

Center for Land-Based Learning announces Unprecedented Organizational Growth

New Campus, Recent Hires mark a New Era for the Organization

As the need for new farmers, agricultural leaders, and natural resource stewards continues to increase, the Center for Land-Based Learning is announcing its unprecedented organizational growth in response to this need.

The Center, which started offering its FARMS program in 1993, has remained committed to inspiring, educating, and cultivating future generations of farmers, agricultural leaders, and natural resource stewards in California over the long haul.

In 2017, the Center set forth a multi-year strategy plan to, among other goals, “build a new home in a new place.”

In May 2020, the Center moved to Woodland, after a successful capital campaign. The Center for Land-Based Learning’s Headquarters at Maples Farm is a 30-acre campus that houses their new offices, the Best Classroom where they will hold in-person classes when it is again safe to do so, and pro-

Children ages 12 and older can get vaccines at City Hall

Clinic open Tuesday-Saturday

Children ages 12 and older in Yolo County are now eligible to get the COVID-19 vaccine. Health professionals encourage our youth to get the vaccine in order to return to school, friends, activities, and sports as quickly and as safely as possible.

The West Sacramento City Hall Vaccine Clinic is open to all Yolo County residents, ages 12 and older.

Location and Hours:
1110 West Capitol Avenue
West Sacramento, CA 95691
Tuesday and Wednesday: 1-7:30 p.m.
Thursday, Friday and Saturday: 9 a.m.-3:30 p.m.

Walk-ins are welcome. You may also schedule an appointment by visiting healthydavistogogether.org or calling (530) 752-4829.

All individuals ages 18 and under must complete a minor consent form.

Yolobus is offering free rides to clinics in West Sacramento and elsewhere in Yolo County through June 30. To get a free ride to and from your COVID-19 vaccination appointment, show the driver confirmation of your COVID-19 vaccination appointment (appointment card, email or text message). You may also inform

Reflecting upon last month - Military Appreciation Month

BY EDDY SALMONS

May, marked officially as Military Appreciation Month, was a special month for both those in and out of the military.

Not only did we pause on Memorial Day to remember the sacrifice and service of those who gave all, but May also holds several other military anniversaries and events, including Military Spouse Appreciation Day and Armed Forces day.

Join Military.com as we honor the service and sacrifice of members of the Army, Navy, Air Force, Coast Guard, Marines, Space Force and National Guard as well as the contribution of their spouses.

Congress designated May as National Military Appreciation Month in 1999 to ensure the nation was given the chance to publicly show their appreciation for troops past and present.

What is Military Appreciation Month?

Each year, the president makes a proclamation, reminding Americans of the important role the U.S. Armed Forces have played in the history and development of our country. May was chosen because it has many individual days marked to note our military’s achievements, including Loyalty Day, established in 1921, Victory in Eu-

Yolo County Virtual Career Fair to be held June 30

There will be a virtual career fair on June 30 from 10 a.m. to 2 p.m. featuring more than 30 employers with job opportunities in manufacturing, sales, government, warehouse, nonprofit, transportation, health-care, trades, agriculture, retail, distribution, and construction. At the fair, attendees will be able to meet with career and training schools.

Step 1: Register for the job fair at www.yoloworks.org

Step 2: Create your profile and upload your resume

Step 3: June 30th log-in to app.talentspace.io to meet employers.

For more information, visit www.yoloworks.org or call 530-666-2641.

THIS ‘n’ THAT

Brain’s Mysteries Revealed

BY CAROL BOGART

For medical science – the human brain, I think, is the last frontier. When Mike, my son, was diagnosed with ADHD (age 4), his symptoms mirrored those that got me in a lot of trouble growing up. But back then (I was born in 1949), those symptoms were chalked up to ‘mild brain damage’ (if diagnosed at all). Attention Deficit Hyperactivity Disorder, it turns out, is a neurological malfunction.

Looking back, I think maybe the genetic ‘link’ was my dad. Described as a (day)dreamer by his pragmatic dairy farmer father, dad was held back a year in school – ostensibly due to time lost to rheumatic fever, but, I wonder. Mike repeated first grade, even though he tested gifted.

Until Mike was diagnosed, I’d never heard of ADHD. One of the first ADHD books I saw was, “You Mean I’m Not Lazy, Crazy or Stupid?” Nope. Turns out ADHD is a neurological brain glitch that predisposes you

OBITUARY

Rosann Virginia Farrar, age 85, of West Sacramento, California, took her final breath at home on Saturday, April 17th, 2021. She was surrounded by her children Don, Patty, Rick, Debbie, and granddaughter, Jessica. She is preceded in death by her mother, father, brother Joey, son Terry, and the love of her life Henry Bustil-

los. Rosann was born and raised in Bowdle, South Dakota by Joe Pesicka Sr. and Anna Pesicka. Her and her two brothers, Joey and Jim Pesicka attended school and helped on their parents' farm. After she turned 18, she moved to California. Once in California she became an avid bowler when she was working at Land Park Bowl-

ing Alley. She was a lifetime member of the West Sacramento Moose lodge as well the VFW woman's auxiliary. While being a member she played in the pool leagues with her long-time companion Henry. She enjoyed playing Pinochle and Pokeno with a group of close friends and daughter Patty. Rosann visited local bars to socialize, watch her daughter Debbie, participate in Karaoke and spend time with her granddaughter, Stephanie. Although she enjoyed

all those activities, her biggest joy was going on cruises with Henry, Debbie and friends. She cruised to many destinations, but her favorite was Alaska. Then she took pride in watching her great grandson Noah play baseball and watch two of her other great-grandchildren, Aaliyah, and Alexis dance in her living room often. Her final months were spent at home playing her favorite table games with her children and granddaughter. Rosann was loved unconditionally

and will forever be missed by many family and friends. She is survived by her 4 children, 6 grandchildren, and 6 Greatgrandchildren.

Matsui secures critical West Sacramento flood control construction designation

On May 28, Congresswoman Doris Matsui (CA-06) lauded the announcement of the 'New Start' construction designation for the West Sacramento Project – an essential undertaking that builds a new levee system surrounding the City of West Sacramento.

Matsui played a pivotal role in securing the critically important flood infrastructure designation and additional funding for the expansive, \$1 billion state-of-the-art project. Only a few 'New Start' designations are assigned each year

throughout the nation. This newly secured construction designation allows the groundbreaking of the West Sacramento Project, which provides full flood protection for West Sacramento's 54,000 residents.

"This is a monumental step towards the full level of flood protection West Sacramento deserves and a strong, modernized first line of defense for the city's families and businesses. Protecting our region from its natural flood risk has been a top priority in Congress, and

I cannot emphasize enough the importance of delivering proper funding and timely, efficient construction for this city-wide project" said Congresswoman Matsui.

West Sacramento has been the last component of the system to receive construction funding, bringing the West Sacramento and the Sacramento River Flood Control System closer to proper completion.

"I am pleased that our federal and state partners share my strong priorities and vision for prop-

er flood infrastructure in the Sacramento region," Matsui continued. "The \$175 million in President Biden's proposed budget is an important step in the right direction for Sacramento region flood protection projects, including the West Sacramento Project and the American River Common Features Natomas Project. I look forward to working with the Army Corps of Engineers and state and local partners to ensure all necessary resources are provided in protecting our region."

forward-looking non-profit organizations."

In the fall of 2020, the Board promoted Mary Kimball from Executive Director to CEO. Mary was the first employee hired to work with the Center back in 1998 and has served at its helm since 2003. Under Kimball's leadership, the move to Maples Farm positions the Center for growing success for another 25 years.

The Center has also created several new positions in recent months. These include their new Director of Operations, filled by Jesus Zavala since December, their West Sacramento Urban Farm Program Coordinator, filled by Heather Lyon since April, and their Beginning

Farm and Ranch Management Apprentice, filled by Erin Morris since April.

California Farm Academy Director, Dr. Sridharan (Sri) Sethuratnam, added, "At the Maples Farm, we have access to quadruple the amount of land, and dramatically improved infrastructure and equipment. The land and infrastructure provide us with the capacity to better support the beginning farmers in the region and will eventually contribute to growing the next generation of farmers that our country needs."

To learn more about the Center for Land-Based Learning, or to give to their mission, please visit landbased-learning.org.

West Capitol Ave Project Traffic Alert

New construction on West Capitol Avenue will begin with work at the Jefferson Boulevard and US-50 West on/off ramps. During construction work, the Jefferson Boulevard and US-50 west on-ramp will be closed at night from 7:00 pm to 7:00 am from June 6th to approximately June 14th.

Detour routes will be in place directing traffic to Harbor Boulevard for access to the freeway. Additional work at the Jefferson and US-50 on/off ramps is scheduled for later in the summer and at this time is still being coordinated. The final improvements to the project, road rehabilitation and striping improvements are planned for this summer and will occur at night.

Other construction improvements on the west end of the project include the installation of sidewalk

and curb ramps on the south side of West Capitol Avenue between Pine Street and Garnet Street as well as preparation of the road widening for bike lanes. Additional work includes installation of water utilities, preparation of new sidewalks, and grading for stormwater drainage. Beginning next month, a transitional striping and lane shift will be in place to accommodate the placement of the new roadway alignment and the installation of a median island at the Yolo Causeway Bike Trail. Specific dates and timeframes for this work are still in progress.

To stay up to date with project progress, visit: www.CityofWestSacramento.org/WestCap. You can also contact Outreach@WCAPave.com or (916) 303-2133.

COVID-19 Vaccine Delivered to Residents in Select Areas June 9-15

To improve vaccination rates, Yolo County is launching a free, call-to-order program to deliver and administer COVID-19 vaccine to local residents at their homes or businesses in West Sacramento June 13-15.

Residents age 12 and older, who live in Esparto, Dunnigan, Guinda, Woodland or West Sacramento and who would like to get vaccinated at their home or business can call (530) 666-8665 to schedule an appointment between 9:00 a.m. to 7:00 p.m. during the days that the program is in their area. These areas were selected because they lag behind the countywide average of residents who have been vaccinated. During times of high call volume, residents can leave a message and receive a call back to schedule their appointment. County staff will then come to their home or business to administer the vaccine. Yolo County will be vaccinating

residents in the following areas from June 9-15:

- June 9: Esparto, Dunnigan, Guinda
- June 10-12: Woodland
- June 13-15: West Sacramento

“I am very excited to offer this opportunity for Yolo County residents to get vaccinated wherever is most convenient to them,” said Dr. Aimee Sisson, Yolo County’s Public Health Officer. “Residents may face barriers to getting vaccinated at existing clinic locations, and this program eliminates many of those barriers. For example, if you are a single mom with kids at home all day, we will bring the vaccine to you at home. If you can’t take time off of work to get vaccinated, we will bring the vaccine to you at work. Getting vaccinated against COVID-19 has never been easier.”

In addition to this call-to-order program, Yolo County continues to host public vac-

cine clinics. Next week, Yolo County has scheduled three public vaccine clinics at the following locations:

Wednesday, June 9 at the HHSA Bauer Building in Woodland from 5:00 p.m. to 7:00 p.m.

Sunday, June 13 at Holy Rosary Church in Woodland from 2:00 p.m. to 4:00 p.m.

It is recommended that all who are eligible (those age 12

and up) get vaccinated as soon as possible. Data show that the vaccines protect residents from currently circulating strains of COVID-19, significantly reducing the chance of becoming severely ill or dying from COVID-19. All vaccines have been shown to be safe and effective and are free. The more people who are vaccinated, the harder it is for COVID-19 to spread.

For more information about Yolo County’s COVID-19 vaccine program and opportunities to get vaccinated, visit www.yolocounty.org/coronavirus-vaccine. Residents can also call 2-1-1 for related information and resources. For additional updates, follow Yolo County on Facebook (www.facebook.com/YoloCounty) or Twitter ([@YoloCountyCA](http://www.twitter.com/YoloCountyCA)).

**PUBLIC NOTICE
CITY OF WEST
SACRAMENTO
REQUEST FOR
PROPOSALS FOR
MICROENTERPRISE
TECHNICAL
ASSISTANCE**

The City of West Sacramento is soliciting proposals from qualified firms to provide a series of business development workshops in both English and Spanish. The firm is expected to work as a member of a team composed of City staff, community organizations and local commercial lenders to guide eligible microenterprise business owners and persons interested in starting a microenterprise through the steps needed to access capital for business start-ups, the expansion of existing businesses or when needed to improve financial viability. All workshop attendees must be low-to-moderate income West Sacramento residents who own or want to start a Microenterprise business in West Sacramento or low-to-moderate income owners of existing Microenterprise business with a physical location in West Sacramento. The Microenterprise Technical Assistance program is funded through a grant from the Entitlement Community Development Block Grant (CDBG) program. Therefore, persons receiving services must meet the CDBG definition of a microenterprise: the owner of a business, or a person interested in starting a business, with five or fewer employees including the owner(s), whose annual household income does not exceed 80% of the Yolo County median income adjusted for family size. The business must be located within the City of West Sacramento. The Request for Proposals will be available on the City’s Procurenw website starting June 9, 2021: https://secure.procurenw.com/portal/cityofwestsacramento/projects/9860 **Proposals are only to be submitted electronically through Procurenw by 5:00 p.m., Wednesday, July 15, 2021.** Any proposals received after this final filing date and time will be automatically rejected. For more information, please contact Isaah Alford, Community Investment Specialist, at (916) 617-4555 or by email at isaaha@cityofwestsacramento.org. CIUDAD DE WEST SACRAMENTO SOLICITUD DE PROPUESTAS ASISTENCIA TÉCNICA MICROEMPRESA La ciudad de West Sacramento está solicitando propuestas de firmas calificadas para proporcionar una serie de talleres de desarrollo de negocios tanto en inglés como en español. Se espera que la firma trabaje como miembro de un equipo compuesto por personal de la Ciudad, organizaciones comunitarias y prestamistas comerciales locales para guiar a los propietarios de microempresas elegibles y a las personas interesadas en iniciar una microempresa a través de los pasos necesarios para acceder al capital para la creación de empresas, el expansión de negocios existentes o cuando sea necesario para mejorar la viabilidad financiera. Todos los participantes en los talleres deben ser residentes de bajos a moderados ingresos de West Sacramento que poseen o quieren iniciar un negocio de Microempresas en West Sacramento o propietarios de ingresos bajos a moderados de negocios existentes de Microempresa con una ubicación física en West Sacramento. El programa de Asistencia Técnica microempresa se financia a través de una subvención del programa de Programa de Subvenciones Globales para el Desarrollo Comunitario (CDBG, por sus siglas en inglés). Por lo tanto, las personas que reciben

servicios deben cumplir con la definición CDBG de una microempresa: el propietario de una empresa, o una persona interesada en iniciar un negocio, con cinco o menos empleados, incluidos los propietarios, cuyos ingresos anuales del hogar no exceden el 80% de los ingresos medios del Condado de Yolo ajustados para el tamaño de la familia. El negocio debe estar ubicado dentro de la ciudad de West Sacramento. La Solicitud de Propuestas estará disponible en el sitio web de Procurenw de la ciudad a partir del 9 de junio de 2021: https://secure.procurenw.com/portal/cityofwestsacramento/projects/9860 **Las propuestas electrónicamente a través de Procurenw antes de las 5:00 p.m., miércoles 15 de julio , 2021.** Las propuestas recibidas después de esta fecha y hora de presentación final serán rechazadas automáticamente. Para obtener más información, comuníquese con Isaah Alford, Especialista en Inversiones Comunitarias, al (916) 617-4555 o por correo electrónico a isaaha@cityofwestsacramento.org. Jun 9 nl 3308

INVITATION TO BID
Sealed proposals will be received and submitted **electronically** via the City’s e-Procurement portal and may not be delivered orally, by paper, by email, by facsimile transmission, or by any other telecommunication or electronic means. **2:00 PM local time on Wednesday, July 21, 2021**, at which time and place results will be posted and available for public review for the: **SLUDGE COLLECTORS R E P L A C E M E N T PROJECT**
The proposed work consists of the following: Replacement of the sludge collectors in recycled water basins and providing new sludge pumps and piping and other associated work shown on the Contract Documents. The sludge collectors are located at the George Kristoff Water Treatment Plant in West Sacramento, 400 North Harbor Blvd west of Highway 80. The facility was built in 1987 and several improvements have been made since. **TENTATIVE CITY SCHEDULE:**
Bid Publication **June 9, 2021**
Mandatory Pre-Bid Site Meeting **June 24, 2021**
Cutoff for Bid RFIs no later than **5 PM July 1, 2021**
Bids Due / Bid Opening no later than **2 PM July 21, 2021**
City Council Award of Contract **August 4, 2021**
Notice To Proceed (TENTATIVE) **August 18, 2021**
Mandatory Pre-Bid Site Meeting: June 24, 2021, 9 a.m.
George Kristoff Water Treatment Plant 400 N Harbor Blvd, West Sacramento, CA 95605
Project construction cost estimate: \$1,452,000.00
This is not a Federal Aid project.

1. Completion of Work: All work shall be completed within two hundred fifty (250) calendar days from the date designated on the Notice to Proceed.
2. Obtaining Contract Documents: Contract documents and plans are available for downloading free of charge through the City’s ProcureNow link at https://secure.procurenw.com/portal/cityofwestsacramento.
3. Questions: Project-specific questions must be submitted through the City’s ProcureNow link at https://secure.procurenw.com/portal/cityofwestsacramento. If appropriate, the City will post responses to Bidder questions through the ProcureNow system. The cutoff date for submittal of questions is **July 1, 2021 by 5:00 PM** local time.
4. Submission of Proposals: All proposals must be submitted not later than the date and time prescribed. The Bidder is wholly responsible to ensure its Bid is submitted on the date and at the time and place designated for the opening of bids. Any Bid received after the time and date specified shall not be considered. Any Bid may be withdrawn prior to the scheduled time for opening bids. Each Bid must conform and be responsive to this notice and must be submitted via the City’s e-Procurement portal and may not be delivered orally, by paper, by email, by facsimile transmission, or by any other telecommunication

or electronic means.
5. Bid Security: Each proposal must be accompanied by a Bid Security in the form of a cashier’s check, certified check, or Bid bond executed on the prescribed form, in an amount not less than ten percent (10%) of the total Bid price payable to the City of West Sacramento. Bidders are hereby notified that in accordance with the provisions of Public Contract Code section 22300, securities may be substituted for any monies which the City may withhold pursuant to the terms of this Contract to ensure performance.
6. Construction License: Bidder must possess a current Class “A” General Engineering Contractor’s License issued by the State of California, at the time the Bid is submitted.
7. Contractor Registration: All Bidders, and Subcontractors subject to Public Contract Code section 4104, must have registered with the California State Department of Industrial Relations pursuant to Labor Code section 1725.5 prior to submitting a bid. Furthermore, a Contractor, and all Subcontractors subject to Public Contract Code section 4104, must be registered pursuant to Labor Code section 1725.5 before entering into a contract to work on a public project.
8. Preconstruction Conference: A preconstruction conference will be convened after the Contractor has delivered the necessary bonds, insurance certificates, and signed agreement in proper form as required in the invitation to bid, Bid proposal, and general conditions of these specifications. Prior to any work, the Contractor shall provide the Engineer with a list of key personnel assigned to the project and the telephone numbers where they may be reached at any time. The list shall be made available in sufficient copies and presented at the preconstruction conference.
9. Award: The award shall be made to the lowest responsible Bidder whose proposal complies with the specified requirements. The award of the Contract will be made by the West Sacramento City Council, and the Contractor shall execute the Contract within ten (10) days after it has received the Contract from the City. The City reserves the right to waive any irregularity in the proposals. No Bid may be withdrawn for a period of sixty (60) days after the opening of bids.
10. Rejection of Bids: The City reserves the right to reject any and all bids, or to waive immaterial irregularities in any bid. Any Bid not conforming to the intent and purpose of the Contract Documents may be rejected. The City reserves the right to make all awards in the best interest of the City.
11. Disqualification of Bidder: If there is a reason to believe that collusion exists among any Bidders, none of the bids of the participants in such collusion will be considered and the City may likewise elect to reject all bids received.
12. Relief of Bidder: Attention is directed to the provisions of Public Contracts Code section 5101 and the following, concerning relief of Bidders and in particular to the requirements therein that if the Bidder claims a mistake was made in its bid, the Bidder shall give the City written notice, within five (5) days after the opening of bids of the alleged mistake, specifying in the notice, in detail, how the mistake occurred.
13. Wage Rates: Bidders are hereby notified that the California Department of Industrial Relations has determined the general prevailing rate of wages for each craft, classification, or type of worker needed to execute the work. Copies of the current schedules for prevailing wages are on file in the City’s office, and the contents of those schedules are included herein as if set forth in full. It shall be mandatory for the Contractor and any Subcontractor under it to pay not less than the said specified rates to laborers and workmen employed by them in the execution of the Contract.
14. Bonds: The successful Bidder will be required to furnish a payment bond in an amount equal to one hundred percent (100%) of the Contract price, and a faithful performance bond in an amount equal to one hundred percent (100%) of the Contract price.

Military Appreciation

Continued from page 1

rope (VE) Day commemorating the end of WWII in Europe in 1945, Children of Fallen Patriots Day and the anniversary of the death of Osama bin Laden.

Military Appreciation Day Discounts

Many locations also celebrate a specific Military Appreciation Day. Although not a nationally recognized holiday, areas use the day to hold parties and picnics in honor of their local active duty, Guard, Reserve and military veteran communities. Local businesses may offer discounts, while local sports teams may give free entrance to military families and veterans, according to Military.com.

I would like to encourage you to visit the California Veteran's Memorial California and Viet Nam War Memorial on the State Capitol grounds. This is only a short drive or nice walk from West Sacramento just across the Tower Bridge as most know. It is worth the trip. The capitol grounds are beautiful and these memorials are as impressive and I personally appreciate them. I believe you will too. I will add more photos in a future article.

Many in my family have served this country. I intend to write a future article that is very personal to me in the future. It will be an honest look at the sacrifices that my own family had made, the truth about war and how our awesome veterans have not all been appreciated and how there is much more to their sacrifices and service to this country than many understand or can comprehend.

My brother is a Viet Nam veteran who received a Bronze Star for pulling 4 of his wounded brothers to safety. He also received eight pieces of shrapnel in his body. He was nearly killed. I want to be perfectly frank about this. There was no ticker-tape parade for him and his brothers and sister upon arriving "home." He was ridiculed and spit on by those who were once his peers. My own family, even my own grandfather who came to America from Sicily where he had fought the Turks from age 17 until age 21 and who was a very proud American. All three of his sons were highly decorated war heroes in World War II, were treated as a possible enemy like so many Japanese Americans whose only crime was their nationality. My father was also in WWII. He was a crew chief who worked directly under General MacArthur and had worked on aircraft his entire career. He went to be with the Lord in 2009. He was a great man yet humble. I very rarely heard him speak of his time in the service working for Mac. I have learned many things over the last decade through my brother. I am amazed and humbled by him and have gained a much deeper understanding of his and the rest of my family's sacrifices and service. I was brought up traveling this great country. I like to say that I was brought up in the military-industrial complex. There is so much more to it. It was an awesome childhood. This story needs to be told or at least touched upon.

I would personally like to extend my gratitude and respect to all who have served and are serving our country. Your sacrifice is understood and appreciated and I honor you all. God bless you.

Yolo County Library Seeks Artist for Yolo Branch Library

Professional artists in Northern California with experience in the design, fabrication, and installation of public artworks are invited to submit qualifications and design proposals for a permanent, public art installation at the Yolo Branch Library, which serves the rural communities of Yolo, Zamora, and Dunnigan. The Library is being rebuilt and replacing the previous 100-year-old Carnegie building.

The groundbreaking for the new construction of the Yolo Branch Library is planned for July 2021 and will provide: a community room for library programs; public access computers; meeting space; adult literacy tutoring; childhood literacy programs and homework help; social activities for adults and seniors; a variety of classes; and access to community services. The project is expected to be completed in the early summer of 2022.

Three publicly accessible areas of the new facility have been identified by the Art Advisory Committee for public art enhancements within the budget guidelines of this project. These are considered the most suitable for the placement of artwork to aesthetically enhance the project for the patrons of the facility. Artist proposals can address one or all three locations. Artwork selected for the project should:

- Draw inspiration and context from the place and people of the rural communities of Yolo, Dunnigan and Zamora, which includes acknowledging the region's agricultural heritage;
- Be reflective of the library's role as a community gathering place and hub of civic engagement and education;
- Inspire discovery and the creation of new memories among a diverse and multi-generational community;
- Instill community values of respect and appreciation for the indigenous Patwin people, including their past and continued cultural contribution and preservation of the region's natural resources; and

Consider the design and architecture of the site.

A budget of \$25,600 is available for this public art project. Costs such as artist fees, fabrication, insurance, shipping, travel, installation, and documentation must remain within the maximum budget amount.

Artists will be chosen based on the following criteria:

- Outstanding innovation, creativity and originality in the development of public art;
- A history of successfully designing and implementing permanent public projects on time and within budget;
- Design excellence in past work, including originality of concept, site contact and quality of workmanship and materials, as evidence in images of completed projects;
- The ability to respond creatively and uniquely to site-specific design challenges, including the social, physical and environmental condition and challenges inherent to each project;
- Expertise in identifying and working with permanent materials appropriate for long-term use in an interior or exterior environment that is subject to varying weather conditions and heavy public access;
- Demonstrated ability to work collaboratively positively with public agencies, public review processes and community organizations;
- Ability to design art that meets the thematic, project description with artistic merit;
- Ability to meet this project timeline for creation and installation of work.

Applications must be submitted no later than Friday, July 16, 2021 at 10:59 p.m. PST through CaFE at: www.callforentry.org. No late entries, verbal quotes or facsimiles will be accepted. The complete request for qualifications and proposals is available at: <https://yoloarts.org/call-for-art/>.

A selection panel will review all artists' qualifications and design proposals and recommend a finalist and design(s) to the Yolo County Board of Supervisors for approval in September 2021. Installation of the selected artwork is expected in May 2022.

West Sac native choreographed spring 2021 dance concert at Muhlenberg College

Muhlenberg College dancers shared their creativity through movement, as the Muhlenberg Dance Program and the Muhlenberg Dance Association collaborated to present "Ephemerality: Dances In Time," a showcase for dance works created by student and faculty choreographers earlier this spring.

Many students, including Kalina Rucker of West Sacramento, joined together to make this event possible.

Rucker, a junior Theatre and Dance double-major at Muhlenberg College, and a member of Muhlenberg's tap dance team, Copacetic Rhythms, has choreographed for the spring 2021 dance concert "Ephemerality: Dances in Time," as well as for the 2020 "DanceWorks" virtual concert.

The concert marked a return to the stage for most Muhlenberg dancers; it followed April's Senior Dance Showcase as just the second live dance performance at Muhlenberg since February 2020 - and the first to feature all four class years.

"This concert is truly living up to its name on so many levels," says Randall Anthony

Photo courtesy
Kalina Rucker, of West Sacramento, helped choreograph Muhlenberg College's 'Ephemerality: Dances In Time'.

Photo by Tom Amico
Kalina Rucker played Angel Chastity in "Anything Goes," for Muhlenberg Summer Music Theatre 2019.

Smith, the concert's artistic director and faculty advisor. "The dance works hold an energy specific to the choreographers and how they connect to the construct of time - but the pieces also extend outward into the psychic spaces of the performers, as they unravel the fabric of time from their own perspective and identity."

"Ephemerality: Dances In Time" showcased the work of 12 student and three faculty choreographers, and will feature more than 60 dancers from the department's dance program, among the most highly regarded programs of its kind.

The 15 original dances feature styles inspired by con-

temporary modern, various jazz idioms, ballroom fusion, and contemporary ballet, and will include two pieces performed virtually.

As an actor and dancer, Rucker has previously performed in this season's Mnemonic Theatre Festival production of Gertrude Stein's "A List," Muhlenberg Summer

Music Theatre's "Anything Goes," and the Muhlenberg Departmental shows "The Bacchae" and "Too Much Light Makes the Baby Go Blind." Other credits include Sacramento Shakespeare Festival's "A Comedy of Errors" and St. Francis High School's "Two Gentlemen of Verona" (Proteus).

2021-22 Recommended Budget and 2020-21 Annual Report Now Available

Yolo County released its 2021-22 Recommended Budget and 2020-21 Annual Report. The Board of Supervisors will consider the recommended budget on June 15. Total expenditures for the County are recommended in the amount of \$526,245,540 with general-purpose revenues of \$86,309,117, which represents an increase of \$1,796,774 or 2.1% from the 2020-21 fiscal year-end estimated general purpose revenues. Capital expenditures are recommended at \$46,617,196. These increases are expected to be offset by slight increases in most revenues. The Recommended Budget proposes eliminating or defunding 20 full-time equivalent (FTE) positions while adding 25 FTE positions, for a net increase of 5 FTE positions. 10 FTE positions that will be added back have been vacant since 2020 and the start of the COVID-19 pandemic.

Of significant note, the County will have an infusion of approximately \$42.8 million over the next few years due to the American Rescue Plan (ARP), which is a federal stimulus plan approved by the Congress of the United States and President Biden that provides \$350

billion of stimulus funding to State and Local Governments out of the \$1.9 trillion-dollar bill. These funds are available for use and can be expended between March 2021 and December 2024. The County approved principles for the use of ARP funds in March 2021 with the direction to treat the funds as one time. Accordingly, even as ARP funding makes available significant federal resources, the County should avoid depending on it to balance the operating budget.

The Recommended Budget aligns with the Board of Supervisors Adopted Fund Balance and Reserve Policy, funds a General Fund contingency, prioritizes focus areas within the 2020-2025 Strategic Plan, and supports long-term financial planning; however, the 2021-22 fiscal year includes many known budget risks including use of a higher than normal assumption of General Fund carryforward balance. The County will be utilizing grant funds, State and Federal revenues, and numerous fees that are paid in exchange for providing requested services to the public to help offset costs.

Total unfunded liabilities continue to be of significant concern. The pension liability of \$350,245,214 has more than doubled within the last four years despite pension reform lowering the formula for new employees. This cost increase is due to changes in CalPERS' assumed investment earnings, changes in accounting methodology and revised assumptions of higher age retirement. This amount will continue to increase as CalPERS phases in a change from a 30-year amortization to a 20-year amortization for payment of the unfunded liability. The retiree health liability continues to see reductions due to the ongoing efforts of the Board-approved pre-funding plan with the most recent 2020 actuarial study showing an unfunded liability of \$65,180,000. This is down from \$153,091,000 in 2014. The road maintenance liability of \$477,000,000 has yet to be fully addressed, though SB 1 has substantively strengthened road maintenance investment in the county.

"These are unprecedented times for Yolo County. The pandemic has generated significant economic disruption and fiscal uncertainty over the past

year. At the same time, the one-time federal American Rescue Plan funds offer Yolo County a once-in-a-lifetime opportunity to make community investments to transform the county," said Interim County Administrator Daniel Kim. "To make the most of this opportunity, we plan to take a "measure twice, cut once" approach to budget development so we can more thoughtfully

consider how to make the best use of these one-time funds. This recommended budget is the product of many dedicated county staff who have produced this document largely in a remote environment, while remaining true to the "Yolo Way" of collaboration, cooperation and coordination of effort. I am grateful for the Board's long-term vision and continuous efforts to

strengthen the County's fiscal resilience."

Once adopted, the recommended budget will serve as the interim spending plan until the adopted budget hearings can be completed in September following adoption of the state budget. The 2021-22 recommended budget is available online at: www.yolocounty.org/budget-finance.

This ‘n’ That

Continued from page 1

to inattention, impulsivity, and, in my case, excessive talking. None of which endear you to teachers. Trying to impart knowledge to largely round pegs, their mission is complicated by the square ones.

Even my brother, a board certified neurologist educated at the Mayo Clinic, never suspected, nor suggested to my folks, my problems might be ADHD. Poor dad. Patience never was his long suit.

Mom remembered the day she punished me when I was 3. She said I looked at her with woeful eyes and said, “I didn’t mean to be bad.” Believe it or not, I remember that. Both of us cried. Poor mom.

My folks did a lot right, I have to say. It took a while, but I finished college. And lucked into a career that

proved great for me (TV News/journalism).

Dad’s business degree was from Ohio State. He did alright, too. At 50, he started a business, ultimately had a string of four, plus made money in the stock market. He and mom had football season tickets at Ohio State – on the 50 yard line.

When Mike completed college with a Bachelor of Science degree, I wish my parents could have been there.

Well, all that came to mind on Memorial Day as my ADHD self failed to come up with a column topic. Looking for ideas, my email subscription to neuroscience-news.com provided one.

“Breakthrough” news May 30, funded in part by the National Institutes of Health. I follow closely any brain research news – ADHD, Alzheimer’s, autism – especially news that concerns genetics. In short, this article said

one-fifth of babies who inherit a genetic variant located on chromosome 16 will develop autism spectrum disorder (ASD) by age 3. The variant is called “16p11.2 deletion.” (Variant is just another word for ‘difference’.)

A health science center in Texas is studying baby mice that have the variant. They’ve learned that such mice can’t let their mothers know they need help because they can’t call her. The research goal is defining how this difference impacts social behaviors in autistic mice when they reach puberty. Study has begun on human infants via recordings of the newborn cries of preemies.

Preterm infants have a high risk of developmental issues, including autism, say the scientists. In two or three years, they hope technology such as AI (Artificial Intelligence) will come up with ‘algo-

rithms’ for early treatment. Applied early, they believe, such treatment will improve later outcomes for autistic kids.

In a paper first published in the journal “Molecular Psychiatry,” lead researcher, Dr. Noboru Hiroi writes: “Identified in this way, infants at risk of (autism), can be given desensitization therapy so that they don’t overreact to certain cues they don’t like.” Hiroi believes the behavioral therapies can help babies learn how to cope in social situations.

Fascinating. What will molecular research discover next? To me, this feels like hope, real hope, for babies born with disordered brains – that they can, one day, achieve their full potential.

Carol Bogart welcomes comments and questions. Contact her at carol@bogartonline.com.

PHOTO COURTESY THRIFT BOOKS

I first heard of autism during a college course on ‘exceptional’ children. We were assigned this book. Today a classic on ‘play therapy’, it first published in 1964.

Extracurricular activities taught in Spanish this summer for WUSD students

For the first time ever, Washington Unified Schools are offering live, online, interest-based classes all summer long—in Spanish. You can choose a new topic each week to explore new skills or stick with the ones you already love.

Summer interest-based classes are part of a three-month session where students learn fun new skills in our immersive

environment from our incredible teachers.

Students choose topics that interest them, from cooking to guitar lessons, and take live classes each week – all online, all taught in Spanish.

Live classes are available each week, as well as a growing library of diverse on-demand classes, in June, July and August.

What do you want to learn this summer?

At 3 p.m. on Tuesday-Friday, students can develop skills in the following: Yoga, Guitar, Dancing & Singing, Gardening/Planting, Making Jewelry, Magic, Soccer, Braiding & Hair Style

At 11 a.m. and 1 p.m., Tuesdays through Fridays, students can discover the regional cuisine of Colombia, Mexico, Venezuela, Argentina,

Spain, Puerto Rico with the basics of cooking, and easy summer recipes.

At 10 a.m. and at noon, Tuesdays through Fridays, students can get into some science with Water Tricks, Foam Hacks, Flotation Hacks, Liquid Mixtures, Military Hacks, Dinosaurs, Solubility Experiments, Kitchen Science, and Color Mixing Science.

At 9 a.m. and 1 p.m., Tuesdays through Fridays, students can explore their creative side with Markers Art and Design, Charcoal Art & Drawing, Glitter Art, Pastel Art & Drawing, Crayola Art, Playdough Art, Watercolor Art, Food Art, Pencil & Paper Art.

Lastly, at noon on Tuesdays through Fridays, students can dis-

cover the culture of Bogotá, Colombia by learning about Fernando Botero Sculptures & Art, City Architecture & the Salt Cathedral, Museum of Gold and local dance, including Salsa, Merengue, Zumba, and More!
