# Causeway Celebration Centennial to be held on Saturday, May 14

By Dean Haakenson  
of "Be Brave Bold Robot"

In 1916, the Sacramento region had a party to celebrate the then recently completed, long and luxurious Yolo Causeway Bridge. Even at just two lanes wide, it was cause for celebration that a pathway now existed to allow unimpeded automobile (and, I'd imagine, the occasional horse) transportation over the Yolo Bypass floodplain. I will refrain from admonishing any perpetuated car culture less worthy of celebration, but use this sentence to encourage eschewing of the car for fun walks and productive bicycle commuting whenever possible. The causeway, widened over the years and rebuilt to what we use today in 1962, is taken for granted, but the poster they made for the event remains striking: A pleasing deep blue field behind a fantastical illustration of a floating woman and old timey cars on the causeway, blending outward into some flowery filigree. I recently discovered it and it brought me to inspiration: I'd endeavor to stage an event on the centennial of the dates reflected on the 1916 poster, "May 11-14". May 14, 2016 is a Saturday - perfect. Permission granted to have the show at the old wood infested, historical-feeling Fox and Goose Public House - Mastery. Permission granted by the California State Library to use the poster image - DISCO. Well... BORING PRE-SWING 1916 MUSIC... not quite the same ring as "DISCO", I suppose... Where was I?

Yes, History. Historical date, Historical poster, Historical building... Historical Fundraiser? YES! DO YOU KNOW that the Sacramento County Historical Society gets most all of their operational funds from viewers like you and me? Historical Society grants are few and far between, so they rely on funds raised, and make and sell those fun paperback history books with sepia photos on the covers, written by people like William Burg. Bill Burg to his friends, he's written several of those historical society commissioned history books, and some more in depth books of his own, about Sacramento, and the number of commuter trains and the population density that have both shrunk since.

Bill Burg will M.C. this show on May 14 and the funds will go to the Sacramento County Historical Society. Bill is very informative and entertaining when he holds forth historical lecture the likes of which he will in between bands on May 14.

We'll start the night with an old timey (Historical?) three piece string band, "Jimbo, Johnnie and Junior". The Stummies next will delight with poppy rock crispness. My

band Be Brave Bold Robot will storytell you some folk rock genius? (question mark inserted to simulate humility). The Dirty Feet will reunite to hold forth (good phrase, no?) "Prog-rock" with a very original flavor. And 50-Watt Heavy, renowned local "straight rock", "rough n' ready" Rock Band that everybody loves. Lyrically Historical, Historically Informative, Communally Edifying. Please come out.

## The National Beer Mile set for Saturday, May 14 at Raley Field

By Monica Stark  
editor@news-ledger.com

National Beer Mile comes to Raley Field in Sacramento on Saturday, May 14 as part of a 25-city tour and expects to include more than 120,000 participants this year.

In talking more about the event with the West Sacramento News-Ledger, Race Creator Rob Goldstein described The National Beer Mile as a one mile fun run, which includes a stop at every quarter mile to drink a beer. This is immediately followed by an after party, featuring live music, games and concessions. "We're thrilled to be able to bring this to Sacramento and Raley Field, where we anticipate 2,500 attendees," he explained.

While The National Beer Mile is all about having fun, the event does offer an elite heat for those who are super serious about their times, though the majority of our participants are doing because it's a great way to spend a Saturday with your friends. The serious runners end up somewhere in the 6-8 minute time frame, and the fun runners usually go anyway between 15-30 minutes.

"Run, walk, skip, cartwheel...there's no wrong way to participate as long as you have fun!" Goldstein said.

Looking to choose beers on the lighter side for the race portion of the event, as they are easier to drink — especially when you're on the go, for the after party, the event will feature a variety of craft beers in each market, and Goldstein said they always "look to partner with local breweries whenever possible."

Stay tuned on the final beer selection, as we will be unveiling this closer to the event!

## City of West Sacramento Agrees to Sanctions in Hazardous Waste Case

The city will provide enhanced hazardous waste training due to gaps in their existing programs Yolo County District Attorney Jeff Reisig announced on Wednesday, May 4 that Yolo County Superior Court Judge Timothy L. Fall ordered the city of West Sacramento to pay \$74,667 in costs and supplemental environmental project after

the parties reached an agreement on those terms through a stipulation. Under the court's order, the city of West Sacramento, as a generator of hazardous wastes, will train employees to recognize hazardous wastes and then to take the necessary steps in order to properly handle hazardous waste determinations at their city facilities.

The judgment is the result of an investigation into issues related to the City of West Sacramento's spill handling protocols and hazardous waste recognition capabilities during the normal operations of City facilities. Several agencies were involved in the investigation including the California Department of Toxic Substances Control, the Yolo County

Department of Environmental Health, and the District Attorney's Office.

"Appropriate employee training when handling hazardous wastes is essential and now has been enhanced at City facilities," stated Reisig in a press release. "We appreciate the cooperation of City of West Sacramento staff and their

# River City Pitcher Dominates with a No-Hitter

By: Aleia Haith

On Tuesday, April 26th, senior Austin Roberts pitched a complete-game no-hit shutout in a 6-0 win over Inderkum High School at RCHS's Baseball field, throwing a total of 97 pitches with two walks, one hit batter and did not allow a runner to reach second base.

According to varsity baseball coach Clint Brill, it is only the fourth no-hitter thrown in the history of River City/Marshall High School varsity baseball. The others pitchers being, Robert Dodd, David Trussell, and Lorenzo Pineda.

"It is an awesome feat that Austin and the team accomplished. Memory of a lifetime," said Brill.

River City jumped to a three run lead in the first inning and added two more runs in the second. The sixth run was tacked on in the bottom of the sixth when the no-hitter was starting to seem like a real possibility.

Junior catcher Kamron Johnston, who called the whole game from behind the plate, said, "I wasn't really thinking about it, I was just focused in the moment."

Coincidentally, a twelve year old Johnston was playing third base when Roberts threw a perfect game in West Sacramento Little League.

Most of the pitches Roberts was throwing were

fastballs and sliders and he recorded eleven strike outs in 7 innings. He struck out the side in the fourth inning, retiring their 3, 4 and 5 hitters.

Every no-hitter has important defensive plays that save the pitcher's effort. Johnston made a great play on a bunt down the first base line to throw Inderkum's fastest runner out by a step.

Junior second basemen Sebastian Salazar made a big league play on a ball hit sharply in the 3-4 hole. Salazar scooped it up and just had enough time for a glove flip to senior first basemen Austin Jacobs, getting a big out in the 3rd inning.

Along with their strong

defense, Roberts was able to help the team with his bat as well. He went 2-4 with two big hits to left field, knocking in 3 RBI's. Roberts is batting .577 (15-26) over his last 8 games, with 12 RBI's.

Other notable hitters in the game were senior Ryan Walstad who went 2-2, with 2 walks, a double, a triple, and 3 runs scored. Walstad has been on a hot streak, notching his 9th straight multi-hit game batting .576 (19-33) during this stretch, with 15 runs scored. Remarkably, he has reached base safely in all of River City's 18 games, has scored at least one run in 17 games, and has hit safely in 16 games.

Roberts's no-hitter and the league victory against Inderkum comes at a critical moment in the season as the Raiders are competing for a spot in the post season playoffs. It was a signature moment for Roberts whose historic career for River City is nearing its end and he moves on to pitch at Sac State on a scholarship next year.

"Thanks to my teammates and to Kameron for calling a great game. And thanks to my coaches for leaving me in the game," said Roberts.

RCHS girls' soccer varsity and junior varsity teams gather to celebrate that both squads won their league championship.

# RCHS Soccer champions on and off the field

By: RCHS Journalism Class

River City's girls varsity soccer team celebrated senior night with an impressive 14-0 win against Rio Linda on Thursday, April 28 and then followed up with a 3-0 win at River Valley in their final regular season game on Tuesday, putting an exclamation point on a season where the Raiders earned back-to-back Tri County Conference Championships with an overall record of 17-3-1 and 10-1-1 in league play.

The girls' junior varsity team also had a strong season, ending the season as league champions with a 9-1-2 record.

The Raiders' varsity team will enter the playoffs with a chance to play a home game against a lower seeded team but for the senior players, the game against Rio Linda may be the last time they compete on their home field. The win was secured with a flourish of early goals. Coach Kamal Singh subbed out each senior so that they could get special recognition from the home crowd.

"This group of seniors is a close-knit group. They are funny, outgoing, hardworking and all have huge hearts!" said Singh.

Many of the players have competed in soccer together since they were in Elementary school, tears were shed and hugs given with the realization that the end of their time together nears.

"I was really happy I got to play with them these past 4 years because we've all grown up together, but it was sad knowing that soon we'll all be branching out doing our own things. Its bitter sweet," said senior Christine Dewar.

The team had many accomplishments on the field this season including a 1<sup>st</sup> place finish in the Pitman

tournament in Turlock and a second place finish in the sixth 6<sup>th</sup> Annual Raider Cup Classic.

But perhaps what the soccer program is most proud of is the recent fundraiser that the girls' varsity and junior varsity teams held on April 16 at Whitey's Jolly Kone to raise money for the families impacted by the fatal April 11 car crash on Southport Parkway that left many in shock and disbelief.

"I felt as a soccer program we needed to come together to help our community. West Sacramento is a great city and when something so tragic happens you cannot help but feel you have to reach out and help in any way you can," said Singh.

To raise money, the team held a bake sale, selling baked goods that had been donated or made by players and their families. At the end of the day, the team had raised \$2,773 which was divided up amongst the three families that had been impacted.

"As we handed the money over to each individual family, they gave a small speech of how grateful and amazed they were to see the community come together, especially teenagers. We could tell this would be something positive we would remember for the rest of our lives and we were glad to be a part of that and make a difference," said senior Valerie Ogorodnikov.

Now that the regular season is over, the team will prepare to compete in the postseason playoffs for the second season in a row. Regardless of the outcome, this group of Raiders will have already left an impression beyond their success on the field.

"This group is more of a family, it's not just about soccer. It's what we can do for the community," said senior Jaylen Crim.

**NOTICE OF PUBLIC HEARING**  
The U.S. Department of Housing and Urban Development (HUD) has determined that the City of West Sacramento qualifies for federal Entitlement status for the receipt of Community Development Block Grant (CDBG) funding. HUD requires that Entitlement cities develop a five- year Consolidated Plan assessing the needs of low- and moderate-income residents and neighborhoods. The Consolidated Plan outlines goals for leveraging available resources to provide decent housing, a suitable living environment and expanded economic opportunities. An Annual Action Plan is also required that designates the proposed use of funds in fiscal year 2016/2017. The City anticipates receiving \$429,460 in federal CDBG funding and approximately \$100,000 in CDBG program income during fiscal year 2016/2017.

A public hearing was conducted on April 26, 2016 to receive citizen comment regarding the needs of low-income residents and goals for the Consolidated Plan and Annual Action Plan. A second public hearing to discuss needs and goals will be conducted on Tuesday, May 24, 2016 from 6:00 p.m. to 7:30 p.m. at the West Sacramento Civic Center Galleria, 1110 West Capitol Avenue, West Sacramento, CA 95691. A final public hearing will be required before the plans may be submitted to HUD for approval. In compliance with the Americans with Disabilities Act (ADA), if you need assistance to participate in these meetings, you should contact the City Clerk at (916) 617-4500. Notification 72 hours prior to the meeting will enable the City to make reasonable accommodations or to make interpreter services available to assure accessibility at the meeting. The Civic Center is handicapped accessible.

A draft Consolidated Plan and Annual Action Plan will be available for public review and comment from May 31 through June 30, 2016. The draft plans will be available at the City of West Sacramento, Economic Development and Housing Department, 1110 West Capitol Avenue, West Sacramento, CA 95691; at the West Sacramento branch of the Yolo County Library (Arthur F. Turner Library), 1212 Berkley Avenue, West Sacramento, CA 95691; and online at [www.cityofwestsacramento.org](http://www.cityofwestsacramento.org).

All CDBG funds must be used to meet one of the three CDBG National Objectives: 1. benefit to low-income persons; 2. elimination of slums and blight; or 3. urgent, emergency needs. CDBG funds may be used for a wide range of activities including public infrastructure and parks serving low-income residential neighborhood; affordable housing; public services; projects that create new jobs for low-income persons; and public facilities such as shelters, health clinics, senior centers or youth centers.

Written comments may be submitted by June 30, 2016 to: Louise Collis, Senior Program Manager, City of West Sacramento, and 1110 West Capitol Ave., West Sacramento, CA 95691. Information may be obtained, or a public file on CDBG activities may be reviewed, at the above address between the hours of 8:00 a.m. and 5:00 p.m. on weekdays. Technical assistance is available to groups representing low-income residents that are interested in requesting CDBG funds for a program or project. El Department de Vivienda y Desarrollo Urbano (HUD, por sus siglas en inglés) ha determinado que la Ciudad de West Sacramento es elegible para la asignación federal de Derecho de Recepción para recibir fondos del programa de Subsidios Globales para el Desarrollo Comunitario (CDBG, por sus siglas en inglés). HUD requiere que las ciudades con asignación de Derecho de Recepción desarrollen un Plan Consolidado de cinco años para evaluar las necesidades de los residentes y vecindarios de ingresos bajos y moderados. El Plan Consolidado establece metas para el aprovechamiento de los recursos disponibles para proporcionar una vivienda digna, un entorno de vida adecuado y expansión de oportunidades económicas. La Ciudad anticipa que recibirá \$429,460 en fondos federales CDBG y aproximadamente \$100,000 en Ingresos de Programa CDBG durante el año fiscal 2016/2017.  
Una audiencia pública se llevó a cabo el 26 de abril, 2016 para recibir comentarios de los ciudadanos con respecto a las necesidades de los residentes de ingresos bajos y los objetivos para el Plan Consolidado y el Plan de Acción Anual. Una segunda audiencia pública para discutir las necesidades y objetivos se llevará a cabo el martes 24 de mayo, 2016 de 6:00 p.m. a 7:30 p.m. en la Galería del Centro Cívico de West Sacramento, 1110 West Capitol Avenue, West Sacramento, CA 95691. Se requerirá una última audiencia pública antes de que los planes puedan ser sometidos a HUD para su aprobación. De acuerdo con la Ley sobre Estadounidenses con Discapacidades (ADA, por sus siglas en inglés), si necesita ayuda para participar en la audiencia pública comuníquese con el Secretario Municipal. Se le pide al público avisar con 72 horas de anticipación si requieren ayuda para hacer las adaptaciones razonables o servicios de interpretación disponibles para asegurar accesibilidad a la audiencia pública. El ayuntamiento es accesible a personas discapacitadas.  
El Plan Consolidado preliminar y el primer Plan de Acción Anual estará disponible para comentario público del 31 de mayo hasta el 30 de junio 2016 en la Ciudad de West Sacramento, Departamento de Desarrollo Económico y Vivienda, 1110 West Capitol Avenue, West Sacramento, CA 95691; en la sucursal de West Sacramento de la Biblioteca del Condado de Yolo (Biblioteca Arthur F. CAPTAIN AMERICA: CIVIL WAR  
*The MPAA has rated this PG-13*

Walt Disney Studios Motion Pictures and Marvel Entertainment offer the latest comic book crowd pleaser “Captain America: Civil War” from the director brothers that brought you “Captain America: Winter Soldier”, Anthony and Joe Russo. The Avengers, a group of several humans with enhanced features and specialized skills or abilities have wrought much havoc in past movies based on the Marvel comic books in which these colorful superheroes originate. This movie is really non-stop action from start to finish which is mind-bending since it is on the screen and in 3-D for a long 146 min. Among the actors turned superheroes; Chris Evans is featured in the title role repeating it from other films. He’s always fun to watch. Anthony Mackie is Falcon, Elizabeth Olsen appears as Scarlet Witch. Robert Downey, JR recreates Iron Man once more, with on ongoing parade of great movie names; Don Cheadle (War Machine), Scarlett Johansson

Black Widow), and Paul Bettany (Vision). If there is one thing that may be said for this picture, the cast is top heavy with talent. Other masters of Thespis in this comic book action opera include Jeremy Renner, Paul Rudd, Martin Freeman, Marisa Tomei, John Slattery, Alfre Woodard, William Hurt, and as our villain in this picture, Daniel Brühl (Zemo). Chadwick Boseman looks pretty sleek in his Black Panther suit in this non-stop comic book orgy of action. International sanctions on these superheroes are demanded by the United Nations following the destruction of the building in the first major action scene in the movie due to the loss of many human lives. The pressure is on to restrict the activities of the Avengers, and Captain

America wishes not to cave to these pressures. The meeting by the Avengers to discuss which side of this they will take; to conform, or go rogue, may be the calmest moment in the picture. Another fly in the ointment of this splitting of superhero ways is actor Sebastian Stan returning as The Winter Soldier, who may be programmed to follow suggestion by simply hearing a series of coded words to trigger his brainwashing. Villain Daniel Brühl most certainly manipulates him with divisive results for our heroes. I am positive that this will please Marvel Comic fans who know and love these characters and eagerly await not only for the mandatory cameo from comic book legend Stan Lee, but

linger to the end of the credit crawl to see not just one, but two separate scenes that will portend of future Marvel mayhem in current production. There are many exceedingly popular movies in this vein from both the rival comic book concerns of Marvel or DC Comics, and they all suffer one major flaw in being able to stand alone as a movie on its own merits. The producers, and majority of the audience for that matter, are sure to be invested in these stories and characters from past movies or comic books. They assume you already know all of the players. Imagine for a moment the movie patron such as myself,

who may have never read a comic book in their lives, but loves to see name talent doing what they do best. Especially if that name talent is in such a major production full of the latest movie wizardry. Thy hypothetical patron that I suggest will not have any idea of who suddenly appears in a scene, without any explanation of who or what they are. This newly introduced figures are not developed as a character within the context of the movie’s narrative, they just show up and start doing their thing, much to the delight of those in the know that have followed these stories in previous movies and or in the comic books themselves. Thus, from the perspective of a movie being a self-con-

tained narrative, this movie will not work. It assumes you know what happened before and will engage you to find out what’s next. In the process, it only dazzles with loudness, action and shiny objects over its long running time, which, with all that time, does not let the great cast have much dialog to showcase their talents. Each action is in reaction to another bit of fast paced movie wizardry. This is definitely a crowd pleaser for the fans, but what moments from this will they remember and or cherish ten years from now? In 3-D and IMAX, in Sacramento, at the Esquire IMAX Theatre. Also showing in other theatres in wide-screen 3-D presentations.

# Yolo County Jurors, Take a Bow

By Dan Maguire  
*Special to the News-Ledger*  
California’s Jury Appreciation week begins on May 8, and Yolo County’s hardworking jurors deserve special recognition. Throughout California, jurors spend countless hours in court, deciding difficult and important questions with only minimal compensation. Jurors are the unsung heroes of our justice system. Here in Yolo, our jurors work especially hard. According to the latest statistics from the California Judicial Council, available at [www.courts.ca.gov](http://www.courts.ca.gov), Yolo

County has significantly more jury trials per capita than most California counties. For the fiscal year 2013-2014, Yolo County had 144 criminal jury trials and six civil trials, while Sacramento County had 297 criminal trials and 25 civil trials during the same period. Yolo’s population is about one-seventh that of Sacramento’s, but our jury trial load is almost one half (46%) that of our much larger neighbor. We could not handle this volume of trials without our dedicated pool of jurors. Jury service represents an enormous contribution of cit-

izen resources. If each of Yolo’s 150 trials takes about 24 hours of jury time (four days, with six hours per day), for 12 jurors and two alternates, then in one year Yolo citizens devote more than 50,000 hours to jury service. And this does not count the many hours spent by prospective jurors who are summoned for duty, but do not end up serving. According to a 2007 countrywide survey by the National Center for State Courts, for every 100 persons who receive a jury summons, fewer than five are actually impaneled on a jury. The oth-

ers do not serve for a variety of reasons, including peremptory (or “no cause”) challenges by the lawyers, or resolution of the case at the last minute. For every juror who serves, there are a number of others who suffer the inconvenience of clearing their schedules in readiness for service, but who do not make it into the jury box. So the jury system takes a huge amount of our citizens’ time – is it worth it? It would be more efficient to have professionals decide cases, as is done in some European countries. But the American system of citizen-jurors

provides superior justice, and not just because 12 minds are better than one. Because of their diversity, citizen-jurors are better equipped to see cases from all angles, and to take a broad and not myopic view of the facts. A diverse group of individuals, deliberating with each other, can get closer to the truth than any one person, no matter how wise. But our system can be improved. Currently, the Governor and the Legislature are considering a proposal to reduce the number of peremptory challenges for misdemeanor or criminal offenses from ten to six, which would allow the court to summon fewer jurors. Other reforms have already been adopted, such as expedited jury trials for simple civil cases. The Yolo Superior Court is continuously looking for ways to minimize the burdens of service on our jurors. When you stop to think about it, you realize how extraordinary our jury system

is. We take citizens from all walks of life, and entrust them with some of the most sensitive and difficult questions. Jurors hold tremendous moral authority, because unlike other government actors, no one can argue that they are beholden to campaign contributors or special interests, or that they are seeking power or money. They are ordinary people doing their best to provide justice. To recognize our hard-working jurors, Yolo County Superior Court will host a reception on May 13, 2016 at 12:15 p.m. in the jury room of the courthouse, which is at 1000 Main Street in Woodland. We will celebrate with cake and a small token of our appreciation. Any Yolo County resident who has served on a jury in the last year is encouraged to attend (no RSVP required), and receive some well-deserved praise. Dan Maguire is a judge on the Yolo Superior Court.

# Free sailboat rides day on Lake Washington

By Steve Liddick

Sailing requires wind, doesn't it? But 40-knot gusts were a little too much for those who turned out for the Lake Washington Sailing Club's annual "Free Sailboat Rides Day. Still, a respectable crowd gathered to look at boats owned by the club and those stored at the site by members—and in the hope of diminished winds to allow them to get out on the water. A few brave souls did get to take a spin around the lake in one of the larger, heavier boats. The LWSC has been in operation since 1933 and holds the event to attract the general public and encourage new memberships. "It's an opportunity for the public to enjoy sailing," club Commodore Tom Heavey said. "Members don't even have to own a boat."

Indeed, the club just bought eight Sunfish sailboats which they rent to members for just five dollars a day. Several Laser sailboats have also been purchased and are expected to also eventually be put into rental service. Before the novice sailors get to take their first solo run, they have to go

through a training period. "It's an extensive course," Heavey said. "They have to learn sailing, rigging, and how to safely utilize the equipment." Part of the training includes purposely flipping the boat over in the water and righting it again. Scary to think about, but not difficult to do.

The club also encourages young people to get into sailing and sponsors high school students from Davis, Rio Americano and Jesuit. "The students train together and then they compete against each other," Heavey said.

Not all club activities involved sailing and the general public is invited to most of them: A monthly Sunday barbecue and the annual Delta Ditch Run, a regatta in early August that that takes about six hours to get from Rio Vista to the club's Lake Washington location. There is a fee to participate and the racers enjoy a barbecue at the end of the trip.

Despite heavy wind gusts, a sizable crowd turned out for the annual Lake Washington Sailing Club "Free Sailboat Rides Day." Organizers hope to add to their membership in the club that was established in 1933. Photo by Steve Liddick.

In November there is the annual "Turkey Shoot." No, turkeys are not shot, it is a sailing race. Winners get . . . you guessed it . . . turkeys. A booth was set up at the event to explain the club's functions and attractions

and to hand out membership applications. Organizers say they typically get about a dozen new members at the annual gathering. The annual membership fee is \$140 (pro-rated on a monthly basis), plus a \$50 initiation fee and a \$25

key deposit. West Sacramento residents get a discount. A single parking sticker is included. Membership also requires 12 hours of volunteer work, which could include building and boat maintenance, running a

membership booth, working a barbecue event, and many other activities. For more information and directions, check the Lake Washington Sailing Club's website at [www.LWSailing.org](http://www.LWSailing.org).

# The Corner Market

By Julia McMichael

Those of us of a certain age have fond memories of the corner store. The corner store would feature a more eclectic display of goods. Of course, there would be a candy section, but each store was unique. Unfortunately, the 15th Street Market was closed a number of years ago, but now there is a new neighborhood store much like one from the past:

Earth’s Fresh Food Market is located at Jefferson and Linden in Jefferson Plaza. It features organic fruits and vegetables, international products and even wild game jerky. I am particularly fond of the French chocolate cookies.

Sara Wampler tells me “it is like having a local fresh fruit stand in the neighborhood.”

In fact, the owner, Tim Shquti, also owns the Yolo Fruit Stand in Davis. Sara tells me that she particularly likes “the honeys, jams, teas and selection of olive oils.” There are also Mediterranean type dry goods from Greece and Croatia.

When I spoke to the store’s owner, he was enthusiastic about the Southport neighborhood. “It is very diverse and international,” he told me. “It is also very safe; a very nice neighborhood which is why I located here in June of 2010.” “We specialize in California grown products; good produce and vegetables.”

“Since there are Russians and mid-easterners and other international residents, we try to have a good selection of foreign products as well and we are very price competitive.”

“I like the personal touch; they greet you when you come in,” Sara told me. The owner told me that he particularly likes his customers. Just after he invested in the store and also opened a small cafe, the economy crashed. His Eagle Cafe is now owned by Lenise for the past two years. He says the market is doing OK; ‘but it could be better.’ He is committed to the store for the next two years, at least. If you are looking for unique products, an international store with fresh produce and a friendly staff is just down the street. The market is open daily from eight to eight and is located at 3170 Jefferson Blvd. For more information, call 617-2303.

## Rest stop to be added to Clarksburg Branch Line Trail

The West Sacramento City Council approved a partnership between the City of West Sacramento and Assemble Sacramento to initiate a pilot project to develop the Clarksburg Branch Line Trail Rest Stop at the April 20 council meeting.

According to background information provided to the council prior to the meeting, Assemble Sacramento is made up of a small group of Sacramento Region community leaders who share a vision of activating currently underutilized public spaces that, for a reasonable investment of time and money would yield a significant gain in community place making.

The group approached the city of West Sacramento requesting they test this concept using a fundraising approach (corporate fundraising, community crowd-funding, and perhaps public money) and

combine it with a collaborative implementation approach (partnering with the city, integrating community volunteer groups, and finding unique partners) not just to plan and fundraise for each space, but actually build permanent community places. Its civic participation meets P3 collaboration meets tactical urbanism. Long-term, and learning from the pilot, the group would look to build on the platform and tackle additional projects in the region - with the goal of turning the pilot project into a nonprofit.

The initial project is to design and build a small rest area that can serve as a gateway to the Clarksburg Branch Line trail and create a community asset/amenity that will serve as a convening place for community members and visitors. The proposed site is 1.14 acres and is owned

by the City of West Sacramento and adjacent to the Southport Town Center along the Clarksburg Branch Line Trail between Lake Washington Boulevard and Linden Road. Assemble Sacramento believes the proposed site has tremendous potential and would require a minimal investment of time and money in order to activate. The proposed space could include a decomposed granite base with picnic tables, a hydration station, community board, bike parking, horse parking and hydration, and potentially a shade structure. The group is also considering including an active play amenity such as bocce ball and incorporating an urban farm and farm stand in partnership with the Center for Land Based Learning.

Upon receiving partnership approval from the City of West Sacramento City

Council, Assemble Sacramento will launch an online web campaign to raise money for the project. Assemble Sacramento also has developed a target list of corporate sponsors and has begun scheduling meetings to discuss the project. The goal is to raise between \$50,000 - \$75,000 over the next 6 months to cover the costs of the project. Once the fundraising effort is completed, Assemble Sacramento would write a check to the city and work with city staff to host a “build day” that would allow volunteers to join in on building the amenity. Initial estimates are that the equipment would cost roughly \$50,000, with any additional money raised going to the city to cover long term maintenance of the site.
