents to become involved in emergency services. The Volunteer Fire Departments throughout the foothills were truly volunteer and the expense to operate them came from bake sales and many times out of the pockets

of the volunteers. John Murphy was one of those volunteers and played a huge part in the formation and co-ordination of our existing fire services.

This nonprofit event that began in 2007, provides scholarship awards for area students including those in the fire/medical/law enforcement fields. Scholarships are awarded three times a year.

THE Brownsville Bailiwick & Beyond

For our local citizens who want to keep Ponderosa Community Center alive and well, this is a way to get involved. The Yuba Feather Community Service board meets on the second Tuesday of each month (except for July and December) organizing the Ponderosa Community Center, the park, sports fields and plan for ways to make money to support this program. It has been a while since they have had an election of officers so they are planning one this fall. This board works hard keeping the community center going. Their next meeting is on Tuesday evening at 7 pm downstairs at the community center. It

would help if more community members would get involved. This group includes people from all of our small local communities and is a benefit to all. Hill Top Gang, Stone Soup Group, and Blood Source use the facilities. Brownsville Blues festival uses the amphitheater. Little League and soccer teams use the fields. The rooms of the community center are used for birthday parties, memorials, quilt guild work days, card playing and many other activities. Our community needs to support the group that does much of the work so hope to see you there.

There is a group of writers that meet on alternate Saturdays for an hour or two, helping each other improve their writing by offering suggestions and encouragement to each other. Each year they produce an anthology, a collection of their

writings, which is for sale at Books & More. One of the authors is in the process of having her novel published. That is very exciting and evidence of a great deal of hard work. We'll look for her book on the shelf soon.

Don't forget the John Murphy Scholarship Dinner Dance on Saturday, September 10th. All proceeds go to help keep the scholarship going. This scholarship has helped many of our local youth and not so young, continue or restart their education. There will be a BBQ steak dinner followed by an auction and dance. Not to be missed!

Look Back in Time – In 1946 there were 38 children enrolled in the Clipper Mills School (that was before unification, the start of Yuba Feather Elementary and bus routes). Hope to see you in Brownsville soon.

Food and Farm News

Estimate shows drop in farm income

The nation's farm sector will continue to face reduced profits this year, according to a new estimate from the U.S. Department of Agriculture. The department forecast declines in net farm income for a third straight year. The reduced value of dairy and other livestock products received most of the blame, although receipts for most crop segments are also expected to fall--including declines in receipts for vegetable, nut and fruit crops.

Processing-tomato harvest to be smaller

Fewer processing tomatoes will be harvested on California farms this year. An updated crop estimate puts production at 12.8 million tons, down

11 percent from the previous year. The government crop report says drought and hot weather led the season to start early, and that tomatoes have faced more pest and disease pressure than they did a year ago. Processing tomatoes are used for products such as salsa, tomato sauce and ketchup.

Mushroom production increases

Americans continue to eat more mushrooms. Production of the main Agaricus variety rose 2 percent, and sales of specialty mushrooms increased 17 percent, according to the U.S. Department of Agriculture. Production of organic mushrooms also rose, and the proportion of mushrooms sold on the fresh market increased. California ranks second in

the nation in mushroom production, behind Pennsylvania.

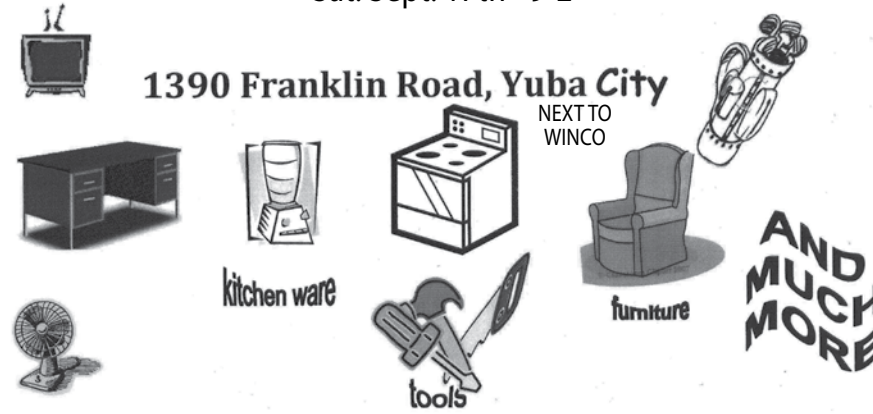

Blending recycled water could benefit crops

Recycled water undergoes treatment before being used for crops and other purposes, and a newly published study seeks to determine the best treatment methods before irrigating crops. The study from the University of California, Riverside, evaluated ways to blend recycled water to produce water tailored for use on specific crops or grasses. The report says the blending process could yield recycled water that is affordable and provides nutrients crops need.

MoneyManagementRadio.com

Because Your Money Matters!

Marc Cuniberti hosts "Money Matters" on KVMR 89.5 FM Thursdays at noon. His website is www.moneymanagementradio.com

This is the first in our three part series on inflation. Inflation causes downward class mobility in almost every income strata except the super-rich. Inflation actually enhances their position very nicely. The majority of people do not comprehend this fact nor do they understand just how inflation does this. In fact, inflation is called the “stealth tax” as its symptoms lull to sleep the very people it damages the most. Inflation has different official descriptions but for simplicity sake let’s just say it is rising prices, a definition most people would give if asked what it is. Inflation is a general price increase over time in most all things such as food, energy, service and just about everything people spend their money on. Inflation also causes your income to rise. One could safely

say the U.S. and indeed most of the planet has seen steadily increasing prices of most everything only interrupted by an occasional fall in certain items (such as gas prices recently) caused by temporary supply gluts or for other reasons, but the general direction over many years is up. Most have accepted inflation as a fact of life but there have been prolonged periods of time where inflation was nonexistent for decades in just about every country one might look at. Many argue during these times a country is the most prosperous. Just how inflation does its dirty work yet masks this deed in a feel good sort of way to the people it affects is truly an economic marvel. Inflation feels good as it increases your wages, your house and stock values, and even brings more people into your place of business. It all sounds wonderful doesn’t it? After all, if you make more, sell more and your assets go up in value, what’s not to like? Keep reading. The economic truth is inflation slowly erodes your net worth, your paycheck (by decreasing what you can buy

with it) and most importantly, persistently drops consumers into lower and lower income classes. It accomplishes this task by adhering to one economic truth. Although everything does go up in price including your income, that one truth is wages always lag behind the general increase of prices in everything else. That is the one fact that causes this otherwise feel good phenomenon to stealthily destroy all who live within its grasp. It appears you are getting ahead but in actuality the exact opposite is happening. An example would be to imagine a two percent inflation rate where everything you buy goes up two percent a year. Your house also goes up by that amount as does everything you own and even your business sells two percent more. But because wages (income) lag behind everything else, you are slowly falling behind. True, you do make more, and sell more, (hence the feel good part) but the wage increase does not match the increase in the things you buy. It’s like running a race where you run five mph (your wages) but your opponent runs ten (general price levels). Although you think you’re getting somewhere, the longer you run the race, the further behind you get. That the Federal Reserve (hence the government) supports such a policy and has stated such in their minutes begs the question: why would they support such a class destroying policy? We will discuss that and how inflation actually helps the super-rich in our next Money Matters. Stay tuned. “Civil War Days”

Coming to Marysville

13th, 14th, and 15th amendment to the U.S. Constitution and the beginnings of the American Civil Rights Movement). This will be a unique opportunity for local school children and the public to experience firsthand the realities of the American Civil War (1861 -1865) where over 650,000 Americans died to test the unity of our American Democracy and the Constitution of the United States. After the Friday School Day, the re-enactors will present to the public all of these items plus live "battle" skirmishes between troops of the North and South and shown the immense cost in human lives for this war. The live skirmishes will be held at Noon and 3 p.m. on Saturday and 11 a.m. and 2 p.m. on Sunday. School classes will be admitted free for the Friday presentations and adults in the community will be admitted for a \$10 admission fee good for all day on Saturday and Sunday. Proceeds from this event will benefit the Mary Aaron Historical Museum and the Re-enactors of the American Civil war in their on-going efforts to provide historically accurate information and education to northern California. Entrance to River Front Park can be made either from 14th street on the north, or via 1st and F streets from the south end. There will be ample free parking on site. For further information contact RACW. Org or call Dan Baldwin RACW Event Coordinator, 530-277-7712, whispering-dan@comcast.net.

City of Yuba City Promoting Business License Amnesty Program

Noncompliant Businesses Can Register With City Without Penalty Through Oct. 19

The City of Yuba City is embarking on a promotional campaign to encourage all businesses to maintain regulatory compliance and operate with a current business license. All businesses operating with an expired license or without a license qualify under the temporary amnesty program and will not be charged late fees if they apply before Oct. 19. A business license is required for anyone who does business in Yuba City, and it is easy to obtain one online or in person at City Hall. In July, the Yuba City City Council approved a business license amnesty period through which businesses and individuals can come into compliance. Applications can be downloaded at www.YubaCity.net/My-Business and submitted via the mail or delivered in person. After Oct. 19, any businesses or individuals found to be operating without a license will be subject to back fees and penalties. Business license fees vary by business type and gross receipts, in addition to an annual administrative fee. The fees contribute to the General Fund, which is the primary funding source for public safety and other essential city services that benefit businesses’ customers and the community. In order to be fair to all, the City will be conducting a review of businesses operating within the City before the end of the year. “We hope this temporary amnesty program will encourage owners to apply and avoid penalties, help protect consumers from unlicensed business activities, and support the city in providing essential services” said Finance Director Robin Bertagna. The City has about 4,000 active business licenses on file. A new business license is valid from the start of the business to the end of the calendar year. Business license renewals are valid for one calendar year, from January to December. For businesses located in the City of Yuba City, Planning Department zoning approval is required as part of the process. Questions regarding business licenses can be directed to the Customer Service Division, located in City Hall, by emailing businesslicense@yubacity.net, or by calling 530-822-4618.

Stocker Not Happy With Spaulding

Spaulding’s last letter to the Territorial Dispatch, (8/10/16), was typical: ...a mish-mash of pseudo-legal verbiage designed to snow the reader into believing he, Spaulding, is some sort of supreme authority on most anything, deserving of awe and admiration.

On the contrary, I submit he is just your common con-man , who is working for The Fellowship of Friends (FOF), where he has been a devoted member for some 25 years.

Spaulding’s efforts, for the last few years, have been to get Yuba County to loosen zoning in Oregon House, allowing smaller parcels, near the Fellowship center, to make some 700 acres of Fellowship land more valuable for a subdivision. (The land in question has been outside the Community Boundary for many years and thus” sacred, “ to most local residents as open space... to be kept “natural.” Also, these lands have been protected many years by the Yuba County General Plan, according to the wishes of the public)

Remember, a couple of years ago, Tom Richards,

of lower Oregon House, carried on a crusade to get his 6,000 acre ranch re-zoned from 20 and 40-acre parcels to 5-acre parcels (and smaller), for development. This was No Good with the county, of course. There-upon, he set about to get anybody with the county fired if he/she opposed his plans. (Remember the signs on Hi-way 20 , inscribed “FIRE WENDY HARTMAN. Wendy was the Planning Director.. and, in time, she was fired.

What do you know? Spaulding and Richards play the same game: If county employees get in their way, get ‘em fired.

Spaulding is brazen, as usual. He now writes about firing two Yuba County department heads (Territorial Dispatch, Aug. 10, ‘16): Angil Morse-Jones, County Counsel, and Kevin Mallen, Director of Community Development. They get in his way!

In his usual murky manner, Spaulding writes that County Counsel is in trouble with the Grand Jury, which is so much malarkey. I researched

the last two years of Grand Jury records and found nothing, only that Deputy Counsel turned up at a meeting when he didn’t have to. For that, Spaulding would have County Counsel fired!?

And if Mallen is fired, as Spaulding wishes, Yuba County would lose a long-term very dedicated, talented and resourceful leader, whom the county is lucky to have.

When the library needed updating, Mallen was picked to do it ,although it was not down his alley, and he did a bang-up job.

It was Mallen who recognized the potential of Sycamore Ranch, some 6 years ago, when it became available, and he recommended the county buy it. Through grants, Mallen and his helpers have put in improvements making the park very attractive to visitors and a real jewel among Yuba County’s beauties.

So, the next time Spaulding favors us with one of his pronouncements , just consider the source and have another beer.

Hal Stocker, Challenge, Ca.

The Smear, Harassment and Dysfunction at NYWD

The August 27th North Yuba Water District Board meeting was further confirmation that there’s a contingent of people who spread rumors and instill intimidation just to achieve their November goal – full control of NYWD board and our water. Why? With full control of the NYWD board, they will have board allegiance, and a promise of water, to build clusters, golf courses and other rural-killing developments throughout our community, running out farmers, ranchers, low-income residents and fixed-income resident or anyone who doesn't conform to their elite beliefs.

It’s becoming clearer every day that this contingent, comprised of a few elite community members, several male board members,

a well-known community troublemaker, the NYWD union rep, election contenders, management and a certain elected official, are all organized behind this effort. This was publically confirmed last night when the union rep affirmed an audience member’s labeling of her as being part of a “team.” This “team’s” orchestrated scheme is chilling and should frighten our community to take serious action.

If they are allowed take over, besides their development schemes, you can expect huge rate increases, the end of irrigation services for good, NYWD’s employee and benefit package to explode, rampant spending, rogue management decisions, secret dealings and water sales, unfair-

ness and lack of transparency and further decay of any customer service ethos even remaining. Their actions will further imperil NYWD’s present financial precariousness, impacting its sphere of influence to the point that the District will go bankrupt.

This November is the only chance to straighten out the dysfunctional mess, and stop this take over by the elitists. Vote for change. Vote for fresh thinking. Retain the only director who is doing her job. Contest no-show, non-voter approved appointments. Support recalls of worthless directors. Enough is enough!

Alton Wright
Brownsville
(A proud member of the North Yuba Water Alliance)

Alliance Sheds Light

Yes, it is true that the North Yuba Water Alliance has stirred up a hornet’s nest regarding the North Yuba Water District. And it is overdue. The group has brought to the public’s attention many important issues too long ignored. Specifically: flagrant spending by the current manager, questionable education and experience of the manager, denial of providing avail-

able irrigation water, lack of communication between Board members and constituents, Board members’ insufficient study and preparation for making agenda decisions, Brown Act violations and more.

It is ironic that many of the people opposed to the Alliance forget that they have benefitted from the current Alliance members’ incredible efforts to defeat

an unfair rate increase.

The Alliance has promoted and continues to promote what is most beneficial for the entire district. In contrast, the manager and his closest cohorts seem focused on benefitting special interest groups.

Marilyn Albright
Brownsville, Ca.

Supports Gary Hawthorne for Director

Gary Hawthorne is running for a position as Director on the North Yuba Water District Board for the Oregon House/Dobbins district division.

Gary is a resident of Oregon House and is well respected in the community.

Gary has been part of North Yuba Grown since the beginning, and is currently the chairperson of the organization. He, and his wife Kim, have managed

the Brownsville Farmers Market for the last seven years.

As chair of North Yuba Grown, Gary organized a program to provide fresh local food to the students of the Yuba Environmental Science Charter Academy (YESCA) in Oregon House.

Gary is a member of the Yuba County "Sheriff’s Team of Active Retired Seniors" or STARS program.

Gary has a small vine-

yard on his property and Kim grows lavender, which she uses to make lavender tea and ice cream.

Gary is well liked and non controversial. He is a down to earth practical type with the personality to get the job done, whatever it might be. Gary is the kind of person you would want to be on an irrigation board.

Anthony Scelfo
Oregon House, Ca

Community Cooperation

Yuba County is a gem in the rough, patiently waiting for the right time to be polished into its own glory. Brilliant in its diversity and potential with abundance of Class 1 soils for agriculture. Moving slightly eastward the grass lands with cattle and wild turkeys lead the way to oak covered foothills. Here in these foothills you find a scattering of serene ponds and lakes and gently crawling upward into the pines and beautiful Sierra Nevada Mountains with incredible creeks and rivers. The County is blessed with natural resources and recreational opportunities abound, all just depending on your wishes and desires.

When it comes to the people in Yuba County it as diverse as the land we share to live. People of all ethnic, religious, and political beliefs are here. For the most part, where ever you may live, not far away you know where you can buy all the necessary items for food, clothing, hardware, sporting goods and anything else you need. We are fortunate and should be grateful for all we have.

It has been said before that no two people will agree on two things, religion and politics. There is truth to this when it is apparent that some feel that their beliefs are better and stronger than someone else’s. But this isn’t just here locally is it? As we find the same around the

world. Wars now and in the past were created due to the lack of compassion for someone else’s beliefs.

An attitude of “we’ll just take them out then we don’t have to deal with them anymore” does not work and only causes more division, hatred and unfortunately, no peace for the land, people or community. Regardless of your sacred beliefs, religions do not teach this, do they? But they do teach compassion and cooperation.

Here in this area, due to a lack of compassion and cooperation in the past, divisions have been created and observing this asks for creating change. Change through learning to “Agree to Disagree” with one another with always respecting the common goal of cooperation. It makes no difference what individuals beliefs are, or their political standing on issues, this is what Freedom is all about.

Locally I have been observing the squabble over water distribution by our water district. Recently I attended one of the Board meetings witnessing first hand yelling, rudeness towards others and a total lack of cooperation. What a pity, while knowing that with all the intelligent people present, that solutions where there, just being stifled by anger and frustration.

So, this episode lead to paying more attention and

gaining knowledge on what was going on. Immediately it was discovered that there was a Water Alliance group that met locally. A grass roots community group of people that met to discuss needs of the Northern end of Yuba County. Their irrigation water had been turned off and the district was asking for a rate increase from \$53.33 per month to \$3,680.00 of which people could not afford. Yet, the District had just told customers two weeks before that there was a good supply remaining in reservoirs higher up.

Thank goodness there is Alliances such as this to allow the common citizens to gain knowledge and thanks also to those who volunteer their time to bring attention with valuable information to the needs of the community.

Rather than conquering and dividing, it is apparent that all the necessary ingredients are here to fix this so everyone benefits. Setting aside our differences and developing cooperation will allow this to be resolved. The diversity of all those in this is enough to also allow for a complete repair and a success that all can be proud of. We just have to work together! Learning to “Agree to Disagree” allowing for Community Cooperation!

Isn’t this true for the entire world?

Don Bartel
Dobbins, CA

So Many Blessings Not Appreciated

Adoring fans...millions of dollars...federal, state and local government officials--including the President--that share his partial African heritage... and a media and scholastic fraternity mindset that makes excuses for those who choose to find fault

with a Nation which has bestowed so many blessings on ALL of us. Disgraceful! Strangely, Mr. Kaepernick wasn't complaining when he was at the very top of his game.

Sour grapes is unbecoming, and 'offing' our National Anthem sounds

Withdrawing

I am writing this letter to inform the community that, effectively immediately, I’m ending my campaign for the North Yuba Water District, Division II, Board race.

There are several rea-

sons for my decision. However, I've meet with Terry Brown, another candidate in this race, and I believe the best interests of the District will be met by supporting him.

This November, even

now like a disgruntled player making sure that no other team will want him, requiring the hapless 49ers to honor a costly, nasty contract retention. Nice Ebenezer Scrooge way to go!!!!

Robert Mackensen
Yuba City, Ca.

though my name will appear on the ballot, I urge you to vote for Terry Brown to fill the NYWD, Division II, Board seat this November.

Thank You,
Ginger L. Hughes
Brownsville, Ca.

Twenty Years of Bickering Damages Us all

In my opinion, it is no secret that the North Yuba Water District Governing Board has had a reputation for dysfunction and lack of constructive progress for almost two decades. This is not to say that there has not been qualified and competent Board Members that have served during that time period. But it must be recognized that any organization will fail if found within is a determined person bent upon personal gain at any costs.

The beginning of the Districts internal problems coincides with the election of Jenny Cavalier to the Board. She has never learned that if your position is to prevail, you must obtain agreement by a majority of the Board. Rather than persuasion by reason and facts, she always relies on continual attacks on her fellow Board Members, District Staff and District Policy. These attacks are usually delivered by personal minions that have been recruited by feeding them distorted information with the intent to inflame.

It is no wonder that

the Board has passed her over for Chairperson four times during her tenure. Are we to believe that all of these other Board Members in that 20 year time period were wrong? She does have a few accomplishments. Her constant attacks have made it necessary to hire an official meeting recorder and generally have an Attorney present. All this became necessary due to her continual allegations; which has driven up the District’s legal fees. It is also ironic, that as the District’s lead negotiator for the 2005 Agreement with the South Feather Water District, she is most responsible for the high rates irrigation customers must now pay.

We are now seeing a repeat of an employee incident of ten years ago. At that time Director Cavalier had a vendetta against the current manager, her actions made working conditions within the District very difficult. The manager did leave his position, but was ultimately given a settlement by the District. This is happening again, but the employees

are fighting back with a complaint of their own. Good for them.

She again has her minions, liberally sprinkled with marijuana representatives. There is one stand out and also a candidate for a Board position. He is a Jenny clone and simply has not demonstrated the cooperative attitude the District so sorely needs. Alton Wright, who is also an editor to the North Yuba Water Alliance, is simply not being forthright with his standings. The NYWA claims to be an alliance of community members, but in reality it is a Political Action Committee for Cavalier and Wright. This secret organization needs to disclose its leadership, if any?

There is a solution, a good number of well intended community members are now running for a position on the North Yuba Water District Board. Pick a candidate that will be cooperative and support the majority direction of Board. Let’s move forward and end these 20 years of bickering.

Buck Weckman
Brownsville, Ca.

Your One Minute News Digest

by Don Rae

● If Hillary gave a speech in the middle of a forest and there was no one to hear her, would she still lie?

● Frank Luntz suggests that in the first presidential debate, Trump should apologize to the Khan family and then turn to Hillary and ask her to apologize to the families of the Benghazi victims for her lies.

● The Forest Service spent \$24 million developing the Westside logging plan on the California coast and is auctioning the logs for \$2.50 per truckload, retrieving about \$450,000 in revenue for the taxpayers. And the media says nothing?

● Our illustrious State Air Quality Board wants to reduce methane emission by 40% by 2030. How? By keeping cows from “passing gas”. Now how are they going to do that? With a plug? All this ridiculousness to combat the fraud of climate change.

● Reports recently reveal that 70% of California doctors refuse to enroll in Obamacare. At the same time only 1% refuse Medicare. Does that say anything to you about the state of Obama’s signature legislative achievement?

● Obama has also said that most folks can buy a health care plan for less than \$75 a month. The fact is that a family of 4 can only get the Silver Plan if they pay \$840 with a deductible of around \$3000 annually.

● California students demand a \$15 minimum wage for University employees. Then get tuition increases to pay for it and complain about student debt. Then they march demanding \$15 minimum wage for restaurant workers. Then they complain when menu prices increase to pay for it, or as in San Francisco, a new restaurant opens on Telegraph Avenue that has no humans working. Perhaps

the students never took an economics course.

● Caltrans was awarded the Independent Institute’s second California Golden Fleece Award. Why? Most of California’s 50,000 highway-lane miles and 13,000 bridges are more than 50 years old and need maintenance or modifications. California has the second-worst urban highway pavement conditions in the nation. The American Society of Civil Engineers says 68 percent of California’s roads are in “poor” or “mediocre” condition.

● What? Germany’s head honcho Merkel is advising her countrymen to start stockpiling food, water, etc., because of threats from terrorists. Wait a minute, haven’t the left-wingers and socialists told us time and time again that the government can give you everything and protect you from everything? Then why is Merkel telling the populace that they are on their own if terror greets them? Oh, and isn’t she the one who welcomed with open arms all of the refugees (some of whom have proven to be terrorists).

● Columnist Walter Williams points out that campus lunacy is gaining speed with classes such as “Lady Gaga and the Sociology of the Fame” at the University of South Carolina. Cornell University’s physical education department offers a class titled “Recreational Tree Climbing.” At Georgia State University, the English department offers a course called “Kanye West vs. Everybody.” At Tufts University’s Experimental College, one can take a class called “Demystifying the Hipster.” Skidmore College’s sociology department offers “The Sociology of Miley Cyrus: Race, Class, Gender and Media.” Frostburg State University’s physics department offers “The Science of Harry Potter,” where it examines some of the tale’s magic. Georgetown University offers “Philosophy and Star Trek,” arguing that “Star Trek is very philosophical” and adding, “What better way, then, to learn philosophy, than to watch Star Trek, read philosophy, and hash it all out in class?” This all sounds like fun, but will it help you get a

job when you graduate?

● The do-gooders are out in force again. This time they want to protect a couple of frogs in the Sierra Nevada. Now one of these cute little guys, along with a Toad living in Yosemite, are being given 3,000 square miles to roam free from human interference. People out; amphibians in.

● Hillary has said repeatedly (and the mainstream media and other loons believe her) that there was nothing classified in her emails. Then those she tried to hide were released by the FBI, but had so much redacted they couldn’t be understood by anyone. However, even though the FBI did its best to save her, what was not redacted was so critical only folks with the highest security clearance available were allowed to read them. So congressmen on the relevant investigating committees were turned away at the door. Well, folks, which is it? Hillary saying there is nothing there? Or the FBI saying we can’t read what is there because we aren’t cleared?

● Remember the usual suspects screaming bloody murder over Bush not on the ground but only flying overhead during Katrina in New Orleans? So where was the criticism of Obama during the recent flooding in Baton Rouge and environs? The illustrious leader of the Country, who cares so much for the “little people” was playing golf. Yes, he did finally go to Baton Rouge, but not until his vacation was over. Priorities.

● Obama is set to start killing endangered wolves which are feeding on cows in Washington. Now couldn’t the do-gooders figure out that if they introduced wolves back into cow pastures, that the little darlings would go for the biggest meal in the territory?

● The Associated Press – not usually our favorite news organization – broke the story of the “pay for play” Clinton Foundation. Good on the AP.

● One of the Clinton apologists compared the Clinton Foundation/State Department mess to Bob Dole’s wife running the Red Cross when he was a candidate. Brain-dead.

his department’s help to make state voting systems more secure, including providing federal cyber security experts to scan for vulnerabilities, of the call released by the department.

Russians? Hungarians can do it. A Romanian hacked into the Clinton server without any problems. Hackers are in all country—think ISIS doesn’t have hackers that can easily break into our election servers? The NSA, IRS, Target stores and others have been easily hacked. Honest election results? Do not expect them.

Terry Biladeau Announces School Board Candidacy – Area 4

Browns Valley, Ca.

Terry Biladeau, 56, announces his candidacy for the Marysville Joint Unified School District (MJUSD) School Board representing Area 4. The election for the MJUSD School Board will take place on Tuesday, November 8th.

Terry releases the following statement:

“As your Area 4 board

trustee, I will help to cut wasteful spending and promote financial transparency within the District. This will promote collaboration with teachers and classified unions. With nine years experience in school district management, I understand how school districts work, and where to find efficiencies and improvements. My children have attended our district schools from Kindergarten through 12th grade, and I am fully vested in making MJUSD the best it can be. “

“As a taxpayer’s advocate and 30-year Yuba County resident, I will strive to improve our schools by holding administrators ac-

countable for student and staff performance. Allow me to help cut waste, improve school facilities, insure student safety, and help our kids exceed the educational requirements of the State. Please give me the opportunity to represent you as your Area 4 Trustee on November 8. I will do my best to represent all Area 4 Yuba County taxpayers and their families.” Terry lives in Browns Valley, California and is a 1978 graduate of Lindhurst High School. His children attend or have attended MJUSD schools. To learn more about Terry, go to TerryBiladeau.org. A trustee you can trust.

Governor Signs Gallagher’s Protest Notice Transparency Legislation

Sacramento, Ca.

Governor Brown signed Assemblyman James Gallagher’s (R- Plumas Lake) AB 2801 which would add transparency to the protest notice process by requiring written protests to be kept for a minimum of 2 years.

“AB 2801 will ensure that there is a uniform standard for how long protest notices must be maintained after the hearing at which they are considered. This way protests will be available if there is a request to examine them to ensure an accurate count,” said Gallagher. “The protest notice process is essential to ensure taxpayers have an opportunity to object to and prevent rate increases on their utilities,” Gallagher continued.

Before a public agency can adopt a rate increase for water, sewer, or refuse collection services, it must mail a notice to affected ratepayers and allow them to submit written protests to the increase. If a majority submits protests, the rate increase is tabled.

Unfortunately, various aspects of the protest tabulation and reporting process have generated complaints from ratepayers regarding a lack of transparency. Included among these are complaints about public employees losing protests, opening protests before the hearing, disclosing the names of persons who have protested, unjustifiably disqualifying protests, and erecting unnecessary pro-

cedural hurdles to discourage protests. AB 2801 was supported by the Howard Jarvis Taxpayers Association (HJTA), and will provide protection and additional transparency to taxpayers by ensuring protest procedures are similar to procedures already existing for assessment balloting and fee elections.

“AB 2801 adds necessary transparency to the protest process for water, sewer and garbage rate increases,” said HJTA Legislative Director David Wolfe. “Taxpayers deserve access to these important public records after a rate increase hearing in order to monitor public agencies. This is especially true in the event of a close vote.”

Did Jesus Give Information About When He Will Come In The Clouds?

by Marcia Cecil

is the 120th Jubilee year.

Has the mystery been revealed through Jesus, as well as various Biblical prophets and Biblical scholars? Look and search for clues.

Mark 13:32 tells us that Jesus said that “no man knows the day or the hour.” That statement is a Jewish idiom for the Feast of Trumpets, a Jewish feast day, which marks the first day of the Jewish civil calendar, Tishri 1. As one man suggested, we in the United States would know that “Turkey Day” means Thanksgiving; we just wouldn’t know which year. One could add that we would know that Thanksgiving is on the fourth Thursday in November, the eleventh month on the Gregorian calendar. We just wouldn’t know the day of the month, until we knew which year to reference. The Jewish people understood His statement, regarding the month and day.

We also learn in 1 Cor. 15:52 about “in the twinkling of an eye, at the last trumpet...” The “twinkling of an eye” is a Jewish idiom for the moment of sunset. The Feast of Trumpets begins at sunset, when the new moon is seen. Then the trumpets are sounded. The 100th blast is one long blast on a shofar, a ram’s horn, and for this feast, it is referred to as “the last trump.” The trumpets are blown on both days of that two-day feast or referred to as one long day. It is two days, as sometimes, the new moon could not be seen on the 29th day of the last month of the civil year, so the next sunset, being the 30th day of the last month, it was declared to be the New Year. It followed the end of the harvest.

Our modern technology enables us to know that the Jewish civil New Year, for

this year, is on our calendar for October 3rd – 4th. Since the Jewish days begin at sunset the previous evening, it would be October 2nd when the new moon is visible. On a web search, we can find that sunset, on October 2nd, is at 6:22 PM, in Jerusalem. Jerusalem is 10 hours ahead of us on the West Coast of the USA. Therefore, the time will be 8:22 AM here, that Sunday morning.

The first Jewish Feast of the Lord, for the year, Passover, was fulfilled precisely, with Christ’s crucifixion. As the crucifixion began, at the third hour of the Jewish day (9 AM), the morning sacrifice of the lambs began. Several Psalms were sung, ending in Psalm 118. As the evening sacrifice was ending, at the ninth Jewish hour (3 PM), and the Jewish Rabbi had sacrificed the last lamb, that Rabbi said, as was the tradition, “It is finished!” The Lamb of God said, “It is finished!” and bowed his head, at that same moment.

The body of Jesus was in the grave, during the Feast of Unleavened Bread. His resurrection was on the Feast of First Fruits. Jesus sent the Holy Spirit to the church, at the culmination of the seven weeks of the Feast of Weeks, which was from the Feast of First Fruits to the fiftieth day, Pentecost. That is the last of the Spring Feasts of the Lord.

As precisely as the first four Feasts of the Lord were fulfilled and in order, the last three Feasts of the Lord, the Fall Feasts, will be fulfilled precisely and in order. The Feasts of Trumpets is the next one to be fulfilled. Jesus will, as the Bridegroom, come in the clouds.

This is a Jubilee Year. Jubilee years come every 50th year. It is believed that this

the 120th Jubilee year. In 2017, on September 23rd, as is described in Rev. 12:1 and 5, the sign of the woman clothed with the sun and the moon at her feet and a crown of twelve stars will appear in the sky. This is according to computer programs, which can project the location of the sun, the moon, the stars, and planets in the sky, for any day in the past or in the future. This is the symbolic birth of the King of Kings. The Feast of Trumpets, in 2017, begins at sunset, in Jerusalem, on September 20th, as the feast is celebrated on September 21-22.

The Jewish Father of the Bridegroom would be the one to decide when to send his son for his bride, when the place for her was ready. The custom was to say, “Only my Father knows.” The Bride, which is the church of believers in Jesus as Lord and Savior, needs to remember to do as Jesus said, to keep watch and be ready for that day, whenever it is that He is coming in the clouds for all who believe in Him as Lord and Savior. (1 Thess. 4: 16-17)

We learn in John 3: 16, “For God so loved the world, that He gave His only begotten Son, that whosoever believes in Him shall not perish, but shall have eternal life.” Each person needs to confess sins, with a sincere, sorrowful heart, and with the intention to turn from sin. Everyone needs to return to God, with our hearts set on fire for God. We need to regularly pray, read the Word of God, and gather together with believers to worship God. Anyone, who has not yet asked Jesus to forgive him/her of sins and received Him as Lord and Savior, can do so right now.

2016 Elections Easily Hacked – Already Started

by Stephen Frank’s California Political News and Views

The FBI is admitting that Arizona and Illinois election servers have been hacked. That means no vote can be taken for granted. In these hacks, data of voters was taken. On the same servers you have the vote count applications—tied into the voter registration data. How easy would it be to ADD phony names to the data? An 18 year old can do it. How easy would it be to send absentee ballots to non-existent people? Easy for a hacker from China. Can it be detected? Probably not—but does the Administration want it caught before

the election?

“The FBI warning, contained in a “flash” alert from the FBI’s Cyber Division, a copy of which was obtained by Yahoo News, comes amid heightened concerns among U.S. intelligence officials about the possibility of cyber intrusions, potentially by Russian state-sponsored hackers, aimed at disrupting the November elections.

Those concerns prompted Homeland Security Secretary Jeh Johnson to convene a conference call with state election officials on Aug. 15, in which he offered

Ethnic Cleansing or Genocide?

Author, Chuck Frank

It used to be said in America that we went to war against other nations to save threatened countries from terrorism, or communism, or totalitarian forms of government which oppressed the masses. Along with this, it was also said that it was for the sake of safety or freedom or to usher in democracy in order that voting rights would be given to the people.

But in the last fifteen or so years, regime change in various middle east countries has been favored and supported by the West, and that support has come from Washington D.C. but also from the likes of people such as

multibillionaire George Soros who funded unrest in Egypt.

But how has Africa, Egypt, Iraq, Syria or Libya even benefited from any kind of support of regime change, and I may add here, how many thousands of ethnic minorities and Christians have had to either flee or have perished due to the ethnic cleansing or genocide brought on by the Islamic State?

Recently, the European Parliament unanimously passed a resolution in February, 2016 recognizing the Islamic State militant group's (ISIS) and their systematic killing and persecution of

religious minorities in the Middle East as "genocide."

According to the 1948 UN Convention, genocide is killing, harming, imposing harsh conditions, restricting birth, and forcing adoption when the intent is to "destroy, in whole or in part, a national, ethnical, racial or religious group." Yes, we are talking mass murder.

The Parliamentary vote, which was decided by a show of hands at the session in the French city of Strasbourg, was the first time the body has recognized an ongoing conflict situation as genocide. The resolution states that those who intentionally commit atrocities for ethnic or religious reasons should be brought to justice for violations against international law, crimes against humanity, and genocide.

Additionally, Amnesty International and the UN Human Rights Commissioner have accused the Islamic State of committing "ethnic cleansing on a historic scale by "systematically targeting ethnic minorities" in northern Iraq. The former UN High Commissioner for Human Rights, Navi Pillay, said that the Islamic State "is systematically targeting men, women and children based on their ethnic, religious or sectarian affiliation and is ruthlessly carrying out widespread ethnic and religious cleansing in the areas under its control."

Now then, let us not forget that in the last few years starting with Egypt, the desire was for "regime change" which was encouraged by the present U.S. administration that has now left parts of Africa along with the Middle East in flames, and what has been the benefit from this action? There was none. And as for the peacemakers, where are they to be found?

Sierra College Celebrates 20 Years in Nevada County With Event

Sierra College being built 20 years ago

Sierra College's outstanding academic reputation, excellent technologies and training programs, and updated facilities leads to increases in student enrollment yearly as it continues to experience dramatic growth and change. Since its first day, 20 years ago, the promise of Sierra College, NCC in Grass Valley, has been to facilitate learning, inspire change, and build community. The Grass Valley campus continues its mission as it adapts to meet the ever-changing needs of students while promoting learning as a lifelong process. The future is bright as new technologies evolve, offering greater educational accessibility for students—both today and tomorrow, according to Executive Dean Stephanie Ortiz.

The campus has been celebrating its 20th Anniversary with a variety of activities, open to the public. It continues the celebration with a Mar-

ketplace and Food Court on the campus parking lot #6 on Saturday, September 17 starting at 8 AM with free parking and no admission.

The Sierra College Market will present 86 craftsmen and artisans from around the north state with an expansive variety of art and craft items including handmade bird houses, jewelry, handbags, clothing, woodwork,

hand sewn items, candles, soap, blown glass, linens and textiles, yard art, and many gifts.

Northstate antique dealers will offer furniture, tableware, old jewelry, and other vintage items.

Direct sales representatives will offer women's make-up, diet plans, self defense items, jewelry, body products, clothing and much more.

Sierra College Marketplace

Bronze Casting Workshop for Veterans

To Be Held at Yuba Sutter Arts

Marysville, Ca. – Yuba Sutter Arts (YSA) is planning its next art project by and for Veterans. After the successful dedication of its Veterans Art Park in Marysville on Memorial Day 2016, a Southern California based group, VetArt.org, approached YSA and offered it a very unique opportunity for Yuba-Sutter Veterans.

Veterans have been invited to be part of an art project involving bronze casting of the Veterans' hands or face. Two "lost-wax method" mold-making sessions will be held on successive Saturdays beginning September 10th and continuing on September 17th from 10am-3pm. The classes will be conducted by sculptor Steve Dilley, MFA, Director of the Veterans Art Project.

"I was moved after 9/11 to help Veterans, active duty service men and women and their families through Art-making," said Mr. Dilley. "I feel a profound responsibility to reach out and help our military population and share all the benefits that the artistic process gives," he added.

Lost-wax casting is a sculpting process developed thousands of years ago. The name refers to the fact that the mold is

destroyed to remove the final cast item. Lost-wax casting was widespread in Europe until the 18th century, when a piece-molding process gained in popularity.

"How often does anyone, artist or non-artist, get to experience the process of making a bronze sculpture," said David Read, YSA Executive Director. "We've all seen bronze statues and been amazed by their grandeur and longevity," he added, "but now we can see them being made first-hand."

The community is invited to attend the workshops to learn more about this process and to see the Veterans' creations take shape. The final bronzes

will come back to Yuba-Sutter from the Foundry in October and will be featured in a gallery showing at YSA next March.

Yuba Sutter Arts believes in the empowerment of our Veterans through a variety of artistic endeavors and believes the impact can be immeasurable. YSA's two-county service area is home to almost 12,000 veterans and their families and 5,000 active duty airmen and women.

For more information about this project including Veterans who would like to get involved, contact David Read at 530-742-2787 or send an email to: david@yubasutterarts.org.

Get Ready for Harvest the Arts

Country Boys and Girls Getting Down on the Farm at J. Heier Farms

On Saturday, September 17th from 6-10 pm, Yuba Sutter Arts (YSA) will present its 5th annual Harvest the Arts event at historic J. Heier Farms located at 4880 East Butte Road in Live Oak.

As in year's past, the Harvest the Arts team is

bringing together local farmers, artists, wineries, brewers, corporate sponsors, musicians and the entire community to help raise funds for arts programs in schools and public spaces across Yuba and Sutter Counties.

"This may be the

greatest entertainment value offered each year in Yuba-Sutter," according to David Read, newly elected Executive Director of Yuba Sutter Arts. "We're especially pleased to be able to bring an impressive lineup of professional musical entertainment to this year's event," added Read.

Opening the evening are the Jambor Brothers playing classic American music of the 50's followed by Industrial Drive performing a set of Country Rock. Headliners will be Worlds Apart, THE Journey tribute band often referred to as "the closest thing to an actual Journey concert experience, without Journey

actually being there!" Lead singer, Skip Burch, has been called a dead-ringer on stage for Steve Parry of Journey.

The spectacular setting for this year's event is again beautiful J. Heier Farms, established in 1886 on the southern slopes of the Sutter Buttes. Guests will be invited to gather at sundown on September 17th for a special toast and to experience firsthand the beauty of our rural landscape, and to learn more about the delicious foods produced in the Yuba-Sutter area, including the famous Heier family berries, nuts and fruits. This is the ultimate, really local 'farm to fork' and 'vine to glass'

experience. Guests will take pleasure in the array of 'small bite' dishes prepared using the best locally grown foods.

Thirty local and regional artists and craftsmen will also be displaying their work and talking with guests. Featured artists will include Aaron Burks, one of the artist mentors and contributing Veteran for YSA's Veterans Art Park project in Marysville dedicated this past Memorial Day.

Ticket prices for Harvest the Arts are \$25 for YSA members and \$30 for non-members. Tickets may be purchased by calling the Arts Council office at 530-742-2787. Sponsorships and donations for this and other YSA events are welcome and encouraged. Call the office or email david@yubasutterarts.org for more information and to order tickets by phone.

South Yuba River Citizens League Seeks Volunteers for Community Cleanup

Nevada City, CA –

For the 19th year, the South Yuba River Citizens League (SYRCL) will unite the community at its Yuba River Cleanup on Saturday, September 17th. Since 1998, Yuba lovers have rallied to remove 195,000 pounds of trash and recycling from the watershed.

“Keeping the river clean, safe and healthy requires all us who love the Yuba to be active stewards. I’ve taken complaints about the litter problem at the Yuba all summer. The time to do something is now. I’m inviting the community to join this high impact event. Dedicating a few hours of work on Sept 17 will make a significant difference for the health of the Yuba and Bear rivers.” said Caleb Dardick, Executive Director of SYRCL.

According to Dardick, “This effort is supported by State Parks, the Forest Service, Bureau of Land Management, the Army Corps of Engineers, Nevada Irrigation District, the Cities of Grass Valley and Nevada City, Nevada and Yuba Counties, Waste Management, as well as dozens of businesses, clubs, and school groups. We’re committed to working at 30 or more sites, we just need the volunteer power to do it.” said Caleb Dardick, SYRCL’s Executive Director.

Last fall, 761 volunteers participate in the Clean-up and removed nearly 15,000 pounds of recyclables from approximately 90 miles of river, creek and lake shoreline at sites within the Bear and Yuba River watersheds.

“This massive cleanup effort would not be possible without the dedication of hundreds of volunteers devoted to protecting our local waterways,” said Jenn Tamo, SYRCL’s Community Engagement Manager. “We invite you to join this incredible community effort! Register to volunteer online at yubariver.org.”

On September 17th, volunteers will embark on a watershed-wide hunt to rid the river of everything from micro-garbage like cigarette butts, bottle caps, shards of glass, and dog waste, to large and outlandish items such as washers and trailers. After the Cleanup, volunteers are invited to the Volunteer Appreciation Party in Pioneer Park, Nevada City from 1pm-4pm to enjoy music, great company, and a no-host beer garden with tasty brews from Jernigan’s Tap House, Three Forks Brewery, Crispin Cider Co., and Tahoe Mountain Brewery. Registered volunteers will receive a delicious complimentary lunch, donated in part by the BriarPatch Co-op.

Keeping the river from being trashed is more than a one-day-a-year activity. Since 2012, a group of dedicated volunteer River Ambassadors have spent every summer weekend educating folks at the four major river crossings about how to keep the river clean and safe. This dedicated team promotes an ethic of responsible, non-polluting use of the river by speaking one-on-one with visitors at crossings, beaches and on trails. Using a friendly, non-confrontational approach, River Ambassadors bring awareness to the polluting impacts of trash and dog waste, the dangers of broken glass, and the catastrophic potential of wildfire. To date, River Ambassadors have spoken to over 26,000 river-goers, removed 29,000 pieces of trash, and collected nearly 4,000 piles of dog waste. These advocates work diligently to keep our rivers healthy by providing dog waste and trash bags to recreationists, too.

“The River Ambassador program and Yuba River Cleanup produce tangible benefits to our community, but these efforts have real, concrete costs. Volunteers, and even those who can’t make it to the Cleanup, can help support a clean river year-round by asking friends and family to sponsor their day of service. No donation is too small, gifts of \$5 or \$10 add up quickly.” said Tamo.

If you have any questions or need help registering, contact Jenn Tamo, Community Engagement Manager, at (530) 265-5961 x201 or jenn@syrccl.org. Thank you for supporting the dozens of local business sponsors who help make the Cleanup possible.

It’s all about you. A Women’s Health Fair.

Join us for this free community event hosted by Sutter Surgical Hospital North Valley.
