City Posts Update On 5th Street Roadwork

By Michele Townsend

WEST SACRAMENTO (MPG) - The City of West Sacramento has released an update on the Riverfront Street Extension and 5th Street Widening Project. The much needed improvement of the section of 5th street is located between 15th Street and the Hwy

50 off-ramp. Anybody who drives that route is familiar with the condition of that section of road, the narrowing and traffic congestion that occurs right there.

The existing road was questionable for cars, but downright dangerous for bicyclists and pedestrians. The improvement

project is intended to change that. The City of West Sacramento posted on their website that the Riverfront Street Extension Project is continuing to make progress. A recap of the major items completed last month include: installing drainage facilities along 5th Street and the US-50 onramp, asphalt and

pavement along portions of 5th Street, US-50 onramp and Universal Street. The streetlights are energized on 5th Street. The sidewalk has been completed on 5th Street and Riverfront Street striping on 5th Street.

They post that the next stages of construction towards project completion include: US-50 onramp

Yolo County Disability Voting Rights Week Declared by Board of Supervisors

**Yolo County
News Release**

WOODLAND, CA (MPG) - The Yolo County Board of Supervisors passed a Resolution on September 12, 2023, proclaiming September 11-15th as Disability Voting Rights Week.

“We are proud to say Yolo County is the first county in the State of California to take part in the American Association of People with Disabilities’ national, nonpartisan initiative,” said Jesse Salinas, Yolo County Registrar of Voters.

Disability Voting Rights Week brings attention to registering and educating voters about aspects of the voting process that affect people with disabilities. The 2021 American Community Survey estimates almost 20,000 voting-age residents with disabilities live in Yolo County. The Center for Disease Control (CDC) estimates that most Americans at some point in their lives will either have a disability or know someone who has one.

At the Board of Supervisors Meeting, Kate Laddish, a member of the Yolo County Voting Accessibility Advisory Committee (VAAC) presented. Laddish is also the chair of the of the Yolo County In-Home Supportive Services Advisory Committee and a co-founder and steering committee member of the nonpartisan civic engagement group, Democracy Winters.

“Accommodations are not a one-size-fits-all-disabilities thing. We must take into consideration challenges experienced by, and accommodations for, people with mobility disabilities; people with blindness, low vision, or other vision disabilities; people who are Deaf or hard of hearing; people with cognitive disabilities; people with speech, language, sensory, and learning disabilities; people with mental

Residents have enjoyed the Tree Top Sac of Heritage Oaks Park ropes course. Photo courtesy of City of West Sacramento

City of West Sacramento

WEST SACRAMENTO, CA (MPG) - The City of West Sacramento has been a proud partner with Kletterwald USA to offer the fantastic ropes course at Heritage Oaks Park. Due to rising costs associated with insurance premiums, we regret to inform the community that Tree Top Sac is closed, effective September 18, 2023. "Tree Top Sac was faced with many challenges over the years including COVID-19, air quality closures due to wildfires and unprecedented storms. Despite making it through these obstacles, it was the rise in insurance premium costs that were not sustainable for our small business to endure," said Kletterwald USA co-founder KALE WISnia. "We appreciate the partnership we have with the City and are grateful for the years of support from

the community." The partnership between the City and Kletterwald began in 2016, and the ropes course opened for business in January of 2020. An estimated 20,000 visitors and residents enjoyed the facility throughout its operation. "Over the years, the ropes course has become a place for locals and the surrounding community to experience the Heritage Oaks trees, offering a unique travel destination in West Sacramento. We are saddened to see the ropes course close, despite our effective partnership and ongoing efforts to preserve this amenity," said Kate Smith, City of West Sacramento Parks and Recreation Director. "We know this was difficult for Tree Top Sac and we understand the impact that rising insurance premiums have had throughout California." ★

Permanent Watering Schedule Saves Millions of Gallons

City of West Sacramento

WEST SACRAMENTO, CA (MPG) - In June of 2022, the City Council adopted a permanent watering schedule limited to three days per week. Since that time, residents and businesses have saved more than half a billion gallons of water, compared to 2020 usage. Currently, savings stand at 635 million gallons of water! "Outdoor irrigation can be intimidating and complicated," said Water Conservation Coordinator Ryan Burnett. "With the clarity and simplicity of the watering schedule, residents and businesses have reduced their water use without sacrificing their landscapes." Staff has provided extensive outreach and education on this new requirement. Postcards were sent to every property and targeted outreach was delivered to schools, HOAs, businesses and landscape professionals, in

Compromise Settles Dispute Over Status Of Franchises In Fast Food Industry

By Dan Walters, CALMatters.org

In some ways, the most interesting — and perhaps most significant — event of the 2023 legislative session’s closing days was a compromise agreement on state oversight of the fast food industry.

Last year, unions pushed through legislation that would have created a new state commission to set wages and working conditions in the industry.

Inferentially, the legislation set aside the industry’s franchise system and treated local outlets of as merely branches of their corporate franchisors.

While the wage increases that would have resulted garnered most of the media attention, erosion of the franchise model was most worrisome aspect to the fast-food corporations and their franchisees.

Immediately, big guns in the industry pledged tens of millions of dollars for a campaign to challenge the legislation via a referendum that qualified to go before voters in 2024.

The Legislature’s response was entertaining another bill that would have doubled down on attacking the franchise model by making corporate franchisors legally responsible for labor law violations in their franchisees’ fast-food outlets.

With the outcome of the referendum election in doubt, the long-warring factions began negotiating and last week a bargain was struck.

The 2022 legislation would be repealed, the 2023 legislation would be scuttled and a substitute for both would retain the fast-food council, but alter its membership slightly, limit its authority to set wages and working conditions, provide a new \$20 per hour minimum wage for fast food workers, prohibit local efforts to affect wages, and remove threats to the franchise model.

Like all legislative compromises, this one, written into Assembly Bill 1228, had something for everyone but didn’t give every stakeholder everything it wanted.

“For the last decade, fast-food cooks, cashiers and baristas in California have been sounding the alarm on the poverty pay and unsafe working conditions plaguing our industry,” Ingrid Vilorio, a fast-food union leader, said in a statement. “We have always known that to solve these problems, we need a seat at the table with our employers and the power to help shape better rules across our industry.”

“It provides meaningful wage increases for workers, while at the same time eliminates more significant — and potentially existential — threats, costs, and regulatory burdens targeting local restaurants in California,” International Franchise Association CEO Matt Haller said in a statement.

Haller’s statement hints that on balance, it appears that given the

circumstances, the fast-food industry’s big players, such as McDonald’s, came out ahead, although their franchisees will feel whatever financial pinch ensues.

The \$20 minimum wage is only slightly over what, on average, fast food workers are being paid now, the industry having boosted wages sharply in the last few years in an effort to fully staff the outlets. Current California fast food wages average \$19 an hour.

More significantly, the agreement protects the franchise system’s assumption that the operators of fast-food outlets are independent businesspersons who invest their money and are fundamentally responsible for hiring, training, paying and sometimes firing their workers.

Had state regulation of fast-food wages and working conditions survived as originally proposed, with franchisees indirectly considered to be merely branch managers rather than entrepreneurs, it could have undermined franchising in other consumer industries.

Union leaders much prefer to deal with large scale sectors rather than individual employers in both organizing workers and negotiating contracts. The recently ratified labor contract affecting every West Coast port is an example of sector-wide negotiations, as is the current standoff over a new auto industry contract.

Cracking the fast-food franchise system would have been a big step in that direction.

Dan Walters has been a journalist for more than 60 years, spending all but a few of those years working for California newspapers. ★

The total amount of the unpaid balance of the obligation secured by the property to be sold and reasonable estimated costs, expenses and advances at the time of the initial publication of the Notice of Sale is: \$ 807,616.52. Note: Because the Beneficiary reserves the right to bid less than the total debt owed, it is possible that at the time of the sale the opening bid may be less than the total debt. If the Trustee is unable to convey title for any reason, the successful bidder's sole and exclusive remedy shall be the return of monies paid to the Trustee, and the successful bidder shall have no further recourse. The beneficiary of the Deed of Trust has executed and delivered to the undersigned a written request to commence foreclosure, and the undersigned caused a Notice of Default and Election to Sell to be recorded in the county where the real property is located. NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear

ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on this property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call (866)-960-8299 or visit this Internet Web site https://www.altisource.com/loginpage.aspx using the file number assigned to this case 2022-01250-CA. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. NOTICE TO TENANT: You may have a right to purchase this property after the trustee auction, if conducted after January 1, 2021, pursuant to Section 2924m of the California Civil Code. If you are an "eligible tenant buyer," you can purchase the property if you match the last and highest bid placed at the trustee auction. If you are an "eligible bidder," you may be able to purchase the property if you exceed the last and highest bid placed at the trustee auction. There are three steps to exercising this right of purchase. First, 48 hours after the date of the trustee sale, you can call (866)-960-8299, or visit this internet website https://www.altisource.com/loginpage.aspx, using the file number assigned to this case 2022-01250-CA to find the date on which the trustee's sale was held, the amount of the last and highest bid, and the address of the trustee. Second, you must send a written notice of intent to place a bid so that the trustee receives it no more than 15 days after the trustee's sale. Third, you must submit a bid, by remitting the funds and affidavit described in Section 2924m(c) of the Civil Code, so that the trustee receives it no more than 45 days after the trustee's sale. If you think you may qualify as an "eligible tenant buyer" or "eligible bidder," you should consider contacting an attorney or appropriate real estate professional immediately for advice regarding this potential right to purchase. REGULAR AGENDA

- Public Hearing Regarding Tentative Parcel Map for a Subdivision on West Capitol Avenue (Lee/Tilley)**
This item is a public hearing regarding the consideration of a tentative parcel map to divide one existing ±5-acre parcel into two parcels sized ±2.96 and ±2.04 acres. The existing ±5-acre parcel is split into two zoning designations, Light Industrial (M-1) and Mixed-Use Corridor (MU-C) within the West Capitol Avenue Design Guideline Area at 2528 - 2529 West Capitol Ave (APN: 067-190- 008-000). The proposed subdivision would split the parcel along the boundary of the two different zoning designations. The proposed northern parcel is vacant, and the proposed southern parcel is currently utilized by the DMV on a long-term lease. The tentative parcel map is being requested as the property owners frequently receive inquiries from prospective buyers interested in developing the Northern portion of the property, but the owner has no interest in selling the entire property. This application proposes no development at this time. Applicant: JTS Engineering Consultants. Owner: Matt Franich Enterprises Trust, B-1 and B-2.
- Public Workshop Regarding Annual Zoning Code Amendments (Berumen)**
The Planning Commission will conduct a public study session on proposed revisions to amend various sections of Title 17 (Zoning) of the Municipal Code. No formal action will be taken by the Planning Commission at this time.

David W. Tilley, Secretary
West Sacramento Planning Commission

If you disagree with the decision of the Planning Commission, you have a right of appeal. Social Security Matters

Will Opening a Joint Account Affect My Disabled Father’s “SSI?”

By Russell Gloor, AMAC Certified Social Security Advisor

Dear Rusty: I live in Michigan and my senior disabled father lives in rural Kentucky. His income is part Social Security and part disability. I talked to a local credit union near his home and explained I would like to open a joint account. They said as long as he comes in with his ID it’s possible. My question is - will adding money to our joint account affect his SSI and disability? **Signed: Caring Daughter**

Dear Caring Daughter: First, I need to clarify that there are two types of disability programs administered by the Social Security Administration – Social Security Disability Insurance (SSDI), and Supplemental Security Income (SSI). The acronym “SSI” normally refers to “Supplemental Security Income” which is a benefit for disabled senior adults (and children) who have very little income and very few assets. “SSI” is not Social Security income; rather it is a general benefit program jointly administered by the Social

Security Administration and the State in which your father lives. In contrast, Social Security Disability (SSDI) benefits are earned from working and are not affected by the recipient’s assets, as are “SSI” benefits.

From what you’ve written, I assume that your father may have a small Social Security retirement benefit (because he has reached his full retirement age and SSDI isn’t available after full retirement age), and he is also receiving Supplemental Security Income (SSI) disability benefits. If this is the case, although your father’s Social Security retirement benefit would not be affected by opening a joint account at the credit union, his Supplemental Security Income (SSI) disability benefit likely will be. As co-owner of the joint account your assets would count towards your father’s “SSI” asset limit, and your assets, as well as any “in kind” assistance you otherwise provide, would likely put your father over the SSI income/asset eligibility limit and result in his SSI benefits being terminated.

So, although the credit union may be willing to open a joint account for you and your father, I’m afraid that would result in your father losing his SSI (Supplemental Security Income) benefits, leaving him with only his small Social Security retirement benefit. You may wish to review the SSI

eligibility information at this link: www.ssa.gov/ssi/eligibility or you could contact the Social Security Administration and ask to speak with someone experienced with Supplemental Security Income matters. For clarity, “SSI” assistance is jointly administered by the Social Security Administration and each State’s Human Services department, and assistance available varies somewhat depending on the recipient’s state of residence. Thus, since your father lives in Kentucky, you might also contact that state’s human services agency to discuss your options for providing remote assistance to your father without jeopardizing his Supplemental Security Income (SSI) benefit: www.chfs.ky.gov/Pages/contact.aspx.

CHP Focused on Safe, Secure Rides for Children

Every year, thousands of child passengers, ages 13 and younger, are injured or killed in motor vehicle crashes in California. Do your part to be a responsible parent or driver. Photo courtesy of the California Highway Patrol

CHP News Release

SACRAMENTO, CA (MPG) - The California Highway Patrol (CHP) is dedicating the third week of September to ensuring California's youngest motor vehicle passengers are safe and secure while traveling on the state's roadways.

CHP is celebrating National Child Passenger Safety Week. The week serves as an opportunity to educate and encourage parents and caregivers to make certain that every child is properly restrained for every trip, facing the correct direction, and in the correct safety seat for their age and size.

"Child safety seats, when correctly installed, afford the best protection for infants and young children," said CHP Commissioner Sean Duryee. "The CHP has trained Child Passenger Safety Technicians available in communities throughout the state, who offer parents and caregivers free, one-on-one instruction and car seat installation to help achieve the best fit for their child."

Motor vehicle traffic crashes are the leading cause of death of children in the United States. According to the Centers for Disease Control and Prevention, in 2021, 711 child passengers ages 12 and younger were killed in motor vehicle crashes in the United States, and in 2020 more than 63,000 were injured. Of the children who were killed in a crash, 36 percent were not buckled up. These deaths can be avoided. According to the National Highway Traffic Safety Administration, child safety seats have been shown to reduce fatal injury by 71% for infants (under the age of 1) and by 54% for toddlers (1-4 years old).

The CHP has trained thousands of uniformed and nonuniformed personnel to be Child Passenger Safety (CPS) Technicians since the program began in 1999. CHP CPS

Technicians provide safety seat inspections, education, and hands-on training for parents and caregivers year-round.

If you are not confident how to properly secure your child in a safety seat, contact your local CHP Area office, and ask to speak with a child passenger safety technician. Visit www.chp.ca.gov/find-an-office to locate a local CHP Area office anywhere in California.

California law requires children under the age of two, weighing less than 40 pounds or below 40 inches tall, ride in a rear-facing car seat. All children under the age of eight must ride in the back seat in an age-appropriate safety seat. Additionally, it is recommended that all children 13 and under should ride in the back seat. For more information about child passenger safety, visit the CHP Child Safety Seat Programs.

The mission of the CHP is to provide the highest level of Safety, Service, and Security.

Meals on Wheels Seeks Volunteers

By Tamara Warta

SACRAMENTO REGION, CA (MPG) - When COVID-19 hit our world, many businesses and organizations were paused or shut down completely, never to reopen. For some that were fortunate enough to survive, bouncing back after such an event hasn't been simple. While the shutdowns may now seem like ancient history to many people, non-profit organizations in particular are still recovering. One such local group is Meals on Wheels by ACC Senior Services.

Meals on Wheels is a well-known national organization, and locally it's quite known as well. The group helps keep seniors in their homes and communities by providing nutritious meals, safety net services, social

contact, and community resource information. Sacramento Valley's Meals on Wheels division alone is home to 126 routes that deliver meals all throughout the region – stretching all the way out through the delta, as well as 13 congregate programs where seniors can go eat at a cafe and socialize.

According to Michelle Bustamante, the operations manager of the Sacramento Meals on Wheels division, they adjusted during the pandemic by switching from hot delivered meals to frozen meals that arrived with little to no face-to-face contact. And now, they are aiming to work their way back up to their full meal distribution services pre-pandemic.

"We need volunteer drivers," said Bustamante.

"We are still looking to convert four routes back [to hot meals with face-to-face contact] and need drivers."

Meals on Wheels also has several programs outside of its home meal delivery service. All Seasons Cafe is an in-person restaurant-style space.

"It is for people who are more mobile and can get out and want to go have lunch with peers," Bustamante explained. "It's an opportunity for them to socialize."

While All Seasons Cafe currently has 13 locations, they are looking for one more. Meals on Wheels currently does not have a Citrus Heights location. They are urgently seeking anywhere with a commercial kitchen and enough space for seniors to congregate. These cafes typically take place

in community centers, senior centers, or in senior apartment complexes. With each lunch hosting 20-90 folks each meal, Bustamante hopes to raise awareness of the need and find a willing partner so they can serve the seniors of Citrus Heights.

With the holidays quickly approaching, Meals on Wheels will also again host Project Warm Wishes, which distributes gifts to seniors served by their organization. Both fun and functional items are appreciated, including toiletries, small household items, blankets, gloves, and amusements like adult coloring books and magazines.

"We just want to make sure those people know that they're not forgotten and are cared for," Bustamante said about the holiday project, which is completely delivered by volunteers.

Project Warm Wishes starts in mid-October and donations are accepted through December 8. Used items are not

accepted, but brand-new donations are enthusiastically welcomed.

One other very special program operated by Meals on Wheels? Animeals. Through this, they deliver food to roughly 200 cats and dogs throughout Sacramento County. After it was discovered that some home-bound seniors were sharing their meals with their animals to get by, the group realized the need and took action. Most of the pet food or the funding for the program are donated.

"Pets are more than just animals – they are family to many of our seniors," says Bustamante.

From cafe workers to route drivers, all of Meals on Wheels' volunteers receive a background check and go through a training program. When Bustamante asked how volunteers are chosen and implemented, she mentioned that both individuals and groups like churches and service clubs apply. The goal is to

plug people in where their heart is.

"The initial onboarding is done online nowadays, and we meet up with a volunteer and find out what their availability is and what they would like to get out of volunteering."

Volunteers are greatly needed at Meals on Wheels in Sacramento, and any adult with a passion to help can get involved. While help for the organization comes through various sources including Community Block Grants, city funding, private donors, and the Agency on Aging (Area 4), volunteers are still very difficult to find at times.

Meals on Wheels currently has a waitlist for seniors needing services, and the more volunteers they can train and recruit, the smaller that waitlist gets. Those hoping to get involved can contact Michelle Bustamante at (916) 444-9533 or by emailing mbustamante@mowsac.org
