Back-to-School Vaccinations

Sacramento County Immunization Assistance Program helps by providing information about immunizations for school and in obtaining immunization services for children. Photo by Piyapong Thongcharoen Dreamstime

By Samantha Mott,
Sacramento County

SACRAMENTO COUNTY, CA (MPG) - Students are getting ready to go back to school, and whether it's via distance learning or in person, it is important children and teens are up-to-date on their vaccinations.

This year, Sacramento County Public Health recommends the addition of a COVID-19 vaccine for youth. The Pfizer-BioNTech vaccine has been approved by the CDC for children ages 12 and above. COVID-19 vaccine clinics are available at multiple locations throughout the county.

"Vaccines are always an important part of back-to-school time, and to even enroll in school, it is still required by law that you meet immunization requirements," said Dr. Olivia Kasirye, Sacramento County Public

Health Officer. "Not getting your children vaccinated will make them more vulnerable to preventable diseases like whooping cough, the flu and measles."

Immunizations Required to Enter Kindergarten:

Polio; Diphtheria, Tetanus, and Pertussis (DTaP); Measles, Mumps and Rubella (MMR); Hepatitis B; Varicella (Chickenpox)

Immunizations required to enter 7th grade:

Tetanus, diphtheria and pertussis booster (Tdap); Varicella (Chickenpox)

If your child hasn't received one or more of these vaccines, make an appointment for them to get caught up today. The Sacramento County Immunization Assistance Program may be able to help by providing information about immunizations for school and provide assistance in

obtaining immunization services for children and adults in Sacramento County. The program also provides referrals for clients to immunization resources, consultation services, and conducting flu vaccine clinics each fall, as well as providing state-supplied vaccines during vaccine-preventable disease outbreaks. You can reach the program from 8 a.m. - 5 p.m. weekdays at 916-875-7468.

If you don't have health insurance, or your insurance policy doesn't cover all recommended childhood vaccines, your child may be eligible for vaccines through the Vaccines for Children program.

You can find out what vaccines your child needs at all ages by reviewing the CDC's recommended Childhood Immunization Schedule at <https://www.cdc.gov/vaccines/schedules/easy-to-read/child-easyread.html>. ★

Sac County Comments on New Rumors Regarding Elections Staff

By Janna Haynes,
Sacramento County

SACRAMENTO COUNTY, CA (MPG) - It has come to the attention of the Sacramento County Department of Voter Registration and Elections that there are rumors circulating nationally and even internationally, that there are two employees of the Dominion technology company that are employed in our Registrar's office.

These rumors are false. The genesis of these rumors is still unclear, but due to the prevalence of this rumor, our office is addressing this lie head-on:

No Dominion employees have ever been or ever will be employed by the Sacramento County Voter Registration & Elections Department;

Our Lead Support Technician from Dominion was on-site the first day of Logic & Accuracy testing (Monday, 8/9) and will be back next Monday (8/16) for the first day of Logic & Accuracy testing on the tabulation system;

The purpose of the limited on-site technician support is to provide subject matter expertise in the maintenance and/or repair of the voting equipment should any equipment fail during the Logic & Accuracy testing. On-site presence can expedite the RMA (Return Material Authorization) process to replace equipment in the event of failure.

Maintenance and/or repair processes are performed by Sacramento County Voter Registration & Elections staff. The vendor may only provide expertise and advice on how to best achieve the maintenance and/or repair of voting equipment;

On-site vendor support is required to be scheduled in advance, the vendor personnel must wear an identification badge and be escorted by Sacramento County Voter Registration & Elections Department staff at all times while on the premises. They are not allowed to touch voting equipment, election files, or ballots at any time. ★

IRS Refunds Nearly \$4 Million for Unemployment Compensation Overpayments

By David A. Tucker II,
IRS Media Relation

WASHINGTON D.C. (MPG) - The Internal Revenue Service began another round of refunds to nearly 4 million taxpayers who overpaid their taxes on unemployment compensation received last year.

The American Rescue Plan Act of 2021, which became law in March, excluded up to \$10,200 in 2020 unemployment compensation from taxable income calculations. The exclusion applied to individuals and married couples whose modified adjusted gross income was less than \$150,000.

Refunds by direct deposit began the week of July 14 and refunds by paper check began on July 16. The IRS previously issued refunds related to unemployment compensation exclusion in May and June, and it will continue to issue refunds throughout the summer.

To ease the burden on taxpayers, the IRS has been

reviewing the Forms 1040 and 1040SR that were filed prior to the law's enactment to identify those people who are due an adjustment. For taxpayers who overpaid, the IRS will either refund the overpayment, apply it to other outstanding taxes or other federal or state debts owed.

For this round, the IRS identified approximately 4.6 million taxpayers who may be due an adjustment. Of that number, approximately 4 million taxpayers are expected to receive a refund. The refund average is \$1,265, which means some will receive more and some will receive less.

Most taxpayers need not take any action and there is no need to call the IRS. However, if, as a result of the excluded unemployment compensation, taxpayers are now eligible for deductions or credits not claimed on the original return, they should file a Form 1040-X, Amended U.S. Individual Income Tax Return.

Taxpayers should file an

amended return if they:

Did not submit a Schedule 8812 with the original return to claim the Additional Child Tax Credit and are now eligible for the credit after the unemployment compensation exclusion;

Did not submit a Schedule EIC with the original return to claim the Earned Income Tax Credit (with qualifying dependents) and are now eligible for the credit after the unemployment compensation exclusion;

Are now eligible for any other credits and/or deductions not mentioned below. Make sure to include any required forms or schedules.

Taxpayers do not need to file an amended return if they:

Already filed a tax return and did not claim the unemployment exclusion; the IRS will determine the correct taxable amount of unemployment compensation and tax;

Have an adjustment,

because of the exclusion, that will result in an increase in any non-refundable or refundable credits reported on the original return;

Did not claim the following credits on their tax return but are now eligible when the unemployment exclusion is applied: Recovery Rebate Credit, Earned Income Credit with no qualifying dependents or the Advance Premium Tax Credit. The IRS will calculate the credit and include it in any overpayment;

Filed a married filing joint return, live in a community property state, and entered a smaller exclusion amount than entitled on Schedule 1, line 8.

Taxpayers will generally receive letters from the IRS within 30 days of the adjustment, informing them of what kind of adjustment was made (such as refund, payment of IRS debt payment or payment offset for other authorized debts) and the amount of the adjustment. ★

Regional San Project to Receive Grant Funding for Harvest Water

By Sharon Sargeant, Regional San

SACRAMENTO, CA (MPG) - The United States Bureau of Reclamation (USBR) recently announced that Regional San will receive \$1.7 million to help fund Regional San’s Harvest Water Program. This additional funding adds to the previous \$4.2 million received from USBR and \$287.5 million in Proposition 1 funding. Harvest Water was established to meet Regional San’s goal of increasing the use of recycled water by providing tertiary-treated wastewater for farmers – demonstrating Regional San’s ongoing commitment to environmental stewardship.

Harvest Water represents one of the largest

agricultural water reuse projects in the United States. Once complete, it will provide up to 50,000 acre-feet per year of drought-resistant, Title 22 water to irrigate up to 16,000 acres of permanent agriculture and habitat conservation lands near the Cosumnes River and Stone Lakes National Wildlife Refuge in Sacramento County. “Securing these funds helps Regional San in our efforts to increase recycled water use in the Sacramento region,” said Prabhakar Somavarapu, Regional San’s General Manager. “Recycled wastewater provides a safe and sustainable water supply for agriculture, irrigation and habitat restoration. It also reduces the need for groundwater pumping.”

Next steps include

continued planning efforts with local farmers and development of designs for pumping, transmission and distribution systems to convey recycled water from the wastewater treatment plant near Elk Grove to farmers in southern Sacramento County. The first phase of the recycled water delivery system is expected to be operational by late 2024. Learn more about Harvest Water at regionalsan.com/harvestwater. Regional San owns the regional wastewater conveyance system and the Sacramento Regional Wastewater Treatment Plant located near Elk Grove. We provide wastewater conveyance, treatment and disposal service to about 1.6 million people throughout the Sacramento region. Learn more at regionalsan.com. ★

United Way Seeks School Supplies for Twin Rivers Public Housing Students

By Kristin Thébaud, Thébaud Communications

SACRAMENTO REGION, CA (MPG) - Local residents can help students in the Twin Rivers Public Housing Community, formerly known as Dos Rios, return to school this month equipped and empowered to succeed by purchasing school supplies from the Amazon wishlist set up by United Way California Capital Region and Urban Strategies, Inc. From scissors and calculators to paper and pens, supplies are needed by Aug. 27 and can be purchased by visiting YourLocalUnitedWay.org. “After a school year unlike any other, we want to make sure Twin Rivers students are equipped and empowered to succeed when they head back to school this month,” said Amber Lovett, interim president and CEO, United Way California Capital Region. “As part of United Way’s work to end poverty in our region, we must start by ensuring that every family and community has what it needs to succeed, and that includes making sure all children have the supplies to be successful in school.” United Way and Urban Strategies have been partnering with the Twin Rivers Public Housing Community over the past year during the redevelopment to the new

Mirasol Village. Urban Strategies was contracted by Sacramento Housing and Redevelopment Agency to provide family support services to residents during the redevelopment. United Way partnered with Urban Strategies to work closely with residents to build their capacity to lead and to advocate for their community and household. This partnership has resulted in tangible outcomes and results for families and youth. The school supply drive is the latest partnership with the Twin Rivers community. For nearly 100 years, United Way California Capital Region has brought local people together to make community change happen. With a mission to build stronger, healthier and more compassionate communities, the local United Way starts at square one: helping every family succeed so their community can too. Serving Amador, El Dorado, Placer, Sacramento and Yolo counties, the local United Way is working to meet its 20-year commitment to significantly reduce poverty in the region by building capacity in undervalued communities, creating meaningful partnerships, seeking equity in education and making social justice investments in families. Strong Demand in Home Sales Begin Shift Towards Normalized Market

NBSIA News Release

SACRAMENTO REGION, CA (MPG) - Sacramento-area new home sales continued moving toward more normal patterns in July but still reflect continued strong demand, the North State Building Industry Association reported. Area builders reported selling 501 homes during the month in the seven-county region. That was the lowest number reported so far this year and appears to reflect that the market is continuing to shift into its normal pattern – sales peak in the spring, plateau during the summer and then continue drifting lower during the rest of the year. But sales are still robust compared to historical averages. The average number of sales during July since the BIA began keeping records in 1997 is just 366, and July’s total was the second-highest recorded in the region since 2007. It was eclipsed only by the massive 888 sales that took place in July 2020 as the market rebounded from the huge drop-off in sales that spring due to the onset of the

COVID-19 restrictions. Michael Strech, the BIA’s president and CEO, said the gradual movement towards a more normal market is welcome but that builders will continue working to meet the strong demand shown by area buyers. “There continues to be a strong demand for new homes in the region as buyers look for homes that have been designed with today’s needs for space and flexibility in mind,” Strech said. “Despite serious supply chain issues that are causing construction delays, our members continue to work hard to find solutions and complete construction as quickly as possible. “The continued strong market for new and existing homes also provides even more proof that the supply of housing in the region does not meet the demand. Local governments need to work with builders to reduce fees and other costs and to allow the construction of more new housing to begin closing the gap.” The report reflects sales in El Dorado, Nevada, Placer, Sacramento, Sutter, Yolo and Yuba counties. ★

Updated Computer Models Released for Key Water Projects

Department of Water Resources Press Release

SACRAMENTO, CA (MPG) - The Bureau of Reclamation and the California Department of Water Resources (DWR) released the next versions of two computer models that simulate operations of the State Water Project (SWP) and the Central Valley Project (CVP). Water managers use the models – CalSim II and CalSim 3 – to examine project operations under various assumptions for hydrologic conditions, project facilities and regulatory requirements.

“Having the ability to model events in a virtual world is a tremendous help in drought planning and improving sustainability of our water resources,” said Erik Reyes, DWR’s Supervising Engineer. “These highly complex and extensive models allow for studying a number of key changed conditions, including climate change.”

A beta version of CalSim 3 was originally released in 2017 for public comment. Since then several changes have been made to the model, including the full incorporation of the San Joaquin River, updated integration of groundwater and surface water interaction and new areas of simulation coverage in upstream watersheds. Both CalSim 3 and CalSim II, which are being updated from the last public release in October 2019, include refinements to the depiction of many regulatory criteria.

“The inclusion of enhanced physical modeling in CalSim 3, particularly the implementation of stream-groundwater interaction, represents a great stride forward in analytical capabilities for Central Valley Project and State Water Project planning studies,” stated Derya Sumer, Reclamation’s Water Supply and Operations Analysis Branch Chief.

These and other improvements enhance the ability to model the ever-changing conditions that dynamically affect the projects, including impacts to infrastructure, operating or regulatory criteria, land uses and climate change.

The models and preliminary documentation are available here. Full documentation is expected to be made available in November 2021.

For more information about these benchmark studies or to provide comments, you may contact Erik Reyes, California Department of Water Resources, erik.reyes@water.ca.gov, (916) 653-5569; or Derya Sumer, U.S. Bureau of Reclamation, dsumer@usbr.gov, (916) 978-5188.

The Bureau of Reclamation is a federal agency under the U.S. Department of the Interior and is the nation's largest wholesale water supplier and second largest producer of hydroelectric power. Its facilities also provide substantial flood control, recreation opportunities, and environmental benefits. Visit our website at www.usbr.gov and follow us on Twitter @USBR and @ReclamationCVP. ★

Holistic Healthcare Center Brings Eating Disorder Treatment

By Haley Gibbs, The Abbi Agency

SACRAMENTO, CA (MPG) - Thrive Sacramento, an eating disorder treatment center, opens in Sacramento. Thrive offers specialized care in eating disorder treatment with family-based treatment influenced programming.

The holistic treatment center was created with a global perspective on mental healthcare in mind and scaled to serve clients on a local and personal level.

“We believe in a team approach at Thrive and that includes family members,” said Tony Paulson, Ph.D., Thrive Sacramento Clinical Director. “We build a community around each client that will support and allow for healing.”

Thrive treats adults and adolescents struggling with eating disorders and their family members through a family intensive outpatient

program. The family programs draw on principles from the Family-Based Treatment modality with individual and family therapy, and psychoeducation. The program aims to empower family members to help their loved ones heal from an eating disorder and reach recovery together.

The multidisciplinary team approach by Thrive is used to collaborate on treatment that fosters a well-rounded recovery. The team includes therapists, psychiatrists, primary care providers, nutritionists, and mindful movement specialists.

Thrive Sacramento is one of the newest locations for Thrive Wellness — a company dedicated to keeping the soul of behavioral healthcare alive while also bringing integrated care to individuals across the country. Other locations include Thrive Reno in Nevada and Thrive Waco in Texas.

Thrive currently accepts many major health insurances and also does single case agreement payments. The newest Thrive location is at 601 University Ave. #280 Sacramento, CA 95825. To schedule your first intake, or to inquire further about the clinic’s services, call 916-431-0860 or email sacramento@thrivehere.com.

Thrive Sacramento is a holistic, all-inclusive treatment center home with a dedicated team of specialists committed to the emotional, physical and behavioral health of each client. Thrive Wellness specializes in empowering and treating individuals struggling with eating disorders, anxiety, obsessive-compulsive disorders, depression and more. For more information on the clinic and its services, visit thrivehere.com/thrive-wellness-sacramento ★

Bunny Bonanza Helps Shelter Rabbits Find Adopters

George Hudson, Jr.: A Friend Indeed

By Allison Harris,
Sacramento County

SACRAMENTO COUNTY, CA (MPG) - Sacramento County’s Bradshaw Animal Shelter intakes and cares for thousands of animals from the community all year round. This summer, they received an overwhelming number of rabbits after several came in pregnant. Many went to loving foster homes where they could nurse and raise their kits to a healthy weight and age, while others sat patiently waiting for adopters.

As the young rabbits and mothers came back from foster care, the population grew to more than 30 shelter rabbits. With little space to spare in an already overcrowded shelter, a local rescue group named Friends of Unwanted Rabbits (FUR) lent a hand to host the first-ever Bunny Bonanza adoption event.

The event was held at the shelter on Sunday, Aug. 8 and was sponsored by the shelter’s non-profit affiliate – Teaching Everyone Animals Matter (TEAM). FUR and the shelter’s staff and volunteers lead the event and provided adopters with helpful resources, adoption counseling and bunny speed dating so that each shelter rabbit would find the perfect home. This was the first time that the public and potential adopters were able to visit without an adoption appointment since the pandemic forced the closure of their public counter in early 2020.

Six rabbits were able to find loving forever homes during the event and many were adopted prior to Bunny Bonanza due to social media posts, which is a large number of rabbit adoptions in one month for the shelter. There are still several rabbits up for adoption and the public is welcome to make adoption appointments by calling the adoption line at 916-875-2287 Tuesday – Sunday between 9:30 a.m. and 3:30 p.m. FUR and the Bradshaw Animal Shelter plan to make this a recurring monthly event to help more shelter rabbits find their way home.

If you’re interested in adopting a furry

If you’re interested in adopting a furry friend or two, the shelter is offering a 2-for-1 rabbit adoption special. Photo courtesy Sac County

friend or two, the shelter is offering a 2-for-1 rabbit adoption special, as well as a 2-for-1 cat and kitten adoption special. You can view all of their adoptable pets at animalcare.sacounty.net.

Before adopting a rabbit, please consider visiting FUR’s rabbit care webpage at www.friendsofunwantedrabbits.org/rabbit-care/ for a list of resources and information on rabbit ownership basics. ★

By Sal Arrigo, Jr.

I met George at the Mather Airshow in September 2014 while I was covering the show for this newspaper. I had particular interest in knowing more about the Tuskegee Airmen and wandered over to their booth; I was told that “George will speak to you.” To paraphrase a famous movie quote, “this was the start of a beautiful friendship.”

It was more than a friendship; it became a bond between two individuals with very diverse backgrounds. Each get-together opened a new chapter in our lives. For George, part of his personal story was being a DOTA – “Designated Official Tuskegee Airman,” a point of great pride, and deservedly so. For me, it was the opportunity to hear this history firsthand. Always humble, George brushed away praise when I mentioned his military service, saying “I was just

standing breakfast date at Brookfield’s restaurant in Rancho Cordova. We spoke about many subjects, and some were of a personal nature. He was interested in my family and how I came to California. I was interested in how George made his way to Chicago from his native Mississippi, and what was life like for his par-

wisdom and experience. With George though, I could ask his opinion on any subject that came to mind, and he would give me his best advice. I appreciated the fact I could share my inner thoughts, and George did the same. I hope the others in George’s life took the opportunity to talk with this man. I am quite sure the City
