PLAY BALL!

Baseball Returns to Rio Linda

The Little League's charming Ice Queen team will be wearing many crowns this year. Photo by Cecilia Feser

Story by Michele Townsend

RIO LINDA, CA (MPG) - It's that time of year again... baseball season!

Rio Linda is a very family-oriented town and it's always great to see families supporting each other. Little league is a great way to see that.

Opening Day for the Rio Linda Little League's 2022 season was held last Saturday, March 26. You don't have to have kids playing to attend games. You can go watch just because you like the game.

Some of the best baseball games you'll ever see happen on the little league field, rather than in professional ball. Partially because it's great

to watch the kids. Partially because it's that much more exciting when a kid makes some amazing play, than when a professional does it. It's the look on their face when they make that first catch or get that first hit that makes little league so much more exciting. Regardless of the skill expectations, it's still America's pastime for a reason and just fun.

There are a few things that the spectators of little league need to remember. First, it's only a game. The kids can feel a lot of pressure out there, not only to do well for their teammates, but to do well for their coaches and parents as well. Let's try to remember to encourage the kids

just to do their best.

Part of learning the game is to learn how to win and lose gracefully. Kids learn that from everyone around them. Spectators get very invested in the games they are watching and sometimes it's easy to forget that they are just kids out there playing. Spectators need to try their best to cheer on the kids and let the coaches handle the coaching.

Another thing to remember is that the umpires can only call what they see. Of course, there will occasionally be missed calls, but it's not intentional. The umpires are out there to oversee the game and to

Biden Plans to Accept Ukrainian Refugees

Office of
Assemblyman
Ken Cooley

RANCHO CORDOVA, CA (MPG)

- On Monday, March 14th, 2022, the State Assembly sent a bipartisan letter to President Biden urging swift actions to adopt policies to welcome displaced Ukrainians. This letter emphasized the urgency of the matter and recommended the use of humanitarian parole as a mechanism to quickly allow refugees to seek asylum in the United States. The letter, spearheaded by Assemblymembers Cooley, Gallagher, and Kalra, was signed by 67 Assemblymembers from both sides of the aisle.

On March 24, 2022, President Biden announced that the United States would be accepting 100,000 refugees from Ukraine utilizing a number of legal pathways, one such pathway being humanitarian parole. This news is momentous for the many Ukrainians and Ukrainian-American's in the Sacramento region. Vlad Skots, President of the local non-profit Ukrainian American House, has been engaging with California leaders to inform them of the humanitarian crisis being faced by Ukrainian people abroad and at home. This partnership between the Ukrainian-American community and the California Legislature was instrumental in the organization of the letter to the President. Assemblyman Cooley takes pride in the leadership California and its people demonstrated in urging this critical step forward.

Assemblyman Cooley remarks, "Ukraine's national anthem opens with the phrase, 'The Dignity and Freedom of Ukraine has not yet Perished.' With the entire world watching, we are awe-struck to see how a free people fight for their dignity, for their freedom, and to keep their unperishable national identity. We support the fullest possible U.S. partnerships in support of this courageous and determined people."

Assemblyman Ken Cooley represents the 8th Assembly District which includes the communities of Arden-Arcade, Carmichael, Rancho Cordova, Rancho Murieta, Rosemont, Wilton and other portions of unincorporated Sacramento County. For more information, please visit asmcd.org/members/a08/ ★

Grand Parade Opens Little League

By Cecilia Feser

RIO LINDA, CA (MPG) - Floats, in many cheery, bright colors. Two long, long years have passed since Rio Linda Little League has been able to say, "Play Ball." That pent up excitement was shining through. Kids of all sizes proudly wearing their brand-new baseball uniforms. There were, Lady Bugs, Tigers, Unicorns, Dragonflies, Giants, Ice Queens and so many more teams. There was balloon blowing, bubble gum chewing, glove carrying, hat waving little ones. All friends for now... but, wait till it is the end of this season and the competition becomes, Okay, Okay, LOL, that is for a grown up team. These kids are still young enough to remember it is all about just playing baseball or softball and the ice cream that comes after a game.

As I watched the colorful parade go by, I looked

at those little faces thinking, "are they old enough to even walk yet?" So young. I asked a mom on one of the floats. She said, "They are. We have 3-year-olds and up signed up to play." Then she laughed

and said, "well mostly, the three, 4 and 5-year-olds, just run around learning the game."

Many of the younger ones have an older brother or sister playing in the league and insist on

playing like the 'big kids'.

Noticeable in the parade was the parent and family support of their child/ children. The parade weaved down M street in Rio Linda, pass the arch and

Paperless Billing Now Offered by Revenue Recovery

By Ken Casparis, Sacramento County

SACRAMENTO COUNTY, CA (MPG) - The Sacramento County Department of Finance's Revenue Recovery Division, which provides billing and collection services for the County, has a great new tool to help customers manage their payments and pay their bills online!

This tool, Revenue Recovery Online, makes managing payments a breeze! With Revenue Recovery Online you can:

- Sign up for paperless & receive statements via email;
- View previous statements, correspondence and payment history;
- Set up payment reminders; Pay Online; and, Set up auto pay, so you never miss a due date

This new paperless billing option will help Revenue Recovery customers avoid potential postal delays while also offering a greener alternative to mailed paper bills.

Effective Oct. 1, 2021, the United States

Postal Service revised its service standards for certain first-class mail items that increase the delivery time from 1-3 days to 5 days. This new standard may delay customers' receipt of mail from us and our receipt of mail from them (including payments).

Revenue Recovery sends out close to 100,000 customer statements every month. It is estimated that the standard 45-foot pine tree can produce roughly 10,000 sheets of paper, so every year, Revenue Recovery uses roughly 120 greenhouse gas absorbing pine trees worth of paper, excluding envelopes and other correspondence.

To avoid delays in receiving your Revenue Recovery statement or other time sensitive correspondence from us, and to help us go green, sign up today for Revenue Recovery Online today. We will email you and let you know when your statement is available to view online. It's simple and secure! ★

Twin Rivers Unified School Board Member Sworn In

By Zenobia J. Gerald, Twin Rivers Unified

MCCLELLAN, CA (MPG) - Stacey E. Bastian was sworn in as a Twin Rivers Unified school board member during a ceremony before the start of the March 22 virtual school board meeting. Bastian, a provisional appointee, will represent Area 4 (Rio Linda/Elverta). The term expires in June 2022. She fills the seat held by the late Bob Bastian, her father, who passed away Jan. 12.

school board meeting on March 16. At that time the Board of Trustees approved the provisional appointment of Bastian for the open seat.

Trustee Bastian is a graduate of Rio Linda High School, an active community volunteer, and a former vice chairperson of the Rio Linda Elverta Recreation and Parks District Board of Directors. ★

down to the shopping center where the parade ended. Sue Frost was waving to the crowds from the front of the parade. All the floats had players tossing candy to the crowd of Little League supporters.

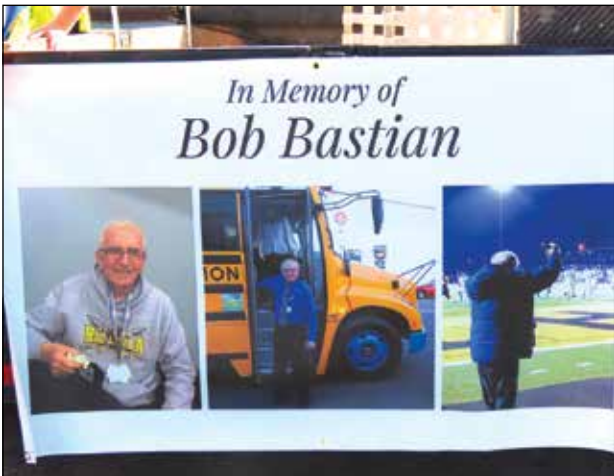

In an hour it would be opening ceremonies for the new year of Little League. When I got down to the park it was already crowded. Colorful uniforms were grouping up for the opening ceremonies. Excitement ruled as talk of a special guest or two would be involved in the opening ceremonies. I found my way to the back stop and met with Mike Heller and Mike Beebe both who are on the board of directors for little league. They explained who the special guests were for me. There was a table with bouquets of flowers, medals and trophies to be passed out.

The ceremonies began with the singing of the National Anthem by John Walton. Followed by an introduction of Mrs. Sue Bastian, the wife of the late Bob Bastian who was a mainstay in Little League and so many more things to do with the Rio Linda Community. Ms. Bastian, was called up, bringing her granddaughter, 4-year-old Paisley, for a gift of flowers and applause for all that they had/have done for the community of Rio Linda.

Now, it was time for

the opening pitch. The announcer called up Ms. Gertrude Thomas, a grand 105 years old! She would be honored by throwing out the first pitch of the year. Why? Her family, the Thomases have lived here since 1957. Generations of Thomases have played little league. She was pitching to her great grandson Oliver Thomas who is 10 years old and dressed in full catcher attire. wsl left feeling like there was months to come on that field of tears of happiness and the occasional tears of defeat.

Either way, here comes the Rio Linda Little League year 2022! ★

make impartial decisions according to the rules. That’s just part of the game. Also be aware that many districts have their own version of the rules, so understand that sometimes that can affect calls.
However, there is a huge umpire shortage all over the region. If you are interested in becoming an umpire, please contact your local umpire in chief and talk to them about getting started. It’s a great way to pick up a little extra cash as well!

Little league runs entirely on volunteers, fundraising and revenue made in the snack bar, so try your best to help how you can. Maybe it’s by purchasing items at the snack bar, keeping score, helping with the grounds keeping, or by becoming an umpire. Opening Day last Saturday was a big, exciting and nerve-racking day for kids and parents alike, so please be patient with them throughout the remainder of the season.
Come on out to the diamond and watch some baseball. It’s bound to be fun! ★

K-9 Hektor Helping Take Drugs Off the Street

California Highway Patrol Press Release

SACRAMENTO, CA (MPG) - The California Highway Patrol’s (CHP) Valley Division Canine Unit, K-9 Hektor, helped remove dangerous drugs off the street during a traffic stop that resulted in the arrest of three suspects.
On March 7, 2022, at approximately 4:06 p.m., a CHP officer working in the North Sacramento Area made an enforcement stop on a white Jeep Liberty on Interstate 80 westbound at Northgate Boulevard for a mechanical violation. The officer observed several indicators of criminal activity by the driver and passengers and requested the assistance of a K-9 unit.
Upon arrival, the K-9 officer deployed

his departmental canine partner, Hektor, to conduct an open-air sniff of the vehicle. Hektor alerted to the presence of narcotics and the vehicle was searched. Officers subsequently located approximately 80 pounds of suspected methamphetamine and approximately 100,000 blue “M30” pills suspected to contain Fentanyl. An estimated \$4,100 was also located in the vehicle.
The occupants, Luis Alfonso Velarde Lopez, 36, from Winters; Arivi Lopez Gamez, 24, from Winters; and Francisco Javier Gonzalez, 29, of Huntington Park, were all arrested for suspicion of possession and transportation for sale of suspected fentanyl pills and methamphetamine. They were transported and booked into the Sacramento County Jail. ★

French Bull Dog Meet up and Craft Fair

By Cecilia Feser

RIO LINDA, CA (MPG) - French Bull Dogs ruled this Sunday at the Rio Linda Shopping Center. The event was sponsored by Famous Pizza, Justin Chal and Angel Puente who are die hard Frenchy lovers.
“We just wanted to put on a family-friendly party,” said the friends Justin and Angel.
The music by Jorell Clemeng and Ruben Jucaban kept the mood light and fun along with a breeze to keep the heat down on the cement.
There was a variety of foods available. You could have a full lunch, or you could get ice cream.
I found Joleen Xiong, 7 yrs, and her brother Caleb, 8 yrs, munching on a fare favorite, cotton candy. There was a happy Braylin Johnston sitting with his family enjoying a hamburger and fries.
Walking on I saw a cute bull dog ‘Hog’ kissing on his family pal Cameron Gutierrez, in front of Alisa Cumbra’s Vintage Store. At the jump house I found

asked. Phan told me, “Born that way and their ears stand up when full grown.”
set up with agility runs. I am fascinated by the weave polls in agility classes. This is also an event you can do on horseback, which I have seen and been amazed by for such a big animal.
As I was leaving for the day, I saw a beautiful 360 Sprint Car. It is driven by Bobby Butler who won many, many times in CA and in other states. He signed an autographed picture for me, you just never know down the road, he he. You could tell his father Lewis was one very, very, proud dad. He was telling my husband about one engine costing \$55,000 dollars. A tire cost \$280.00 each. It is run on Methanol for fuel. As you can tell there was something for everyone today at the fair. Mostly, a place to show off your French Bull Dog because, YOU know, yours is the cutest and everyone needs to see him/her. Grab a bite of food, play in the bounce house and kids just running around showing off their smiles after two long years of hiding behind masks. Be good to your neighbor and GO Rio Linda!!! ★

“It was the Cool Place to Be”

By Paul Scholl

SACRAMENTO REGION, CA (MPG)
- One of Sacramento’s best has chosen retirement. Phil Cowan, morning radio host of AM1380, will air his last show on April 1, 2022, between 6:00 and 9:00 am.

A retirement dinner event was held Tuesday evening, March 22, at The Ridge Golf Course in Auburn. Of course, it was a sold out event. The event was produced by AM1380 The Answer and its sister stations in Sacramento; 103.9 The Fish, 105.7 The Word, and Money 105.5.

Attendance included Scott Jones Sacramento County Sheriff; Doug LaMalfa, Congressman; Ted Gaines, Board of Equalization; Sue Frost, Sacramento County Supervisor; Suzanne Jones, Placer County Supervisor; Katy Grimes, editor of California Globe, along with their spouses and many other dignitaries, all of whom wanted to show their appreciation for Phil at his retirement event.

Mindi Russell, former CHP chaplain, graced the meal and gathering with an uplifting blessing.

Special guest, Larry Elder, radio talk show host and former candidate for governor, and Cowan presented a short program on the current events of national and state politics. It was the kind of segment the morning listeners loved to hear every morning on Phil’s show.

Especially pleasing for Phil were the many call-in listeners to the program that made their trek to the event to show their love for the man that filled their mornings with entertainment, humor, a daily education on the ever-changing landscape of politics, and the many topics that were the pillars of the host’s life journey. His discussions on music, classic cars and firearms were great entertainment all by themselves. He had never met many of the regular

been possible without her”. Phil Cowan and Paul Robins co-hosted a daily radio show together for many years. A sweet addition to the program was Paul’s send-off message to Phil, along with a few short stories about their friendship, and their famous Harley ride together from Sacramento to New York years ago. Phil is a local legend, not just for the radio show, but for what he brought to the good people of the Sacramento Region through his life’s body of work. He has been a true friend and supporter to so many it is impossible to describe it all here. Phil will be truly missed. May his retirement be long and joyous and fruitful.★

Love WITHOUT LIMIT,
Life WITHOUT FEAR

**A talk on
Christian
Science**

Thursday
April 7
7:00pm PT

**Prayer and Healing
Explore the connection**

Sponsored by Fujiko Takai Signs, CSB
Christian Science practitioner and teacher
A member of the Christian Science Board of Lectureship

Carmichael, CA: Around the world people are looking to prayer for solutions, safety, and well-being. Fujiko Signs, practitioner of Christian Science healing and international speaker, will present an online talk titled, “Love without limit, Life without fear,” Thursday, April 7 at 7 PM, online at www.tinyurl.com/yc286hfd and in-person viewing at First Church of Christ, Scientist, Carmichael located at 4949 Kenneth Ave. in Carmichael. The lecture online link can also be accessed directly at the church website ChristianScienceChurchCarmichael.com

The talk will focus on universal healing precepts found in the Holy Bible, especially in Christ Jesus’ life and teachings, showing how they are available for anyone to understand and experience through the lens of Christian Science. This live web lecture is free, open to the community, and hosted by First Church of Christ, Scientist, in Carmichael.

“We will explore the relationship between prayer and healing through the universal divine truth that unites us,” says Signs. “We will talk about the practical understanding of God as ever-present love so we can make progress, unafraid like trusting children.”

Sharing examples of healing from her own life and professional practice of Christian Science, Ms. Signs

will explain why Christian Science is both Christian and scientific, meaning that people can prove its effectiveness for themselves, as fully described in the book Science and Health with Key to the Scriptures, written by the founder of the Christian Science movement, Mary Baker Eddy.

Ms. Signs will also touch on the life of Mary Baker Eddy, a mid-nineteenth century American woman, who came to understand, confirm, and teach what she felt was original Christian healing. Eddy herself said she was especially inspired by Jesus’ demand, “He that believes on me, the works that I do will he do also; and greater works than these will he do, because I go unto my Father” (found in the Gospel of John 14:12 in the Bible).

For over 150 years, people around the world have worked to follow Christ Jesus in this practice of Christianity and continue to do so today, experiencing healings of physical ills and personal difficulties.

Fujiko Signs has been a Christian Science practitioner for many years, helping people on a daily basis through this scientific approach to prayer. Based in Tokyo, Japan, she speaks to audiences around the world as a member of the Christian Science Board of Lectureship.

Orange Grove Ave and Auburn Blvd Shooting Investigation Underway

By Sergeant Rod Grassmann, Sacramento County Sheriff's Department

SACRAMENTO COUNTY, CA (MPG) - At 8:51 a.m. on Thursday, March 17, 2022, the Sacramento County Sheriff's Office Communications Center received a call from a citizen at the intersection of Orange Grove Avenue and Auburn Boulevard stating that an adult male subject had been shot after an apparent "Road Rage" incident. Witnesses at the scene stated the driver of Vehicle 1 intentionally drove into Vehicle 2. The driver of Vehicle 1, a 46-year-old male, got out of his car and approached the driver of Vehicle 2, a 24-year-old male, both residents of Sacramento County. Surveillance footage supports multiple witness statements that Driver 1 stopped his vehicle in the roadway and approached Driver 2 who was seated inside Vehicle 2. Witnesses say Driver 1 reached inside Vehicle 2 and was shot one

time in the torso by Driver 2. Deputies arrived and located a male victim, who was later determined to be in possession of a knife, in the roadway next to a vehicle. Deputies rendered first aid until Metro Fire arrived on scene to transport the victim to the hospital where he died hours later. Driver 2 remained on scene and was cooperative with deputies. Detectives later interviewed Driver 2 and released him without charges. The Sacramento County Sheriff's Office will confer with the Sacramento County District Attorney's Office regarding evidence and charging. No information is available on either driver. No other information is available at this time. Detectives are asking anyone with information relating to this incident, to please contact the Sheriff's Office at (916) 874-5115 or Sacramento Valley Crime Stoppers at (916) 443-HELP. Tip information may also be left anonymously at www.sacsheriff.com or by calling (916) 874-TIPS (8477). ★

Shotspotter Activation Aids in Arrest of Gang Member

By Sergeant Rod Grassmann, Sacramento Sheriff's Department

SACRAMENTO COUNTY, CA (MPG) - On March 19, 2022, at approximately 7:41 p.m., north patrol deputies responded to a seven-round ShotSpotter activation on the 4800 block of Willowbrook Drive. The activation the Sacramento County Sheriff's Office Communications Center received indicated the gunshots were fired from the residence of Mong Cha (43), a known criminal street gang member with a lengthy violent criminal history. As patrol deputies arrived

on scene, Cha was observed inside the residence. Cha exited the residence and was subsequently detained without incident. During the investigation, deputies located five expended 9mm shell casings near Cha's driveway. Patrol deputies and Gang Suppression Unit (GSU) Detectives investigated initial scene and authored a search warrant that was signed by a judge and executed at the residence shortly thereafter. Deputies and GSU detectives conducted a search of Cha's residence which yielded a loaded, unserialized privately made firearm (PMF) and a "Roni"

style pistol conversion kit. The magazine was loaded with multiple rounds, which matched the type of casings located on the driveway. Mong Cha was arrested for multiple felony firearm - related charges including: Possession of a Firearm by a Felon, Discharging a Firearm in Grossly Negligent Manner, Felon in Possession of Ammunition and Possession of Unregistered Firearm. He was booked into the Sacramento County Main Jail with a \$50,000 bail. Click the link here to see body cam footage of the search for the firearm. <https://youtu.be/r13PErg-DWt4> ★

CIA Officer Openly Confesses to Rigging 2020 Election for Joe Biden and Says They Would Do It Again | 28 March 2022 | A CIA officer has confessed that the 'Deep State' rigged the 2020 election in Joe Biden's favor, and has boldly admitted that the agency would do it again. Former CIA officer John Sipher claimed in a stunning Twitter thread that he took "particular joy" in discrediting the Hunter Biden "laptop from hell" narrative and enthusiastically admitted to "shifting" the election away from Trump. Sipher was among the many "intelligence experts" who falsely claimed the Hunter Biden laptop story from the New York Post back in October of 2020 was part of a "Russian disinformation campaign." Redvoicemedia.com reports: A March 18 report from the New York Post mentioned how Sipher was among those "officials" who'd "signed a letter saying that the laptop 'has the classic earmarks of a Russian information operation.'"

Biden admin invents 'Securities and Environment Commission' out of thin air to force climate agenda on US businesses | 28 March 2022 | The Securities and Exchange Commission – a government agency established in the aftermath of the 1929 stock market crash to protect investors and maintain fair markets – may soon become a key player in imposing Joe Biden's climate agenda. In a 3-to-1 vote last week, unelected Democratic bureaucrats who serve as the agency's commissioners voted without authorization from Congress to impose sweeping new rules that require all publicly traded companies to disclose how their business affects "climate change." According to a press release issued by the SEC, the proposed rules would require businesses to disclose their greenhouse gas emissions along with any and all information relevant to "climate-related risks that are reasonably likely to have a material impact on their business, results of operations, or financial condition."

Hunter Biden DID help secure millions in funding for US contractor in Ukraine specializing in deadly pathogen research, laptop emails reveal. – | 25 March 2022 | Moscow's claim that Hunter Biden helped finance a US military "bioweapons" research program in Ukraine is at least partially true, according to new emails obtained exclusively by DailyMail.com. The commander of the Russian Nuclear, Biological and Chemical Protection Forces, claimed there was a "scheme of interaction between US government agencies and Ukrainian biological objects" and pointed to the "financing of such activities by structures close to the current US leadership, in particular the investment fund Rosemont Seneca, which is headed by Hunter Biden." Intelligence experts say the Russian military leader's allegations were a brazen propaganda ploy to justify president Vladimir Putin's invasion of Ukraine and sow discord in the US. But emails from Hunter's abandoned laptop show he helped secure millions of dollars of funding for Metabiota, a Department of Defense contractor specializing in research on pandemic-causing diseases that could be used as bioweapons. He also introduced Metabiota to an allegedly corrupt Ukrainian gas firm, Burisma, for a "science project" involving high biosecurity level labs in Ukraine. And although Metabiota is ostensibly a medical data company, its vice president emailed Hunter in 2014 describing how they could "assert Ukraine's cultural and economic independence from Russia" – an unusual goal for a biotech firm.

Military Doctor Attests She Was Ordered to Cover up Wave of Injuries Following COVID-19 Vaccine Mandate | 17 March 2022 | A medical officer with the military has testified in court that she was told by a superior to suppress her findings with regard to the DoD's Defense Medical Epidemiology Database (DMED) after the vaccine mandate. Dr. Theresa Long said while giving testimony in court that she and two other medical professionals found a spike in cancer cases, neurological disorders and miscarriages after the vaccine mandate went into place. She and the others who made these shocking discoveries were ordered to keep quiet. "I have so many soldiers being destroyed by this vaccine. Not a single member of my senior command has discussed my concerns with me...I have nothing to gain and everything to lose by talking about it. I'm OK with that because I am watching people get absolutely destroyed," Long said in court. ★

Finally, Progress on Vital Sites Reservoir Project

By Dan Walters
CALMatters.org

Simple logic tells us that as climate change alters precipitation patterns, California must expand its capacity to capture and store water.

Even if the overall amount of precipitation remains unchanged, we will receive more of it in the form of rain and less as snow, which means the natural reservoir of the Sierra snowpack will decline as a water source.

We can prepare for that decline by creating more storage, either in new reservoirs or by replenishing underground aquifers. However, despite the urgency of the situation — one underscored by the current drought — California politicians have been lackadaisical about doing what needs to be done.

Local and regional water authorities have been more diligent. Southern California’s recent construction of more storage capacity is one reason it is less affected by the current drought than Northern California.

Belatedly, increasing storage is moving upward on the political agenda. Last week, the federal Environmental Protection Agency invited sponsors of the Sites Reservoir

project, which has been on the back burner for decades, to apply for a \$2.2 billion loan that would cover roughly 40% of the project’s estimated cost.

Along with some state water bond money and commitments from prospective users of the project — Southern California water agencies, mostly — Sites is now in position to put together a financing package to make it a reality.

“We’ve definitely turned the corner and we have a nice tailwind at our back,” said Jerry Brown, executive director of the Sites Project Authority. Brown is not related to former Gov. Jerry Brown, whose Colusa County retirement home, incidentally, is not far from Sites.

It’s not going to happen immediately, despite the urgency of the situation. Just assembling the loan package and getting approval could take several years and there are other hurdles to clear. Nevertheless, the strong possibility of a federal loan is a huge step forward.

If it becomes reality, the reservoir would be constructed on the west side of the Sacramento Valley, west of Maxwell. It would have a capacity of up to 1.8 million acre-feet of water, about half the size of the state’s Lake Oroville, but unlike Oroville, would not dam a major river.

Sites would be an off-stream reservoir, similar to — and slightly smaller than — the San Luis Reservoir in the Pacheco

Pass west of Los Banos. During periods of high precipitation and runoff, Sacramento River water would be pumped into Sites, then released back into the river as needed for agriculture, residential use or to maintain flows for fish.

As an off-stream reservoir, Sites escapes at least some of the traditional opposition to big water projects from environmental groups, but there is some criticism that it could be used to divert water during low precipitation periods.

“It’s just a, kind of, different way of thinking about it,” project boss Brown told the Associated Press. “There’s a lot of fear and distrust and we have to operate in a way that we, you know, secure trust and address the fears.”

The good news about Sites should be kept in perspective. It’s just one of many steps that California must take to protect its vital water supply from the potential ravages of climate change.

It’s entirely possible that climate change will not only change the mix of precipitation — more rain and less snow — but reduce the overall volume of water that falls on California, thus making more storage even more crucial while forcing us to rethink the entire pattern of water use.

Nothing is more critical to California’s future.

Ask Toni

Can Beginning RMDs Raise Your Medicare Premiums

Toni King

Toni
I am over 73 and began taking my RMDs (required minimum distributions) from my 401K when I turned 72. Could this have had an impact on my Medicare Part B premium increase?

This year my Part B and Part D monthly premiums increased to \$340.20 for Part B and an extra IRMAA premium of \$32.80 for Part D.

I am married and my wife began a new job in 2020 with a higher salary. Since we are filing jointly, could this have an increased my Medicare premiums. She has recently been laid off and joint income has changed drastically. What can I do?

~ Thank you, James from Tampa, FL

James:
Yes!! Your situations either taking your RMD at 72 and your wife starting job in 2020 could have raised your Medicare Part B and D premiums for 2022.

The average American does not realize that any increase in your MAGI (modified adjusted gross income) when you are filing jointly can increase your Medicare premiums. Medicare bases your premiums on both you and your spouse’s income whether one is Medicare age or under. Your RMDs combined with your wife’s increased income has raised your Medicare premiums.

The 2022 Part B premium of \$ 340.20 and \$32.80 for Part D tells me that your joint income in 2020 was from \$228,000 to \$284,000.

I have good news for you James. Since your wife is no longer employed and not earning the salary, she had in 2020, you can file an appeal with Social Security to have your Medicare Parts B and D reduced.

Do you want to wait 2 years for

the IRS to inform Medicare that your income has decreased due a “Life Changing Event” such as you or your spouse being laid off/working part-time, death of a spouse or recently divorced or do you want to let Medicare know now that you have had a “Life Changing Event”, because you or your spouse are no longer earning that amount of income?

People believe that everyone pays the same amount for their Medicare Parts B and D premium. Those days are long gone!

If your income as an individual is over \$91,000 or married over \$182,000; your Medicare Parts B and D premiums will be more. Social Security explains in the letter they mail to you how they arrived at the Part B and D premiums based on your “Modified Adjusted Gross Income” (MAGI) from your last filed tax return.

James, your MAGI was over \$228,000 and the table used in the letter you receive from Social Security shows what the Part B and Part D premium adjustment will be, whether you are filing single or married.

There is a special form **SSA-44** available at SSA.gov known as “**Life Changing Event**” that can lower your “**IRMAA**” (income related monthly adjusted amount). Examples of life changing events that can make your income go down are:

- You have gotten married or **divorced**, or your **spouse has died**.
- You or your spouse have **stopped working** or have reduced your hours.

Use form SSA-44 and attach the original documents or certified copies to verify your change in income. Call your local Social Security office to discuss the filing of this form.

Once Social Security is satisfied with the evidence, it will update its records and correct Part B and Part D premiums to what your current income is.

Email info@tonisays.com or call 832/519-8664 for help concerning Toni’s stress-free way of enrolling in Medicare.

DOVIA: Nominate a Volunteer!

DOVIA Press Release

SACRAMENTO, CA (MPG) - Directors of Volunteers in Agencies (DOVIA) Sacramento is proud to present three annual recognition awards: Youth Volunteer of the Year, Individual Volunteer of the Year and Volunteer Manager of the Year.

We are looking for individuals who volunteered or have engaged and managed volunteers to ensure vital and social services such as food, housing, transportation or mental health were provided. This may include all volunteering that enables an organization's reach to extend across the wider community to support our most vulnerable populations. This could consider their contribution to deliver vital services such as more digital and online volunteering or phone services taking the place of previously face-to-face services.

Award Categories

- Youth Volunteer of the Year** - This award goes to a youth volunteer under age 21 who has contributed a minimum of 25 hours of service between January 2021 and December 2021. The winner receives a \$500 Margaret Einspahr Memorial Award.
- Individual Volunteer of the Year** - This award goes to a volunteer over the age of 21 who has contributed a minimum of 25 hours of service between January 2021 and December 2021. The winner receives a \$100 award to their organization.
- Volunteer Manager of the Year** - This award goes to a volunteer manager (paid or unpaid). The winner receives a \$100 award to their organization in addition to a one year complimentary DOVIA Sacramento organization membership.

Eligibility

Agency where the individual volunteered

or is a volunteer manager is a charitable, nonprofit or public organization between January 2021 and December 2021; All nominee volunteer organizations must provide service for the community at large; Groups providing members-only services are not eligible; Service organizations must endorse nominations; Volunteer service may have been performed on work release time, without pay or for student course credit. Out of pocket expense reimbursement is permissible; Volunteer service must have been performed in Sacramento, Yolo, Placer, El Dorado, Nevada, Yuba or Sutter Counties; Current DOVIA board members are not eligible for the Volunteer Manager of the Year award; Nominated service work must have been performed between January 1, 2021 and December 31, 2021; Past winners of the three awards are not eligible to win.

A panel of community leaders, independent of DOVIA board of directors and members, reviews each nomination and chooses a winner in each category. Nominees will be contacted by DOVIA shortly after the **nomination due date of Friday, April 15, 2022, 5 pm Pacific.**

DOVIA will introduce and honor all nominees and announce the winners with an awards ceremony on May 18, 2022 from 4-6 pm at The Grand Hall at the Clunie Center, 601 Alhambra Boulevard, Sacramento 95816. We encourage all nominees and nominators to attend on this special day. DOVIA Sacramento will monitor the COVID-19 pandemic situation and will adjust the ceremony to be virtual or in-person as needed. Register for the Awards Ceremony at www.doviasacramento.org/event-4727681

A New Universe for Entertainment

Maroon 5 to Perform Opening Concert in June

By Paul Scholl, with information from Atherton Public Relations

SACRAMENTO REGION, CA (MPG) - It wasn't just a tour of an upcoming entertainment center for the region, it was the tour of a new entertainment universe. You could see in these construction stages just how fantastic this venue will be, from the closeness to the stars on stage to the orbit of the VIP skyboxes over every event.

The venue at Hard Rock Live, named Kumi Event Center, is in Wheatland, just a short drive from almost any population center in the region.

Mark Birtha, President of Hard Rock Hotel & Casino Sacramento at Fire Mountain, led a tour of local media on March 22, 2022 through the build-out construction area of the concert stage and surrounding support areas. He explained the layout, concessions, and how the bands and performers would access the main stage. "We are excited to provide our guests with authentic experiences that rock in a venue that is filling a great void in the Sacramento region," Birtha said.

Birtha expressed his enthusiasm for the project saying, "This entertainment center will help revitalize the community." He later commented, "Upcoming events include MMA, and additional concerts will soon be announced. Yuba-Sutter Chamber of Commerce has scheduled a major event for next year."

The 65,000-square-foot facility has state-of-the-art in-house sound and lighting, unrivaled sightlines, a second-floor mezzanine level, VIP skyboxes, and mobile-stage technology, creating intimate experiences for events of varying sizes.

The big announcement was of the opening performers. With a live television audience watching, Birtha had the construction crew drop the banner showing which band is coming to the stage in June. "Maroon 5 is the perfect band to help us celebrate Hard Rock Live's grand opening. They are incredible live performers and live music is fundamental to the Hard Rock brand. This new venue will become the place for entertainment and world class amenities for the city of

Sacramento."

Grammy® Award-winning, multi-platinum band Maroon 5 are set to headline the grand opening of the brand-new Hard Rock Live in Sacramento on June 3, 2022. The band will launch the opening of

VIP skyboxes will seat approximately 20 people each.

Maroon 5's performance is only one of the many shows coming to Hard Rock Live this summer and fall, as the new venue continues to add a variety of acts and a diverse calendar for the remainder of 2022 and into 2023.

The center is also designed to be converted for use during a local emergency, such as the region experienced during the recent fires. "We will be able to provide shelter and food in case of an emergency," Birtha said.

The building crew currently employs about 250 construction workers. The venue, when opened, will have approximately 100 employees for shows. They expect to have between 50 and 60 shows per year.

Jodi Goodman, representative from Live Nation said, "This was a natural fit. It is truly more state of the art in Northern California. For Live Nation events it is a really, really great asset. We can see an enormous future together for us." Live Nation, the world's leading live entertainment company, will be the exclusive talent booking agency for the venue.
