## Fox Surprises Breast Cancer Survivors

Sacramento Kings guard De'Aaron Fox and breast cancer survivors with their families pose for a photo in front of the Sacramento Metro Fire Cancer Engine on Friday, October 7 in Sacramento. Photo courtesy of the Albie Aware Breast Cancer Foundation

By Shaun Holkko, sports editor

**SACRAMENTO, CA (MPG)** - Sacramento Kings sixth year guard De'Aaron Fox recently partnered with the Albie Aware Breast Cancer Foundation to surprise local breast cancer survivors.

Fox and Albie Aware were joined on the surprise squad by Kaiser Permanente and the Sacramento Metropolitan Fire District on October 7.

"The Sacramento Kings, Kaiser Permanente, Metro Fire and Albie Aware have come together to celebrate breast cancer survivors," said Courtney Quinn, breast cancer survivor and executive director of Albie Aware Breast Cancer Foundation. "Also, we are creating awareness as many individuals missed their breast cancer screenings throughout the pandemic and Albie Aware is here to provide this support in the greater Sacramento area."

According to Albie Aware, Sacramento County has a higher death rate due to breast cancer than state and national averages. Additionally, the county did not reach its Healthy People 2020 goals for mammograms in the past two years for women ages 50-74.

"A cancer diagnosis can be

life-changing for so many, and Kaiser Permanente South Sacramento is committed to providing our patients with high-quality, compassionate care," said Claudia De Young, MD, an internal medicine physician at the Kaiser Permanente South Sacramento Medical Center, who also runs the breast clinic and breast cancer survivorship program. "We are proud to partner with Albie Aware as we support our patients on their breast cancer journey, and provide them with this joyful, fun experience."

In recognition of Breast Cancer Awareness Month, Fox and the crew surprised breast cancer survivors with tickets to the Kings Breast Health Awareness game against the Los Angeles Lakers on October 14. Fox arrived on the scene in Metro Fire's Cancer Engine, which was covered in pink and blue to raise awareness of breast and prostate cancer.

"We are honored and proud to work alongside the Sacramento Kings and Albie Aware to honor these breast cancer survivors," said Sacramento Metro Fire Captain Parker Wilbourn. "The Sacramento Metro Fire Cancer Engine is a 46,000-pound billboard traveling throughout Sacramento County raising

awareness and reminding everyone to get their breast and prostate cancer screenings."

Breast cancer is a personal subject for Fox, whose mother Lorraine was diagnosed with the disease in 2000 when he was only 2 years old. Now today, Lorraine is celebrating over 20 years as a survivor and her son is making a significant impact in his community both on and off the court.

"It's great to be out here, just to see all of these smiling faces," Fox said Friday. "Not only the moms, but the kids, the husbands - everyone who is out here to support them. It's definitely a great day."

Inspired by his mom's perseverance, De'Aaron and his family established the Fox Whole Family Foundation to help women whose lives have been affected by breast cancer and to strengthen the leadership skills of underprivileged youth. Albie Aware and Fox's foundation have partnered to provide financial assistance to individuals dealing with breast cancer across the greater Sacramento region.

## California Takes Action to Combat Illicit Cannabis Grows

CDFW News Release

**SACRAMENTO, CA (MPG)** - Taking aggressive action to protect communities, consumers and the environment alike, Gov. Gavin Newsom has directed the creation of a new multi-agency, cross-jurisdictional taskforce of enforcement agencies designed to better coordinate agencies combatting illegal cannabis operations and transnational criminal organizations.

This new "Unified Cannabis Enforcement Taskforce," which has been actively working since late summer, is co-chaired by the Department of Cannabis Control (DCC) and the California Department of Fish and Wildlife (CDFW) and is being coordinated by the California Governor's Office of Emergency Services (Cal OES) through its Homeland Security Division. The taskforce has been charged by the Governor to better align state efforts and increase enforcement coordination between state, local and federal partners.

"The State of California is committed to combatting illicit commercial cannabis activity which is causing pervasive harm to California communities, the environment, consumers and legal cannabis businesses," said Nicole Elliott, Director of DCC.

"We cannot allow harmful, illicit cannabis operations to lay waste to the environment or threaten our communities," said Mark Ghilarducci, Director of the Cal OES and the Governor's Homeland Security Advisor. "We are bringing together the combined law enforcement resources of our state, local and federal agencies in a coordinated enforcement action against these bad actors and criminal organizations."

"California has an abundance of public lands set aside for conservation, recreational use and the enjoyment of the people of this state," said CDFW Director Charlton H. Bonham. "Unfortunately, criminal organizations are impacting these areas by exploiting some of our most pristine public lands and wildlife habitats as grow sites for cannabis."

Since its inception, the taskforce has been actively coordinating with federal, state, local and tribal agencies to disrupt this illegal market, including: Combatting the non-linear threat of transnational

## International Railfair Returns

By Thomas J. Sullivan

**SACRAMENTO REGION, CA (MPG)** - It's 'All Aboard' for Northern California's largest model railroad exhibition, International Rail Fair 2022 (IRF) which returns after a two-year absence to The Grounds in Roseville at 700 Event Center Drive on Saturday, October 22 and Sunday, October 23.

Remember the thrill you felt when, as a child, you looked in wonder at an operating model railroad layout? Share that joy and make new memories with your family at the International Railfair.

Enthusiasts can enjoy a 'county fair' worth of model railroad activities and see operating model railroads in different scales and shop vendors who sell model railroad and railfan products. Learn about model railroading, railroad history, and prototypical railroad operations.

IRF is run by members

Share your joy and childhood memories with your family and new generations of kids and enthusiasts at the International Railfair. Photo courtesy of IRF

of the Sacramento Modular Railroaders, the Sacramento chapter of the European Train Enthusiasts, Roseville Roundhouse Model Railroad Association, and the Sierra Division of the Pacific Coast Region of the NMRA, all of whom have been putting on model

railroad shows for over 40 years.

Operating layouts include the Sacramento Modular Railroaders - Sacramento Central (HO scale), European Train Enthusiasts with two layouts one in HO and one in N scale, Gold Country Model Railroaders (HO

scale), Sacramento FreeMo-N (N scale), Sacramento Brick Builders - (LEGO 1:48), BAZ BoyZ (Z scale) and the Sacramento Valley Garden Railway Society (G scale).

Children will enjoy exploring a special starter 'layout' and have an opportunity to

# Sac State Football Runs Away from Eastern Washington, 52-28

## No. 5 Hornets Equal Best Start in School History at 6-0

Sac State Athletics  
News Release

CHENEY, WA (MPG) - Sacramento State rushed for a season-high 385 yards to pull away from Eastern Washington, 52-28, on Saturday at Roos Field.

The fifth-ranked Hornets improved to 6-0 overall and 3-0 in the Big Sky Conference. The six consecutive wins to start a season matches the school record, which was set in 1991, and is the best start in the Div. I era (1993-pres.). The Eagles, who have endured a brutal early season schedule, fell to 1-5 overall and 0-3 in league.

Sacramento State jumped out to a 21-0 lead only to have EWU tie the contest with 21 unanswered points of its own. The Hornets then closed the first half with a pair of touchdowns in the final five minutes and never looked back. The two teams combined for 56 points in the first half as Sacramento State entered the break with a 35-21 lead.

After the Hornet defense forced a 3-and-out on the opening drive of the game, the offense went to work with a methodical touchdown drive. Sacramento State rushed nine times during the series, and the points came on a 1-yard rush from Asher O'Hara.

The Hornets quickly added to that advantage when Brock Mather picked off Gunner Talkington and weaved his way into the end zone for a 22-yard touchdown. The TD was the second pick six for the Hornet defense this season, following Caleb Nelson's 98-yard return in the season opener against Utah Tech.

A wild sequence of events saw the Sacramento State throw an interception of its own and was followed by a big pass play from the Eagles to take the ball deep into Hornet territory. However, EWU had to settle for a field goal

Sacramento State quarterback Asher O'Hara scores a touchdown during a 52-28 win at Eastern Washington on Saturday, October 15 in Cheney Washington. Photo courtesy of Sacramento State Athletics

attempt which was blocked by Jett Stanley and returned by Cameron Broussard across midfield.

Shortly after, Cameron Skattebo caught a screen pass on the left side of the field, hurdled a defender, juke another, and then ran through a third would-be tackler for a 37-yard touchdown reception. That touchdown gave the Hornets a 21-0 lead at the end of the first quarter and a 71-7 edge in the opening period this year.

Eastern Washington got on the board with a touchdown on the opening drive of the second quarter. The big play came on a 31-yard strike from Talkington to Jakobie James which took the ball to the 2-yard line. After being stopped on its next two plays, Talkington hit Jett Carpenter for a touchdown in the front right corner of the end zone.

The Eagles kept the momentum by forcing a fumble and then scoring two plays later on

a 26-yard pass to Efton Chism. After a forcing a 3-and-out, Eastern Washington drew even on a 15-yard end around from Justin Jackson.

Sacramento State was able to thwart the run with an 8-play, 75-yard drive to move ahead, 28-21. The team had three plays of at least 10 yards during the drive and also drew a pass interference call in the end zone. O'Hara scored his second TD of the game with a 1-yard leap over the pile.

After a defensive stop, the Hornets provided the final points of the first half when Jake Dunnaway hit Marshel Martin for an 11-yard touchdown to give the team a 35-21 lead at the break. The 35 first-half points tied Sacramento State's season best which previously came against Utah Tech.

The second half began with the Hornets piecing together a drive which abruptly ended when the

Eagles picked off a pass in the end zone. However, EWU gave the ball back when a pass on a fake punt fell incomplete giving Sacramento State the ball at the Eagle 38.

A 28-yard run from Skattebo moved the ball to the 10-yard line before O'Hara scored his third touchdown of the game with a 5-yard scramble. The game marked the second time this season that O'Hara has rushed for three touchdowns, and he now has 11 TD's this season.

Less than two minutes later, Eastern found the end zone again to make it a two-score game, but any hopes of a comeback were dashed when Kyle Sentkowski converted a 36-yard field goal and Parker Clayton caught an 8-yard TD pass for the only score of the fourth quarter. The Hornets outscored EWU, 17-7, in the second half.

Sacramento State's 385 rushing yards were the third most in the

school's Div. I era, and the most since rushing for 392 against Cal Poly in 2000. Skattebo led the way with a career high 201 rushing yards (29 carries, 6.9 yards per tote) while O'Hara added 94 and Elijah Tau-Tolliver had a 57 yards on six carries.

The quarterbacks combined to complete 13-of-19 passes for 140 yards and three touchdowns. Skattebo, Pierre Williams and Marshel Martin tied for the team lead with three receptions.

Armon Bailey paced the Hornet defense with nine tackles, including two for loss and a pass breakup. Fellow linebacker Jeremy Harris had eight stops. Mather had five tackles (three solos) and a quarterback hit to go along with his pick six.

Sacramento State returns home for its next two games. The first coming on Oct. 22 against Montana. The game will start at 8 p.m. and air nationally on ESPN2. ★

# DWR Takes Actions to Support State’s Future Water Supply Strategy

## DWR News Release

**SACRAMENTO, CA (MPG)** - On September 29, the Department of Water Resources (DWR) announced new steps that, if approved, could save enough water to supply 4.7 million Californians annually while making conservation more affordable through financial assistance and tax exemptions. The actions improve long-term water conservation and reduce wasteful outdoor water use as California adapts to a hotter, drier future driven by climate change.

The new actions will build on California’s ongoing long-term efforts to make water conservation a way of life while advancing water efficiency efforts outlined in California’s Water Supply Strategy: Adapting to a Hotter, Drier Future. DWR will be implementing and supporting actions that include:

**Outdoor Water Use Recommendations**  
To help prepare for a hotter and drier future, DWR has submitted outdoor water use efficiency recommendations to the State Water Resources Control Board. With outdoor water use accounting for 50 percent of urban resident water use on average, the recommendations outline standards that would provide urban retail water suppliers with a framework to support more efficient outdoor residential water use. The framework will also include standards for the irrigation of large commercial, industrial, and institutional (CII) landscapes in their service areas.

DWR’s outdoor water use recommendations combined with indoor residential water use recommendations submitted in November 2021 would result in expected long-term water savings of 450,000 acre-feet per year starting in 2030 – enough water to supply about 1.6 million homes or about 4.7 million residents for both indoor and outdoor annual needs. The recommendations would also result in near-term savings of 100,000 acre-feet a year starting in 2023. DWR’s recommendations will be evaluated by the State Water Resources Control Board through a formal rulemaking process, which will include additional analysis, engagement, and opportunity for public comment.

**Indoor Water Use Legislation Signed**

California also recently took additional steps to increase indoor water use savings with Governor Newsom’s signing of Senate Bill 1157 (Hertzberg), which adopts recommendations made by DWR and the State Water Board last year to reduce indoor water use targets to 47 gallons per day by 2025 and 42 gallons by 2030. By adjusting indoor water use standards to reflect the joint recommendation of DWR and the State Water Board, the legislation will help increase water conservation and water use efficiency, ensuring a more water-resilient future for California.

**Financial Assistance for Turf Transition and Conservation**  
DWR has developed a set of funding programs that will help build resiliency in all communities including under-represented communities and Tribes. The funding programs include financial assistance for projects that strengthen resiliency in urban communities, turf transition for residential and commercial landscapes and water conservation programs for urban water suppliers. DWR’s programs will help to clear some of the hurdles that underserved communities face with direct install programs and support for local water agencies, while also helping build resiliency with equity in mind. DWR plans to release these grant programs in October. These new programs will build on the momentum created by the millions of dollars in grant funding that has been distributed by DWR in 2022.

**Turf Tax Exemption**  
For those making smart water decisions to replace their lawns now and, in the future, Governor Newsom signed Assembly Bill 2142 (Gabriel), which will exempt from state income tax calculations any grant, rebate or additional financial assistance awarded from a state or local agency for turf transition. The law will provide the exemption through tax year 2027.  
For more information on water use efficiency and the recommended standards, visit DWR’s Urban Water Use Efficiency Standards webpage. For information about other DWR and State drought response efforts and funding programs, visit drought.ca.gov. ★

# California Faces a Housing/ Wildfire Conundrum

By Dan Walters, CALMatters.org

California must ramp up housing construction to reduce the ever-widening gap between supply and demand and ease the high shelter costs that drive families into poverty and contribute to the state’s homelessness crisis.  
However, given the seemingly nonstop series of uber-destructive wildfires California is experiencing, prudence dictates that we should also avoid housing construction in what’s called the “wildland urban interface” where fires are most likely to have cataclysmic impacts.  
The friction between those two imperatives is played out in the political arena, where officialdom makes land use policy.  
A case in point: Two years ago, by overwhelming bipartisan majorities, the Legislature passed a bill that would have required local governments to make fire safety a major factor in approving housing developments in fire-prone areas by compelling developers to include protective features.  
The measure was passed in response to a wave of killer fires, including the Camp Fire that destroyed the rural community of Paradise in 2018, killing 86 people.  
Gov. Gavin Newsom vetoed the bill, saying

that while he supported its aims it “creates a loophole for regions to not comply with their housing requirements.”  
“Wildfire resilience must become a more consistent part of land use and development decisions. However, it must be done while meeting our housing needs,” Newsom wrote.  
In the absence of clear policy from the Legislature and the governor on limiting construction in fire-prone areas of the state, Attorney General Rob Bonta has intervened.  
This year he joined forces with environmental groups and golf resort project in Lake County, where wildfires are a constant threat. A Lake County judge declared that local authorities and the developer had not paid sufficient attention to the Guenoc Valley project’s vulnerability to fires.  
The ruling “affirms a basic fact: Local governments and developers have a responsibility to take a hard look at projects that exacerbate wildfire risk and endanger our communities,” Bonta said. “We can’t keep making shortsighted land use decisions that will have impacts decades down the line. We must build responsibly.”  
This week, Bonta took another step, issuing a set of guidelines that local authorities should follow in assessing the potential wildfire dangers of proposed developments.  
It declares that it’s “imperative that local jurisdictions making decisions to approve new developments carefully consider wildfire impacts

as part of the environmental review process, plan where best to place new development, and mitigate wildfire impacts to the extent feasible.”  
Unveiling the policy in San Diego County, whose fast-growing inland communities are in constant peril from wildfire, Bonta said, “This is the new normal. When it comes to development, we can’t continue business as usual. We must adjust. We must change.”  
Bonta’s guidelines don’t have the force of law, but they contain the implicit threat that his office will intervene if they are ignored, as it did with Guenoc Valley.  
Avoiding housing in areas of extreme fire danger would seem to be common sense, but except for a narrow strip of land fronting the Pacific Ocean, the flatlands of the Central Valley and the deserts of Southern California, the state is mostly a tinderbox.  
Moreover, Californians prefer, if they can, to live in single-family homes in scenic locales and therefore developers want to comply with those preferences, which is why they propose projects such as Guenoc Valley.  
The issue demands something more definitive than a document from the attorney general. Newsom and the Legislature should, as they ramp up pressure for more housing construction, also delineate where it should — and should not — occur.  
*Dan Walters has been a journalist for nearly 60 years, spending all but a few of those years working for California newspapers.* ★

# Sheriff’s Dept. Seeks Information on Delta Jane Doe Homicide from 2004

Shannon Vielguth born 1969. Photo courtesy of Sac Sheriff’s Dept.

By Lieutenant Rod Grassman, Sac Sheriff’s Department

**SACRAMENTO COUNTY, CA (MPG)** - On Saturday, March 29, 2008, the Sacramento County Sheriff’s Office Communications Center received a call regarding the discovery of possible human remains in the area of Tyler Island and the Georgianna Slough, located in Sacramento County.  
Patrol deputies arrived to the location and determined the remains appeared to be human and requested Sheriff’s Homicide Investigators respond to the scene. Over

the next 3 days, Homicide Investigators, Criminalist from the Sacramento County District Attorney’s Laboratory of Forensic Services and the Sacramento County Coroners Office processed the scene and exhumed the remains. The Coroner classified the case as a homicide and determined the victim was most likely killed in the fall of 2004.  
Over the past 13 years, Sheriff’s Investigators and the Coroner’s Office have worked to identify the victim. The investigation included reviewing hundreds of Missing Persons reports, providing the media with photographs of clothing and jewelry found with the remains as well as a composite drawing of what the victim may have looked like. A facial reconstruction, using the victim’s skull, was also released to the media at the time but the victim remained unidentified.  
In 2021, Investigators began a Genetic Genealogy Investigation. As a result of this investigation, the

victim has been identified as Shannon Vielguth (born 1969). Her identity has been confirmed with the DNA of a close family member. Vielguth used several last names, including Judkins, Hutchings and Joyce. Investigators learned Vielguth was transient during the 6 months prior to her murder, staying in Missouri, Oklahoma, Kentucky, Colorado, Nevada, and California. Based on law enforcement records, Vielguth was most likely in Reno Nev., and Sacramento in October of 2004 which coincides with the time she was most likely killed.  
If you have any information regarding Shannon Vielguth’s murder or her whereabouts during this time, please call the Sacramento County Sheriff’s Homicide Bureau at 916-874-5057 or Sacramento Valley Crime Stoppers at (916) 443-HELP. Tip information may also be left anonymously at www.sacsheriff.com or by calling (916) 874-TIPS (8477). ★

## Keep Them in the Loop

Dear Dave,

I am getting older, and health issues over the last year have made me begin thinking about selling my small business. I have spoken with a couple of potential buyers recently, and one of them seems to be the kind of person who would handle the company very well. How and when do I tell my employees about what is going on and what may happen?  
– Marjorie  
Dear Marjorie,  
In my mind, to be a good, effective leader you have to be willing to share and discuss things with your team – whether they’re good or bad. When talking to the folks at my company, I

## Dave Ramsey Says

try not to get into a lot of unnecessary stuff, but if there’s any doubt, I’m going to over-share rather than leave them fearful, uninformed or confused.  
Think about it this way. If the roles were reversed, and you were in their shoes, when would you want to know? If you’d worked for someone a few years, would you feel betrayed if you didn’t know about something like this? It might sound simple, but I think that’s a good, fair way to process the situation.  
If I make a mistake with my team, it’s always going to be in terms of over-communication. I expect and trust them to be mature adults in the workplace, and they know this ahead of time. Still, I try to make sure I’m very transparent about how we’re doing as a team and as a company. No small business owner can be successful unless they have great people around them. Your team needs to hear that once in a while,

too, in addition to knowing you’re always going to keep them in the loop and shoot straight with them.  
Human beings just want to be treated with dignity and respect. They want to know what’s going on where they work. When it’s something that impacts their day-to-day lives – and potentially their livelihoods – they deserve to know the facts as quickly as possible.  
– Dave  
*Dave Ramsey is a seven-time #1 national best-selling author, personal finance expert, and host of The Ramsey Show, heard by more than 18 million listeners each week. He has appeared on Good Morning America, CBS This Morning, Today Show, Fox News, CNN, Fox Business, and many more. crime that extends to areas of California beyond the border and into some of most rural parts of the state. Establishing a new data sharing agreement which allows state and local enforcement officials to more broadly share information and cross-match data across jurisdictions. Leveraging and better aligning the authorities and legal provisions of federal, state and local law enforcement and regulatory agencies in conducting search warrants, indictments and maximizing arrests and prosecution of perpetrators, while also maximizing administrative, regulatory and civil penalties for bad actors. Disrupting human traffickers and illegal firearm and drug smugglers. Interdicting illegal cannabis shipments crossing California's borders. Coordinating with local police chiefs, sheriffs and federal officials to deploy personnel and equipment where needed.

By investigating, removing and reclaiming illegal grow sites as well as shutting down illegal manufacturing, distribution and retail operations, and by apprehending and applying meaningful repercussions to offenders and traffickers, state, local and federal law enforcement agencies are protecting consumer and public safety, safeguarding the environment, and depriving illegal cannabis operators and transnational criminal organizations of illicit revenue that undercuts the regulated cannabis market in California.

Large scale, illicit outdoor cannabis cultivation can be harmful to the environment. Non-compliant cultivation sites can negatively affect wildlife, vegetation, water, soil, and other natural resources when they utilize chemicals, fertilizers and terracing, and even poach local wild animals. Illegal cannabis cultivation results in the chemical contamination and alteration of watersheds, diversion of natural water courses, elimination of native vegetation, wildfire hazards, poaching of wildlife and harmful disposal of garbage, non-biodegradable materials and human waste.

Untested cannabis products also pose safety hazards to consumers, while all illegal activity undercuts the regulated market and hurts licensed cannabis business owners. ★

Something We Can All Agree On — We All Hate Measure A

Bruce Lee

From Sacramento Taxpayers Association

We live in a time of extreme polarization, even more obvious during the run up to an election. But there is one issue on the Sacramento County ballot this November where almost everyone seems to agree. Organizations across the political spectrum urge a “NO” vote on Measure A.

Measure A would impose a countywide half percent sales tax increase that Sacramento area taxpayers would pay for the next 40 years, raising the sales tax in Folsom and Elk Grove to 8.25%, Sacramento City and Rancho Cordova to 9.35% - almost \$1 on every \$10 spent, \$10 on every \$100. The Measure is bankrolled

by wealthy special interests like the Cordova Hills Development Corporation, who want taxpayers to pay hundreds of millions of dollars to build new roads that will enable them to profit or “line their pockets” by developing the surrounding land.

The proponents claim that the new tax will provide funding for needed roadway infrastructure, and these proponents primarily include developers and construction labor unions, as well as politicians who are indebted to them. Developers will benefit because road construction opens up new development opportunities.

Measure A includes 26 new capacity building projects that will exceed the 2020 “Metro Transportation Plan & Sustainable Communities Strategy” produced by the Sacramento Area Council of Governments (SACOG) after years of analysis and negotiated agreement among the six counties (El Dorado, Placer, Sacramento, Sutter, Yolo and Yuba). The big prize is the Capital Southeast Connector, a

34-mile highway between Interstate 5 in Elk Grove and Highway 50 in Folsom. This idea was defeated in 2016, withdrawn at the last moment in 2020, and now tossed onto the ballot along with 25 other projects.

But look at who is opposing Measure A! The Sacramento Taxpayers Association opposes Measure A because it exploits the “citizens’ initiative,” which only requires a majority vote, by using a loophole that would normally require a new special tax to require a two-thirds vote. The special interests who are sponsoring Measure A spent \$1.7 million (or \$22.25 per signature) to buy the signatures for it to qualify as a “citizens’ initiative.

The Sierra Club and Save the American River Association oppose Measure A because it will promote sprawling development, create more traffic, and destroy hundreds of acres of open lands, wildlife habitat, and farmland, all of which help to take carbon out of our atmosphere and keep it there. The Sacramento County

Farmers Bureau is against it because it will destroy valuable agricultural land.

Environmental groups like ClimatePlan and 350 Sacramento urge a no vote on Measure A because it will exacerbate climate change and worsen our air quality. According to the American Lung Association, Sacramento consistently ranks in the top ten worst cities in the country for its poor air quality. Analysis by the Sacramento Area Council of Governments (which was peer reviewed) concluded that if the Measure passes, the region will likely fall short of meeting its state mandated climate goals, which in turn will jeopardize the region’s ability to compete for billions of critical state and federal funding for affordable housing, infrastructure, and transportation.

Transit riders and the Sacramento Area Bicycle Advocates oppose Measure A because it heavily favors roads and cars over other options like transit, walking, and biking. Only 3% of the tax dollars raised would be spent on seniors

and the disabled.

And the biggest surprise of all? Republicans and Democrats alike oppose the Measure. The Sacramento County Republican Party urges a no vote. On the other side of the aisle, the Environmental Democrats of Sacramento County, the Town and Country Democratic Club, Queer Democrats, and the American River Democrats are in opposition. The nonpartisan League of Women Voters, Sacramento, urges a no position.

And the list of strange bed fellows continues! Former Sacramento Mayor Heather Fargo (2000 to 2008); Michael McKeever, former Executive Officer of the Sacramento Area Council of Governments; the Libertarian Party of Sacramento County; the Howard Jarvis Taxpayers Association; and others from across the political spectrum have lined up to consistently oppose Measure A as there seems to be something for everyone to hate!

W. Bruce Lee, President of the Sacramento Taxpayers Association comments,

“They aren’t concerned that this new tax will hit low and middle income households and seniors the hardest, at a time when we are already being crushed by inflation. This is why the NAACP and the National Action Network worked with us previously to stop this measure. Developers or land speculators aren’t concerned about the fact that more cars and traffic will lead to more air pollution and health problems, or that more greenhouse gas emissions will worsen climate change.”

Even the Sacramento Bee, which is generally pro-labor, says that “voters must reject Measure A.” In their opinion, “The proposal was sponsored and dishonestly crafted by political operatives, mega-developers, and other special interests seeking to benefit from more than \$8.5 billion in taxpayer money. They concocted an initiative loaded with pet projects that will make them rich, counting on voter apathy in a midterm election and understandable frustration with the condition of local roads and infrastructure.” ★

**Smartz Graphics  
News Release**

**DAVIS, CA (MPG)** - Visit Davis, California, home of the West Coast's ZOMBIE BIKE RIDE festival from Saturday, October 29th through Sunday, October 30th. Encounter endless Halloween spectacles, including hordes of the undead, rotting robots, swords, lasers, Halloween hounds, a giant inflatable octopus, and a skydiving grand finale! The Davis Odd Fellows and the Bike Campaign are delighted to help present unforgettable Halloween experiences! Full details at [www.zombiebikeparade.com](http://www.zombiebikeparade.com).

Over the past three years, Zombie Bike Ride's organizers have raised funds (primarily from sponsors) and donated more than \$14,000 to Norcal Trykers, an organization that creates custom tricycles for children with disabilities. Each tricycle costs about \$1,000 to make, and these children get to experience the freedom of riding on a bicycle and feeling the wind in their hair for the first time.

There are many opportunities along the route to help our generous sponsors raise money for Norcal Trykers, while also hosting almost entirely FREE to the public events!

You can experience all that Davis has to offer including art, culture, a vibrant night life, and wonderful lodging. Book a room in one of our 12 motels/hotels, visit the UC Davis Arboretum & Public Garden, and stroll our downtown. Davis boasts a variety bike shops to rent

**Get your bike ready for the Zombie Bike Ride on Sunday, October 30th from 12-3:30 pm. There you'll laugh, howl and pedal for your life in unforgettable Halloween!** Photo courtesy of Smartz Graphics

your ride, including our featured partners: Ken's Bike-Ski-Board, Davis Cyclery, Green Bicycle Depot, Freewheeler, and The Bike Garage.

Zombie activities begin Saturday morning with ZOMBIE PAINTBALL from 9 am-3:30 pm at Davis Paintball, located at 24998 Co Rd 102. Zombie Paintball features the use of green paint in a game of zombies vs humans. Humans who get hit with green paint join the undead ranks. Can YOU survive the attack? Zombie Paintball is one of the very few features with a cost associated. Davis Paintball's rules and charges apply.

After a day of sightseeing or Zombie Paintball, settle down at the Zombie Bike Ride's family-friendly PRE-BIKE

BREW PARTY, hosted by Sudwerk Brewing Co. from 5-8 pm at 2001 2nd Street. Meet like-minded zombie friends, get a bite to eat together, and enjoy brews, boos, and plenty of Halloween treats – complete with a mini pumpkin patch.

Then on Sunday, October 30th from 12-3:30 pm our team of event organizers invites visitors and residents alike to join thousands of Halloween creatures for the ride of your life at our 4th annual, family-friendly ZOMBIE BIKE RIDE!!!

Along the 12-mile Davis Bike Loop (visit our website for event map) you can expect more than 10 entertainment stations, several zombie bike mechanics, food and drink

Pizza, Niknek Lemonade, Kona Ice, and our vegan option, Vegan Circus along with entertainment, and the Skydance Skydiving grand finale at 3:30pm.

After you watch zombies literally fall from the sky at the end of our renowned bike ride, we want to make your visit to Davis, Calif., even better by inviting you to the ZOMBIE MASH AFTERPARTY from 4-6pm at E Street Plaza (228 E Street), sponsored by the Davis Downtown Business Association and featuring many unique small businesses, art galleries, bars, retail shopping, and more!

This year only – the Zombie Bike Ride is hosting celebrity comedian and MTV personality Brent Pella, at our Zombie Bike Ride Comedy Show/Fundraiser on Sunday, October 30th from 7:30-9pm at the Davis Odd Fellows Lodge (415 2nd Street).

Pella's comedy sketches, celebrity impressions, and parody music videos have gained more than 200 million views online and have been featured on MTV, Funny or Die, BroBible, Worldstar HipHop, and more.

Comedy show tickets are \$100 each, and proceeds from ticket sales will go to our non-profit beneficiaries, Norcal Trykers and The Bike Campaign.

If you wish to join the cause, sponsor our event, or form a partnership, please contact Zombie Bike Ride coordinator, Aaron Wedra, at 530-574-7306 or smartzgraphics@yahoo.com. ★

vendors, opportunities for prizes for best costumes, and so much more. Entertainment stations range from interactive opportunities – such as engaging with local Davis groups like the robotics team (Citrus Circuits) and the Davis Fencing Academy – to encountering epic spectacles – such as zombies on stilts, an entire Halloween marching band, a Michael

Jackson's Thriller performance, and a huge party on UC Davis Campus with DJ Mellax!

Although we emphasize bicycling and most riders can complete the entire Davis Bike Loop, it is not required. Scooters, skateboards, strollers, and other modes of transportation are allowed. Community Park food and drink will be served by vendors such as Hotdogger, Steve's
